SECTION

- A. Enacting clause.
 137.115. Real and personal property, assessment — maintenance plan — assessor may mail forms for personal property — classes of property, assessment — physical inspection required, when, procedure — mine property assessment.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 137.115, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 137.115, to read as follows:

137.115. REAL AND PERSONAL PROPERTY, ASSESSMENT — MAINTENANCE PLAN — ASSESSOR MAY MAIL FORMS FOR PERSONAL PROPERTY — CLASSES OF PROPERTY, ASSESSMENT — PHYSICAL INSPECTION REQUIRED, WHEN, PROCEDURE — MINE PROPERTY ASSESSMENT. — 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real

property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

- (1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and
- (2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:
 - (a) Such sale was closed at a date relevant to the property valuation; and
 - (b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision [(6)] (5) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(1) For real property in subclass (1), nineteen percent;

(2) For real property in subclass (2), twelve percent; and

(3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used

Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

15. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the

provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

16. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 15 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

17. Any portion of real property that is available as reserve for strip, surface, or coal mining for minerals for purposes of excavation for future use or sale to others that has not been bonded and permitted under chapter 444 shall be assessed based upon how the real property is currently being used. Any information provided to a county assessor, state tax commission, state agency, or political subdivision responsible for the administration of tax policies shall, in the performance of its duties, make available all books, records, and information requested, except such books, records, and information as are by law declared confidential in nature, including individually identifiable information regarding a specific taxpayer or taxpayer's mine property. For purposes of this subsection, "mine property" shall mean all real property that is in use or readily available as a reserve for strip, surface, or coal mining for minerals for purposes of excavation for current or future use or sale to others that has been bonded and permitted under chapter 444.

515.510. COURT AUTHORIZED TO APPOINT RECEIVER, WHEN, PROCEDURE. — 1. To the extent the appointment of a receiver is not otherwise provided for pursuant to sections 49.555, 82.1026, 91.730, 198.099, 257.450, 276.501, 287.360, 287.875, 351.498, 351.1189, 354.357, 354.480, 355.736, 369.354, 370.154, 375.650, 375.954, 375.1166, 375.1176, 379.1336, 379.1418, 382.409, 393.145, 407.100, 425.030, 441.510, 443.893, 513.105, 513.110, 521.310, 537.500, 630.763, or any other statute providing for the appointment of a receiver or administration of a receivership estate in specific circumstances, the court or any judge thereof in vacation, shall have the power to appoint a receiver, whenever such appointment shall be deemed necessary, whose duty it shall be to keep and preserve any money or other thing deposited in court, or that may be subject of a tender, and to keep and preserve all property and protect any business or business interest entrusted to the receiver pending any legal or equitable action concerning the same, subject to the order of the court, including in the following instances:

(1) In an action brought to dissolve an entity the court may appoint a receiver with the powers of a custodian to manage the business affairs of the entity and to wind up and liquidate the entity;

(2) In an action in which the person seeking appointment of a receiver has a lien on or interest in property or its revenue-producing potential, and either:

(a) The appointment of a receiver with respect to the property or its revenue-producing potential is necessary to keep and preserve the property or its revenue-producing potential or to protect any business or business interest concerning the property or its revenue-producing potential; or

(b) The appointment of a receiver with respect to the property or its revenue-producing potential is provided for by a valid and enforceable contract or contract provision; or

(c) The appointment of a receiver is necessary to effectuate or enforce an assignment of rents or other revenues from the property;

(3) After judgment, in order to give effect to the judgment, provided that the party seeking the appointment demonstrates it has no other adequate remedy to enforce the judgment;

(4) To dispose of property according to provisions of a judgment dealing with its disposition;

(5) To the extent that property is not exempt from execution, at the instance of a judgment creditor either before or after the issuance of any execution, to preserve or protect it, or prevent its transfer;

(6) If and to the extent that property is subject to execution to satisfy a judgment, to preserve the property during the pendency of an appeal, or when an execution has been returned unsatisfied, or when an order requiring a judgment debtor to appear for proceedings supplemental to judgment has been issued and the judgment debtor fails to submit to examination as ordered;

(7) Upon attachment of real or personal property when the property attached is of a perishable nature or is otherwise in danger of waste, impairment, or destruction or where a debtor has absconded with, secreted, or abandoned the property, and it is necessary to collect, conserve, manage, control, or protect it, or to dispose of it promptly, or when the court determines that the nature of the property or the exigency of the case otherwise provides cause for the appointment of a receiver;

(8) In an action by a transferor of real or personal property to avoid or rescind the transfer on the basis of fraud, or in an action to subject property or a fund to the payment of a debt;

(9) In an action against any entity if that person is insolvent or is not generally paying the entity's debts as those debts become due unless they are the subject of bona fide dispute;

(10) In an action where a mortgagee has posted and the court has approved a redemption bond as provided pursuant to section 443.440;

(11) If a general assignment for the benefit of creditors has been made;

(12) Pursuant to the terms of a valid and enforceable contract or contract provision providing for the appointment of a receiver, other than pursuant to a contract or contract provision providing for the appointment of a receiver with respect to the primary residence of a debtor who is a natural person;

(13) To enforce a valid and enforceable contractual assignment of rents or other revenue from the property; and

(14) To prevent irreparable injury to the person or persons requesting the appointment of a receiver with respect to the debtor's property.

2. A court of this state shall appoint as receiver of property located in this state a person appointed in a foreign jurisdiction as receiver with respect to the property specifically or with respect to the debtor's property generally, upon the application of the receiver appointed in the foreign jurisdiction or of any party to that foreign action, and following the appointment shall give effect to orders, judgments, and decrees of the court in the foreign jurisdiction affecting the property in this state held by a receiver appointed in the foreign jurisdiction, unless the court determines that to do so would be manifestly unjust or manifestly inequitable. The venue of such an action may be any county in which the debtor resides or maintains any office, or any county in which any property over which a receiver is to be appointed is located at the time the action is commenced.

3. At least seven days' notice of any application for the appointment of a receiver shall be given to the debtor and to all other parties to the action in which the request for appointment of a receiver is sought, and to all other parties in interest as the court may require. If any execution by a judgment creditor or any application by a judgment creditor for the appointment of a receiver with respect to property over which the appointment of a receiver is sought is pending in any other action at the time the application is made, then notice of the application for the receiver's appointment also shall be given to the judgment creditor in the other action. The court may shorten or expand the period for notice of an application for the appointment of a receiver upon good cause shown.

4. The order appointing a receiver shall reasonably describe the property over which the receiver is to take charge, by category, individual items, or both if the receiver is to take charge of less than substantially all of the debtor's property. If the order appointing a receiver does not expressly limit the receiver's authority to designated property or categories of property of the owner, the receiver shall be deemed a general receiver with authority to take charge over all of the debtor's property, wherever located.

5. The court may condition the appointment of a receiver upon the giving of security by the person seeking the appointment of a receiver, in such amount as the court may specify, for the payment of costs and damages incurred or suffered by any person should it later be determined that the appointment of the receiver was wrongfully obtained.

6. The appointment of a receiver is not required to be relief ancillary or in addition to any other claim, and may be sought as an independent claim and remedy.

7. Sections 515.500 to 515.665 shall not apply to persons or entities who are, or who should be, regulated as public utilities by the public service commission.

515.515. GENERAL AND LIMITED RECEIVERS. — A receiver shall be either a general receiver or a limited receiver. A receiver shall be a general receiver if the receiver is appointed to take possession and control of all or substantially all of a debtor's property and provided the power to liquidate such property. A receiver shall be a limited receiver if the receiver is appointed to take possession and control of only limited or specific property of a debtor, whether to preserve or to liquidate such property. A receiver appointed at the request of a person having a lien on or interest in specific property that constitutes all or substantially all of a debtor's property may be either a general receiver or a limited receiver. The court shall specify in the order appointing a receiver whether the receiver is appointed as a general receiver or as a limited receiver. The court by order, upon notice and a hearing, may convert either a general receiver into a limited receiver or a limited receiver into a general receiver for good cause shown. In the absence of a clear designation by the court of the type of receiver appointed, whether limited or general, the receiver shall be presumed to be a general receiver and shall have the rights, powers, and duties attendant thereto.

515.520. NOTICE OF APPOINTMENT, CONTENT. — 1. Upon entry of an order appointing a receiver or upon conversion of a limited receiver to a general receiver pursuant to section 515.515 and within ten business days thereof, or within such additional time as the court may allow, the receiver shall give notice of the appointment or conversion to all parties in interest, including the secretary of state for the state of Missouri, and state and federal taxing authorities. Such notice shall be made by first class mail and proof of service thereof shall be filed with the court. The content of such notice shall include:

- (1) The caption reflecting the action in which the receiver is appointed;
- (2) The date the action was filed;
- (3) The date the receiver was appointed;
- (4) The name, address, and contact information of the appointed receiver;
- (5) Whether the receiver is a limited or general receiver;
- (6) A description of the estate property;
- (7) The debtor's name and address and the name and address of the attorney for the debtor, if any;
- (8) The court address at which pleadings, motions, or other papers may be filed;
- (9) Such additional information as the court directs; and
- (10) A copy of the court's order appointing the receiver.

2. A general receiver shall also give notice of the receivership by publication in a newspaper of general circulation published in the county or counties in which estate property is known to be located once a week for three consecutive weeks. The first notice shall be published within thirty days after the date of appointment of the receiver. The notice of the receivership shall include the date of appointment of the receiver, the name of the court and the action number, the last day on which claims may be filed, if established by the court, and the name and address of the debtor, the receiver, and the receiver's attorney, if any. For purposes of this section, all intangible property included as estate property is deemed to be located in the county in which the debtor, if a natural person, resides, or in which the debtor, if an entity, maintains its principal administrative offices.

3. The debtor shall cooperate with all reasonable requests for information from the receiver for purposes of assisting the receiver in providing notice pursuant to subsection 1 of this section. In the court's discretion, the failure of such debtor to cooperate with any reasonable request for information may be punished as a contempt of court.

515.525. REPLACEMENT OF RECEIVER, WHEN. — Except as provided in sections 515.500 to 515.665 or otherwise by statute, any person, whether or not a resident of this

state, may serve as a receiver. A person may not be appointed as a receiver, and shall be replaced as receiver if already appointed, if it should appear to the court that the person:

(1) Has been found guilty of a felony or other crime involving moral turpitude or is controlled by a person who has been convicted of a felony or other crime involving moral turpitude;

(2) Is a party to the action, or is a parent, grandparent, grandchild, sibling, partner, director, officer, agent, attorney, employee, secured or unsecured creditor or lienor of, or holder of any equity interest in, or controls or is controlled by, the debtor, or who is the agent, affiliate, or attorney of any disqualified person;

(3) Has an interest materially adverse to the interest of persons to be affected by the receivership generally; or

(4) Is a sheriff of any county.

515.530. BOND REQUIREMENTS. — Except as otherwise provided for by statute or court rule, before entering upon duties of receiver, a receiver shall execute a bond with one or more sureties approved by the court, in the amount the court specifies, conditioned that the receiver will faithfully discharge the duties of receiver in accordance with orders of the court and state law. Unless otherwise ordered by the court, the receiver's bond runs in favor of all persons having an interest in the receivership proceeding or property held by the receiver and in favor of state agencies.

515.535. RECEIVER TO HAVE POWERS AND PRIORITY OF CREDITOR. — As of the time of appointment, and subject to the provisions of subdivision (3) of subsection 3 of section 515.575, the receiver shall have the powers and priority as if it were a creditor that obtained a judicial lien at the time of appointment on all of the debtor's property that is subject to the receivership, subject to satisfaction of recording requirements as to real property pursuant to paragraph (c) of subsection 2 of section 515.545.

515.540. COURT TO HAVE EXCLUSIVE AUTHORITY, WHEN. — 1. Except as otherwise provided for by sections 515.500 to 515.665, the court in all cases has exclusive authority over the receiver, and the exclusive possession and right of control with respect to all real property and all tangible and intangible personal property with respect to which the receiver is appointed, wherever located, and the exclusive authority to determine all controversies relating to the collection, preservation, application, and distribution of all property, and all claims against the receiver arising out of the exercise of the receiver's powers or the performance of the receiver's duties. However, the court does not have exclusive authority over actions in which a state agency is a party and in which jurisdiction or venue is vested elsewhere.

2. For good cause shown, the court has power to shorten or expand the time frames specified in sections 515.500 to 515.665.

515.545. POWERS, AUTHORITY, AND DUTIES OF RECEIVERS. — 1. A receiver has the following powers and authority:

(1) To incur or pay expenses incidental to the receiver's preservation and use of estate property, and otherwise in the performance of the receiver's duties, including the power to pay obligations incurred prior to the receiver's appointment if and to the extent that payment is determined by the receiver to be prudent in order to preserve the value of estate property and the funds used for this purpose are not subject to any lien or right of setoff in favor of a creditor who has not consented to the payment and whose interest is not otherwise adequately protected;

(2) If the appointment applies to all or substantially all of the property of an operating business or any revenue-producing property of the debtor, to do all the things which the owner of the business or property may do in the exercise of ordinary business

judgment, or in the ordinary course of the operation of the business as a going concern or use of the property including, but not limited to, the purchase and sale of goods or services in the ordinary course of such business, and the incurring and payment of expenses of the business or property in the ordinary course;

(3) To assert any rights, claims, or choses in action of the debtor, if and to the extent that the rights, claims, or choses in action are themselves property within the scope of the appointment or relate to any estate property, to maintain in the receiver's name or in the name of the debtor any action to enforce any right, claim, or chose in action, and to intervene in actions in which the debtor is a party for the purpose of exercising the powers under this subsection;

(4) To intervene in any action in which a claim is asserted against the debtor, for the purpose of prosecuting or defending the claim and requesting the transfer of venue of the action to the court appointing the receiver. However, the court shall not transfer actions in which a state agency is a party and as to which a statute expressly vests jurisdiction or venue elsewhere. This power is exercisable with court approval by a limited receiver, and with or without court approval by a general receiver;

(5) To assert rights, claims, or choses in action of the receiver arising out of transactions in which the receiver is a participant;

(6) To pursue in the name of the receiver any claim under sections 428.005 to 428.059 assertable by any creditor of the debtor, if pursuit of the claim is determined by the receiver to be appropriate in the exercise of the receiver's business judgment;

(7) To seek and obtain advice or instruction from the court with respect to any course of action with respect to which the receiver is uncertain in the exercise of the receiver's powers or the discharge of the receiver's duties;

(8) To obtain appraisals with respect to estate property;

(9) To compel by subpoena any person to submit to an examination under oath, in the manner of a deposition in accordance with rule 57.03 of the Missouri rules of civil procedure, with respect to estate property or any other matter that may affect the administration of the receivership;

(10) To use, sell, or lease property other than in the ordinary course of business pursuant to section 515.645, and to execute in the debtor's stead such documents, conveyances, and borrower consents as may be required in connection therewith; and

(11) All other powers as may be conferred upon the receiver specifically by sections 515.500 to 515.665, by statute, court rule, or by the court.

2. A receiver has the following duties:

(1) The duty to notify all federal and state taxing and applicable regulatory agencies of the receiver's appointment in accordance with any applicable laws imposing this duty, including but not limited to, 26 U.S.C. Section 6036;

(2) The duty to comply with state law;

(3) If a receiver is appointed with respect to any real property, the duty to record as soon as practicable within the land records in any county in which such real property may be situated a notice of lis pendens as provided in section 527.260, together with a certified copy of the order of appointment, together with a legal description of the real property if one is not included in that order; and

(4) Other duties as may be required specifically by sections 515.500 to 515.665, by statute, court rule, or by the court.

3. The various powers, authorities, and duties of a receiver provided by sections 515.500 to 515.665 may be expanded, modified, or limited by order of the court.

515.550. ESTATE PROPERTY, TURNOVER OF UPON DEMAND — COURT ACTION TO COMPEL. — 1. Upon demand by a receiver, any person, including the debtor, shall turn over any estate property that is within the possession or control of that person unless

otherwise ordered by the court for good cause shown. A receiver by motion may seek to compel turnover of estate property as against any person over which the court first establishes jurisdiction, unless there exists a bona fide dispute with respect to the existence or nature of the receiver's possessory interest in the estate property, in which case turnover shall be sought by means of a legal action. In the absence of a bona fide dispute with respect to the receiver's right to possession of estate property, the failure to relinquish possession and control to the receiver shall be punishable as a contempt of the court.

2. Should the court after notice and a hearing pursuant to subsection 1 of this section order the turnover of property to the receiver, the party against which such order is made shall have the right to deliver a bond executed by such party as principal together with one or more sufficient sureties providing that the principal and each such surety shall each be bound to the receiver in double the amount of the value of the property to be turned over, should the property not be turned over to the receiver when such order becomes final. Absent such bond, the property ordered to be turned over to the receiver shall be immediately turned over to the receiver within ten days of the entry of such order.

515.555. DEBTOR DUTIES AND REQUIREMENTS. — 1. In addition to other duties and requirements set forth in sections 515.500 to 515.665 and as ordered by the court, the debtor shall:

(1) Within fourteen days of the appointment of a general receiver, make available for inspection by the receiver during normal business hours all information and data required to be filed with the court pursuant to section 515.560, in the form and manner the same are maintained in the ordinary course of the debtor's business;

(2) Assist and cooperate fully with the receiver in the administration of the estate and the discharge of the receiver's duties, and comply with all orders of the court;

(3) Supply to the receiver information necessary to enable the receiver to complete any schedules or reports that the receiver may be required to file with the court, and otherwise assist the receiver in the completion of the schedules;

(4) Upon the receiver's appointment, deliver into the receiver's possession all the property of the receivership estate in the person's possession, custody, or control, including, but not limited to, all accounts, books, papers, records, and other documents; and

(5) Following the receiver's appointment, submit to examination by the receiver, or by any other person upon order of the court, under oath, concerning the acts, conduct, property, liabilities, and financial condition of that person or any matter relating to the receiver's administration of the estate.

2. When the debtor is an entity, each of the officers, directors, managers, members, partners, or other individuals exercising or having the power to exercise control over the affairs of the entity are subject to the requirements of this section.

515.560. DEBTOR TO FILE SCHEDULES, WHEN. — 1. Within thirty days after the date of appointment of a general receiver, the debtor shall file with the court and submit to the receiver the following schedules:

(1) A true list of all of the known creditors and applicable regulatory and taxing agencies of the debtor, including the mailing addresses for each, the amount and nature of their claims, and whether their claims are disputed; and

(2) A true list of all estate property, including the estimated liquidation value and location of the property and, if real property, a legal description thereof, as of the date of appointment of the receiver.

2. The Missouri supreme court may from time to time prescribe by court rule the schedules to be filed in receiverships as the supreme court shall deem appropriate to the effective administrations of sections 515.500 to 515.665.

515.565. APPRAISAL NOT REQUIRED WITHOUT COURT ORDER. — 1. A receiver shall not be obligated to obtain any appraisal or other independent valuation of property in the receiver's possession unless ordered by the court to do so.

2. A court may order the receiver to file such additional schedules, reports of assets, liabilities, claims, or inventories as necessary and proper.

3. Whenever a list or schedule required pursuant to this section is not prepared and filed as required by the debtor, the court may order the receiver, a petitioning creditor, or such other person as the court in its discretion deems appropriate to prepare and file such list or schedule within a time fixed by the court. The court may approve reimbursement of the cost incurred in complying with such order as an administrative expense.

515.570. GENERAL RECEIVER TO FILE MONTHLY REPORT, CONTENTS. — 1. A general receiver shall file with the court a monthly report of the receiver's operations and financial affairs unless otherwise ordered by the court. Except as otherwise ordered by the court, each report of a general receiver shall be due by the last day of the subsequent month and shall include the following:

- (1) A balance sheet;
- (2) A statement of income and expenses;
- (3) A statement of cash receipts and disbursements;
- (4) A statement of accrued accounts receivable of the receiver;
- (5) A statement disclosing amounts considered to be uncollectable;
- (6) A statement of accounts payable of the receiver, including professional fees. Such statement shall list the name of each creditor and the amounts owing and remaining unpaid over thirty days; and
- (7) A tax disclosure statement, which shall list post filing taxes due or tax deposits required, the name of the taxing agency, the amount due, the date due, and an explanation for any failure to make payments or deposits.

2. A limited receiver shall file with the court all such reports as the court may require.

515.575. APPOINTMENT OF GENERAL RECEIVER TO OPERATE AS A STAY, WHEN — EXPIRATION OF STAY — NO STAY, WHEN. — 1. Except as otherwise ordered by the court, the entry of an order appointing a general receiver shall operate as a stay, applicable to all persons, of:

- (1) The commencement or continuation, including the issuance, employment, or service of process, of a judicial, administrative, or other action or proceeding against the debtor that was or could have been commenced before the entry of the order of appointment, or to recover a claim against the debtor that arose before the entry of the order of appointment;
- (2) The enforcement against the debtor or any estate property of a judgment obtained before the order of appointment;
- (3) Any act to obtain possession of estate property from the receiver, or to interfere with, or exercise control over, estate property;
- (4) Any act to create, perfect, or enforce any lien or claim against estate property except by exercise of a right of setoff, to the extent that the lien secures a claim against the debtor that arose before the entry of the order of appointment; or
- (5) Any act to collect, assess, or recover a claim against the debtor that arose before the entry of the order of appointment.

2. The stay shall automatically expire as to the acts specified in subdivisions (1), (2), and (3) of subsection 1 of this section sixty days after the entry of the order of appointment unless before the expiration of the sixty-day period the debtor or receiver, for good cause

shown, obtains an order of the court extending the stay, after notice and a hearing. A person whose action or proceeding is stayed by motion to the court may seek relief from the stay for good cause shown. Any judgment obtained against the debtor or estate property following the entry of the order of appointment is not a lien against estate property unless the receivership is terminated prior to a conveyance of the property against which the judgment would otherwise constitute a lien.

3. The entry of an order appointing a receiver does not operate as a stay of:

(1) The commencement or continuation of a criminal proceeding against the debtor;

(2) The commencement or continuation of an action or proceeding to establish paternity, or to establish or modify an order for alimony, maintenance, or support, or to collect alimony, maintenance, or support under any order of a court;

(3) Any act to perfect or to maintain or continue the perfection of an interest in estate property pursuant to any generally applicable Missouri law that permits perfection of an interest in property to be effective against an entity that acquires rights in such property before the date of perfection. Such right to perfect an interest in estate property includes any act to perfect an interest in purchase money collateral pursuant to sections 400.9-301 to 400.9-339, perfection of a lien that may be placed against real property under the provisions of chapter 429, or the assertion of a right to continue in possession of any estate property that is in the possession of a person entitled to retain possession of such property pending payment for work performed with respect to such property. If perfection of an interest would otherwise require seizure of the property involved or the commencement of an action, the perfection shall instead be accomplished by filing, and by serving upon the receiver, or receiver's counsel, if any, notice of the interest within the time fixed by law for seizure or commencement;

(4) The commencement or continuation of an action or proceeding by a governmental unit to enforce its police or regulatory power;

(5) The enforcement of a judgment, other than a money judgment, obtained in an action or proceeding by a governmental unit to enforce its police or regulatory power, or with respect to any licensure of the debtor;

(6) The exercise of a right of setoff, including but not limited to, any right of a commodity broker, forward contract merchant, stockbroker, financial institution, or securities clearing agency to set off a claim for a margin payment or settlement payment arising out of a commodity contract, forward contract, or securities contract against cash, securities, or other property held or due from the commodity broker, forward contract merchant, stockbroker, financial institution, or securities clearing agency to margin, guarantee, secure, or settle the commodity contract, forward contract, or securities contract, and any right of a swap participant to set off a claim for a payment due to the swap participant under or in connection with a swap agreement against any payment due from the swap participant under or in connection with the swap agreement or against cash, securities, or other property of the debtor held by or due from the swap participant to guarantee, secure, or settle the swap agreement;

(7) The establishment by a governmental unit of any tax liability and any appeal thereof; or

(8) Any action pending in a court other than that in which the receiver is appointed until transcription of the order appointing the receiver or extending the stay is made to the other court in which an action against the debtor is pending.

4. For the purposes of subdivision (8) of subsection 3 of this section, the receiver or any party in interest is authorized to cause to be transcribed any order appointing a receiver or extending the stay to any and all courts in which any action against a debtor is pending in this state. A court that receives a transcript of an order of receivership or extension of stay may on its own order sua sponte transfer the matter before the court to the court issuing an order of receivership.

515.580. UTILITY SERVICE, NOTICE REQUIRED BY PUBLIC UTILITY TO DISCONTINUE — VIOLATIONS, REMEDIES. — 1. A public utility, as defined in section 386.020, providing service to estate property may not alter, refuse, or discontinue service to the property without first giving the receiver fifteen days' notice, or such other notice as may be required by the rules of the public service commission for a customer of that class, of any default or intention to alter, refuse, or discontinue service to estate property. This section does not prohibit the court, upon motion by the receiver, to prohibit the alteration or cessation of utility service if the receiver can furnish adequate assurance of payment in the form of deposit or other security for service to be provided after entry of the order appointing the receiver.

2. Any public utility regulated by the public service commission which violates this section shall be subject to appropriate remedial measures by the commission upon receiving notice that the utility has violated the provisions of this section.

3. When a utility service provider not regulated by the public service commission violates this section, upon direction of the court, an action may be brought by the receiver against the utility to enforce compliance with the provisions of this section.

515.585. CONTRACTS AND LEASES, RECEIVER MAY ASSUME OR REJECT — ACTION TO COMPEL REJECTION — CONSENT TO ASSUME REQUIRED, WHEN. — 1. A receiver may assume or reject any executory contract or unexpired lease of the debtor upon order of the court following notice and a hearing, which shall include notice to persons party to the executory contract or unexpired lease to be assumed or rejected. The court may condition assumption or rejection of any executory contract or unexpired lease on the terms and conditions the court believes are just and proper under the particular circumstances of the action. Such terms and conditions may include a requirement that the receiver cures or provides adequate assurance that the receiver will promptly cure any default. A general receiver's performance of an executory contract or unexpired lease prior to the court's authorization of its assumption or rejection shall not constitute an assumption of the executory contract or unexpired lease, or an agreement by the receiver to assume it, nor otherwise preclude the receiver thereafter from seeking the court's authority to reject it.

2. Any person party to an executory contract or unexpired lease may by motion seek to compel the rejection thereof at any time, such rejection the court shall order in its discretion, and as the interests of justice may require. In determining a motion to compel the rejection of an executory contract or unexpired lease, the court may consider, among other factors:

(1) Whether rejection is in the best interests of the receivership estate and the interests of creditors;

(2) The extent to which the executory contract or unexpired lease burdens the receivership estate financially;

(3) Whether the debtor is performing or is in breach of the executory contract or unexpired lease;

(4) If the debtor is in breach of a financial provision of the executory contract or unexpired lease, the debtor's ability to cure such breach within a reasonable time; and

(5) Harm suffered by the non-debtor person party to the executory contract or unexpired lease that results or may result from refusing the rejection thereof.

3. Any obligation or liability incurred by a general receiver on account of the receiver's assumption of an executory contract or unexpired lease shall be treated as an expense of the receivership. A receiver's rejection of an executory contract or unexpired lease shall be treated as a breach of the contract or lease occurring immediately prior to the receiver's appointment; and the receiver's right to possess or use property pursuant to any executory contract or unexpired lease shall terminate upon rejection of such contract or lease. A non-debtor party to an executory contract or unexpired lease that is

rejected by a receiver may take such steps as may be necessary under applicable law to terminate or cancel such contract or lease. The claim of a non-debtor party to an executory contract or unexpired lease resulting from a receiver's rejection of it shall be served upon the receiver within thirty days following the date the receiver gives notice of such rejection to such person, which notice shall indicate the right to file a claim within the thirty day period.

4. A receiver's power under this section to assume an executory contract or unexpired lease shall not be affected by any provision in such contract or lease that would effect or permit a forfeiture, modification, or termination of it on account of either the receiver's appointment, the financial condition of the debtor, or an assignment for the benefit of creditors by the debtor.

5. A receiver may not assume an executory contract or unexpired lease of debtor without the consent of the other person party to such contract or lease if:

(1) Applicable law would excuse a person, other than the debtor, from accepting performance from or rendering performance to anyone other than the debtor even in the absence of any provisions in the contract or lease expressly restricting or prohibiting an assignment of the person's rights or the performance of the debtor's duties;

(2) The contract or lease is a contract to make a loan or extend credit or financial accommodations to or for the benefit of the debtor, or to issue a security of the debtor; or

(3) The executory contract or lease expires by its own terms, or under applicable law prior to the receiver's assumption thereof.

6. A receiver may not assign an executory contract or unexpired lease without assuming it, absent the consent of the other parties to the contract or lease.

7. If the receiver rejects an executory contract or unexpired lease for:

(1) The sale of real property under which the debtor is the seller and the purchaser is in possession of the real property;

(2) The sale of a real property timeshare interest under which the debtor is the seller;

(3) The license of intellectual property rights under which the debtor is the licensor;

or

(4) The lease of real property in which the debtor is the lessor; then the purchaser, licensee, or lessee may treat the rejection as a termination of the contract, license agreement, or lease, or alternatively, the purchaser, licensee, or lessee may remain in possession in which circumstance the purchaser, licensee, or lessee shall continue to perform all obligations arising thereunder as and when they may fall due, but may offset against any payments any damages occurring on account of the rejection after it occurs. The purchaser of real property in such a circumstance is entitled to receive from the receiver any deed or any other instrument of conveyance which the debtor is obligated to deliver under the executory contract when the purchaser becomes entitled to receive it, and the deed or instrument has the same force and effect as if given by the person. A purchaser, licensee, or lessee who elects to remain in possession under the terms of this subsection has no rights against the receiver on account of any damages arising from the receiver's rejection except as expressly provided for by this subsection. A purchaser of real property who elects to treat rejection of an executory contract as a termination has a lien against the interest in that real property of the debtor for the recovery of any portion of the purchase price that the purchaser has paid.

8. Any contract with the state shall be deemed rejected if not assumed within sixty days of appointment of a general receiver unless the receiver and state agency agree to its assumption.

9. Nothing in sections 515.500 to 515.665 affects the enforceability of anti-assignment prohibitions provided under contract or applicable law.

515.590. UNSECURED CREDIT OR DEBT, RECEIVER MAY OBTAIN, WHEN. — 1. If a receiver is authorized to operate the business of a debtor or manage a debtor's property,

the receiver may obtain unsecured credit and incur unsecured debt in the ordinary course of business as an administrative expense of the receiver without order of the court.

2. The court after notice and a hearing may authorize a receiver to obtain credit or incur debt other than in the ordinary course of business. The court may allow the receiver to mortgage, pledge, hypothecate, or otherwise encumber estate property as security for repayment of any debt that the receiver may incur, including that the court may provide that additional credit extended to a receiver by a secured creditor of the debtor be afforded the same priority as the secured creditor's existing lien.

3. When determining the propriety of allowing a receiver to obtain credit or incur debt pursuant to subsection 2 of this section, the court shall consider the likely impact on the interests of unsecured creditors of the debtor.

515.595. RIGHT TO SUE AND BE SUED — ACTION ADJUNCT TO RECEIVERSHIP ACTION — VENUE — JUDGMENT NOT A LIEN ON PROPERTY, WHEN. — 1. A receiver has the right to sue and be sued in the receiver's capacity as such, without leave of court, in all circumstances necessary or proper for the conduct of the receivership. However, an action seeking to dispossess a receiver of any estate property or otherwise to interfere with the receiver's management or control of any estate property may not be maintained or continued unless permitted by order of the court obtained upon notice and a hearing.

2. An action by or against a receiver is adjunct to the receivership action. The clerk of the court may assign or refer a case number that reflects the relationship of any action to the receivership action. All pleadings in an adjunct action shall include the case number of the receivership action as well as the adjunct action case number assigned by the clerk of the court. All adjunct actions shall be referred to the judge, if any, assigned to the receivership action.

3. A receiver may be joined or substituted as a party in any action or proceeding that was pending at the time of the receiver's appointment and in which the debtor is a party, upon application by the receiver to the court, agency, or other forum before which the action or proceeding is pending.

4. Venue for adjunct actions by or against a receiver shall lie in the court in which the receivership is pending, if the court has jurisdiction over the action. Actions in other courts in this state shall be transferred to the court upon the receiver's filing of a motion for change of venue, provided that the receiver files the motion within thirty days following service of original process upon the receiver. However, actions in other courts or forums in which a state agency is a party shall not be transferred on request of the receiver absent consent of the affected state agency or grounds provided under other applicable law.

5. An action by or against a receiver does not abate by reason of death or resignation or removal of the receiver, but continues against the successor receiver or against the debtor, if a successor receiver is not appointed.

6. Whenever the assets of any domestic or foreign corporation, that has been doing business in this state, has been placed in the hands of any general receiver and the receiver is in possession of its assets, service of all process upon the corporation may be made upon the receiver.

7. A judgment against a general receiver or the debtor is not a lien on estate property, nor shall any execution issue thereon. Upon entry of a judgment against a general receiver or the debtor in the court in which a general receivership is pending, or upon filing in a general receivership of a certified copy of a judgment against a general receiver or the debtor entered by another court in this state or a foreign jurisdiction, the judgment shall be treated as an allowed claim in the receivership. A judgment against a limited receiver shall be treated and has the same effect as a judgment against the debtor, except that the judgment is not enforceable against estate property unless otherwise ordered by the court upon notice and a hearing.

515.600. IMMUNITY FROM LIABILITY, WHEN. — 1. A receiver appointed pursuant to sections 515.500 to 515.665, and the agents, attorneys, and employees of the receivership employed by the receiver pursuant to section 515.605 shall enjoy judicial immunity for acts and omissions arising out of and performed in connection with his or her official duties on behalf of the court and within the scope of his or her appointment. A person other than a successor receiver duly appointed by the court does not have a right of action against a receiver under this section to recover property or the value thereof for or on behalf of the estate except as provided in subsection 2 of this section. A successor receiver may recover only actual damages incurred by the receivership estate from a prior receiver.

2. A person, other than a successor receiver duly appointed by the court, shall not have the right to bring an action against a receiver or the agents, attorneys, and employees of the receivership employed by the receiver pursuant to section 515.605 for any act or omission while acting in the performance of their functions and duties in connection with the receivership unless such person first files a verified application with the appointing court requesting leave to bring such action and the court grants such application after notice and hearing. The appointing court shall only approve the application to bring claims against the receiver under this section upon a prima facie showing by the person making such request that the receiver's actions are not protected by the grant of immunity set forth in subsection 1 of this section. No other court apart from the appointing court shall have the authority to review or approve the application to bring claims against the receiver under this section.

3. If a person requests leave to bring claims under subsection 2 of this section and such leave is denied, the court shall grant judgment in favor of the receiver for the costs of the proceeding and reasonable attorney's fee if the court finds that the position of the person was not substantially justified.

515.605. EMPLOYMENT OF PROFESSIONALS. — 1. The receiver, with the court's approval, may employ one or more attorneys, accountants, appraisers, auctioneers, or other professional persons that do not hold or represent an interest adverse to the receivership to represent or assist the receiver in carrying out the receiver's duties.

2. A person is not disqualified for employment under this section solely because of the person's employment by, representation of, or other relationship with a creditor or other party in interest, if the relationship is disclosed in the application for the person's employment and if the court determines that there is no actual conflict of interest or inappropriate appearance of a conflict.

3. This section does not preclude the court from authorizing the receiver to act as attorney or accountant if the authorization is in the best interests of the receivership.

4. The receiver and any professionals employed by the receiver shall maintain itemized billing records containing a description of services, the time spent, billing rates of all who perform work to be compensated, and a detailed list of expenses. The receiver, and any professionals employed by the receiver may file a motion requesting the allowance of fees and expenses. Notice of the motion shall be served on all persons required to be identified on the master mailing list maintained pursuant to section 515.610, advising that objections to the application shall be filed within ten days from the date of the notice, and if objections are not timely filed, the court may approve the motion without further notice or hearing. If an objection is filed, the receiver or professional whose compensation is affected may notice the objection for a hearing. Upon request of any person required to receive notice pursuant to this subsection, the receiver and any professionals employed by the receiver shall provide a copy of their itemized billing records upon which their motion for fees and expenses is based within five days of the date of the request.

515.610. CREDITORS BOUND BY ACTS OF RECEIVER — RIGHT TO NOTICE AND MAY APPEAR IN RECEIVERSHIP — NOTICE REQUIREMENTS. — 1. Creditors and parties in interest to whom are given notice as provided by sections 515.500 to 515.665 and creditors or other persons submitting written claims in the receivership or otherwise appearing and participating in the receivership are bound by the acts of the receiver and the orders of the court relating to the receivership whether or not the person is a party to the receivership action.

2. Creditors and parties in interest have a right to notice and a hearing as provided in sections 515.500 to 515.665 whether or not the person is a party to the receivership action.

3. Any party in interest may appear in the receivership in the manner prescribed by court rule and shall file with the court a written notice including the name and mailing address of the party in interest, and the name and address of the party in interest's attorney, if any, with the clerk, and by serving a copy of the notice upon the receiver and the receiver's attorney of record, if any. The receiver shall maintain a master mailing list of all parties and of all parties in interest that file and serve a notice of appearance in accordance with this subsection and such parties in interest's attorneys, if any. The receiver shall make a copy of the current master mailing list available to any party or upon request.

4. Any request for relief against a state agency shall be mailed to or otherwise served on the agency and on the office of the attorney general.

5. The receiver shall give not less than ten days' written notice of any examination by the receiver of the debtor to all persons required to be identified on the master mailing list.

6. All persons required to be identified on the master mailing list are entitled to not less than thirty days' written notice of the hearing of any motion or other proceeding involving any proposed:

- (1) Allowance or disallowance of any claim or claims;
- (2) Abandonment, disposition, or distribution of estate property, other than an emergency disposition of property subject to eroding value or a disposition of estate property in the ordinary course of business;
- (3) Compromise or settlement of a controversy that might affect the distribution to creditors from the receivership;
- (4) Motion for termination of the receivership or removal or discharge of the receiver. Notice of the motion shall also be sent to the department of revenue and other applicable regulatory agencies;
- (5) Any opposition to any motion to authorize any of the actions under subdivisions (1) to (4) of this subsection shall be filed and served upon all persons required to be identified on the master mailing list at least ten days before the date of the proposed action.

7. Whenever notice is not specifically required to be given under sections 515.500 to 515.665 or otherwise by court rule, the court may consider motions and grant or deny relief without notice or hearing, unless a party or party in interest would be prejudiced or harmed by the relief requested.

515.615. CLAIMS ADMINISTRATION PROCESS. — 1. The claims administration process identified in this section shall be administered by a general receiver and may be ordered by the court to be administered by a limited receiver.

2. All claims, other than claims of duly perfected secured creditors, arising prior to the receiver's appointment shall be in the form required by this section and served and noticed as required by this section. Any claim not in the form required by this section and so served and noticed is barred from participating in any distribution to creditors.

3. Claims shall be served on the receiver within thirty days from the date notice is given under this section, unless the court reduces or extends the period for cause shown,

except that a claim arising from the rejection of an executory contract or an unexpired lease of the debtor may be served within thirty days after the rejection. Claims by state agencies shall be served by such state agencies on the receiver within sixty days from the date notice is given by mail under this section.

4. Claims shall be in written form entitled "Proof of Claim", setting forth the name and address of the creditor and the nature and amount of the claim, and executed by the creditor or the creditor's authorized agent. When a claim or an interest in estate property securing the claim is based on a writing, the original or a copy of the writing shall be included as a part of the proof of claim together with evidence of perfection of any security interest or other lien asserted by the claimant. Unless otherwise ordered by the court, creditors may amend such claims and such amendments shall relate back to the original filing of such claim.

5. Notices of claim shall be filed with the court. A notice shall be filed with the court relating to each served claim. A notice of claim shall not include the claim or supporting documentation served upon the receiver. A notice of claim shall include the name and address of the creditor asserting the claim, together with the name and address of the attorney, if any representing the creditor, the amount of the claim, whether or not the claim is secured or unsecured, and if secured, a brief description of any estate property and other collateral securing the claim.

6. A claim properly noticed, executed, and served in accordance with this section constitutes prima facie evidence of the validity and amount of the claim.

515.620. OBJECTION TO A CLAIM, PROCEDURE. — 1. At any time prior to the entry of an order approving the general receiver's final report, the receiver or any party in interest may file with the court an objection to a claim, such objection shall be in writing and shall set forth the grounds for the objection to the claim. A copy of the objection shall be mailed to the creditor who shall have thirty days to file with the court any suggestions in support of the claim. Upon the filing of any suggestions in support of the claim, the court may adjudicate the claim objection or set a hearing relating to the claim objection. Claims that comply with the requirements of section 515.615 that are not disallowed by the court are entitled to share in distributions from the receivership in accordance with the priorities provided for by sections 515.500 to 515.665 or otherwise by law.

2. Upon order of the court, the general receiver, or any party in interest objecting to the creditor's claim, an objection may be subject to mediation prior to adjudication of the objection. However, state claims are not subject to mediation absent agreement of the state.

3. Upon motion of the general receiver or other party in interest, the following claims may be estimated for purpose of allowance under this section under the rules or orders applicable to the estimation of claims under this section:

(1) Any contingent or unliquidated claim, the fixing or liquidation of which, as the circumstance may be, would unduly delay the administration of the receivership; or

(2) Any right to payment arising from a right to an equitable remedy for breach of performance.

Claims subject to this subsection shall be allowed in the estimated amount thereof.

515.625. DISTRIBUTION OF CLAIMS. — 1. Claims not disallowed by the court shall receive distribution under sections 515.500 to 515.665 in the order of priority under subdivisions (1) to (8) of this section and, with the exception of subdivisions (1) to (3) of this subsection, on a pro rata basis:

(1) Any secured creditor that is duly perfected under applicable law, whether or not such secured creditor has filed a proof of claim, shall receive the proceeds from the disposition of the estate property that secures its claim. However, the receiver may recover

from estate property secured by a lien or the proceeds thereof the reasonable, necessary expenses of preserving, protecting, or disposing of the estate property to the extent of any benefit to a duly perfected secured creditor. If and to the extent that the proceeds are less than the amount of a duly perfected secured creditor's claim or a duly perfected secured creditor's lien is avoided on any basis, the duly perfected secured creditor's claim is an unsecured claim under subdivision (8) of this subsection. Duly perfected secured claims shall be paid from the proceeds in accordance with their respective priorities under otherwise applicable law;

(2) Actual, necessary costs and expenses incurred during the administration of the receivership, other than those expenses allowable under subdivision (1) of this subsection, including allowed fees and reimbursement of reasonable charges and expenses of the receiver and professional persons employed by the receiver. Notwithstanding subdivision (1) of this subsection, expenses incurred during the administration of the estate have priority over the secured claim of any secured creditor obtaining or consenting to the appointment of the receiver;

(3) A secured creditor that is not duly perfected under applicable law shall receive the proceeds from the disposition of the estate property that secures its claim if and to the extent that unsecured claims are made subject to those liens under applicable law;

(4) Claims for wages, salaries, or commissions, including vacation, severance, and sick leave pay, or contributions to an employee benefit plan earned by the claimant within one hundred eighty days of the date of appointment of the receiver or the cessation of any business relating to the receivership, whichever occurs first, but only to the extent of ten thousand nine hundred fifty dollars;

(5) Unsecured claims, to the extent of two thousand four hundred twenty-five dollars for each natural person, arising from the deposit with the person debtor before the date of appointment of the receiver of money in connection with the purchase, lease, or rental of estate property or the purchase of services for personal, family, or household use that were not delivered or provided;

(6) Claims for a marital, family, or other support debt, but not to the extent that the debt is assigned to another person, voluntarily, by operation of law, or otherwise; or includes a liability designated as a support obligation unless that liability is actually in the nature of a support obligation;

(7) Unsecured claims of governmental units for taxes which accrued prior to the date of appointment of the receiver;

(8) Other unsecured claims.

2. If all of the classes under subsection 1 of this section have been paid in full, any residue shall be paid to the debtor.

515.630. SECURED CLAIMS PERMITTED AGAINST ESTATE PROPERTY. — Except as otherwise provided for by statute, estate property acquired by the estate, the receiver, or the debtor of the receiver is subject to an allowed secured claim to the same extent as would exist in the absence of a receivership.

515.635. NONCONTINGENT LIQUIDATED CLAIMS, INTEREST ALLOWED, RATE. — To the extent that funds are available in the estate for distribution to creditors in a general receivership, the holder of an allowed noncontingent, liquidated claim is entitled to receive interest at the legal rate or other applicable rate from the date of appointment of the receiver or the date on which the claim became a noncontingent, liquidated claim. If there are sufficient funds in the estate to fully pay all interest owing to all members of the class, then interest shall be paid proportionately to each member of the class.

515.640. BURDENSOME PROPERTY, ABANDONMENT OF, WHEN. — The receiver or any party upon order of the court following notice and a hearing and upon the terms and

conditions the court considers just and proper may abandon any estate property that is burdensome to the receiver or is of inconsequential value or benefit. However, a receiver may not abandon property that is a hazard or potential hazard to the public in contravention of a state statute or rule that is reasonably designed to protect the public health or safety from identified hazards. Property that is abandoned no longer constitutes estate property.

515.645. USE, SALE, OR LEASE OF ESTATE PROPERTY BY RECEIVER. — 1. The receiver with the court's approval after notice and a hearing may use, sell, or lease estate property other than in the ordinary course of business.

2. The court may order that a general receiver's sale of estate property either under subsection 1 of this section, or consisting of real property that the debtor intended to sell in its ordinary course of business, be effected free and clear of liens, claims, and of all rights of redemption, whether or not the sale will generate proceeds sufficient to fully satisfy all claims secured by the property, unless either:

(1) The property to be sold is real property used principally in the production of crops, livestock, or aquaculture, or the property is a homestead, and the owner of the property has not consented to the sale following the appointment of the receiver; or

(2) A party in interest, including but not limited to, an owner of the property to be sold or a secured creditor as regards to the property to be sold serves and files a timely opposition to the receiver's sale, and the court determines that the amount likely to be realized by the receiver's sale is less than the amount that may be realized within a reasonable time in the absence of the receiver's sale.

Upon any sale free and clear of liens authorized by this section, all liens encumbering the property sold shall transfer and attach to the proceeds of the sale, net of reasonable expenses incurred in the disposition of the property sold, in the same order, priority, and validity as the liens had with respect to the property sold immediately before the conveyance. The court may authorize the receiver at the time of sale to satisfy, in whole or in part, any lien on the property sold out of the proceeds of its sale if the interest of any other creditor having a lien against the proceeds of the sale would not thereby be impaired.

3. At a public sale of estate property under subsection 1 of this section, a creditor with a lien against the property to be sold may credit bid at the sale of the property. A creditor with a lien against the property to be sold who purchases the property from a receiver may offset against the purchase price its secured claim against the property, provided that such secured creditor tenders cash sufficient to satisfy in full all secured claims payable out of the proceeds of sale having priority over such secured creditor's secured claim. If the lien or the claim it secures is the subject of a bona fide dispute, the court may order the holder of the lien or claim to provide the receiver with adequate security to assure full payment of the purchase price in the event the lien, the claim, or any part thereof is determined to be invalid or unenforceable.

4. If estate property includes an interest as a co-owner of property, the receiver shall have the rights and powers of a co-owner afforded by applicable state or federal law, including but not limited to, any rights of partition.

5. The reversal or modification on appeal of an authorization to sell or lease estate property under this section does not affect the validity of a sale or lease under that authorization to any person that purchased or leased the property in good faith, whether or not the person knew of the pendency of the appeal, unless the authorization and sale or lease were stayed pending the appeal.

6. The notice of a proposed use, sale, or lease of estate property required by subsection 1 of this section shall include the time and place of any public sale, the terms and conditions of any private sale and the time fixed for filing objections, and shall be

mailed to all parties in interest, and to such other persons as the court in the interests of justice may require.

7. In determining whether a sale free and clear of liens, claims, encumbrances, and of all rights of redemption is in the best interest of the estate, the court may consider, among such other factors as the court deems appropriate, the following:

- (1) Whether the sale shall be conducted in a commercially reasonable manner considering assets of a similar type or nature;
- (2) Whether an independent appraisal supports the purchase price to be paid;
- (3) Whether creditors and parties in interest received adequate notice of the sale, sale procedures, and details of the proposed sale;
- (4) Any relationship between the buyer and the debtor;
- (5) Whether the sale is an arm's length transaction; and
- (6) Whether parties asserting a lien as to the property to be sold consent to the proposed sale.

515.650. RECEIVER MAY BE APPOINTED AS A RECEIVER BY OUT-OF-STATE COURT, WHEN. — 1. A receiver appointed in any action pending in the courts of this state, without first seeking approval of the court, may apply to any court outside of this state for appointment as receiver with respect to any property or business of the person over whose property the receiver is appointed constituting estate property which is located in any other jurisdiction, if the appointment is necessary to the receiver's possession, control, management, or disposition of property in accordance with orders of the court.

2. A receiver appointed by a court of another state, or by a federal court in any district outside of this state, or any other person having an interest in that proceeding, may obtain appointment by a court of this state of that same receiver with respect to any property or business of the person over whose property the receiver is appointed constituting property of the foreign receivership that is located in this jurisdiction if the person is eligible to serve as receiver and the appointment is necessary to the receiver's possession, control, or disposition of the property in accordance with orders of the court in the foreign proceeding. Upon the receiver's request, the court shall enter the orders not offensive to the laws and public policy of this state, necessary to effectuate orders entered by the court in the foreign receivership proceeding. A receiver appointed in an ancillary receivership in this state is required to comply with sections 515.500 to 515.665 requiring notice to creditors or other parties in interest only as may be required by the superior court in the ancillary receivership.

515.655. REMOVAL OR REPLACEMENT OF RECEIVER, PROCEDURE. — 1. The court shall remove or replace the receiver on application of the debtor, the receiver, or any creditor, or any party or on the court's own motion if the receiver fails to perform the receiver's duties or obligations under sections 515.500 to 515.665, as ordered by the court.

2. Upon removal, resignation, or death of the receiver the court shall appoint a successor receiver if the court determines that further administration of the estate is required. The successor receiver shall immediately take possession of the estate and assume the duties of receiver.

3. Whenever the court is satisfied that the receiver so removed or replaced has fully accounted for and turned over to the successor receiver appointed by the court all of the property of the estate and has filed a report of all receipts and disbursements during the person's tenure as receiver, the court shall enter an order discharging that person from all further duties and responsibilities as receiver after notice and a hearing.

515.660. DISCHARGE OF RECEIVER. — 1. Upon distribution or disposition of all property of the estate, or the completion of the receiver's duties with respect to estate property, the receiver shall move the court to be discharged upon notice and a hearing.

2. The receiver's final report and accounting setting forth all receipts and disbursements of the estate shall be included in the petition for discharge and filed with the court.

3. Upon approval of the final report, the court shall discharge the receiver.

4. The receiver's discharge releases the receiver from any further duties and responsibilities as receiver under sections 515.500 to 515.665.

5. Upon motion of any party in interest, or upon the court's own motion, the court has the power to discharge the receiver and terminate the court's administration of the property over which the receiver was appointed. If the court determines that the appointment of the receiver was wrongfully procured or procured in bad faith, the court may assess against the person who procured the receiver's appointment all of the receiver's fees and other costs of the receivership and any other sanctions the court determines to be appropriate.

6. A certified copy of an order terminating the court's administration of the property over which the receiver was appointed shall operate as a release of any lis pendens notice recorded pursuant to section 515.545 and the same shall be recorded within the land records in any county in which such real property may be situated, together with a legal description of the real property if one is not included in that order.

515.665. ORDERS SUBJECT TO APPEAL. — Orders of the court pursuant to sections 515.500 to 515.665 are appealable to the extent allowed under existing law, including subdivision (2) of section 512.020.

[478.430. CIRCUIT JUDGE IN ST. LOUIS CITY MAY APPOINT JANITOR-MESSENGER. — Each circuit judge of the circuit court of the city of St. Louis who is visually impaired or otherwise physically handicapped is hereby authorized to appoint one janitor-messenger whose duty it shall be to keep in an orderly and cleanly manner the chambers and other rooms used by such judge and his reporter in the performance of their respective duties, and equipment in use therein, and also the halls, stairways, and jury rooms used in connection with the courtroom over which such judge presides, and to perform such other duties as said judge shall direct from time to time. And the judge making said appointment shall report the same to the circuit court in general session for certification, and such janitor-messenger shall hold his appointment during the pleasure of the judge making the same.]

[478.433. COMPENSATION OF JANITOR-MESSENGER. — The janitor-messenger appointed under section 478.430 shall receive and be paid, after proper appointment and certification by said court, or the presiding judge thereof, an annual salary of not less than two thousand two hundred dollars. Said salary shall be payable at the end of each and every month, in equal monthly installments, by the treasurer of the city of St. Louis out of any moneys appropriated therefor by the municipal assembly upon warrants drawn and countersigned by the proper officers of said city, pursuant to the charter thereof. It shall be the duty of the municipal assembly of said city to appropriate the money necessary for the payment of such salaries; provided further, that the court may, when sitting in general session, recommend to the St. Louis board of estimate and apportionment an increase in salary of janitor-messengers not exceeding two hundred dollars per annum, subject to the approval of said board. If said board of estimate and apportionment concur in such salary increase, the municipal assembly shall appropriate additional moneys for such salaries.]

[515.240. APPOINTMENT OF RECEIVER. — The court, or any judge thereof in vacation, shall have power to appoint a receiver, whenever such appointment shall be

deemed necessary, whose duty it shall be to keep and preserve any money or other thing deposited in court, or that may be subject of a tender, and to keep and preserve all property and protect any business or business interest entrusted to him pending any legal or equitable proceeding concerning the same, subject to the order of the court.]

Telehealth or telemedicine shall also include the use of asynchronous store-and-forward technology.

2. Any licensed health care provider shall be authorized to provide telehealth services if such services are within the scope of practice for which the health care provider is licensed and are provided with the same standard of care as services provided in person.

3. In order to treat patients in this state through the use of telemedicine or telehealth, health care providers shall be fully licensed to practice in this state and shall be subject to regulation by their respective professional boards.

SECTION A. ENACTING CLAUSE. — Sections 163.011 and 163.018, RSMo, are repealed and two new sections enacted in lieu thereof, to be known as sections 163.011 and 163.018, to read as follows:

163.011. DEFINITIONS — METHOD OF CALCULATING STATE AID. — As used in this chapter unless the context requires otherwise:

"Full-time equivalent average daily attendance of summer school students" shall be computed by dividing the total number of hours, except for physical education hours that do not count as credit toward graduation for students in grades nine, ten, eleven, and twelve, attended by all summer school pupils by the number of hours required in section 160.011 in the school term. For purposes of determining average daily attendance under this subdivision, the term "resident pupil" shall include all children between the ages of five and twenty-one who are residents of the school district and who are attending kindergarten through grade twelve in such district. If a child is attending school in a district other than the district of residence and the child's parent is teaching in the school district or is a regular employee of the school district which the child is attending, then such child shall be considered a resident pupil of the school district which the child is attending for such period of time when the district of residence is not otherwise liable for tuition. Average daily attendance for students below the age of five years for which a school district may receive state aid based on such attendance shall be computed as regular school term attendance unless otherwise provided by law;

(3) "Current operating expenditures":

(a) For the fiscal year 2007 calculation, "current operating expenditures" shall be calculated using data from fiscal year 2004 and shall be calculated as all expenditures for instruction and support services except capital outlay and debt service expenditures minus the revenue from federal categorical sources; food service; student activities; categorical payments for

transportation costs pursuant to section 163.161; state reimbursements for early childhood special education; the career ladder entitlement for the district, as provided for in sections 168.500 to 168.515; the vocational education entitlement for the district, as provided for in section 167.332; and payments from other districts;

(b) In every fiscal year subsequent to fiscal year 2007, current operating expenditures shall be the amount in paragraph (a) of this subdivision plus any increases in state funding pursuant to sections 163.031 and 163.043 subsequent to fiscal year 2005, not to exceed five percent, per recalculation, of the state revenue received by a district in the 2004-05 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payments for any district from the first preceding calculation of the state adequacy target]. Should a recalculation result in an increase in the state adequacy target amount, fifty percent of that increase shall be included in the state adequacy target amount in the year of recalculation, and fifty percent of that increase shall be included in the state adequacy target amount in the subsequent year. The state adequacy target may be adjusted to accommodate available appropriations as provided in subsection 7 of section 163.031;

For special districts established under sections 162.815 to 162.940 in a county with a charter form of government and with more than one million inhabitants, weighted average daily attendance shall be the average daily attendance plus the product of twenty-five hundredths multiplied by the free and reduced **price** lunch pupil count that exceeds the free and reduced **price** lunch threshold, plus the product of seventy-five hundredths multiplied by the sum of the special education pupil count that exceeds the threshold for each county district, plus the product of six-tenths multiplied by the limited English proficiency pupil count that exceeds the limited English proficiency threshold. At [the] **any** hearing, the court may accept evidence and hear testimony on, and may consider, the following criteria for each of the offenses, **violations, or infractions** listed in the petition for expungement:

(1) It has been at least [twenty] **seven** years if the offense is a felony, or at least [ten] **three** years if the offense is a misdemeanor, municipal offense, or infraction, [since the person making the application completed:

Entries of a record ordered expunged shall be removed from all electronic files maintained with the state of Missouri, except for the files of the court.] The records and files maintained in any administrative or court proceeding in a municipal, associate, or circuit court for any offense, **infraction, or violation** ordered expunged under this section shall be confidential and only available to the parties or by order of the court for good cause shown. The central repository shall request the Federal Bureau of Investigation to expunge the records from its files.

[7.] **8.** The order shall not limit any of the petitioner's rights that were restricted as a collateral consequence of such person's criminal record, and such rights shall be restored upon issuance of the order of expungement. Except as otherwise provided under this section, the effect of such order shall be to restore such person to the status he or she occupied prior to such arrests, pleas, trials, or convictions as if such events had never taken place. No person as to whom such

order has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrests, pleas, trials, convictions, or expungement in response to an inquiry made of him or her and no such inquiry shall be made for information relating to an expungement, except the petitioner shall disclose the expunged offense, **violation, or infraction** to any court when asked or upon being charged with any subsequent offense, **violation, or infraction**. The expunged offense, **violation, or infraction** may be considered a prior offense in determining a sentence to be imposed for any subsequent offense that the person is found guilty of committing.

[8.] 9. Notwithstanding the provisions of subsection [7] 8 of this section to the contrary, a person granted an expungement shall disclose any expunged offense, **violation, or infraction** when the disclosure of such information is necessary to complete any application for:

(3) Paid or unpaid employment with an entity licensed under chapter 313, any state-operated lottery, or any emergency services provider, including any law enforcement agency;

(4) **Employment with any federally insured bank or savings institution or credit union or an affiliate of such institution or credit union for the purposes of compliance with 12 U.S.C. Section 1829 and 12 U.S.C. Section 1785;**

(5) **Employment with any entity engaged in the business of insurance or any insurer for the purpose of complying with 18 U.S.C. Section 1033, 18 U.S.C. (6) **Employment with any employer that is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.**

An employer shall notify an applicant of the requirements under subdivisions (4) to (6) of this subsection. Notwithstanding any provision of law to the contrary, an expunged offense, **violation, or infraction** shall not be grounds for automatic disqualification of an applicant, but may be a factor for denying employment, or a professional license, certificate, or permit; **except that, an offense, violation, or infraction expunged under the provisions of this section may be grounds for automatic disqualification if the application is for employment under subdivisions (4) to (6) of this subsection.**

The person, however, shall answer such an inquiry affirmatively and disclose his or her criminal convictions, including any offense or violation expunged under this section or similar law, if the employer is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

Any person whose petition for expungement has been dismissed by the court for failure to meet the criteria set forth in subsection 5 of this section may not refile another petition until a year has passed since the date of filing for the previous petition.

[10.] 12. A person may be granted more than one expungement under this section provided that [no person shall be granted more than one order of expungement from the same court. Nothing contained in this section shall prevent the court from maintaining records to ensure that an individual has only one petition for expungement granted by such court under this

section] during his or her lifetime, the total number of offenses, violations, or infractions for which orders of expungement are granted to the person shall not exceed the following limits:

(1) Not more than two misdemeanor offenses or ordinance violations that have an authorized term of imprisonment; and

(2) Not more than one felony offense.

A person may be granted expungement under this section for any number of infractions. Nothing in this section shall prevent the court from maintaining records to ensure that an individual has not exceeded the limitations of this subsection. Nothing in this section shall be construed to limit or impair in any way the subsequent use of any record expunged under this section of any arrests or findings of guilt by a law enforcement agency, criminal justice agency, prosecuting attorney, circuit attorney, or municipal prosecuting attorney, including its use as a prior offense, violation, or infraction.

13. The court shall make available a form for pro se petitioners seeking expungement, which shall include the following statement: "I declare under penalty of perjury that the statements made herein are true and correct to the best of my knowledge, information, and belief."

14. Nothing in this section shall be construed to limit or restrict the availability of expungement to any person under any other law.

558.047. PERSONS UNDER EIGHTEEN, REVIEW OF SENTENCE, WHEN, PROCEDURE. —

1. (1) Any person sentenced to a term of imprisonment for life without eligibility for parole before August 28, 2016, who was under eighteen years of age at the time of the commission of the offense or offenses, may submit to the parole board a petition for a review of his or her sentence, regardless of whether the case is final for purposes of appeal, after serving twenty-five years of incarceration on the sentence of life without parole.

(2) Any person found guilty of murder in the first degree who was sentenced on or after August 28, 2016, to a term of life imprisonment with eligibility for parole or a term of imprisonment of not less than thirty years and not to exceed forty years, who was under eighteen years of age at the time of the commission of the offense or offenses may submit to the parole board a petition for a review of his or her sentence, regardless of whether the case is final for purposes of appeal, after serving twenty-five years of incarceration, and a subsequent petition after serving thirty-five years of incarceration.

2. A copy of the petition shall be served on the office of the prosecutor in the judicial circuit of original jurisdiction. The petition shall include the person's statement that he or she was under eighteen years of age at the time of the offense, is eligible to petition under this section, and requests that his or her sentence be reviewed.

3. If any of the information required in subsection 2 of this section is missing from the petition, or if proof of service on the prosecuting or circuit attorney is not provided, the parole board shall return the petition to the person and advise him or her that the matter cannot be considered without the missing information.

4. The parole board shall hold a hearing and determine if the defendant shall be granted parole. At such a hearing, the victim or victim's family members shall retain their rights under section 595.209.

5. In a parole review hearing under this section, the board shall consider, in addition to the factors listed in section 565.033:

(1) Efforts made toward rehabilitation since the offense or offenses occurred, including participation in educational, vocational, or other programs during incarceration, when available;

(2) The subsequent growth and increased maturity of the person since the offense or offenses occurred;

(3) Evidence that the person has accepted accountability for the offense or offenses, except in cases where the person has maintained his or her innocence;

(4) The person's institutional record during incarceration; and

(5) Whether the person remains the same risk to society as he or she did at the time of the initial sentencing.

565.020. FIRST DEGREE MURDER, PENALTY — PERSON UNDER EIGHTEEN YEARS OF AGE, PENALTY. — 1. A person commits the [crime] offense of murder in the first degree if he or she knowingly causes the death of another person after deliberation upon the matter.

2. The offense of murder in the first degree is a class A felony, and, if a person is eighteen years of age or older at the time of the offense, the punishment shall be either death or imprisonment for life without eligibility for probation or parole, or release except by act of the governor; except that,]. If a person has not reached his [sixteenth] or her eighteenth birthday at the time of the commission of the [crime] offense, the punishment shall be [imprisonment for life without eligibility for probation or parole, or release except by act of the governor] as provided under section 565.033.

565.030. TRIAL PROCEDURE, FIRST DEGREE MURDER. — 1. Where murder in the first degree is charged but not submitted or where the state waives the death penalty, the submission to the trier and all subsequent proceedings in the case shall proceed as in all other criminal cases [with a single stage trial in which guilt and punishment are submitted together].

2. Where murder in the first degree is submitted to the trier without a waiver of the death penalty, the trial shall proceed in two stages before the same trier. At the first stage the trier shall decide only whether the defendant is guilty or not guilty of any submitted offense. The issue of punishment shall not be submitted to the trier at the first stage. If an offense is charged other than murder in the first degree in a count together with a count of murder in the first degree, the trial judge shall assess punishment on any such offense according to law, after the defendant is found guilty of such offense and after he finds the defendant to be a prior offender pursuant to chapter 558.

3. If murder in the first degree is submitted and the death penalty was not waived but the trier finds the defendant guilty of a lesser homicide, a second stage of the trial shall proceed [at which the only issue shall be the punishment to be assessed and declared. No further evidence shall be received. If the trier is a jury it shall be instructed on the law] **as in all other criminal cases**. The attorneys may then argue as in other criminal cases the issue of punishment, after which the trier shall assess and declare the punishment as in all other criminal cases.

4. If the trier at the first stage of a trial where the death penalty was not waived finds the defendant guilty of murder in the first degree, a second stage of the trial shall proceed at which the only issue shall be the punishment to be assessed and declared. Evidence in aggravation and mitigation of punishment, including but not limited to evidence supporting any of the aggravating or mitigating circumstances listed in subsection 2 or 3 of section 565.032, may be presented subject to the rules of evidence at criminal trials. Such evidence may include, within the discretion of the court, evidence concerning the murder victim and the impact of the [crime] **offense** upon the family of the victim and others. Rebuttal and surrebuttal evidence may be presented. The state shall be the first to proceed. If the trier is a jury it shall be instructed on the law. The attorneys may then argue the issue of punishment to the jury, and the state shall have the right to open and close the argument. The trier shall assess and declare the punishment at life imprisonment without eligibility for probation, parole, or release except by act of the governor:

(1) If the trier finds by a preponderance of the evidence that the defendant is intellectually disabled; or

(2) If the trier does not find beyond a reasonable doubt at least one of the statutory aggravating circumstances set out in subsection 2 of section 565.032; or

(3) If the trier concludes that there is evidence in mitigation of punishment, including but not limited to evidence supporting the statutory mitigating circumstances listed in subsection 3 of section 565.032, which is sufficient to outweigh the evidence in aggravation of punishment found by the trier; or

(4) If the trier decides under all of the circumstances not to assess and declare the punishment at death. If the trier is a jury it shall be so instructed.

If the trier assesses and declares the punishment at death it shall, in its findings or verdict, set out in writing the aggravating circumstance or circumstances listed in subsection 2 of section 565.032 which it found beyond a reasonable doubt. If the trier is a jury it shall be instructed before the case is submitted that if it is unable to decide or agree upon the punishment the court shall assess and declare the punishment at life imprisonment without eligibility for probation, parole, or release except by act of the governor or death. The court shall follow the same procedure as set out in this section whenever it is required to determine punishment for murder in the first degree.

5. Upon written agreement of the parties and with leave of the court, the issue of the defendant's intellectual disability may be taken up by the court and decided prior to trial without prejudicing the defendant's right to have the issue submitted to the trier of fact as provided in subsection 4 of this section.

6. As used in this section, the terms "intellectual disability" or "intellectually disabled" refer to a condition involving substantial limitations in general functioning characterized by significantly subaverage intellectual functioning with continual extensive related deficits and

limitations in two or more adaptive behaviors such as communication, self-care, home living, social skills, community use, self-direction, health and safety, functional academics, leisure and work, which conditions are manifested and documented before eighteen years of age.

7. The provisions of this section shall only govern offenses committed on or after August 28, 2001.

(1) Whether a statutory aggravating circumstance or circumstances enumerated in subsection 2 of this section is established by the evidence beyond a reasonable doubt; and

(2) If a statutory aggravating circumstance or circumstances is proven beyond a reasonable doubt, whether the evidence as a whole justifies a sentence of death or a sentence of life imprisonment without eligibility for probation, parole, or release except by act of the governor. In determining the issues enumerated in subdivisions (1) and (2) of this subsection, the trier shall consider all evidence which it finds to be in aggravation or mitigation of punishment, including evidence received during the first stage of the trial and evidence supporting any of the statutory aggravating or mitigating circumstances set out in subsections 2 and 3 of this section. If the trier is a jury, it shall not be instructed upon any specific evidence which may be in aggravation or mitigation of punishment, but shall be instructed that each juror shall consider any evidence which he **or she** considers to be aggravating or mitigating.

(4) Nursing home services for participants, except to persons with more than five hundred thousand dollars equity in their home or except for persons in an institution for mental diseases who are under the age of sixty-five years, when residing in a hospital licensed by the department of health and senior services or a nursing home licensed by the department of health and senior services or appropriate licensing authority of other states or government-owned and -operated institutions which are determined to conform to standards equivalent to licensing requirements in Title XIX of the federal Social Security Act (42 U.S.C. Section 301, et seq.), as amended, for nursing facilities. The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term "temporary leave of absence" shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or elsewhere;

(7) Drugs and medicines when prescribed by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

(8) Emergency ambulance services and, effective January 1, 1990, medically necessary transportation to scheduled, physician-prescribed nonelective treatments;

(9) Early and periodic screening and diagnosis of individuals who are under the age of twenty-one to ascertain their physical or mental defects, and health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby. Such services shall be provided in accordance with the provisions of Section 6403 of P.L. 101-239 and federal regulations promulgated thereunder;

(10) Home health care services;

(11) Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in the physician's professional judgment, the life of the mother would be endangered if the fetus were carried to term;

(12) Inpatient psychiatric hospital services for individuals under age twenty-one as defined in Title XIX of the federal Social Security Act (42 U.S.C. Section 1396d, et seq.);

(13) Outpatient surgical procedures, including presurgical diagnostic services performed in ambulatory surgical facilities which are licensed by the department of health and senior services of the state of Missouri; except, that such outpatient surgical services shall not include persons who are eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended, if exclusion of such persons is permitted under Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended;

(14) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the average statewide charge for care and treatment in an intermediate care facility for a comparable period of time. Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198 shall be authorized on a tier level based on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who qualifies for assistance under section 208.030 and meets the level of care required in this section shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if he or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the

Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

(15) Mental health services. The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. Section 301, as amended, shall include the following mental health services when such services are provided by community mental health facilities operated by the department of mental health or designated by the department of mental health as a community mental health facility or as an alcohol and drug abuse facility or as a child-serving agency within the comprehensive children's mental health service system established in section 630.097. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(c) Rehabilitative mental health and alcohol and drug abuse services including home and community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health or alcohol and drug abuse professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management. As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

(16) Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

(17) The services of an advanced practice registered nurse with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, and regulations promulgated thereunder;

(18) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the

department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

(19) Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(20) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(21) Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(22) Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(23) Blood clotting products-related services. For persons diagnosed with a bleeding disorder, as defined in section 338.400, reliant on blood clotting products, as defined in section 338.400, such services include:

(a) Home delivery of blood clotting products and ancillary infusion equipment and supplies, including the emergency deliveries of the product when medically necessary;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the blood clotting products; and

(c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home health care agency trained in bleeding disorders when deemed necessary by the participant's treating physician;

(24) The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

- (1) Dental services;
- (2) Services of podiatrists as defined in section 330.010;
- (3) Optometric services as [defined] **described** in section 336.010;
- (4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

- (5) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

- (6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (14) and (15) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations

thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division[,] may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

11. Any income earned by individuals eligible for certified extended employment at a sheltered workshop under chapter 178 shall not be considered as income for purposes of determining eligibility under this section.

12. If the Missouri Medicaid audit and compliance unit changes any interpretation or application of the requirements for reimbursement for MO HealthNet services from the interpretation or application that has been applied previously by the state in any audit of a MO HealthNet provider, the Missouri Medicaid audit and compliance unit shall notify all affected MO HealthNet providers five business days before such change shall take effect. Failure of the Missouri Medicaid audit and compliance unit to notify a provider of such change shall entitle the provider to continue to receive and retain reimbursement until such notification is provided and shall waive any liability of such provider for recoupment or other loss of any payments previously made prior to the five business days after such notice has been sent. Each provider shall provide the Missouri Medicaid audit and compliance unit a valid email address and shall agree to receive communications electronically. The notification required under this section shall be delivered in writing by the United States Postal Service or electronic mail to each provider.

13. Nothing in this section shall be construed to abrogate or limit the department's statutory requirement to promulgate rules under chapter 536.

14. Beginning July 1, 2016, and subject to appropriations, providers of behavioral, social, and psychophysiological services for the prevention, treatment, or management of physical health problems shall be reimbursed utilizing the behavior assessment and intervention reimbursement codes 96150 to 96154 or their successor codes under the Current Procedural Terminology (CPT) coding system. Providers eligible for such reimbursement shall include psychologists.

4. An eligible provider, as a condition of receiving supplemental reimbursement under this section, shall enter into and maintain an agreement with the department's designee for the purposes of implementing this section and reimbursing the department of social services for the costs of administering this section. 8. This section shall be implemented only if and to the extent federal financial participation is available and is not otherwise jeopardized, and any necessary federal approvals have been obtained.

9. To the extent that the director of the department of social services determines that the payments made under this section do not comply with federal Medicaid requirements,

Such system shall provide for retrospective adjustment of an experience modification and premiums paid pursuant to such experience modification where a prior reserved claim produced an experience modification that varied by greater than fifty percent from the experience modification that would have been established based on the settlement amount of that claim. The rating plan shall prohibit an adjustment to the experience modification of an employer if the total medical cost does not exceed [one thousand dollars] **twenty percent of the current split point of primary and excess losses under the uniform experience rating plan**, and the employer pays all of the total medical costs and there is no lost time from the employment, other than the first three days or less of disability under subsection 1 of section 287.160, and no claim is filed. The advisory organization which makes a uniform classification system for use in setting rates in this state shall collect data for two years after January 1, 1994, on the payroll differential between employers within the construction group of code classifications, including, but not limited to, payroll costs of the employer and number of hours worked by all employees of the employer engaged in construction work. Such data shall be transferred to the department of insurance, financial institutions and professional registration in a form prescribed by the director of the department of insurance, financial institutions and professional registration, and the department shall compile the data and develop a formula to equalize premium rates for employers within the construction group of code classifications based on such payroll differential within three years after the data is submitted by the advisory organization.

3. The formula to equalize premium rates for employers within the construction group of code classifications established under subsection 2 of this section shall be the formula in effect on January 1, 1999. This subsection shall become effective on January 1, 2014.

2. The state board of education shall establish CTE requirements intended to provide students with the necessary technical employability skills to be prepared for an entry-level career in a technical field or additional training in a technical field. 5. The department of elementary and secondary education shall promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

8. A decision by the director shall be inadmissible in any civil action brought against a facility or the in-home services provider agency and arising out of the facts and circumstances which brought about the employment disqualification proceeding, unless the civil action is brought against the facility or the in-home services provider agency by the department of health and senior services or one of its divisions.

- (3) Employs [nurses or nursing assistants] **health care providers as defined in section 376.1350** for temporary or intermittent placement in health care facilities;

- (5) Is a public or private facility, day program, residential facility or specialized service operated, funded or licensed by the department of mental health; or

2. For the purpose of this section "patient or resident" has the same meaning as such term is defined in section 43.540.

3. Prior to allowing any person who has been hired as a full-time, part-time or temporary position to have contact with any patient or resident the provider shall, or in the case of temporary employees hired through or contracted for an employment agency, the employment agency shall prior to sending a temporary employee to a provider:

(1) Request a criminal background check as provided in section 43.540. Completion of an inquiry to the highway patrol for criminal records that are available for disclosure to a provider for the purpose of conducting an employee criminal records background check shall be deemed to fulfill the provider's duty to conduct employee criminal background checks pursuant to this section; except that, completing the inquiries pursuant to this subsection shall not be construed to exempt a provider from further inquiry pursuant to common law requirements governing due diligence. If an applicant has not resided in this state for five consecutive years prior to the date of his or her application for employment, the provider shall request a nationwide check for the purpose of determining if the applicant has a prior criminal history in other states. The fingerprint cards and any required fees shall be sent to the highway patrol's central repository. The first set of fingerprints shall be used for searching the state repository of criminal history information. If no identification is made, the second set of fingerprints shall be forwarded to the Federal Bureau of Investigation, Identification Division, for the searching of the federal criminal history files. The patrol shall notify the submitting state agency of any criminal history information or lack of criminal history information discovered on the individual. The provisions relating to applicants for employment who have not resided in this state for five consecutive years shall apply only to persons who have no employment history with a licensed Missouri facility during that five-year period. Notwithstanding the provisions of section 610.120, all records related to any criminal history information discovered shall be accessible and available to the provider making the record request; and

(2) Make an inquiry to the department of health and senior services whether the person is listed on the employee disqualification list as provided in section 192.2490.

4. When the provider requests a criminal background check pursuant to section 43.540, the requesting entity may require that the applicant reimburse the provider for the cost of such record check. When a provider requests a nationwide criminal background check pursuant to subdivision (1) of subsection 3 of this section, the total cost to the provider of any background check required pursuant to this section shall not exceed five dollars which shall be paid to the state. State funding and the obligation of a provider to obtain a nationwide criminal background check shall be subject to the availability of appropriations.

5. An applicant for a position to have contact with patients or residents of a provider shall:

(1) Sign a consent form as required by section 43.540 so the provider may request a criminal records review;

(2) Disclose the applicant's criminal history. For the purposes of this subdivision "criminal history" includes any conviction or a plea of guilty to a misdemeanor or felony charge and shall include any suspended imposition of sentence, any suspended execution of sentence or any period of probation or parole; [and]

A provider not otherwise prohibited from employing an individual listed on such background checks may deny employment to an individual listed on any of the background checks in such registry.

6. An applicant who knowingly fails to disclose his or her criminal history as required in subsection 5 of this section is guilty of a class A misdemeanor. A provider is guilty of a class A misdemeanor if the provider knowingly hires or retains a person to have contact with patients or residents and the person has been found guilty in this state or any other state or has been found guilty of a crime, which if committed in Missouri would be a class A or B felony violation of chapter 565, 566 or 569, or any violation of subsection 3 of section 198.070 or section 568.020.

7. Any in-home services provider agency or home health agency shall be guilty of a class A misdemeanor if such agency knowingly employs a person to provide in-home services or home health services to any in-home services client or home health patient and such person

either refuses to register with the family care safety registry or is listed on any of the background check lists in the family care safety registry pursuant to sections 210.900 to 210.937.

8. The highway patrol shall examine whether protocols can be developed to allow a provider to request a statewide fingerprint criminal records review check through local law enforcement agencies.

9. A provider may use a private investigatory agency rather than the highway patrol to do a criminal history records review check, and alternatively, the applicant pays the private investigatory agency such fees as the provider and such agency shall agree.

10. Except for the hiring restriction based on the department of health and senior services employee disqualification list established pursuant to section 192.2490, the department of health and senior services shall promulgate rules and regulations to waive the hiring restrictions pursuant to this section for good cause. For purposes of this section, "good cause" means the department has made a determination by examining the employee's prior work history and other relevant factors that such employee does not present a risk to the health or safety of residents.

197.065. LIFE SAFETY CODE STANDARDS — WAIVER, WHEN — RULEMAKING AUTHORITY. — 1. The department of health and senior services shall promulgate regulations for the construction and renovation of hospitals that include life safety code standards for hospitals that exclusively reflect the life safety code standards imposed by the federal Medicare program under Title XVIII of the Social Security Act and its conditions of participation in the Code of Federal Regulations.

2. The department shall not require a hospital to meet the standards contained in the Facility Guidelines Institute for the Design and Construction of Health Care Facilities but any hospital that complies with the 2010 or later version of such guidelines for the construction and renovation of hospitals shall not be required to comply with any regulation that is inconsistent or conflicts in any way with such guidelines.

3. The department may waive enforcement of the standards for licensed hospitals imposed by this section if the department determines that:

(1) Compliance with those specific standards would result in unreasonable hardship for the facility and if the health and safety of hospital patients would not be compromised by such waiver or waivers; or

(2) The hospital has used other standards that provide for equivalent design criteria.

4. Regulations promulgated by the department to establish and enforce hospital licensure regulations under this chapter that conflict with the standards established under subsections 1 and 3 of this section shall lapse on and after January 1, 2018.

5. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

197.315. CERTIFICATE OF NEED GRANTED, WHEN — FORFEITURE, GROUNDS — APPLICATION FOR CERTIFICATE, FEE — CERTIFICATE NOT REQUIRED, WHEN. — 1. Any person who proposes to develop or offer a new institutional health service within the state must obtain a certificate of need from the committee prior to the time such services are offered.

2. Only those new institutional health services which are found by the committee to be needed shall be granted a certificate of need. Only those new institutional health services which are granted certificates of need shall be offered or developed within the state. No expenditures for new institutional health services in excess of the applicable expenditure minimum shall be made by any person unless a certificate of need has been granted.

3. After October 1, 1980, no state agency charged by statute to license or certify health care facilities shall issue a license to or certify any such facility, or distinct part of such facility, that is developed without obtaining a certificate of need.

4. If any person proposes to develop any new institutional health care service without a certificate of need as required by sections 197.300 to 197.366, the committee shall notify the attorney general, and he shall apply for an injunction or other appropriate legal action in any court of this state against that person.

5. After October 1, 1980, no agency of state government may appropriate or grant funds to or make payment of any funds to any person or health care facility which has not first obtained every certificate of need required pursuant to sections 197.300 to 197.366.

6. A certificate of need shall be issued only for the premises and persons named in the application and is not transferable except by consent of the committee.

7. Project cost increases, due to changes in the project application as approved or due to project change orders, exceeding the initial estimate by more than ten percent shall not be incurred without consent of the committee.

8. Periodic reports to the committee shall be required of any applicant who has been granted a certificate of need until the project has been completed. The committee may order the forfeiture of the certificate of need upon failure of the applicant to file any such report.

9. A certificate of need shall be subject to forfeiture for failure to incur a capital expenditure on any approved project within six months after the date of the order. The applicant may request an extension from the committee of not more than six additional months based upon substantial expenditure made.

10. Each application for a certificate of need must be accompanied by an application fee. The time of filing commences with the receipt of the application and the application fee. The application fee is one thousand dollars, or one-tenth of one percent of the total cost of the proposed project, whichever is greater. All application fees shall be deposited in the state treasury. Because of the loss of federal funds, the general assembly will appropriate funds to the Missouri health facilities review committee.

11. In determining whether a certificate of need should be granted, no consideration shall be given to the facilities or equipment of any other health care facility located more than a fifteen-mile radius from the applying facility.

12. When a nursing facility shifts from a skilled to an intermediate level of nursing care, it may return to the higher level of care if it meets the licensure requirements, without obtaining a certificate of need.

13. In no event shall a certificate of need be denied because the applicant refuses to provide abortion services or information.

14. A certificate of need shall not be required for the transfer of ownership of an existing and operational health facility in its entirety.

15. A certificate of need may be granted to a facility for an expansion, an addition of services, a new institutional service, or for a new hospital facility which provides for something less than that which was sought in the application.

16. The provisions of this section shall not apply to facilities operated by the state, and appropriation of funds to such facilities by the general assembly shall be deemed in compliance with this section, and such facilities shall be deemed to have received an appropriate certificate of need without payment of any fee or charge. **The provisions of this subsection shall not apply to hospitals operated by the state and licensed under chapter 197, except for department of mental health state-operated psychiatric hospitals.**

17. Notwithstanding other provisions of this section, a certificate of need may be issued after July 1, 1983, for an intermediate care facility operated exclusively for the intellectually disabled.

18. To assure the safe, appropriate, and cost-effective transfer of new medical technology throughout the state, a certificate of need shall not be required for the purchase and operation of:

(1) Research equipment that is to be used in a clinical trial that has received written approval from a duly constituted institutional review board of an accredited school of medicine or osteopathy located in Missouri to establish its safety and efficacy and does not increase the bed complement of the institution in which the equipment is to be located. After the clinical trial has been completed, a certificate of need must be obtained for continued use in such facility; or

(2) Equipment that is to be used by an academic health center operated by the state in furtherance of its research or teaching missions.

324.001. DIVISION OF PROFESSIONAL REGISTRATION ESTABLISHED, DUTIES — BOARDS AND COMMISSIONS ASSIGNED TO — REFERENCE TO DIVISION IN STATUTES — WORKFORCE DATA ANALYSIS, REQUIREMENTS. — 1. For the purposes of this section, the following terms mean:

(1) "Department", the department of insurance, financial institutions and professional registration;

(2) "Director", the director of the division of professional registration; and

(3) "Division", the division of professional registration.

2. There is hereby established a "Division of Professional Registration" assigned to the department of insurance, financial institutions and professional registration as a type III transfer, headed by a director appointed by the governor with the advice and consent of the senate. All of the general provisions, definitions and powers enumerated in section 1 of the Omnibus State Reorganization Act of 1974 and Executive Order 06-04 shall apply to this department and its divisions, agencies, and personnel.

3. The director of the division of professional registration shall promulgate rules and regulations which designate for each board or commission assigned to the division the renewal date for licenses or certificates. After the initial establishment of renewal dates, no director of the division shall promulgate a rule or regulation which would change the renewal date for licenses or certificates if such change in renewal date would occur prior to the date on which the renewal date in effect at the time such new renewal date is specified next occurs. Each board or commission shall by rule or regulation establish licensing periods of one, two, or three years. Registration fees set by a board or commission shall be effective for the entire licensing period involved, and shall not be increased during any current licensing period. Persons who are required to pay their first registration fees shall be allowed to pay the pro rata share of such fees for the remainder of the period remaining at the time the fees are paid. Each board or commission shall provide the necessary forms for initial registration, and thereafter the director may prescribe standard forms for renewal of licenses and certificates. Each board or commission shall by rule and regulation require each applicant to provide the information which is required to keep the board's records current. Each board or commission shall have the authority to collect and analyze information required to support workforce planning and policy development. Such information shall not be publicly disclosed so as to identify a specific health care provider, as defined in section 376.1350. Each board or commission shall issue the original license or certificate.

4. The division shall provide clerical and other staff services relating to the issuance and renewal of licenses for all the professional licensing and regulating boards and commissions assigned to the division. The division shall perform the financial management and clerical functions as they each relate to issuance and renewal of licenses and certificates. "Issuance and renewal of licenses and certificates" means the ministerial function of preparing and delivering licenses or certificates, and obtaining material and information for the board or commission in connection with the renewal thereof. It does not include any discretionary authority with regard to the original review of an applicant's qualifications for licensure or certification, or the subsequent review of licensee's or certificate holder's qualifications, or any disciplinary action contemplated against the licensee or certificate holder. The division may develop and implement microfilming systems and automated or manual management information systems.

5. The director of the division shall maintain a system of accounting and budgeting, in cooperation with the director of the department, the office of administration, and the state auditor's office, to ensure proper charges are made to the various boards for services rendered to them. The general assembly shall appropriate to the division and other state agencies from each board's funds moneys sufficient to reimburse the division and other state agencies for all services rendered and all facilities and supplies furnished to that board.

6. For accounting purposes, the appropriation to the division and to the office of administration for the payment of rent for quarters provided for the division shall be made from the "Professional Registration Fees Fund", which is hereby created, and is to be used solely for the purpose defined in subsection 5 of this section. The fund shall consist of moneys deposited into it from each board's fund. Each board shall contribute a prorated amount necessary to fund the division for services rendered and rent based upon the system of accounting and budgeting established by the director of the division as provided in subsection 5 of this section. Transfers of funds to the professional registration fees fund shall be made by each board on July first of each year; provided, however, that the director of the division may establish an alternative date or dates of transfers at the request of any board. Such transfers shall be made until they equal the prorated amount for services rendered and rent by the division. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue.

7. The director of the division shall be responsible for collecting and accounting for all moneys received by the division or its component agencies. Any money received by a board or commission shall be promptly given, identified by type and source, to the director. The director shall keep a record by board and state accounting system classification of the amount of revenue the director receives. The director shall promptly transmit all receipts to the department of revenue for deposit in the state treasury to the credit of the appropriate fund. The director shall provide each board with all relevant financial information in a timely fashion. Each board shall cooperate with the director by providing necessary information.

8. All educational transcripts, test scores, complaints, investigatory reports, and information pertaining to any person who is an applicant or licensee of any agency assigned to the division of professional registration by statute or by the department are confidential and may not be disclosed to the public or any member of the public, except with the written consent of the person whose records are involved. The agency which possesses the records or information shall disclose the records or information if the person whose records or information is involved has consented to the disclosure. Each agency is entitled to the attorney-client privilege and work-product privilege to the same extent as any other person. Provided, however, that any board may disclose confidential information without the consent of the person involved in the course of voluntary interstate exchange of information, or in the course of any litigation concerning that person, or pursuant to a lawful request, or to other administrative or law enforcement agencies acting within the scope of their statutory authority. Information regarding identity, including names and addresses, registration, and currency of the license of the persons possessing licenses to engage in a professional occupation and the names and addresses of applicants for such licenses is not confidential information.

9. Any deliberations conducted and votes taken in rendering a final decision after a hearing before an agency assigned to the division shall be closed to the parties and the public. Once a final decision is rendered, that decision shall be made available to the parties and the public.

10. A compelling governmental interest shall be deemed to exist for the purposes of section 536.025 for licensure fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the division of professional registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue.

11. (1) The following boards and commissions are assigned by specific type transfers to the division of professional registration: Missouri state board of accountancy, chapter 326; board of cosmetology and barber examiners, chapters 328 and 329; Missouri board for architects,

The governor shall appoint members of these boards by and with the advice and consent of the senate.

(2) The boards and commissions assigned to the division shall exercise all their respective statutory duties and powers, except those clerical and other staff services involving collecting and accounting for moneys and financial management relating to the issuance and renewal of licenses, which services shall be provided by the division, within the appropriation therefor. Nothing herein shall prohibit employment of professional examining or testing services from professional associations or others as required by the boards or commissions on contract. Nothing herein shall be construed to affect the power of a board or commission to expend its funds as appropriated. However, the division shall review the expense vouchers of each board. The results of such review shall be submitted to the board reviewed and to the house and senate appropriations committees annually.

(3) Notwithstanding any other provisions of law, the director of the division shall exercise only those management functions of the boards and commissions specifically provided in the Reorganization Act of 1974, and those relating to the allocation and assignment of space, personnel other than board personnel, and equipment.

(4) "Board personnel", as used in this section or chapters 317, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, and 345, shall mean personnel whose functions and responsibilities are in areas not related to the clerical duties involving the issuance and renewal of licenses, to the collecting and accounting for moneys, or to financial management relating to issuance and renewal of licenses; specifically included are executive secretaries (or comparable positions), consultants, inspectors, investigators, counsel, and secretarial support staff for these positions; and such other positions as are established and authorized by statute for a particular board or commission. Boards and commissions may employ legal counsel, if authorized by law, and temporary personnel if the board is unable to meet its responsibilities with the employees authorized above. Any board or commission which hires temporary employees shall annually provide the division director and the appropriation committees of the general assembly with a complete list of all persons employed in the previous year, the length of their employment, the amount of their remuneration, and a description of their responsibilities.

(5) Board personnel for each board or commission shall be employed by and serve at the pleasure of the board or commission, shall be supervised as the board or commission designates, and shall have their duties and compensation prescribed by the board or commission, within appropriations for that purpose, except that compensation for board personnel shall not exceed that established for comparable positions as determined by the board or commission pursuant to the job and pay plan of the department of insurance, financial institutions and professional registration. Nothing herein shall be construed to permit salaries for any board personnel to be lowered except by board action.

12. All the powers, duties, and functions of the division of athletics, chapter 317, and others, are assigned by type I transfer to the division of professional registration.

13. Wherever the laws, rules, or regulations of this state make reference to the "division of professional registration of the department of economic development", such references shall be deemed to refer to the division of professional registration.

14. (1) The state board of nursing, board of pharmacy, Missouri dental board, state committee of psychologists, state board of chiropractic examiners, state board of optometry, Missouri board of occupational therapy, or state board of registration for the healing arts may individually or collectively enter into a contractual agreement with the

department of health and senior services, a public institution of higher education, or a nonprofit entity for the purpose of collecting and analyzing workforce data from its licensees, registrants, or permit holders for future workforce planning and to assess the accessibility and availability of qualified health care services and practitioners in Missouri. The boards shall work collaboratively with other state governmental entities to ensure coordination and avoid duplication of efforts.

(2) The boards may expend appropriated funds necessary for operational expenses of the program formed under this subsection. Each board is authorized to accept grants to fund the collection or analysis authorized in this subsection. Any such funds shall be deposited in the respective board's fund.

(3) Data collection shall be controlled and approved by the applicable state board conducting or requesting the collection. Notwithstanding the provisions of section 334.001, the boards may release identifying data to the contractor to facilitate data analysis of the health care workforce including, but not limited to, geographic, demographic, and practice or professional characteristics of licensees. The state board shall not request or be authorized to collect income or other financial earnings data.

(4) Data collected under this subsection shall be deemed the property of the state board requesting the data. Data shall be maintained by the state board in accordance with chapter 610, provided that any information deemed closed or confidential under subsection 8 of this section or any other provision of state law shall not be disclosed without consent of the applicable licensee or entity or as otherwise authorized by law. Data shall only be released in an aggregate form by geography, profession or professional specialization, or population characteristic in a manner that cannot be used to identify a specific individual or entity. Data suppression standards shall be addressed and established in the contractual agreement.

(5) Contractors shall maintain the security and confidentiality of data received or collected under this subsection and shall not use, disclose, or release any data without approval of the applicable state board. The contractual agreement between the applicable state board and contractor shall establish a data release and research review policy to include legal and institutional review board, or agency equivalent, approval.

(6) Each board may promulgate rules subject to the provisions of this subsection and chapter 536 to effectuate and implement the workforce data collection and analysis authorized by this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

1. The members, officers, executive director, employees and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit and/or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person.

2. The commission shall defend any member, officer, executive director, employee or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

334.1221. DATA SYSTEM.—DATA SYSTEM

A. The commission shall provide for the development, maintenance, and utilization of a coordinated database and reporting system containing licensure, adverse action, and investigative information on all licensed individuals in member states.

B. Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the data system on all individuals to whom this compact is applicable as required by the rules of the commission, including:

1. Identifying information;
2. Licensure data;
3. Adverse actions against a license or compact privilege;
4. Nonconfidential information related to alternative program participation;
5. Any denial of application for licensure, and the reason(s) for such denial; and
6. Other information that may facilitate the administration of this compact, as determined by the rules of the commission.

C. Investigative information pertaining to a licensee in any member state will only be available to other party states.

D. The commission shall promptly notify all member states of any adverse action taken against a licensee or an individual applying for a license. Adverse action information pertaining to a licensee in any member state will be available to any other member state.

E. Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

F. Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system.

334.1224. RULEMAKING.—RULEMAKING

A. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

D. Prior to promulgation and adoption of a final rule or rules by the commission, and at least thirty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

1. On the website of the commission or other publicly accessible platform; and
2. On the website of each member state physical therapy licensing board or other publicly accessible platform or the publication in which each state would otherwise publish proposed rules.

E. The notice of proposed rulemaking shall include:

1. The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;
2. The text of the proposed rule or amendment and the reason for the proposed rule;
3. A request for comments on the proposed rule from any interested person; and
4. The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

F. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

G. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

1. At least twenty-five persons;
2. A state or federal governmental subdivision or agency; or
3. An association having at least twenty-five members.

H. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the commission shall publish the mechanism for access to the electronic hearing.

1. All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. All hearings will be recorded. A copy of the recording will be made available on request.

4. Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

J. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

K. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

L. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;
2. Prevent a loss of commission or member state funds;
3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
4. Protect public health and safety.

M. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

334.1227. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT. — OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight

1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities or actions of the commission.

3. The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

B. Default, Technical Assistance, and Termination

1. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the commission; and

b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

6. The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

C. Dispute Resolution

1. Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

2. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement

1. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

334.1230. DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT. — DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

A. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and

the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

B. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

C. Any member state may withdraw from this compact by enacting a statute repealing the same.

1. A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this compact shall be construed to invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

E. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

334.1233. CONSTRUCTION AND SEVERABILITY. — CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

335.360. FINDINGS AND DECLARATION OF PURPOSE. — 1. The party states find that:

(1) The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;

(2) Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;

(3) The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;

(4) New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;

(5) The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant to both nurses and states; and

(6) Uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits.

2. The general purposes of this compact are to:

(1) Facilitate the states' responsibility to protect the public's health and safety;

(2) Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;

(3) Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions;

(4) Promote compliance with the laws governing the practice of nursing in each jurisdiction;

(5) Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses;

(6) Decrease redundancies in the consideration and issuance of nurse licenses; and

(7) Provide opportunities for interstate practice by nurses who meet uniform licensure requirements.

335.365. DEFINITIONS.—As used in this compact, the following terms shall mean:

(1) "Adverse action", any administrative, civil, equitable, or criminal action permitted by a state's laws which is imposed by a licensing board or other authority against a nurse, including actions against an individual's license or multistate licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limitation on the licensee's practice, or any other encumbrance on licensure affecting a nurse's authorization to practice, including issuance of a cease and desist action;

(2) "Alternative program", a nondisciplinary monitoring program approved by a licensing board;

(3) "Coordinated licensure information system", an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws that is administered by a nonprofit organization composed of and controlled by licensing boards;

(4) "Current significant investigative information":

(a) Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond, if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction; or

(b) Investigative information that indicates that the nurse represents an immediate threat to public health and safety, regardless of whether the nurse has been notified and had an opportunity to respond;

(5) "Encumbrance", a revocation or suspension of, or any limitation on, the full and unrestricted practice of nursing imposed by a licensing board;

(6) "Home state", the party state which is the nurse's primary state of residence;

(7) "Licensing board", a party state's regulatory body responsible for issuing nurse licenses;

(8) "Multistate license", a license to practice as a registered nurse, "RN", or a licensed practical or vocational nurse, "LPN" or "VN", issued by a home state licensing board that authorizes the licensed nurse to practice in all party states under a multistate licensure privilege;

(9) "Multistate licensure privilege", a legal authorization associated with a multistate license permitting the practice of nursing as either an RN, LPN, or VN in a remote state;

(10) "Nurse", an RN, LPN, or VN, as those terms are defined by each party state's practice laws;

(11) "Party state", any state that has adopted this compact;

(12) "Remote state", a party state, other than the home state;

(13) "Single-state license", a nurse license issued by a party state that authorizes practice only within the issuing state and does not include a multistate licensure privilege to practice in any other party state;

(14) "State", a state, territory, or possession of the United States and the District of Columbia;

(15) "State practice laws", a party state's laws, rules, and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. State practice laws do not include requirements

necessary to obtain and retain a license, except for qualifications or requirements of the home state.

335.370. GENERAL PROVISIONS AND JURISDICTION. — 1. A multistate license to practice registered or licensed practical or vocational nursing issued by a home state to a resident in that state shall be recognized by each party state as authorizing a nurse to practice as a registered nurse, "RN", or as a licensed practical or vocational nurse, "LPN" or "VN", under a multistate licensure privilege, in each party state.

2. A state must implement procedures for considering the criminal history records of applicants for initial multistate license or licensure by endorsement. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records.

3. Each party state shall require the following for an applicant to obtain or retain a multistate license in the home state:

(1) Meets the home state's qualifications for licensure or renewal of licensure as well as all other applicable state laws;

(2) (a) Has graduated or is eligible to graduate from a licensing board-approved RN or LPN or VN prelicensure education program; or

(b) Has graduated from a foreign RN or LPN or VN prelicensure education program that has been approved by the authorized accrediting body in the applicable country and has been verified by an independent credentials review agency to be comparable to a licensing board-approved prelicensure education program;

(3) Has, if a graduate of a foreign prelicensure education program not taught in English or if English is not the individual's native language, successfully passed an English proficiency examination that includes the components of reading, speaking, writing, and listening;

(4) Has successfully passed an NCLEX-RN or NCLEX-PN examination or recognized predecessor, as applicable;

(5) Is eligible for or holds an active, unencumbered license;

(6) Has submitted, in connection with an application for initial licensure or licensure by endorsement, fingerprints or other biometric data for the purpose of obtaining criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records;

(7) Has not been convicted or found guilty, or has entered into an agreed disposition, of a felony offense under applicable state or federal criminal law;

(8) Has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis;

(9) Is not currently enrolled in an alternative program;

(10) Is subject to self-disclosure requirements regarding current participation in an alternative program; and

(11) Has a valid United States Social Security number.

4. All party states shall be authorized, in accordance with existing state due process law, to take adverse action against a nurse's multistate licensure privilege such as revocation, suspension, probation, or any other action that affects a nurse's authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

5. A nurse practicing in a party state shall comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing

is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a multistate licensure privilege shall subject a nurse to the jurisdiction of the licensing board, the courts, and the laws of the party state in which the client is located at the time service is provided.

6. Individuals not residing in a party state shall continue to be able to apply for a party state's single-state license as provided under the laws of each party state. However, the single-state license granted to these individuals shall not be recognized as granting the privilege to practice nursing in any other party state. Nothing in this compact shall affect the requirements established by a party state for the issuance of a single-state license.

7. Any nurse holding a home state multistate license on the effective date of this compact may retain and renew the multistate license issued by the nurse's then current home state, provided that:

(1) A nurse who changes primary state of residence after this compact's effective date shall meet all applicable requirements as provided in subsection 3 of this section to obtain a multistate license from a new home state;

(2) A nurse who fails to satisfy the multistate licensure requirements in subsection 3 of this section due to a disqualifying event occurring after this compact's effective date shall be ineligible to retain or renew a multistate license, and the nurse's multistate license shall be revoked or deactivated in accordance with applicable rules adopted by the Interstate Commission of Nurse Licensure Compact Administrators, commission.

335.375. APPLICATIONS FOR LICENSURE IN A PARTY STATE. — 1. Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against any license or multistate licensure privilege held by the applicant, and whether the applicant is currently participating in an alternative program.

2. A nurse shall hold a multistate license, issued by the home state, in only one party state at a time.

3. If a nurse changes primary state of residence by moving between two party states, the nurse shall apply for licensure in the new home state, and the multistate license issued by the prior home state shall be deactivated in accordance with applicable rules adopted by the commission.

(1) The nurse may apply for licensure in advance of a change in primary state of residence.

(2) A multistate license shall not be issued by the new home state until the nurse provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a multistate license from the new home state.

4. If a nurse changes primary state of residence by moving from a party state to a non-party state, the multistate license issued by the prior home state shall convert to a single-state license, valid only in the former home state.

335.380. ADDITIONAL AUTHORITIES INVESTED IN PARTY STATE LICENSING BOARDS. — 1. In addition to the other powers conferred by state law, a licensing board shall have the authority to:

(1) Take adverse action against a nurse's multistate licensure privilege to practice within that party state;

(a) Only the home state shall have the power to take adverse action against a nurse's license issued by the home state;

(b) For purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action;

(2) Issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state;

(3) Complete any pending investigations of a nurse who changes primary state of residence during the course of such investigations. The licensing board shall also have the authority to take appropriate action and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions;

(4) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located;

(5) Obtain and submit, for each nurse licensure applicant, fingerprint or other biometric based information to the Federal Bureau of Investigation for criminal background checks, receive the results of the Federal Bureau of Investigation record search on criminal background checks, and use the results in making licensure decisions;

(6) If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse; and

(7) Take adverse action based on the factual findings of the remote state; provided that, the licensing board follows its own procedures for taking such adverse action.

2. If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.

3. Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.

335.385. COORDINATED LICENSURE INFORMATION SYSTEM AND EXCHANGE OF INFORMATION. — 1. All party states shall participate in a coordinated licensure information system of all licensed registered nurses, "RNs", and licensed practical or vocational nurses, "LPNs" or "VNs". This system shall include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts.

2. The commission, in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.

3. All licensing boards shall promptly report to the coordinated licensure information system any adverse action, any current significant investigative information, denials of applications with the reasons for such denials, and nurse participation in alternative

programs known to the licensing board regardless of whether such participation is deemed nonpublic or confidential under state law.

4. Current significant investigative information and participation in nonpublic or confidential alternative programs shall be transmitted through the coordinated licensure information system only to party state licensing boards.

5. Notwithstanding any other provision of law, all party state licensing boards contributing information to the coordinated licensure information system may designate information that shall not be shared with non-party states or disclosed to other entities or individuals without the express permission of the contributing state.

6. Any personally identifiable information obtained from the coordinated licensure information system by a party state licensing board shall not be shared with non-party states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

7. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

8. The compact administrator of each party state shall furnish a uniform data set to the compact administrator of each other party state, which shall include, at a minimum:

- (1) Identifying information;
- (2) Licensure data;
- (3) Information related to alternative program participation; and
- (4) Other information that may facilitate the administration of this compact, as determined by commission rules.

9. The compact administrator of a party state shall provide all investigative documents and information requested by another party state.

335.390. ESTABLISHMENT OF THE INTERSTATE COMMISSION OF NURSE LICENSURE COMPACT ADMINISTRATORS. — 1. The party states hereby create and establish a joint public entity known as the "Interstate Commission of Nurse Licensure Compact Administrators".

- (1) The commission is an instrumentality of the party states.
- (2) Venue is proper, and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this compact shall be construed to be a waiver of sovereign immunity.

2. (1) Each party state shall have and be limited to one administrator. The head of the state licensing board or designee shall be the administrator of this compact for each party state. Any administrator may be removed or suspended from office as provided by the law of the state from which the administrator is appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the party state in which the vacancy exists.

(2) Each administrator shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the commission. An administrator shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for an administrator's participation in meetings by telephone or other means of communication.

(3) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws or rules of the commission.

(4) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in section 335.395.

(5) The commission may convene in a closed, nonpublic meeting if the commission must discuss:

- (a) Noncompliance of a party state with its obligations under this compact;
- (b) The employment, compensation, discipline, or other personnel matters, practices, or procedures related to specific employees, or other matters related to the commission's internal personnel practices and procedures;
- (c) Current, threatened, or reasonably anticipated litigation;
- (d) Negotiation of contracts for the purchase or sale of goods, services, or real estate;
- (e) Accusing any person of a crime or formally censuring any person;
- (f) Disclosure of trade secrets or commercial or financial information that is privileged or confidential;
- (g) Disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;
- (h) Disclosure of investigatory records compiled for law enforcement purposes;
- (i) Disclosure of information related to any reports prepared by or on behalf of the commission for the purpose of investigation of compliance with this compact; or
- (j) Matters specifically exempted from disclosure by federal or state statute.

(6) If a meeting, or portion of a meeting, is closed pursuant to subdivision (5) of this subsection, the commission's legal counsel or designee shall certify that the meeting shall be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

3. The commission shall, by a majority vote of the administrators, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of this compact including, but not limited to:

- (1) Establishing the fiscal year of the commission;
- (2) Providing reasonable standards and procedures:
 - (a) For the establishment and meetings of other committees; and
 - (b) Governing any general or specific delegation of any authority or function of the commission;
- (3) Providing reasonable procedures for calling and conducting meetings of the commission, ensuring reasonable advance notice of all meetings and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The commission may meet in closed session only after a majority of the administrators vote to close a meeting in whole or in part. As soon as practicable, the commission must make public a copy of the vote to close the meeting revealing the vote of each administrator, with no proxy votes allowed;

Notice of intent to suspend or terminate shall be given by the commission to the governor of the defaulting state, to the executive officer of the defaulting state's licensing board, and each of the party states.

[335.300. FINDINGS AND DECLARATION OF PURPOSE. — 1. The party states find that:

(1) The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;

(2) Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;

(3) The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;

(4) New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;

(5) The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant to both nurses and states.

2. The general purposes of this compact are to:

(1) Facilitate the states' responsibility to protect the public's health and safety;

(2) Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;

(3) Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions;

(4) Promote compliance with the laws governing the practice of nursing in each jurisdiction;

(5) Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses.]

[335.305. DEFINITIONS. — As used in this compact, the following terms shall mean:

(1) "Adverse action", a home or remote state action;

(2) "Alternative program", a voluntary, nondisciplinary monitoring program approved by a nurse licensing board;

(3) "Coordinated licensure information system", an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws, which is administered by a nonprofit organization composed of and controlled by state nurse licensing boards;

(4) "Current significant investigative information":

(a) Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction; or

(b) Investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond;

(5) "Home state", the party state that is the nurse's primary state of residence;

(6) "Home state action", any administrative, civil, equitable, or criminal action permitted by the home state's laws that are imposed on a nurse by the home state's licensing board or other authority including actions against an individual's license such as: revocation, suspension, probation, or any other action affecting a nurse's authorization to practice;

(7) "Licensing board", a party state's regulatory body responsible for issuing nurse licenses;

(8) "Multistate licensing privilege", current, official authority from a remote state permitting the practice of nursing as either a registered nurse or a licensed practical/vocational nurse in such party state. All party states have the authority, in accordance with existing state due process law, to take actions against the nurse's privilege such as: revocation, suspension, probation, or any other action that affects a nurse's authorization to practice;

(9) "Nurse", a registered nurse or licensed/vocational nurse, as those terms are defined by each state's practice laws;

(10) "Party state", any state that has adopted this compact;

(11) "Remote state", a party state, other than the home state:

(a) Where a patient is located at the time nursing care is provided; or

(b) In the case of the practice of nursing not involving a patient, in such party state where the recipient of nursing practice is located;

(12) "Remote state action":

(a) Any administrative, civil, equitable, or criminal action permitted by a remote state's laws which are imposed on a nurse by the remote state's licensing board or other authority including actions against an individual's multistate licensure privilege to practice in the remote state; and

(b) Cease and desist and other injunctive or equitable orders issued by remote states or the licensing boards thereof;

(13) "State", a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico;

(14) "State practice laws", those individual party's state laws and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. State practice laws does not include the initial qualifications for licensure or requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.]

[335.310. GENERAL PROVISIONS AND JURISDICTION. — 1. A license to practice registered nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a multistate licensure privilege to practice as a registered nurse in such party state. A license to practice licensed practical/vocational nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a multistate licensure privilege to practice as a licensed practical/vocational nurse in such party state. In order to obtain or retain a license, an applicant must meet the home state's qualifications for licensure and license renewal as well as all other applicable state laws.

2. Party states may, in accordance with state due process laws, limit or revoke the multistate licensure privilege of any nurse to practice in their state and may take any other actions under their applicable state laws necessary to protect the health and safety of their citizens. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

3. Every nurse practicing in a party state must comply with the state practice laws of the state in which the patient is located at the time care is rendered. In addition, the practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of a party state. The practice of nursing will subject a nurse to the jurisdiction of the nurse licensing board and the courts, as well as the laws, in that party state.

4. This compact does not affect additional requirements imposed by states for advanced practice registered nursing. However, a multistate licensure privilege to practice registered nursing granted by a party state shall be recognized by other party states as a license to practice registered nursing if one is required by state law as a precondition for qualifying for advanced practice registered nurse authorization.

5. Individuals not residing in a party state shall continue to be able to apply for nurse licensure as provided for under the laws of each party state. However, the license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state unless explicitly agreed to by that party state.]

[335.315. APPLICATIONS FOR LICENSURE IN A PARTY STATE. — 1. Upon application for a license, the licensing board in a party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any restrictions on the multistate licensure privilege, and whether any other adverse action by any state has been taken against the license.

2. A nurse in a party state shall hold licensure in only one party state at a time, issued by the home state.

3. A nurse who intends to change primary state of residence may apply for licensure in the new home state in advance of such change. However, new licenses will not be issued by a party state until after a nurse provides evidence of change in primary state of residence satisfactory to the new home state's licensing board.

4. When a nurse changes primary state of residence by:

(1) Moving between two party states, and obtains a license from the new home state, the license from the former home state is no longer valid;

(2) Moving from a nonparty state to a party state, and obtains a license from the new home state, the individual state license issued by the nonparty state is not affected and will remain in full force if so provided by the laws of the nonparty state;

(3) Moving from a party state to a nonparty state, the license issued by the prior home state converts to an individual state license, valid only in the former home state, without the multistate licensure privilege to practice in other party states.]

[335.320. ADVERSE ACTIONS. — In addition to the general provisions described in article III of this compact, the following provisions apply:

(1) The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system any remote state actions including the factual and legal basis for such action, if known. The licensing board of a remote state shall also promptly report any significant current investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of any such reports;

(2) The licensing board of a party state shall have the authority to complete any pending investigations for a nurse who changes primary state of residence during the course of such investigations. It shall also have the authority to take appropriate actions, and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of

the coordinated licensure information system shall promptly notify the new home state of any such actions;

(3) A remote state may take adverse action affecting the multistate licensure privilege to practice within that party state. However, only the home state shall have the power to impose adverse action against the license issued by the home state;

(4) For purposes of imposing adverse action, the licensing board of the home state shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state, in so doing, it shall apply its own state laws to determine appropriate action;

(5) The home state may take adverse action based on the factual findings of the remote state, so long as each state follows its own procedures for imposing such adverse action;

(6) Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of licensure action and that such participation shall remain nonpublic if required by the party state's laws. Party states must require nurses who enter any alternative programs to agree not to practice in any other party state during the term of the alternative program without prior authorization from such other party state.]

[335.325. ADDITIONAL AUTHORITIES INVESTED IN PARTY STATE NURSE LICENSING BOARDS.— Notwithstanding any other powers, party state nurse licensing boards shall have the authority to:

(1) If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse;

(2) Issue subpoenas for both hearings and investigations which require the attendance and testimony of witnesses, and the production of evidence. Subpoenas issued by a nurse licensing board in a party state for the attendance and testimony of witnesses, and/or the production of evidence from another party state, shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses and evidence are located;

(3) Issue cease and desist orders to limit or revoke a nurse's authority to practice in their state;

(4) Promulgate uniform rules and regulations as provided for in subsection 3 of section 335.335.]

[335.330. COORDINATED LICENSURE INFORMATION SYSTEM. — 1. All party states shall participate in a cooperative effort to create a coordinated database of all licensed registered nurses and licensed practical/vocational nurses. This system will include information on the licensure and disciplinary history of each nurse, as contributed by party states, to assist in the coordination of nurse licensure and enforcement efforts.

2. Notwithstanding any other provision of law, all party states' licensing boards shall promptly report adverse actions, actions against multistate licensure privileges, any current significant investigative information yet to result in adverse action, denials of applications, and the reasons for such denials to the coordinated licensure information system.

3. Current significant investigative information shall be transmitted through the coordinated licensure information system only to party state licensing boards.

4. Notwithstanding any other provision of law, all party states' licensing boards contributing information to the coordinated licensure information system may designate information that may not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state.

5. Any personally identifiable information obtained by a party state's licensing board from the coordinated licensure information system may not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

6. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

7. The compact administrators, acting jointly with each other and in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.]

[335.335. COMPACT ADMINISTRATION AND INTERCHANGE OF INFORMATION.— 1. The head of the nurse licensing board, or his/her designee, of each party state shall be the administrator of this compact for his/her state.

2. The compact administrator of each party shall furnish to the compact administrator of each other party state any information and documents including, but not limited to, a uniform data set of investigations, identifying information, licensure data, and disclosable alternative program participation information to facilitate the administration of this compact.

3. Compact administrators shall have the authority to develop uniform rules to facilitate and coordinate implementation of this compact. These uniform rules shall be adopted by party states, under the authority invested under subsection 4 of section 335.325.]

[335.340. IMMUNITY.— No party state or the officers or employees or agents of a party state's nurse licensing board who acts in accordance with the provisions of this compact shall be liable on account of any act or omission in good faith while engaged in the performance of their duties under this compact. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.]

[335.345. ENTRY INTO FORCE, WITHDRAWAL AND AMENDMENT.— 1. This compact shall enter into force and become effective as to any state when it has been enacted into the laws of that state. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the withdrawing state has given notice of the withdrawal to the executive heads of all other party states.

2. No withdrawal shall affect the validity or applicability by the licensing boards of states remaining party to the compact of any report of adverse action occurring prior to the withdrawal.

3. Nothing contained in this compact shall be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a non-party state that is made in accordance with the other provisions of this compact.

4. This compact may be amended by the party states. No amendment to this compact shall become effective and binding upon the party states unless and until it is enacted into the laws of all party states.]

[335.350. CONSTRUCTION AND SEVERABILITY. CONSTRUCTION AND SEVERABILITY. — 1. This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

2. In the event party states find a need for settling disputes arising under this compact:

(1) The party states may submit the issues in dispute to an arbitration panel which will be comprised of an individual appointed by the compact administrator in the home state, an individual appointed by the compact administrator in the remote states involved, and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute;

(2) The decision of a majority of the arbitrators shall be final and binding.]

[335.355. APPLICABILITY OF COMPACT. — 1. The term "head of the nurse licensing board" as referred to in article VIII of this compact shall mean the executive director of the Missouri state board of nursing.

A person who is extended the privilege to practice in this state pursuant to the nurse licensure compact is subject to discipline by the board, as set forth in this chapter, for violation of this chapter or the rules and regulations promulgated herein. A person extended the privilege to practice in this state pursuant to the nurse licensure compact shall be subject to adhere to all requirements of this chapter, as if such person were originally licensed in this state.

3. Sections 335.300 to 335.355 are applicable only to nurses whose home states are determined by the Missouri state board of nursing to have licensure requirements that are substantially equivalent or more stringent than those of Missouri.

4. This compact is designed to facilitate the regulation of nurses, and does not relieve employers from complying with statutorily imposed obligations.

5. This compact does not supercede existing state labor laws.]

(4) Conducts contract oversight that evaluates performance, monitors compliance, informs intervention and renewal decisions, and ensures autonomy provided under applicable law; and

(5) Designs and implements a transparent and rigorous process that uses comprehensive data to make merit-based renewal decisions.

12. Sponsors receiving funds under subsection 11 of this section shall be required to submit annual reports to the joint committee on education demonstrating they are in compliance with subsection 17 of this section.

13. No university, college or community college shall grant a charter to a nonprofit corporation if an employee of the university, college or community college is a member of the corporation's board of directors.

14. No sponsor shall grant a charter under sections 160.400 to 160.425 and 167.349 without ensuring that a criminal background check and family care safety registry check are conducted for all members of the governing board of the charter schools or the incorporators of the charter school if initial directors are not named in the articles of incorporation, nor shall a sponsor renew a charter without ensuring a criminal background check and family care **safety** registry check are conducted for each member of the governing board of the charter school.

15. No member of the governing board of a charter school shall hold any office or employment from the board or the charter school while serving as a member, nor shall the member have any substantial interest, as defined in section 105.450, in any entity employed by or contracting with the board. No board member shall be an employee of a company that provides substantial services to the charter school. All members of the governing board of the charter school shall be considered decision-making public servants as defined in section 105.450 for the purposes of the financial disclosure requirements contained in sections 105.483, 105.485, 105.487, and 105.489.

16. A sponsor shall develop the policies and procedures for:

(1) The review of a charter school proposal including an application that provides sufficient information for rigorous evaluation of the proposed charter and provides clear documentation that the education program and academic program are aligned with the state standards and grade-level expectations, and provides clear documentation of effective governance and management structures, and a sustainable operational plan;

- (2) The granting of a charter;
- (3) The performance [framework] **contract** that the sponsor will use to evaluate the performance of charter schools. **Charter schools shall meet current state academic performance standards as well as other standards agreed upon by the sponsor and the charter school in the performance contract;**
- (4) The sponsor's intervention, renewal, and revocation policies, including the conditions under which the charter sponsor may intervene in the operation of the charter school, along with actions and consequences that may ensue, and the conditions for renewal of the charter at the end of the term, consistent with subsections 8 and 9 of section 160.405;
- (5) Additional criteria that the sponsor will use for ongoing oversight of the charter; and
- (6) Procedures to be implemented if a charter school should close, consistent with the provisions of subdivision (15) of subsection 1 of section 160.405.

The department shall provide guidance to sponsors in developing such policies and procedures.

17. (1) A sponsor shall provide timely submission to the state board of education of all data necessary to demonstrate that the sponsor is in material compliance with all requirements of sections 160.400 to 160.425 and section 167.349. The state board of education shall ensure each sponsor is in compliance with all requirements under sections 160.400 to 160.425 and 167.349 for each charter school sponsored by any sponsor. The state board shall notify each sponsor of the standards for sponsorship of charter schools, delineating both what is mandated by statute and what best practices dictate. The state board shall evaluate sponsors to determine compliance with these standards every three years. The evaluation shall include a sponsor's policies and procedures in the areas of charter application approval; required charter agreement terms and content; sponsor performance evaluation and compliance monitoring; and charter renewal, intervention, and revocation decisions. Nothing shall preclude the department from undertaking an evaluation at any time for cause.

(2) If the department determines that a sponsor is in material noncompliance with its sponsorship duties, the sponsor shall be notified and given reasonable time for remediation. If remediation does not address the compliance issues identified by the department, the commissioner of education shall conduct a public hearing and thereafter provide notice to the charter sponsor of corrective action that will be recommended to the state board of education. Corrective action by the department may include withholding the sponsor's funding and suspending the sponsor's authority to sponsor a school that it currently sponsors or to sponsor any additional school until the sponsor is reauthorized by the state board of education under section 160.403.

(3) The charter sponsor may, within thirty days of receipt of the notice of the commissioner's recommendation, provide a written statement and other documentation to show cause as to why that action should not be taken. Final determination of corrective action shall be determined by the state board of education based upon a review of the documentation submitted to the department and the charter sponsor.

(4) If the state board removes the authority to sponsor a currently operating charter school under any provision of law, the Missouri charter public school commission shall become the sponsor of the school.

18. If a sponsor notifies a charter school of closure under subsection 8 of section 160.405, the department of elementary and secondary education shall exercise its financial withholding authority under subsection 12 of section 160.415 to assure all obligations of the charter school shall be met. The state, charter sponsor, or resident district shall not be liable for any outstanding liability or obligations of the charter school.

160.403. SPONSORING A CHARTER SCHOOL, ANNUAL APPLICATION AND APPROVAL, CONTENTS OF APPLICATION, APPROVAL REQUIREMENTS. — 1. The department of elementary and secondary education shall establish an annual application and approval process for all entities eligible to sponsor charters as set forth in section 160.400 which are not sponsoring a charter

school as of August 28, 2012, **except that the Missouri charter public school commission shall not be required to undergo the application and approval process.** No later than November 1, 2012, the department shall make available information and guidelines for all eligible sponsors concerning the opportunity to apply for sponsoring authority under this section.

2. The application process for sponsorship shall require each interested eligible sponsor, **except for the Missouri charter public school commission,** to submit an application by February first that includes the following:

(5) The applicant sponsor's renewal, revocation, and nonrenewal processes consistent with section 160.405.

3. By April first of each year, the department shall decide whether to grant or deny a sponsoring authority to a sponsor applicant. This decision shall be made based on the applicant [charter's] **sponsor's** compliance with sections 160.400 to 160.425 **and section 167.349** and properly promulgated rules of the department.

4. Within thirty days of the department's decision, the department shall execute a renewable sponsoring contract with each entity it has approved as a sponsor. The term of each authorizing contract shall be six years and renewable. [No eligible sponsor which is not currently sponsoring a charter school as of August 28, 2012, shall commence charter sponsorship without approval from the state board of education and a sponsor contract with the state board of education in effect.]

Charter schools operating on August 27, 2012, shall have until August 28, 2015, to meet the requirements of this subsection.

2. Proposed charters shall be subject to the following requirements:

(1) A charter shall be submitted to the sponsor, and follow the sponsor's policies and procedures for review and granting of a charter approval, and be approved by the state board of education by [December first of the year] **January thirty-first** prior to **the school year of** the proposed opening date of the charter school;

(2) A charter may be approved when the sponsor determines that the requirements of this section are met, determines that the applicant is sufficiently qualified to operate a charter school,

and that the proposed charter is consistent with the sponsor's charter sponsorship goals and capacity. The sponsor's decision of approval or denial shall be made within ninety days of the filing of the proposed charter;

(3) If the charter is denied, the proposed sponsor shall notify the applicant in writing as to the reasons for its denial and forward a copy to the state board of education within five business days following the denial;

(4) If a proposed charter is denied by a sponsor, the proposed charter may be submitted to the state board of education, along with the sponsor's written reasons for its denial. If the state board determines that the applicant meets the requirements of this section, that the applicant is sufficiently qualified to operate the charter school, and that granting a charter to the applicant would be likely to provide educational benefit to the children of the district, the state board may grant a charter and act as sponsor of the charter school. The state board shall review the proposed charter and make a determination of whether to deny or grant the proposed charter within sixty days of receipt of the proposed charter, provided that any charter to be considered by the state board of education under this subdivision shall be submitted no later than March first prior to the school year in which the charter school intends to begin operations. The state board of education shall notify the applicant in writing as the reasons for its denial, if applicable; and

(5) The sponsor of a charter school shall give priority to charter school applicants that propose a school oriented to high-risk students and to the reentry of dropouts into the school system. If a sponsor grants three or more charters, at least one-third of the charters granted by the sponsor shall be to schools that actively recruit dropouts or high-risk students as their student body and address the needs of dropouts or high-risk students through their proposed mission, curriculum, teaching methods, and services. For purposes of this subsection, a "high-risk" student is one who is at least one year behind in satisfactory completion of course work or obtaining high school credits for graduation, has dropped out of school, is at risk of dropping out of school, needs drug and alcohol treatment, has severe behavioral problems, has been suspended from school three or more times, has a history of severe truancy, is a pregnant or parenting teen, has been referred for enrollment by the judicial system, is exiting incarceration, is a refugee, is homeless or has been homeless sometime within the preceding six months, has been referred by an area school district for enrollment in an alternative program, or qualifies as high risk under department of elementary and secondary education guidelines. "Dropout" shall be defined through the guidelines of the school core data report. The provisions of this subsection do not apply to charters sponsored by the state board of education.

3. If a charter is approved by a sponsor, the charter application shall be submitted to the state board of education, along with a statement of finding **by the sponsor** that the application meets the requirements of sections 160.400 to 160.425 and section 167.349 and a monitoring plan under which the charter sponsor shall evaluate the academic performance, **including annual performance reports**, of students enrolled in the charter school. The state board of education [may, within sixty days, disapprove the granting of the charter] **shall approve or deny a charter application within sixty days of receipt of the application**. The state board of education may [disapprove] **deny** a charter on grounds that the application fails to meet the requirements of sections 160.400 to 160.425 and section 167.349 or that a charter sponsor previously failed to meet the statutory responsibilities of a charter sponsor. **Any denial of a charter application made by the state board of education shall be in writing and shall identify the specific failures of the application to meet the requirements of sections 160.400 to 160.425 and section 167.349, and the written denial shall be provided within ten business days to the sponsor.**

4. A charter school shall, as provided in its charter:

(1) Be nonsectarian in its programs, admission policies, employment practices, and all other operations;

(2) Comply with laws and regulations of the state, county, or city relating to health, safety, and state minimum educational standards, as specified by the state board of education, including

the requirements relating to student discipline under sections 160.261, 167.161, 167.164, and 167.171, notification of criminal conduct to law enforcement authorities under sections 167.115 to 167.117, academic assessment under section 160.518, transmittal of school records under section 167.020, the minimum [number of school days and hours] **amount of school time** required under section [160.041] **171.031**, and the employee criminal history background check and the family care safety registry check under section 168.133;

(3) Except as provided in sections 160.400 to 160.425 **and as specifically provided in other sections**, be exempt from all laws and rules relating to schools, governing boards and school districts;

(4) Be financially accountable, use practices consistent with the Missouri financial accounting manual, provide for an annual audit by a certified public accountant, publish audit reports and annual financial reports as provided in chapter 165, provided that the annual financial report may be published on the department of elementary and secondary education's internet website in addition to other publishing requirements, and provide liability insurance to indemnify the school, its board, staff and teachers against tort claims. A charter school that receives local educational agency status under subsection 6 of this section shall meet the requirements imposed by the Elementary and Secondary Education Act for audits of such agencies and comply with all federal audit requirements for charters with local [education] **educational** agency status. For purposes of an audit by petition under section 29.230, a charter school shall be treated as a political subdivision on the same terms and conditions as the school district in which it is located. For the purposes of securing such insurance, a charter school shall be eligible for the Missouri public entity risk management fund pursuant to section 537.700. A charter school that incurs debt shall include a repayment plan in its financial plan;

(5) Provide a comprehensive program of instruction for at least one grade or age group from [kindergarten] **early childhood** through grade twelve, [which may include early childhood education if funding for such programs is established by statute,] as specified in its charter;

(6) (a) Design a method to measure pupil progress toward the pupil academic standards adopted by the state board of education pursuant to section 160.514, establish baseline student performance in accordance with the performance contract during the first year of operation, collect student performance data as defined by the annual performance report throughout the duration of the charter to annually monitor student academic performance, and to the extent applicable based upon grade levels offered by the charter school, participate in the statewide system of assessments, comprised of the essential skills tests and the nationally standardized norm-referenced achievement tests, as designated by the state board pursuant to section 160.518, complete and distribute an annual report card as prescribed in section 160.522, which shall also include a statement that background checks have been completed on the charter school's board members, **and** report to its sponsor, the local school district, and the state board of education as to its teaching methods and any educational innovations and the results thereof [, and provide data required for the study of charter schools pursuant to subsection 4 of section 160.410]. No charter school shall be considered in the Missouri school improvement program review of the district in which it is located for the resource or process standards of the program.

(b) For proposed [high risk] **high-risk** or alternative charter schools, sponsors shall approve performance measures based on mission, curriculum, teaching methods, and services. Sponsors shall also approve comprehensive academic and behavioral measures to determine whether students are meeting performance standards on a different time frame as specified in that school's charter. Student performance shall be assessed comprehensively to determine whether a [high risk] **high-risk** or alternative charter school has documented adequate student progress. Student performance shall be based on sponsor-approved comprehensive measures as well as standardized public school measures. Annual presentation of charter school report card data to the department of elementary and secondary education, the state board, and the public shall include comprehensive measures of student progress.

(c) Nothing in this subdivision shall be construed as permitting a charter school to be held to lower performance standards than other public schools within a district; however, the charter of a charter school may permit students to meet performance standards on a different time frame as specified in its charter. The performance standards for alternative and special purpose charter schools that target high-risk students as defined in subdivision (5) of subsection 2 of this section shall be based on measures defined in the school's performance contract with its sponsors;

(7) Comply with all applicable federal and state laws and regulations regarding students with disabilities, including sections 162.670 to 162.710, the Individuals with Disabilities Education Act (20 U.S.C. Section 1400) and Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. Section 794) or successor legislation;

(8) Provide along with any request for review by the state board of education the following:

(a) Documentation that the applicant has provided a copy of the application to the school board of the district in which the charter school is to be located, except in those circumstances where the school district is the sponsor of the charter school; and

(b) A statement outlining the reasons for approval or [disapproval] **denial** by the sponsor, specifically addressing the requirements of sections 160.400 to 160.425 and 167.349.

5. (1) Proposed or existing high-risk or alternative charter schools may include alternative arrangements for students to obtain credit for satisfying graduation requirements in the school's charter application and charter. Alternative arrangements may include, but not be limited to, credit for off-campus instruction, embedded credit, work experience through an internship arranged through the school, and independent studies. When the state board of education approves the charter, any such alternative arrangements shall be approved at such time.

(2) The department of elementary and secondary education shall conduct a study of any charter school granted alternative arrangements for students to obtain credit under this subsection after three years of operation to assess student performance, graduation rates, educational outcomes, and entry into the workforce or higher education.

6. The charter of a charter school may be amended at the request of the governing body of the charter school and on the approval of the sponsor. The sponsor and the governing board and staff of the charter school shall jointly review the school's performance, management and operations during the first year of operation and then every other year after the most recent review or at any point where the operation or management of the charter school is changed or transferred to another entity, either public or private. The governing board of a charter school may amend the charter, if the sponsor approves such amendment, or the sponsor and the governing board may reach an agreement in writing to reflect the charter school's decision to become a local educational agency. In such case the sponsor shall give the department of elementary and secondary education written notice no later than March first of any year, with the agreement to become effective July first. The department may waive the March first notice date in its discretion. The department shall identify and furnish a list of its regulations that pertain to local educational agencies to such schools within thirty days of receiving such notice.

7. Sponsors shall annually review the charter school's compliance with statutory standards including:

(1) Participation in the statewide system of assessments, as designated by the state board of education under section 160.518;

(2) Assurances for the completion and distribution of an annual report card as prescribed in section 160.522;

(3) The collection of baseline data during the first three years of operation to determine the longitudinal success of the charter school;

(4) A method to measure pupil progress toward the pupil academic standards adopted by the state board of education under section 160.514; and

(5) Publication of each charter school's annual performance report.

8. (1) (a) A sponsor's [intervention] policies shall give schools clear, adequate, evidence-based, and timely notice of contract violations or performance deficiencies and mandate intervention based upon findings of the state board of education of the following:

a. The charter school provides a high school program which fails to maintain a graduation rate of at least seventy percent in three of the last four school years unless the school has dropout recovery as its mission;

b. The charter school's annual performance report results are below the district's annual performance report results based on the performance standards that are applicable to the grade level configuration of both the charter school and the district in which the charter school is located in three of the last four school years; and

c. The charter school is identified as a persistently lowest achieving school by the department of elementary and secondary education.

(b) A sponsor shall have a policy to revoke a charter during the charter term if there is:

a. Clear evidence of underperformance as demonstrated in the charter school's annual performance report in three of the last four school years; or

b. A violation of the law or the public trust that imperils students or public funds.

(c) A sponsor shall revoke a charter or take other appropriate remedial action, which may include placing the charter school on probationary status for no more than [twelve] **twenty-four** months, provided that no more than one designation of probationary status shall be allowed for the duration of the charter contract, at any time if the charter school commits a serious breach of one or more provisions of its charter or on any of the following grounds: failure to meet the performance contract as set forth in its charter, failure to meet generally accepted standards of fiscal management, failure to provide information necessary to confirm compliance with all provisions of the charter and sections 160.400 to 160.425 and 167.349 within forty-five days following receipt of written notice requesting such information, or violation of law.

(2) The sponsor may place the charter school on probationary status to allow the implementation of a remedial plan, which may require a change of methodology, a change in leadership, or both, after which, if such plan is unsuccessful, the charter may be revoked.

(3) At least sixty days before acting to revoke a charter, the sponsor shall notify the governing board of the charter school of the proposed action in writing. The notice shall state the grounds for the proposed action. The school's governing board may request in writing a hearing before the sponsor within two weeks of receiving the notice.

(4) The sponsor of a charter school shall establish procedures to conduct administrative hearings upon determination by the sponsor that grounds exist to revoke a charter. Final decisions of a sponsor from hearings conducted pursuant to this subsection are subject to an appeal to the state board of education, which shall determine whether the charter shall be revoked.

(5) A termination shall be effective only at the conclusion of the school year, unless the sponsor determines that continued operation of the school presents a clear and immediate threat to the health and safety of the children.

(6) A charter sponsor shall make available the school accountability report card information as provided under section 160.522 and the results of the academic monitoring required under subsection 3 of this section.

9. (1) A sponsor shall take all reasonable steps necessary to confirm that each charter school sponsored by such sponsor is in material compliance and remains in material compliance with all material provisions of the charter and sections 160.400 to 160.425 and 167.349. Every charter school shall provide all information necessary to confirm ongoing compliance with all provisions of its charter and sections 160.400 to 160.425 and 167.349 in a timely manner to its sponsor.

(2) The sponsor's renewal process of the charter school shall be based on the thorough analysis of a comprehensive body of objective evidence and consider if:

(a) The charter school has maintained results on its annual performance report that meet or exceed the district in which the charter school is located based on the performance standards that are applicable to the grade-level configuration of both the charter school and the district in which the charter school is located in three of the last four school years;

(b) The charter school is organizationally and fiscally viable determining at a minimum that the school does not have:

- a. A negative balance in its operating funds;
 - b. A combined balance of less than three percent of the amount expended for such funds during the previous fiscal year; or
 - c. Expenditures that exceed receipts for the most recently completed fiscal year;
- (c) The charter is in compliance with its legally binding performance contract and sections 160.400 to 160.425 and section 167.349; **and**

(d) The charter school has an annual performance report consistent with a classification of accredited for three of the last four years and is fiscally viable as described in paragraph (b) of this subdivision. If such is the case, the charter school may have an expedited renewal process as defined by rule of the department of elementary and secondary education.

(3) (a) Beginning August first during the year in which a charter is considered for renewal, a charter school sponsor shall demonstrate to the state board of education that the charter school is in compliance with federal and state law as provided in sections 160.400 to 160.425 and section 167.349 and the school's performance contract including but not limited to those requirements specific to academic performance.

(b) Along with data reflecting the academic performance standards indicated in paragraph (a) of this subdivision, the sponsor shall submit a revised charter application to the state board of education for review.

(c) Using the data requested and the revised charter application under paragraphs (a) and (b) of this subdivision, the state board of education shall determine if compliance with all standards enumerated in this subdivision has been achieved. The state board of education at its next regularly scheduled meeting shall vote on the revised charter application.

(d) If a charter school sponsor demonstrates the objectives identified in this subdivision, the state board of education shall renew the school's charter.

10. A school district may enter into a lease with a charter school for physical facilities.

11. A governing board or a school district employee who has control over personnel actions shall not take unlawful reprisal against another employee at the school district because the employee is directly or indirectly involved in an application to establish a charter school. A governing board or a school district employee shall not take unlawful reprisal against an educational program of the school or the school district because an application to establish a charter school proposes the conversion of all or a portion of the educational program to a charter school. As used in this subsection, "unlawful reprisal" means an action that is taken by a governing board or a school district employee as a direct result of a lawful application to establish a charter school and that is adverse to another employee or an educational program.

12. Charter school board members shall be subject to the same liability for acts while in office as if they were regularly and duly elected members of school boards in any other public school district in this state. The governing board of a charter school may participate, to the same extent as a school board, in the Missouri public entity risk management fund in the manner provided under sections 537.700 to 537.756.

13. Any entity, either public or private, operating, administering, or otherwise managing a charter school shall be considered a quasi-public governmental body and subject to the provisions of sections 610.010 to 610.035.

14. The chief financial officer of a charter school shall maintain:

(1) A surety bond in an amount determined by the sponsor to be adequate based on the cash flow of the school; or

(2) An insurance policy issued by an insurance company licensed to do business in Missouri on all employees in the amount of five hundred thousand dollars or more that provides coverage in the event of employee theft.

15. The department of elementary and secondary education shall calculate an annual performance report for each charter school and shall publish it in the same manner as annual performance reports are calculated and published for districts and attendance centers.

16. The joint committee on education shall create a committee to investigate facility access and affordability for charter schools. The committee shall be comprised of equal numbers of the charter school sector and the public school sector and shall report its findings to the general assembly by December 31, 2016.

160.408. HIGH-QUALITY SCHOOL, DEFINED, REPLICATION IN UNACCREDITED DISTRICTS. — 1. For purposes of this section, "high-quality charter school" means a charter school operating in the state of Missouri that meets the following requirements:

(1) Receives eighty-five percent or more of the total points on the annual performance report for three out of the last four school years by comparing points earned to the points possible on the annual performance report for three of the last four school years;

Notwithstanding any other provision of law, high-quality charter schools shall be provided expedited opportunities to replicate and expand into unaccredited districts, a metropolitan district, or an urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county. Such replication and expansion shall be subject to the following:

(1) The school seeking to replicate or expand shall submit its proposed charter to a proposed sponsor. The charter shall include a legally binding performance contract that meets the requirements of sections 160.400 to 160.425 and section 167.349;

Such filing shall be made by January thirty-first prior to the school year in which the charter school intends to begin operations.

3. The term of the charter for schools operating under this section shall be five years, and the charter may be renewed for terms of up to ten years. Renewal shall be subject to the provisions of paragraphs (a) to (d) of subdivision (3) of subsection 9 of section 160.405.

(4) In the case of a charter school whose mission includes student drop-out prevention or recovery, any nonresident pupil from the same or an adjacent county who

[4)] (5) In the case of a workplace charter school, any student eligible to attend under subdivision (1) or (2) of this subsection whose parent is employed in the business district, who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level or building. The configuration of a business district shall be set forth in the charter and shall not be construed to create an undue advantage for a single employer or small number of employers.

2. If capacity is insufficient to enroll all pupils who submit a timely application, the charter school shall have an admissions process that assures all applicants of an equal chance of gaining admission **and does not discriminate based on parents' ability to pay fees or tuition** except that:

(1) A charter school may establish a geographical area around the school whose residents will receive a preference for enrolling in the school, provided that such preferences do not result in the establishment of racially or socioeconomically isolated schools and provided such preferences conform to policies and guidelines established by the state board of education;

(2) A charter school may also give a preference for admission of children whose siblings attend the school or whose parents are employed at the school or in the case of a workplace charter school, a child whose parent is employed in the business district or at the business site of such school; and

(3) Charter alternative and special purpose schools may also give a preference for admission to high-risk students, as defined in subdivision (5) of subsection 2 of section 160.405, when the school targets these students through its proposed mission, curriculum, teaching methods, and services.

3. A charter school shall not limit admission based on race, ethnicity, national origin, disability, income level, proficiency in the English language or athletic ability, but may limit admission to pupils within a given age group or grade level. Students of a charter school [that are present for the January membership count as defined in section 163.011] **who have been enrolled for a full academic year** shall be counted in the performance of the charter school on the statewide assessments in that calendar year, unless otherwise exempted as English language learners. **For purposes of this subsection, "full academic year" means the last Wednesday in September through the administration of the Missouri assessment program test without transferring out of the school and re-enrolling.**

[4. The department of elementary and secondary education shall commission a study of the performance of students at each charter school in comparison with an equivalent group of district students representing an equivalent demographic and geographic population and a study of the impact of charter schools upon the constituents they serve in the districts in which they are located, to be conducted by the joint committee on education. The charter school study shall include analysis of the administrative and instructional practices of each charter school and shall include findings on innovative programs that illustrate best practices and lend themselves to replication or incorporation in other schools. The joint committee on education shall coordinate with individuals representing charter schools and the districts in which charter schools are located in conducting the study. The study of a charter school's student performance in relation to a comparable group shall be designed to provide information that would allow parents and educators to make valid comparisons of academic performance between the charter school's students and an equivalent group of district students representing an equivalent demographic and geographic population. The student performance assessment and comparison shall include, but may not be limited to:

(1) Missouri assessment program test performance and aggregate growth over several years;

- (2) Student reenrollment rates;

The department of elementary and secondary education shall make the results of the studies public and shall deliver copies to the governing boards of the charter schools, the sponsors of the charter schools, the school board and superintendent of the districts in which the charter schools are operated.]

between the governing board of the charter school and the educational management organization or the charter management organization for services. The charter school may charge reasonable fees, not to exceed the rate specified in section 610.026 for furnishing copies of documents under this subsection.

[6.] 5. When a student attending a charter school who is a resident of the school district in which the charter school is located moves out of the boundaries of such school district, the student may complete the current semester and shall be considered a resident student. The student's parent or legal guardian shall be responsible for the student's transportation to and from the charter school.

[7.] 6. If a change in school district boundary lines occurs under section 162.223, 162.431, 162.441, or 162.451, or by action of the state board of education under section 162.081, including attachment of a school district's territory to another district or dissolution, such that a student attending a charter school prior to such change no longer resides in a school district in which the charter school is located, then the student may complete the current academic year at the charter school. The student shall be considered a resident student. The student's parent or legal guardian shall be responsible for the student's transportation to and from the charter school.

Each charter school shall report the names, addresses, and eligibility for free and reduced **price** lunch, special education, or limited English proficiency status, as well as eligibility for categorical aid, of pupils resident in a school district who are enrolled in the charter school to the school district in which those pupils reside. The charter school shall report the average daily attendance data, free and reduced **price** lunch count, special education pupil count, and limited English proficiency pupil count to the state department of elementary and secondary education. Each charter school shall promptly notify the state department of elementary and secondary education and the pupil's school district when a student discontinues enrollment at a charter school.

2. Except as provided in subsections 3 and 4 of this section, the aid payments for charter schools shall be as described in this subsection.

(1) A school district having one or more resident pupils attending a charter school shall pay to the charter school an annual amount equal to the product of the charter school's weighted average daily attendance and the state adequacy target, multiplied by the dollar value modifier for the district, plus local tax revenues per weighted average daily attendance from the incidental and teachers' funds in excess of the performance levy as defined in section 163.011 plus all other state aid attributable to such pupils.

(2) The district of residence of a pupil attending a charter school shall also pay to the charter school any other federal or state aid that the district receives on account of such child.

(3) If the department overpays or underpays the amount due to the charter school, such overpayment or underpayment shall be repaid by the public charter school or credited to the public charter school in twelve equal payments in the next fiscal year.

(4) The amounts provided pursuant to this subsection shall be prorated for partial year enrollment for a pupil.

(5) A school district shall pay the amounts due pursuant to this subsection as the disbursal agent and no later than twenty days following the receipt of any such funds. The department of elementary and secondary education shall pay the amounts due when it acts as the disbursal agent within five days of the required due date.

A workplace charter school shall receive payment for each eligible pupil as provided under subsection 2 of this section, except that if the student is not a resident of the district and is participating in a voluntary interdistrict transfer program, the payment for such pupils shall be the same as provided under section 162.1060.

4. A charter school that has declared itself as a local educational agency shall receive from the department of elementary and secondary education an annual amount equal to the product of the charter school's weighted average daily attendance and the state adequacy target, multiplied by the dollar value modifier for the district, plus local tax revenues per weighted average daily attendance from the incidental and teachers funds in excess of the performance levy as defined in section 163.011 plus all other state aid attributable to such pupils. If a charter school declares itself as a local [education] **educational** agency, the department of elementary and secondary education shall, upon notice of the declaration, reduce the payment made to the school district by the amount specified in this subsection and pay directly to the charter school the annual amount reduced from the school district's payment.

5. If a school district fails to make timely payments of any amount for which it is the disbursal agent, the state department of elementary and secondary education shall authorize payment to the charter school of the amount due pursuant to subsection 2 of this section and shall deduct the same amount from the next state school aid apportionment to the owing school district. If a charter school is paid more or less than the amounts due pursuant to this section, the amount of overpayment or underpayment shall be adjusted equally in the next twelve payments by the school district or the department of elementary and secondary education, as appropriate. Any dispute between the school district and a charter school as to the amount owing to the charter school shall be resolved by the department of elementary and secondary education, and the department's decision shall be the final administrative action for the purposes of review pursuant to chapter 536. During the period of dispute, the department of elementary and secondary education shall make every administrative and statutory effort to allow the continued education of children in their current public charter school setting.

6. The charter school and a local school board may agree by contract for services to be provided by the school district to the charter school. The charter school may contract with any other entity for services. Such services may include but are not limited to food service, custodial service, maintenance, management assistance, curriculum assistance, media services and libraries and shall be subject to negotiation between the charter school and the local school board or other entity. Documented actual costs of such services shall be paid for by the charter school.

7. In the case of a proposed charter school that intends to contract with an education service provider for substantial educational services[,] or management services, the request for proposals shall additionally require the charter school applicant to:

(1) Provide evidence of the education service provider's success in serving student populations similar to the targeted population, including demonstrated academic achievement as well as successful management of nonacademic school functions, if applicable;

(2) Provide a term sheet setting forth the proposed duration of the service contract; roles and responsibilities of the governing board, the school staff, and the service provider; scope of services and resources to be provided by the service provider; performance evaluation measures and time lines; compensation structure, including clear identification of all fees to be paid to the service provider; methods of contract oversight and enforcement; investment disclosure; and conditions for renewal and termination of the contract;

(5) Ensure that the legal counsel for the charter school shall report directly to the charter school's governing board; and

(6) Provide a process to ensure that the expenditures that the [educational] **education** service provider intends to bill to the charter school shall receive prior approval of the governing board or its designee.

8. A charter school may enter into contracts with community partnerships and state agencies acting in collaboration with such partnerships that provide services to children and their families linked to the school.

9. A charter school shall be eligible for transportation state aid pursuant to section 163.161 and shall be free to contract with the local district, or any other entity, for the provision of transportation to the students of the charter school.

10. (1) The proportionate share of state and federal resources generated by students with disabilities or staff serving them shall be paid in full to charter schools enrolling those students by their school district where such enrollment is through a contract for services described in this section. The proportionate share of money generated under other federal or state categorical aid programs shall be directed to charter schools serving such students eligible for that aid.

(2) A charter school shall provide the special services provided pursuant to section 162.705 and may provide the special services pursuant to a contract with a school district or any provider of such services.

11. A charter school may not charge tuition[, nor may it] or impose fees that a school district is prohibited from **charging or imposing, except that a charter school may receive tuition payments from districts in the same or an adjoining county for nonresident students who transfer to an approved charter school, as defined in section 167.131, from an unaccredited district.**

12. A charter school is authorized to incur debt in anticipation of receipt of funds. A charter school may also borrow to finance facilities and other capital items. A school district may incur bonded indebtedness or take other measures to provide for physical facilities and other capital items for charter schools that it sponsors or contracts with. **Except as otherwise specifically provided in sections 160.400 to 160.425,** upon the dissolution of a charter school, any liabilities of the corporation will be satisfied through the procedures of chapter 355. **A charter school shall satisfy all its financial obligations within twelve months of notice from the sponsor of the charter school's closure under subsection 8 of section 160.405. After satisfaction of all its financial obligations, a charter school shall return any remaining state and federal funds to the department of elementary and secondary education for disposition as stated in subdivision (17) of subsection 1 of section 160.405.** The department of elementary and secondary education may withhold funding at a level the department

determines to be adequate during a school's last year of operation until the department determines that school records, liabilities, and reporting requirements, including a full audit, are satisfied.

13. Charter schools shall not have the power to acquire property by eminent domain.

14. The governing body of a charter school is authorized to accept grants, gifts or donations of any kind and to expend or use such grants, gifts or donations. A grant, gift or donation may not be accepted by the governing body if it is subject to any condition contrary to law applicable to the charter school or other public schools, or contrary to the terms of the charter.

160.417. FINANCIAL STRESS, REVIEW OF REPORT INFORMATION BY CHARTER SCHOOL SPONSOR, WHEN — CRITERIA FOR FINANCIAL STRESS. — 1. The department of elementary and secondary education shall be authorized to obtain such additional information from a charter school as may be necessary to determine the financial condition of the charter school. Annually, a listing of charter schools identified as experiencing financial stress according to the provisions of this section shall be provided to the governor, speaker of the house of representatives, and president pro tempore of the senate by the department of elementary and secondary education.

- (2) All students complete a selection of high school studies that is challenging and for which there are identified learning expectations; and
- (3) All students proceed from high school graduation to a college or postsecondary vocational or technical school or high-wage job with work place skill development opportunities.

2. The state board of education shall promulgate rules and regulations for the approval of grants made under the program to schools that:

- (1) Establish measurable districtwide performance standards for the goals of the program outlined in subsection 1 of this section; and
- (2) Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and

However, any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the requirements for the approval of the grants authorized by this section as specified in subsection 2 of this section.

[6.] 7. For any school year, grants authorized by subsections 1, 2, and [4] 5 of this section shall be funded with the amount appropriated for this program, less those funds necessary to reimburse eligible students pursuant to subsection [7] 8 of this section.

[7.] 8. The department shall establish rules requiring the owner or operator to maintain evidence of financial responsibility in an amount and form sufficient for taking corrective action and compensating third parties for bodily injury and property damage caused by sudden and nonsudden accidental releases arising from the operation of an underground storage tank.**

2. The form of the evidence of financial responsibility required by this section may be by any one, or any combination, of the following methods: cash trust fund, guarantee, insurance, surety or performance bond, letter of credit, qualification as a self-insurer, or any other method satisfactory to the department. In adopting requirements under this section, the department may

Nothing in this subsection shall be construed to diminish the liability of any person under section 107 or 111 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (P.L. 96-510), as amended, or other applicable law.

5. Except in cases of fraud or misrepresentation on the application for coverage, no owner or operator shall be denied benefits by the petroleum storage tank insurance fund or other provider of financial responsibility required by this section solely because the owner or operator's claim arises from a release of a regulated petroleum substance deemed incompatible with the underground storage tank system.

414.036. FINANCIAL RESPONSIBILITY TO BE MAINTAINED, WHEN — ABOVEGROUND STORAGE TANK DEFINED — RULES. — 1. After December 31, 2010, the owner or operator of an aboveground storage tank defined in subsection 2 of this section shall maintain evidence of financial responsibility in an amount equal to or greater than one million dollars per occurrence and two million dollars annual aggregate for the costs of taking corrective action and compensating third parties for bodily injury and property damage caused by sudden and nonsudden accidental releases arising from the operation of the tank.

3. Owners and operators may meet the requirements of this section by participating in the petroleum storage tank insurance fund created in section 319.129 or by any other method approved by the department.

4. The department shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

5. Except in cases of fraud or misrepresentation on the application for coverage, no owner or operator shall be denied benefits by the petroleum storage tank insurance fund or other provider of financial responsibility required by this section solely because the owner or operator's claim arises from a release of motor fuel deemed incompatible with the aboveground storage tank system.

414.082. INSPECTION FEES, RATE DETERMINED BY DIRECTOR OF REVENUE — PETROLEUM INSPECTION FUND CREATED, FEES DEPOSITED, USES, INVESTMENT OF MONEYS.

— 1. 2. Annually the director of the department of agriculture shall ascertain the total expenses for administering sections 414.012 to 414.152 during the preceding year, and shall forward a copy of such expenses to the director of revenue. The director of revenue shall fix the inspection fee for the ensuing calendar year at such rate per barrel, within the limits established by subsection 1 of this section, as will approximately yield revenue equal to the expenses of administering sections 414.012 to 414.152 during the preceding calendar year and shall collect the fees and deposit them in the state treasury to the credit of the "Petroleum Inspection Fund" which is hereby created. Beginning July 1, 1988, all expenses of administering sections 414.012 to 414.152 shall be paid from appropriations made out of the petroleum inspection fund.

3. 4. All yield, increment, gain, interest or income derived from the investment of these sums shall accrue to the benefit of, and be deposited within the state treasury to the credit of, the petroleum inspection fund.

The position holder, supplier, distributor, and ultimate vendor shall, upon request, provide the required documentation regarding the sales transaction and price of fuel ethanol, fuel ethanol-blended gasoline, and unblended gasoline to the department of agriculture and the department of revenue. All information obtained by the departments from such sources shall be confidential and not disclosed except by court order or as otherwise provided by law.

Any regional waiver shall be issued and implemented in such a way as to minimize putting any region of the state at a competitive advantage or disadvantage with any other region of the state.

6. The provisions of section 414.152 shall apply for purposes of enforcement of this section.

7. The department of agriculture is hereby authorized to promulgate rules to ensure implementation of, and compliance and consistency with, this section. Any rule or portion of

9. Notwithstanding any other law to the contrary, all fuel retailers, wholesalers, distributors, and marketers shall be allowed to purchase fuel ethanol from any terminal, position holder, fuel ethanol producer, fuel ethanol wholesaler, or supplier. 5. The funds derived from contributions in this section shall be used for financial assistance or technical assistance for the purposes provided in section 348.407 to rural agricultural business concepts as approved by the authority. The authority may provide or facilitate loans, equity investments, or guaranteed loans for rural agricultural business concepts, but limited to two million dollars per project or the net state economic impact, whichever is less. Loans, equity investments or guaranteed loans may only be provided to feasible projects, and for an amount that is the least amount necessary to cause the project to occur, as determined by the authority. The authority may structure the loans, equity investments or guaranteed loans in a way that facilitates the project, but also provides for a compensatory return on investment or loan payment to the authority, based on the risk of the project.

6. In any given year, at least ten percent of the funds granted to rural agricultural business concepts shall be awarded to grant requests of twenty-five thousand dollars or less. No single rural agricultural business concept shall receive more than two hundred thousand dollars in grant awards from the authority. Agricultural businesses owned by minority members or women shall be given consideration in the allocation of funds.

7. The authority shall, at least annually, submit a report to the Missouri general assembly reviewing the costs and benefits of the program established under this section.

348.432. NEW GENERATION COOPERATIVE INCENTIVE TAX CREDIT — DEFINITIONS — REQUIREMENTS — LIMITATIONS — REPORT. — 1. The tax credit created in this section shall be known as the "New Generation Cooperative Incentive Tax Credit".

2. As used in this section, the following terms mean:

(1) "Authority", the agriculture and small business development authority as provided in this chapter;

(2) "Development facility", a facility producing either a good derived from an agricultural commodity or using a process to produce a good derived from an agricultural product;

(3) "Eligible new generation cooperative", a nonprofit cooperative association formed pursuant to chapter 274 or incorporated pursuant to chapter 357 for the purpose of operating within this state a development facility or a renewable fuel production facility and approved by the authority;

(4) "Eligible new generation processing entity", a partnership, corporation, cooperative, or limited liability company organized or incorporated pursuant to the laws of this state consisting of not less than twelve members, approved by the authority, for the purpose of owning or operating within this state a development facility or a renewable fuel production facility in which producer members:

- (a) Hold a majority of the governance or voting rights of the entity and any governing committee;
- (b) Control the hiring and firing of management; and
- (c) Deliver agricultural commodities or products to the entity for processing, unless processing is required by multiple entities;
- (5) "Employee-qualified capital project", an eligible new generation cooperative with capital costs greater than fifteen million dollars which will employ at least sixty employees;
- (6) "Large capital project", an eligible new generation cooperative with capital costs greater than one million dollars;
- (7) "Producer member", a person, partnership, corporation, trust or limited liability company whose main purpose is agricultural production that invests cash funds to an eligible new generation cooperative or eligible new generation processing entity;
- (8) "Renewable fuel production facility", a facility producing an energy source which is derived from a renewable, domestically grown, organic compound capable of powering machinery, including an engine or power plant, and any by-product derived from such energy source;
- (9) "Small capital project", an eligible new generation cooperative with capital costs of no more than one million dollars.

3. Beginning tax year 1999, and ending December 31, 2002, any producer member who invests cash funds in an eligible new generation cooperative or eligible new generation processing entity may receive a credit against the tax or estimated quarterly tax otherwise due pursuant to chapter 143, other than taxes withheld pursuant to sections 143.191 to 143.265 or chapter 148, chapter 147, in an amount equal to the lesser of fifty percent of such producer member's investment or fifteen thousand dollars.

4. For all tax years beginning on or after January 1, 2003, any producer member who invests cash funds in an eligible new generation cooperative or eligible new generation processing entity may receive a credit against the tax or estimated quarterly tax otherwise due pursuant to chapter 143, other than taxes withheld pursuant to sections 143.191 to 143.265, chapter 147 or chapter 148, in an amount equal to the lesser of fifty percent of such producer member's investment or fifteen thousand dollars. Tax credits claimed in a taxable year may be done so on a quarterly basis and applied to the estimated quarterly tax pursuant to subsection 3 of this section. If a quarterly tax credit claim or series of claims contributes to causing an overpayment of taxes for a taxable year, such overpayment shall not be refunded but shall be applied to the next taxable year.

5. A producer member shall submit to the authority an application for the tax credit authorized by this section on a form provided by the authority. If the producer member meets all criteria prescribed by this section and is approved by the authority, the authority shall issue a tax credit certificate in the appropriate amount. Tax credits issued pursuant to this section may be [carried back to any of the producer member's three prior taxable years and] carried forward to any of the producer member's [five] **four** subsequent taxable years regardless of the type of tax liability to which such credits are applied as authorized pursuant to subsection 3 of this section. Tax credits issued pursuant to this section may be assigned, transferred, sold or otherwise conveyed and the new owner of the tax credit shall have the same rights in the credit as the producer member. Whenever a certificate of tax credit is assigned, transferred, sold or otherwise conveyed, a notarized endorsement shall be filed with the authority specifying the name and address of the new owner of the tax credit or the value of the credit.

6. Ten percent of the tax credits authorized pursuant to this section initially shall be offered in any fiscal year to small capital projects. If any portion of the ten percent of tax credits offered to small capital costs projects is unused in any calendar year, then the unused portion of tax credits may be offered to employee-qualified capital projects and large capital projects. If the authority receives more applications for tax credits for small capital projects than tax credits are authorized therefor, then the authority, by rule, shall determine the method of distribution of tax credits authorized for small capital projects.

7. Ninety percent of the tax credits authorized pursuant to this section initially shall be offered in any fiscal year to employee-qualified capital projects and large capital projects. If any portion of the ninety percent of tax credits offered to employee-qualified capital projects and large capital costs projects is unused in any fiscal year, then the unused portion of tax credits may be offered to small capital projects. The maximum tax credit allowed per employee-qualified capital project is three million dollars and the maximum tax credit allowed per large capital project is one million five hundred thousand dollars. If the authority approves the maximum tax credit allowed for any employee-qualified capital project or any large capital project, then the authority, by rule, shall determine the method of distribution of such maximum tax credit. In addition, if the authority receives more tax credit applications for employee-qualified capital projects and large capital projects than the amount of tax credits authorized therefor, then the authority, by rule, shall determine the method of distribution of tax credits authorized for employee-qualified capital projects and large capital projects.

8. The authority shall, at least annually, submit a report to the Missouri general assembly reviewing the costs and benefits of the program established under this section.

2. Annually the director of the department of agriculture shall ascertain the total expenses for administering sections 414.012 to 414.152 during the preceding year, and shall forward a copy of such expenses to the director of revenue. The director of revenue shall fix the inspection fee for the ensuing calendar year at such rate per barrel, within the limits established by subsection 1 of this section, as will approximately yield revenue equal to the expenses of administering sections 414.012 to 414.152 during the preceding calendar year and shall collect the fees and deposit them in the state treasury to the credit of the "Petroleum Inspection Fund" which is hereby created. Beginning July 1, 1988, all expenses of administering sections 414.012 to 414.152 shall be paid from appropriations made out of the petroleum inspection fund.

3. The unexpended balance in the fund at the end of each fiscal year shall not be transferred to the general revenue fund of the state, and the provisions of section 33.080 relating to the transfer of funds to the general revenue fund of the state by the state treasurer shall not apply to this fund.

4. The state treasurer shall invest all sums in the petroleum inspection fund not needed for current operating expenses in interest-bearing banking accounts or United States government obligations in the manner provided by law. All yield, increment, gain, interest or income derived from the investment of these sums shall accrue to the benefit of, and be deposited within the state treasury to the credit of, the petroleum inspection fund.

Nothing in this subdivision is intended to exempt employment where the inmate, patient or resident was hired by a state, county or municipal government agency after direct competition with persons who are not inmates, patients or residents and the compensation for the position of employment is not contingent upon or affected by the worker's status as an inmate, patient or resident;

The election shall take effect on

the effective date of the workers' compensation insurance policy or endorsement, or by written notice to the group self-insurer of which the employer is a member, and continue while such policy or endorsement remains in effect or until further written notice to the group self-insurer of which the employer is a member. Any such exempt employer or employer with an exempt class of employees may withdraw such election by the cancellation or nonrenewal of the workers' compensation insurance policy or endorsement, or by written notice to the group self-insurer of which the employer is a member. In the event the employer is electing out of coverage as to the employer, the cancellation shall take effect on the later date of the cancellation of the policy or the filing of notice pursuant to subsection 3 of this section.

4. The mandatory coverage sections of this chapter shall not apply to the employment of any member of a family owning a family farm corporation as defined in section 350.010 or to the employment of any salaried officer of a family farm corporation organized pursuant to the laws of this state, but such family members and officers of such family farm corporations may be covered under a policy of workers' compensation insurance if approved by a resolution of the board of directors. Nothing in this subsection shall be construed to apply to any other type of corporation other than a family farm corporation.

A corporation may withdraw from the provisions of this chapter, when there are no more than two owners of the corporation who are also the only employees of the corporation, by filing with the division notice of election to be withdrawn. The election shall take effect and continue from the date of filing with the division by the corporation of the notice of withdrawal from liability under this chapter. Any corporation making such an election may withdraw its election by filing with the division a notice to withdraw the election, which shall take effect thirty days after the date of the filing, or at such later date as may be specified in the notice of withdrawal.

287.245. VOLUNTEER FIREFIGHTERS, GRANTS FOR WORKERS' COMPENSATION INSURANCE PREMIUMS.—1. As used in this section, the following terms shall mean:

3. Subject to appropriations, the state fire marshal shall disburse grants to each applying volunteer fire protection association according to the following schedule:

287.957. EXPERIENCE RATING PLAN, CONTENTS. — The experience rating plan shall contain reasonable eligibility standards, provide adequate incentives for loss prevention, and shall provide for sufficient premium differentials so as to encourage safety. The uniform experience rating plan shall be the exclusive means of providing prospective premium adjustment based upon measurement of the loss-producing characteristics of an individual insured. An insurer may submit a rating plan or plans providing for retrospective premium adjustments based upon an insured's past experience. Such system shall provide for retrospective adjustment of an experience modification and premiums paid pursuant to such experience modification where a prior reserved claim produced an experience modification that varied by greater than fifty percent from the experience modification that would have been established based on the settlement amount of that claim. The rating plan shall prohibit an adjustment to the experience modification of an employer if the total medical cost does not exceed [one thousand dollars] **twenty percent of the current split point of primary and excess losses under the uniform experience rating plan**, and the employer pays all of the total medical costs and there is no lost time from the employment, other than the first three days or less of disability under subsection 1 of section 287.160, and no claim is filed. An employer opting to utilize this provision maintains an obligation to report the injury under subsection 1 of section 287.380.

2. The advisory organization which makes a uniform classification system for use in setting rates in this state shall collect data for two years after January 1, 1994, on the payroll differential between employers within the construction group of code classifications, including, but not limited to, payroll costs of the employer and number of hours worked by all employees of the employer engaged in construction work. Such data shall be transferred to the department of insurance, financial institutions and professional registration in a form prescribed by the director of the department of insurance, financial institutions and professional registration, and the department shall compile the data and develop a formula to equalize premium rates for employers within the construction group of code classifications based on such payroll differential within three years after the data is submitted by the advisory organization.

3. The formula to equalize premium rates for employers within the construction group of code classifications established under subsection 2 of this section shall be the formula in effect on January 1, 1999. This subsection shall become effective on January 1, 2014.

4. For the purposes of calculating the premium credit under the Missouri contracting classification premium adjustment program, an employer within the construction group of code classifications may submit to the advisory organization the required payroll record information for the first, second, third, or fourth calendar quarter of the year prior to the workers' compensation policy beginning or renewal date, provided that the employer clearly indicates for which quarter the payroll information is being submitted.

2. (1) Notwithstanding any other provisions of this law, any employer, individual, organization, partnership, corporation, other legal entity or employing unit that meets the definition of "lessor employing unit", as defined in subdivision (5) of this subsection, shall be liable for contributions on wages paid by the lessor employing unit to individuals performing services for client lessees of the lessor employing unit. Unless the lessor employing unit has timely complied with the provisions of subdivision (3) of this subsection, any employer, individual, organization, partnership, corporation, other legal entity or employing unit which is leasing individuals from any lessor employing unit shall be jointly and severally liable for any unpaid contributions, interest and penalties due pursuant to this law from any lessor employing unit attributable to wages for services performed for the client lessee entity by individuals leased to the client lessee entity, and the lessor employing unit shall keep separate records and submit separate quarterly contribution and wage reports for each of its client lessee entities. In lieu of a surety bond, the lessor employing unit may deposit in a depository designated by the director, securities with marketable value equivalent to the amount required for a surety bond. The securities so deposited shall include authorization to the director to sell any securities in an amount sufficient to pay any contributions or payments in lieu of contributions, interest, penalties and surcharges which the lessor employing unit fails to promptly pay when due. The certificate of deposit shall be pledged to the director until release by the director. As used in this subdivision, the term "certificate of deposit" means a certificate representing any deposit of funds in a state or federally chartered financial institution for a specified period of time which earns interest at a fixed or variable rate, where such funds cannot be withdrawn prior to a specified time without forfeiture of some or all of the earned interest.

(4) Any lessor employing unit which is currently engaged in the business of leasing individuals to client lessees shall comply with the provisions of subdivision (3) of this subsection by September 28, 1992. (6) The provisions of this subsection shall not be applicable to private employment agencies who provide their employees to employers on a temporary help basis provided the private employment agencies are liable as employers for the payment of contributions on wages paid to temporary workers so employed.

3. After September 30, 1986, notwithstanding any provision of section 288.034, for the purpose of this law, in no event shall a for-hire motor carrier as regulated by the Missouri division of motor carrier and railroad safety or whose operations are confined to a commercial zone be determined to be the employer of a lessor as defined in 49 CFR Section 376.2(f), or of a driver receiving remuneration from a lessor as defined in 49 CFR Section 376.2(f), provided, however, the term "for-hire motor carrier" shall in no event include an organization described in Section 501(c)(3) of the Internal Revenue Code or any governmental entity.

5. For purposes of this chapter, a taxicab driver shall not be considered to be an employee of the company that leases the taxicab to the driver or that provides dispatching or similar rider referral services unless the driver is shown to be an employee of that company by application of the Internal Revenue Service twenty-factor right-to-control test.

Any agreement by a worker to waive, release, or commute such worker's rights to benefits or any other rights pursuant to this chapter or pursuant to an employment security law of any other state or of the federal government shall be void. Any agreement by a worker to pay all or any portion of any contributions required shall be void. No employer shall directly or indirectly make any deduction from wages to finance the employer's contributions required from him or her, or accept any waiver of any right pursuant to this chapter by any individual in his or her employ.

2. No employing unit or any agent of an employing unit or any other person shall make a false statement or representation knowing it to be false, nor shall knowingly fail to disclose a material fact to prevent or reduce the payment of benefits to any individual, nor to avoid becoming or remaining an employer, nor to avoid or reduce any contribution or other payment

required from any employing unit, nor shall willfully fail or refuse to make any contributions or payments nor to furnish any required reports nor to produce or permit the inspection or copying of required records. Each such requirement shall apply regardless of whether it is a requirement of this chapter, of an employment security law of any other state or of the federal government.

3. No person shall make a false statement or representation knowing it to be false or knowingly fail to disclose a material fact, to obtain or increase any benefit or other payment pursuant to this chapter, or under an employment security law of any other state or of the federal government either for himself or herself or for any other person.

4. No person shall without just cause fail or refuse to attend and testify or to answer any lawful inquiry or to produce books, papers, correspondence, memoranda, and other records, if it is in such person's power so to do in obedience to a subpoena of the director, the commission, an appeals tribunal, or any duly authorized representative of any one of them.

5. No individual claiming benefits shall be charged fees of any kind in any proceeding pursuant to this chapter by the division, or by any court or any officer thereof. Any individual claiming benefits in any proceeding before the division or a court may be represented by counsel or other duly authorized agent; but no such counsel or agents shall either charge or receive for such services more than an amount approved by the division.

6. No employee of the division or any person who has obtained any list of applicants for work or of claimants for or recipients of benefits pursuant to this chapter shall use or permit the use of such lists for any political purpose.

7. Any person who shall willfully violate any provision of this chapter, or of an employment security law of any other state or of the federal government or any rule or regulation, the observance of which is required under the terms of any one of such laws, shall upon conviction be deemed guilty of a misdemeanor and shall be punished by a fine of not less than fifty dollars nor more than one thousand dollars, or by imprisonment in the county jail for not more than six months, or by both such fine and imprisonment, and each such violation or each day such violation continues shall be deemed to be a separate offense.

8. In case of contumacy by, or refusal to obey a subpoena issued to, any person, any court of this state within the jurisdiction of which the inquiry is carried on, or within the jurisdiction of which the person guilty of contumacy or refusal to obey is found or resides or transacts business, upon application by the director, the commission, an appeals tribunal, or any duly authorized representative of any one of them shall have jurisdiction to issue to such person an order requiring such person to appear before the director, the commission, an appeals tribunal or any duly authorized representative of any one of them, there to produce evidence if so ordered or there to give testimony touching the matter under investigation or in question; and any failure to obey such order of the court may be punished by the court as a contempt thereof.

9. (1) Any individual or employer who receives or denies unemployment benefits by intentionally misrepresenting, misstating, or failing to disclose any material fact has committed fraud. After the discovery of facts indicating fraud, a deputy shall make a written determination that the individual obtained or denied unemployment benefits by fraud and that the individual must promptly repay the unemployment benefits to the fund. In addition, the deputy shall assess a penalty equal to twenty-five percent of the amount fraudulently obtained or denied. If division records indicate that the individual or employer had a prior established overpayment or record of denial due to fraud, the deputy shall, on the present overpayment or determination, assess a penalty equal to one hundred percent of the amount fraudulently obtained.

(2) Unless the individual or employer within thirty calendar days after notice of such determination of overpayment by fraud is either delivered in person or mailed to the last known address of such individual or employer files an appeal from such determination, it shall be final. Proceedings on the appeal shall be conducted in accordance with section 288.190.

(3) If the individual or employer fails to repay the unemployment benefits and penalty, assessed as a result of the deputy's determination that the individual or employer obtained or denied unemployment benefits by fraud, such sum shall be collectible in the manner provided

in [sections 288.160 and 288.170 for the collection of past due contributions] **subsection 14 of this section for the recovery of overpaid unemployment compensation benefits.** If the individual or employer fails to repay the unemployment benefits that the individual or employer denied or obtained by fraud, the division may offset from any future unemployment benefits otherwise payable the amount of the overpayment, or may take such steps as are necessary to effect payment from the individual or employer. Future benefits may not be used to offset the penalty due. Money received in repayment of fraudulently obtained or denied unemployment benefits and penalties shall first be applied to the unemployment benefits overpaid, then to the penalty amount due. [Payments made toward the penalty amount due] **Regarding payments made toward the penalty, an amount equal to fifteen percent of the total amount of benefits fraudulently obtained shall be immediately deposited into the state's unemployment compensation fund upon receipt and the remaining penalty amount shall be credited to the special employment security fund.**

(4) If fraud or evasion on the part of any employer is discovered by the division, the employer will be subject to the fraud provisions of subsection 4 of section 288.160.

(5) The provisions of this subsection shall become effective July 1, 2005.

10. An individual who willfully fails to disclose amounts earned during any week with respect to which benefits are claimed by him or her, willfully fails to disclose or has falsified as to any fact which would have disqualified him or her or rendered him or her ineligible for benefits during such week, or willfully fails to disclose a material fact or makes a false statement or representation in order to obtain or increase any benefit pursuant to this chapter shall forfeit all of his or her benefit rights, and all of his or her wage credits accrued prior to the date of such failure to disclose or falsification shall be cancelled, and any benefits which might otherwise have become payable to him or her subsequent to such date based upon such wage credits shall be forfeited; except that, the division may, upon good cause shown, modify such reduction of benefits and cancellation of wage credits. It shall be presumed that such failure or falsification was willful in any case in which an individual signs and certifies a claim for benefits and fails to disclose or falsifies as to any fact relative to such claim.

11. (1) Any assignment, pledge, or encumbrance of any rights to benefits which are or may become due or payable pursuant to this chapter shall be void; and such rights to benefits shall be exempt from levy, execution, attachment, or any other remedy whatsoever provided for the collection of debt; and benefits received by any individual, so long as they are not mingled with other funds of the recipient, shall be exempt from any remedy whatsoever for the collection of all debts except debts incurred for necessities furnished to such individual or the individual's spouse or dependents during the time such individual was unemployed. Any waiver of any exemption provided for in this subsection shall be void; except that this section shall not apply to:

(a) Support obligations, as defined pursuant to paragraph (g) of subdivision (2) of this subsection, which are being enforced by a state or local support enforcement agency against any individual claiming unemployment compensation pursuant to this chapter; or

(b) Uncollected overissuances (as defined in Section 13(c)(1) of the Food Stamp Act of 1977) of food stamp coupons;

(2) (a) An individual filing a new claim for unemployment compensation shall, at the time of filing such claim, disclose whether or not the individual owes support obligations, as defined pursuant to paragraph (g) of this subdivision or owes uncollected overissuances of food stamp coupons (as defined in Section 13(c)(1) of the Food Stamp Act of 1977). If any such individual discloses that he or she owes support obligations or uncollected overissuances of food stamp coupons, and is determined to be eligible for unemployment compensation, the division shall notify the state or local support enforcement agency enforcing the support obligation or the state food stamp agency to which the uncollected food stamp overissuance is owed that such individual has been determined to be eligible for unemployment compensation;

(b) The division shall deduct and withhold from any unemployment compensation payable to an individual who owes support obligations as defined pursuant to paragraph (g) of this subdivision or who owes uncollected food stamp overissuances:

a. The amount specified by the individual to the division to be deducted and withheld pursuant to this paragraph if neither subparagraph b. nor subparagraph c. of this paragraph is applicable; or

b. The amount, if any, determined pursuant to an agreement submitted to the division pursuant to Section 454(20)(B)(i) of the Social Security Act by the state or local support enforcement agency, unless subparagraph c. of this paragraph is applicable; or the amount (if any) determined pursuant to an agreement submitted to the state food stamp agency pursuant to Section 13(c)(3)(a) of the Food Stamp Act of 1977; or

c. Any amount otherwise required to be so deducted and withheld from such unemployment compensation pursuant to properly served legal process, as that term is defined in Section 459(i) of the Social Security Act; or any amount otherwise required to be deducted and withheld from the unemployment compensation pursuant to Section 13(c)(3)(b) of the Food Stamp Act of 1977;

(c) Any amount deducted and withheld pursuant to paragraph (b) of this subdivision shall be paid by the division to the appropriate state or local support enforcement agency or state food stamp agency;

(d) Any amount deducted and withheld pursuant to paragraph (b) of this subdivision shall, for all purposes, be treated as if it were paid to the individual as unemployment compensation and paid by such individual to the state or local support enforcement agency in satisfaction of the individual's support obligations or to the state food stamp agency to which the uncollected overissuance is owed as repayment of the individual's uncollected overissuance;

(e) For purposes of paragraphs (a), (b), (c), and (d) of this subdivision, the term "unemployment compensation" means any compensation payable pursuant to this chapter, including amounts payable by the division pursuant to an agreement pursuant to any federal law providing for compensation, assistance, or allowances with respect to unemployment;

(f) Deductions will be made pursuant to this section only if appropriate arrangements have been made for reimbursement by the state or local support enforcement agency, or the state food stamp agency, for the administrative costs incurred by the division pursuant to this section which are attributable to support obligations being enforced by the state or local support enforcement agency or which are attributable to uncollected overissuances of food stamp coupons;

(g) The term "support obligations" is defined for purposes of this subsection as including only obligations which are being enforced pursuant to a plan described in Section 454 of the Social Security Act which has been approved by the Secretary of Health and Human Services pursuant to Part D of Title IV of the Social Security Act;

(h) The term "state or local support enforcement agency", as used in this subsection, means any agency of a state, or political subdivision thereof, operating pursuant to a plan described in paragraph (g) of this subdivision;

(i) The term "state food stamp agency" as used in this subsection means any agency of a state, or political subdivision thereof, operating pursuant to a plan described in the Food Stamp Act of 1977;

(j) The director may prescribe the procedures to be followed and the form and contents of any documents required in carrying out the provisions of this subsection;

(k) The division shall comply with the following priority when deducting and withholding amounts from any unemployment compensation payable to an individual:

a. Before withholding any amount for child support obligations or uncollected overissuances of food stamp coupons, the division shall first deduct and withhold from any unemployment compensation payable to an individual the amount, as determined by the division, owed pursuant to subsection 12 or 13 of this section;

b. If, after deductions are made pursuant to subparagraph a. of this paragraph, an individual has remaining unemployment compensation amounts due and owing, and the individual owes

support obligations or uncollected overissuances of food stamp coupons, the division shall first deduct and withhold any remaining unemployment compensation amounts for application to child support obligations owed by the individual;

c. If, after deductions are made pursuant to subparagraphs a. and b. of this paragraph, an individual has remaining unemployment compensation amounts due and owing, and the individual owes uncollected overissuances of food stamp coupons, the division shall deduct and withhold any remaining unemployment compensation amounts for application to uncollected overissuances of food stamp coupons owed by the individual.

12. Any person who, by reason of the nondisclosure or misrepresentation by such person or by another of a material fact, has received any sum as benefits pursuant to this chapter while any conditions for the receipt of benefits imposed by this chapter were not fulfilled in such person's case, or while he or she was disqualified from receiving benefits, shall, in the discretion of the division, either be liable to have such sums deducted from any future benefits payable to such person pursuant to this chapter or shall be liable to repay to the division for the unemployment compensation fund a sum equal to the amounts so received by him or her. **The division may recover such sums in accordance with the provisions of subsection 14 of this section.**

13. Any person who, by reason of any error or omission or because of a lack of knowledge of material fact on the part of the division, has received any sum of benefits pursuant to this chapter while any conditions for the receipt of benefits imposed by this chapter were not fulfilled in such person's case, or while such person was disqualified from receiving benefits, shall after an opportunity for a fair hearing pursuant to subsection 2 of section 288.190, **in the discretion of the division, either be liable to have such sums deducted from any further benefits payable to such person pursuant to this chapter, [provided that] or shall be liable to repay to the division for the unemployment compensation fund a sum equal to the amounts so received by him or her. The division may recover such sums in accordance with the provisions of subsection 14 of this section.** However, the division may elect not to process such possible overpayments where the amount of same is not over twenty percent of the maximum state weekly benefit amount in effect at the time the error or omission was discovered.

14. Recovering overpaid unemployment compensation benefits shall be pursued by the division against any person receiving such overpaid unemployment compensation benefits through billing, setoffs against state and federal tax refunds to the extent permitted by federal law, intercepts of lottery winnings under section 313.321, and collection efforts as provided for in sections 288.160, 288.170, and 288.175.

15. Any person who has received any sum as benefits under the laws of another state, or under any unemployment benefit program of the United States administered by another state while any conditions for the receipt of benefits imposed by the law of such other state were not fulfilled in his or her case, shall after an opportunity for a fair hearing pursuant to subsection 2 of section 288.190 have such sums deducted from any further benefits payable to such person pursuant to this chapter, but only if there exists between this state and such other state a reciprocal agreement under which such entity agrees to recover benefit overpayments, in like fashion, on behalf of this state.

288.381. COLLECTION OF BENEFITS PAID WHEN CLAIMANT LATER DETERMINED INELIGIBLE OR AWARDED BACK PAY — VIOLATION, DAMAGES. — 1. The provisions of subsection [6] 8 of section 288.070 notwithstanding, benefits paid to a claimant pursuant to subsection [5] 7 of section 288.070 to which the claimant was not entitled based on a subsequent determination, redetermination or decision which has become final, shall be collectible by the division as provided in subsections 12 and 13 of section 288.380.

2. Notwithstanding any other provision of law to the contrary, when a claimant who has been separated from his employment receives benefits under this chapter and subsequently receives a back pay award pursuant to action by a governmental agency, court of competent

jurisdiction or as a result of arbitration proceedings, for a period of time during which no services were performed, the division shall establish an overpayment equal to the lesser of the amount of the back pay award or the benefits paid to the claimant which were attributable to the period covered by the back pay award. After the claimant has been provided an opportunity for a fair hearing under the provision of section 288.190, the employer shall withhold from the employee's back pay award the amount of benefits so received and shall pay such amount to the division and separately designate such amount.

3. For the purposes of subsection 2 of this section, the division shall provide the employer with the amount of benefits paid to the claimant.

4. Any individual, company, association, corporation, partnership, bureau, agency or the agent or employee of the foregoing who interferes with, obstructs, or otherwise causes an employer to fail to comply with the provisions of subsection 2 of this section shall be liable for damages in the amount of three times the amount owed by the employer to the division. The division shall proceed to collect such damages under the provisions of sections 288.160 and 288.170.

If the report is made by a physician of the in-home services client, the department shall maintain contact with the physician regarding the progress of the investigation.

2. [When a report of deteriorating physical condition resulting in possible abuse or neglect of an in-home services client is received by the department, the client's case manager and the department nurse shall be notified. The client's case manager shall investigate and immediately report the results of the investigation to the department nurse. The department may authorize the in-home services provider nurse to assist the case manager with the investigation.

3. If requested, local area agencies on aging shall provide volunteer training to those persons listed in subsection 1 of this section regarding the detection and report of abuse and neglect pursuant to this section.

4.] Any person required in subsection 1 of this section to report or cause a report to be made to the department who fails to do so within a reasonable time after the act of abuse or neglect is guilty of a class A misdemeanor.

[5.] 3. The report shall contain the names and addresses of the in-home services provider agency, the in-home services employee, the in-home services client, the home health agency, the home health agency employee, information regarding the nature of the abuse or neglect, the name of the complainant, and any other information which might be helpful in an investigation.

[6.] 4. In addition to those persons required to report under subsection 1 of this section, any other person having reasonable cause to believe that an in-home services client or home health patient has been abused or neglected by an in-home services employee or home health agency employee may report such information to the department.

[7.] 5. If the investigation indicates possible abuse or neglect of an in-home services client or home health patient, the investigator shall refer the complaint together with his or her report to the department director or his or her designee for appropriate action. If, during the investigation or at its completion, the department has reasonable cause to believe that immediate action is necessary to protect the in-home services client or home health patient from abuse or neglect, the department or the local prosecuting attorney may, or the attorney general upon request of the department shall, file a petition for temporary care and protection of the in-home services client or home health patient in a circuit court of competent jurisdiction. The circuit court in which the petition is filed shall have equitable jurisdiction to issue an ex parte order granting the department authority for the temporary care and protection of the in-home services client or home health patient, for a period not to exceed thirty days.

[8.] 6. Reports shall be confidential, as provided under section 192.2500.

[9.] 7. Anyone, except any person who has abused or neglected an in-home services client or home health patient, who makes a report pursuant to this section or who testifies in any administrative or judicial proceeding arising from the report shall be immune from any civil or criminal liability for making such a report or for testifying except for liability for perjury, unless such person acted negligently, recklessly, in bad faith, or with malicious purpose.

[10.] 8. Within five working days after a report required to be made under this section is received, the person making the report shall be notified in writing of its receipt and of the initiation of the investigation.

[11.] 9. No person who directs or exercises any authority in an in-home services provider agency or home health agency shall harass, dismiss or retaliate against an in-home services client or home health patient, or an in-home services employee or a home health agency employee because he or she or any member of his or her family has made a report of any violation or suspected violation of laws, standards or regulations applying to the in-home services provider agency or home health agency or any in-home services employee or home health agency employee which he or she has reasonable cause to believe has been committed or has occurred.

[12.] 10. Any person who abuses or neglects an in-home services client or home health patient is subject to criminal prosecution under section 565.184. If such person is an in-home services employee and has been found guilty by a court, and if the supervising in-home services provider willfully and knowingly failed to report known abuse by such employee to the department, the supervising in-home services provider may be subject to administrative penalties of one thousand dollars per violation to be collected by the department and the money received

therefor shall be paid to the director of revenue and deposited in the state treasury to the credit of the general revenue fund. Any in-home services provider which has had administrative penalties imposed by the department or which has had its contract terminated may seek an administrative review of the department's action pursuant to chapter 621. Any decision of the administrative hearing commission may be appealed to the circuit court in the county where the violation occurred for a trial de novo. For purposes of this subsection, the term "violation" means a determination of guilt by a court.

[13.] **11.** The department shall establish a quality assurance and supervision process for clients that requires an in-home services provider agency to conduct random visits to verify compliance with program standards and verify the accuracy of records kept by an in-home services employee.

[14.] **12.** The department shall maintain the employee disqualification list and place on the employee disqualification list the names of any persons who have been finally determined by the department, pursuant to section 192.2490, to have recklessly, knowingly or purposely abused or neglected an in-home services client or home health patient while employed by an in-home services provider agency or home health agency. For purposes of this section only, "knowingly" and "recklessly" shall have the meanings that are ascribed to them in this section. A person acts "knowingly" with respect to the person's conduct when a reasonable person should be aware of the result caused by his or her conduct. A person acts "recklessly" when the person consciously disregards a substantial and unjustifiable risk that the person's conduct will result in serious physical injury and such disregard constitutes a gross deviation from the standard of care that a reasonable person would exercise in the situation.

[15.] **13.** At the time a client has been assessed to determine the level of care as required by rule and is eligible for in-home services, the department shall conduct a "Safe at Home Evaluation" to determine the client's physical, mental, and environmental capacity. The department shall develop the safe at home evaluation tool by rule in accordance with chapter 536. The purpose of the safe at home evaluation is to assure that each client has the appropriate level of services and professionals involved in the client's care. The plan of service or care for each in-home services client shall be authorized by a nurse. The department may authorize the licensed in-home services nurse, in lieu of the department nurse, to conduct the assessment of the client's condition and to establish a plan of services or care. The department may use the expertise, services, or programs of other departments and agencies on a case-by-case basis to establish the plan of service or care. The department may, as indicated by the safe at home evaluation, refer any client to a mental health professional, as defined in 9 CSR 30-4.030, for evaluation and treatment as necessary.

[16.] **14.** Authorized nurse visits shall occur at least twice annually to assess the client and the client's plan of services. The provider nurse shall report the results of his or her visits to the client's case manager. If the provider nurse believes that the plan of service requires alteration, the department shall be notified and the department shall make a client evaluation. All authorized nurse visits shall be reimbursed to the in-home services provider. All authorized nurse visits shall be reimbursed outside of the nursing home cap for in-home services clients whose services have reached one hundred percent of the average statewide charge for care and treatment in an intermediate care facility, provided that the services have been preauthorized by the department.

[17.] **15.** All in-home services clients shall be advised of their rights by the department or the department's designee at the initial evaluation. The rights shall include, but not be limited to, the right to call the department for any reason, including dissatisfaction with the provider or services. The department may contract for services relating to receiving such complaints. The department shall establish a process to receive such nonabuse and neglect calls other than the elder abuse and neglect hotline.

[18.] **16.** Subject to appropriations, all nurse visits authorized in sections 192.2400 to 192.2475 shall be reimbursed to the in-home services provider agency.

208.1030. SUPPLEMENTAL REIMBURSEMENT FOR GROUND EMERGENCY MEDICAL TRANSPORTATION—AMOUNT—VOLUNTARY PARTICIPATION.— 1. An eligible provider, as described in subsection 2 of this section, may, in addition to the rate of payment that the provider would otherwise receive for Medicaid ground emergency medical transportation services, receive MO HealthNet supplemental reimbursement to the extent provided by law.

2. A provider shall be eligible for Medicaid supplemental reimbursement if the provider meets the following characteristics during the state reporting period:

(1) Provides ground emergency medical transportation services to MO HealthNet participants;

3. An eligible provider's Medicaid supplemental reimbursement under this section shall be calculated and paid as follows:

(2) In no instance shall the amount certified under subdivision (1) of subsection 5 of this section, when combined with the amount received from all other sources of reimbursement from the MO HealthNet program, exceed one hundred percent of actual costs, as determined under the Medicaid state plan for ground emergency medical transportation services; and

(3) The supplemental Medicaid reimbursement provided by this section shall be distributed exclusively to eligible providers under a payment methodology based on ground emergency medical transportation services provided to MO HealthNet participants by eligible providers on a per-transport basis or other federally permissible basis. The department of social services shall obtain approval from the Centers for Medicare and Medicaid Services for the payment methodology to be utilized and shall not make any payment under this section prior to obtaining that approval.

4. An eligible provider, as a condition of receiving supplemental reimbursement under this section, shall enter into and maintain an agreement with the department's designee for the purposes of implementing this section and reimbursing the department

of social services for the costs of administering this section. The non-federal share of the supplemental reimbursement submitted to the Centers for Medicare and Medicaid Services for purposes of claiming federal financial participation shall be paid with funds from the governmental entities described in subdivision (3) of subsection 2 of this section and certified to the state as provided in subsection 5 of this section.

5. Participation in the program by an eligible provider described in this section is voluntary. If an applicable governmental entity elects to seek supplemental reimbursement under this section on behalf of an eligible provider owned or operated by the entity, as described in subdivision (3) of subsection 2 of this section, the governmental entity shall do the following:

6. The department of social services shall be authorized to seek any necessary federal approvals for the implementation of this section. The department may limit the program to those costs that are allowable expenditures under Title XIX of the Social Security Act, 42 U.S.C. Section 1396, et seq.

(2) Is enrolled as a MO HealthNet provider for the period being claimed; and

(3) Is owned, operated, or contracted by the state or a political subdivision.

3. (1) The increased capitation payments made under this section shall be in amounts at least actuarially equivalent to the supplemental fee-for-service payments and up to equivalent of commercial reimbursement rates available for eligible providers to the extent permissible under federal law.

(2) Except as provided in subsection 6 of this section, all funds associated with intergovernmental transfers made and accepted under this section shall be used to fund additional payments to eligible providers.

(3) MO HealthNet managed care plans and coordinated care organizations shall pay one hundred percent of any amount of increased capitation payments made under this section to eligible providers for providing and making available ground emergency medical transportation and pre-stabilization services pursuant to a contract or other arrangement with a MO HealthNet managed care plan or coordinated care organization.

4. The intergovernmental transfer program developed under this section shall be implemented on the date federal approval is obtained, and only to the extent intergovernmental transfers from the eligible provider, or the governmental entity with which it is affiliated, are provided for this purpose. The department of social services shall implement the intergovernmental transfer program and increased capitation payments under this section on a retroactive basis as permitted by federal law.

6. As a condition of participation under this section, each eligible provider as described in subsection 2 of this section or the governmental entity affiliated with an eligible provider shall agree to reimburse the department of social services for any costs associated with implementing this section. Intergovernmental transfers described in this section are subject to an administration fee of up to twenty percent of the nonfederal share paid to the department of social services and shall be allowed to count as a cost of providing the services not to exceed one hundred twenty percent of the total amount.

7. As a condition of participation under this section, MO HealthNet managed care plans, coordinated care organizations, eligible providers as described in subsection 2 of this section, and governmental entities affiliated with eligible providers shall agree to comply with any requests for information or similar data requirements imposed by the department of social services for purposes of obtaining supporting documentation necessary to claim federal funds or to obtain federal approvals.

8. This section shall be implemented only if and to the extent federal financial participation is available and is not otherwise jeopardized, and any necessary federal approvals have been obtained.

9. To the extent that the director of the department of social services determines that the payments made under this section do not comply with federal Medicaid requirements, the director retains the discretion to return or not accept an intergovernmental transfer, and may adjust payments under this section as necessary to comply with federal Medicaid requirements.

Any person, including a **legal guardian or a parent of such person if he or she is a minor**, family member of such person within the first degree of consanguinity if such person is deceased or incompetent, attorney for a person, or insurer of a person involved in any incident or whose property is involved in an incident, may obtain any records closed pursuant to this section or section 610.150 for purposes of investigation of any civil claim or defense, as provided by this subsection. If, based on such motion, the court finds for the law enforcement agency, the court shall either order the record closed or order such portion of the record that should be closed to be redacted from any record made available pursuant to this subsection.

5. Any person may bring an action pursuant to this section in the circuit court having jurisdiction to authorize disclosure of **a mobile video recording** or the information contained in an investigative report of any law enforcement agency, which would otherwise be closed pursuant to this section. The court may order that all or part of **a mobile video recording** or the information contained in an investigative report be released to the person bringing the action.

(1) In making the determination as to whether information contained in an investigative report shall be disclosed, the court shall consider whether the benefit to the person bringing the action or to the public outweighs any harm to the public, to the law enforcement agency or any of its officers, or to any person identified in the investigative report in regard to the need for law enforcement agencies to effectively investigate and prosecute criminal activity.

(2) In making the determination as to whether a mobile video recording shall be disclosed, the court shall consider:

(a) Whether the benefit to the person bringing the action or the benefit to the public outweighs any harm to the public, to the law enforcement agency or any of its officers, or to any person identified in the mobile video recording with respect to the need for law enforcement agencies to effectively investigate and prosecute criminal activity;

(b) Whether the mobile video recording contains information that is reasonably likely to disclose private matters in which the public has no legitimate concern;

(3) The **mobile video recording or** investigative report in question may be examined by the court in camera.

(4) If the disclosure is authorized in whole or in part, the court may make any order that justice requires, including one or more of the following:

(a) That the mobile video recording or investigative report may be disclosed only on specified terms and conditions, including a designation of the time or place;

(b) That the mobile video recording or investigative report may be disclosed to the person making the request in a different manner or form as requested;

(f) That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only in a designated way.

(5) The court may find that the party seeking disclosure of the **mobile video recording or** investigative report shall bear the reasonable and necessary costs and attorneys' fees of both parties, unless the court finds that the decision of the law enforcement agency not to open the **mobile video recording or** investigative report was substantially unjustified under all relevant circumstances, and in that event, the court may assess such reasonable and necessary costs and attorneys' fees to the law enforcement agency.

6. Any person may apply pursuant to this subsection to the circuit court having jurisdiction for an order requiring a law enforcement agency to open incident reports and arrest reports being unlawfully closed pursuant to this section. If the court finds by a preponderance of the evidence that the law enforcement officer or agency has knowingly violated this section, the officer or agency shall be subject to a civil penalty in an amount up to one thousand dollars. If the court finds that there is a knowing violation of this section, the court may order payment by such officer or agency of all costs and attorneys' fees, as provided by section 610.027. If the court finds by a preponderance of the evidence that the law enforcement officer or agency has purposely violated this section, the officer or agency shall be subject to a civil penalty in an amount up to five thousand dollars and the court shall order payment by such officer or agency of all costs and attorney fees, as provided in section 610.027. The court shall determine the amount of the penalty by taking into account the size of the jurisdiction, the seriousness of the offense, and whether the law enforcement officer or agency has violated this section previously.

7. The victim of an offense as provided in chapter 566 may request that his or her identity be kept confidential until a charge relating to such incident is filed.

8. Any person who requests and receives a mobile video recording that was recorded in a nonpublic location under this section is prohibited from displaying or disclosing the mobile video recording, including any description or account of any or all of the mobile video recording, without first providing direct third party notice to each person not affiliated with a law enforcement agency whose image or sound is contained in the recording. Upon receiving such notice, each person appearing in a mobile video recording shall be given ten days to file and serve an action seeking an order from a court of competent jurisdiction to enjoin all or some of the intended display, disclosure, description, or account of the recording. Any person who fails to comply with the provisions of this section shall be subject to damages in a civil action proceeding.

610.205. CRIME SCENE PHOTOGRAPHS AND VIDEO RECORDINGS CLOSED RECORDS, WHEN — DISCLOSURE TO NEXT-OF-KIN OR BY COURT ORDER — INAPPLICABILITY. — 1. at a crime scene, which depict or describe a deceased person in a state of dismemberment, decapitation, or similar mutilation including, without limitation, where the deceased person's genitalia are exposed, shall be considered closed records and shall not be subject to disclosure under the provisions of this chapter; provided, however, that this section shall not prohibit disclosure of such material to the deceased's next of kin or to an individual who has secured a written release from the next of kin. It shall be the responsibility of the next of kin to show proof of the familial relationship. For purposes of such access, the deceased's next of kin shall be:

- (1) The spouse of the deceased if living;
- (2) If there is no living spouse of the deceased, an adult child of the deceased; or
- (3) If there is no living spouse or adult child, a parent of the deceased.

2. Subject to the provisions of subsection 3 of this section, in the case of closed criminal investigations a circuit court judge may order the disclosure of such photographs or video recordings upon findings in writing that disclosure is in the public interest and outweighs any privacy interest that may be asserted by the deceased person's next of kin. In making such determination, the court shall consider whether such disclosure is necessary for public evaluation of governmental performance, the seriousness of the intrusion into the family's right to privacy, and whether such disclosure is the least intrusive means available considering the availability of similar information in other public records. In any such action, the court shall review the photographs or video recordings in question in camera with the custodian of the crime scene materials present and may condition any disclosure on such condition as the court may deem necessary to accommodate the interests of the parties.

3. Prior to releasing any crime scene material described in subsection 1 of this section, the custodian of such material shall give the deceased person's next of kin at least two weeks' notice. No court shall order a disclosure under subsection 2 of this section which would disregard or shorten the duration of such notice requirement.

4. The provisions of this section shall apply to all undisclosed material which is in the custody of a state or local agency on the effective date of this section and to any such material which comes into the custody of a state or local agency after such date.

5. The provisions of this section shall not apply to disclosure of crime scene material to counsel representing a convicted defendant in a habeas corpus action, on a motion for new trial, or in a federal habeas corpus action under 28 U.S.C. Section 2254 or 2255 for the purpose of preparing to file or litigating such proceedings. Counsel may disclose such materials to his or her client and any expert or investigator assisting counsel but shall not otherwise disseminate such materials, except to the extent they may be necessary exhibits in court proceedings. A request under this subsection shall clearly state that such request is being made for the purpose of preparing to file and litigate proceedings enumerated in this subsection.

6. The director of the department of public safety shall promulgate rules and regulations governing the viewing of materials described in subsection 1 of this section by bona fide credentialed members of the press.

[192.737. DATA ANALYSIS AND NEEDS ASSESSMENT. — 1. The department of health and senior services shall establish and maintain an information registry and reporting system for the purpose of data collection and needs assessment of brain and spinal cord injured persons in this state.

2. Reports of traumatic brain and spinal cord injuries shall be filed with the department by a treating physician or his designee within seven days of identification. The attending physician of any patient with traumatic brain or spinal cord injury who is in the hospital shall provide in writing to the chief administrative officer the information required to be reported by this section. The chief administrative officer of the hospital shall then have the duty to submit the required reports.

3. Reporting forms and the manner in which the information is to be reported shall be provided by the department. Such reports shall include, but shall not be limited to, the following information: name, age, and residence of the injured person, the date and cause of the injury, the initial diagnosis and such other information as required by the department.]

(12) Prepare a plan to establish district offices, the boundaries of which shall coincide with existing judicial circuits. Any district office may contain more than one judicial circuit within its boundaries, but in no event shall any district office boundary include any geographic region of a judicial circuit without including the entire judicial circuit. The director shall submit the plan to the chair of the house judiciary committee and the chair of the senate judiciary committee, with fiscal estimates, by December 31, 2014. The plan shall be implemented by December 31, [2018] **2021**.

2. No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

3. The director and defenders shall, within guidelines as established by the commission and as set forth in subsection 4 of this section, accept requests for legal services from eligible persons entitled to counsel under this chapter or otherwise so entitled under the constitution or laws of the United States or of the state of Missouri and provide such persons with legal services when, in the discretion of the director or the defenders, such provision of legal services is appropriate.

4. The director and defenders shall provide legal services to an eligible person:

(1) Who is detained or charged with a felony, including appeals from a conviction in such a case;

(2) Who is detained or charged with a misdemeanor which will probably result in confinement in the county jail upon conviction, including appeals from a conviction in such a case, unless the prosecuting or circuit attorney has waived a jail sentence;

5. The director may:

(1) Delegate the legal representation of [any] **an eligible** person to any member of the state bar of Missouri;

(2) Designate persons as representatives of the director for the purpose of making indigency determinations and assigning counsel.

600.090. DETERMINATION OF ABILITY TO PAY ALL OR PART OF REPRESENTATION COSTS — LIEN FOR REASONABLE VALUE OF SERVICES, PROCEDURE — DEPOSIT OF FUNDS COLLECTED. — 1. (1) If a person is determined to be eligible for the services provided by the state public defender system and if, at the time such determination is made, he is able to provide a limited cash contribution toward the cost of his representation without imposing a substantial hardship upon himself or his dependents, such contribution shall be required as a condition of his representation by the state public defender system.

(2) If at any time, either during or after the disposition of his case, such defendant becomes financially able to meet all or some part of the cost of services rendered to him, he shall be required to reimburse the commission in such amounts as he can reasonably pay, either by a single payment or by installments of reasonable amounts, in accordance with a schedule of charges for public defender services prepared by the commission.

(3) No difficulty or failure in the making of such payment shall reduce or in any way affect the rendering of public defender services to such persons.

2. (1) The reasonable value of the services rendered to a defendant pursuant to sections 600.011 to 600.048 and 600.086 to 600.096 may in all cases be a lien on any and all property to which the defendant shall have or acquire an interest. The public defender shall effectuate such lien whenever the reasonable value of the services rendered to a defendant appears to exceed one hundred fifty dollars and may effectuate such lien where the reasonable value of those services appears to be less than one hundred fifty dollars.

(2) To effectuate such a lien, the public defender shall, prior to the final disposition of the case or within ten days thereafter, file a notice of lien setting forth the services rendered to the defendant and a claim for the reasonable value of such services with the clerk of the circuit court. The defendant shall be personally served with a copy of such notice of lien. The court shall rule on whether all or any part of the claim shall be allowed. The portion of the claim approved by the court as the value of defender services which has been provided to the defendant shall be a judgment at law. The public defender shall not be required to pay filing or recording fees for or relating to such claim.

(3) Such judgment shall be enforceable in the name of the state on behalf of the commission by the prosecuting attorney of the circuit in which the judgment was entered.

(4) The prosecuting attorney may compromise and make settlement of, or, with the concurrence of the director, forego any claims for services performed for any person pursuant to this chapter whenever the financial circumstances of such person are such that the best interests of the state will be served by such action.

3. The commission may contract with private attorneys for the collection and enforcement of liens and other judgments owed to the state for services rendered by the state public defender system.

4. The lien created by this section shall be from the time filed in the court by the defender a charge or claim against any assets of the defendant; provided further that the same shall be served upon the person in possession of the assets or shall be recorded in the office of the recorder of deeds in the county in which the person resides or in which the assets are located.

5. Funds collected pursuant to this section and section 600.093 shall be credited to the "Legal Defense and Defender Fund" which is hereby created. 6. The state treasurer shall be the custodian of the legal defense and defender fund, moneys in the legal defense and defender fund shall be deposited the same as are other state funds, and any interest accruing to the legal defense and defender fund shall be added to the legal defense and defender fund. The legal defense and defender fund shall be subject to audit, the same as other state funds and accounts, and shall be protected by the general bond given by the state treasurer.

7. Upon the request of the director of the office of state public defender, the commissioner of administration shall approve disbursements from the legal defense and defender fund. The legal defense and defender fund shall be funded annually by appropriation, but any unexpended **remaining** balance in the fund at the end of the appropriation period [not in excess of one hundred and fifty thousand dollars] shall be exempt from the provisions of section 33.080, specifically as they relate to the transfer of fund balances to the general revenue, and shall be the amount of the fund at the beginning of the appropriation period next immediately following.

Such persons may include, but shall not be limited to, emergency first responders, police officers, sheriffs, deputy sheriffs, firefighters, ambulance attendants and attendant drivers, emergency medical technicians, mobile emergency medical technicians, emergency medical technician-paramedics, registered nurses, or physicians.

221.407. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no order imposing a sales tax pursuant to this section shall be effective unless the commission submits to the voters of the district, on any election date authorized in chapter 115, a proposal to authorize the commission to impose a tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of the proposal, then the order and any amendment to such order shall be in effect on the first day of the second quarter immediately following the election approving the

proposal. If the proposal receives less than the required majority, the commission shall have no power to impose the sales tax authorized pursuant to this section unless and until the commission shall again have submitted another proposal to authorize the commission to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters of the district voting on such proposal; however, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last submission of a proposal pursuant to this section.

3. All revenue received by a district from the tax authorized pursuant to this section shall be deposited in a special trust fund and shall be used solely for providing jail services and court facilities and equipment for such district for so long as the tax shall remain in effect.

4. Once the tax authorized by this section is abolished or terminated by any means, all funds remaining in the special trust fund shall be used solely for providing jail services and court facilities and equipment for the district. Any funds in such special trust fund which are not needed for current expenditures may be invested by the commission in accordance with applicable laws relating to the investment of other county funds.

5. All sales taxes collected by the director of revenue pursuant to this section on behalf of any district, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "Regional Jail District Sales Tax Trust Fund". The moneys in the regional jail district sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each district imposing a sales tax pursuant to this section, and the records shall be open to the inspection of officers of each member county and the public. If any district abolishes the tax, the commission shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal, and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director of revenue shall remit the balance in the account to the district and close the account of that district. The director of revenue shall notify each district in each instance of any amount refunded or any check redeemed from receipts due the district.

7. Except as provided in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed pursuant to this section.

If, based on such motion, the court finds for the law enforcement agency, the court shall either order the record closed or order such portion of the record that should be closed to be redacted from any record made available pursuant to this subsection.

5. Any person may bring an action pursuant to this section in the circuit court having jurisdiction to authorize disclosure of **a mobile video recording or** the information contained in an investigative report of any law enforcement agency, which would otherwise be closed pursuant to this section. The court may order that all or part of **a mobile video recording or** the information contained in an investigative report be released to the person bringing the action.

(1) In making the determination as to whether information contained in an investigative report shall be disclosed, the court shall consider whether the benefit to the person bringing the action or to the public outweighs any harm to the public, to the law enforcement agency or any of its officers, or to any person identified in the investigative report in regard to the need for law enforcement agencies to effectively investigate and prosecute criminal activity.

(2) **In making the determination as to whether a mobile video recording shall be disclosed, the court shall consider:**

(a) **Whether the benefit to the person bringing the action or to the public outweighs any harm to the public, to the law enforcement agency or any of its officers, or to any**

person identified in the mobile video recording in regard to the need for law enforcement agencies to effectively investigate and prosecute criminal activity;

(b) Whether the mobile video recording contains information that is reasonably likely to disclose private matters in which the public has no legitimate concern;

(a) That the mobile video recording or investigative report may be disclosed only on specified terms and conditions, including a designation of the time or place;

(c) That the scope of the request be limited to certain matters;

(d) That the disclosure occur with no one present except persons designated by the court;

(e) That the mobile video recording or investigative report be redacted to exclude, for example, personally identifiable features or other sensitive information;

(f) That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only in a designated way.

(5) The court may find that the party seeking disclosure of the mobile video recording or investigative report shall bear the reasonable and necessary costs and attorneys' fees of both parties, unless the court finds that the decision of the law enforcement agency not to open the mobile video recording or investigative report was substantially unjustified under all relevant circumstances, and in that event, the court may assess such reasonable and necessary costs and attorneys' fees to the law enforcement agency.

6. Any person may apply pursuant to this subsection to the circuit court having jurisdiction for an order requiring a law enforcement agency to open incident reports and arrest reports being unlawfully closed pursuant to this section. If the court finds by a preponderance of the evidence that the law enforcement officer or agency has knowingly violated this section, the officer or agency shall be subject to a civil penalty in an amount up to one thousand dollars. If the court finds that there is a knowing violation of this section, the court may order payment by such officer or agency of all costs and attorneys' fees, as provided by section 610.027. If the court finds by a preponderance of the evidence that the law enforcement officer or agency has purposely violated this section, the officer or agency shall be subject to a civil penalty in an amount up to five thousand dollars and the court shall order payment by such officer or agency of all costs and attorney fees, as provided in section 610.027. The court shall determine the amount of the penalty by taking into account the size of the jurisdiction, the seriousness of the offense, and whether the law enforcement officer or agency has violated this section previously.

7. The victim of an offense as provided in chapter 566 may request that his or her identity be kept confidential until a charge relating to such incident is filed.

8. Any person who requests and receives a mobile video recording that was recorded in a nonpublic location pursuant to this section is prohibited from displaying or disclosing the mobile video recording, including any description or account of any or all of the mobile video recording, without first providing direct third party notice to each non law enforcement agency individual whose image or sound is contained in the recording and affording each person whose image or sound is contained in the mobile video recording no less than ten days to file and serve an action seeking an order from a court of competent jurisdiction to enjoin all or some of the intended display, disclosure, description,

or account of the recording. Any person who fails to comply with the provisions of this subsection is subject to damages in a civil action.

137.016. REAL PROPERTY, SUBCLASSES OF, DEFINED — POLITICAL SUBDIVISION MAY ADJUST OPERATING LEVY TO RECOUP REVENUE, WHEN — RECLASSIFICATION TO APPLY, WHEN — PLACEMENT OF CERTAIN PROPERTY WITHIN PROPER SUBCLASS, FACTORS CONSIDERED. — 1. As used in section 4(b) of article X of the Missouri Constitution, the following terms mean:

(1) "Residential property", all real property improved by a structure which is used or intended to be used for residential living by human occupants, vacant land in connection with an airport, land used as a golf course, manufactured home parks, **bed and breakfast inns in which the owner resides and uses as a primary residence with six or fewer rooms for rent**, and time-share units as defined in section 407.600, except to the extent such units are actually rented and subject to sales tax under subdivision (6) of subsection 1 of section 144.020, but residential property shall not include other similar facilities used primarily for transient housing. For the purposes of this section, "transient housing" means all rooms available for rent or lease for which the receipts from the rent or lease of such rooms are subject to state sales tax pursuant to subdivision (6) of subsection 1 of section 144.020;

(2) "Agricultural and horticultural property", all real property used for agricultural purposes and devoted primarily to the raising and harvesting of crops; to the feeding, breeding and management of livestock which shall include breeding, showing, and boarding of horses; to dairying, or to any other combination thereof; and buildings and structures customarily associated with farming, agricultural, and horticultural uses. Agricultural and horticultural property shall also include land devoted to and qualifying for payments or other compensation under a soil conservation or agricultural assistance program under an agreement with an agency of the federal government. Agricultural and horticultural property shall further include land and improvements, exclusive of structures, on privately owned airports that qualify as reliever airports under the National Plan of Integrated Airports System, to receive federal airport improvement project funds through the Federal Aviation Administration. Real property classified as forest croplands shall not be agricultural or horticultural property so long as it is classified as forest croplands and shall be taxed in accordance with the laws enacted to implement section 7 of article X of the Missouri Constitution. Agricultural and horticultural property shall also include any sawmill or planing mill defined in the U.S. Department of Labor's Standard Industrial Classification (SIC) Manual under Industry Group 242 with the SIC number 2421;

(3) "Utility, industrial, commercial, railroad and other real property", all real property used directly or indirectly for any commercial, mining, industrial, manufacturing, trade, professional, business, or similar purpose, including all property centrally assessed by the state tax commission but shall not include floating docks, portions of which are separately owned and the remainder of which is designated for common ownership and in which no one person or business entity owns more than five individual units. All other real property not included in the property listed in subclasses (1) and (2) of section 4(b) of article X of the Missouri Constitution, as such property is defined in this section, shall be deemed to be included in the term "utility, industrial, commercial, railroad and other real property".

2. Pursuant to article X of the state constitution, any taxing district may adjust its operating levy to recoup any loss of property tax revenue, except revenues from the surtax imposed pursuant to article X, subsection 2 of section 6 of the constitution, as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units if such adjustment of the levy does not exceed the highest tax rate in effect subsequent to the 1980 tax year. For purposes of this section, loss in revenue shall include the difference between the revenue that would have been collected on such property under its classification prior to enactment of this section and the amount to be collected under its classification under this section. The county assessor of each county or city not within a county shall provide information to each taxing district within its boundaries regarding the difference in assessed valuation of such property as the result of such change in classification.

3. All reclassification of property as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units shall apply to assessments made after December 31, 1994.

4. Where real property is used or held for use for more than one purpose and such uses result in different classifications, the county assessor shall allocate to each classification the percentage of the true value in money of the property devoted to each use; except that, where agricultural and horticultural property, as defined in this section, also contains a dwelling unit or units, the farm dwelling, appurtenant residential-related structures and up to five acres immediately surrounding such farm dwelling shall be residential property, as defined in this section.

5. All real property which is vacant, unused, or held for future use; which is used for a private club, a not-for-profit or other nonexempt lodge, club, business, trade, service organization, or similar entity; or for which a determination as to its classification cannot be made under the definitions set out in subsection 1 of this section, shall be classified according to its immediate most suitable economic use, which use shall be determined after consideration of:

(1) Immediate prior use, if any, of such property;

- (2) Location of such property;
- (3) Zoning classification of such property; except that, such zoning classification shall not be considered conclusive if, upon consideration of all factors, it is determined that such zoning classification does not reflect the immediate most suitable economic use of the property;

- (5) Availability of water, electricity, gas, sewers, street lighting, and other public services for such property;
- (6) Size of such property;

6. All lands classified as forest croplands shall not, for taxation purposes, be classified as subclass (1), subclass (2), or subclass (3) real property, as such classes are prescribed in section 4(b) of article X of the Missouri Constitution and defined in this section, but shall be taxed in accordance with the laws enacted to implement section 7 of article X of the Missouri Constitution.

455.050. FULL OR EX PARTE ORDER OF PROTECTION, ABUSE, STALKING, OR SEXUAL ASSAULT, CONTENTS — RELIEF AVAILABLE — COURT MAY ORDER TRANSFER BILLING RESPONSIBILITY OF WIRELESS TELEPHONE, WHEN, PROCEDURE. — 1. Any full or ex parte order of protection granted pursuant to sections 455.010 to 455.085 shall be to protect the petitioner from domestic violence, stalking, or sexual assault and may include such terms as the court reasonably deems necessary to ensure the petitioner's safety, including but not limited to:

(1) Temporarily enjoining the respondent from committing or threatening to commit domestic violence, molesting, stalking, sexual assault, or disturbing the peace of the petitioner;

(2) Temporarily enjoining the respondent from entering the premises of the dwelling unit of the petitioner when the dwelling unit is:

(a) Jointly owned, leased or rented or jointly occupied by both parties; or
(b) Owned, leased, rented or occupied by petitioner individually; or

(d) Jointly occupied by the petitioner and a person other than respondent; provided that the respondent has no property interest in the dwelling unit; or

(3) Temporarily enjoining the respondent from communicating with the petitioner in any manner or through any medium.

2. Mutual orders of protection are prohibited unless both parties have properly filed written petitions and proper service has been made in accordance with sections 455.010 to 455.085.

3. When the court has, after a hearing for any full order of protection, issued an order of protection, it may, in addition:

(1) Award custody of any minor child born to or adopted by the parties when the court has jurisdiction over such child and no prior order regarding custody is pending or has been made, and the best interests of the child require such order be issued;

(2) Establish a visitation schedule that is in the best interests of the child;

(3) Award child support in accordance with supreme court rule 88.01 and chapter 452;

(4) Award maintenance to petitioner when petitioner and respondent are lawfully married in accordance with chapter 452;

(5) Order respondent to make or to continue to make rent or mortgage payments on a residence occupied by the petitioner if the respondent is found to have a duty to support the petitioner or other dependent household members;

(6) Order the respondent to pay the petitioner's rent at a residence other than the one previously shared by the parties if the respondent is found to have a duty to support the petitioner and the petitioner requests alternative housing;

(7) Order that the petitioner be given temporary possession of specified personal property, such as automobiles, checkbooks, keys, and other personal effects;

(8) Prohibit the respondent from transferring, encumbering, or otherwise disposing of specified property mutually owned or leased by the parties;

5. In making an award of custody, the court shall consider all relevant factors including the presumption that the best interests of the child will be served by placing the child in the custody and care of the nonabusive parent, unless there is evidence that both parents have engaged in abusive behavior, in which case the court shall not consider this presumption but may appoint a guardian ad litem or a court-appointed special advocate to represent the children in accordance with chapter 452 and shall consider all other factors in accordance with chapter 452.

6. The court shall grant to the noncustodial parent rights to visitation with any minor child born to or adopted by the parties, unless the court finds, after hearing, that visitation would

endanger the child's physical health, impair the child's emotional development or would otherwise conflict with the best interests of the child, or that no visitation can be arranged which would sufficiently protect the custodial parent from further domestic violence. The court may appoint a guardian ad litem or court-appointed special advocate to represent the minor child in accordance with chapter 452 whenever the custodial parent alleges that visitation with the noncustodial parent will damage the minor child.

7. The court shall make an order requiring the noncustodial party to pay an amount reasonable and necessary for the support of any child to whom the party owes a duty of support when no prior order of support is outstanding and after all relevant factors have been considered, in accordance with Missouri supreme court rule 88.01 and chapter 452.

(2) (a) The order transferring billing responsibility for and rights to the wireless telephone number or numbers to the petitioner shall list the name and billing telephone number of the accountholder, the name and contact information of the person to whom the telephone number or numbers will be transferred, and each telephone number to be transferred to that person. The court shall ensure that the contact information of the petitioner is not provided to the accountholder in proceedings held under this chapter.

(b) Upon issuance, a copy of the full order of protection shall be transmitted, either electronically or by certified mail, to the wireless service provider's registered agent listed with the secretary of state, or electronically to the email address provided by the wireless service provider. Such transmittal shall constitute adequate notice for the wireless service provider acting under sections 455.050 and 455.523.

(c) If the wireless service provider cannot operationally or technically effectuate the order due to certain circumstances, the wireless service provider shall notify the petitioner within three business days. Such circumstances shall include, but not be limited to, the following:

- a. The accountholder has already terminated the account;**
- b. The differences in network technology prevent the functionality of a device on the network; or**
- c. There are geographic or other limitations on network or service availability.**

(3) (a) Upon transfer of billing responsibility for and rights to a wireless telephone number or numbers to the petitioner under this subsection by a wireless service provider, the petitioner shall assume all financial responsibility for the transferred wireless telephone number or numbers, monthly service costs, and costs for any mobile device associated with the wireless telephone number or numbers.

(b) This section shall not preclude a wireless service provider from applying any routine and customary requirements for account establishment to the petitioner as part of this transfer of billing responsibility for a wireless telephone number or numbers and any devices attached to that number or numbers including, but not limited to, identification, financial information, and customer preferences.

(4) This section shall not affect the ability of the court to apportion the assets and debts of the parties as provided for in law, or the ability to determine the temporary use, possession, and control of personal property.

(5) No cause of action shall lie against any wireless service provider, its officers, employees, or agents, for actions taken in accordance with the terms of a court order issued under this section.

(1) Temporarily enjoining the respondent from committing domestic violence or sexual assault, threatening to commit domestic violence or sexual assault, stalking, molesting, or disturbing the peace of the victim;

(2) Temporarily enjoining the respondent from entering the family home of the victim, except as specifically authorized by the court;

(3) Temporarily enjoining the respondent from communicating with the victim in any manner or through any medium, except as specifically authorized by the court.

2. When the court has, after hearing for any full order of protection, issued an order of protection, it may, in addition:

7. Recapture of the deduction amount under the following circumstances shall be accomplished by increasing the tax in any of the five years succeeding the tax year in which a deduction has been earned pursuant to this section if the number of qualified full-time employees falls below the average number of qualified full-time employees during the tax year. The Missouri taxable income increase amount shall be determined by recalculating the deduction that would have been earned for the original tax year using the decreased number of qualified full-time employees and subtracting the recalculated deduction amount from the amount previously earned. In the event that the average number of qualified full-time employees employed at an international trade facility falls below the number employed by the taxpayer prior to claiming any deductions under this section in any of the five tax years succeeding the year in which the deductions were earned, all deductions earned with respect to the international trade facility shall be recaptured. works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For the purposes of this section, related taxpayer has the same meaning as defined in subdivision (9) of section 135.100;

(8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. "Retained job" means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, "new qualified investment" means new business facility investment as defined and as determined in subdivision (7) of section 135.100 which is used at and in connection with the eligible project. "New qualified investment" shall not include small tools, supplies and inventory. "Small tools" means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the department of natural resources, may, in addition to the tax credits allowed in subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and architectural fees, permitting fees and expenses, demolition, asbestos abatement, and direct

utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the taxpayer's tax year in which the system and equipment were first put into use at the eligible project, provided the remediation activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant to sections 260.565 to 260.575. The tax credit may also include up to one hundred percent of the costs of demolition that are not directly part of the remediation activities, provided that the demolition is on the property where the voluntary remediation activities are occurring, the demolition is necessary to accomplish the planned use of the facility where the remediation activities are occurring, and the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development. The demolition may occur on an adjacent property if the project is located in a municipality which has a population less than twenty thousand and the above conditions are otherwise met. The adjacent property shall independently qualify as abandoned or underutilized. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation.

(2) The amount of remediation tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(3) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. The remediation tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(4) The project facility shall be projected to create at least ten new jobs or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, to be eligible for tax credits pursuant to this section.

(5) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the department of natural resources issues a letter of completion letter or covenant not to sue following completion of the voluntary remediation activities. It shall not include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility. In the event the department of natural resources issues a letter of completion for a portion of a property, an impacted media such as soil or groundwater, or for a site or a portion of a site improvement, a prorated amount of the remaining percentage may be released based on the percentage of the total site receiving a letter of completion.

4. In the exercise of the sound discretion of the director of the department of economic development or the director's designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked, if the eligible project fails to continue to meet the conditions set forth in this section. In making such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the

environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 [to 6] and 5 of section 135.250. The director of the department of economic development shall notify the directors of the departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, respectively, for the same facility for the same tax period.

6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed the greater of:

- (1) That portion of the taxpayer's income attributed to the eligible project; or
- (2) One hundred percent of the total business' income tax if the eligible facility does not replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; fifty percent of the total business' income tax if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total business income if the taxpayer operates, in addition to the eligible facility, any other facilities in Missouri. In no case shall a taxpayer operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer's business income in any tax period. That portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225 and subsection 3 of this section, may apply, shall be determined in the same manner as prescribed in subdivision (6) of section 135.100. That portion of the taxpayer's franchise tax attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (6) of section 135.100.

7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use. Otherwise, the taxpayer's right to claim such state tax benefits shall be forfeited. Unused business facility and enterprise zone tax credits shall not be carried forward but shall be initially claimed for the tax period during which the eligible project was first capable of being used, and during any applicable subsequent tax periods.

8. Taxpayers claiming the remediation tax credit allowed in subsection 3 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use, or during the taxpayer's tax period immediately after the tax period in which the voluntary remediation activities were performed.

9. The recipient of remediation tax credits, for the purpose of this subsection referred to as assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in subsection 3 of this section to any other person, for the purpose of this subsection referred to as assignee. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred. The number of tax periods during which the assignee may subsequently claim the

tax credits shall not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the credits before the transfer occurred.

10. In the case where an operator and assignor of an eligible project has been certified to claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the same or substantially similar operations at the eligible project, the director shall allow the assignee to claim the credits for a period of time to be determined by the director; except that, the total number of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address, and the assignee's tax period, and the amount of tax credits to be transferred.

11. For the purpose of the state tax benefits described in this section, in the case of a corporation described in section 143.471 or partnership, in computing Missouri's tax liability, such state benefits shall be allowed to the following:

- (1) The shareholders of the corporation described in section 143.471;
- (2) The partners of the partnership. The credit provided in this subsection shall be apportioned to the entities described in subdivisions (1) and (2) of this subsection in proportion to their share of ownership on the last day of the taxpayer's tax period.

12. Notwithstanding any provision of law to the contrary, in any county of the first classification that has a charter form of government and that has a population of over nine hundred thousand inhabitants, all demolition costs incurred during the redevelopment of any former automobile manufacturing plant shall be allowable costs eligible for tax credits under sections 447.700 to 447.718 so long as the redevelopment of such former automobile manufacturing plant shall be projected to create at least two hundred fifty new jobs or at least three hundred retained jobs, or a combination thereof, as determined by the department of economic development. The amount of allowable costs eligible for tax credits shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development, provided that no tax credit shall be issued under this subsection until July 1, 2017. For purposes of this subsection, "former automobile manufacturing plant" means a redevelopment area that qualifies as an eligible project under section 447.700, that consists of at least one hundred acres, and that was used primarily for the manufacture of automobiles but, after 2007, ceased such manufacturing.

4. A pharmacy benefits manager shall not place a drug on a maximum allowable cost list unless there are at least two therapeutically equivalent multi-source generic drugs, or at least one generic drug available from at least one manufacturer, generally available for purchase by network pharmacies from national or regional wholesalers.

5. All contracts between a pharmacy benefits manager and a contracted pharmacy or between a pharmacy benefits manager and a pharmacy's contracting representative or agent, such as a pharmacy services administrative organization, shall include a process to internally appeal, investigate, and resolve disputes regarding maximum allowable cost pricing. The process shall include the following:

(1) The right to appeal shall be limited to fourteen calendar days following the reimbursement of the initial claim; and

(2) A requirement that the pharmacy benefits manager shall respond to an appeal described in this subsection no later than fourteen calendar days after the date the appeal was received by such pharmacy benefits manager.

6. For appeals that are denied, the pharmacy benefits manager shall provide the reason for the denial and identify the national drug code of a drug product that may be purchased by contracted pharmacies at a price at or below the maximum allowable cost and, when applicable, may be substituted lawfully.

7. If the appeal is successful, the pharmacy benefits manager shall:

(1) Adjust the maximum allowable cost price that is the subject of the appeal effective on the day after the date the appeal is decided;

(2) Apply the adjusted maximum allowable cost price to all similarly situated pharmacies as determined by the pharmacy benefits manager; and

(3) Allow the pharmacy that succeeded in the appeal to reverse and rebill the pharmacy benefits claim giving rise to the appeal.

8. Appeals shall be upheld if:

(1) The pharmacy being reimbursed for the drug subject to the maximum allowable cost pricing in question was not reimbursed as required under subsection 3 of this section; or

(2) The drug subject to the maximum allowable cost pricing in question does not meet the requirements set forth under subsection 4 of this section.

376.465. MISSOURI HEALTH INSURANCE RATE TRANSPARENCY ACT — DEFINITIONS — RATE FILING REQUIREMENTS, PROCEDURE — RULEMAKING AUTHORITY. — 1. This section shall be known and may be cited as the "Missouri Health Insurance Rate Transparency Act".

2. It is the intent of the Missouri general assembly that the review of health insurance rates as specified in this section is consistent with the general powers of the department as outlined under section 374.010.

3. As used in this section, the following terms mean:

(1) "Director", the director of the department of insurance, financial institutions and professional registration, or his or her designee;

(2) "Excepted health benefit plan", a health benefit plan providing the following coverage or any combination thereof:

- (a) Coverage only for accident insurance, including accidental death and dismemberment insurance;
- (b) Coverage only for disability income insurance;
- (c) Credit-only insurance;
- (d) Short-term medical insurance of less than twelve months' duration; or
- (e) If provided under a separate policy, certificate, or contract of insurance, any of the following:

- c. Hospital indemnity or other fixed indemnity insurance;

(3) "Grandfathered health benefit plan", a health benefit plan in the small group market that was issued, or a health benefit plan in the individual market that was purchased, on or before March 23, 2010;

(4) "Health benefit plan", the same meaning given to such term under section 376.1350; however, for purposes of this section, the term shall exclude plans sold in the large group market, as that term is defined under section 376.450, and shall exclude long-term care and Medicare supplement plans;

(5) "Health carrier", the same meaning given to such term under section 376.1350;

(6) "Individual market", the market for health insurance coverage offered directly to individuals and their dependents and not in connection with a group health benefit plan;

(7) "Small group market", the health insurance market under which individuals obtain health insurance coverage, directly or through an arrangement on behalf of themselves and their dependents, through a group health plan maintained by a small employer, as defined under section 379.930.

4. No health carrier shall deliver, issue for delivery, continue, or renew any health benefit plan until rates have been filed with the director.

5. For excepted health benefit plans, such rates shall be filed, thirty days prior to use, for informational purposes only. Rates shall not be excessive, inadequate, or unfairly discriminatory.

6. For grandfathered health benefit plans, such rates shall be filed, thirty days prior to use, for informational purposes only.

7. (1) For health benefit plans that are not grandfathered health benefit plans or excepted health benefit plans, a health carrier may use rates on the earliest of:

- (a) The date the director determines the rates are reasonable;
- (b) The date the health carrier notifies the director of its intent to use rates that the director has deemed unreasonable; or
- (c) Sixty days after the date of filing rates with the director.

(2) The director may notify the health carrier within sixty days of the date of filing rates with the director that the health carrier has failed to provide sufficient rate filing documentation to review the proposed rates. The health carrier may, as described in this section, provide additional information to support the rate filing.

8. For health benefit plans described under subsection 7 of this section, all proposed rates and rate filing documentation shall be submitted in the form and content prescribed by rule, which is consistent with the requirements of 45 CFR 154, and shall include review standards and criteria consistent with 45 CFR 154.

9. The director shall determine by rule when rates filed under this section shall be made publicly available. Rate filing documentation and other supporting information that is a trade secret or of a proprietary nature, and has been designated as such by the health carrier, shall not be considered a public record.

10. For rates filed for health benefit plans described under subsection 7 of this section, the director shall:

(1) Provide a means by which the public can submit written comments concerning proposed rate increases;

(2) Review proposed rates and rate filing documentation;

(3) Determine that a proposed rate is an unreasonable rate if the increase is an excessive rate, an inadequate rate, an unfairly discriminatory rate, or an unjustified rate, consistent with 45 CFR 154; and

(4) Within sixty days after submission, provide a written notice to the health carrier detailing whether the proposed rates are reasonable or unreasonable. For proposed rates deemed unreasonable, the written notice shall specify deficiencies and provide detailed reasons for the director's decision that the proposed rate is excessive, inadequate, unjustified, or unfairly discriminatory.

11. Within thirty days after receiving written notice of the director's determination that the proposed rates are unreasonable, as described under subsection 10 of this section, a health carrier may amend its rates, request reconsideration based upon additional information, or implement the proposed rates. The health carrier shall notify the director of its intention no later than thirty days after its receipt of the written notice of the determination of unreasonable rates.

12. If a health carrier implements a rate that the director has determined is unreasonable under subsection 10 of this section, the department shall make such determination public, in a form and manner determined by rule.

13. For health benefit plans described under subsection 7 of this section, the director shall publish final rates on the department's website no earlier than thirty days prior to the first day of the annual open enrollment period in the individual market for the applicable calendar year. The final rate is the rate that will be implemented by the health carrier on a specified date.

14. Time frames described under this section may be extended upon mutual agreement between the director and the health carrier.

15. The director may promulgate rules to promote health insurance rate transparency including, but not limited to, prescribing the form and content of the information required to be submitted and of the standards of review that are consistent with 45 CFR 154. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

16. This section shall apply to health benefit plans that are delivered, issued for delivery, continued, or renewed on or after January 1, 2018. In order to ensure that health benefit plans comply with the provisions of this section, the director shall promulgate rules regarding the initial implementation of the provisions of this section. Such rules shall be effective no later than March 1, 2017, and, for health benefit plans described under subsection 7 of this section, shall include, but not be limited to, the form and content of the information required to be submitted and of the standards of review, consistent with 45 CFR 154.

376.1237. REFILLS FOR PRESCRIPTION EYE DROPS, REQUIRED, WHEN — DEFINITIONS — TERMINATION DATE. — 1. Each health carrier or health benefit plan that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2014, and that provides coverage for prescription eye drops shall provide

coverage for the refilling of an eye drop prescription prior to the last day of the prescribed dosage period without regard to a coverage restriction for early refill of prescription renewals as long as the prescribing health care provider authorizes such early refill, and the health carrier or the health benefit plan is notified.

2. For the purposes of this section, health carrier and health benefit plan shall have the same meaning as defined in section 376.1350.

3. The coverage required by this section shall not be subject to any greater deductible or co-payment than other similar health care services provided by the health benefit plan.

4. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies of six months' or less duration, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

5. The provisions of this section shall terminate on January 1, [2017] **2020**.

379.934. ESTABLISHMENT OF CLASS OF BUSINESS, REASONS — NUMBER OF CLASSES THAT MAY BE ESTABLISHED — PROMULGATION OF RULES FOR PERIOD OF TRANSITION — ESTABLISHMENT OF ADDITIONAL CLASSES. — 1. For health benefit plans purchased on or before March 23, 2010, a small employer carrier may establish a class of business only to reflect substantial differences in expected claims experience or administrative costs related to the following reasons:

(1) The small employer carrier uses more than one type of system for the marketing and sale of health benefit plans to small employers;

(2) The small employer carrier has acquired a class of business from another small employer carrier; or

(3) The small employer carrier provides coverage to one or more association groups that meet the requirements of subdivision (5) of subsection 1 of section 376.421.

2. A small employer carrier may establish up to nine separate classes of business under subsection 1 of this section. A small employer carrier which immediately prior to the effective date of sections 379.930 to 379.952 had established more than nine separate classes of business may, on the effective date of sections 379.930 to 379.952, establish no more than twelve separate classes of business, and shall reduce the number of such classes to eleven within one year after the effective date of sections 379.930 to 379.952; ten within two years after such date; and nine within three years after such date.

3. The director may promulgate rules to provide for a period of transition in order for a small employer carrier to come into compliance with subsection 2 of this section in the instance of acquisition of an additional class of business from another small employer carrier.

4. The director may approve the establishment of additional classes of business upon application to the director and a finding by the director that such action would enhance the efficiency and fairness of the small employer marketplace.

379.936. PREMIUM RATES, SUBJECT TO CONDITIONS — NO TRANSFER OUT OF CLASS OF BUSINESS — DISCLOSURE REQUIRED, CONTENTS — RATING AND RENEWAL RECORDS REQUIRED TO BE KEPT. — 1. Premium rates for health benefit plans purchased on or before March 23, 2010, and that are subject to sections 379.930 to 379.952, shall be subject to the following provisions:

(1) The index rate for a rating period for any class of business shall not exceed the index rate for any other class of business by more than twenty percent;

(2) For a class of business, the premium rates charged during a rating period to small employers with similar case characteristics for the same or similar coverage, or the rates that

could be charged to such employers under the rating system for that class of business shall not vary from the index rate by more than thirty-five percent of the index rate;

(3) The percentage increase in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:

(a) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a health benefit plan into which the small employer carrier is no longer enrolling new small employers, the small employer carrier shall use the percentage change in the base premium rate, provided that such change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the small employer carrier is actively enrolling new small employers;

(b) Any adjustment, not to exceed fifteen percent annually and adjusted pro rata for rating periods of less than one year, due to the claim experience, health status or duration of coverage of the employees or dependents of the small employer as determined from the small employer carrier's rate manual for the class of business; and

(c) Any adjustment due to change in coverage or change in the case characteristics of the small employer, as determined from the small employer carrier's rate manual for the class of business;

(4) Adjustments in rates for claim experience, health status and duration of coverage shall not be charged to individual employees or dependents. Any such adjustment shall be applied uniformly to the rates charged for all employees and dependents of the small employer;

(5) Premium rates for health benefit plans shall comply with the requirements of this section notwithstanding any assessments paid or payable by small employer carriers pursuant to sections 379.942 and 379.943;

(6) A small employer carrier may utilize the employer's industry as a case characteristic in establishing premium rates, provided that the rate factor associated with any industry classification shall not vary by more than ten percent from the arithmetic mean of the highest and lowest rate factors associated with all industry classifications;

(7) In the case of health benefit plans issued prior to July 1, 1993, a premium rate for a rating period may exceed the ranges set forth in subdivisions (1) and (2) of this subsection for a period of three years following July 1, 1993. In such case, the percentage increase in the premium rate charged to a small employer for a new rating period shall not exceed the sum of the following:

(a) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a health benefit plan into which the small employer carrier is no longer enrolling new small employers, the small employer carrier shall use the percentage change in the base premium rate, provided that such change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the small employer carrier is actively enrolling new small employers;

(b) Any adjustment due to change in coverage or change in the case characteristics of the small employer, as determined from the carrier's rate manual for the class of business;

(8) (a) Small employer carriers shall apply rating factors, including case characteristics, consistently with respect to all small employers in a class of business. Rating factors shall produce premiums for identical groups which differ only by amounts attributable to plan design and do not reflect differences due to the nature of the groups assumed to select particular health benefit plans;

(b) A small employer carrier shall treat all health benefit plans issued or renewed in the same calendar month as having the same rating period;

(9) For the purposes of this subsection, a health benefit plan that utilizes a restricted provider network shall not be considered similar coverage to a health benefit plan that does not utilize such a network, provided that utilization of the restricted provider network results in substantial differences in claims costs;

(10) A small employer carrier shall not use case characteristics, other than age, sex, industry, geographic area, family composition, and group size without prior approval of the director;

(11) The director may promulgate rules to implement the provisions of this section and to assure that rating practices used by small employer carriers are consistent with the purposes of sections 379.930 to 379.952, including:

(a) Assuring that differences in rates charged for health benefit plans by small employer carriers are reasonable and reflect objective differences in plan design, not including differences due to the nature of the groups assumed to select particular health benefit plans; and

(b) Prescribing the manner in which case characteristics may be used by small employer carriers.

2. A small employer carrier shall not transfer a small employer involuntarily into or out of a class of business. A small employer carrier shall not offer to transfer a small employer into or out of a class of business unless such offer is made to transfer all small employers in the class of business without regard to case characteristics, claim experience, health status or duration of coverage.

3. The director may suspend for a specified period the application of subdivision (1) of subsection 1 of this section as to the premium rates applicable to one or more small employers included within a class of business of a small employer carrier for one or more rating periods upon a filing by the small employer carrier and a finding by the director either that the suspension is reasonable in light of the financial condition of the small employer carrier or that the suspension would enhance the efficiency and fairness of the marketplace for small employer health insurance.

4. In connection with the offering for sale of any health benefit plan to a small employer, a small employer carrier shall make a reasonable disclosure, as part of its solicitation and sales materials, of all of the following:

(1) The extent to which premium rates for a specified small employer are established or adjusted based upon the actual or expected variation in claims costs or actual or expected variation in health status of the employees of the small employer and their dependents;

(2) The provisions of the health benefit plan concerning the small employer carrier's right to change premium rates and factors, other than claim experience, that affect changes in premium rates;

(3) The provisions relating to renewability of policies and contracts; and

(4) The provisions relating to any preexisting condition provision.

5. (1) Each small employer carrier shall maintain at its principal place of business a complete and detailed description of its rating practices and renewal underwriting practices, including information and documentation that demonstrate that its rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.

(2) Each small employer carrier shall file with the director annually on or before March fifteenth an actuarial certification certifying that the carrier is in compliance with sections 379.930 to 379.952 and that the rating methods of the small employer carrier are actuarially sound. Such certification shall be in a form and manner, and shall contain such information, as specified by the director. A copy of the certification shall be retained by the small employer carrier at its principal place of business.

(3) A small employer carrier shall make the information and documentation described in subdivision (1) of this [section] **subsection** available to the director upon request.

379.938. RENEWABILITY, EXCEPTIONS — CARRIER NOT RENEWING PROHIBITED FROM WRITING NEW BUSINESS IN MARKET, WHEN — APPLICATION OF SECTION IN CERTAIN GEOGRAPHIC AREAS. — 1. A health benefit plan subject to sections 379.930 to 379.952 shall be renewable with respect to all eligible employees and dependents, at the option of the small employer, except in any of the following cases:

(1) The plan sponsor fails to pay a premium or contribution in accordance with the terms of a health benefit plan or the health carrier has not received a timely premium payment;

(2) The plan sponsor performs an act or practice that constitutes fraud, or makes an intentional misrepresentation of material fact under the terms of the coverage;

(3) Noncompliance with the carrier's minimum participation requirements;

(4) Noncompliance with the carrier's employer contribution requirements;

(5) In the case of a small employer carrier that offers coverage through a network plan, there is no longer any enrollee under the health benefit plan who lives, resides or works in the service area of the health insurance issuer and the small employer carrier would deny enrollment with respect to such plan under subsection 4 of this section;

(6) The small employer carrier elects to discontinue offering a [particular type of health benefit plan] **product, as defined in 45 CFR 144.103**, in the state's small group market. A type of [health benefit plan] **product** may be discontinued by a small employer carrier in such market only if such carrier:

(a) Issues a notice to each plan sponsor provided coverage of such type in the small group market (and participants and beneficiaries covered under such coverage) of the discontinuation at least ninety days prior to the date of discontinuation of the coverage;

(b) Offers to each plan sponsor provided coverage of such type the option to purchase all other health benefit plans currently being offered by the small employer carrier in the state's small group market; and

(c) Acts uniformly without regard to the claims experience of those plan sponsors or any health status-related factor relating to any participants or beneficiaries covered or new participants or beneficiaries who may become eligible for such coverage;

(7) A small employer carrier elects to discontinue offering all health insurance coverage in the small group market in this state. A small employer carrier shall not discontinue offering all health insurance coverage in the small employer market unless:

(a) The carrier provides notice of discontinuation to the director and to each plan sponsor (and participants and beneficiaries covered under such coverage) at least one hundred eighty days prior to the date of the discontinuation of coverage; and

(b) All health insurance issued or delivered for issuance in Missouri in the small employer market is discontinued and coverage under such health insurance is not renewed;

(8) In the case of health insurance coverage that is made available in the small group market only through one or more bona fide associations, the membership of an employer in the association (on the basis of which the coverage is provided) ceases but only if such coverage is terminated under this subdivision uniformly without regard to any health status-related factor relating to any covered individual;

(9) The director finds that the continuation of the coverage would:

(a) Not be in the best interests of the policyholders or certificate holders; or

(b) Impair the carrier's ability to meet its contractual obligations.

In such instance the director shall assist affected small employers in finding replacement coverage.

2. A small employer carrier that elects not to renew a health benefit plan under subdivision (7) of subsection 1 of this section shall be prohibited from writing new business in the small employer market in this state for a period of five years from the date of notice to the director.

3. In the case of a small employer carrier doing business in one established geographic service area of the state, the provisions of this section shall apply only to the carrier's operations in such service area.

4. At the time of coverage renewal, a health insurance issuer may modify the health insurance coverage for a product offered to a group health plan in the small group market if, for coverage that is available in such market other than only through one or more bona fide associations, such modification is consistent with state law and effective on a uniform basis among group health plans with that product. For purposes of this subsection, renewal shall be

deemed to occur not more often than annually on the anniversary of the effective date of the group health plan's health insurance coverage unless a longer term is specified in the policy or contract.

5. In the case of health insurance coverage that is made available by a small employer carrier only through one or more bona fide associations, references to plan sponsor in this section is deemed, with respect to coverage provided to a small employer member of the association, to include a reference to such employer.

379.940. CARRIERS TO OFFER ALL HEALTH PLANS IN MARKET — HEALTH BENEFIT PLANS, REQUIREMENTS — EXCLUSION OF COVERAGE FOR CERTAIN EMPLOYEES. — 1. (1) Every small employer carrier shall, as a condition of transacting business in this state with small employers, actively offer to small employers all health benefit plans it actively markets to small employers in this state, except for plans developed for health benefit trust funds.

(2) (a) A small employer carrier shall issue a health benefit plan to any eligible small employer that applies for either such plan and agrees to make the required premium payments and to satisfy the other reasonable provisions of the health benefit plan not inconsistent with sections 379.930 to 379.952.

(b) **For health benefit plans purchased on or before March 23, 2010**, in the case of a small employer carrier that establishes more than one class of business pursuant to section 379.934, the small employer carrier shall maintain and issue to eligible small employers all health benefit plans in each class of business so established. A small employer carrier may apply reasonable criteria in determining whether to accept a small employer into a class of business, provided that:

a. The criteria are not intended to discourage or prevent acceptance of small employers applying for a health benefit plan;

b. The criteria are not related to the health status or claim experience of the small employer;

c. The criteria are applied consistently to all small employers applying for coverage in the class of business; and

d. The small employer carrier provides for the acceptance of all eligible small employers into one or more classes of business. The provisions of this paragraph shall not apply to a class of business into which the small employer carrier is no longer enrolling new small employers.

2. Health benefit plans **purchased on or before March 23, 2010** covering small employers shall comply with the following provisions:

(1) A health benefit plan shall comply with the provisions of sections 376.450 and 376.451.

(2) (a) Except as provided in paragraph (d) of this subdivision, requirements used by a small employer carrier in determining whether to provide coverage to a small employer, including requirements for minimum participation of eligible employees and minimum employer contributions, shall be applied uniformly among all small employers with the same number of eligible employees applying for coverage or receiving coverage from the small employer carrier.

(b) A small employer carrier shall not require a minimum participation level greater than:

a. One hundred percent of eligible employees working for groups of three or less employees; and

b. Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer carrier shall not consider employees or dependents who have qualifying existing coverage in determining whether the applicable percentage of participation is met.

(d) A small employer carrier shall not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(3) (a) If a small employer carrier offers coverage to a small employer, the small employer carrier shall offer coverage to all of the eligible employees of a small employer and

their dependents who apply for enrollment during the period in which the employee first becomes eligible to enroll under the terms of the plan. A small employer carrier shall not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group.

(b) A small employer carrier shall not modify a health benefit plan with respect to a small employer or any eligible employee or dependent through riders, endorsements or otherwise, to restrict or exclude coverage for certain diseases or medical conditions otherwise covered by the health benefit plan.

(c) An eligible employee may choose to retain their individually underwritten health benefit plan at the time such eligible employee is entitled to enroll in a small employer health benefit plan. If the eligible employee retains their individually underwritten health benefit plan, a small employer may provide a defined contribution through the establishment of a cafeteria 125 plan under section 379.953. Small employers shall establish an equal amount of defined contribution for all plans. If an eligible employee retains their individually underwritten health benefit plan under this subdivision, the provisions of sections 379.930 to 379.952 shall not apply to the individually underwritten health benefit plan.

3. (1) Subject to subdivision (3) of this subsection, a small employer carrier shall not be required to offer coverage or accept applications pursuant to subsection 1 of this section in the case of the following:

(a) To a small employer, where the small employer is not physically located in the carrier's established geographic service area;

(b) To an employee, when the employee does not live, work or reside within the carrier's established geographic service area; or

(c) Within an area where the small employer carrier reasonably anticipates, and demonstrates to the satisfaction of the director, that it will not have the capacity within its established geographic service area to deliver service adequately to the members of such groups because of its obligations to existing group policyholders and enrollees.

(2) A small employer carrier that cannot offer coverage pursuant to paragraph (c) of subdivision (1) of this subsection may not offer coverage in the applicable area to new cases of employer groups with more than fifty eligible employees or to any small employer groups until the later of one hundred eighty days following each such refusal or the date on which the carrier notifies the director that it has regained capacity to deliver services to small employer groups.

(3) A small employer carrier shall apply the provisions of this subsection uniformly to all small employers without regard to the claims experience of a small employer and its employees and their dependents or any health status-related factor relating to such employees and their dependents.

4. A small employer carrier shall not be required to provide coverage to small employers pursuant to subsection 1 of this section for any period of time for which the director determines that requiring the acceptance of small employers in accordance with the provisions of subsection 1 of this section would place the small employer carrier in a financially impaired condition, and the small employer is applying this subsection uniformly to all small employers in the small group market in this state consistent with applicable state law and without regard to the claims experience of a small employer and its employees and their dependents or any health status-related factor relating to such employees and their dependents.

SECTION A. ENACTING CLAUSE. — Sections 338.056, 338.059, and 338.100, RSMo, are repealed and four new sections enacted in lieu thereof, to be known as sections 338.056, 338.059, 338.085, and 338.100, to read as follows:

338.056. GENERIC SUBSTITUTIONS MAY BE MADE, WHEN, FORM REQUIRED FOR PRESCRIPTION BLANKS, EXCEPTION — PENALTY. — 1. Except as provided in subsection 2 of this section, the pharmacist filling prescription orders for drug products prescribed by trade or brand name may select another drug product with the same active chemical ingredients of the same strength, quantity and dosage form, and of the same generic drug **or interchangeable biological product** type, as determined by the United States Adopted Names and accepted by the Federal Food and Drug Administration. Selection pursuant to this section is within the discretion of the pharmacist, except as provided in subsection 2 of this section. The pharmacist who selects the drug **or interchangeable biological** product to be dispensed pursuant to this section shall assume the same responsibility for selecting the dispensed drug **or biological** product as would be incurred in filling a prescription for a drug **or interchangeable biological** product prescribed by generic **or interchangeable biologic** name. The pharmacist shall not select a drug **or interchangeable biological** product pursuant to this section unless the product selected costs the patient less than the prescribed product.

2. A pharmacist who receives a prescription for a brand name drug **or biological product** may, unless requested otherwise by the purchaser, select a less expensive generically equivalent **or interchangeable biological** product under the following circumstances:

(1) If a written prescription is involved, the prescription form used shall have two signature lines at opposite ends at the bottom of the form. Under the line at the right side shall be clearly printed the words: "Dispense as Written". Under the line at the left side shall be clearly printed the words "Substitution Permitted". The prescriber shall communicate the instructions to the pharmacist by signing the appropriate line. No prescription shall be valid without the signature of the prescriber on one of these lines;

(2) If an oral prescription is involved, the practitioner or the practitioner's agent, communicating the instructions to the pharmacist, shall instruct the pharmacist as to whether or not a therapeutically equivalent generic drug **or interchangeable biological product** may be substituted. The pharmacist shall note the instructions on the file copy of the prescription.

3. All prescriptions written in the state of Missouri by practitioners authorized to write prescriptions shall be on forms which comply with subsection 2 hereof.

4. Notwithstanding the provisions of subsection 2 of this section to the contrary, a pharmacist may fill a prescription for a brand name drug by substituting a generically equivalent drug **or interchangeable biological product** when [generic] substitution is allowed in accordance with the laws of the state where the prescribing practitioner is located.

5. Violations of this section are infractions.

(6) "Transportation network company rider" or "rider", an individual or persons who use a transportation network company's digital network to connect with a transportation network driver who provides prearranged rides to the rider in the driver's personal vehicle between points chosen by the rider.

379.1702. PRIMARY AUTOMOBILE INSURANCE TO BE MAINTAINED, REQUIREMENTS — LAPSED COVERAGE, EFFECT OF — PROOF OF INSURANCE REQUIRED. — **1.** Beginning April 1, 2017, a transportation network company driver or transportation network company on the driver's behalf shall maintain primary automobile insurance that:

(1) Recognizes that the driver is a transportation network company driver or otherwise uses a vehicle to transport riders for compensation; and

(2) Covers the driver while the driver is logged on to the transportation network company's digital network or while the driver is engaged in a prearranged ride.

2. The following automobile insurance requirements shall apply while a participating transportation network company driver is logged on to the transportation network company's digital network and is available to receive transportation requests but is not engaged in a prearranged ride:

(1) Primary automobile liability insurance in the amount of at least fifty thousand dollars for death and bodily injury per person, one hundred thousand dollars for death and bodily injury per incident, and twenty-five thousand dollars for property damage;

4. If insurance maintained by a driver in subsection 2 or 3 of this section has lapsed or does not provide the required coverage, insurance maintained by a transportation network company shall provide the coverage required by this section beginning with the first dollar of a claim and shall have the duty to defend such claim. If the insurance maintained by the driver does not otherwise exclude coverage for loss or injury while the driver is logged on to a transportation network's digital network or while the driver provides a prearranged ride, but does not provide insurance coverage at the minimum limits required by subsection 2 or 3 of this section, the transportation network company shall maintain insurance coverage that provides excess coverage beyond the driver's policy limits up to the limits required by subsection 2 or 3 of this section, as applicable.

5. Coverage under an automobile insurance policy maintained by the transportation network company shall not be dependent on a personal automobile insurer first denying a claim nor shall a personal automobile insurance policy be required to first deny a claim.

6. Insurance required by this section may be placed with an insurer authorized to issue policies of automobile insurance in the state of Missouri or with an eligible surplus lines insurer under chapter 384.

7. Insurance satisfying the requirements of this section shall be deemed to satisfy the motor vehicle financial responsibility requirements for a motor vehicle under chapter 303.

8. A transportation network company driver shall carry proof of coverage satisfying subsections 2 and 3 of this section with him or her at all times during his or her use of a vehicle in connection with a transportation network company's digital network. In the event of an accident, a transportation network company driver shall provide this insurance coverage information to the directly interested parties, automobile insurers, and investigating police officers, upon request under section 303.024. Upon such request, a transportation network company driver shall also disclose to directly interested parties, automobile insurers, and investigating police officers whether the driver was logged on to the transportation network company's digital network or on a prearranged ride at the time of an accident.

379.1704. DISCLOSURE OF INSURANCE COVERAGE, HOW MADE. — The transportation network company shall disclose in writing to transportation network company drivers the following before they are allowed to accept a request for a prearranged ride on the transportation network company's digital network:

(1) The insurance coverage, including the types of coverage and the limits for each coverage, that the transportation network company provides while the transportation network company driver uses a personal vehicle in connection with a transportation network company's digital network; and

(2) That the transportation network company driver's own automobile insurance policy might not provide any coverage while the driver is logged on to the transportation network company's digital network and is available to receive transportation requests or is engaged in a prearranged ride depending on the policy's terms.

379.1706. DISCLOSURE STATEMENT — DISPLAY. — A transportation network company shall make the following disclosure to a prospective driver in the prospective driver's terms of service:

IF THE VEHICLE THAT YOU PLAN TO USE TO PROVIDE TRANSPORTATION NETWORK COMPANY SERVICES HAS A LIEN AGAINST IT, USING THE VEHICLE FOR TRANSPORTATION NETWORK COMPANY SERVICES MAY VIOLATE THE TERMS OF YOUR CONTRACT WITH THE LIENHOLDER.

IF A TRANSPORTATION NETWORK COMPANY'S INSURER MAKES A PAYMENT FOR A CLAIM COVERED UNDER COMPREHENSIVE COVERAGE OR COLLISION COVERAGE, THE TRANSPORTATION NETWORK COMPANY SHALL CAUSE ITS INSURER TO ISSUE THE PAYMENT DIRECTLY TO THE BUSINESS REPAIRING THE VEHICLE OR JOINTLY TO THE OWNER OF THE VEHICLE AND THE PRIMARY LIENHOLDER ON THE COVERED VEHICLE.

The disclosure set forth in this subsection shall be placed prominently in the prospective driver's written terms of service, and the prospective driver shall acknowledge the terms of service electronically or by signature.

379.1708. EXCLUSIONS AND LIMITATIONS ON COVERAGE. — 1. Insurers that write automobile insurance in Missouri may exclude or limit any and all coverage afforded under an automobile insurance policy, including a motor vehicle liability policy, issued to an owner or operator of a personal vehicle for any loss or injury that occurs while:

- (1) A driver is logged on to a transportation network company's digital network;
- (2) A driver provides a prearranged ride; or
- (3) A motor vehicle is being used to transport or carry persons or property for any compensation or suggested donation;

2. The right to exclude all coverage under subsection 1 of this section may apply to any coverage included in an automobile insurance policy including, but not limited to:

- (1) Liability coverage for bodily injury and property damage;
- (2) Uninsured and underinsured motorist coverage;
- (3) Medical payments coverage;
- (4) Comprehensive physical damage coverage; and
- (5) Collision physical damage coverage.

Such exclusions shall apply notwithstanding any financial responsibility requirement or uninsured motorist coverage requirement under the motor vehicle financial responsibility law, chapter 303 or section 379.203, respectively. Nothing in this section implies or requires that a personal automobile insurance policy provide coverage while the driver is logged on to the transportation network company's digital network, while the driver is engaged in a prearranged ride, or while the driver otherwise uses a vehicle to transport passengers or property for compensation.

3. Nothing shall be deemed to preclude an insurer from providing coverage for the transportation network company driver's vehicle, if it chooses to do so by contract or endorsement.

4. Automobile insurers that exclude the coverage described in section 379.1702 shall have no duty to defend or indemnify any claim expressly excluded thereunder. Nothing in this section shall be deemed to invalidate or limit an exclusion contained in a policy, including any policy in use or approved for use in Missouri prior to the enactment of this section that excludes coverage for vehicles used to carry persons or property for a charge or available for hire by the public.

5. An automobile insurer that defends or indemnifies a claim against a driver that is excluded under the terms of its policy shall have a right of contribution against other insurers that provide automobile insurance to the same driver in satisfaction of the coverage requirements of section 379.1702 at the time of loss.

6. In a claims coverage investigation, transportation network companies and any insurer potentially providing coverage under section 379.1702 shall cooperate to facilitate the exchange of relevant information with each other and any insurer of the transportation network company driver if applicable, including the precise times that a transportation network company driver logged on and off of the transportation network company's digital network in the twelve-hour period immediately preceding and in the twelve-hour period immediately following the accident and disclose to one another a clear description of the coverage, exclusions, and limits provided under any automobile insurance maintained under section 379.1702.

2. Within the limits of the amounts appropriated therefor, the coordinating board for higher education shall award annually up to twenty-five grants to survivors of qualifying military members to attend institutions of postsecondary education in this state, which shall continue to be awarded annually to eligible recipients as long as the recipient achieves and maintains a cumulative grade point average of at least two and one-half on a four-point scale, or its equivalent. If the waiting list of eligible survivors exceeds fifty, the coordinating board may petition the general assembly to expand the quota. If the quota is not expanded, then the eligibility of survivors on the waiting list shall be extended.

3. A survivor may receive a grant under this section only so long as the survivor is enrolled in a program leading to a certificate, or an associate or baccalaureate degree. In no event shall a survivor receive a grant beyond the completion of the first baccalaureate degree, regardless of age.

4. The coordinating board for higher education shall:

(1) Promulgate all necessary rules and regulations for the implementation of this section;

and

(2) Provide the forms and determine the procedures necessary for a survivor to apply for and receive a grant under this section.

5. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

6. In order to be eligible to receive a grant under this section, a survivor shall be certified as eligible by the Missouri veterans' commission.

7. A survivor who is enrolled or has been accepted for enrollment as an undergraduate postsecondary student at an approved institution of postsecondary education, and who is selected to receive a grant under this section, shall receive the following:

(1) An amount not to exceed the actual tuition charged at the approved institution of postsecondary education where the survivor is enrolled or accepted for enrollment;

(2) An allowance of up to two thousand dollars per semester for room and board; and

(3) The actual cost of books, up to a maximum of five hundred dollars per semester.

8. A survivor who is a recipient of a grant may transfer from one approved public institution of postsecondary education to another without losing his or her entitlement under this section. The board shall make necessary adjustments in the amount of the grant. If a grant recipient at any time withdraws from the institution of postsecondary education so that under the rules and regulations of that institution he or she is entitled to a refund of any tuition, fees, room and board, books, or other charges, the institution shall pay the portion of the refund to which he or she is entitled attributable to the grant for that semester or similar grading period to the board.

9. If a survivor is granted financial assistance under any other student aid program, public or private, the full amount of such aid shall be reported to the board by the institution and the eligible survivor.

10. Nothing in this section shall be construed as a promise or guarantee that a person will be admitted to an institution of postsecondary education or to a particular institution of postsecondary education, will be allowed to continue to attend an institution of postsecondary education after having been admitted, or will be graduated from an institution of postsecondary education.

11. The benefits conferred by this section shall be available to any academically eligible student of a qualifying military member. Surviving children who are eligible shall be permitted to apply for full benefits conferred by this section until they reach twenty-five years of age.

12. Pursuant to section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall [sunset automatically six years after August 28, 2008] **be reauthorized as of the effective date of this act and shall expire on August 28, 2020**, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall sunset automatically twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

173.900. COMBAT VETERAN DEFINED — TUITION LIMIT FOR COMBAT VETERANS, PROCEDURE. — 1. This act shall be known and may be cited as the "Missouri Returning Heroes' Education Act".

3. All public institutions of higher education that receive any state funds appropriated by the general assembly shall limit the amount of tuition such institutions charge to combat veterans to fifty dollars per credit hour, as long as the veteran achieves and maintains a cumulative grade point average of at least two and one-half on a four-point scale, or its equivalent. The tuition limitation shall only be applicable if the combat veteran is enrolled in a program leading to a certificate, or an associate or baccalaureate degree. The period during which a combat veteran is eligible for a tuition limitation under this section shall expire at the end of the ten-year period beginning on the date of such veteran's last discharge from service.

4. The coordinating board for higher education shall ensure that all applicable institutions of higher education in this state comply with the provisions of this section and may promulgate rules for the efficient implementation of this section.

5. If a combat veteran is eligible to receive financial assistance under any other federal or state student aid program, public or private, the full amount of such aid shall be reported to the board by the institution and the veteran. The tuition limitation under this section shall be provided [after] **before** all other federal and state aid for which the veteran is eligible has been applied[, and no combat veteran shall receive more than the actual cost of attendance when the limitation is combined with other aid made available to such veteran].

6. Each institution may report to the board the amount of tuition waived in the previous fiscal year under the provisions of this act. This information may be included in each institution's request for appropriations to the board for the following year. The board may include this information in its appropriations recommendations to the governor and the general assembly. The general assembly may reimburse institutions for the cost of the waiver for the previous year as part of the operating budget. Nothing in this subsection shall be construed to deny a combat veteran a tuition limitation if the general assembly does not appropriate money for reimbursement to an institution.

7. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

173.1153. IN-STATE TUITION — MISSOURI NATIONAL GUARD MEMBERS AND U.S. ARMED FORCES RESERVISTS DEEMED DOMICILED IN THIS STATE — EFFECT OF — RULEMAKING AUTHORITY. — 1. Notwithstanding any provision of law to the contrary, any individual who is currently serving in the Missouri National Guard or in a reserve component of the Armed Forces of the United States shall be deemed to be domiciled in this state for purposes of eligibility for in-state tuition at any approved public institution in Missouri.

2. To be eligible for in-state tuition under this section, any such individual shall demonstrate presence within the state of Missouri. For purposes of attending a community college, an individual shall demonstrate presence within the taxing district of the community college he or she attends.

3. If any such individual is eligible to receive financial assistance under any other federal or state student aid program, public or private, the full amount of such aid shall be reported to the coordinating board for higher education by the institution and the individual. The tuition limitation under this section shall be provided after all other federal and state aid for which the individual is eligible has been applied, and no individual shall receive more than the actual cost of attendance when the limitation is combined with other aid made available to such individual.

4. The coordinating board for higher education shall promulgate rules to implement this section.

5. For purposes of this section, "approved public institution" shall have the same meaning as provided in subdivision (3) of section 173.1102.

6. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

SECTION B. EMERGENCY CLAUSE. — Because of the importance of providing educational assistance to members of the military and their families, the repeal and reenactment of section 173.234 is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, the repeal and reenactment of section 173.234 shall be in full force and effect upon its passage and approval.

The department of health and senior services shall promulgate regulations for the construction and renovation of hospitals that include life safety code standards for hospitals that exclusively reflect the life safety code standards imposed by the federal Medicare program under Title XVIII of the Social Security Act and its conditions of participation in the Code of Federal Regulations.

2. The department shall not require a hospital to meet the standards contained in the Facility Guidelines Institute for the Design and Construction of Health Care Facilities, but any hospital that complies with the 2010 or later version of such guidelines for the construction and renovation of hospitals shall not be required to comply with any regulation that is inconsistent or conflicts in any way with such guidelines.

3. The department may waive enforcement of the standards for licensed hospitals imposed by this section if the department determines that:

(1) Compliance with those specific standards would result in unreasonable hardship for the facility and if the health and safety of hospital patients would not be compromised by such waiver or waivers; or

(2) The hospital has used other standards that provide for equivalent design criteria.

4. Regulations promulgated by the department to establish and enforce hospital licensure regulations under this chapter that conflict with the standards established under subsections 1 and 3 of this section shall lapse on and after January 1, 2018.

5. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

197.315. CERTIFICATE OF NEED GRANTED, WHEN — FORFEITURE, GROUNDS — APPLICATION FOR CERTIFICATE, FEE — CERTIFICATE NOT REQUIRED, WHEN. — 1. Any person who proposes to develop or offer a new institutional health service within the state must obtain a certificate of need from the committee prior to the time such services are offered.

2. Only those new institutional health services which are found by the committee to be needed shall be granted a certificate of need. Only those new institutional health services which are granted certificates of need shall be offered or developed within the state. No expenditures for new institutional health services in excess of the applicable expenditure minimum shall be made by any person unless a certificate of need has been granted.

3. After October 1, 1980, no state agency charged by statute to license or certify health care facilities shall issue a license to or certify any such facility, or distinct part of such facility, that is developed without obtaining a certificate of need.

4. If any person proposes to develop any new institutional health care service without a certificate of need as required by sections 197.300 to 197.366, the committee shall notify the attorney general, and he shall apply for an injunction or other appropriate legal action in any court of this state against that person.

5. After October 1, 1980, no agency of state government may appropriate or grant funds to or make payment of any funds to any person or health care facility which has not first obtained every certificate of need required pursuant to sections 197.300 to 197.366.

6. A certificate of need shall be issued only for the premises and persons named in the application and is not transferable except by consent of the committee.

7. Project cost increases, due to changes in the project application as approved or due to project change orders, exceeding the initial estimate by more than ten percent shall not be incurred without consent of the committee.

8. Periodic reports to the committee shall be required of any applicant who has been granted a certificate of need until the project has been completed. The committee may order the forfeiture of the certificate of need upon failure of the applicant to file any such report.

9. A certificate of need shall be subject to forfeiture for failure to incur a capital expenditure on any approved project within six months after the date of the order. The

applicant may request an extension from the committee of not more than six additional months based upon substantial expenditure made.

10. Each application for a certificate of need must be accompanied by an application fee. The time of filing commences with the receipt of the application and the application fee. The application fee is one thousand dollars, or one-tenth of one percent of the total cost of the proposed project, whichever is greater. All application fees shall be deposited in the state treasury. Because of the loss of federal funds, the general assembly will appropriate funds to the Missouri health facilities review committee.

11. In determining whether a certificate of need should be granted, no consideration shall be given to the facilities or equipment of any other health care facility located more than a fifteen-mile radius from the applying facility.

12. When a nursing facility shifts from a skilled to an intermediate level of nursing care, it may return to the higher level of care if it meets the licensure requirements, without obtaining a certificate of need.

13. In no event shall a certificate of need be denied because the applicant refuses to provide abortion services or information.

14. A certificate of need shall not be required for the transfer of ownership of an existing and operational health facility in its entirety.

15. A certificate of need may be granted to a facility for an expansion, an addition of services, a new institutional service, or for a new hospital facility which provides for something less than that which was sought in the application.

16. The provisions of this section shall not apply to facilities operated by the state, and appropriation of funds to such facilities by the general assembly shall be deemed in compliance with this section, and such facilities shall be deemed to have received an appropriate certificate of need without payment of any fee or charge. **The provisions of this subsection shall not apply to hospitals operated by the state and licensed under chapter 197, except for department of mental health state-operated psychiatric hospitals.**

17. Notwithstanding other provisions of this section, a certificate of need may be issued after July 1, 1983, for an intermediate care facility operated exclusively for the intellectually disabled.

18. To assure the safe, appropriate, and cost-effective transfer of new medical technology throughout the state, a certificate of need shall not be required for the purchase and operation of:

(1) Research equipment that is to be used in a clinical trial that has received written approval from a duly constituted institutional review board of an accredited school of medicine or osteopathy located in Missouri to establish its safety and efficacy and does not increase the bed complement of the institution in which the equipment is to be located. After the clinical trial has been completed, a certificate of need must be obtained for continued use in such facility; or

(2) Equipment that is to be used by an academic health center operated by the state in furtherance of its research or teaching missions.

334.1227. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT. — OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight

1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities or actions of the commission.

3. The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

B. Default, Technical Assistance, and Termination

1. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the commission; and

b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

6. The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

C. Dispute Resolution

1. Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

2. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement

1. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

334.1230. DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT. — DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

A. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

B. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

C. Any member state may withdraw from this compact by enacting a statute repealing the same.

1. A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this compact shall be construed to invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

E. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

334.1233. CONSTRUCTION AND SEVERABILITY. — CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

percent of the hospital's funds not required for immediate disbursement in obligations or for the operation of the hospital in any United States investment grade fixed income funds or any diversified stock funds, or both.

2. The provisions of this section shall only apply if the hospital:

(1) Receives less than one percent of its annual revenues from municipal, county, or state taxes; and

(2) Receives less than one percent of its annual revenue from appropriated funds from the municipality in which such hospital is located.

190.060. POWERS OF DISTRICT. — 1. An ambulance district shall have the following governmental powers, and all other powers incidental, necessary, convenient or desirable to carry out and effectuate the express powers:

(1) To establish and maintain an ambulance service within its corporate limits, and to acquire for, develop, expand, extend and improve such service;

The board of trustees shall not be the same as the board of directors;

The type and amount of such benefits shall be determined by the board of directors of the ambulance district within available revenues of the district, including the pension program of the district. The provision and receipt of such benefits shall not make the recipient an employee of the district. Directors who are also volunteer members may receive such benefits while serving as a director of the district.

4. Nothing in this section or in other provisions of sections 190.001 to 190.245 shall be construed to authorize the district or board to establish or enforce any regulation or rule in respect to the operation or maintenance of the ambulance service within its jurisdiction which is in conflict with any federal or state law or regulation applicable to the same subject matter.

5. After August 28, 1998, the board of directors of an ambulance district that proposes to contract for the total management and operation of the ambulance service, when that ambulance district has not previously contracted out for said service, shall hold a public hearing within a thirty-day period and shall make a finding that the proposed contract to manage and operate the ambulance service will:

- (1) Provide benefits to the public health that outweigh the associated costs;
- (2) Maintain or enhance public access to ambulance service;
- (3) Maintain or improve the public health and promote the continued development of the regional emergency medical services system.

6. (1) Upon a satisfactory finding following the public hearing in subsection 5 of this section and after a sixty-day period, the ambulance district may enter into the proposed contract, however said contract shall not be implemented for at least thirty days.

(2) The provisions of subsection 5 of this section shall not apply to contracts which were executed prior to August 28, 1998, or to the renewal or modification of such contracts or to the signing of a new contract with an ambulance service provider for services that were previously contracted out.

7. All ambulance districts authorized to adopt laws, ordinances, or regulations regarding basic life support ambulances shall require such ambulances to be equipped with an automated external defibrillator and be staffed by at least one individual trained in the use of an automated external defibrillator.

8. The ambulance district may adopt procedures for conducting fingerprint background checks on current and prospective employees, contractors, and volunteers. The ambulance district may submit applicant fingerprints to the Missouri state highway patrol, Missouri criminal records repository, for the purpose of checking the person's criminal history. The fingerprints shall be used to search the Missouri criminal records repository and shall be submitted to the Federal Bureau of Investigation to be used for searching the federal criminal history files. The fingerprints shall be submitted on forms and in the manner prescribed by the Missouri state highway patrol. Fees shall be as set forth in section 43.530.

190.241. TRAUMA, STEMI, OR STROKE CENTERS, DESIGNATION BY DEPARTMENT — ON-SITE REVIEWS — GROUNDS FOR SUSPENSION OR REVOCATION OF DESIGNATION — DATA SUBMISSION AND ANALYSIS — FEES — ADMINISTRATIVE HEARING COMMISSION TO HEAR PERSONS AGGRIEVED BY DESIGNATION. — 1. The department shall designate a hospital as an adult, pediatric or adult and pediatric trauma center when a hospital, upon proper application submitted by the hospital and site review, has been found by the department to meet the applicable level of trauma center criteria for designation in accordance with rules adopted by the department as prescribed by section 190.185.

2. **Except as provided for in subsection 4 of this section,** the department shall designate a hospital as a STEMI or stroke center when such hospital, upon proper application and site review, has been found by the department to meet the applicable level of STEMI or stroke center criteria for designation in accordance with rules adopted by the department as prescribed by section 190.185. In developing STEMI center and stroke center designation criteria, the department shall use, as it deems practicable, appropriate peer-reviewed or evidence-based research on such topics including, but not limited to, the most recent guidelines of the American College of Cardiology and American Heart Association for STEMI centers, or the Joint Commission's Primary Stroke Center Certification program criteria for stroke centers, or Primary and Comprehensive Stroke Center Recommendations as published by the American Stroke Association.

3. The department of health and senior services shall, not less than once every five years, conduct an on-site review of every trauma, STEMI, and stroke center through appropriate department personnel or a qualified contractor, **with the exception of stroke centers designated pursuant to subsection 4 of this section; however, this provision is not intended to limit the department's ability to conduct a complaint investigation pursuant to subdivision (3) of subsection 2 of section 197.080 of any trauma, STEMI, or stroke center.** On-site reviews shall be coordinated for the different types of centers to the extent practicable with hospital licensure inspections conducted under chapter 197. No person shall be a qualified contractor for purposes of this subsection who has a substantial conflict of interest in the operation of any trauma, STEMI, or stroke center under review. The department may deny, place on probation, suspend or revoke such designation in any case in which it has reasonable cause to believe that there has been a substantial failure to comply with the provisions of this chapter or any rules or regulations promulgated pursuant to this chapter. If the department of health and senior services has reasonable cause to believe that a hospital is not in compliance with such provisions or regulations, it may conduct additional announced or unannounced site reviews of the hospital to verify compliance. If a trauma, STEMI, or stroke center fails two consecutive on-site reviews because of substantial noncompliance with standards prescribed by sections 190.001 to 190.245 or rules adopted by the department pursuant to sections 190.001 to 190.245, its center designation shall be revoked.

4. **Instead of applying for stroke center designation pursuant to the provisions of subsection 2 of this section, a hospital may apply for stroke center designation pursuant to this subsection. Upon receipt of an application from a hospital on a form prescribed by the department, the department shall designate such hospital:**

(1) **A level I stroke center if such hospital has been certified as a comprehensive stroke center by the Joint Commission or any other certifying organization designated by the department when such certification is in accordance with the American Heart Association/American Stroke Association guidelines;**

(2) **A level II stroke center if such hospital has been certified as a primary stroke center by the Joint Commission or any other certifying organization designated by the department when such certification is in accordance with the American Heart Association/American Stroke Association guidelines; or**

(3) **A level III stroke center if such hospital has been certified as an acute stroke-ready hospital by the Joint Commission or any other certifying organization designated**

by the department when such certification is in accordance with the American Heart Association/American Stroke Association guidelines.

Except as provided by subsection 5 of this section, the department shall not require compliance with any additional standards for establishing or renewing stroke designations. The designation shall continue if such hospital remains certified. The department may remove a hospital's designation as a stroke center if the hospital requests removal of the designation or the department determines that the certificate recognizing the hospital as a stroke center has been suspended or revoked. Any decision made by the department to withdraw its designation of a stroke center pursuant to this subsection that is based on the revocation or suspension of a certification by a certifying organization shall not be subject to judicial review. The department shall report to the certifying organization any complaint it receives related to the stroke center certification of a stroke center designated pursuant to this subsection. The department shall also advise the complainant which organization certified the stroke center and provide the necessary contact information should the complainant wish to pursue a complaint with the certifying organization.

5. Any hospital receiving designation as a stroke center pursuant to subsection 4 of this section shall:

(1) Annually and within thirty days of any changes submit to the department proof of stroke certification and the names and contact information of the medical director and the program manager of the stroke center;

(2) Submit to the department a copy of the certifying organization's final stroke certification survey results within thirty days of receiving such results;

(3) Submit every four years an application on a form prescribed by the department for stroke center review and designation;

(4) Participate in the emergency medical services regional system of stroke care in its respective emergency medical services region as defined in rules promulgated by the department;

(5) Participate in local and regional emergency medical services systems by reviewing and sharing outcome data and providing training and clinical educational resources.

Any hospital receiving designation as a level III stroke center pursuant to subsection 4 of this section shall have a formal agreement with a level I or level II stroke center for physician consultative services for evaluation of stroke patients for thrombolytic therapy and the care of the patient post-thrombolytic therapy.

6. Hospitals designated as a STEMI or stroke center by the department, including those designated pursuant to subsection 4 of this section, shall submit data to meet the data submission requirements specified by rules promulgated by the department. Such submission of data may be done by the following methods:

(1) Entering hospital data directly into a state registry by direct data entry;

(2) Downloading hospital data from a nationally-recognized registry or data bank and importing the data files into a state registry; or

(3) Authorizing a nationally-recognized registry or data bank to disclose or grant access to the department facility-specific data held by the registry or data bank.

A hospital submitting data pursuant to subdivisions (2) or (3) of this subsection shall not be required to collect and submit any additional STEMI or stroke center data elements.

7. When collecting and analyzing data pursuant to the provisions of this section, the department shall comply with the following requirements:

(1) Names of any health care professionals, as defined in section 376.1350, shall not be subject to disclosure;

(2) The data shall not be disclosed in a manner that permits the identification of an individual patient or encounter;

(3) The data shall be used for the evaluation and improvement of hospital and emergency medical services' trauma, stroke, and STEMI care;

(4) The data collection system shall be capable of accepting file transfers of data entered into to any national recognized trauma, stroke, or STEMI registry or data bank to fulfill trauma, stroke, or STEMI certification reporting requirements;

(5) STEMI and stroke center data elements shall conform to nationally recognized performance measures, such as the American Heart Association's Get With the Guidelines, and include published detailed measure specifications, data coding instructions, and patient population inclusion and exclusion criteria to ensure data reliability and validity; and

(6) Generate from the trauma, stroke, and STEMI registries quarterly regional and state outcome data reports for trauma, stroke, and STEMI designated centers, the state advisory council on EMS, and regional EMS committees to review for performance improvement and patient safety.

8. The board of registration for the healing arts shall have sole authority to establish education requirements for physicians who practice in an emergency department of a facility designated as a trauma, STEMI, or stroke center by the department under this section. The department shall deem such education requirements promulgated by the board of registration for the healing arts sufficient to meet the standards for designations under this section.

9. The department of health and senior services may establish appropriate fees to offset the costs of trauma, STEMI, and stroke center reviews.

[5.] 10. No hospital shall hold itself out to the public as a STEMI center, stroke center, adult trauma center, pediatric trauma center, or an adult and pediatric trauma center unless it is designated as such by the department of health and senior services.

[6.] 11. Any person aggrieved by an action of the department of health and senior services affecting the trauma, STEMI, or stroke center designation pursuant to this chapter, including the revocation, the suspension, or the granting of, refusal to grant, or failure to renew a designation, may seek a determination thereon by the administrative hearing commission under chapter 621. It shall not be a condition to such determination that the person aggrieved seek a reconsideration, a rehearing, or exhaust any other procedure within the department.

190.265. HELIPADS, HOSPITALS NOT REQUIRED TO HAVE FENCING OR BARRIERS. — 1. In order to ensure that the skids of a helicopter do not get caught in a fence or other barriers and cause a potentially catastrophic outcome, any rules and regulations promulgated by the department of health and senior services pursuant to sections 190.185, 190.241, and 192.006, chapter 197, or any other provision of Missouri law shall not require hospitals to have a fence, or other barriers, around such hospital's helipad. Any regulation requiring fencing, or other barriers, or any interpretation of such regulation shall be null and void.

2. In addition to the prohibition in subsection 1 of this section, the department shall not promulgate any rules and regulations with respect to the operation or construction of a helipad located at a hospital.

3. Hospitals shall ensure that helipads are free of obstruction and safe for use by a helicopter while on the ground, during approach, and takeoff.

4. As used in this section, the term "hospital" shall have the same meaning as in section 197.020.

197.315. CERTIFICATE OF NEED GRANTED, WHEN — FORFEITURE, GROUNDS — APPLICATION FOR CERTIFICATE, FEE — CERTIFICATE NOT REQUIRED, WHEN. — 1. Any person who proposes to develop or offer a new institutional health service within the state must obtain a certificate of need from the committee prior to the time such services are offered.

2. Only those new institutional health services which are found by the committee to be needed shall be granted a certificate of need. Only those new institutional health services which

are granted certificates of need shall be offered or developed within the state. No expenditures for new institutional health services in excess of the applicable expenditure minimum shall be made by any person unless a certificate of need has been granted.

3. After October 1, 1980, no state agency charged by statute to license or certify health care facilities shall issue a license to or certify any such facility, or distinct part of such facility, that is developed without obtaining a certificate of need.

4. If any person proposes to develop any new institutional health care service without a certificate of need as required by sections 197.300 to 197.366, the committee shall notify the attorney general, and he shall apply for an injunction or other appropriate legal action in any court of this state against that person.

5. After October 1, 1980, no agency of state government may appropriate or grant funds to or make payment of any funds to any person or health care facility which has not first obtained every certificate of need required pursuant to sections 197.300 to 197.366.

6. A certificate of need shall be issued only for the premises and persons named in the application and is not transferable except by consent of the committee.

7. Project cost increases, due to changes in the project application as approved or due to project change orders, exceeding the initial estimate by more than ten percent shall not be incurred without consent of the committee.

8. Periodic reports to the committee shall be required of any applicant who has been granted a certificate of need until the project has been completed. The committee may order the forfeiture of the certificate of need upon failure of the applicant to file any such report.

9. A certificate of need shall be subject to forfeiture for failure to incur a capital expenditure on any approved project within six months after the date of the order. The applicant may request an extension from the committee of not more than six additional months based upon substantial expenditure made.

10. Each application for a certificate of need must be accompanied by an application fee. The time of filing commences with the receipt of the application and the application fee. The application fee is one thousand dollars, or one-tenth of one percent of the total cost of the proposed project, whichever is greater. All application fees shall be deposited in the state treasury. Because of the loss of federal funds, the general assembly will appropriate funds to the Missouri health facilities review committee.

11. In determining whether a certificate of need should be granted, no consideration shall be given to the facilities or equipment of any other health care facility located more than a fifteen-mile radius from the applying facility.

12. When a nursing facility shifts from a skilled to an intermediate level of nursing care, it may return to the higher level of care if it meets the licensure requirements, without obtaining a certificate of need.

13. In no event shall a certificate of need be denied because the applicant refuses to provide abortion services or information.

14. A certificate of need shall not be required for the transfer of ownership of an existing and operational health facility in its entirety.

15. A certificate of need may be granted to a facility for an expansion, an addition of services, a new institutional service, or for a new hospital facility which provides for something less than that which was sought in the application.

16. The provisions of this section shall not apply to facilities operated by the state, and appropriation of funds to such facilities by the general assembly shall be deemed in compliance with this section, and such facilities shall be deemed to have received an appropriate certificate of need without payment of any fee or charge. **The provisions of this subsection shall not apply to hospitals operated by the state and licensed under chapter 197, except for department of mental health state-operated psychiatric hospitals.**

17. Notwithstanding other provisions of this section, a certificate of need may be issued after July 1, 1983, for an intermediate care facility operated exclusively for the intellectually disabled.

18. To assure the safe, appropriate, and cost-effective transfer of new medical technology throughout the state, a certificate of need shall not be required for the purchase and operation of:

(1) **Research equipment that is to be used in a clinical trial that has received written approval from a duly constituted institutional review board of an accredited school of medicine or osteopathy located in Missouri to establish its safety and efficacy and does not increase the bed complement of the institution in which the equipment is to be located. After the clinical trial has been completed, a certificate of need must be obtained for continued use in such facility; or**

(2) **Equipment that is to be used by an academic health center operated by the state in furtherance of its research or teaching missions.**

205.165. INVESTMENT OF MONEYS IN AN INVESTMENT COMPANY, WHEN. — 1. The board of trustees of any hospital authorized under subsection 1 of this section and organized under the provisions of sections 205.160 to 205.340 may invest up to fifteen percent of their funds not required for immediate disbursement in obligations or for the operation of the hospital into any mutual fund, in the form of an investment company, in which shareholders combine money to invest in a variety of stocks, bonds, and money-market investments.

2. The provisions of this section shall only apply if the hospital:

(1) **Is located within a county of the first classification with more than one hundred fifty thousand but fewer than two hundred thousand inhabitants; and**

(2) **Receives less than one percent of its annual revenues from county or state taxes.**

SECTION B. EMERGENCY CLAUSE. — Because immediate action is necessary to preserve access to quality health care facilities for the citizens of Missouri and because immediate action may prevent a tragic occurrence from happening, the enactment of section 190.265 and the repeal and reenactment of section 197.315 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of section 190.265 and the repeal and reenactment of section 197.315 of this act shall be in full force and effect upon its passage and approval.

The coordinating board shall consist of nine members appointed by the governor with the advice and consent of the senate, and not more than five of its members shall be of the same political party. None of the members shall be engaged professionally as an educator or educational administrator with a public or private institution of higher education at the time appointed or during his term. Moreover, no person shall be appointed to the coordinating board who shall not be a citizen of the United States, and who shall not have been a resident of the state of Missouri two years next prior to appointment, and at least one but not more than two persons shall be appointed to said

board from each congressional district. The term of service of a member of the coordinating board shall be six years and said members, while attending the meetings of the board, shall be reimbursed for their actual expenses. Notwithstanding any provision of law to the contrary, nothing in this section relating to a change in the composition and configuration of congressional districts in this state shall prohibit a member who is serving a term on August 28, 2011, from completing his or her term. The coordinating board may, in order to carry out the duties prescribed for it in subsections 1, 2, 3, 7, and 8 of this section, employ such professional, clerical and research personnel as may be necessary to assist it in performing those duties, but this staff shall not, in any fiscal year, exceed twenty-five full-time equivalent employees regardless of the source of funding. In addition to all other powers, duties and functions transferred to it, the coordinating board for higher education shall have the following duties and responsibilities:

(2) The coordinating board for higher education may promote and encourage the development of cooperative agreements between Missouri public four-year institutions of higher education which do not offer graduate degrees and Missouri public four-year institutions of higher education which do offer graduate degrees for the purpose of offering graduate degree programs on campuses of those public four-year institutions of higher education which do not otherwise offer graduate degrees. Such agreements shall identify the obligations and duties of the parties, including assignment of administrative responsibility. Any diploma awarded for graduate degrees under such a cooperative agreement shall include the names of both institutions inscribed thereon. Any cooperative agreement in place as of August 28, 2003, shall require no further approval from the coordinating board for higher education. Any costs incurred with respect to the administrative provisions of this subdivision may be paid from state funds allocated to the institution assigned the administrative authority for the program. The provisions of this subdivision shall not be construed to invalidate the provisions of subdivision (1) of this subsection;

(3) In consultation with the heads of the institutions of higher education affected and against a background of carefully collected data on enrollment, physical facilities, manpower needs, institutional missions, the coordinating board for higher education shall establish guidelines for appropriation requests by those institutions of higher education; however, other provisions of the Reorganization Act of 1974 notwithstanding, all funds shall be appropriated by the general assembly to the governing board of each public four-year institution of higher education which shall prepare expenditure budgets for the institution;

(7) The coordinating board shall establish policies and procedures for institutional decisions relating to the residence status of students;

(8) The coordinating board shall establish guidelines to promote and facilitate the transfer of students between institutions of higher education within the state and, with the assistance of the committee on transfer and articulation, shall require all public two-year and four-year higher education institutions to create by July 1, 2014, a statewide core transfer library of at least twenty-five lower division courses across all institutions that are transferable among all public higher education institutions. The coordinating board shall establish policies and procedures to ensure

such courses are accepted in transfer among public institutions and treated as equivalent to similar courses at the receiving institutions. The coordinating board shall develop a policy to foster reverse transfer for any student who has accumulated enough hours in combination with at least one public higher education institution in Missouri that offers an associate degree and one public four-year higher education institution in the prescribed courses sufficient to meet the public higher education institution's requirements to be awarded an associate degree. The department of elementary and secondary education shall maintain the alignment of the assessments found in section 160.518 and successor assessments with the competencies previously established under this subdivision for entry-level collegiate courses in English, mathematics, foreign language, sciences, and social sciences associated with an institution's general education core;

(9) The coordinating board shall collect the necessary information and develop comparable data for all institutions of higher education in the state. The coordinating board shall use this information to delineate the areas of competence of each of these institutions and for any other purposes deemed appropriate by the coordinating board;

(10) Compliance with requests from the coordinating board for institutional information and the other powers, duties and responsibilities, herein assigned to the coordinating board, shall be a prerequisite to the receipt of any funds which the coordinating board is responsible for administering;

(11) If any institution of higher education in this state, public or private, willfully fails or refuses to follow any lawful guideline, policy or procedure established or prescribed by the coordinating board, or knowingly deviates from any such guideline, or knowingly acts without coordinating board approval where such approval is required, or willfully fails to comply with any other lawful order of the coordinating board, the coordinating board may, after a public hearing, withhold or direct to be withheld from that institution any funds the disbursement of which is subject to the control of the coordinating board, or may remove the approval of the institution as an approved institution within the meaning of section 173.1102. If any such public institution willfully disregards board policy, the commissioner of higher education may order such institution to remit a fine in an amount not to exceed one percent of the institution's current fiscal year state operating appropriation to the board. The board shall hold such funds until such time that the institution, as determined by the commissioner of higher education, corrects the violation, at which time the board shall refund such amount to the institution. If the commissioner determines that the institution has not redressed the violation within one year, the fine amount shall be deposited into the general revenue fund, unless the institution appeals such decision to the full coordinating board, which shall have the authority to make a binding and final decision, by means of a majority vote, regarding the matter. However, nothing in this section shall prevent any institution of higher education in this state from presenting additional budget requests or from explaining or further clarifying its budget requests to the governor or the general assembly; [and]

(12) In recognition of institutions that meet the requirements of subdivisions (2), (3), or (4) of subsection 1 of section 173.616, are established by name as an educational institution in Missouri, and are authorized to operate programs beyond secondary education for purposes of authorization under 34 C.F.R. 600.9, the coordinating board for higher education shall maintain and publish on its website a list of such postsecondary educational institutions; and

b. The board's approval process of degree programs and courses offered by any out-of-state public institutions of higher education that, prior to July 1, 2008, were approved by the board to operate a school in compliance with the provisions of sections 173.600 to 173.618. The rules shall ensure that, as of July 1, 2008, all out-of-state public institutions seeking to offer degrees and courses within the state of Missouri are evaluated in a manner similar to Missouri public higher education institutions. Such out-of-state public institutions shall be held to standards no lower than the standards established by the coordinating board for program approval and the policy guidelines of the coordinating board for data collection, cooperation, and resolution of disputes between Missouri institutions of higher education under this section. Any such out-of-state public institutions of higher education wishing to continue operating within this state must be approved by the board under the rules promulgated under this subdivision. The coordinating board may charge and collect fees from out-of-state public institutions to cover the costs of reviewing and assuring the quality of programs offered by out-of-state public institutions. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

(c) Nothing in this subdivision or in section 173.616 shall be construed or interpreted so that students attending an out-of-state public institution are considered to be attending a Missouri public institution of higher education for purposes of obtaining student financial assistance.

3. The coordinating board shall meet at least four times annually with an advisory committee who shall be notified in advance of such meetings. The coordinating board shall have exclusive voting privileges. The advisory committee shall consist of thirty-two members, who shall be the president or other chief administrative officer of the University of Missouri; the chancellor of each campus of the University of Missouri; the president of each state-supported four-year college or university, including Harris-Stowe State University, Missouri Southern State University, Missouri Western State University, and Lincoln University; the president of State Technical College of Missouri; the president or chancellor of each public community college district; and representatives of each of five accredited private institutions selected biennially, under the supervision of the coordinating board, by the presidents of all of the state's privately supported institutions; but always to include at least one representative from one privately supported community college, one privately supported four-year college, and one privately supported university. The conferences shall enable the committee to advise the coordinating board of the views of the institutions on matters within the purview of the coordinating board.

Provided, however, that all responsibility for administering the federal-state programs of vocational-technical education, except for the 1202a postsecondary educational amendments of 1972 program, shall remain with the department of elementary and secondary education. The department of elementary and secondary education and the coordinating board for higher education shall cooperate in developing the various plans for vocational-technical education; however, the ultimate responsibility will remain with the state board of education.

8. All the powers, duties, functions, and properties of the state poultry experiment station, chapter 262, are transferred by type I transfer to the University of Missouri, and the state poultry association and state poultry board are abolished. In the event the University of Missouri shall cease to use the real estate of the poultry experiment station for the purposes of research or shall declare the same surplus, all real estate shall revert to the governor of the state of Missouri and shall not be disposed of without legislative approval.

(2) Described in subsection 2 of this section pursuant to the expressed written consent of the farmer or rancher; or

(3) Required by law as a condition of compliance with any state agency regulatory function.

HB 1763 [HB 1763]

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.

Changes the laws regarding workers' compensation large deductible policies issued by an insurer

AN ACT to amend chapter 375, RSMo, by adding thereto one new section relating to workers' compensation large deductible policies, with an emergency clause.

SECTION

- A. Enacting clause.
375.1605. Insolvent insurers, claims to be handled by guaranty association — definitions — payment of claims, reimbursement — receiver obligations and utilization of collateral.
B. Emergency clause.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Chapter 375, RSMo, is amended by adding thereto one new section, to be known as section 375.1605, to read as follows:

375.1605. INSOLVENT INSURERS, CLAIMS TO BE HANDLED BY GUARANTY ASSOCIATION — DEFINITIONS — PAYMENT OF CLAIMS, REIMBURSEMENT — RECEIVER OBLIGATIONS AND UTILIZATION OF COLLATERAL. — **1. The provisions of this section shall apply to workers' compensation large deductible policies issued by an insurer subject to delinquency proceedings under this chapter. This section shall not apply to first party claims or to claims funded by a guaranty association net of the deductible unless subsection 3 of this section applies. Large deductible policies shall be administered in accordance with their terms, except to the extent such terms conflict with the provisions of this section.**

2. For purposes of this section, the following terms mean:

(1) "Collateral", any cash, letters of credit, surety bond, or any other form of security posted by the insured or by a captive insurer or reinsurer to secure the insured's obligation under the large deductible policy to pay deductible claims or to reimburse the insurer for deductible claim payments. Collateral may also secure an insured's obligation to reimburse or pay the insurer as may be required for other secured obligations;

(2) "Commercially reasonable", to act in good faith using prevailing industry practices and making all reasonable efforts considering the facts and circumstances of the matter;

(3) "Deductible claim", any claim, including a claim for loss and defense and cost containment expense, unless such expenses are excluded, under a large deductible policy that is within the deductible;

(4) "Delinquency proceeding", shall have the same meaning ascribed to it in section 375.1152;

(5) "Guaranty association", the Missouri property and casualty insurance guaranty association created by sections 375.771 to 375.779, as amended, and any other similar entities created by the laws of any other state for the payment of claims of insolvent insurers;

(6) "Large deductible policy", any combination of one or more workers' compensation policies and endorsements issued to an insured and contracts or security agreements entered into between an insured and the insurer in which the insured has agreed with the insurer to:

(a) Pay directly the initial portion of any claim under the policy up to a specified dollar amount or the expenses related to any claim; or

(b) Reimburse the insurer for its payment of any claim or related expenses under the policy up to the specified dollar amount of the deductible.

The term "large deductible policy" also includes policies that contain an aggregate limit on the insured's liability for all deductible claims in addition to a per-claim deductible limit. The primary purpose and distinguishing characteristic of a large deductible policy is the shifting of a portion of the ultimate financial responsibility under the large deductible policy to pay claims from the insurer to the insured, even though the obligation to initially pay claims may remain with the insurer. Large deductible policies do not include policies, endorsements, or agreements which provide that the initial portion of any covered claim shall be self-insured and further that the insured shall have no payment obligation within the self-insured retention. Large deductible policies also do not include policies that provide for retrospectively rated premium payments by the insured or reinsurance arrangements or agreements, except to the extent such arrangements or agreements assume, secure, or pay the policyholder's large deductible obligations;

(7) "Other secured obligations", obligations of an insured to an insurer other than those under a large deductible policy, such as those under a reinsurance agreement or other agreement involving retrospective premium obligations, the performance of which is secured by collateral that also secures an insured's obligations under a large deductible policy;

(8) "Receiver", shall have the same meaning ascribed to it in section 375.1152.

3. Unless otherwise agreed by the responsible guaranty association, all large deductible claims which are also "covered claims", as defined by the applicable guaranty association law, including those that may have been funded by an insured before liquidation, shall be turned over to the guaranty association for handling. To the extent the insured funds or pays the deductible claim pursuant to an agreement by the guaranty fund or otherwise, the insured's funding or payment of a deductible claim will extinguish the obligations, if any, of the receiver or any guaranty association to pay such claim. No charge of any kind shall be made against the receiver or a guaranty association on the basis of an insured's funding or payment of a deductible claim.

4. To the extent a guaranty association pays any deductible claim for which the insurer would have been entitled to reimbursement from the insured, a guaranty association shall be entitled to the full amount of the reimbursement and available collateral as provided for under this section to the extent necessary to reimburse the guaranty association. Such reimbursements and collateral shall be subject to any reasonable and actual expenses recovered by the receiver as provided for under subsection 7 of this section. Reimbursements paid to the guaranty association under this subsection

shall not be treated as distributions under section 375.1218 or as early access payments under section 375.1205. To the extent that a guaranty association pays a deductible claim that is not reimbursed either from collateral or by insured payments, or incurred expenses in connection with large deductible policies that are not reimbursed under this section, the guaranty association shall be entitled to assert a claim for those amounts in the delinquency proceeding. Nothing in this subsection limits any rights of the receiver or a guaranty association that may otherwise exist under applicable law to obtain reimbursement from insureds for claims payments made by the guaranty association under policies of the insurer or for the guaranty association's related expenses such as those affording the guaranty association the right to recover for claims payments made to or on behalf of high net worth insureds or claimants.

5. (1) The receiver shall have the obligation to collect reimbursements owed for deductible claims as provided for herein and shall take all commercially reasonable actions to collect such reimbursements. The receiver shall promptly bill insureds for reimbursement of deductible claims:

- (a) Paid by the insurer prior to the commencement of delinquency proceedings;
- (b) Paid by a guaranty association upon receipt by the receiver of notice from a guaranty association of reimbursable payments; or
- (c) Paid or allowed by the receiver.

(2) If the insured does not make payment within the time specified in the large deductible policy, or within sixty days after the date of billing if no time is specified, the receiver shall take all commercially reasonable actions to collect any reimbursements owed.

(3) Neither the insolvency of the insurer, nor its inability to perform any of its obligations under the large deductible policy, shall be a defense to the insured's reimbursement obligation under the large deductible policy.

(4) Except for gross negligence, an allegation of improper handling or payment of a deductible claim by the insurer, the receiver, or any guaranty association shall not be a defense to the insured's reimbursement obligations under the large deductible policy.

6. (1) Subject to the provisions of this subsection, the receiver shall utilize collateral if available to secure the insured's obligation to fund or reimburse deductible claims or other secured obligations or other payment obligations. A guaranty association shall be entitled to collateral as provided for in this subsection to the extent needed to reimburse a guaranty association for the payments of a deductible claim. Any distributions made to a guaranty association under this subsection shall not be treated as distributions under section 375.1218 or as early access payments under section 375.1205.

(2) All claims against the collateral shall be paid in the order received and no claim of the receiver, including those described in this subsection, shall supersede any other claim against the collateral as described in subdivision (4) of this subsection.

(3) The receiver shall draw down collateral to the extent necessary in the event that the insured fails to:

- (a) Perform its funding or payment obligations under any large deductible policy;
- (b) Pay deductible claim reimbursements within the time specified in the large deductible policy or within sixty days after the date of the billing if no time is specified;
- (c) Pay amounts due the estate for preliquidation obligations;
- (d) Timely fund any other secured obligation; or
- (e) Timely pay expenses.

(4) Claims that are validly asserted against the collateral shall be satisfied in the order in which such claims are received by the receiver; except that, if more than one creditor has a valid claim against the same collateral and the available collateral, along with billing collection efforts and to the extent that the collateral is subject to other known secured obligations, are together insufficient to pay each creditor in full, then the director as

rehabilitator or liquidator shall prorate payments to each creditor based upon the relationship the amount of claims each creditor has paid bears to the total of all claims paid by all such creditors.

(5) Excess collateral may be returned to the insured as determined by the receiver after a periodic review of claims paid, outstanding case reserves, and a factor for incurred but not reported claims.

7. The receiver shall be entitled to deduct from the collateral or from the deductible reimbursements reasonable and actual expenses incurred in connection with the collection of the collateral and deductible reimbursements under the provisions of this section, subject to the review and approval by the court.

8. The court having jurisdiction over the delinquency proceedings under section 375.1154 shall have jurisdiction to resolve disputes arising under the provisions of this section.

9. The provisions of this section shall apply to all delinquency proceedings that either commence on or after the effective date of this section or are open and pending on the effective date of this section, provided that, the provisions of this section shall not affect any delinquency proceeding for which a final order of liquidation with a finding of insolvency has been entered by a court of competent jurisdiction prior to the effective date of this section.

10. Nothing in this section is intended to limit or adversely affect any rights or powers a guaranty association may have under applicable state law to obtain reimbursement from certain classes of policyholders for claims payments made by the guaranty association under policies of the insolvent insurer, or for related expenses the guaranty association incurs.

SECTION B. EMERGENCY CLAUSE. — Because of the immediate need for the state to ensure that insurance guaranty associations have adequate resources to pay the covered claims of insolvent insurance carriers, the enactment of section 375.1605 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and the enactment of section 375.1605 of this act is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of section 375.1605 of this act shall be in full force and effect upon its passage and approval.

3. The department may waive enforcement of the standards for licensed hospitals imposed by this section if the department determines that:

(1) Compliance with those specific standards would result in unreasonable hardship for the facility and if the health and safety of hospital patients would not be compromised by such waiver or waivers; or

(2) The hospital has used other standards that provide for equivalent design criteria.

4. Regulations promulgated by the department to establish and enforce hospital licensure regulations under this chapter that conflict with the standards established under subsections 1 and 3 of this section shall lapse on and after January 1, 2018.

treasury. Because of the loss of federal funds, the general assembly will appropriate funds to the Missouri health facilities review committee.

2. For purposes of this section, an "emergency medical condition" means a medical condition manifesting itself by acute symptoms of sufficient severity, including severe pain, that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in the following:

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term "temporary leave of absence" shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or elsewhere;

(7) Drugs and medicines when prescribed by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

(8) Emergency ambulance services and, effective January 1, 1990, medically necessary transportation to scheduled, physician-prescribed nonelective treatments;

(9) Early and periodic screening and diagnosis of individuals who are under the age of twenty-one to ascertain their physical or mental defects, and health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby. Such services shall be provided in accordance with the provisions of Section 6403 of P.L. 101- 239 and federal regulations promulgated thereunder;

(10) Home health care services;

(11) Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in the physician's professional judgment, the life of the mother would be endangered if the fetus were carried to term;

(14) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the average statewide charge for care and treatment in an intermediate care facility for a comparable period of time. Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198 shall be authorized on a tier level based on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who qualifies for assistance under section 208.030 and meets the level of care required in this section shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if he or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify

the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

(15) Mental health services. The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

(16) Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

(17) The services of an advanced practice registered nurse with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, and regulations promulgated thereunder;

(18) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

(19) Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(20) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(21) Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(22) Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the blood clotting products; and

(c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home health care agency trained in bleeding disorders when deemed necessary by the participant's treating physician;

(24) The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates

paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

- (1) Dental services;
- (2) Services of podiatrists as defined in section 330.010;
- (3) Optometric services as [defined] **described** in section 336.010;
- (4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;
- (5) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);
- (6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (14) and (15) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations

of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division[,] may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

11. Any income earned by individuals eligible for certified extended employment at a sheltered workshop under chapter 178 shall not be considered as income for purposes of determining eligibility under this section.

12. If the Missouri Medicaid audit and compliance unit changes any interpretation or application of the requirements for reimbursement for MO HealthNet services from the interpretation or application that has been applied previously by the state in any audit of a MO HealthNet provider, the Missouri Medicaid audit and compliance unit shall notify all affected MO HealthNet providers five business days before such change shall take effect. Failure of the Missouri Medicaid audit and compliance unit to notify a provider of such change shall entitle the provider to continue to receive and retain reimbursement until such notification is provided and shall waive any liability of such provider for recoupment or other loss of any payments previously made prior to the five business days after such notice has been sent. Each provider shall provide the Missouri Medicaid audit and compliance unit a valid email address and shall agree to receive communications electronically. The notification required under this section shall be delivered in writing by the United States Postal Service or electronic mail to each provider.

13. Nothing in this section shall be construed to abrogate or limit the department's statutory requirement to promulgate rules under chapter 536.

14. Beginning July 1, 2016, and subject to appropriations, providers of behavioral, social, and psychophysiological services for the prevention, treatment, or management of physical health problems shall be reimbursed utilizing the behavior assessment and intervention reimbursement codes 96150 to 96154 or their successor codes under the Current Procedural Terminology (CPT) coding system. Providers eligible for such reimbursement shall include psychologists.

334.1215. ADVERSE ACTIONS. — ADVERSE ACTIONS

A. A home state shall have exclusive power to impose adverse action against a license issued by the home state.

B. A home state may take adverse action based on the investigative information of a remote state, so long as the home state follows its own procedures for imposing adverse action.

C. Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the member state's laws. Member states must require licensees who enter any alternative programs in lieu of discipline to agree not to practice in any other member state during the term of the alternative program without prior authorization from such other member state.

D. Any member state may investigate actual or alleged violations of the statutes and rules authorizing the practice of physical therapy in any other member state in which a physical therapist or physical therapist assistant holds a license or compact privilege.

E. A remote state shall have the authority to:

1. Take adverse actions as set forth in section 334.1209.D. against a licensee's compact privilege in the state;
2. Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, and the production of evidence. Subpoenas issued by a physical therapy licensing board in a party state for the attendance and testimony of witnesses, and/or the production of evidence from another party state, shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses and/or evidence are located; and

3. If otherwise permitted by state law, recover from the licensee the costs of investigations and disposition of cases resulting from any adverse action taken against that licensee.

F. Joint Investigations

1. In addition to the authority granted to a member state by its respective physical therapy practice act or other applicable state law, a member state may participate with other member states in joint investigations of licensees.

2. Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the compact.

334.1218. ESTABLISHMENT OF THE PHYSICAL THERAPY COMPACT COMMISSION. — ESTABLISHMENT OF THE PHYSICAL THERAPY COMPACT COMMISSION.

A. The compact member states hereby create and establish a joint public agency known as the physical therapy compact commission:

1. The commission is an instrumentality of the compact states.

2. Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

3. Nothing in this compact shall be construed to be a waiver of sovereign immunity.

B. Membership, Voting, and Meetings

1. Each member state shall have and be limited to one delegate selected by that member state's licensing board.

2. The delegate shall be a current member of the licensing board, who is a physical therapist, physical therapist assistant, public member, or the board administrator.

3. Any delegate may be removed or suspended from office as provided by the law of the state from which the delegate is appointed.

4. The member state board shall fill any vacancy occurring in the commission.

5. Each delegate shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the commission.

6. A delegate shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for delegates' participation in meetings by telephone or other means of communication.

C. The commission shall have the following powers and duties:

1. Establish the fiscal year of the commission;

2. Establish bylaws;

3. Maintain its financial records in accordance with the bylaws;

4. Meet and take such actions as are consistent with the provisions of this compact and the bylaws;

5. Promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding in all member states;

6. Bring and prosecute legal proceedings or actions in the name of the commission, provided that the standing of any state physical therapy licensing board to sue or be sued under applicable law shall not be affected;

7. Purchase and maintain insurance and bonds;

8. Borrow, accept, or contract for services of personnel, including, but not limited to, employees of a member state;

9. Hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of the compact, and to establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

10. Accept any and all appropriate donations and grants of money, equipment, supplies, materials and services, and to receive, utilize and dispose of the same; provided that at all times the commission shall avoid any appearance of impropriety and/or conflict of interest;

11. Lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve or use, any property, real, personal or mixed; provided that at all times the commission shall avoid any appearance of impropriety;

12. Sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property real, personal, or mixed;

13. Establish a budget and make expenditures;

14. Borrow money;

16. Provide and receive information from, and cooperate with, law enforcement agencies;

17. Establish and elect an executive board; and

18. Perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of physical therapy licensure and practice.

D. The Executive Board

The executive board shall have the power to act on behalf of the commission according to the terms of this compact.

1. The executive board shall be comprised of nine members:

a. Seven voting members who are elected by the commission from the current membership of the commission;

b. One ex officio, nonvoting member from the recognized national physical therapy professional association; and

c. One ex officio, nonvoting member from the recognized membership organization of the physical therapy licensing boards.

2. The ex officio members will be selected by their respective organizations.

3. The commission may remove any member of the executive board as provided in bylaws.

4. The executive board shall meet at least annually.

5. The executive board shall have the following duties and responsibilities:

a. Recommend to the entire commission changes to the rules or bylaws, changes to this compact legislation, fees paid by compact member states such as annual dues, and any commission compact fee charged to licensees for the compact privilege;

b. Ensure compact administration services are appropriately provided, contractual or otherwise;

c. Prepare and recommend the budget;

d. Maintain financial records on behalf of the commission;

e. Monitor compact compliance of member states and provide compliance reports to the commission;

f. Establish additional committees as necessary; and

g. Other duties as provided in rules or bylaws.

E. Meetings of the Commission

1. All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in section 334.1224.

2. The commission or the executive board or other committees of the commission may convene in a closed, nonpublic meeting if the commission or executive board or other committees of the commission must discuss:

- a. Noncompliance of a member state with its obligations under the compact;
- b. The employment, compensation, discipline or other matters, practices or procedures related to specific employees or other matters related to the commission's internal personnel practices and procedures;
- c. Current, threatened, or reasonably anticipated litigation;
- d. Negotiation of contracts for the purchase, lease, or sale of goods, services, or real estate;
- e. Accusing any person of a crime or formally censuring any person;

- h. Disclosure of investigative records compiled for law enforcement purposes;
- i. Disclosure of information related to any investigative reports prepared by or on behalf of or for use of the commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to the compact; or
- j. Matters specifically exempted from disclosure by federal or member state statute.

3. If a meeting, or portion of a meeting, is closed pursuant to this provision, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision.

4. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

F. Financing of the Commission

1. The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

2. The commission may accept any and all appropriate revenue sources, donations, and grants of money, equipment, supplies, materials, and services.

3. The commission may levy on and collect an annual assessment from each member state or impose fees on other parties to cover the cost of the operations and activities of the commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all member states.

4. The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the member states, except by and with the authority of the member state.

5. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

G. Qualified Immunity, Defense, and Indemnification

1. The members, officers, executive director, employees and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit and/or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person.

2. The commission shall defend any member, officer, executive director, employee or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

334.1221. DATA SYSTEM.—DATA SYSTEM

A. The commission shall provide for the development, maintenance, and utilization of a coordinated database and reporting system containing licensure, adverse action, and investigative information on all licensed individuals in member states.

B. Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the data system on all individuals to whom this compact is applicable as required by the rules of the commission, including:

1. Identifying information;
2. Licensure data;
3. Adverse actions against a license or compact privilege;
4. Nonconfidential information related to alternative program participation;
5. Any denial of application for licensure, and the reason(s) for such denial; and
6. Other information that may facilitate the administration of this compact, as determined by the rules of the commission.

C. Investigative information pertaining to a licensee in any member state will only be available to other party states.

D. The commission shall promptly notify all member states of any adverse action taken against a licensee or an individual applying for a license. Adverse action information pertaining to a licensee in any member state will be available to any other member state.

E. Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

F. Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system.

334.1224. RULEMAKING.—RULEMAKING

A. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

D. Prior to promulgation and adoption of a final rule or rules by the commission, and at least thirty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

1. On the website of the commission or other publicly accessible platform; and
2. On the website of each member state physical therapy licensing board or other publicly accessible platform or the publication in which each state would otherwise publish proposed rules.

E. The notice of proposed rulemaking shall include:

1. The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;
2. The text of the proposed rule or amendment and the reason for the proposed rule;
3. A request for comments on the proposed rule from any interested person; and
4. The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

F. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

G. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

1. At least twenty-five persons;
2. A state or federal governmental subdivision or agency; or
3. An association having at least twenty-five members.

H. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the commission shall publish the mechanism for access to the electronic hearing.

1. All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. All hearings will be recorded. A copy of the recording will be made available on request.

4. Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

J. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

K. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

L. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;
2. Prevent a loss of commission or member state funds;
3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
4. Protect public health and safety.

M. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

334.1227. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT. — OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight

1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities or actions of the commission.

3. The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

B. Default, Technical Assistance, and Termination

1. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the commission; and

b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all

rights, privileges and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

6. The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

C. Dispute Resolution

1. Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

2. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement

1. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

334.1230. DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT. — DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

A. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

B. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

C. Any member state may withdraw from this compact by enacting a statute repealing the same.

1. A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this compact shall be construed to invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

E. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

334.1233. CONSTRUCTION AND SEVERABILITY. — CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

335.360. FINDINGS AND DECLARATION OF PURPOSE. — 1. The party states find that:

(1) The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;

(2) Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;

(3) The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;

(4) New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;

(5) The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant to both nurses and states; and

(6) Uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits.

2. The general purposes of this compact are to:

(1) Facilitate the states' responsibility to protect the public's health and safety;

(2) Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;

(3) Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions;

(4) Promote compliance with the laws governing the practice of nursing in each jurisdiction;

(5) Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses;

(6) Decrease redundancies in the consideration and issuance of nurse licenses; and

(7) Provide opportunities for interstate practice by nurses who meet uniform licensure requirements.

335.365. DEFINITIONS.—As used in this compact, the following terms shall mean:

(1) "Adverse action", any administrative, civil, equitable, or criminal action permitted by a state's laws which is imposed by a licensing board or other authority against a nurse, including actions against an individual's license or multistate licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limitation on the licensee's practice, or any other encumbrance on licensure affecting a nurse's authorization to practice, including issuance of a cease and desist action;

(2) "Alternative program", a nondisciplinary monitoring program approved by a licensing board;

(3) "Coordinated licensure information system", an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws that is administered by a nonprofit organization composed of and controlled by licensing boards;

(4) "Current significant investigative information":

(a) Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond, if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction; or

(b) Investigative information that indicates that the nurse represents an immediate threat to public health and safety, regardless of whether the nurse has been notified and had an opportunity to respond;

(5) "Encumbrance", a revocation or suspension of, or any limitation on, the full and unrestricted practice of nursing imposed by a licensing board;

(6) "Home state", the party state which is the nurse's primary state of residence;

(7) "Licensing board", a party state's regulatory body responsible for issuing nurse licenses;

(8) "Multistate license", a license to practice as a registered nurse, "RN", or a licensed practical or vocational nurse, "LPN" or "VN", issued by a home state licensing board that authorizes the licensed nurse to practice in all party states under a multistate licensure privilege;

(9) "Multistate licensure privilege", a legal authorization associated with a multistate license permitting the practice of nursing as either an RN, LPN, or VN in a remote state;

(10) "Nurse", an RN, LPN, or VN, as those terms are defined by each party state's practice laws;

(11) "Party state", any state that has adopted this compact;

(12) "Remote state", a party state, other than the home state;

(13) "Single-state license", a nurse license issued by a party state that authorizes practice only within the issuing state and does not include a multistate licensure privilege to practice in any other party state;

(14) "State", a state, territory, or possession of the United States and the District of Columbia;

(15) "State practice laws", a party state's laws, rules, and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. State practice laws do not include requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

335.370. GENERAL PROVISIONS AND JURISDICTION. — 1. A multistate license to practice registered or licensed practical or vocational nursing issued by a home state to a resident in that state shall be recognized by each party state as authorizing a nurse to practice as a registered nurse, "RN", or as a licensed practical or vocational nurse, "LPN" or "VN", under a multistate licensure privilege, in each party state.

2. A state must implement procedures for considering the criminal history records of applicants for initial multistate license or licensure by endorsement. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records.

3. Each party state shall require the following for an applicant to obtain or retain a multistate license in the home state:

(1) Meets the home state's qualifications for licensure or renewal of licensure as well as all other applicable state laws;

(2) (a) Has graduated or is eligible to graduate from a licensing board-approved RN or LPN or VN prelicensure education program; or

(b) Has graduated from a foreign RN or LPN or VN prelicensure education program that has been approved by the authorized accrediting body in the applicable country and has been verified by an independent credentials review agency to be comparable to a licensing board-approved prelicensure education program;

(3) Has, if a graduate of a foreign prelicensure education program not taught in English or if English is not the individual's native language, successfully passed an English proficiency examination that includes the components of reading, speaking, writing, and listening;

(4) Has successfully passed an NCLEX-RN or NCLEX-PN examination or recognized predecessor, as applicable;

(5) Is eligible for or holds an active, unencumbered license;

(6) Has submitted, in connection with an application for initial licensure or licensure by endorsement, fingerprints or other biometric data for the purpose of obtaining criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records;

(7) Has not been convicted or found guilty, or has entered into an agreed disposition, of a felony offense under applicable state or federal criminal law;

(8) Has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis;

(9) Is not currently enrolled in an alternative program;

(10) Is subject to self-disclosure requirements regarding current participation in an alternative program; and

(11) Has a valid United States Social Security number.

4. All party states shall be authorized, in accordance with existing state due process law, to take adverse action against a nurse's multistate licensure privilege such as revocation, suspension, probation, or any other action that affects a nurse's authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

5. A nurse practicing in a party state shall comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a multistate licensure privilege shall subject a nurse to the jurisdiction of the licensing board, the courts, and the laws of the party state in which the client is located at the time service is provided.

6. Individuals not residing in a party state shall continue to be able to apply for a party state's single-state license as provided under the laws of each party state. However,

the single-state license granted to these individuals shall not be recognized as granting the privilege to practice nursing in any other party state. Nothing in this compact shall affect the requirements established by a party state for the issuance of a single-state license.

7. Any nurse holding a home state multistate license on the effective date of this compact may retain and renew the multistate license issued by the nurse's then current home state, provided that:

(1) A nurse who changes primary state of residence after this compact's effective date shall meet all applicable requirements as provided in subsection 3 of this section to obtain a multistate license from a new home state;

(2) A nurse who fails to satisfy the multistate licensure requirements in subsection 3 of this section due to a disqualifying event occurring after this compact's effective date shall be ineligible to retain or renew a multistate license, and the nurse's multistate license shall be revoked or deactivated in accordance with applicable rules adopted by the Interstate Commission of Nurse Licensure Compact Administrators, commission.

335.375. APPLICATIONS FOR LICENSURE IN A PARTY STATE. — 1. Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against any license or multistate licensure privilege held by the applicant, and whether the applicant is currently participating in an alternative program.

2. A nurse shall hold a multistate license, issued by the home state, in only one party state at a time.

3. If a nurse changes primary state of residence by moving between two party states, the nurse shall apply for licensure in the new home state, and the multistate license issued by the prior home state shall be deactivated in accordance with applicable rules adopted by the commission.

(1) The nurse may apply for licensure in advance of a change in primary state of residence.

(2) A multistate license shall not be issued by the new home state until the nurse provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a multistate license from the new home state.

4. If a nurse changes primary state of residence by moving from a party state to a non-party state, the multistate license issued by the prior home state shall convert to a single-state license, valid only in the former home state.

335.380. ADDITIONAL AUTHORITIES INVESTED IN PARTY STATE LICENSING BOARDS. — 1. In addition to the other powers conferred by state law, a licensing board shall have the authority to:

(1) Take adverse action against a nurse's multistate licensure privilege to practice within that party state;

(a) Only the home state shall have the power to take adverse action against a nurse's license issued by the home state;

(b) For purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action;

(2) Issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state;

(3) Complete any pending investigations of a nurse who changes primary state of residence during the course of such investigations. The licensing board shall also have the authority to take appropriate action and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions;

(4) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located;

(5) Obtain and submit, for each nurse licensure applicant, fingerprint or other biometric based information to the Federal Bureau of Investigation for criminal background checks, receive the results of the Federal Bureau of Investigation record search on criminal background checks, and use the results in making licensure decisions;

(6) If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse; and

(7) Take adverse action based on the factual findings of the remote state; provided that, the licensing board follows its own procedures for taking such adverse action.

2. If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.

3. Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.

335.385. COORDINATED LICENSURE INFORMATION SYSTEM AND EXCHANGE OF INFORMATION. — 1. All party states shall participate in a coordinated licensure information system of all licensed registered nurses, "RNs", and licensed practical or vocational nurses, "LPNs" or "VNs". This system shall include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts.

2. The commission, in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.

3. All licensing boards shall promptly report to the coordinated licensure information system any adverse action, any current significant investigative information, denials of applications with the reasons for such denials, and nurse participation in alternative programs known to the licensing board regardless of whether such participation is deemed nonpublic or confidential under state law.

4. Current significant investigative information and participation in nonpublic or confidential alternative programs shall be transmitted through the coordinated licensure information system only to party state licensing boards.

5. Notwithstanding any other provision of law, all party state licensing boards contributing information to the coordinated licensure information system may designate information that shall not be shared with non-party states or disclosed to other entities or individuals without the express permission of the contributing state.

6. Any personally identifiable information obtained from the coordinated licensure information system by a party state licensing board shall not be shared with non-party states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

7. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

8. The compact administrator of each party state shall furnish a uniform data set to the compact administrator of each other party state, which shall include, at a minimum:

- (1) Identifying information;
- (2) Licensure data;
- (3) Information related to alternative program participation; and
- (4) Other information that may facilitate the administration of this compact, as determined by commission rules.

9. The compact administrator of a party state shall provide all investigative documents and information requested by another party state.

335.390. ESTABLISHMENT OF THE INTERSTATE COMMISSION OF NURSE LICENSURE COMPACT ADMINISTRATORS. — 1. The party states hereby create and establish a joint public entity known as the "Interstate Commission of Nurse Licensure Compact Administrators".

- (1) The commission is an instrumentality of the party states.
- (2) Venue is proper, and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this compact shall be construed to be a waiver of sovereign immunity.

2. (1) Each party state shall have and be limited to one administrator. The head of the state licensing board or designee shall be the administrator of this compact for each party state. Any administrator may be removed or suspended from office as provided by the law of the state from which the administrator is appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the party state in which the vacancy exists.

(2) Each administrator shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the commission. An administrator shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for an administrator's participation in meetings by telephone or other means of communication.

(3) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws or rules of the commission.

(4) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in section 335.395.

(5) The commission may convene in a closed, nonpublic meeting if the commission must discuss:

- (a) Noncompliance of a party state with its obligations under this compact;
- (b) The employment, compensation, discipline, or other personnel matters, practices, or procedures related to specific employees, or other matters related to the commission's internal personnel practices and procedures;

- (c) Current, threatened, or reasonably anticipated litigation;
 - (d) Negotiation of contracts for the purchase or sale of goods, services, or real estate;
 - (e) Accusing any person of a crime or formally censuring any person;
 - (f) Disclosure of trade secrets or commercial or financial information that is privileged or confidential;
 - (g) Disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;
 - (h) Disclosure of investigatory records compiled for law enforcement purposes;
 - (i) Disclosure of information related to any reports prepared by or on behalf of the commission for the purpose of investigation of compliance with this compact; or
 - (j) Matters specifically exempted from disclosure by federal or state statute.
- (6) If a meeting, or portion of a meeting, is closed pursuant to subdivision (5) of this subsection, the commission's legal counsel or designee shall certify that the meeting shall be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

3. The commission shall, by a majority vote of the administrators, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of this compact including, but not limited to:

- (1) Establishing the fiscal year of the commission;
- (2) Providing reasonable standards and procedures:
 - (a) For the establishment and meetings of other committees; and
 - (b) Governing any general or specific delegation of any authority or function of the commission;
- (3) Providing reasonable procedures for calling and conducting meetings of the commission, ensuring reasonable advance notice of all meetings and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The commission may meet in closed session only after a majority of the administrators vote to close a meeting in whole or in part. As soon as practicable, the commission must make public a copy of the vote to close the meeting revealing the vote of each administrator, with no proxy votes allowed;
- (4) Establishing the titles, duties, and authority and reasonable procedures for the election of the officers of the commission;
- (5) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any party state, the bylaws shall exclusively govern the personnel policies and programs of the commission; and
- (6) Providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of this compact after the payment or reserving of all of its debts and obligations.

4. The commission shall publish its bylaws and rules, and any amendments thereto, in a convenient form on the website of the commission.

5. The commission shall maintain its financial records in accordance with the bylaws.

6. The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

7. The commission shall have the following powers:

(1) To promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding in all party states;

(2) To bring and prosecute legal proceedings or actions in the name of the commission; provided that, the standing of any licensing board to sue or be sued under applicable law shall not be affected;

(3) To purchase and maintain insurance and bonds;

(4) To borrow, accept, or contract for services of personnel including, but not limited to, employees of a party state or nonprofit organizations;

(5) To cooperate with other organizations that administer state compacts related to the regulation of nursing including, but not limited to, sharing administrative or staff expenses, office space, or other resources;

(6) To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of this compact, and to establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

(7) To accept any and all appropriate donations, grants and gifts of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of the same; provided that, at all times the commission shall avoid any appearance of impropriety or conflict of interest;

(8) To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use, any property, whether real, personal, or mixed; provided that, at all times the commission shall avoid any appearance of impropriety;

(9) To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, whether real, personal, or mixed;

(10) To establish a budget and make expenditures;

(11) To borrow money;

(12) To appoint committees, including advisory committees comprised of administrators, state nursing regulators, state legislators or their representatives, consumer representatives, and other such interested persons;

(13) To provide and receive information from, and to cooperate with, law enforcement agencies;

(14) To adopt and use an official seal; and

(15) To perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of nurse licensure and practice.

8. (1) The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The commission may also levy on and collect an annual assessment from each party state to cover the cost of its operations, activities, and staff in its annual budget as approved each year. The aggregate annual assessment amount, if any, shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule that is binding upon all party states.

(3) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the party states, except by and with the authority of such party state.

(4) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

9. (1) The administrators, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property, personal injury, or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities; provided that, nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional, willful, or wanton misconduct of that person.

(2) The commission shall defend any administrator, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further that the actual or alleged act, error, or omission did not result from that person's intentional, willful, or wanton misconduct.

(3) The commission shall indemnify and hold harmless any administrator, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of that person.

335.395. RULEMAKING. — 1. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment and shall have the same force and effect as provisions of this compact.

2. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

3. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule shall be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) On the website of the commission; and

(2) On the website of each licensing board or the publication in which each state would otherwise publish proposed rules.

4. The notice of proposed rulemaking shall include:

(1) The proposed time, date, and location of the meeting in which the rule shall be considered and voted upon;

(2) The text of the proposed rule or amendment, and the reason for the proposed rule;

(3) A request for comments on the proposed rule from any interested person;

(4) The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

5. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

6. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment.

7. The commission shall publish the place, time, and date of the scheduled public hearing.

(1) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. All hearings shall be recorded, and a copy shall be made available upon request.

(2) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

8. If no one appears at the public hearing, the commission may proceed with promulgation of the proposed rule.

9. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

10. The commission shall, by majority vote of all administrators, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

11. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing; provided that, the usual rulemaking procedures provided in this compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that shall be adopted immediately in order to:

(1) Meet an imminent threat to public health, safety, or welfare;

(2) Prevent a loss of commission or party state funds; or

(3) Meet a deadline for the promulgation of an administrative rule that is required by federal law or rule.

12. The commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision shall be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision shall not take effect without the approval of the commission.

335.400. OVERSIGHT, DISPUTE RESOLUTION AND ENFORCEMENT. — 1. (1) Each party state shall enforce this compact and take all actions necessary and appropriate to effectuate this compact's purposes and intent.

(2) The commission shall be entitled to receive service of process in any proceeding that may affect the powers, responsibilities, or actions of the commission, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process in such proceeding to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

2. (1) If the commission determines that a party state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(a) Provide written notice to the defaulting state and other party states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and

(b) Provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to cure the default, the defaulting state's membership in this compact shall be terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges, and benefits conferred by this compact shall be

terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in this compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor of the defaulting state, to the executive officer of the defaulting state's licensing board, and each of the party states.

(4) A state whose membership in this compact has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(5) The commission shall not bear any costs related to a state that is found to be in default or whose membership in this compact has been terminated unless agreed upon in writing between the commission and the defaulting state.

(6) The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district in which the commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

3. (1) Upon request by a party state, the commission shall attempt to resolve disputes related to the compact that arise among party states and between party and non-party states.

(2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.

(3) In the event the commission cannot resolve disputes among party states arising under this compact:

(a) The party states shall submit the issues in dispute to an arbitration panel, which shall be comprised of individuals appointed by the compact administrator in each of the affected party states and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute.

(b) The decision of a majority of the arbitrators shall be final and binding.

4. (1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(2) By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district in which the commission has its principal offices against a party state that is in default to enforce compliance with the provisions of this compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(3) The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

335.405. EFFECTIVE DATE, WITHDRAWAL AND AMENDMENT. — 1. This compact shall become effective and binding on the earlier of the date of legislative enactment of this compact into law by no less than twenty-six states or December 31, 2018. All party states to this compact that also were parties to the prior Nurse Licensure Compact superseded by this compact "prior compact" shall be deemed to have withdrawn from said prior compact within six months after the effective date of this compact.

2. Each party state to this compact shall continue to recognize a nurse's multistate licensure privilege to practice in that party state issued under the prior compact until such party state has withdrawn from the prior compact.

3. Any party state may withdraw from this compact by enacting a statute repealing the same. A party state's withdrawal shall not take effect until six months after enactment of the repealing statute.

4. A party state's withdrawal or termination shall not affect the continuing requirement of the withdrawing or terminated state's licensing board to report adverse actions and significant investigations occurring prior to the effective date of such withdrawal or termination.

5. Nothing contained in this compact shall be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a non-party state that is made in accordance with the other provisions of this compact.

6. This compact may be amended by the party states. No amendment to this compact shall become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

7. Representatives of non-party states to this compact shall be invited to participate in the activities of the commission on a nonvoting basis prior to the adoption of this compact by all states.

335.410. CONSTRUCTION AND SEVERABILITY. — This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, this compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

335.415. HEAD OF THE NURSE LICENSING BOARD DEFINED. — 1. The term "head of the nurse licensing board" as referred to in section 335.390 of this compact shall mean the executive director of the Missouri state board of nursing.

2. This compact is designed to facilitate the regulation of nurses, and does not relieve employers from complying with statutorily imposed obligations.

3. This compact does not supersede existing state labor laws.

338.200. PHARMACIST MAY DISPENSE EMERGENCY PRESCRIPTION, WHEN, REQUIREMENTS — RULEMAKING AUTHORITY. — 1. In the event a pharmacist is unable to obtain refill authorization from the prescriber due to death, incapacity, or when the pharmacist is unable to obtain refill authorization from the prescriber, a pharmacist may dispense an emergency supply of medication if:

(1) In the pharmacist's professional judgment, interruption of therapy might reasonably produce undesirable health consequences;

(2) The pharmacy previously dispensed or refilled a prescription from the applicable prescriber for the same patient and medication;

(3) The medication dispensed is not a controlled substance;

(4) The pharmacist informs the patient or the patient's agent either verbally, electronically, or in writing at the time of dispensing that authorization of a prescriber is required for future refills; and

(5) The pharmacist documents the emergency dispensing in the patient's prescription record, as provided by the board by rule.

2. (1) If the pharmacist is unable to obtain refill authorization from the prescriber, the amount dispensed shall be limited to the amount determined by the pharmacist within his or her professional judgment as needed for the emergency period, provided the amount dispensed shall not exceed a seven-day supply.

(2) In the event of prescriber death or incapacity or inability of the prescriber to provide medical services, the amount dispensed shall not exceed a thirty-day supply.

3. Pharmacists or permit holders dispensing an emergency supply pursuant to this section shall promptly notify the prescriber or the prescriber's office of the emergency dispensing, as required by the board by rule.

4. An emergency supply may not be dispensed pursuant to this section if the pharmacist has knowledge that the prescriber has otherwise prohibited or restricted emergency dispensing for the applicable patient.

5. **The determination to dispense an emergency supply of medication under this section shall only be made by a pharmacist licensed by the board.**

6. The board shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

338.202. MAINTENANCE MEDICATIONS, PHARMACIST MAY EXERCISE PROFESSIONAL JUDGMENT ON QUANTITY DISPENSED, WHEN. — 1. Notwithstanding any other provision of law to the contrary, unless the prescriber has specified on the prescription that dispensing a prescription for a maintenance medication in an initial amount followed by periodic refills is medically necessary, a pharmacist may exercise his or her professional judgment to dispense varying quantities of maintenance medication per fill up to the total number of dosage units as authorized by the prescriber on the original prescription, including any refills. Dispensing of the maintenance medication based on refills authorized by the prescriber on the prescription shall be limited to no more than a ninety-day supply of the medication, and the maintenance medication shall have been previously prescribed to the patient for at least a three-month period.

2. For the purposes of this section "maintenance medication" is a medication prescribed for chronic, long-term conditions and is taken on a regular, recurring basis, except that it shall not include controlled substances as defined in section 195.010.

376.379. MEDICATION SYNCHRONIZATION SERVICES, OFFER OF COVERAGE REQUIRED. — 1. A health carrier or managed care plan offering a health benefit plan in this state that provides prescription drug coverage shall offer, as part of the plan, medication synchronization services developed by the health carrier or managed care plan that allow for the alignment of refill dates for an enrollee's prescription drugs that are covered benefits.

2. Under its medication synchronization services, a health carrier or managed care plan shall:

(1) Not charge an amount in excess of the otherwise applicable co-payment amount under the health benefit plan for dispensing a prescription drug in a quantity that is less than the prescribed amount if:

(a) The pharmacy dispenses the prescription drug in accordance with the medication synchronization services offered under the health benefit plan; and

(b) A participating provider dispenses the prescription drug; and

(2) Provide a full dispensing fee to the pharmacy that dispenses the prescription drug to the covered person.

3. For purposes of this section, the terms "health carrier", "managed care plan", "health benefit plan", "enrollee", and "participating provider" shall have the same meanings given to such terms under section 376.1350.

376.388. MAXIMUM ALLOWABLE COSTS—DEFINITIONS—CONTRACT REQUIREMENTS—REIMBURSEMENT—APPEALS PROCESS REQUIRED. — 1. As used in this section, unless the context requires otherwise, the following terms shall mean:

(2) "Health carrier", an entity subject to the insurance laws and regulations of this state that contracts or offers to contract to provide, deliver, arrange for, pay for, or reimburse any of the costs of health care services, including a sickness and accident insurance company, a health maintenance organization, a nonprofit hospital and health service corporation, or any other entity providing a plan of health insurance, health benefits, or health services, except that such plan shall not include any coverage pursuant to a liability insurance policy, workers' compensation insurance policy, or medical payments insurance issued as a supplement to a liability policy;

(3) "Maximum allowable cost", the per unit amount that a pharmacy benefits manager reimburses a pharmacist for a prescription drug, excluding a dispensing or professional fee;

(4) "Maximum allowable cost list" or "MAC list", a listing of drug products that meet the standard described in this section;

(5) "Pharmacy", as such term is defined in chapter 338;

(6) "Pharmacy benefits manager", an entity that contracts with pharmacies on behalf of health carriers or any health plan sponsored by the state or a political subdivision of the state.

2. Upon each contract execution or renewal between a pharmacy benefits manager and a pharmacy or between a pharmacy benefits manager and a pharmacy's contracting representative or agent, such as a pharmacy services administrative organization, a pharmacy benefits manager shall, with respect to such contract or renewal:

(1) Include in such contract or renewal the sources utilized to determine maximum allowable cost and update such pricing information at least every seven days; and

(2) Maintain a procedure to eliminate products from the maximum allowable cost list of drugs subject to such pricing or modify maximum allowable cost pricing at least every seven days, if such drugs do not meet the standards and requirements of this section, in order to remain consistent with pricing changes in the marketplace.

[335.300. FINDINGS AND DECLARATION OF PURPOSE. — 1. The party states find that:

- (1) The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;
- (2) Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;
- (3) The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;
- (4) New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;
- (5) The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant to both nurses and states.

2. The general purposes of this compact are to:

- (1) Facilitate the states' responsibility to protect the public's health and safety;
- (2) Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;
- (3) Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions;

(4) Promote compliance with the laws governing the practice of nursing in each jurisdiction;

(5) Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses.]

[335.305. DEFINITIONS. — As used in this compact, the following terms shall mean:

(1) "Adverse action", a home or remote state action;

(2) "Alternative program", a voluntary, nondisciplinary monitoring program approved by a nurse licensing board;

(3) "Coordinated licensure information system", an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws, which is administered by a nonprofit organization composed of and controlled by state nurse licensing boards;

(4) "Current significant investigative information":

(a) Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction; or

(b) Investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond;

(5) "Home state", the party state that is the nurse's primary state of residence;

(6) "Home state action", any administrative, civil, equitable, or criminal action permitted by the home state's laws that are imposed on a nurse by the home state's licensing board or other authority including actions against an individual's license such as: revocation, suspension, probation, or any other action affecting a nurse's authorization to practice;

(7) "Licensing board", a party state's regulatory body responsible for issuing nurse licenses;

(8) "Multistate licensing privilege", current, official authority from a remote state permitting the practice of nursing as either a registered nurse or a licensed practical/vocational nurse in such party state. All party states have the authority, in accordance with existing state due process law, to take actions against the nurse's privilege such as: revocation, suspension, probation, or any other action that affects a nurse's authorization to practice;

(9) "Nurse", a registered nurse or licensed/vocational nurse, as those terms are defined by each state's practice laws;

(10) "Party state", any state that has adopted this compact;

(11) "Remote state", a party state, other than the home state:

(a) Where a patient is located at the time nursing care is provided; or

(b) In the case of the practice of nursing not involving a patient, in such party state where the recipient of nursing practice is located;

(12) "Remote state action":

(a) Any administrative, civil, equitable, or criminal action permitted by a remote state's laws which are imposed on a nurse by the remote state's licensing board or other authority including actions against an individual's multistate licensure privilege to practice in the remote state; and

(b) Cease and desist and other injunctive or equitable orders issued by remote states or the licensing boards thereof;

(13) "State", a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico;

(14) "State practice laws", those individual party's state laws and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. State practice laws does not include the initial qualifications for licensure or requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.]

[335.310. GENERAL PROVISIONS AND JURISDICTION. — 1. A license to practice registered nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a multistate licensure privilege to practice as a registered nurse in such party state. A license to practice licensed practical/vocational nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a multistate licensure privilege to practice as a licensed practical/vocational nurse in such party state. In order to obtain or retain a license, an applicant must meet the home state's qualifications for licensure and license renewal as well as all other applicable state laws.

2. Party states may, in accordance with state due process laws, limit or revoke the multistate licensure privilege of any nurse to practice in their state and may take any other actions under their applicable state laws necessary to protect the health and safety of their citizens. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

3. Every nurse practicing in a party state must comply with the state practice laws of the state in which the patient is located at the time care is rendered. In addition, the practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of a party state. The practice of nursing will subject a nurse to the jurisdiction of the nurse licensing board and the courts, as well as the laws, in that party state.

4. This compact does not affect additional requirements imposed by states for advanced practice registered nursing. However, a multistate licensure privilege to practice registered nursing granted by a party state shall be recognized by other party states as a license to practice registered nursing if one is required by state law as a precondition for qualifying for advanced practice registered nurse authorization.

5. Individuals not residing in a party state shall continue to be able to apply for nurse licensure as provided for under the laws of each party state. However, the license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state unless explicitly agreed to by that party state.]

[335.315. APPLICATIONS FOR LICENSURE IN A PARTY STATE. — 1. Upon application for a license, the licensing board in a party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any restrictions on the multistate licensure privilege, and whether any other adverse action by any state has been taken against the license.

2. A nurse in a party state shall hold licensure in only one party state at a time, issued by the home state.

3. A nurse who intends to change primary state of residence may apply for licensure in the new home state in advance of such change. However, new licenses

will not be issued by a party state until after a nurse provides evidence of change in primary state of residence satisfactory to the new home state's licensing board.

4. When a nurse changes primary state of residence by:

- (1) Moving between two party states, and obtains a license from the new home state, the license from the former home state is no longer valid;
- (2) Moving from a nonparty state to a party state, and obtains a license from the new home state, the individual state license issued by the nonparty state is not affected and will remain in full force if so provided by the laws of the nonparty state;
- (3) Moving from a party state to a nonparty state, the license issued by the prior home state converts to an individual state license, valid only in the former home state, without the multistate licensure privilege to practice in other party states.]

[335.320. ADVERSE ACTIONS. — In addition to the general provisions described in article III of this compact, the following provisions apply:

(1) The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system any remote state actions including the factual and legal basis for such action, if known. The licensing board of a remote state shall also promptly report any significant current investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of any such reports;

(2) The licensing board of a party state shall have the authority to complete any pending investigations for a nurse who changes primary state of residence during the course of such investigations. It shall also have the authority to take appropriate actions, and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions;

(3) A remote state may take adverse action affecting the multistate licensure privilege to practice within that party state. However, only the home state shall have the power to impose adverse action against the license issued by the home state;

(4) For purposes of imposing adverse action, the licensing board of the home state shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state, in so doing, it shall apply its own state laws to determine appropriate action;

(5) The home state may take adverse action based on the factual findings of the remote state, so long as each state follows its own procedures for imposing such adverse action;

(6) Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of licensure action and that such participation shall remain nonpublic if required by the party state's laws. Party states must require nurses who enter any alternative programs to agree not to practice in any other party state during the term of the alternative program without prior authorization from such other party state.]

[335.325. ADDITIONAL AUTHORITIES INVESTED IN PARTY STATE NURSE LICENSING BOARDS. — Notwithstanding any other powers, party state nurse licensing boards shall have the authority to:

(1) If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse;

(2) Issue subpoenas for both hearings and investigations which require the attendance and testimony of witnesses, and the production of evidence. Subpoenas

issued by a nurse licensing board in a party state for the attendance and testimony of witnesses, and/or the production of evidence from another party state, shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses and evidence are located;

(3) Issue cease and desist orders to limit or revoke a nurse's authority to practice in their state;

(4) Promulgate uniform rules and regulations as provided for in subsection 3 of section 335.335.]

[335.330. COORDINATED LICENSURE INFORMATION SYSTEM. — 1. All party states shall participate in a cooperative effort to create a coordinated database of all licensed registered nurses and licensed practical/vocational nurses. This system will include information on the licensure and disciplinary history of each nurse, as contributed by party states, to assist in the coordination of nurse licensure and enforcement efforts.

2. Notwithstanding any other provision of law, all party states' licensing boards shall promptly report adverse actions, actions against multistate licensure privileges, any current significant investigative information yet to result in adverse action, denials of applications, and the reasons for such denials to the coordinated licensure information system.

3. Current significant investigative information shall be transmitted through the coordinated licensure information system only to party state licensing boards.

4. Notwithstanding any other provision of law, all party states' licensing boards contributing information to the coordinated licensure information system may designate information that may not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state.

5. Any personally identifiable information obtained by a party state's licensing board from the coordinated licensure information system may not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

6. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

7. The compact administrators, acting jointly with each other and in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.]

[335.335. COMPACT ADMINISTRATION AND INTERCHANGE OF INFORMATION. — 1. The head of the nurse licensing board, or his/her designee, of each party state shall be the administrator of this compact for his/her state.

2. The compact administrator of each party shall furnish to the compact administrator of each other party state any information and documents including, but not limited to, a uniform data set of investigations, identifying information, licensure data, and disclosable alternative program participation information to facilitate the administration of this compact.

3. Compact administrators shall have the authority to develop uniform rules to facilitate and coordinate implementation of this compact. These uniform rules shall be

adopted by party states, under the authority invested under subsection 4 of section 335.325.]

[335.340. IMMUNITY. — No party state or the officers or employees or agents of a party state's nurse licensing board who acts in accordance with the provisions of this compact shall be liable on account of any act or omission in good faith while engaged in the performance of their duties under this compact. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.]

[335.345. ENTRY INTO FORCE, WITHDRAWAL AND AMENDMENT. — 1. This compact shall enter into force and become effective as to any state when it has been enacted into the laws of that state. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the withdrawing state has given notice of the withdrawal to the executive heads of all other party states.

2. No withdrawal shall affect the validity or applicability by the licensing boards of states remaining party to the compact of any report of adverse action occurring prior to the withdrawal.

3. Nothing contained in this compact shall be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a non-party state that is made in accordance with the other provisions of this compact.

4. This compact may be amended by the party states. No amendment to this compact shall become effective and binding upon the party states unless and until it is enacted into the laws of all party states.]

If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

2. In the event party states find a need for settling disputes arising under this compact:

(1) The party states may submit the issues in dispute to an arbitration panel which will be comprised of an individual appointed by the compact administrator in the home state, an individual appointed by the compact administrator in the remote states involved, and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute;

AN ACT to repeal section 143.121, RSMo, and to enact in lieu thereof one new section relating to a deduction for compensation payments for agricultural losses.

SECTION

A. Enacting clause.

143.121. Missouri adjusted gross income.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 143.121, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 143.121, to read as follows:

143.121. MISSOURI ADJUSTED GROSS INCOME. — 1. The Missouri adjusted gross income of a resident individual shall be the taxpayer's federal adjusted gross income subject to the modifications in this section.

2. There shall be added to the taxpayer's federal adjusted gross income:

(1) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit;

(2) Interest on certain governmental obligations excluded from federal gross income by Section 103 of the Internal Revenue Code. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest

that would have been deductible in computing the taxable income of the taxpayer except only for the application of Section 265 of the Internal Revenue Code. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002;

(4) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by Section 172(b)(1)(G) and Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresident's federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(1) Interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. The amount subtracted pursuant to this subdivision shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this subdivision. 50.535. COUNTY SHERIFF'S REVOLVING FUND ESTABLISHED—FEES DEPOSITED INTO, USE OF MONEYS—NO PRIOR APPROVAL FOR EXPENDITURES REQUIRED—AUTHORIZED PAYMENT OF CERTAIN EXPENSES—EXCESS FUNDS, USE OF.—1. Notwithstanding the provisions of sections 50.525 to 50.745, the fee collected pursuant to subsections 11 and 12 of section 571.101 shall be deposited by the county treasurer into a separate interest-bearing fund to be known as the "County Sheriff's Revolving Fund" to be expended at the direction of the county or city sheriff or his or her designee as provided in this section.

2. No prior approval of the expenditures from this fund shall be required by the governing body of the county or city not within a county, nor shall any prior audit or encumbrance of the fund be required before any expenditure is made by the sheriff from this fund. This fund shall only be used by law enforcement agencies for the purchase of equipment, to provide training, and to make necessary expenditures to process applications for concealed carry permits or renewals, including but not limited to the purchase of equipment, information and data exchange, training, fingerprinting and background checks, employment of additional personnel, and any expenditure necessitated by an action under section 571.114 or 571.117. **Except as provided in subsection 5 of this section**, if the moneys collected and deposited into this fund are not totally expended annually, then the unexpended balance [shall] **may** remain in said fund and the balance [shall] **may** be kept in said fund to accumulate from year to year. This fund may be audited by the state auditor's office or the appropriate auditing agency. **The funds received under section 571.101 shall be used only to supplement the sheriff's funding received from other county, state, or general funds. The county commission shall not reduce any sheriff's budget as a result of funds received under section 571.101.**

3. Notwithstanding any provision of this section to the contrary, the sheriff of every county, regardless of classification, is authorized to pay, from the sheriff's revolving fund, all reasonable and necessary costs and expenses for activities or services occasioned by compliance with sections 571.101 to 571.121. Such was the intent of the general assembly in original enactment of this section and sections 571.101 to 571.121, and it is made express by this section in light of the decision in *Brooks v. State of Missouri*, (Mo. Sup. Ct. February 26, 2004). The application and renewal fees to be charged pursuant to section 571.101 shall be based on the sheriff's good faith estimate, made during regular budgeting cycles, of the actual costs and expenses to be incurred by reason of compliance with sections 571.101 to 571.121. If the maximum fee permitted by section 571.101 is inadequate to cover the actual reasonable and necessary expenses

in a given year, and there are not sufficient accumulated unexpended funds in the revolving fund, a sheriff may present specific and verified evidence of the unreimbursed expenses to the office of administration, which upon certification by the attorney general shall reimburse such sheriff for those expenses from an appropriation made for that purpose.

4. If pursuant to subsection 13 of section 571.101, the sheriff of a county of the first classification designates one or more chiefs of police of any town, city, or municipality within such county to accept and process applications for concealed carry permits, then that sheriff shall reimburse such chiefs of police, out of the moneys deposited into this fund, for any reasonable expenses related to accepting and processing such applications.

5. Any excess funds unnecessary to meet the mandate of subsection 3 of this section may be expended for other purposes or transferred to discretionary funds for county sheriffs; provided that, no claim for inadequate coverage under subsection 3 of this section has been made within the last five years resulting in reimbursement from the office of administration for expenses incurred implementing sections 571.101 to 571.121.

57.281. FINGERPRINT BACKGROUND CHECKS, SHERIFFS IN COUNTIES OF THE THIRD CLASSIFICATION MAY PROVIDE SERVICE TO CERTAIN PERSONS AND ENTITIES. — 1. This section shall only apply to sheriffs of counties of the third classification. Under this section, a sheriff may elect, but is not mandated to elect, to utilize the provisions of this section and provide a service authorized in this section. A sheriff may discontinue a service authorized in this section at his or her discretion.

2. Any state agency listed in section 621.045; the division of professional registration of the department of insurance, financial institutions and professional registration; the department of social services; the supreme court of Missouri; the state courts administrator; the department of elementary and secondary education; the department of natural resources; the Missouri lottery; the Missouri gaming commission; or any state, municipal, or county agency which screens persons seeking employment with such agencies or issues or renews a license, permit, certificate, or registration of authority from such agencies; or any state, municipal, or county agency or committee, or state school of higher education that is authorized by state statute or executive order, or local or county ordinance to screen applicants or candidates seeking or considered for employment, assignment, contracting, or appointment to a position within state, municipal, or county government; or the Missouri peace officers standards and training (POST) commission that screens persons not employed by a criminal justice agency who seek enrollment or access into a certified POST training academy police school, or persons seeking a permit to purchase or possess a firearm for employment as a watchman, security personnel, or private investigator; or law enforcement agencies that screen persons seeking issuance or renewal of a license, permit, certificate, or registration to purchase or possess a firearm may, in counties of the third classification where the sheriff has elected to provide the services authorized under this section, submit two sets of fingerprints to the sheriff of counties of the third classification for the purpose of checking the person's criminal history. The first set of fingerprints shall be used to search the Missouri criminal records repository, and the second set of fingerprints shall be submitted to the Federal Bureau of Investigation to be used for searching the federal criminal history files, if necessary. The fingerprints shall be submitted on forms and in the manner prescribed by the sheriff of a county of the third classification. Fees assessed for the searches shall be paid by the applicant or in the manner prescribed by the sheriff and shall be deposited to the credit of the fund provided in subsection 3 of section 57.280 and subject to the limitations therein. Notwithstanding the provisions of section 610.120, all records related to any criminal history information discovered shall be accessible and available to the state, municipal, or county agency making the record request.

563.031. USE OF FORCE IN DEFENSE OF PERSONS. — 1. A person may, subject to the provisions of subsection 2 of this section, use physical force upon another person when and to the extent he or she reasonably believes such force to be necessary to defend himself or herself or a third person from what he or she reasonably believes to be the use or imminent use of unlawful force by such other person, unless:

5. The defendant shall have the burden of injecting the issue of justification under this section. If a defendant asserts that his or her use of force is described under subdivision (2) of subsection 2 of this section, the burden shall then be on the state to prove beyond a reasonable doubt that the defendant did not reasonably believe that the use of such force was necessary to defend against what he or she reasonably believed was the use or imminent use of unlawful force.

An application shall be filed in writing, signed under oath and under the penalties of perjury, and shall state whether the applicant complies with each of the requirements specified in subsection 2 of this section. 5. (1) Before an application for a concealed carry permit is approved, the sheriff shall make only such inquiries as he or she deems necessary into the accuracy of the statements made in the application. The sheriff may require that the applicant display a Missouri driver's license or nondriver's license or military identification and orders showing the person being stationed in Missouri. In order to determine the applicant's suitability for a concealed carry permit, the applicant shall be fingerprinted. No other biometric data shall be collected from the applicant. The sheriff shall conduct an inquiry of the National Instant Criminal Background Check System within three working days after submission of the properly completed application for a concealed carry permit. If no disqualifying record is identified by these checks at the state level, the fingerprints shall be forwarded to the Federal Bureau of Investigation for a national criminal history record check. Upon receipt of the completed report from the National Instant Criminal Background Check System and the response from the Federal Bureau of Investigation national criminal history record check, the sheriff shall examine the results and, if no disqualifying information is identified, shall issue a concealed carry permit within three working days.

(2) In the event the report from the National Instant Criminal Background Check System and the response from the Federal Bureau of Investigation national criminal history record check

prescribed by subdivision (1) of this subsection are not completed within forty-five calendar days and no disqualifying information concerning the applicant has otherwise come to the sheriff's attention, the sheriff shall issue a provisional permit, clearly designated on the certificate as such, which the applicant shall sign in the presence of the sheriff or the sheriff's designee. This permit, when carried with a valid Missouri driver's or nondriver's license or a valid military identification, shall permit the applicant to exercise the same rights in accordance with the same conditions as pertain to a concealed carry permit issued under this section, provided that it shall not serve as an alternative to a national instant criminal background check required by 18 U.S.C. Section 922(t). The provisional permit shall remain valid until such time as the sheriff either issues or denies the certificate of qualification under subsection 6 or 7 of this section. The sheriff shall revoke a provisional permit issued under this subsection within twenty-four hours of receipt of any report that identifies a disqualifying record, and shall notify the concealed carry permit system established under subsection 5 of section 650.350. The revocation of a provisional permit issued under this section shall be proscribed in a manner consistent to the denial and review of an application under subsection 6 of this section.

6. The sheriff may refuse to approve an application for a concealed carry permit if he or she determines that any of the requirements specified in subsection 2 of this section have not been met, or if he or she has a substantial and demonstrable reason to believe that the applicant has rendered a false statement regarding any of the provisions of sections 571.101 to 571.121. If the applicant is found to be ineligible, the sheriff is required to deny the application, and notify the applicant in writing, stating the grounds for denial and informing the applicant of the right to submit, within thirty days, any additional documentation relating to the grounds of the denial. Upon receiving any additional documentation, the sheriff shall reconsider his or her decision and inform the applicant within thirty days of the result of the reconsideration. The applicant shall further be informed in writing of the right to appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114. After two additional reviews and denials by the sheriff, the person submitting the application shall appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114.

7. If the application is approved, the sheriff shall issue a concealed carry permit to the applicant within a period not to exceed three working days after his or her approval of the application. The applicant shall sign the concealed carry permit in the presence of the sheriff or his or her designee.

8. The concealed carry permit shall specify only the following information:

- (4) The expiration date.

The permit shall be no larger than two and one-eighth inches wide by three and three-eighths inches long and shall be of a uniform style prescribed by the department of public safety. The permit shall also be assigned a concealed carry permit system county code and shall be stored in sequential number.

9. (1) The sheriff shall keep a record of all applications for a concealed carry permit or a provisional permit and his or her action thereon. Any record of an application that is incomplete or denied for any reason shall be kept for a period not to exceed one year. Any record of an application that was approved shall be kept for a period of one year after the expiration and nonrenewal of the permit.

(2) The sheriff shall report the issuance of a concealed carry permit or provisional permit to the concealed carry permit system. All information on any such permit that is protected information on any driver's or nondriver's license shall have the same personal protection for purposes of sections 571.101 to 571.121. An applicant's status as a holder of a concealed carry permit, provisional permit, or a concealed carry endorsement issued prior to August 28, 2013,

shall not be public information and shall be considered personal protected information. Information retained in the concealed carry permit system under this subsection shall not be distributed to any federal, state, or private entities and shall only be made available for a single entry query of an individual in the event the individual is a subject of interest in an active criminal investigation or is arrested for a crime. A sheriff may access the concealed carry permit system for administrative purposes to issue a permit, verify the accuracy of permit holder information, change the name or address of a permit holder, suspend or revoke a permit, cancel an expired permit, or cancel a permit upon receipt of a certified death certificate for the permit holder. Any person who violates the provisions of this subdivision by disclosing protected information shall be guilty of a class A misdemeanor.

10. Information regarding any holder of a concealed carry permit, or a concealed carry endorsement issued prior to August 28, 2013, is a closed record. No bulk download or batch data shall be distributed to any federal, state, or private entity, except to MoSMART or a designee thereof. Any state agency that has retained any documents or records, including fingerprint records provided by an applicant for a concealed carry endorsement prior to August 28, 2013, shall destroy such documents or records, upon successful issuance of a permit.

11. For processing an application for a concealed carry permit pursuant to sections 571.101 to 571.121, the sheriff in each county shall charge a nonrefundable fee not to exceed one hundred dollars which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund. **This fee shall include the cost to reimburse the Missouri state highway patrol for the costs of fingerprinting and criminal background checks. An additional fee shall be added to each credit card, debit card, or other electronic transaction equal to the charge paid by the state or the applicant for the use of the credit card, debit card, or other electronic payment method by the applicant.**

12. For processing a renewal for a concealed carry permit pursuant to sections 571.101 to 571.121, the sheriff in each county shall charge a nonrefundable fee not to exceed fifty dollars which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund.

13. For the purposes of sections 571.101 to 571.121, the term "sheriff" shall include the sheriff of any county or city not within a county or his or her designee and in counties of the first classification the sheriff may designate the chief of police of any city, town, or municipality within such county.

14. For the purposes of this chapter, "concealed carry permit" shall include any concealed carry endorsement issued by the department of revenue before January 1, 2014, and any concealed carry document issued by any sheriff or under the authority of any sheriff after December 31, 2013.

571.104. SUSPENSION OR REVOCATION OF ENDORSEMENTS AND PERMITS, WHEN — RENEWAL PROCEDURES — CHANGE OF NAME OR RESIDENCE NOTIFICATION REQUIREMENTS — MILITARY PERSONNEL, TWO-MONTH RENEWAL PERIOD. — 1. A concealed carry endorsement issued prior to August 28, 2013, shall be suspended or revoked if the concealed carry endorsement holder becomes ineligible for such endorsement under the criteria established in subdivisions (3), (4), (5), (8), and (11) of subsection 2 of section 571.101 or upon the issuance of a valid full order of protection. The following procedures shall be followed:

(1) When a valid full order of protection, or any arrest warrant, discharge, or commitment for the reasons listed in subdivision (3), (4), (5), (8), or (11) of subsection 2 of section 571.101, is issued against a person holding a concealed carry endorsement issued prior to August 28, 2013, upon notification of said order, warrant, discharge or commitment or upon an order of a court of competent jurisdiction in a criminal proceeding, a commitment proceeding or a full order of protection proceeding ruling that a person holding a concealed carry endorsement presents a risk of harm to themselves or others, then upon notification of such order, the holder of the concealed carry endorsement shall surrender the driver's license or nondriver's license containing the concealed carry endorsement to the court, officer, or other official serving the

order, warrant, discharge, or commitment. The official to whom the driver's license or nondriver's license containing the concealed carry endorsement is surrendered shall issue a receipt to the licensee for the license upon a form, approved by the director of revenue, that serves as a driver's license or a nondriver's license and clearly states the concealed carry endorsement has been suspended. The official shall then transmit the driver's license or a nondriver's license containing the concealed carry endorsement to the circuit court of the county issuing the order, warrant, discharge, or commitment. The concealed carry endorsement issued prior to August 28, 2013, shall be suspended until the order is terminated or until the arrest results in a dismissal of all charges. The official to whom the endorsement is surrendered shall administratively suspend the endorsement in the concealed carry permit system established under subsection 5 of section 650.350 until such time as the order is terminated or until the charges are dismissed. Upon dismissal, the court holding the driver's license or nondriver's license containing the concealed carry endorsement shall return such license to the individual, and the official to whom the endorsement was surrendered shall administratively return the endorsement to good standing within the concealed carry permit system.

(2) Any conviction, discharge, or commitment specified in sections 571.101 to 571.121 shall result in a revocation. Upon conviction, the court shall forward a notice of conviction or action and the driver's license or nondriver's license with the concealed carry endorsement to the department of revenue. The department of revenue shall notify the sheriff of the county which issued the certificate of qualification for a concealed carry endorsement. The sheriff who issued the certificate of qualification prior to August 28, 2013, shall report the change in status of the endorsement to the concealed carry permit system established under subsection 5 of section 650.350. The director of revenue shall immediately remove the endorsement issued prior to August 28, 2013, from the individual's driving record within three days of the receipt of the notice from the court. The director of revenue shall notify the licensee that he or she must apply for a new license pursuant to chapter 302 which does not contain such endorsement. This requirement does not affect the driving privileges of the licensee. The notice issued by the department of revenue shall be mailed to the last known address shown on the individual's driving record. The notice is deemed received three days after mailing.

2. A concealed carry permit issued pursuant to sections 571.101 to 571.121 after August 28, 2013, shall be suspended or revoked if the concealed carry permit holder becomes ineligible for such permit or endorsement under the criteria established in subdivisions (3), (4), (5), (8), and (11) of subsection 2 of section 571.101 or upon the issuance of a valid full order of protection. The following procedures shall be followed:

(1) When a valid full order of protection or any arrest warrant, discharge, or commitment for the reasons listed in subdivision (3), (4), (5), (8), or (11) of subsection 2 of section 571.101 is issued against a person holding a concealed carry permit, upon notification of said order, warrant, discharge, or commitment or upon an order of a court of competent jurisdiction in a criminal proceeding, a commitment proceeding, or a full order of protection proceeding ruling that a person holding a concealed carry permit presents a risk of harm to themselves or others, then upon notification of such order, the holder of the concealed carry permit shall surrender the permit to the court, officer, or other official serving the order, warrant, discharge, or commitment. The permit shall be suspended until the order is terminated or until the arrest results in a dismissal of all charges. The official to whom the permit is surrendered shall administratively suspend the permit in the concealed carry permit system until the order is terminated or the charges are dismissed. Upon dismissal, the court holding the permit shall return such permit to the individual and the official to whom the permit was surrendered shall administratively return the permit to good standing within the concealed carry permit system;

(2) Any conviction, discharge, or commitment specified in sections 571.101 to 571.121 shall result in a revocation. Upon conviction, the court shall forward a notice of conviction or action and the permit to the issuing county sheriff. The sheriff who issued the concealed carry

permit shall report the change in status of the concealed carry permit to the concealed carry permit system.

3. A concealed carry permit shall be renewed for a qualified applicant upon receipt of the properly completed renewal application and the required renewal fee by the sheriff of the county of the applicant's residence. The renewal application shall contain the same required information as set forth in subsection 3 of section 571.101, except that in lieu of the fingerprint requirement of subsection 5 of section 571.101 and the firearms safety training, the applicant need only display his or her current concealed carry permit. A name-based inquiry of the National Instant Criminal Background Check System shall be completed for each renewal application. The sheriff shall review the results of the report from the National Instant Criminal Background Check System, and when the sheriff has determined the applicant has successfully completed all renewal requirements and is not disqualified under any provision of section 571.101, the sheriff shall issue a new concealed carry permit which contains the date such permit was renewed. The process for renewing a concealed carry endorsement issued prior to August 28, 2013, shall be the same as the process for renewing a permit, except that in lieu of the fingerprint requirement of subsection 5 of section 571.101 and the firearms safety training, the applicant need only display his or her current driver's license or nondriver's license containing an endorsement. Upon successful completion of all renewal requirements, the sheriff shall issue a new concealed carry permit as provided under this subsection.

4. A person who has been issued a concealed carry permit, or a certificate of qualification for a concealed carry endorsement prior to August 28, 2013, who fails to file a renewal application for a concealed carry permit on or before its expiration date must pay an additional late fee of ten dollars per month for each month it is expired for up to six months. After six months, the sheriff who issued the expired concealed carry permit or certificate of qualification shall notify the concealed carry permit system that such permit is expired and cancelled. If the person has a concealed carry endorsement issued prior to August 28, 2013, the sheriff who issued the certificate of qualification for the endorsement shall notify the director of revenue that such certificate is expired regardless of whether the endorsement holder has applied for a concealed carry permit under subsection 3 of this section. The director of revenue shall immediately remove such endorsement from the individual's driving record and notify the individual that his or her driver's license or nondriver's license has expired. The notice shall be conducted in the same manner as described in subsection 1 of this section. Any person who has been issued a concealed carry permit pursuant to sections 571.101 to 571.121, or a concealed carry endorsement issued prior to August 28, 2013, who fails to renew his or her application within the six-month period must reapply for a new concealed carry permit and pay the fee for a new application.

5. Any person issued a concealed carry permit pursuant to sections 571.101 to 571.121, or a concealed carry endorsement issued prior to August 28, 2013, shall notify the sheriff of the new jurisdiction of the permit or endorsement holder's change of residence within thirty days after the changing of a permanent residence to a location outside the county of permit issuance. The permit or endorsement holder shall furnish proof to the sheriff in the new jurisdiction that the permit or endorsement holder has changed his or her residence. The sheriff in the new jurisdiction shall notify the sheriff in the old jurisdiction of the permit holder's change of address and the sheriff in the old jurisdiction shall transfer any information on file for the permit holder to the sheriff in the new jurisdiction within thirty days. The sheriff of the new jurisdiction may charge a processing fee of not more than ten dollars for any costs associated with notification of a change in residence. The sheriff shall report the residence change to the concealed carry permit system, take possession and destroy the old permit, and then issue a new permit to the permit holder. The new address shall be accessible by the concealed carry permit system within three days of receipt of the information. If the person has a concealed carry endorsement issued prior to August 28, 2013, the endorsement holder shall also furnish proof to the department of revenue

of his or her residence change. In such cases, the change of residence shall be made by the department of revenue onto the individual's driving record.

6. Any person issued a concealed carry permit pursuant to sections 571.101 to 571.121, or a concealed carry endorsement issued prior to August 28, 2013, shall notify the sheriff or his or her designee of the permit or endorsement holder's county or city of residence within seven days after actual knowledge of the loss or destruction of his or her permit or driver's license or nondriver's license containing a concealed carry endorsement. The permit or endorsement holder shall furnish a statement to the sheriff that the permit or driver's license or nondriver's license containing the concealed carry endorsement has been lost or destroyed. After notification of the loss or destruction of a permit or driver's license or nondriver's license containing a concealed carry endorsement, the sheriff may charge a processing fee of ten dollars for costs associated with replacing a lost or destroyed permit or driver's license or nondriver's license containing a concealed carry endorsement and shall reissue a new concealed carry permit within three working days of being notified by the concealed carry permit or endorsement holder of its loss or destruction. The new concealed carry permit shall contain the same personal information, including expiration date, as the original concealed carry permit.

7. If a person issued a concealed carry permit, or endorsement issued prior to August 28, 2013, changes his or her name, the person to whom the permit or endorsement was issued shall obtain a corrected or new concealed carry permit with a change of name from the sheriff who issued the original concealed carry permit or the original certificate of qualification for an endorsement upon the sheriff's verification of the name change. The sheriff may charge a processing fee of not more than ten dollars for any costs associated with obtaining a corrected or new concealed carry permit. The permit or endorsement holder shall furnish proof of the name change to the sheriff within thirty days of changing his or her name and display his or her concealed carry permit or current driver's license or nondriver's license containing a concealed carry endorsement. The sheriff shall report the name change to the concealed carry permit system, and the new name shall be accessible by the concealed carry permit system within three days of receipt of the information.

8. The person with a concealed carry permit, or endorsement issued prior to August 28, 2013, shall notify the sheriff of a name or address change within thirty days of the change. A concealed carry permit and, if applicable, endorsement shall be automatically invalid after one hundred eighty days if the permit or endorsement holder has changed his or her name or changed his or her residence and not notified the sheriff as required in subsections 5 and 7 of this section. The sheriff shall assess a late penalty of ten dollars per month for each month, up to six months and not to exceed sixty dollars, for the failure to notify the sheriff of the change of name or address within thirty days.

9. Notwithstanding any provision of this section to the contrary, if a concealed carry permit, or endorsement issued prior to August 28, 2013, expires while the person issued the permit or endorsement is on active duty in the armed forces, on active state duty, full-time National Guard duty under Title 32, or active duty under Title 10 with the National Guard, or is physically incapacitated due to an injury incurred while in the services of the National Guard or armed forces, the permit shall be renewed if the person completes the renewal requirements under subsection 3 of this section within two months of returning to Missouri after discharge from such duty or recovery from such incapacitation. Once the two-month period has expired, the provisions of subsection 4 of this section shall apply except the penalties shall begin to accrue upon the expiration of the two-month period described in this subsection rather than on the expiration date of the permit or endorsement.

For the purposes of sections 144.010 to 144.525 the total amount of the sale price above mentioned shall be deemed to be the amount received. It shall also include the lease or rental consideration where the right to continuous possession or use of any article of tangible personal property is granted under a lease or contract and such transfer of possession would be taxable if outright sale were made and, in such cases, the same shall be taxable as if outright sale were made and considered as a sale of such article, and the tax shall be computed and paid by the lessee upon the rentals paid;

(5) **"Instructional class", includes any class, lesson, or instruction intended or used for teaching;**

144.018. RESALE OF TANGIBLE PERSONAL PROPERTY, EXEMPT OR EXCLUDED FROM SALES AND USE TAX, WHEN — INTENT OF EXCLUSION. — 1. Notwithstanding any other provision of law to the contrary, except as provided under subsection 2 or 3 of this section, when a purchase of tangible personal property or service subject to tax is made for the purpose of resale, such purchase shall be either exempt or excluded under this chapter if the subsequent sale is:

- (1) Subject to a tax in this or any other state;
- (2) For resale;
- (3) Excluded from tax under this chapter;
- (4) Subject to tax but exempt under this chapter; or
- (5) Exempt from the sales tax laws of another state, if the subsequent sale is in such other state. The purchase of tangible personal property by a taxpayer shall not be deemed to be for resale if such property is used or consumed by the taxpayer in providing a service on which tax is not imposed by subsection 1 of section 144.020, except purchases made in fulfillment of any obligation under a defense contract with the United States government.

2. For purposes of subdivision (2) of subsection 1 of section 144.020, a place of amusement, entertainment or recreation, including games or athletic events, shall remit tax on the amount paid for admissions or seating accommodations, or fees paid to, or in such place of amusement, entertainment or recreation, **except amounts paid for any instructional class.** Any subsequent sale of such admissions or seating accommodations shall not be subject to tax if the initial sale was an arms length transaction for fair market value with an unaffiliated entity. If the sale of such admissions or seating accommodations is exempt or excluded from payment of sales and use taxes, the provisions of this subsection shall not require the place of amusement, entertainment, or recreation to remit tax on that sale.

3. For purposes of subdivision (6) of subsection 1 of section 144.020, a hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist cabin, tourist camp, or other place in which rooms, meals, or drinks are regularly served to the public shall remit tax on the amount of sales or charges for all rooms, meals, and drinks furnished at such hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist cabin, tourist camp, or other place in which rooms, meals, or drinks are regularly served to the public. Any subsequent sale of such rooms, meals, or drinks shall not be subject to tax if the initial sale was an arms length transaction for fair market value with an unaffiliated entity. If the sale of such rooms, meals, or drinks is exempt or excluded from payment of sales and use taxes, the provisions of this subsection shall not require the hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist cabin,

tourist camp, or other place in which rooms, meals, or drinks are regularly served to the public to remit tax on that sale.

4. The provisions of this section are intended to reject and abrogate earlier case law interpretations of the state's sales and use tax law with regard to sales for resale as extended in *Music City Centre Management, LLC v. Director of Revenue*, 295 S.W.3d 465, (Mo. 2009) and *ICC Management, Inc. v. Director of Revenue*, 290 S.W.3d 699, (Mo. 2009). The provisions of this section are intended to clarify the exemption or exclusion of purchases for resale from sales and use taxes as originally enacted in this chapter.

144.020. RATE OF TAX — TICKETS, NOTICE OF SALES TAX. — 1. A tax is hereby levied and imposed for the privilege of titling new and used motor vehicles, trailers, boats, and outboard motors purchased or acquired for use on the highways or waters of this state which are required to be titled under the laws of the state of Missouri and, except as provided in subdivision (9) of this subsection, upon all sellers for the privilege of engaging in the business of selling tangible personal property or rendering taxable service at retail in this state. The rate of tax shall be as follows:

(2) A tax equivalent to four percent of the amount paid for admission and seating accommodations, or fees paid to, or in any place of amusement, entertainment or recreation, games and athletic events, **except amounts paid for any instructional class;**

(4) A tax equivalent to four percent on the basic rate paid or charged on all sales of local and long distance telecommunications service to telecommunications subscribers and to others through equipment of telecommunications subscribers for the transmission of messages and conversations and upon the sale, rental or leasing of all equipment or services pertaining or incidental thereto; except that, the payment made by telecommunications subscribers or others, pursuant to section 144.060, and any amounts paid for access to the internet or interactive computer services shall not be considered as amounts paid for telecommunications services;

(5) A tax equivalent to four percent of the basic rate paid or charged for all sales of services for transmission of messages of telegraph companies;

(6) A tax equivalent to four percent on the amount of sales or charges for all rooms, meals and drinks furnished at any hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist cabin, tourist camp or other place in which rooms, meals or drinks are regularly served to the public. The tax imposed under this subdivision shall not apply to any automatic mandatory gratuity for a large group imposed by a restaurant when such gratuity is reported as employee tip income and the restaurant withholds income tax under section 143.191 on such gratuity;

(7) A tax equivalent to four percent of the amount paid or charged for intrastate tickets by every person operating a railroad, sleeping car, dining car, express car, boat, airplane and such buses and trucks as are licensed by the division of motor carrier and railroad safety of the department of economic development of Missouri, engaged in the transportation of persons for hire;

(8) A tax equivalent to four percent of the amount paid or charged for rental or lease of tangible personal property, provided that if the lessor or renter of any tangible personal property

had previously purchased the property under the conditions of sale at retail or leased or rented the property and the tax was paid at the time of purchase, lease or rental, the lessor, sublessor, renter or subrenter shall not apply or collect the tax on the subsequent lease, sublease, rental or subrental receipts from that property. The purchase, rental or lease of motor vehicles, trailers, motorcycles, mopeds, motortricycles, boats, and outboard motors shall be taxed and the tax paid as provided in this section and section 144.070. In no event shall the rental or lease of boats and outboard motors be considered a sale, charge, or fee to, for or in places of amusement, entertainment or recreation nor shall any such rental or lease be subject to any tax imposed to, for, or in such places of amusement, entertainment or recreation. Rental and leased boats or outboard motors shall be taxed under the provisions of the sales tax laws as provided under such laws for motor vehicles and trailers. Tangible personal property which is exempt from the sales or use tax under section 144.030 upon a sale thereof is likewise exempt from the sales or use tax upon the lease or rental thereof;

(9) A tax equivalent to four percent of the purchase price, as defined in section 144.070, of new and used motor vehicles, trailers, boats, and outboard motors purchased or acquired for use on the highways or waters of this state which are required to be registered under the laws of the state of Missouri. This tax is imposed on the person titling such property, and shall be paid according to the procedures in section 144.440.

2. All tickets sold which are sold under the provisions of sections 144.010 to 144.525 which are subject to the sales tax shall have printed, stamped or otherwise endorsed thereon, the words "This ticket is subject to a sales tax."

HJR 53 [SS HJR 53]

Proposes a constitutional amendment specifying that a person seeking to vote in a public election may be required by general law to provide a valid government-issued photo identification

CONSTITUTIONAL AMENDMENT NO. 6. — (Proposed by the 98th General Assembly, Second Regular Session, HJR 53)

Official Ballot Title:

Shall the Constitution of Missouri be amended to state that voters may be required by law, which may be subject to exception, to verify one's identity, citizenship, and residence by presenting identification that may include valid government-issued photo identification?

The proposed amendment will result in no costs or savings because any potential costs would be due to the enactment of a general law allowed by this proposal. If such a general law is enacted, the potential costs to state and local governments is unknown, but could exceed \$2.1 million annually.

Fair Ballot Language:

A "yes" vote will amend the Missouri Constitution to state that voters may be required by law to verify their identity, citizenship, and residence by presenting identification that may include valid government-issued photo identification. Exceptions to this identification requirement may also be provided by law.

A "no" vote will not amend the Missouri Constitution regarding elections.

If passed, this measure will have no impact on taxes.

JOINT RESOLUTION Submitting to the qualified voters of Missouri an amendment to article VIII of the Constitution of Missouri, and adopting one new section relating to elections.

SECTION

- A. Enacting clause.
 - 11. Voter identification, authorized to identify voter and verify citizenship and residency—photo identification permitted.
- B. Summary statement.

Be it enacted by the General Assembly of the state of Missouri, as follows:

That at the next general election to be held in the state of Missouri, on Tuesday next following the first Monday in November, 2014, or at a special election to be called by the governor for that purpose, there is hereby submitted to the qualified voters of this state, for

adoption or rejection, the following amendment to article I of the Constitution of the state of Missouri:

SECTION A. ENACTING CLAUSE.— Article VIII, Constitution of Missouri, is amended by adding one new section, to be known as section 11, to read as follows:

SECTION 11. VOTER IDENTIFICATION, AUTHORIZED TO IDENTIFY VOTER AND VERIFY CITIZENSHIP AND RESIDENCY—PHOTO IDENTIFICATION PERMITTED.—A person seeking to vote in person in public elections may be required by general law to identify himself or herself and verify his or her qualifications as a citizen of the United States of America and a resident of the state of Missouri by providing election officials with a form of identification, which may include valid government-issued photo identification. Exceptions to the identification requirement may also be provided for by general law.

SECTION B. SUMMARY STATEMENT.— Pursuant to Chapter 116 and other applicable constitutional provisions and laws of this state allowing the general assembly to adopt ballot language for the submission of a joint resolution to the voters of this state, the official summary statement of this legislation shall be as follows:

"Shall the Constitution of Missouri be amended to state that voters may be required by law, which may be subject to exception, to verify one's identity, citizenship, and residence by presenting identification that may include valid government-issued photo identification?"

SJR 1 [SS SJR 1]

EXPLANATION – Matter enclosed in bold-faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.

Resubmits the parks and soils tax to a vote of the people starting in 2008.

CONSTITUTIONAL AMENDMENT NO. 1. — (Proposed by Article IV, Section 47(c), Missouri Constitution (SJR 1, 2005))

Official Ballot Title:

Shall Missouri continue for 10 years the one-tenth of one percent sales/use tax that is used for soil and water conservation and for state parks and historic sites, and resubmit this tax to the voters for approval in 10 years?

The measure continues and does not increase the existing sales and use tax of one-tenth of one percent for 10 years. The measure would continue to generate approximately \$90 million annually for soil and water conservation and operation of the state park system.

Fair Ballot Language:

A “yes” vote will continue for 10 years the one-tenth of one percent sales/use tax that is used for soil and water conservation and for state parks and historic sites. This will be resubmitted to the voters for approval in 10 years.

A "no" vote will not continue this sales/use tax.

If passed, this measure will not increase or decrease taxes.

JOINT RESOLUTION Submitting to the qualified voters of Missouri, an amendment repealing section 47(c) of article IV of the Constitution of Missouri, and adopting one new section in lieu thereof relating to the parks and soils tax.

SECTION

- A. Enacting clause.
47(c). Provisions self-enforcing, exception — not part of general revenue or expense of state — effective and expiration dates.

Be it resolved by the Senate, the House of Representatives concurring therein:

That at the next general election to be held in the state of Missouri, on Tuesday next following the first Monday in November, 2006, or at a special election to be called by the governor for that purpose, there is hereby submitted to the qualified voters of this state, for adoption or rejection, the following amendment to article IV of the Constitution of the state of Missouri:

SECTION A. ENACTING CLAUSE. — Section 47(c), article IV, Constitution of Missouri, is repealed and one new section adopted in lieu thereof, to be known as section 47(c), to read as follows:

SECTION 47(C). PROVISIONS SELF-ENFORCING, EXCEPTION — NOT PART OF GENERAL REVENUE OR EXPENSE OF STATE — EFFECTIVE AND EXPIRATION DATES. — [The effective date of this amendment shall be November 8, 1998.] All laws inconsistent with this amendment shall no longer remain in full force and effect after the effective date of this section. All of the provisions of Sections 47(a), 47(b) and 47(c) shall be self-enforcing except that the General Assembly shall adjust brackets for the collection of the sales and use taxes. The additional revenue provided by Sections 47(a), 47(b) and 47(c) shall not be part of the "total state revenue" within the meaning of Sections 17 and 18 of Article X of this Constitution. The expenditure of this additional revenue shall not be an "expense of state government" under Section 20 of Article X of this Constitution. [This Section 47(a), 47(b) and 47(c) shall terminate after ten years following the effective date of this amendment.] **Upon voter approval of this measure in a general election held in 2006, or at a special election to be called by the governor for that purpose, the provisions of this section, 47(b), and 47(a) shall be reauthorized and continue until a general election is held in 2016 or at a special election to be called by the governor for that purpose. Every ten years thereafter, the issue of whether to continue to impose the sales and use tax described in this section shall be resubmitted to the voters for approval. If a majority of the voters fail to approve the continuance of such sales and use tax, Section 47(a), 47(b), and 47(c) shall terminate at the end of the second fiscal year after the last election was held.**

It is estimated this proposal will increase state government costs by at least \$118,000 annually and have an unknown change in costs for local governmental entities. Any potential impact to revenues for state and local governmental entities is unknown.

Fair Ballot Language:

A “**yes**” vote will amend the Missouri Constitution to establish limits on campaign contributions by individuals or entities to political parties, political committees, or committees to elect candidates for state or judicial office. Constitutional Amendment 2**Missouri Constitution Article VIII**

Be it resolved by the people of the state of Missouri that the Constitution be amended:

One new section is adopted by adding one new section to be known as section 23 of Article VIII to read as follows:

Section 23. 1. This section shall be known as the "Missouri Campaign Contribution Reform Initiative."

2. The people of the State of Missouri hereby find and declare that excessive campaign contributions to political candidates create the potential for corruption and the appearance of corruption; that large campaign contributions made to influence election outcomes allow

wealthy individuals, corporations and special interest groups to exercise a disproportionate level of influence over the political process; that the rising costs of campaigning for political office prevent qualified citizens from running for political office; that political contributions from corporations and labor organizations are not necessarily an indication of popular support for the corporation's or labor organization's political ideas and can unfairly influence the outcome of Missouri elections; and that the interests of the public are best served by limiting campaign contributions, providing for full and timely disclosure of campaign contributions, and strong enforcement of campaign finance requirements.

3. (1) Except as provided in subdivisions (2), (3) and (4) of this subsection, the amount of contributions made by or accepted from any person other than the candidate in any one election shall not exceed the following:

(a) To elect an individual to the office of governor, lieutenant governor, secretary of state, state treasurer, state auditor, attorney general, office of state senator, office of state representative or any other state or judicial office, two thousand six hundred dollars.

(2) (a) No political party shall accept aggregate contributions from any person that exceed twenty-five thousand dollars per election at the state, county, municipal, district, ward, and township level combined.

(b) No political party shall accept aggregate contributions from any committee that exceed twenty-five thousand dollars per election at the state, county, municipal, district, ward, and township level combined.

(3) (a) It shall be unlawful for a corporation or labor organization to make contributions to a campaign committee, candidate committee, exploratory committee, political party committee or a political party; except that a corporation or labor organization may establish a continuing committee which may accept contributions or dues from members, officers, directors, employees or security holders.

(b) The prohibition contained in subdivision (a) of this subsection shall not apply to a corporation that:

(i) Is formed for the purpose of promoting political ideas and cannot engage in business activities; and

(ii) Has no security holders or other persons with a claim on its assets or income; and

(iii) Was not established by and does not accept contributions from business corporations or labor organizations.

(4) No candidate's candidate committee shall accept contributions from, or make contributions to, another candidate committee, including any candidate committee, or equivalent entity, established under federal law.

(5) Notwithstanding any other subdivision of this subsection to the contrary, a candidate's candidate committee may receive a loan from a financial institution organized under state or federal law if the loan bears the usual and customary interest rate, is made on a basis that assures repayments, is evidenced by a written instrument, and is subject to a due date or amortization schedule. The contribution limits described in this subsection shall not apply to a loan as described in this subdivision.

(6) No campaign committee, candidate committee, continuing committee, exploratory committee, political party committee, and political party shall accept a contribution in cash exceeding one hundred dollars per election.

(7) No contribution shall be made or accepted, directly or indirectly, in a fictitious name, in the name of another person, or by or through another person in such a manner as to conceal the identity of the actual source of the contribution or the actual recipient. Any person who receives contributions for a committee shall disclose to that committee's treasurer, deputy treasurer or candidate the recipient's own name and address and the name and address of the actual source of each contribution such person has received for that committee.

(8) No anonymous contribution of more than twenty-five dollars shall be made by any person, and no anonymous contribution of more than twenty-five dollars shall be accepted by any candidate or committee. If any anonymous contribution of more than twenty-five dollars is received, it shall be returned immediately to the contributor, if the contributor's identity can be ascertained, and if the contributor's identity cannot be ascertained, the candidate, committee treasurer or deputy treasurer shall immediately transmit that portion of the contribution which exceeds twenty-five dollars to the state treasurer and it shall escheat to the state.

(9) The maximum aggregate amount of anonymous contributions which shall be accepted per election by any committee shall be the greater of five hundred dollars or one percent of the aggregate amount of all contributions received by that committee in the same election. If any anonymous contribution is received which causes the aggregate total of anonymous contributions to exceed the foregoing limitation, it shall be returned immediately to the contributor, if the contributor's identity can be ascertained, and, if the contributor's identity cannot be ascertained, the committee treasurer, deputy treasurer or candidate shall immediately transmit the anonymous contribution to the state treasurer to escheat to the state.

(10) Notwithstanding the provisions of subdivision (9) of this subsection, contributions from individuals whose names and addresses cannot be ascertained which are received from a fund-raising activity or event, such as defined in section 130.011, RSMo, as amended from time to time, shall not be deemed anonymous contributions, provided the following conditions are met:

(a) There are twenty-five or more contributing participants in the activity or event;

(b) The candidate, committee treasurer, deputy treasurer or the person responsible for conducting the activity or event makes an announcement that it is illegal for anyone to make or receive a contribution in excess of one hundred dollars unless the contribution is accompanied by the name and address of the contributor;

(c) The person responsible for conducting the activity or event does not knowingly accept payment from any single person of more than one hundred dollars unless the name and address of the person making such payment is obtained and recorded pursuant to the record-keeping requirements of section 130.036, RSMo, as amended from time to time;

(d) A statement describing the event shall be prepared by the candidate or the treasurer of the committee for whom the funds were raised or by the person responsible for conducting the activity or event and attached to the disclosure report of contributions and expenditures required by section 130.041, RSMo, as amended from time to time. The following information to be listed in the statement is in addition to, not in lieu of, the requirements elsewhere in this chapter relating to the recording and reporting of contributions and expenditures:

(i) The name and mailing address of the person or persons responsible for conducting the event or activity and the name and address of the candidate or committee for whom the funds were raised;

(ii) The date on which the event occurred;

Official Ballot Title:

Constitutional Amendment 3

Shall Missouri law be amended to:

- ! increase taxes on cigarettes each year through 2020, at which point this additional tax will total 60 cents per pack of 20;
- ! create a fee paid by cigarette wholesalers of 67 cents per pack of 20 on certain cigarettes, which fee shall increase annually; and
- ! deposit funds generated by these taxes and fees into a newly established Early Childhood Health and Education Trust Fund?

When cigarette tax increases are fully implemented, estimated additional revenue to state government is \$263 million to \$374 million annually, with limited estimated implementation costs. The revenue will fund only programs and services allowed by the proposal. The fiscal impact to local governmental entities is unknown.

Fair Ballot Language:

A "yes" vote will amend the Missouri Constitution to increase taxes on cigarettes each year through 2020, at which point this additional tax will total 60 cents per pack of 20. This amendment also creates a fee paid by cigarette wholesalers of 67 cents per pack of 20 on certain cigarettes. This amendment further provides that the funds generated by these taxes and fees shall be deposited into a newly established Early Childhood Health and Education Trust Fund.

A “no” vote will not amend the Missouri Constitution relating to taxes and fees on cigarettes.

If passed, this measure will increase taxes on cigarettes.

NOTICE: You are advised that the proposed amendment to the constitution changes, repeals, or modifies by implication, or may be construed to change, repeal or modify by implication, Article IV of the Missouri Constitution and the following provisions of the Missouri Revised Statutes-Sections 33.080, 66.340, 66.350, 149.015, 149.021, 149.065, 149.160, 196.1003, 210.102, and 210.320. Section 54(b). 1. As of the effective date of this section, the Coordinating Board for Early Childhood shall be reformed and shall be renamed the Early Childhood Commission. On the effective date of this section any of the Coordinating Board's programs, duties, obligations, powers, assets, and liabilities not assumed by the Early Childhood Commission under the express terms of this Section shall, unless otherwise provided by law, be taken up by the Early Childhood Commission. Any employees of the Coordinating Board for Early Childhood shall retain the same status with the Commission on the effective date of this section, and the executive director of the board shall be the first Administrator of the Commission, unless such employees or director are lawfully terminated.

2. In addition to the duties already provided under the laws establishing and governing the Coordinating Board for Early Childhood, the Commission shall also have the duty to administer and make grants from the Early Childhood Health and Education Trust Fund as provided in section 54(a) of this article, as may be provided by law. Only Missouri residents who are also legal residents of the United States are authorized to receive services or benefits from any funds generated by this Amendment, unless otherwise prohibited by state or federal law. All services or programs that derive from funds generated by this Amendment shall be performed in the state of Missouri. Only hospitals and health care facilities operating in the state of Missouri that maintain a license in good standing pursuant to Missouri's hospital or

health care facility licensing laws shall be eligible to receive grants from the Early Childhood Health and Education Trust Fund pursuant to Section 54(a)(1)(b). The Commission shall have the power to hire an Administrator and staff; promulgate rules and regulations; apply for and receive public or private gifts, grants, or appropriations; buy, sell, or lease real and personal property; make disbursements and grants; and any other powers necessary or appropriate to carry out the purposes and duties set out in this Amendment. None of the funds collected, distributed, or allocated from the Early Childhood Health and Education Trust Fund shall be expended, paid or granted to or on behalf of existing or proposed activities, programs, or initiatives that involve abortion services including performing, inducing, or assisting with abortions, as defined in law, or encouraging patients to have abortions, referring patients for abortions not necessary to save the life of the mother, or development of drugs, chemicals, or devices intended to be used to induce an abortion. None of the funds collected, distributed, or allocated from the Early Childhood Health and Education Trust Fund shall be expended, paid or granted to or on behalf of any abortion clinic, abortion clinic operator, or outpatient health care facility that provides abortion services, unless such services are limited to medical emergencies. No funds from the Early Childhood Health and Education Trust Fund shall be used for human cloning or research, clinical trials, or therapies or cures using human embryonic stem cells, as defined in Article III, section 38(d). No funds from the Early Childhood Health and Education Trust Fund shall be used for tobacco related research of any kind. Distributions of funds under this amendment shall not be limited or prohibited by the provisions of Article IX, section 8.

3. The Commission shall establish and maintain a conflict of interest policy for its members and staff. The Commission shall ensure a fair and equitable distribution of funds distributed as grants based on the established residency population of children ages birth through five. The Commission shall establish accountability and audit requirements for all grant recipients, including requirements that success be measured by outcomes for Missouri children and families. Unless modified by law, Commission members shall include: (1) the director or the director's designee from each of the following departments: health and senior services, mental health, and social services; (2) the commissioner or the commissioner's designee from the department of elementary and secondary education; (3) two members of the Missouri general assembly. One member shall be the chairman of the joint committee on education. One member shall be a member of the joint committee on education, shall be from a different party and different legislative chamber than the chairman of the joint committee on education, and shall be appointed by the elected leader, either the speaker of the house of representatives or the president pro tempore of the senate, of the member's legislative chamber; (4) The director of the Missouri head start-state collaborative office; (5) six citizens, representing each of the following areas: early childhood education and development providers, local head start agencies, higher education, business, faith, and medicine. The Governor shall appoint, with the advice and consent of the senate, the three citizens representing the areas of medicine, business, and higher education. The state board of education shall appoint the citizens representing the areas of early childhood education and development providers, local head start agencies, and faith. Commission members shall serve a term of three years. Such citizens shall be eligible to serve two terms. Such citizens that serve a partial term of less than eighteen months shall be eligible to serve the partial term and two full terms. Such citizens that serve a partial term of more than eighteen months shall be eligible to serve the partial term and one full term. No Commissioners shall receive any compensation for their service as a Commissioner.

Section 54(c). 1. In addition to any tax levied upon the sale of cigarettes in this state, a tax shall be levied upon the sale of cigarettes in an amount equal to thirty mills per cigarette (or sixty cents per pack of twenty cigarettes), phased in, in four equal annual increments of seven

and one-half mills (or fifteen cents per pack of twenty cigarettes) on January 1, 2017, January 1, 2018, January 1, 2019 and January 1, 2020. The tax shall be evidenced by stamps which shall be furnished by and purchased from the director or by an impression of the tax by the use of a metering machine when authorized by the director as provided by statute, and the stamps or impression shall be securely affixed to one end of each package in which cigarettes are contained. All cigarettes must be stamped before being sold in this state. For the purpose of allowing compensation for the costs necessarily incurred in affixing the proper tax stamps to each package of cigarettes before making a sale of the cigarettes, each wholesaler purchasing stamps from the director as required by law may purchase the stamps from the director at a reduction of three percent (3%) of the face value of each lot of stamps so purchased, provided that all statutorily required reports have been made. The discount provided in this section shall be the only discount allowed to purchasers from the director. If a purchaser refuses to comply with the laws of the state of Missouri, the director shall require the full face value for stamps purchased until such time as the person has complied with the provisions of the law. The director may permit the use of meter machines in lieu of stamps, for the impress of the tax stamp, and where used a three percent (3%) reduction on the total tax due shall be allowed. The director shall prescribe all rules and regulations governing the use of meter machines and may require a bond in a suitable amount to guarantee payment of the tax. The tax on any cigarettes contained in packages of twenty to be used solely for distribution as samples shall be computed on a per cigarette basis at the rate set forth in this section, and payment of the tax shall be remitted to the director of revenue at such time and in such manner as he may prescribe by rule. Stamped cigarettes in the possession of a wholesaler or retailer before each incremental tax increase under this section is imposed shall not be subject to incremental tax increase before retail sale.

2. a. In addition to the tax provided in section 54(c).1, effective January 1, 2017, an equity assessment fee is imposed upon the first to occur of the following: the purchase, storage, use, consumption, handling, distribution or wholesale sale of each package of twenty (20) cigarettes manufactured by a non-participating manufacturer. The equity assessment fee shall be paid by the wholesaler, and collected by the director of revenue at the same time cigarette tax stamps are purchased from the director of revenue, and the payment and collection of the equity assessment fee shall be subject to the rules and regulations promulgated in connection with the payment and collection of the cigarette tax. The term "Non-participating manufacturer" is defined as a manufacturer that is treated as such under the Master Settlement Agreement entered into by the State of Missouri and certain tobacco manufacturers on November 23, 1998.

b. The rate of the equity assessment fee shall be sixty-seven cents (\$0.67) per package of twenty (20) cigarettes. Beginning with equity assessment fees due in 2018, the equity assessment fee shall be adjusted each year in accordance with the Inflation Adjustment in the Master Settlement Agreement, provided that, in determining the applicable Inflation Adjustment Percentage, inflation from 1999-2017 shall not be included.

c. The fee imposed by this section does not apply to cigarettes or cigarette tobacco products that are sold into another state for resale to consumers outside of this state, provided that the sale is reported to the state into which the cigarettes are sold under 15 U.S.C. Section 376.

d. The fee imposed by this section is in addition to any other privilege, license, fee, or tax required or imposed by state law, provided however that a manufacturer shall not be required to place funds into a qualified escrow fund under Chapter 196 of the Revised Statutes of Missouri for any cigarettes that such manufacturer demonstrates in a filing with the Attorney General that the required amount of fees have been paid under this section.

3. All moneys collected as a result of the taxes and fees imposed by this section shall deposited in the Early Childhood Health and Education Trust Fund as said moneys are received, and shall be kept separate from the general revenue fund as well as any other funds or accounts in the state treasury. The additional actual costs incurred by the state in collecting and enforcing the taxes and fees imposed by this section may be paid from moneys appropriated from the Early Childhood Health and Education Trust Fund for that purpose, but shall not exceed one and one half of one percent (1.5%) of the total moneys collected in that fiscal year. Moneys from the Early Childhood Health and Education Trust Fund shall not be used to pay costs that are not additional actual costs incurred by the state in collecting and enforcing the taxes and fees imposed by this section, except that one percent (1%) of the funds deposited in the fund shall be used by the Director of Public Safety and the Director of Revenue to employ personnel for the sole purpose of criminal tobacco enforcement of existing state laws regarding tobacco products. No funds from the Early Childhood Health and Education Trust Fund shall be used for any lobbying, or for the promotion or support of any tax increase or any other state or local prohibition or limitation on tobacco products, coupons or promotions.

4. On an annual basis, the director of revenue, in consultation with the director of health and senior services, shall determine whether the taxes imposed by section 54(c) have resulted in a decrease in consumption of tobacco products and thereby directly caused a reduction in the amount of moneys collected and deposited into the fair share fund, the health initiatives fund, or the state school moneys fund, revenues generated from local tobacco taxes, or revenues generated from local sales taxes. If a reduction in the amount of moneys collected and deposited into any of those funds or revenues generated from local tobacco taxes or local sales taxes, has been directly caused by the taxes imposed by section 54(c), an amount equal to the amount of moneys that were not collected and deposited into that fund or funds or were not generated by the local tobacco taxes or local sales taxes because of the taxes imposed by this section shall be transferred from the Early Childhood Health and Education Trust Fund as follows: first, to the appropriate political subdivisions, and second to the appropriate fund or funds. The aggregate amount transferred to such political subdivisions and/or funds for any year shall not exceed four percent (4%) of the total moneys collected pursuant to this section during that same year.

Constitutional Amendment 4

Shall the Missouri Constitution be amended to prohibit a new state or local sales/use or other similar tax on any service or transaction that was not subject to a sales/use or similar tax as of January 1, 2015?

Potential costs to state and local governmental entities are unknown, but could be significant. The proposal's passage would impact governmental entity's ability to revise their tax structures. State and local governments expect no savings from this proposal.

Fair Ballot Language:

A "yes" vote will amend the Missouri Constitution to prohibit a new state or local sales/use or other similar tax on any service or transaction. This amendment only

applies to any service or transaction that was not subject to a sales/use or similar tax as of January 1, 2015.

A “no” vote will not amend the Missouri Constitution to prohibit such state or local sales/use or other similar tax.

If passed, this measure will not increase or decrease taxes.

Constitutional Amendment 4

Missouri Constitution Article X

Be it resolved by the people of the state of Missouri that the Constitution be amended:

Article X is amended by adding one new section to be known as Section 26, to read as follows:

Section 26. In order to prohibit an increase in the tax burden on the citizens of Missouri, state and local sales and use taxes (or any similar transaction-based tax) shall not be expanded to impose taxes on any service or transaction that was not subject to sales, use or similar transaction-based tax on January 1, 2015.

PROPOSED STATUTORY INITIATIVE PETITION**[Proposed by Initiative Petition]**

Official Ballot Title:

Proposition A

Shall Missouri law be amended to:

- increase taxes on cigarettes in 2017, 2019, and 2021, at which point this additional tax will total 23 cents per pack of 20;
- increase the tax paid by sellers on other tobacco products by 5 percent of manufacturer's invoice price;
- use funds generated by these taxes exclusively to fund transportation infrastructure projects; and
- repeal these taxes if a measure to increase any tax or fee on cigarettes or other tobacco products is certified to appear on any local or statewide ballot?

State government revenue will increase by approximately \$95 million to \$103 million annually when cigarette and tobacco tax increases are fully implemented, with the new revenue earmarked for transportation infrastructure. Local government revenues could decrease approximately \$3 million annually due to decreased cigarette and tobacco sales.

Fair Ballot Language:

A “**yes**” vote will amend Missouri law to increase taxes on cigarettes in 2017, 2019, and 2021, at which point this additional tax will total 23 cents per pack of 20. This amendment also increases the tax paid by sellers on other tobacco products by 5 percent of manufacturer's invoice price. This amendment further provides that the funds generated by these taxes shall be used exclusively to fund transportation infrastructure projects. These taxes are repealed if a measure to increase any tax or fee on cigarettes or other tobacco products is certified to appear on any local or statewide ballot.

A “**no**” vote will not amend Missouri law relating to taxes on cigarettes and other tobacco products.

If passed, this measure will increase taxes on cigarettes and other tobacco products.

PROPOSITION A

Be it enacted by the people of the State of Missouri:

A new section to be known as section 149.017 is enacted to read as follows:

149.017. 1. In addition to the tax levied in subsection 1 of section 149.015, RSMo, an additional tax shall be levied upon the sale of cigarettes at an amount equal to six and one-half mills per cigarette on January 1, 2017, two and one-half mills per cigarette on January 1, 2019, and two and one-half mills per cigarette on January 1, 2021.

2. In addition to the tax levied in subsection 1 of section 149.160, RSMo, an additional tax of five percent of the manufacturer's invoice price before discounts and deals shall be levied on January 1, 2017 upon the first sale of tobacco products, other than cigarettes, within the state, and shall be paid by the person making the first sale within the state. Licensed persons making first sales within the state shall be allowed approved credit for returned merchandise provided the tax was paid on the returned merchandise and the purchaser was given a refund or credit. Such licensed person shall take such approved credit on the return for the month in which the purchaser was given the refund or credit.

3. The revenue generated in subsections 1 and 2 of this section, less any reduction allowed in section 149.021, RSMo, shall be deposited in the "Transportation Infrastructure Fund", which is hereby created in the state treasury, and used exclusively to fund transportation infrastructure. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, moneys deposited in this fund, including any interest thereon, shall not revert to the credit of the general revenue fund at the end of the biennium. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. The additional six and one-half mills per cigarette tax levied in subsection 1 of this section and effective on January 1, 2017 shall not apply to inventories of cigarettes in the possession of the retailer and wholesaler on December 31, 2016. The additional two and one-half mills per cigarette tax levied in subsection 1 of this section and effective on January 1, 2019 shall not apply to inventories of cigarettes in the possession of the retailer and wholesaler on December 31, 2018. The additional two and one-half mills per cigarette tax levied in subsection 1 of this section and effective on January 1, 2021 shall not apply to inventories of cigarettes in the possession of the retailer and wholesaler on December 31, 2020.

5. The additional five percent tax levied in subsection 2 of this section shall not apply to inventories of tobacco products, other than cigarettes, in the possession of the retailer and wholesaler on December 31, 2016.

6. The additional taxes levied in subsections 1 and 2 of this section shall immediately, automatically and permanently be repealed and reduced to zero under any of the following events:

(1). In the event any tax or fee increase on some or all cigarettes or other tobacco products is officially certified to be placed on any local or statewide ballot by the Secretary of State or any other election official at any time; or

(2). In the event any provision of subsections 1 through 9 of this section is ruled null and void, invalid, unlawful, severable or unconstitutional for any reason by any state or federal court of law.

7. The provisions of subsection 6 of this section are specifically meant to include, but are not limited to, any tax increase on cigarettes or other tobacco products placed on any local or statewide ballot in Missouri at any time pursuant to chapters 115 and 116, RSMo, and Article III, sections 49 through 53, and Article XII of the Missouri Constitution or any local laws allowing submission of questions to the voters.

8. In the event any provision of subsections 6 and 7 of this section are triggered, the department of revenue shall automatically, immediately and permanently cease the application and collection of any of the taxes levied in subsections 1 and 2 of this section, and the department of revenue and the revisor of statutes shall automatically and immediately notify the public. The department of revenue shall authorize the state treasurer to make refunds for any erroneous payments or overpayments.

9. Notwithstanding the provisions of section 1.140, RSMo, or case law or rule to the contrary, the provisions of subsections 1 through 9 of this section are nonseverable. If any provision of subsections 1 through 9 of this section is held, in whole or in part, to be invalid, unlawful, or unconstitutional for any reason by any state or federal court of law, such decision shall invalidate and make void all of subsections 1 through 9 of this section.

Fair Ballot Language:

A “**yes**” vote will amend the Missouri Constitution to establish limits on campaign contributions by individuals or entities to political parties, political committees, or committees to elect candidates for state or judicial office. This amendment prohibits individuals and entities from intentionally concealing the source of such contributions. This amendment also requires corporations or labor organizations to meet certain requirements in order to make such contributions. This amendment further provides a complaint process and penalties for any violations of this amendment.

A “**no**” vote will not amend the Missouri Constitution to establish limits on campaign contributions.

If passed, this measure will have no impact on taxes.

Constitutional Amendment 2**Missouri Constitution Article VIII**

Be it resolved by the people of the state of Missouri that the Constitution be amended:

One new section is adopted by adding one new section to be known as section 23 of Article VIII to read as follows:

SECTION 23. CAMPAIGN CONTRIBUTION LIMITS, ESTABLISHMENT OF — REQUIREMENTS — COMPLAINT PROCESS — PENALTIES. — 1. This section shall be known as the "Missouri Campaign Contribution Reform Initiative."

2. The people of the state of Missouri hereby find and declare that excessive campaign contributions to political candidates create the potential for corruption and the appearance of

corruption; that large campaign contributions made to influence election outcomes allow wealthy individuals, corporations and special interest groups to exercise a disproportionate level of influence over the political process; that the rising costs of campaigning for political office prevent qualified citizens from running for political office; that political contributions from corporations and labor organizations are not necessarily an indication of popular support for the corporation's or labor organization's political ideas and can unfairly influence the outcome of Missouri elections; and that the interests of the public are best served by limiting campaign contributions, providing for full and timely disclosure of campaign contributions, and strong enforcement of campaign finance requirements.

3. (1) Except as provided in subdivisions (2), (3) and (4) of this subsection, the amount of contributions made by or accepted from any person other than the candidate in any one election shall not exceed the following:

(a) To elect an individual to the office of governor, lieutenant governor, secretary of state, state treasurer, state auditor, attorney general, office of state senator, office of state representative or any other state or judicial office, two thousand six hundred dollars.

(2) (a) No political party shall accept aggregate contributions from any person that exceed twenty-five thousand dollars per election at the state, county, municipal, district, ward, and township level combined.

(b) No political party shall accept aggregate contributions from any committee that exceed twenty-five thousand dollars per election at the state, county, municipal, district, ward, and township level combined.

(3) (a) It shall be unlawful for a corporation or labor organization to make contributions to a campaign committee, candidate committee, exploratory committee, political party committee or a political party; except that a corporation or labor organization may establish a continuing committee which may accept contributions or dues from members, officers, directors, employees or security holders.

(b) The prohibition contained in subdivision (a) of this subsection shall not apply to a corporation that:

(i) Is formed for the purpose of promoting political ideas and cannot engage in business activities; and

(ii) Has no security holders or other persons with a claim on its assets or income; and

(iii) Was not established by and does not accept contributions from business corporations or labor organizations.

(4) No candidate's candidate committee shall accept contributions from, or make contributions to, another candidate committee, including any candidate committee, or equivalent entity, established under federal law.

(5) Notwithstanding any other subdivision of this subsection to the contrary, a candidate's candidate committee may receive a loan from a financial institution organized under state or federal law if the loan bears the usual and customary interest rate, is made on a basis that assures repayments, is evidenced by a written instrument, and is subject to a due date or amortization schedule. The contribution limits described in this subsection shall not apply to a loan as described in this subdivision.

(6) No campaign committee, candidate committee, continuing committee, exploratory committee, political party committee, and political party shall accept a contribution in cash exceeding one hundred dollars per election.

(7) No contribution shall be made or accepted, directly or indirectly, in a fictitious name, in the name of another person, or by or through another person in such a manner as to conceal the identity of the actual source of the contribution or the actual recipient. Any person who receives contributions for a committee shall disclose to that committee's treasurer, deputy treasurer or candidate the recipient's own name and address and the name and address of the actual source of each contribution such person has received for that committee.

(8) No anonymous contribution of more than twenty-five dollars shall be made by any person, and no anonymous contribution of more than twenty-five dollars shall be accepted by any candidate or committee. If any anonymous contribution of more than twenty-five dollars is received, it shall be returned immediately to the contributor, if the contributor's identity can be ascertained, and if the contributor's identity cannot be ascertained, the candidate, committee treasurer or deputy treasurer shall immediately transmit that portion of the contribution which exceeds twenty-five dollars to the state treasurer and it shall escheat to the state.

(9) The maximum aggregate amount of anonymous contributions which shall be accepted per election by any committee shall be the greater of five hundred dollars or one percent of the aggregate amount of all contributions received by that committee in the same election. If any anonymous contribution is received which causes the aggregate total of anonymous contributions to exceed the foregoing limitation, it shall be returned immediately to the contributor, if the contributor's identity can be ascertained, and, if the contributor's identity cannot be ascertained, the committee treasurer, deputy treasurer or candidate shall immediately transmit the anonymous contribution to the state treasurer to escheat to the state.

(10) Notwithstanding the provisions of subdivision (9) of this subsection, contributions from individuals whose names and addresses cannot be ascertained which are received from a fund-raising activity or event, such as defined in section 130.011, RSMo, as amended from time to time, shall not be deemed anonymous contributions, provided the following conditions are met:

(a) There are twenty-five or more contributing participants in the activity or event;

(b) The candidate, committee treasurer, deputy treasurer or the person responsible for conducting the activity or event makes an announcement that it is illegal for anyone to make or receive a contribution in excess of one hundred dollars unless the contribution is accompanied by the name and address of the contributor;

(c) The person responsible for conducting the activity or event does not knowingly accept payment from any single person of more than one hundred dollars unless the name and address of the person making such payment is obtained and recorded pursuant to the record-keeping requirements of section 130.036, RSMo, as amended from time to time;

(d) A statement describing the event shall be prepared by the candidate or the treasurer of the committee for whom the funds were raised or by the person responsible for conducting the activity or event and attached to the disclosure report of contributions and expenditures required by section 130.041, RSMo, as amended from time to time. The following information to be listed in the statement is in addition to, not in lieu of, the requirements elsewhere in this chapter relating to the recording and reporting of contributions and expenditures:

AN ACT

Relating to the designation of certain awareness months

Whereas, cystic fibrosis, commonly referred to as "CF", is a genetic disease affecting approximately 30,000 children and adults in the United States and nearly 70,000 children and adults worldwide, 717 of whom live in Missouri; and

Whereas, a defective gene causes the body to produce an abnormally thick, sticky mucus that clogs the lungs, and these secretions produce life-threatening lung infections and obstruct the pancreas, preventing digestive enzymes from reaching the intestines to help break down and absorb food; and

Whereas, more than 10 million Americans are symptomless carriers of the defective CF gene, and CF occurs in approximately one of every 3,500 live births in the United States; and

Whereas, the median age of survival for a person with CF is 39.3 years; and

Whereas, with advances in the treatment of CF, the number of adults with CF has steadily grown, and approximately 900 new cases of CF are diagnosed each year; and

Whereas, fifty percent of the CF population is 18 years of age and older, and people with CF have a variety of symptoms attributed to the more than 1,800 mutations of the CF gene; and

Whereas, infant blood screening to detect genetic defects is the most reliable and least costly method to identify persons likely to have CF; and

Whereas, early diagnosis of CF permits early treatment and enhances quality of life and longevity and the treatment of CF depends on the stage of the disease and the organs involved; and

Whereas, clearing mucus from the lungs is an important part of the daily CF treatment regimen, and other types of treatments include inhaled antibiotics and pancreatic enzymes, among others; and

Whereas, there are 8 world-class treatment centers in Missouri which specialize in the diagnosis of CF and the care of persons with CF; and

Whereas, a critical component of treating patients with CF includes access to innovative treatments, which can play a crucial role in the lives of patients with CF; and

Whereas, improving the length and quality of life for people with CF starts with awareness; and

Whereas, the brachial plexus is a network of nerves that conducts signals from the spine to the shoulder, arm, and hand; and

Whereas, injury to these nerves can result in lack of muscle control or feeling in the arm or hand, including Erb's palsy:

Now Therefore Be It Resolved that the members of the House of Representatives of the Ninety-eighth General Assembly, Second Regular Session, the Senate concurring therein, hereby designate the month of May of each year as "Cystic Fibrosis Awareness Month" and the month of October of each year as "Brachial Plexus Awareness Month" in Missouri.

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to send a properly inscribed copy of this resolution to the Governor for his approval or rejection pursuant to the Missouri Constitution.

SENATE CONCURRENT RESOLUTION NO. 42 [SCR 42]

Whereas, neuroblastoma is a type of cancer that forms in the sympathetic nervous system of infants and young children; and

Whereas, neuroblastoma is a very serious childhood disease which is responsible for 12% of all cancer deaths in children under 15 years of age, accounts for about 7% of all cancers in children, and is the most common type of cancer among infants; and

Whereas, there are roughly 650 new cases of neuroblastoma each year in the United States causing a child to die every 16 hours from the disease; and

Whereas, the National Cancer Institute spends less than 3% of its budget and the American Cancer Society directs less than 2% of its research dollars towards pediatric cancer; and

Whereas, pediatric AIDS research receives four times more funding than childhood cancer even though childhood cancer is 20 times more prevalent; and

Whereas, physicians frequently face major challenges in diagnosing neuroblastoma because the symptoms are very similar to more common and less serious childhood illnesses, which results in delayed diagnosis; and

Whereas, by the time neuroblastoma is diagnosed, in roughly two out of three cases the disease has already spread to other parts of the body; and

Whereas, the children suffering from neuroblastoma often undergo treatment involving chemotherapy as well as surgery, and experience prolonged painful symptoms; and

Whereas, the families of children with neuroblastoma must deal with the potential of losing their child while at the same time face out of pocket expenses to treat childhood cancer of roughly \$40,000 a year, even with insurance coverage; and

Whereas, those suffering from neuroblastoma deserve recognition and support in their battle against this painful and deadly disease:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby declare November 14, 2016, as Neuroblastoma Cancer Awareness Day.

Be it further resolved that members of the Joint Committee and any staff personnel assigned to the Joint Committee shall receive reimbursement for their actual and necessary expenses incurred in attending meetings of the Joint Committee; and

Be it further resolved that the actual expenses of the Joint Committee, its members, and any staff assigned to the Joint Committee incurred by the Joint Committee shall be paid by the Joint Contingent Fund; and

Be it further resolved that the Joint Committee is authorized to function during the legislative interim between the Second Regular Session of the Ninety-eighth General Assembly and the First Regular Session of the Ninety-ninth General Assembly through December 31, 2016, as acknowledged by State v. Whereas, the National Geospatial-Intelligence Agency West Campus Headquarters, now located in the southern area of St. Louis, is currently considering a new site in the St. Louis region to build a new facility; and

Whereas, the state of Missouri has shown its resolve to build a new facility in Missouri by authorizing an additional twelve million dollars per year to the tax increment financing cap to be used solely for projects for the retention of the National Geospatial-Intelligence Agency in Missouri; and

Whereas, the City of St. Louis and the State of Missouri have supported the National Geospatial-Intelligence Agency and its mission for the past 72 years; and

Whereas, the location of the North St. Louis building site helps meet the mission of the National Geospatial-Intelligence Agency because of its proximity to current NGA facilities, its current and future workforce, and to critical education, technology, and transportation facilities; and

Whereas, the North St. Louis building location will support the mission of the National Geospatial-Intelligence Agency by maintaining workforce morale through satisfactory commute times, nearby cultural amenities and community resources such as child care in a secure work environment; and

Whereas, the North St. Louis building location meets the future workforce recruitment needs of the National Geospatial-Intelligence Agency and best meets concerns expressed by the office of Under Secretary of Defense for Intelligence Human Capital Management by being located in a more appealing urban environment that will make NGA better able to recruit and recapitalize the future workforce, thus ensuring NGA remains at the leading edge of technology; and

Whereas, the national security mission of the National Geospatial-Intelligence Agency can best be met in the North St. Louis building location; and

Whereas, the new National Geospatial-Intelligence Agency facility would result in major benefits to the visual character of the site and other non-major benefits such as health and safety improvement, construction spending, induced employment, cleanup of existing hazardous contamination, and land use improvements; and

Whereas, the short-term and long-term economic potential of this project will leave a positive impact on the city and the state for years and generations to come; and

Whereas, the North St. Louis building site is the preferred location for the next National Geospatial Agency West facility as the state seeks to rebuild North St. Louis through jobs, safety, and more economic development opportunities; and

Whereas, the St. Louis County Executive, St. Louis County Council, Mayor of St. Louis, and City of St. Charles all agree the North St. Louis site is ideal:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby urge the National Geospatial Intelligence Agency to remain in Missouri and construct a new facility at the proposed North St. Louis building site; and
