ATTESTATION

STATE OF MISSOURI)
) ss.
City of Jefferson)

I, Russ Hembree, Revisor of Statutes, hereby certify that I have collated carefully the laws and resolutions passed by the Ninety-ninth General Assembly of the State of Missouri, convened in second regular session and first extraordinary session (2018), as they are contained in the following pages, and have compared them with the original rolls and have corrected them thereby. Headnotes are used for the convenience of the reader and are not part of the laws they precede.

IN TESTIMONY WHEREOF, I have hereunto set my hand at my office in the City of Jefferson this twenty-ninth day of October A.D. two thousand eighteen.

RUSS HEMBREE
REVISOR OF STATUTES

EFFECTIVE DATE OF LAWS

All laws having emergency clauses (and appropriation bills) become effective upon signature by the governor. Bills having a specific effective date contained in the text of the act become effective on that date. This date is shown immediately following the section. All other laws become effective in accordance with the provisions of the Constitution of Missouri.

Section 29, Article III of the Constitution provides:

“No law passed by the general assembly, except an appropriation act, shall take effect until ninety days after the adjournment of the session in either odd-numbered or even-numbered years at which it was enacted. However, in case of an emergency, which must be expressed in the preamble or in the body of the act, the general assembly by a two-thirds vote of the members elected to each house, taken by yeas and nays may otherwise direct; and further except that, if the general assembly recesses for thirty days or more it may prescribe by joint resolution that laws previously passed and not effective shall take effect ninety days from the beginning of the recess.”

Pursuant to Section 20(a), Article III, Constitution of Missouri, as amended in 1988, the regular session of the general assembly ends on May 30th and laws passed at that session become effective August 28th of that year.

Section 21.250, which provides for the effective date of bills reconsidered after the governor’s veto, was amended by the General Assembly in 2003 to add the following language:

“Unless the bill provides otherwise, it shall become effective thirty days after approval by constitutional majorities in both houses of the general assembly.”

The Ninety-ninth General Assembly, Second Regular Session, convened Wednesday, January 3, 2018, and adjourned Wednesday, May 30, 2018. All laws passed by it (other than appropriation acts, those having emergency clauses or different effective dates) became effective ninety days thereafter on August 28, 2018.

The Ninety-ninth General Assembly, First Extraordinary Session (2018), convened Monday, September 10, 2018, and adjourned Wednesday, September 19, 2018. The bills passed by it became effective ninety days thereafter on December 18, 2018.

JOINT RESOLUTIONS AND INITIATIVE PETITIONS

Section 2(b), Article XII of the Constitution provides:

“All amendments proposed by the general assembly or by the initiative shall be submitted to the electors for their approval or rejection by official ballot title as may be provided by law, on a separate ballot without party designation, at the next general election, or at a special election called by the governor prior thereto, at which he may submit any of the amendments. No such proposed amendment shall contain more than one amended and revised article of this constitution, or one new article which shall not contain more than one subject and matters properly connected therewith. If possible, each proposed amendment shall be published once a week for two consecutive weeks in two newspapers of different political faith in each county, the last publication to be not more than thirty nor less than fifteen days next preceding the election. If there be but one newspaper in any county, publication for four consecutive weeks shall be made. If a majority of the votes cast thereon is in favor of any amendment, the same shall take effect at the end of thirty days after the election. More than one amendment at the same election shall be so submitted as to enable the electors to vote on each amendment separately.”

The Ninety-ninth General Assembly (Second Regular Session and First Extraordinary Session (2018)) passed one Joint Resolution. Resolutions are to be published as provided in Section 116.340, RSMo 2016, which reads:

“**116.340. Publication of approved measures.** — When a statewide ballot measure is approved by the voters, the secretary of state* shall publish it with the laws enacted by the following session of the general assembly, and the revisor of statutes shall include it in the next edition or supplement of the revised statutes of Missouri. Each of the measures printed above shall include the date of the proclamation or statement of approval under section 116.330.”

*The publication of session laws was delegated to the Joint Committee on Legislative Research in 1997 by Senate Bill 459, section 2.040.

The headnotes used to describe sections printed in this volume may not be identical with the headnotes which appear in the 2018 Revised Statutes of Missouri. Every attempt has been made to develop headnotes which adequately describe the textual material contained in the section.

A trust protector is not liable for the acts or omissions of any fiduciary or beneficiary under the trust instrument;

(2) A trust protector is exonerated from any and all liability for the trust protector's acts or omissions, or arising from any exercise or nonexercise of the powers expressly conferred on the trust protector in the trust instrument, unless it is established by a preponderance of the evidence that the acts or omissions of the trust protector were done or omitted in breach of the trust protector's duty, in bad faith or with reckless indifference;

(3) A trust protector is authorized to exercise the express powers granted in the trust instrument at any time and from time to time after the trust protector acquires knowledge of their appointment as trust protector and of the powers granted. **The trust protector may take any action, judicial or otherwise, necessary to carry out the duties given to the trust protector in the trust instrument;**

(4) A trust protector is entitled to receive, from the assets of the trust for which the trust protector is acting, reasonable compensation, and reimbursement of the reasonable costs and expenses incurred, in determining whether to carry out, and in carrying out, the express powers given to the trust protector in the trust instrument;

(6) The express powers granted in the trust instrument shall not be exercised by the trust protector for the trust protector's own personal benefit.

7. If a trust protector is granted a power in the trust instrument to direct, consent to, or disapprove a trustee's actual or proposed investment decision, distribution decision, or other decision of the trustee required to be performed under applicable trust law in carrying out the duties of the trustee in administering the trust, then only with respect to such power, excluding the powers

8. Any trustee of a directed trust shall not be accountable under the law or equity for any act or omission of a trust protector and shall stand absolved from liability for executing the decisions or instructions from a trust protector or for monitoring the actions or inactions of a trust protector. A trustee shall take reasonable steps to facilitate the activity of a trust protector in a directed trust. A trustee shall carry out the written directions given to the trustee by a trust protector acting within the scope of the powers expressly granted to the trust protector in the trust instrument. Except ~~[in cases of bad faith or reckless indifference on the part of the trustee, or]~~ as otherwise provided in the trust instrument, the trustee shall not be liable for any loss resulting directly or indirectly from any act taken or omitted as a result of the written direction of the trust protector or the failure of the trust protector to provide consent. Whenever a directed trust reserves to a person or vests in an advisory or investment committee authority to direct the making or retention of any investment, to the exclusion of the trustee or trustees, the excluded trustee or trustees shall not be liable, individually or as a trustee, for any loss resulting from the making or retention of any investment pursuant to such direction.**

9. Except to the extent otherwise expressly provided in the trust instrument, the trust protector shall be entitled to receive information regarding the administration of the trust as follows:

(1) Upon the request of the trust protector, unless unreasonable under the circumstances, the trustee shall promptly provide to the trust protector any and all information related to the trust that may relate to the exercise or nonexercise of a power expressly granted to the trust protector in the trust instrument. The trustee has no obligation to provide any information to the trust protector except to the extent a trust protector requests information under this section;

(2) The request of the trust protector for information under this section shall be with respect to a single trust that is sufficiently identified to enable the trustee to locate the records of the trust; and

(3) If the trustee is bound by any confidentiality restrictions with respect to an asset of a trust, a trust protector who requests information under this section about such asset shall agree to be bound by the confidentiality restrictions that bind the trustee before receiving such information from the trustee.

10. A trust protector may resign by giving thirty days' written notice to the trustee and any successor trust protector. A successor trust protector, if any, shall have all the powers expressly granted in the trust instrument to the resigning trust protector unless such powers are expressly modified for the successor trust protector.

11. A trust protector of a trust having its principal place of administration in this state submits personally to the jurisdiction of the courts of this state during any period that the principal place of administration of the trust is located in this state and the trust protector is serving in such capacity. **The trust instrument may also provide that a trust protector is subject to the personal jurisdiction of the courts of this state as a condition of appointment.**

56.363. FULL-TIME PROSECUTOR, BALLOT — EFFECTIVE DATE — CONTINUING EDUCATION REQUIREMENT, DUTY TO PROVIDE TO PEACE OFFICERS — MAY QUALIFY FOR RETIREMENT BENEFITS, WHEN — ELECTION IN CEDAR COUNTY. — 1. Any retirement contribution made and retirement benefit earned prior to the effective date of the voter-approved proposition under subsection 4 of this section shall be maintained by the retirement system and used to calculate the retirement benefit for such prior full-time position service. A remote state may, in accordance with due process and that state's laws, restrict, suspend, or revoke an individual's privilege to practice in the remote state and may take any other necessary actions to protect the health and safety of its citizens. If a remote state takes action, it shall promptly notify the home state and the commission.
5. If an individual's license in any home state is restricted, suspended, or revoked, the individual shall not be eligible to practice in a remote state under the privilege to practice until the individual's home state license is restored.

RELATIONSHIP TO EMERGENCY MANAGEMENT ASSISTANCE COMPACT. — Upon a member state's governor's declaration of a state of emergency or disaster that activates the Emergency Management Assistance Compact (EMAC), all relevant terms and provisions of EMAC shall apply, and to the extent any terms or provisions of this compact conflict with EMAC, the terms of EMAC shall prevail with respect to any individual practicing in the remote state in response to such declaration.

190.915. VETERANS, SERVICE MEMBERS SEPARATING FROM ACTIVE DUTY MILITARY, AND THEIR SPOUSES. — 1. Member states shall consider a veteran, active military service member, or member of the National Guard and Reserves separating from an active duty tour, or a spouse thereof, who holds a current, valid, and unrestricted NREMT certification

2. Member states shall expedite the process of licensure applications submitted by veterans, active military service members, or members of the National Guard and Reserves separating from an active duty tour, or their spouses.

3. All individuals functioning with a privilege to practice under this section remain subject to the adverse action provisions of section 190.918.

6. A home state's EMS authority shall coordinate investigative activities, share information via the coordinated database, and take appropriate action with respect to reported conduct in a remote state as it would if such conduct had occurred within the home state. In such cases, the home state's law shall control in determining the appropriate adverse action.

7. Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the member state's laws. Subpoenas issued by a member state's EMS authority for the attendance and testimony of witnesses or the production of evidence from another member state shall be enforced in the remote state by any court of

competent jurisdiction according to that court's practice and procedure in considering subpoenas issued in its own proceedings. The issuing state's EMS authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence is located; and

The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this compact shall be construed to be a waiver of sovereign immunity.

2. Each member state shall have and be limited to one delegate. The responsible official of the state EMS authority or his or her designee shall be the delegate to this compact for each member state. Any delegate may be removed or suspended from office as provided by the law of the state from which the delegate is appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the member state in which the vacancy exists. (1) Each delegate shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws, and shall otherwise have an opportunity to participate in the business and affairs of the commission. A delegate shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for delegates' participation in meetings by telephone or other means of communication.

(e) Accusing any person of a crime or formally censuring any person;

(f) Disclosure of trade secrets or commercial or financial information that is privileged or confidential;

(g) Disclosure of information of a personal nature if disclosure would constitute a clearly unwarranted invasion of personal privacy;

- (j) Matters specifically exempted from disclosure by federal or member state statute.

(5) If a meeting or portion of a meeting is closed under this section, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

3. The commission shall, by a majority vote of the delegates, prescribe bylaws and rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of the compact including, but not limited to:

The commission may meet in closed session only after a majority of the membership votes to close a meeting in whole or in part. As soon as practicable, the commission shall make public a copy of the vote to close the meeting revealing the vote of each member with no proxy votes allowed;
- (4) Establishing the titles, duties and authority, and reasonable procedures for the election of the officers of the commission;
- (5) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any member state, the bylaws shall exclusively govern the personnel policies and programs of the commission;
- (6) Promulgating a code of ethics to address permissible and prohibited activities of commission members and employees;
- (7) Providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of the compact after the payment or reserving of all of its debts and obligations;
- (8) The commission shall publish its bylaws and file a copy thereof, and a copy of any amendment thereto, with the appropriate agency or officer in each of the member states, if any;
- (9) The commission shall maintain its financial records in accordance with the bylaws; and

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all member states.

(4) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the member states, **except by and with the authority of the member state.**

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

Matter in bold-face type is proposed language.

(5) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

6. (1) The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim, damage to or loss of property, personal injury, or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, nothing in this subdivision shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional, willful, or wanton misconduct of that person.

(2) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional, willful, or wanton misconduct.

(3) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of the person.

190.927. COORDINATED DATABASE. — 1. The commission shall provide for the development and maintenance of a coordinated database and reporting system containing licensure, adverse action, and significant investigatory information on all licensed individuals in member states.

(8) Other information that may facilitate the administration of this compact, as determined by the rules of the commission.

3. The coordinated database administrator shall promptly notify all member states of any adverse action taken against, or significant investigative information on, any individual in a member state.

4. Member states contributing information to the coordinated database may designate information that shall not be shared with the public without the express permission of the contributing state.

5. Any information submitted to the coordinated database that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the coordinated database.

190.930. RULEMAKING. — 1. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

2. If a majority of the legislatures of the member states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any member state.

3. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

4. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule or rules shall be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) On the website of the commission; and

(2) On the website of each member state's EMS authority or the publication in which each state would otherwise publish proposed rules.

5. The notice of proposed rulemaking shall include:

(1) The proposed time, date, and location of the meeting at which the rule shall be considered and voted upon;

(2) The text of the proposed rule or amendment and the reason for the proposed rule;

(3) A request for comments on the proposed rule from any interested person; and

(4) The manner in which interested parties may submit notice to the commission of their intention to attend the public hearing and any written comments.

6. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments that shall be made available to the public.

7. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

(1) At least twenty-five persons;

(2) A governmental subdivision or agency; or

(3) An association having at least twenty-five members.

8. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing.

(1) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

(2) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(3) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subdivision shall not preclude the commission from making a transcript or recording of the hearing if it so chooses.

(4) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

9. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

10. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

11. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

12. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing; provided that, the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that shall be adopted immediately in order to:

(1) Meet an imminent threat to public health, safety, or welfare;

(2) Prevent a loss of commission or member state funds;

(3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

(4) Protect public health and safety.

13. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

190.933. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT. — 1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceedings in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.

3. The commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

4. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(1) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and

(2) Provide remedial training and specific technical assistance regarding the default.

5. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

6. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

7. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

8. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact unless agreed upon in writing between the commission and the defaulting state.

9. The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

10. Upon a request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

11. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

12. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

13. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

14. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

190.936. DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR EMS PERSONNEL PRACTICE AND ASSOCIATED RULES, AND AMENDMENT. — 1. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

2. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

3. Any member state may withdraw from this compact by enacting a statute repealing the same.

(3) Supervised by the ~~board~~ **division of probation and parole;** and

(4) In compliance with the conditions of supervision imposed by the sentencing court or board.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

2. If an offender was placed on probation, parole, or conditional release for an offense of:
 - (1) Involuntary manslaughter in the second degree;
 - (2) Assault in the second degree except under subdivision (2) of subsection 1 of section 565.052 or section 565.060 as it existed prior to January 1, 2017;

 - (7) Endangering the welfare of a child in the first degree under subdivision (1) of subsection 1 of section 568.045; or
 - (8) Any case in which the defendant is found guilty of a felony offense under chapter 571;

the sentencing court may, upon its own motion or a motion of the prosecuting or circuit attorney, make a finding that the offender is ineligible to earn compliance credits because the nature and circumstances of the offense or the history and character of the offender indicate that a longer term of probation, parole, or conditional release is necessary for the protection of the public or the guidance of the offender. The motion may be made any time prior to the first month in which the person may earn compliance credits under this section **or at a hearing under subsection 5 of this section**. The offender's ability to earn credits shall be suspended until the court or board makes its finding. If the court or board finds that the offender is eligible for earned compliance credits, the credits shall begin to accrue on the first day of the next calendar month following the issuance of the decision.

3. Earned compliance credits shall reduce the term of probation, parole, or conditional release by thirty days for each full calendar month of compliance with the terms of supervision. Credits shall begin to accrue for eligible offenders after the first full calendar month of supervision or on October 1, 2012, if the offender began a term of probation, parole, or conditional release before September 1, 2012.

4. For the purposes of this section, the term "compliance" shall mean the absence of an initial violation report **or notice of citation** submitted by a probation or parole officer during a calendar month, or a motion to revoke or motion to suspend filed by a prosecuting or circuit attorney, against the offender.

5. Credits shall not accrue during any calendar month in which a violation report, **which may include a report of absconder status**, has been submitted, **the offender is in custody**, or a motion to revoke or motion to suspend has been filed, and shall be suspended pending the outcome of a hearing, if a hearing is held. If no hearing is held, **or if a hearing is held and the offender is continued under supervision**, or the court or board finds that the violation did not occur, then the offender shall be deemed to be in compliance and shall begin earning credits on the first day of the next calendar month following the month in which the report was submitted or the motion was filed. **If a hearing is held**, all earned credits shall be rescinded if:

(1) The court or board revokes the probation or parole or the court places the offender in a department program under subsection 4 of section 559.036 **or under section 217.785**; or

(2) **The offender is found by the court or board to be ineligible to earn compliance credits because the nature and circumstances of the violation indicate that a longer term of probation, parole, or conditional release is necessary for the protection of the public or the guidance of the offender.**

Earned credits, **if not rescinded**, shall continue to be suspended for a period of time during which the court or board has suspended the term of probation, parole, or release, and shall begin to accrue on the first day of the next calendar month following the lifting of the suspension.

6. Offenders who are deemed by the division to be absconders shall not earn credits. For purposes of this subsection, "absconder" shall mean an offender under supervision **whose whereabouts are unknown and** who has left such offender's place of residency without the permission of the offender's supervising officer **and without notifying of their whereabouts** for the purpose of avoiding supervision. An offender shall no longer be deemed an absconder when such offender is available for active supervision.

7. 217.720. ARREST OF PERSON PAROLED OR ON CONDITIONAL RELEASE — REPORT — PROCEDURE — REVOCATION OF PAROLE OR RELEASE — EFFECT OF SENTENCE — ARREST OF PAROLEE FROM ANOTHER STATE. —

1. At any time during release on parole or conditional release the **[board] division of probation and parole** may issue a warrant for the arrest of a released offender for violation of any of the conditions of parole or conditional release. The warrant shall authorize any law enforcement officer to return the offender to the actual custody of the correctional center from which the offender was released, or to any other suitable facility designated by the **[board] division**. If any parole or probation officer has probable cause to believe that such offender has violated a condition of parole or conditional release, the probation or parole officer may issue a warrant for the arrest of the offender. The probation or parole officer may effect the arrest or may deputize any officer with the power of arrest to do so by giving the officer a copy of the warrant which shall outline the circumstances of the alleged violation and contain the statement that the offender has, in the judgment of the probation or parole officer, violated conditions of parole or conditional release. The warrant delivered with the offender by the arresting officer to the official in charge of any facility designated by the **[board] division** to which the offender is brought shall be sufficient legal authority for detaining the offender. After the arrest the parole or probation officer shall present to the detaining authorities a similar statement of the circumstances of violation. Pending hearing as hereinafter provided, upon any charge of violation, the offender shall remain in custody or incarcerated without consideration of bail.

2. If the offender is arrested under the authority granted in subsection 1 of this section, the offender shall have the right to a preliminary hearing on the violation charged unless the offender waives such hearing. Upon such arrest and detention, the parole or probation officer shall immediately notify the board and shall submit in writing a report showing in what manner the offender has violated the conditions of his parole or conditional release. The board shall order the offender discharged from such facility, require as a condition of parole or conditional release the placement of the offender in a treatment center operated by the department of corrections, or shall cause the offender to be brought before it for a hearing on the violation charged, under such rules and regulations as the board may adopt. If the violation is established and found, the board may continue or revoke the parole or conditional release, or enter such other order as it may see fit. If no violation is established and found, then the parole or conditional release shall continue. If at any time during release on parole or conditional release the offender is arrested for a crime which later leads to conviction, and sentence is then served outside the Missouri department of corrections, the board shall determine what part, if any, of the time from the date of arrest until completion of the sentence imposed is counted as time served under the sentence from which the offender was paroled or conditionally released.

3. An offender for whose return a warrant has been issued by the **[board] division** shall, if it is found that the warrant cannot be served, be deemed to be a fugitive from justice or to have fled from justice. If it shall appear that the offender has violated the provisions and conditions of his parole or conditional release, the board shall determine whether the time from the issuing date of the warrant to the date of his arrest on the warrant, or continuance on parole or conditional release shall be counted as time served under the sentence. In all other cases, time served on parole or conditional release shall be counted as time served under the sentence.

4. At any time during parole or probation, the **[board] division** may issue a warrant for the arrest of any person from another jurisdiction, the visitation and supervision of whom the **[board] division** has undertaken pursuant to the provisions of the interstate compact for the supervision of parolees and probationers authorized in section 217.810, for violation of any of the conditions of release, or a notice to appear to answer a charge of violation. The notice shall be served personally upon the person. The warrant shall authorize any law enforcement officer to return the offender to any suitable detention facility designated by the **[board] division**. Any parole or probation officer may arrest such person without a warrant, or may deputize any other officer with power of arrest to do so by issuing a written statement setting forth that the defendant has, in the judgment of the parole or probation officer, violated the conditions of his release. The written statement delivered with the person by the arresting officer to the official in charge of the detention facility to which the person is brought shall be sufficient legal authority for detaining him. After making an arrest the parole or probation officer shall present to the detaining authorities a similar statement of the circumstances of violation.

217.722. PROBATION OFFICERS, POWER TO ARREST, WHEN — PRELIMINARY HEARING ALLOWED, WHEN — NOTICE TO SENTENCING COURT. — 1. The officer may effect the arrest or may deputize any other officer with the power of arrest to do so by giving the officer a copy of the warrant which will outline the circumstances of the alleged violation and contain the statement that the person on probation has, in the judgment of the probation officer, violated the conditions of probation. The warrant delivered with the offender by the arresting officer to the official in charge of any jail or other detention facility shall be sufficient authority for detaining the person on probation pending a preliminary hearing on the alleged violation. Other provisions of law relating to release on bail of persons charged with criminal offenses shall be applicable to persons detained on alleged probation violations.

2. Any person on probation arrested under the authority granted in subsection 1 of this section shall have the right to a preliminary hearing on the violation charged as long as the person on probation remains in custody or unless the offender waives such hearing. The person on probation shall be notified immediately in writing of the alleged probation violation. If arrested in the jurisdiction of the sentencing court, and the court which placed the person on probation is immediately available, the preliminary hearing shall be heard by the sentencing court. Otherwise, the person on probation shall be taken before a judge or associate circuit judge in the county of the alleged violation or arrest having original jurisdiction to try criminal offenses or before an impartial member of the staff of the **[Missouri board] division** of probation and parole, and the preliminary hearing shall be held as soon as possible after the arrest. Such preliminary hearings shall be conducted as provided by rule of court or by rules of the **[Missouri] parole board [of probation and parole]**. If it appears that there is probable cause to believe that the person on probation has violated a condition of probation, or if the person on probation waives the preliminary hearing, the

If probable cause is not found, the court shall not be barred from holding a hearing on the question of the alleged violation of a condition of probation nor from ordering the person on probation to be present at such a hearing.

3. Upon such arrest and detention, the probation officer shall immediately notify the sentencing court and shall submit to the court a written report showing in what manner the person on probation has violated the conditions of probation. Thereupon, or upon arrest by warrant, the court shall cause the person on probation to be brought before it without unnecessary delay for a hearing on the violation charged. The chairman of the board shall administer the compact for the state.

2. **INTERSTATE COMPACT FOR THE
SUPERVISION OF PAROLEES AND PROBATIONERS**

This compact shall be entered into by and among the contracting states, signatories hereto, with the consent of the Congress of the United States of America, granted by an act entitled "An act granting the consent of Congress to any two or more states to enter into agreements or compacts for cooperative effort and mutual assistance in the prevention of crime and for other purposes."

The contracting states solemnly agree:

(1) That it shall be competent for the duly constituted judicial and administrative authorities of a state party to this compact (herein called "sending state") to permit any person convicted of an offense within such state and placed on probation or released on parole to reside in any other state party to this compact (herein called "receiving state"), while on probation or parole, if

(a) Such a person is in fact a resident of or has his family residing within the receiving state and can obtain employment there;

(b) Though not a resident of the receiving state and not having his family residing there, the receiving state consents to such person being sent there.

Before granting such permission, opportunity shall be granted to the receiving state to investigate the home and prospective employment of such person.

A resident of the receiving state, within the meaning of this section, is one who has been an actual inhabitant of such state continuously for more than one year prior to his coming to the sending state and has not resided within the sending state more than six continuous months immediately preceding the commission of the offense for which he has been convicted.

(3) That duly accredited officers of a sending state may at all times enter a receiving state and there apprehend and retake any person on probation or parole. For that purpose no formalities will

be required other than establishing the authority of the officer and the identity of the person to be retaken. All legal requirements to obtain extradition of fugitives from justice are hereby expressly waived on the part of states party hereto, as to such persons. The decision of the sending state to retake a person on probation or parole shall be conclusive upon and not reviewable within the receiving state. Provided, however, that if at the time when a state seeks to retake a probationer or parolee there should be pending against him within the receiving state any criminal charge, or he should be suspected of having committed within such state a criminal offense, he shall not be retaken without the consent of the receiving state until discharged from prosecution or from imprisonment for such offense.

(4) That the duly accredited officers of the sending state will be permitted to transport prisoners being retaken through any and all states parties to this compact, without interference.

(5) Each state may designate an officer who, acting jointly with like officers of other contracting states shall promulgate such rules and regulations as may be deemed necessary to more effectively carry out the terms of this compact.

(6) That this compact shall become operative immediately upon its execution by any state as between it and any other state or states so executing. When executed it shall have the full force and effect of law within such state, the form of execution to be in accordance with the laws of the executing state.

(7) That this compact shall continue in force and remain binding upon each executing state until renounced by it. The duties and obligations hereunder of a renouncing state shall continue as to parolees or probationers residing therein at the time of withdrawal until retaken or finally discharged by the sending state. Renunciation of this compact shall be by the same authority which executed it, by sending six months' notice in writing of its intention to withdraw from the compact to the other states party hereto.

3. If any section, sentence, subdivision or clause within subsection 2 of this section is for any reason held invalid or to be unconstitutional, such decision shall not affect the validity of the remaining provisions of that subsection or this section.

4. All necessary and proper expenses accruing as a result of a person being returned to this state by order of a court or the **parole board** [~~of probation and parole~~] shall be paid by the state as provided in section 548.241 or 548.243.

It shall be the duty of the superintendents of such facilities to supply the cost per diem to the chief executive officer on the first day of each year, and thereafter whenever the amount may be changed. It shall be the duty of the chief executive officer to bill the state all fees for boarding such prisoners which are properly chargeable to the state. Proposed reimbursable expenses may include pretrial assessment and supervision strategies for defendants who are ultimately eligible for state incarceration. A county may not receive more than its share of the amount appropriated in the previous fiscal year, inclusive of expenses proposed by the presiding judge. All funds received from hazardous waste facility inspection fees shall be paid to the director of revenue and deposited in the state treasury to the credit of the hazardous waste facility inspection subaccount. Moneys from such subaccount shall be used by the department for conducting inspections at facilities that are permitted or are required to be permitted as hazardous waste facilities by the department.

4. The fund balance remaining in the hazardous waste remedial fund shall be transferred to the hazardous waste fund created in this section.

The department shall prioritize requests in the order in which they are received, except that the department may give priority to requests that are in close proximity to federally designated sites where radioactive contaminants are known or reasonably expected to exist. The investigation shall be performed by applicable federal or state agencies or by a qualified contractor selected by the department through a competitive bidding process. In conducting an investigation under this section, the department shall work with the applicable government agency or approved contractor, as well as local officials, to develop a sampling and analysis plan to determine if radioactive contaminants in the area of concern exceed federal standards for remedial action due to contamination. Within a residential area, this plan may include dust samples collected inside residential homes only after obtaining permission from the homeowners. The samples shall be analyzed for the isotopes necessary to correlate the samples with the suspected contamination, as described in the sampling and analysis plan. Within forty-five days of receiving the final sampling results, the department shall report the results to the attorney general and the local governing body that requested the investigation and make the finalized report and testing results publicly available on the department's website.

10. A person shall be found guilty of the offense of tampering with electronic monitoring equipment under section 575.205 if he or she commits the actions prohibited under such section with any equipment that a court orders the person to wear under this section.

[In no case may compensation be paid if the police records show that such report was made more than forty-eight hours after the occurrence of such crime, unless the department of public safety finds that the report to the police was delayed for good cause.] **In lieu of other records the claimant may provide a sworn statement by the applicant under paragraph (c) of subdivision (2) of section 589.663 that the applicant has good reason to believe that he or she is a victim of domestic violence, rape, sexual assault, human trafficking, or stalking, and fears further violent acts from his or her assailant.** If the victim is under eighteen years of age such report may be made by the victim's parent, guardian or custodian; by a physician, a nurse, or hospital emergency room personnel; by the children's division personnel; or by any other member of the victim's family. In the case of a sexual offense, filing a report of the offense to the proper authorities may include, but not be limited to, the filing of the report of the forensic examination by the appropriate medical provider, as defined in section 595.220, with the prosecuting attorney of the county in which the alleged incident occurred, **receiving a forensic examination, or securing an order of protection.**~~

~~[3-] 2.~~ No compensation shall be paid for medical care if the service provider is not a medical provider as that term is defined in section 595.027, and the individual providing the medical care is not licensed by the state of Missouri or the state in which the medical care is provided.

~~[4-] 3.~~ No compensation shall be paid for psychiatric treatment or other counseling services, including psychotherapy, unless the service provider is a:

In the event of death of the victim, an award may be made for reasonable

and necessary expenses actually incurred for preparation and burial not to exceed five thousand dollars.

~~[6.]~~ 5. Any compensation for loss of earnings or support from gainful employment shall be in an amount equal to the actual loss sustained not to exceed four hundred dollars per week; provided, however, that no award pursuant to sections 595.010 to 595.075 shall exceed twenty-five thousand dollars. If two or more persons are entitled to compensation as a result of the death of a person which is the direct result of a crime or in the case of a sexual assault, the compensation shall be apportioned by the department of public safety among the claimants in proportion to their loss.

~~[7.]~~ 6. The method and timing of the payment of any compensation pursuant to sections 595.010 to 595.075 shall be determined by the department.

~~[8.]~~ 7. The department shall have the authority to negotiate the costs of medical care or other services directly with the providers of the care or services on behalf of any victim receiving compensation pursuant to sections 595.010 to 595.075.

595.035. AWARD STANDARDS TO BE ESTABLISHED — AMOUNT OF AWARD, FACTORS TO BE CONSIDERED — PURPOSE OF FUND, REDUCTION FOR OTHER COMPENSATION RECEIVED BY VICTIM, EXCEPTIONS. — 1. For the purpose of determining the amount of compensation payable pursuant to sections 595.010 to 595.075, the department of public safety shall, insofar as practicable, formulate standards for the uniform application of sections 595.010 to 595.075, taking into consideration the provisions of sections 595.010 to 595.075, the rates and amounts of compensation payable for injuries and death pursuant to other laws of this state and of the United States, excluding pain and suffering, and the availability of funds appropriated for the purpose of sections 595.010 to 595.075. All decisions of the department of public safety on claims pursuant to sections 595.010 to 595.075 shall be in writing, setting forth the name of the claimant, the amount of compensation and the reasons for the decision. ~~[The department of public safety shall immediately notify the claimant in writing of the decision and shall forward to the state treasurer a certified copy of the decision and a warrant for the amount of the claim. The state treasurer, upon certification by the commissioner of administration, shall, if there are sufficient funds in the crime victims' compensation fund, pay to or on behalf of the claimant the amount determined by the department.]~~

2. The crime victims' compensation fund is not a state health program and is not intended to be used as a primary payor to other health care assistance programs, but is a public, quasi-charitable fund whose fundamental purpose is to assist victims of violent crimes through a period of financial hardship, as a payor of last resort. Accordingly, any compensation paid pursuant to sections 595.010 to 595.075 shall be reduced by the amount of any payments, benefits or awards received or to be received as a result of the injury or death:

- (1) From or on behalf of the offender;
- (2) Under private or public insurance programs, including ~~[champus]~~ **Tricare**, Medicare, Medicaid and other state or federal programs, but not including any life insurance proceeds; or
- (3) From any other public or private funds, including an award payable pursuant to the workers' compensation laws of this state.

3. In determining the amount of compensation payable, the department of public safety shall determine whether, because of the victim's consent, provocation, incitement or negligence, the victim contributed to the infliction of the victim's injury or death, and shall reduce the amount of the compensation or deny the claim altogether, in accordance with such determination; provided, however, that the department of public safety may disregard the responsibility of the victim for his or her own injury where such responsibility was attributable to efforts by the victim to aid a victim,

or to prevent a crime or an attempted crime from occurring in his or her presence, or to apprehend a person who had committed a crime in his or her presence or had in fact committed a felony.

4. In determining the amount of compensation payable pursuant to sections 595.010 to 595.075, monthly Social Security disability or retirement benefits received by the victim shall not be considered by the department as a factor for reduction of benefits.

~~[5. The department shall not be liable for payment of compensation for any out-of-pocket expenses incurred more than three years following the date of the occurrence of the crime upon which the claim is based.]~~

595.055. SERVICES FOR VICTIMS NOT PROVIDED, WHEN. — ~~[1. ~~2.] No service may be provided under section 595.050 if the victim of crime:~~

(1) Was the perpetrator or a principal or accessory involved in the commission of the crime for which he otherwise would have been eligible for assistance under the provisions of section 595.050; or

(2) Is injured as a result of the operation of a motor vehicle, boat or airplane unless the same was used as a weapon in a deliberate attempt to inflict personal injury upon any person or unless the victim is injured as a result of the crime of driving while intoxicated or vehicular manslaughter.

FORENSIC EXAMINATIONS, DEPARTMENT OF PUBLIC SAFETY TO PAY MEDICAL PROVIDERS, WHEN — MINOR MAY CONSENT TO EXAMINATION, WHEN — FORMS — COLLECTION KITS — DEFINITIONS — RULEMAKING AUTHORITY. — 1. The department of public safety shall make payments to appropriate medical providers, out of appropriations made for that purpose, to cover the reasonable charges of the forensic examination of persons who may be a victim of a sexual offense if:

(1) The victim or the victim's guardian consents in writing to the examination; and

(2) The report of the examination is made on a form approved by the attorney general with the advice of the department of public safety.

The department shall establish maximum reimbursement rates for charges submitted under this section, which shall reflect the reasonable cost of providing the forensic exam.

2. A minor may consent to examination under this section. Such consent is not subject to disaffirmance because of minority, and consent of parent or guardian of the minor is not required for such examination. The appropriate medical provider making the examination shall give written notice to the parent or guardian of a minor that such an examination has taken place.

3. The ~~[attorney general]~~ **department of public safety**, with the advice of the ~~[department of public safety]~~ **attorney general**, shall develop the forms and procedures for gathering, **transmitting, and storing** evidence during **and after** the forensic examination under the provisions of this section. The department of health and senior services shall develop a checklist, protocols, and procedures for appropriate medical providers to refer to while providing medical treatment to victims of a sexual offense, including those specific to victims who are minors. **The procedures for transmitting and storing examination evidence shall include the following requirements:**

(1) **An appropriate medical provider shall provide electronic notification to the appropriate law enforcement agency when the provider has a reported or anonymous evidentiary collection kit;**

(2) **Within fourteen days of notification from the appropriate medical provider, the law enforcement agency shall take possession of the evidentiary collection kit;**

(3) **Within fourteen days of taking possession, the law enforcement agency shall provide the evidentiary collection kit to a laboratory;**

(4) **A law enforcement agency shall secure an evidentiary collection kit for a period of thirty years if the offense has not been adjudicated.**

4. Such kits shall be distributed with the forms and procedures for gathering evidence during forensic examinations of victims of a sexual offense to appropriate medical providers upon request of the provider, in the amount requested, and at no charge to the medical provider. All appropriate medical providers shall, with the written consent of the victim, perform a forensic examination using the evidentiary collection kit, or other collection procedures developed for victims who are minors, and forms and procedures for gathering evidence following the checklist for any person presenting as a victim of a sexual offense.

5. In reviewing claims submitted under this section, the department shall first determine if the claim was submitted within ninety days of the examination. If the claim is submitted within ninety days, the department shall, at a minimum, use the following criteria in reviewing the claim: examination charges submitted shall be itemized and fall within the definition of forensic examination as defined in subdivision (3) of subsection 8 of this section.

6. All appropriate medical provider charges for eligible forensic examinations shall be billed to and paid by the department of public safety. No appropriate medical provider conducting forensic examinations and providing medical treatment to victims of sexual offenses shall charge the victim for the forensic examination. For appropriate medical provider charges related to the medical treatment of victims of sexual offenses, if the victim is an eligible claimant under the crime victims' compensation fund, the victim shall seek compensation under sections 595.010 to 595.075.

7. The department of public safety shall establish rules regarding the reimbursement of the costs of forensic examinations for children under fourteen years of age, including establishing conditions and definitions for emergency and nonemergency forensic examinations and may by rule establish additional qualifications for appropriate medical providers performing nonemergency forensic examinations for children under fourteen years of age. The department shall provide reimbursement regardless of whether or not the findings indicate that the child was abused.

8. For purposes of this section, the following terms mean:

(1) **"Anonymous evidentiary collection kit", an evidentiary collection kit collected from a victim, or his or her designee, who has consented to the collection of the evidentiary collection kit, and to participate in the criminal justice process, but who wishes to remain anonymous;**

(10) "Unreported evidentiary collection kit", an evidentiary collection kit collected from a victim, or his or her designee, who has consented to the collection of the evidentiary collection kit but has not consented to participate in the criminal justice process.

9. The attorney general shall establish protocols and an electronic platform to implement an electronic evidence tracking system that:

(2) Assigns a unique alphanumeric identifier to each respective evidentiary collection kit, and all its respective components, and to each respective person, or his or her designees, who may handle an evidentiary test kit;

(3) Links the identifiers of an evidentiary collection kit and its components, which shall be machine-readable indicia;

(4) Allows each person, or his or her designees, who is properly credentialed to handle an evidentiary test kit to check the status of an evidentiary test kit or its components and to save a portfolio of identifiers so that the person, or his or her designees may track, obtain reports, and receive updates of the status of evidentiary collection kits or their components; and

(5) Allows sexual assault victims or their designees access in order to monitor the current status of their evidentiary test kit.

10. The department shall have authority to promulgate rules and regulations necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in

section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

610.140. EXPUNGEMENT OF CERTAIN CRIMINAL RECORDS, PETITION, CONTENTS, PROCEDURE — EFFECT OF EXPUNGEMENT ON EMPLOYER INQUIRY — LIFETIME LIMITS. — 1. Notwithstanding any other provision of law and subject to the provisions of this section, any person may apply to any court in which such person was charged or found guilty of any offenses, violations, or infractions for an order to expunge records of such arrest, plea, trial, or conviction. Subject to the limitations of subsection 12 of this section, a person may apply to have one or more offenses, violations, or infractions expunged if such offense, violation, or infraction occurred within the state of Missouri and was prosecuted under the jurisdiction of a Missouri municipal, associate circuit, or circuit court, so long as such person lists all the offenses, violations, and infractions he or she is seeking to have expunged in the petition and so long as all such offenses, violations, and infractions are not excluded under subsection 2 of this section. If the offenses, violations, or infractions were charged as counts in the same indictment or information or were committed as part of the same course of criminal conduct, the person may include all the related offenses, violations, and infractions in the petition, regardless of the limits of subsection 12 of this section, and the petition shall only count as a petition for expungement of the highest level violation or offense contained in the petition for the purpose of determining future eligibility for expungement.

2. The following offenses, violations, and infractions shall not be eligible for expungement under this section:

- (1) Any class A felony offense;
- (2) Any dangerous felony as that term is defined in section 556.061;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

(10) Any ~~violations~~ **violation** of any state law or county or municipal ordinance regulating the operation of motor vehicles when committed by an individual who has been issued a commercial driver's license or is required to possess a commercial driver's license issued by this state or any other state; **and**

(11) Any offense of section 571.030, except any offense under subdivision (1) of subsection 1 of section 571.030 where the person was convicted or found guilty prior to January 1, 2017.

3. The petition shall name as defendants all law enforcement agencies, courts, prosecuting or circuit attorneys, municipal prosecuting attorneys, central state repositories of criminal records, or others who the petitioner has reason to believe may possess the records subject to expungement for each of the offenses, violations, and infractions listed in the petition. The court's order of expungement shall not affect any person or entity not named as a defendant in the action.

4. The petition shall include the following information:

(1) The petitioner's:

(a) Full name;

(b) Sex;

(c) Race;

(d) Driver's license number, if applicable; and

(e) Current address;

(2) Each offense, violation, or infraction for which the petitioner is requesting expungement;

(3) The approximate date the petitioner was charged for each offense, violation, or infraction; and

(4) The name of the county where the petitioner was charged for each offense, violation, or infraction and if any of the offenses, violations, or infractions occurred in a municipality, the name of the municipality for each offense, violation, or infraction; and

(5) The case number and name of the court for each offense.

5. The clerk of the court shall give notice of the filing of the petition to the office of the prosecuting attorney, circuit attorney, or municipal prosecuting attorney that prosecuted the offenses, violations, or infractions listed in the petition. If the prosecuting attorney, circuit attorney, or municipal prosecuting attorney objects to the petition for expungement, he or she shall do so in writing within thirty days after receipt of service. Unless otherwise agreed upon by the parties, the court shall hold a hearing within sixty days after any written objection is filed, giving reasonable notice of the hearing to the petitioner. If no objection has been filed within thirty days after receipt of service, the court may set a hearing on the matter and shall give reasonable notice of the hearing to each entity named in the petition. At any hearing, the court may accept evidence and hear testimony on, and may consider, the following criteria for each of the offenses, violations, or infractions listed in the petition for expungement:

(1) It has been at least seven years if the offense is a felony, or at least three years if the offense is a misdemeanor, municipal offense, or infraction, from the date the petitioner completed any authorized disposition imposed under section 557.011 for each offense, violation, or infraction listed in the petition;

(2) The person has not been found guilty of any other misdemeanor or felony, not including violations of the traffic regulations provided under chapters 304 and 307, during the time period specified for the underlying offense, violation, or infraction in subdivision (1) of this subsection;

(3) The person has satisfied all obligations relating to any such disposition, including the payment of any fines or restitution;

(4) The person does not have charges pending;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

(6) The expungement is consistent with the public welfare and the interests of justice warrant the expungement.

A pleading by the petitioner that such petitioner meets the requirements of subdivisions (5) and (6) of this subsection shall create a rebuttable presumption that the expungement is warranted so long as the criteria contained in subdivisions (1) to (4) of this subsection are otherwise satisfied. The burden shall shift to the prosecuting attorney, circuit attorney, or municipal prosecuting attorney to rebut the presumption. A victim of an offense, violation, or infraction listed in the petition shall have an opportunity to be heard at any hearing held under this section, and the court may make a determination based solely on such victim's testimony.

6. A petition to expunge records related to an arrest for an eligible offense, violation, or infraction may be made in accordance with the provisions of this section to a court of competent jurisdiction in the county where the petitioner was arrested no earlier than three years from the date of arrest; provided that, during such time, the petitioner has not been charged and the petitioner has not been found guilty of any misdemeanor or felony offense.

7. If the court determines that such person meets all the criteria set forth in subsection 5 of this section for each of the offenses, violations, or infractions listed in the petition for expungement, the court shall enter an order of expungement. In all cases under this section, the court shall issue an order of expungement or dismissal within six months of the filing of the petition. A copy of the order of expungement shall be provided to the petitioner and each entity possessing records subject to the order, and, upon receipt of the order, each entity shall close any record in its possession relating to any offense, violation, or infraction listed in the petition, in the manner established by section 610.120. The records and files maintained in any administrative or court proceeding in a municipal, associate, or circuit court for any offense, infraction, or violation ordered expunged under this section shall be confidential and only available to the parties or by order of the court for good cause shown. The central repository shall request the Federal Bureau of Investigation to expunge the records from its files.

8. The order shall not limit any of the petitioner's rights that were restricted as a collateral consequence of such person's criminal record, and such rights shall be restored upon issuance of the order of expungement. Except as otherwise provided under this section, the effect of such order shall be to restore such person to the status he or she occupied prior to such arrests, pleas, trials, or convictions as if such events had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrests, pleas, trials, convictions, or expungement in response to an inquiry made of him or her and no such inquiry shall be made for information relating to an expungement, except the petitioner shall disclose the expunged offense, violation, or infraction to any court when asked or upon being charged with any subsequent offense, violation, or infraction. The expunged offense, violation, or infraction may be considered a prior offense in determining a sentence to be imposed for any subsequent offense that the person is found guilty of committing.

9. Notwithstanding the provisions of subsection 8 of this section to the contrary, a person granted an expungement shall disclose any expunged offense, violation, or infraction when the disclosure of such information is necessary to complete any application for:

- (1) A license, certificate, or permit issued by this state to practice such individual's profession;
- (2) Any license issued under chapter 313 or permit issued under chapter 571;
- (3) Paid or unpaid employment with an entity licensed under chapter 313, any state-operated lottery, or any emergency services provider, including any law enforcement agency;

(4) Employment with any federally insured bank or savings institution or credit union or an affiliate of such institution or credit union for the purposes of compliance with 12 U.S.C. Section 1829 and 12 U.S.C. Section 1785;

(5) Employment with any entity engaged in the business of insurance or any insurer for the purpose of complying with 18 U.S.C. Section 1033, 18 U.S.C. Section 1034, or other similar law which requires an employer engaged in the business of insurance to exclude applicants with certain criminal convictions from employment; or

(6) Employment with any employer that is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

An employer shall notify an applicant of the requirements under subdivisions (4) to (6) of this subsection. Notwithstanding any provision of law to the contrary, an expunged offense, violation, or infraction shall not be grounds for automatic disqualification of an applicant, but may be a factor for denying employment, or a professional license, certificate, or permit; except that, an offense, violation, or infraction expunged under the provisions of this section may be grounds for automatic disqualification if the application is for employment under subdivisions (4) to (6) of this subsection.

10. A person who has been granted an expungement of records pertaining to a misdemeanor or felony offense, an ordinance violation, or an infraction may answer "no" to an employer's inquiry into whether the person has ever been convicted of a crime if, after the granting of the expungement, the person has no public record of a misdemeanor or felony offense, an ordinance violation, or an infraction. The person, however, shall answer such an inquiry affirmatively and disclose his or her criminal convictions, including any offense or violation expunged under this section or similar law, if the employer is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

11. If the court determines that the petitioner has not met the criteria for any of the offenses, violations, or infractions listed in the petition for expungement or the petitioner has knowingly provided false information in the petition, the court shall enter an order dismissing the petition. Any person whose petition for expungement has been dismissed by the court for failure to meet the criteria set forth in subsection 5 of this section may not refile another petition until a year has passed since the date of filing for the previous petition.

12. A person may be granted more than one expungement under this section provided that during his or her lifetime, the total number of offenses, violations, or infractions for which orders of expungement are granted to the person shall not exceed the following limits:

(1) Not more than two misdemeanor offenses or ordinance violations that have an authorized term of imprisonment; and

(2) Not more than one felony offense.

A person may be granted expungement under this section for any number of infractions. Nothing in this section shall prevent the court from maintaining records to ensure that an individual has not exceeded the limitations of this subsection. Nothing in this section shall be construed to limit or impair in any way the subsequent use of any record expunged under this section of any arrests or findings of guilt by a law enforcement agency, criminal justice agency, prosecuting attorney, circuit attorney, or municipal prosecuting attorney, including its use as a prior offense, violation, or infraction.

13. The court shall make available a form for pro se petitioners seeking expungement, which shall include the following statement: "I declare under penalty of perjury that the statements made herein are true and correct to the best of my knowledge, information, and belief."

14. Nothing in this section shall be construed to limit or restrict the availability of expungement to any person under any other law.

610.210. 2. The same labor organization shall not represent both non-supervisory and supervisory public employees.

3. For the purposes of this section, the term "supervisory public employee" means anyone with supervisory status, managerial status, confidential status, or any other status that would be a conflict of interest with the purpose of sections 105.570 to 105.595.

105.575. REPRESENTATION OF BARGAINING UNIT, PROCEDURE, ELECTION — DECERTIFICATION, PROCEDURE — FEES FOR ELECTION. — 1. Any labor organization wishing to represent a bargaining unit as an exclusive bargaining representative shall present to the board cards containing the signatures of at least thirty percent of the public employees in the bargaining unit indicating that they wish to select the labor organization in question as their exclusive bargaining representative for the purpose of collective bargaining. Voluntary recognition by any public body of a labor organization as an exclusive bargaining representative shall be prohibited. Recognition as an exclusive bargaining representative may only be obtained by a labor organization through an election conducted under this section.

2. Upon receiving such cards, the board shall request from the public body a list of all public employees within the bargaining unit and the public body shall provide to the board such list no later than ten business days following receipt of such request. The board shall validate the signatures on the cards and confirm that at least thirty percent of the public employees in the bargaining unit have signed the cards. If the board determines that at least thirty percent of the public employees in the bargaining unit have signed valid cards, the

board shall consult with the public body and the representative of the labor organization that has presented the cards, and together they shall select a mutually agreeable date for a secret ballot election to take place. The election shall be conducted at the public body's place of business or by mail-in ballot, in whole or in part, at the discretion of the chairman of the board, and shall be set for a date falling no less than four weeks, and no more than eight weeks, after the day upon which the board determines the bargaining unit for election and has resolved any other bargaining unit issues.

3. Once an election date has been set, the public body shall issue a notice informing all eligible voters of the date, time, and place of the election. Such notice shall be distributed to all public employees and shall be posted within the public body's place of business.

4. All public employees shall have the right to freely express their opinions about whether the labor organization should be selected as the exclusive bargaining representative of the public employees in the bargaining unit. However, no employee or representative of the labor organization and no public body or representative of the public body shall attempt to threaten, intimidate, coerce, or otherwise restrain any eligible voter in the free exercise of his or her individual choice to support or oppose the selection of the labor organization in question as the exclusive bargaining representative of the public employees in the bargaining unit.

5. Elections shall be conducted by secret ballot, using such procedures as the board shall determine are appropriate for ensuring the privacy and security of each public employee's vote. Once the poll is closed, the board shall oversee the counting of the ballots. One representative of the public body's management team and one representative of the labor organization shall have the right to be present during the counting of the ballots.

6. The ballots shall read: "Do you wish to select (labor organization) as the exclusive bargaining representative for (description of bargaining unit) employed within (description of public body)?" The ballot shall include check boxes for marking "yes" or "no" in response to this question.

7. If more than one labor organization seeks to represent public employees in the bargaining unit, and if both labor organizations have obtained signatures from at least thirty percent of the public employees in the unit stating that they wish to designate the labor organization as their exclusive bargaining representative, the ballot shall read: "Do you wish to select (labor organization A), (labor organization B), or no labor organization as the exclusive bargaining representative for (description of bargaining unit) employed within (description of public body)?" The ballot shall include check boxes for marking "I wish to select (labor organization A) as my exclusive bargaining representative.", "I wish to select (labor organization B) as my exclusive bargaining representative.", and "I do not wish to select any labor organization as my exclusive bargaining representative."

8. Any labor organization receiving the votes of more than fifty percent of all public employees in the bargaining unit shall be designated and recognized by the public body as the exclusive bargaining representative for all public employees in the bargaining unit.

9. Public employees within the bargaining unit shall have the right to seek to decertify the labor organization as their exclusive bargaining representative at any time. If any public employee within the bargaining unit presents to the board cards bearing the signatures of at least thirty percent of the public employees within the bargaining unit stating that those public employees no longer wish to be represented by the labor organization in question, the board shall confirm the signatures on the cards. The board shall request from the public

body a list of all public employees within the bargaining unit and the public body shall provide such list no later than ten business days following the receipt of such request.

10. If the board confirms that at least thirty percent of the public employees in the bargaining unit have signed decertification cards, the board shall consult with the public body and the designated representative of the labor organization to select a date for a decertification election. Such election shall take place at least four weeks, but no later than six weeks, after the board receives the decertification cards. Notice of such election shall be distributed to all public employees within the bargaining unit and posted within the public body's place of business. The election shall be conducted at the public body's place of business or by mail-in ballot, in whole or in part, at the discretion of the chairman of the board.

11. If more than fifty percent of the public employees in the bargaining unit cast votes to terminate the labor organization's representation of the public employees in the bargaining unit, the labor organization shall immediately cease to represent the public employees in the bargaining unit.

12. All labor organizations that have previously been certified shall be recertified during the twelve-month period beginning on August 28, 2018, provided that any labor organization that has a labor agreement that expires after August 28, 2020, may be recertified at any time prior to, but in no event later than, August 28, 2020. All subsequent recertification elections shall be held every three years. To meet the recertification requirement, continuation of the labor organization's status as the exclusive bargaining representative shall be favored in a secret ballot election conducted by the board by more than fifty percent of the public employees in the bargaining unit. Public employees shall vote by telephone or online during a two-week period beginning on the anniversary of initial certification, whether such certification occurred prior to, on, or after August 28, 2018. Failure to schedule an election within the prescribed time period on the part of the labor organization shall result in immediate decertification as the exclusive bargaining representative.

13. In the event of the decertification of a labor organization as the exclusive bargaining representative of the public employees in any bargaining unit or failure to recertify a labor organization, all terms and conditions of employment existing at the time of decertification or failure to recertify shall remain in place until such time as those terms or conditions of employment are altered by the public body.

14. No more than one election shall take place in any bargaining unit within the same twelve-month period. Once an election takes place, the board shall not accept cards from labor organizations or public employees within the bargaining unit seeking another election for one full calendar year after the date of the election.

15. The board shall assess and collect a fee from each labor organization participating in an election conducted under this section for the purpose of paying for such election as follows:

- (1) For a bargaining unit of one to one hundred members, a fee of two hundred dollars;
- (2) For a bargaining unit of one hundred one to two hundred fifty members, a fee of three hundred fifty dollars;

2. No labor organization may refuse to meet with designated representatives of any public body or engage in conduct intended to cause the removal or replacement of any designated representative by the public body.

3. The labor organization and the public body shall engage in bargaining with each other's designated representatives, but neither side shall be required to offer any particular concession or withdraw any particular proposal.

4. The public body shall not pay any labor organization representative or employee for time spent participating in collective bargaining or preparing for collective bargaining on behalf of a labor organization, except to the extent the person in question is an employee of the public body and elects to use accrued paid time off that was personally accrued by such person to cover the time so spent.

5. Before any proposed agreement or memorandum of understanding is presented to a public body, the labor organization, as a condition of its presentation, shall establish that it has been ratified by a majority of its members. The public body may approve the entire agreement or any part thereof. If the public body rejects any portion of the agreement, the public body may return any rejected portion of the agreement to the parties for further bargaining, adopt a replacement provision of its own design, or state that no provision covering the topic in question shall be adopted. Any tentative agreement reached between the parties' representatives shall not be binding on the public body or labor organization.

6. A public body and a labor organization shall not be subject to binding mediation, binding interest arbitration, or interest arbitration in the event the parties are unable to reach an agreement.

7. After the first agreement between the public body and the labor organization is adopted, bargaining for renewal agreements shall take place triennially. Such bargaining shall be completed within thirty days of the end of the public body's fiscal year. The parties may elect to bargain non-economic terms for longer periods, but all economic provisions of the agreement shall be adopted on a triennial basis only.

8. The term of any labor agreement, provision of a labor agreement, or extension of a labor agreement entered into after the effective date of sections 105.500 to 105.598 shall not exceed a period of three years. Any modification, extension, renewal, or any change whatsoever to a labor agreement in effect as of the effective date of sections 105.500 to 105.598 shall be considered a new labor agreement for purposes of this section.

(4) Every labor agreement shall expressly prohibit labor organization representatives and public employees from accepting paid time, other than unused paid time off that was accrued by such public employees, by a public body for the purposes of conducting labor organization-related activities concerning collective bargaining, including, but not limited to, negotiations, bargaining meetings, meet and confer sessions, and any other collective bargaining-related activity, provided that every labor agreement may allow for paid time off for the purposes of grievance-handling, advisory committees, establishing a work calendar, and internal and external communication;

(5) Every labor agreement shall inform public employees of their right to refrain from engaging in and supporting labor organization activity as well as their right to oppose labor organization activity; and

(6) Every labor agreement shall include a provision stating that in the event of a budget shortfall, the public body shall have the right to require the modification of the economic terms of any labor agreement. Every labor agreement shall also state that if the public body deems it necessary to modify, upon good cause, the economic terms of any labor agreement, the public body shall so notify the labor organization and shall provide a period of thirty days during which the public body and the labor organization shall bargain over any necessary adjustments to the economic terms of the agreement. The labor agreement shall state that if, at the end of the thirty-day period, the parties have been unable to agree upon modifications that meet the public body's requirements, the public body shall have the right, upon good cause, to make necessary adjustments on its own authority.

(2) A portion of the total payments made by the qualified companies under sections 143.191 to 143.265 shall be designated as the new or retained jobs credit from withholding. Such portion shall be an amount equal to two and one-half percent of the gross wages paid by the qualified company for each of the first one hundred jobs included in the project and one and one-half percent of the gross wages paid by the qualified company for each of the remaining jobs included in the project. If business or employment conditions cause the amount of the new or retained jobs credit from withholding to be less than the amount projected in the agreement for any time period, then other withholding tax paid by the qualified company under sections 143.191 to 143.265 shall be credited to the applicable fund by the amount of such difference. The qualified company shall remit the amount of the new or retained jobs credit to the department of revenue in the manner prescribed in sections 143.191 to 143.265. When all training program costs have been paid, the new or retained jobs credits shall cease;

(3) The community college district participating in a project shall establish a special fund for and in the name of the training project. All funds appropriated by the general assembly from the funds established under subsections 1 and 2 of this section and disbursed by the department for the training project and other amounts received by the district for training project costs as required by the agreement shall be deposited in the special fund. Amounts held in the special fund shall be used and disbursed by the district only to pay training project costs for such training project. The special fund may be divided into such accounts and subaccounts as shall be provided in the agreement, and amounts held therein may be invested in the same manner as the district's other funds;

(4) Any disbursement for training project costs received from the department under sections 620.800 to 620.809 and deposited into the training project's special fund may be irrevocably pledged by a community college district for the payment of the principal, premium, and interest on the certificate issued by a community college district to finance or refinance, in whole or in part, such training project;

(5) The qualified company shall certify to the department of revenue that the new or retained jobs credit is in accordance with an agreement and shall provide other information the department of revenue may require;

(6) An employee participating in a training project shall receive full credit under section 143.211 for the amount designated as a new or retained jobs credit;

(7) If an agreement provides that all or part of training program costs are to be met by receipt of new or retained jobs credit, the provisions of this subsection shall also apply to any successor to the original qualified company until the principal and interest on the certificates have been paid.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

Matter in bold-face type is proposed language.

8. To provide funds for the present payment of the training project costs of new or retained jobs training project through the training program, a community college district may borrow money and issue and sell certificates payable from a sufficient portion of the future receipts of payments authorized by the agreement including disbursements from the Missouri works community college new jobs training fund or the Missouri works community college job retention training fund, to the special fund established by the district for each project. The total amount of outstanding certificates sold by all community college districts shall not exceed the total amount authorized under law as of January 1, 2013, unless an increased amount is authorized in writing by a majority of members of the committee. The certificates shall be marketed through financial institutions authorized to do business in Missouri. The receipts shall be pledged to the payment of principal of and interest on the certificates. Certificates may be sold at public sale or at private sale at par, premium, or discount of not less than ninety-five percent of the par value thereof, at the discretion of the board of trustees, and may bear interest at such rate or rates as the board of trustees shall determine, notwithstanding the provisions of section 108.170 to the contrary. However, the provisions of chapter 176 shall not apply to the issuance of such certificates. Certificates may be issued with respect to a single project or multiple projects and may contain terms or conditions as the board of trustees may provide by resolution authorizing the issuance of the certificates.

9. Certificates issued to refund other certificates may be sold at public sale or at private sale as provided in this section, with the proceeds from the sale to be used for the payment of the certificates being refunded. The refunding certificates may be exchanged in payment and discharge of the certificates being refunded, in installments at different times or an entire issue or series at one time. Refunding certificates may be sold or exchanged at any time on, before, or after the maturity of the outstanding certificates to be refunded. They may be issued for the purpose of refunding a like, greater, or lesser principal amount of certificates and may bear a rate of interest that is higher, lower, or equivalent to that of the certificates being renewed or refunded.

10. Before certificates are issued, the board of trustees shall publish once a notice of its intention to issue the certificates, stating the amount, the purpose, and the project or projects for which the certificates are to be issued. A person with standing may, within fifteen days after the publication of the notice, by action in the circuit court of a county in the district, appeal the decision of the board of trustees to issue the certificates. The action of the board of trustees in determining to issue the certificates shall be final and conclusive unless the circuit court finds that the board of trustees has exceeded its legal authority. An action shall not be brought which questions the legality of the certificates, the power of the board of trustees to issue the certificates, the effectiveness of any proceedings relating to the authorization of the project, or the authorization and issuance of the certificates from and after fifteen days from the publication of the notice of intention to issue.

11. The board of trustees shall make a finding based on information supplied by the qualified company that revenues provided in the agreement are sufficient to secure the faithful performance of obligations in the agreement.

12. Certificates issued under this section shall not be deemed to be an indebtedness of the state, the community college district, or any other political subdivision of the state, and the principal and interest on any certificates shall be payable only from the sources provided in subdivision (1) of subsection 4 of this section which are pledged in the agreement.

13. Pursuant to section 23.253 of the Missouri sunset act:

(1) The ~~[new]~~ program authorized under sections 620.800 to 620.809 shall ~~[automatically sunset July 1, 2019, unless reauthorized by an act of the general assembly]~~ **be reauthorized as of the effective date of this act and shall expire on August 28, 2030; and**

(2) If such program is reauthorized, the program authorized under sections 620.800 to 620.809 shall automatically sunset twelve years after the effective date of the reauthorization of sections 620.800 to 620.809; and

(3) Sections 620.800 to 620.809 shall terminate on September first of the calendar year immediately following the calendar year in which a program authorized under sections 620.800 to 620.809 is sunset.

620.2020. PARTICIPATION PROCEDURES, DEPARTMENT DUTIES, QUALIFIED COMPANY DUTIES — MAXIMUM TAX CREDITS ALLOWED, ALLOCATION — PROHIBITED ACTS — REPORT, CONTENTS — RULEMAKING AUTHORITY — SUNSET DATE. — 1. The department shall respond to a written request, by or on behalf of a qualified company, for a proposed benefit award under the provisions of this program within five business days of receipt of such request. Such response shall contain either a proposal of benefits for the qualified company, or a written response refusing to provide such a proposal and stating the reasons for such refusal. A qualified company that intends to seek benefits under the program shall submit to the department a notice of intent. The department shall respond within thirty days to a notice of intent with an approval or a rejection, provided that the department may withhold approval or provide a contingent approval until it is satisfied that proper documentation of eligibility has been provided. Failure to respond on behalf of the department shall result in the notice of intent being deemed approved. A qualified company receiving approval for program benefits may receive additional benefits for subsequent new jobs at the same facility after the full initial project period if the applicable minimum job requirements are met. There shall be no limit on the number of project periods a qualified company may participate in the program, and a qualified company may elect to file a notice of intent to begin a new project period concurrent with an existing project period if the applicable minimum job requirements are achieved, the qualified company provides the department with the required annual reporting, and the qualified company is in compliance with this program and any other state programs in which the qualified company is currently or has previously participated. However, the qualified company shall not receive any further program benefits under the original approval for any new jobs created after the date of the new notice of intent, and any jobs created before the new notice of intent shall not be included as new jobs for purposes of the benefit calculation for the new approval. When a qualified company has filed and received approval of a notice of intent and subsequently files another notice of intent, the department shall apply the definition of project facility under subdivision (18) of section 620.2005 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, the benefits available to the qualified company under any other state programs for which the company is eligible and which utilize withholding tax from the new or retained jobs of the company shall first be credited to the other state program before the withholding retention level applicable under this program will begin to accrue.

If any qualified company also participates in a job training program utilizing withholding tax, the company shall retain no withholding tax under this program, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this program. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in a job training program shall be increased by an amount equivalent to the withholding tax retained by that company under a jobs training program.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

3. A qualified company receiving benefits under this program shall provide an annual report of the number of jobs and such other information as may be required by the department to document the basis for program benefits available no later than ninety days prior to the end of the qualified company's tax year immediately following the tax year for which the benefits provided under the program are attributed. In such annual report, if the average wage is below the applicable percentage of the county average wage, the qualified company has not maintained the employee insurance as required, or if the number of jobs is below the number required, the qualified company shall not receive tax credits or retain the withholding tax for the balance of the project period. Failure to timely file the annual report required under this section shall result in the forfeiture of tax credits attributable to the year for which the reporting was required and a recapture of withholding taxes retained by the qualified company during such year.

4. The department may withhold the approval of any benefits under this program until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the required number of jobs and the average wage meets or exceeds the applicable percentage of county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the applicable percentage of county average wage and the required number of jobs.

5. Any qualified company approved for benefits under this program shall provide to the department, upon request, any and all information and records reasonably required to monitor compliance with program requirements. This program shall be considered a business recruitment tax credit under subdivision (4) of subsection 2 of section 135.800, and any qualified company approved for benefits under this program shall be subject to the provisions of sections 135.800 to 135.830.

6. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

7. The maximum amount of tax credits that may be authorized under this program for any fiscal year shall be limited as follows, less the amount of any tax credits previously obligated for that fiscal year under any of the tax credit programs referenced in subsection 13 of this section:

(1) For the fiscal year beginning on July 1, 2013, but ending on or before June 30, 2014, no more than one hundred six million dollars in tax credits may be authorized;

(2) For the fiscal year beginning on July 1, 2014, but ending on or before June 30, 2015, no more than one hundred eleven million dollars in tax credits may be authorized; and

(3) For any fiscal year beginning on or after July 1, 2015, no more than one hundred sixteen million dollars in tax credits may be authorized for each fiscal year.

8. For tax credits for the creation of new jobs under section 620.2010, the department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and any other applicable factors in determining the amount of benefits available to the qualified company under this program. However, the annual issuance of tax credits shall be subject to annual verification of actual payroll by the department. Any authorization of tax credits shall expire if, within two years from the date of commencement of operations, or approval if applicable, the qualified company has failed to meet the applicable minimum job requirements. The qualified company may retain authorized amounts from the withholding tax under the project once the applicable minimum job requirements have been met for the duration of the project period. No benefits shall

be provided under this program until the qualified company meets the applicable minimum new job requirements. In the event the qualified company does not meet the applicable minimum new job requirements, the qualified company may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company at the project facility or other facilities.

9. Tax credits provided under this program may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward, but shall be claimed within one year of the close of the taxable year for which they were issued. Tax credits provided under this program may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

10. Prior to the issuance of tax credits or the qualified company beginning to retain withholding taxes, the department shall verify through the department of revenue and any other applicable state department that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes or other fees. Such delinquency shall not affect the approval, except that any tax credits issued shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue, the department of insurance, financial institutions and professional registration, or any other state department concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

11. The director of revenue shall issue a refund to the qualified company to the extent that the amount of tax credits allowed under this program exceeds the amount of the qualified company's tax liability under chapter 143 or 148.

12. An employee of a qualified company shall receive full credit for the amount of tax withheld as provided in section 143.211.

13. Notwithstanding any provision of law to the contrary, beginning August 28, 2013, no new benefits shall be authorized for any project that had not received from the department a proposal or approval for such benefits prior to August 28, 2013, under the development tax credit program created under sections 32.100 to 32.125, the rebuilding communities tax credit program created under section 135.535, the enhanced enterprise zone tax credit program created under sections 135.950 to 135.973, and the Missouri quality jobs program created under sections 620.1875 to 620.1890. The provisions of this subsection shall not be construed to limit or impair the ability of any administering agency to authorize or issue benefits for any project that had received an approval or a proposal from the department under any of the programs referenced in this subsection prior to August 28, 2013, or the ability of any taxpayer to redeem any such tax credits or to retain

any withholding tax under an approval issued prior to that date. The provisions of this subsection shall not be construed to limit or in any way impair the ability of any governing authority to provide any local abatement or designate a new zone under the enhanced enterprise zone program created by sections 135.950 to 135.963. Notwithstanding any provision of law to the contrary, no qualified company that is awarded benefits under this program shall:

(1) Simultaneously receive benefits under the programs referenced in this subsection at the same capital investment; or

(2) Receive benefits under the provisions of section 620.1910 for the same jobs.

14. If any provision of sections 620.2000 to 620.2020 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.2000 to 620.2020 are hereby declared severable.

15. By no later than January 1, 2014, and the first day of each calendar quarter thereafter, the department shall present a quarterly report to the general assembly detailing the benefits authorized under this program during the immediately preceding calendar quarter to the extent such information may be disclosed under state and federal law. The report shall include, at a minimum:

(1) A list of all approved and disapproved applicants for each tax credit;

(2) A list of the aggregate amount of new or retained jobs that are directly attributable to the tax credits authorized;

(3) A statement of the aggregate amount of new capital investment directly attributable to the tax credits authorized;

(4) Documentation of the estimated net state fiscal benefit for each authorized project and, to the extent available, the actual benefit realized upon completion of such project or activity; and

(5) The department's response time for each request for a proposed benefit award under this program.

16. The department may adopt such rules, statements of policy, procedures, forms, and guidelines as may be necessary to carry out the provisions of sections 620.2000 to 620.2020. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

17. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the **[new]** program authorized under sections 620.2000 to 620.2020 shall ~~automatically sunset six years after August 28, 2013, unless reauthorized by an act of the general assembly~~ **be reauthorized as of the effective date of this act and shall expire on August 28, 2030;** and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of this reauthorization of sections 620.2000 to 620.2020; and

(3) Sections 620.2000 to 620.2020 shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under sections 620.2000 to 620.2020 is sunset.

- (2) "Consumer", a person who purchases prepaid wireless telecommunications service in a retail transaction;
- (3) "Department", the department of revenue;
- (4) "Prepaid wireless service provider", a provider that provides prepaid wireless service to an end user;
- (5) "Prepaid wireless telecommunications service", a wireless telecommunications service that allows a caller to dial 911 to access the 911 system and which service shall be paid for in advance and is sold in predetermined units or dollars of which the number declines with use in a known amount;
- (6) "Retail transaction", the purchase of prepaid wireless telecommunications service from a seller for any purpose other than resale. The purchase of more than one item that provides prepaid wireless telecommunication service, when such items are sold separately, constitutes more than one retail transaction;
- (7) "Seller", a person who sells prepaid wireless telecommunications service to another person;
- (8) "Wireless telecommunications service", commercial mobile radio service as defined by 47 CFR 20.3, as amended.

2. (1) Beginning January 1, 2019, there is hereby imposed a prepaid wireless emergency telephone service charge on each retail transaction. The amount of such charge shall be equal to three percent of the amount of each retail transaction over the minimal amount. However, if a minimal amount of prepaid wireless telecommunications service is sold with a prepaid wireless device for a single nonitemized price, the seller may elect not to apply such service charge to such transaction. For purposes of this subdivision, an amount of service denominated as less than fifteen dollars is minimal.

(2) The prepaid wireless emergency telephone service charge shall be collected by the seller from the consumer with respect to each retail transaction occurring in this state. The amount of the prepaid wireless emergency telephone service charge shall be either separately stated on an invoice, receipt, or other similar document that is provided to the consumer by the seller or otherwise disclosed to the consumer.

(3) For purposes of this subsection, a retail transaction that is effected in person by a consumer at a business location of the seller shall be treated as occurring in this state if that business location is in this state, and any other retail transaction shall be treated as occurring in this state if the retail transaction is treated as occurring in this state under state law.

(4) The prepaid wireless emergency telephone service charge is the liability of the consumer and not of the seller or of any provider; except that, the seller shall be liable to remit all charges that the seller is deemed to collect if the amount of the charge has not been separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller.

(5) The amount of the prepaid wireless emergency telephone service charge that is collected by a seller from a consumer, if such amount is separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller, shall not be included in the base for measuring any tax, fee, surcharge, or other charge that is imposed by this state, any political subdivision of this state, or any intergovernmental agency.

3. (1) Prepaid wireless emergency telephone service charges collected by sellers shall be remitted to the department at the times and in the manner provided by state law with respect to sales and use taxes. The department shall establish registration and payment procedures that substantially coincide with the registration and payment procedures that apply under state law.

(2) Beginning on January 1, 2019, and ending on January 31, 2019, when a consumer purchases prepaid wireless telecommunications service in a retail transaction from a seller under this section, the seller shall be allowed to retain one hundred percent of the prepaid wireless emergency telephone service charges that are collected by the seller from the consumer. Beginning on February 1, 2019, a seller shall be permitted to deduct and retain three percent of prepaid wireless emergency telephone service charges that are collected by the seller from consumers.

(3) The department shall establish procedures by which a seller of prepaid wireless telecommunications service may document that a sale is not a retail transaction, which procedures shall substantially coincide with the procedures for documenting sale for resale transactions for sales and use purposes under state law.

(4) The department shall deposit all remitted prepaid wireless emergency telephone service charges into the general revenue fund for the department's use until eight hundred thousand one hundred fifty dollars is collected to reimburse its direct costs of administering the collection and remittance of prepaid wireless emergency telephone service charges. From then onward, the department shall deposit all remitted prepaid wireless emergency telephone service charges into the Missouri 911 service trust fund created under section 190.420 within thirty days of receipt for use by the board. After the initial eight hundred thousand one hundred fifty dollars is collected, the department may deduct an amount not to exceed one percent of collected charges to be retained by the department to reimburse its direct costs of administering the collection and remittance of prepaid wireless emergency telephone service charges.

(5) The board shall set a rate between twenty-five and one hundred percent of the prepaid wireless emergency telephone service charges deposited in the Missouri 911 service trust fund collected in counties without a charter form of government, less the deductions authorized in subdivision (4) of this subsection, that shall be remitted to such counties in direct proportion to the amount of charges collected in each county. The board shall set a rate between sixty-five and one hundred percent of the prepaid wireless emergency telephone service charges deposited in the Missouri 911 service trust fund collected in counties with a charter form of government and any city not within a county, less the deductions authorized in subdivision (4) of this subsection, that shall be remitted to each such county or city not within a county in direct proportion to the amount of charges

collected in each such county or city not within a county. The initial percentage rate set by the board for counties with and without a charter form of government and any city not within a county may be adjusted after three years, and thereafter the rate may be adjusted every two years; however, at no point shall the board set rates that fall below twenty-five percent for counties without a charter form of government and sixty-five percent for counties with a charter form of government and any city not within a county.

(6) Any amounts received by a county or city under subdivision (5) of this subsection shall be used only for purposes authorized in sections 190.305, 190.325, and 190.335. Any amounts received by any county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants under this section may be used for emergency service notification systems.

(2) A provider shall be entitled to the immunity and liability protections under section 190.455.

(3) In addition to the protection from liability provided in subdivisions (1) and (2) of this subsection, each provider and seller and its officers, employees, assigns, agents, vendors, or anyone acting on behalf of such persons shall be entitled to the further protection from liability, if any, that is provided to providers and sellers of wireless telecommunications service that is not prepaid wireless telecommunications service under section 190.455.

5. The prepaid wireless emergency telephone service charge imposed by this section shall be in addition to any other tax, fee, surcharge, or other charge imposed by this state, any political subdivision of this state, or any intergovernmental agency for 911 funding purposes, except that such prepaid wireless emergency telephone service charge shall be charged in lieu of, and not imposed in addition to, any tax imposed under section 190.292 or 190.335.

6. The provisions of this section shall become effective unless the governing body of a county or city adopts an ordinance, order, rule, resolution, or regulation by at least a two-thirds vote prohibiting the charge established under this section from becoming effective in the county or city at least forty-five days prior to the effective date of this section. If the governing body does adopt such ordinance, order, rule, resolution, or regulation by at least a two-thirds vote, the charge shall not be collected and the county or city shall not be allowed to obtain funds from the Missouri 911 service trust fund that are remitted to the fund under the charge established under this section. The Missouri 911 service board shall, by September 1, 2018, notify all counties and cities of the implementation of the charge established under this section, and the procedures set forth under this subsection for prohibiting the charge from becoming effective.

7. This section shall expire on January 1, 2023.

the joint contract and the administration and operation of the contracting counties, cities, and boards.

3. If two or more counties, cities, 911 districts, or existing emergency communications entities desire to consolidate their emergency communications operations, a joint emergency communications entity may be established by the parties through an agreement identifying the conditions and provisions of the consolidation and the operation of the joint entity. This agreement may include the establishment of a joint governing body that may be comprised of the boards of the entities forming the agreement currently authorized by statute or an elected or appointed joint board authorized under section 70.260; provided that, the representation on the joint board of each of the entities forming the agreement shall be equal. If the entities entering into an agreement under this subsection decide that any 911 service center responsible for the answering of 911 calls and the dispatch of assistance shall be physically located in a county other than a county with the lowest average county wage from the set of counties where the entities entering into an agreement under this subsection are located in whole or part, such entities shall provide a written reason for this decision to the Missouri 911 service board and such document shall be considered a public record under chapter 610. The county average wage comparison shall be conducted using the information from the Missouri department of economic development, which calculates such county average wages under section 135.950.

2. If the consolidation of existing 911 central dispatch centers is desired, a number of voters residing in the existing 911 central dispatch centers' service areas equal to ten percent of the votes cast for governor in those service areas in the preceding gubernatorial election may file with the county clerk in which the territory or greater part of the proposed consolidated 911 central dispatch center service area will be situated a petition requesting consolidation of two or more 911 central dispatch centers.

5. Upon the filing of a petition or resolution with the county clerk from each of the service areas of the 911 central dispatch centers to be consolidated, the clerk shall present the petition or resolution to the commissioners of the county commission having jurisdiction, who shall order the submission of the question to voters within the affected 911 central dispatch center service areas. The filing of a petition shall be no later than twelve months after any original voter's signature contained therein.

6. The notice of election shall contain the names of the existing 911 central dispatch centers to be included in the consolidated 911 central dispatch center.

7. The question shall be submitted in substantially the following form:

"Shall the existing _____ 911 central dispatch centers be consolidated into one 911 central dispatch center?"

8. If the question of consolidation of the 911 central dispatch centers receives a majority of the votes cast in each service area, the county commissions having joint jurisdiction shall each enter an order declaring the proposition passed.

9. Within thirty days after the 911 central dispatch center has been declared consolidated, the respective county commissions having jurisdiction shall jointly meet to appoint a new seven-person board consisting of the agencies and professions listed in subsection 9 of section 190.335, and shall ensure geographic representation by appointing no more than four members from any one county having jurisdiction within the consolidated area for the newly consolidated 911 central dispatch center.

At the first meeting, the newly appointed board of directors shall choose a name for the consolidated 911 central dispatch center and shall notify the clerks of the county commission of each county within which the newly consolidated 911 central dispatch center's service area now subsumes.

Upon a majority vote for approval of the existing board continuing to exist, subsections 9 to 12 of this section shall not apply, and the existing board shall continue to exist and have the powers set forth under the applicable section or sections within chapter 190 or under section 321.243. Upon a majority vote in disapproval of the existing board continuing to exist, all applicable subsections of this section shall apply to the consolidation. A tied vote shall be considered a disapproval of the existing board continuing to exist.

143.121. MISSOURI ADJUSTED GROSS INCOME — OLYMPIC DREAM FREEDOM ACT. — 1.

The Missouri adjusted gross income of a resident individual shall be the taxpayer's federal adjusted gross income subject to the modifications in this section.

(2) Interest on certain governmental obligations excluded from federal gross income by Section 103 of the Internal Revenue Code (**26 U.S.C. Section 103, as amended**). The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of Section 265 of the Internal Revenue Code (**26 U.S.C. Section 265, as amended**). The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to Section 168 of the Internal Revenue Code (**26 U.S.C. Section 168**) as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to Section 168 of the Internal Revenue Code of 1986 (**26 U.S.C. Section 168**) as in effect on January 1, 2002;

Section 172**), as amended, other than the deduction allowed by Section ~~[172(b)(1)(G)]~~ **172(b)(1)(F)** and Section ~~[172(i)]~~ **172(h)** of the Internal Revenue Code of 1986 (**26 U.S.C. Section 172**), as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresident's federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(1) Interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. The amount subtracted pursuant to this subdivision shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this subdivision. Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Sections 452.375, 452.377, 589.660, 589.663, 589.664, 589.666, 589.669, 589.672, and 589.678, RSMo, are repealed and nine new sections enacted in lieu thereof, to be known as sections 452.375, 452.377, 589.660, 589.663, 589.664, 589.666, 589.669, 589.672, and 589.678, to read as follows:

452.375. CUSTODY — DEFINITIONS — FACTORS DETERMINING CUSTODY — PROHIBITED, WHEN — PUBLIC POLICY OF STATE — CUSTODY OPTIONS — FINDINGS REQUIRED, WHEN — PARENT PLAN REQUIRED — ACCESS TO RECORDS — JOINT CUSTODY NOT TO PRECLUDE CHILD SUPPORT — SUPPORT, HOW DETERMINED — DOMESTIC VIOLENCE OR ABUSE, SPECIFIC FINDINGS. — 1. As used in this chapter, unless the context clearly indicates otherwise:

(1) "Custody" means joint legal custody, sole legal custody, joint physical custody or sole physical custody or any combination thereof;

(2) "Joint legal custody" means that the parents share the decision-making rights, responsibilities, and authority relating to the health, education and welfare of the child, and, unless allocated, apportioned, or decreed, the parents shall confer with one another in the exercise of decision-making rights, responsibilities, and authority;

(3) "Joint physical custody" means an order awarding each of the parents significant, but not necessarily equal, periods of time during which a child resides with or is under the care and supervision of each of the parents. Joint physical custody shall be shared by the parents in such a way as to assure the child of frequent, continuing and meaningful contact with both parents;

(4) "Third-party custody" means a third party designated as a legal and physical custodian pursuant to subdivision (5) of subsection 5 of this section.

2. The court shall determine custody in accordance with the best interests of the child. When the parties have not reached an agreement on all issues related to custody, the court shall consider

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

all relevant factors and enter written findings of fact and conclusions of law, including, but not limited to, the following:

- (1) The wishes of the child's parents as to custody and the proposed parenting plan submitted by both parties;
- (2) The needs of the child for a frequent, continuing and meaningful relationship with both parents and the ability and willingness of parents to actively perform their functions as mother and father for the needs of the child;
- (3) The interaction and interrelationship of the child with parents, siblings, and any other person who may significantly affect the child's best interests;
- (4) Which parent is more likely to allow the child frequent, continuing and meaningful contact with the other parent;
- (5) The child's adjustment to the child's home, school, and community;
- (6) The mental and physical health of all individuals involved, including any history of abuse of any individuals involved. If the court finds that a pattern of domestic violence as defined in section 455.010 has occurred, and, if the court also finds that awarding custody to the abusive parent is in the best interest of the child, then the court shall enter written findings of fact and conclusions of law. Custody and visitation rights shall be ordered in a manner that best protects the child and any other child or children for whom the parent has custodial or visitation rights, and the parent or other family or household member who is the victim of domestic violence from any further harm;
- (7) The intention of either parent to relocate the principal residence of the child; and
- (8) The wishes of a child as to the child's custodian. The fact that a parent sends his or her child or children to a home school, as defined in section 167.031, shall not be the sole factor that a court considers in determining custody of such child or children.

3. (1) In any court proceedings relating to custody of a child, the court shall not award custody or unsupervised visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any of the following offenses when a child was the victim:

- (a) A felony violation of section 566.030, 566.032, 566.031, 566.060, 566.062, 566.064, 566.067, 566.068, 566.061, 566.083, 566.101, 566.100, 566.111, 566.151, 566.203, 566.206, 566.209, 566.211, or 566.215;
- (b) A violation of section 568.020;
- (c) A violation of subdivision (2) of subsection 1 of section 568.060;
- (d) A violation of section 568.065;
- (e) A violation of section 573.200;
- (f) A violation of section 573.205; or
- (g) A violation of section 568.175.

(2) For all other violations of offenses in chapters 566 and 568 not specifically listed in subdivision (1) of this subsection or for a violation of an offense committed in another state when a child is the victim that would be a violation of chapter 566 or 568 if committed in Missouri, the court may exercise its discretion in awarding custody or visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any such offense.

4. The general assembly finds and declares that it is the public policy of this state that frequent, continuing and meaningful contact with both parents after the parents have separated or dissolved their marriage is in the best interest of the child, except for cases where the court specifically finds that such contact is not in the best interest of the child, and that it is the public policy of this state

to encourage parents to participate in decisions affecting the health, education and welfare of their children, and to resolve disputes involving their children amicably through alternative dispute resolution. In order to effectuate these policies, the court shall determine the custody arrangement which will best assure both parents participate in such decisions and have frequent, continuing and meaningful contact with their children so long as it is in the best interests of the child.

5. Prior to awarding the appropriate custody arrangement in the best interest of the child, the court shall consider each of the following as follows:

(1) Joint physical and joint legal custody to both parents, which shall not be denied solely for the reason that one parent opposes a joint physical and joint legal custody award. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(2) Joint physical custody with one party granted sole legal custody. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(3) Joint legal custody with one party granted sole physical custody;

(4) Sole custody to either parent; or

(5) Third-party custody or visitation:

(a) When the court finds that each parent is unfit, unsuitable, or unable to be a custodian, or the welfare of the child requires, and it is in the best interests of the child, then custody, temporary custody or visitation may be awarded to any other person or persons deemed by the court to be suitable and able to provide an adequate and stable environment for the child. Before the court awards custody, temporary custody or visitation to a third person under this subdivision, the court shall make that person a party to the action;

(b) Under the provisions of this subsection, any person may petition the court to intervene as a party in interest at any time as provided by supreme court rule.

6. If the parties have not agreed to a custodial arrangement, or the court determines such arrangement is not in the best interest of the child, the court shall include a written finding in the judgment or order based on the public policy in subsection 4 of this section and each of the factors listed in subdivisions (1) to (8) of subsection 2 of this section detailing the specific relevant factors that made a particular arrangement in the best interest of the child. If a proposed custodial arrangement is rejected by the court, the court shall include a written finding in the judgment or order detailing the specific relevant factors resulting in the rejection of such arrangement.

7. Upon a finding by the court that either parent has refused to exchange information with the other parent, which shall include but not be limited to information concerning the health, education and welfare of the child, the court shall order the parent to comply immediately and to pay the prevailing party a sum equal to the prevailing party's cost associated with obtaining the requested information, which shall include but not be limited to reasonable attorney's fees and court costs.

8. As between the parents of a child, no preference may be given to either parent in the awarding of custody because of that parent's age, sex, or financial status, nor because of the age or sex of the child. The court shall not presume that a parent, solely because of his or her sex, is more qualified than the other parent to act as a joint or sole legal or physical custodian for the child.

9. Any judgment providing for custody shall include a specific written parenting plan setting forth the terms of such parenting plan arrangements specified in subsection 8 of section 452.310. Such plan may be a parenting plan submitted by the parties pursuant to section 452.310 or, in the absence thereof, a plan determined by the court, but in all cases, the custody plan approved and ordered by the court shall be in the court's discretion and shall be in the best interest of the child.

10. After August 28, 2016, every court order establishing or modifying custody or visitation shall include the following language: "In the event of noncompliance with this order, the aggrieved

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

Matter in bold-face type is proposed language.

party may file a verified motion for contempt. If custody, visitation, or third-party custody is denied or interfered with by a parent or third party without good cause, the aggrieved person may file a family access motion with the court stating the specific facts that constitute a violation of the custody provisions of the judgment of dissolution, legal separation, or judgment of paternity. The circuit clerk will provide the aggrieved party with an explanation of the procedures for filing a family access motion and a simple form for use in filing the family access motion. A family access motion does not require the assistance of legal counsel to prepare and file."

11. No court shall adopt any local rule, form, or practice requiring a standardized or default parenting plan for interim, temporary, or permanent orders or judgments. Notwithstanding any other provision to the contrary, a court may enter an interim order in a proceeding under this chapter, provided that the interim order shall not contain any provisions about child custody or a parenting schedule or plan without first providing the parties with notice and a hearing, unless the parties otherwise agree.

12. Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, both parents shall have access to records and information pertaining to a minor child including, but not limited to, medical, dental, and school records. If the parent without custody has been granted restricted or supervised visitation because the court has found that the parent with custody or any child has been the victim of domestic violence, as defined in section 455.010, by the parent without custody, the court may order that the reports and records made available pursuant to this subsection not include the address of the parent with custody or the child. **A court shall order that the reports and records made available under this subsection not include the address of the parent with custody if the parent with custody is a participant in the address confidentiality program under section 589.663.** Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, any judgment of dissolution or other applicable court order shall specifically allow both parents access to such records and reports.

13. Except as otherwise precluded by state or federal law, if any individual, professional, public or private institution or organization denies access or fails to provide or disclose any and all records and information, including, but not limited to, past and present dental, medical and school records pertaining to a minor child, to either parent upon the written request of such parent, the court shall, upon its finding that the individual, professional, public or private institution or organization denied such request without good cause, order that party to comply immediately with such request and to pay to the prevailing party all costs incurred, including, but not limited to, attorney's fees and court costs associated with obtaining the requested information.

14. An award of joint custody does not preclude an award of child support pursuant to section 452.340 and applicable supreme court rules. The court shall consider the factors contained in section 452.340 and applicable supreme court rules in determining an amount reasonable or necessary for the support of the child.

15. If the court finds that domestic violence or abuse as defined in section 455.010 has occurred, the court shall make specific findings of fact to show that the custody or visitation arrangement ordered by the court best protects the child and the parent or other family or household member who is the victim of domestic violence, as defined in section 455.010, and any other children for whom such parent has custodial or visitation rights from any further harm.

452.377. RELOCATION OF CHILD BY PARENT FOR MORE THAN NINETY DAYS, REQUIRED PROCEDURE — VIOLATION, EFFECT — NOTICE OF RELOCATION OF PARENT, REQUIRED PROCEDURE. — 1. For purposes of this section and section 452.375, "relocate" or "relocation"

Matter in bold-face type is proposed language.

means a change in the principal residence of a child for a period of ninety days or more, but does not include a temporary absence from the principal residence.

2. Notice of a proposed relocation of the residence of the child, or any party entitled to custody or visitation of the child, shall be given in writing by certified mail, return receipt requested, to any party with custody or visitation rights. Absent exigent circumstances as determined by a court with jurisdiction, written notice shall be provided at least sixty days in advance of the proposed relocation. The notice of the proposed relocation shall include the following information:

(1) The intended new residence, including the specific address and mailing address, if known, and if not known, the city;

(2) The home telephone number of the new residence, if known;

(3) The date of the intended move or proposed relocation;

(4) A brief statement of the specific reasons for the proposed relocation of a child, if applicable; and

(5) A proposal for a revised schedule of custody or visitation with the child, if applicable.

3. If a party seeking to relocate a child is a participant in the address confidentiality program under section 589.663, such party shall not be required to provide the information in subdivision (1) of subsection 2 of this section, but may be required to submit such information under seal to the court for in camera review. Prior to disclosure of this information, a court shall comply with the provisions of section 589.664.

4. A party required to give notice of a proposed relocation pursuant to subsection 2 of this section has a continuing duty to provide a change in or addition to the information required by this section as soon as such information becomes known.

~~[4-]~~ 5. In exceptional circumstances where the court makes a finding that the health or safety of any adult or child would be unreasonably placed at risk by the disclosure of the required identifying information concerning a proposed relocation of the child, the court may order that:

(1) The specific residence address and telephone number of the child, parent or person, and other identifying information shall not be disclosed in the pleadings, notice, other documents filed in the proceeding or the final order except for an in camera disclosure;

(2) The notice requirements provided by this section shall be waived to the extent necessary to protect the health or safety of a child or any adult; or

(3) Any other remedial action the court considers necessary to facilitate the legitimate needs of the parties and the best interest of the child.

~~[5-]~~ 6. The court shall consider a failure to provide notice of a proposed relocation of a child as:

(1) A factor in determining whether custody and visitation should be modified;

(2) A basis for ordering the return of the child if the relocation occurs without notice; and

(3) Sufficient cause to order the party seeking to relocate the child to pay reasonable expenses and attorneys fees incurred by the party objecting to the relocation.

~~[6-]~~ 7. If the parties agree to a revised schedule of custody and visitation for the child, which includes a parenting plan, they may submit the terms of such agreement to the court with a written affidavit signed by all parties with custody or visitation assenting to the terms of the agreement, and the court may order the revised parenting plan and applicable visitation schedule without a hearing.

~~[7-]~~ 8. The residence of the child may be relocated sixty days after providing notice, as required by this section, unless a parent files a motion seeking an order to prevent the relocation within thirty days after receipt of such notice. Such motion shall be accompanied by an affidavit setting forth the specific factual basis supporting a prohibition of the relocation. The person seeking relocation shall file a response to the motion within fourteen days, unless extended by the court for good cause, and include a counter-affidavit setting forth the facts in support of the relocation as well as a proposed revised parenting plan for the child.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

Matter in bold-face type is proposed language.

~~[8-]~~ **9.** If relocation of the child is proposed, a third party entitled by court order to legal custody of or visitation with a child and who is not a parent may file a cause of action to obtain a revised schedule of legal custody or visitation, but shall not prevent a relocation.

~~[9-]~~ **10.** The party seeking to relocate shall have the burden of proving that the proposed relocation is made in good faith and is in the best interest of the child.

~~[10-]~~ **11.** If relocation is permitted:

(1) The court shall order contact with the nonrelocating party including custody or visitation and telephone access sufficient to assure that the child has frequent, continuing and meaningful contact with the nonrelocating party unless the child's best interest warrants otherwise; and

(2) The court shall specify how the transportation costs will be allocated between the parties and adjust the child support, as appropriate, considering the costs of transportation.

~~[11-]~~ **12.** After August 28, 1998, every court order establishing or modifying custody or visitation shall include the following language:

"Absent exigent circumstances as determined by a court with jurisdiction, you, as a party to this action, are ordered to notify, in writing by certified mail, return receipt requested, and at least sixty days prior to the proposed relocation, each party to this action of any proposed relocation of the principal residence of the child, including the following information:

(1) The intended new residence, including the specific address and mailing address, if known, and if not known, the city;

(2) The home telephone number of the new residence, if known;

(3) The date of the intended move or proposed relocation;

(4) A brief statement of the specific reasons for the proposed relocation of the child; and

(5) A proposal for a revised schedule of custody or visitation with the child.

Your obligation to provide this information to each party continues as long as you or any other party by virtue of this order is entitled to custody of a child covered by this order. Your failure to obey the order of this court regarding the proposed relocation may result in further litigation to enforce such order, including contempt of court. In addition, your failure to notify a party of a relocation of the child may be considered in a proceeding to modify custody or visitation with the child. Reasonable costs and attorney fees may be assessed against you if you fail to give the required notice."

~~[12-]~~ **13.** **A participant in the address confidentiality program under section 589.663 shall not be required to provide a requesting party with the specific physical or mailing address of the child's proposed relocation destination, but in the event of an objection by a requesting party, a participant may be required to submit such information under seal to the court for in camera review. Prior to disclosure of this information, a court shall comply with the provisions of section 589.664.**

14. Violation of the provisions of this section or a court order under this section may be deemed a change of circumstance under section 452.410, allowing the court to modify the prior custody decree. In addition, the court may utilize any and all powers relating to contempt conferred on it by law or rule of the Missouri supreme court.

~~[13-]~~ **15.** Any party who objects in good faith to the relocation of a child's principal residence shall not be ordered to pay the costs and attorney's fees of the party seeking to relocate.

589.660. DEFINITIONS. — As used in sections 589.660 to 589.681, the following terms mean:

(1) "Address", a residential street address, school address, or work address of a person, as specified on the person's application to be a program participant;

163.191. STATE AID TO COMMUNITY COLLEGES — DEFINITIONS — DISTRIBUTION TO BE BASED ON RESOURCE ALLOCATION MODEL, ADJUSTMENT ANNUALLY, FACTORS INVOLVED — REPORT ON EFFECTIVENESS OF MODEL, DUE WHEN. — 1. As used in this section, the following terms shall mean:

(1) "Community college", an institution of higher education deriving financial resources from local, state, and federal sources, and providing postsecondary education primarily for persons above the twelfth grade age level, including courses in:

- (a) Liberal arts and sciences, including general education;
- (b) Occupational, vocational-technical; and
- (c) A variety of educational community services.

Community college course offerings **shall generally** lead to the granting of certificates, diplomas, or associate degrees, ~~but do not~~ **and may** include baccalaureate ~~or higher~~ degrees **only when authorized by the coordinating board for higher education in circumstances where the level of education required in a field for accreditation or licensure increases to the baccalaureate degree level or, in the case of applied bachelor's degrees, the level of education required for employment in a field increases to that level, and when doing so would not unnecessarily duplicate an existing program, collaboration with a university is not feasible or the approach is not a viable means of meeting the needs of students and employers, and the institution has the academic and financial capacity to offer the program in a high-quality manner. Quality for such baccalaureate degree programs shall be evaluated at least in part by the delivery of upper-level coursework or competencies, and defined by accreditation or compliance with the Higher Learning Commission standards for bachelor's degrees;**

(2) "Operating costs", all costs attributable to current operations, including all direct costs of instruction, instructors' and counselors' compensation, administrative costs, all normal operating costs and all similar noncapital expenditures during any year, excluding costs of construction of facilities and the purchase of equipment, furniture, and other capital items authorized and funded in accordance with subsection 6 of this section. Operating costs shall be computed in accordance with accounting methods and procedures to be specified by the department of higher education;

(3) "Year", from July first to June thirtieth of the following year.

2. Each year public community colleges in the aggregate shall be eligible to receive from state funds, if state funds are available and appropriated, an amount up to but not more than fifty percent of the state community colleges' planned operating costs as determined by the department of higher education. The department of higher education shall review all institutional budget requests and prepare appropriation recommendations annually for the community colleges under the

supervision of the department. The department's budget request shall include a recommended level of funding.

3. (1) Except as provided in subdivision (2) of this subsection, distribution of appropriated funds to community college districts shall be in accordance with the community college resource allocation model. This model shall be developed and revised as appropriate cooperatively by the community colleges and the department of higher education. The department of higher education shall recommend the model to the coordinating board for higher education for their approval. The core funding level for each community college shall initially be established at an amount agreed upon by the community colleges and the department of higher education. This amount will be adjusted annually for inflation, limited growth, and program improvements in accordance with the resource allocation model starting with fiscal year 1993.

(2) Unless the general assembly chooses to otherwise appropriate state funding, beginning in fiscal year 2016, at least ninety percent of any increase in core funding over the appropriated amount for the previous fiscal year shall be distributed in accordance with the achievement of performance-funding measures under section 173.1006.

4. The department of higher education shall be responsible for evaluating the effectiveness of the resource allocation model and shall submit a report to the governor, the joint committee on education, the speaker of the house of representatives and president pro tempore of the senate by October 31, 2019, and every four years thereafter.

5. The department of higher education shall request new and separate state aid funds for any new community college district for its first six years of operation. The request for the new district shall be based upon the same level of funding being provided to the existing districts, and should be sufficient to provide for the growth required to reach a mature enrollment level.

6. In addition to state funds received for operating purposes, each community college district shall be eligible to receive an annual appropriation, exclusive of any capital appropriations, for the cost of maintenance and repair of facilities and grounds, including surface parking areas, and purchases of equipment and furniture. Such funds shall not exceed in any year an amount equal to ten percent of the state appropriations, exclusive of any capital appropriations, to community college districts for operating purposes during the most recently completed fiscal year. The department of higher education may include in its annual appropriations request the necessary funds to implement the provisions of this subsection and when appropriated shall distribute the funds to each community college district as appropriated. The department of higher education appropriations request shall be for specific maintenance, repair, and equipment projects at specific community college districts, shall be in an amount of fifty percent of the cost of a given project as determined by the coordinating board and shall be only for projects which have been approved by the coordinating board through a process of application, evaluation, and approval as established by the coordinating board. The coordinating board, as part of its process of application, evaluation, and approval, shall require the community college district to provide proof that the fifty-percent share of funding to be defrayed by the district is either on hand or committed for maintenance, repair, and equipment projects. Only salaries or portions of salaries paid which are directly related to approved projects may be used as a part of the fifty-percent share of funding.

7. School districts offering two-year college courses pursuant to section 178.370 on October 31, 1961, shall receive state aid pursuant to subsection 2, subdivision (1) of subsection 3, and subsection 6 of this section if all scholastic standards established pursuant to sections 178.770 to 178.890 are met.

8. In order to make postsecondary educational opportunities available to Missouri residents who do not reside in an existing community college district, community colleges organized

pursuant to section 178.370 or sections 178.770 to 178.890 shall be authorized pursuant to the funding provisions of this section to offer courses and programs outside the community college district with prior approval by the coordinating board for higher education. The classes conducted outside the district shall be self-sustaining except that the coordinating board shall promulgate rules to reimburse selected out-of-district instruction only where prior need has been established in geographical areas designated by the coordinating board for higher education. Funding for such off-campus instruction shall be included in the appropriation recommendations, shall be determined by the general assembly and shall continue, within the amounts appropriated therefor, unless the general assembly disapproves the action by concurrent resolution.

9. When distributing state aid authorized for community colleges, the state treasurer may, in any year if requested by a community college, disregard the provision in section 30.180 requiring the state treasurer to convert the warrant requesting payment into a check or draft and wire transfer the amount to be distributed to the community college directly to the community college's designated deposit for credit to the community college's account.

172.280. AUTHORITY TO CONFER DEGREES — ONLY PUBLIC RESEARCH UNIVERSITY AND EXCLUSIVE GRANTOR OF CERTAIN DEGREES. — The curators shall have the authority to confer, by diploma, under their common seal, on any person whom they may judge worthy thereof, such degrees as are known to and usually granted by any college or university. **The University of Missouri is the state's only public research university and the exclusive grantor of research doctorates. As such, except as provided in section 175.040, the University of Missouri shall be the only state college or university that may offer doctor of philosophy degrees or first-professional degrees, including dentistry, law, medicine, optometry, pharmacy, and veterinary medicine.**

173.005. DEPARTMENT OF HIGHER EDUCATION CREATED — AGENCIES, DIVISIONS, TRANSFERRED TO DEPARTMENT — COORDINATING BOARD, APPOINTMENT QUALIFICATIONS, TERMS, COMPENSATION, DUTIES, ADVISORY COMMITTEE, MEMBERS. — 1. 2. The commission on higher education is abolished and all its powers, duties, personnel and property are transferred by type I transfer to the "Coordinating Board for Higher Education", which is hereby created, and the coordinating board shall be the head of the department. The coordinating board shall consist of nine members appointed by the governor with the advice and consent of the senate, and not more than five of its members shall be of the same political party. None of the members shall be engaged professionally as an educator or educational administrator with a public or private institution of higher education at the time appointed or during his term. Moreover, no person shall be appointed to the coordinating board who shall not be a citizen of the United States, and who shall not have been a resident of the state of Missouri two years next prior to appointment, and at least one but not more than two persons shall be appointed to said board from each congressional district. The term of service of a member of the coordinating board shall be six years and said members, while attending the meetings of the board, shall be reimbursed for their actual expenses. Notwithstanding any provision of law to the contrary, nothing in this section relating to a change in the composition and configuration of congressional districts in this state shall prohibit a member who is serving a term on August 28, 2011, from completing his or her term. The coordinating board may, in order to carry out the duties prescribed for it in subsections 1, 2, 3, 7,

and 8 of this section, employ such professional, clerical and research personnel as may be necessary to assist it in performing those duties, but this staff shall not, in any fiscal year, exceed twenty-five full-time equivalent employees regardless of the source of funding. In addition to all other powers, duties and functions transferred to it, the coordinating board for higher education shall have the following duties and responsibilities:

(1) The coordinating board for higher education ~~[shall have approval of]~~ **may approve, not approve, or provisionally approve** proposed new degree programs to be offered by the state institutions of higher education. **The coordinating board may authorize a degree program outside an institution's coordinating board-approved mission only when the coordinating board has received clear evidence that the institution proposing to offer the program:**

(a) **Made a good-faith effort to explore the feasibility of offering the program in collaboration with an institution the mission of which includes offering the program;**

(b) **Is contributing substantially to the goals in the coordinating board's coordinated plan for higher education;**

(c) **Has the existing capacity to ensure the program is delivered in a high-quality manner;**

(d) **Has demonstrated that the proposed program is needed;**

(e) **Has a clear plan to meet the articulated workforce need; and**

(f) **Such other factors deemed relevant by the coordinating board;**

(2) **The governing board of each public institution of higher education in the state shall have the power and authority to confer degrees in chiropractic, osteopathic medicine, and podiatry only in collaboration with the University of Missouri, provided that such collaborative agreements are approved by the governing board of each institution and that in these instances the University of Missouri will be the degree-granting institution. Should the University of Missouri decline to collaborate in the offering of such programs, any of these institutions may seek approval of the program through the coordinating board for higher education's comprehensive review process when doing so would not unnecessarily duplicate an existing program, collaboration is not feasible or a viable means of meeting the needs of students and employers, and the institution has the academic and financial capacity to offer the program in a high quality manner;**

(3) The coordinating board for higher education may promote and encourage the development of cooperative agreements between Missouri public four-year institutions of higher education which do not offer graduate degrees and Missouri public four-year institutions of higher education which do offer graduate degrees for the purpose of offering graduate degree programs on campuses of those public four-year institutions of higher education which do not otherwise offer graduate degrees. Such agreements shall identify the obligations and duties of the parties, including assignment of administrative responsibility. Any diploma awarded for graduate degrees under such a cooperative agreement shall include the names of both institutions inscribed thereon. Any cooperative agreement in place as of August 28, 2003, shall require no further approval from the coordinating board for higher education. Any costs incurred with respect to the administrative provisions of this subdivision may be paid from state funds allocated to the institution assigned the administrative authority for the program. The provisions of this subdivision shall not be construed to invalidate the provisions of subdivision (1) of this subsection;

~~[(3)]~~ (4) **In consultation with the heads of the institutions of higher education affected and against a background of carefully collected data on enrollment, physical facilities, manpower needs, and institutional missions, the coordinating board for higher education shall establish guidelines for appropriation requests by those institutions of higher education; however, other**

provisions of the Reorganization Act of 1974 notwithstanding, all funds shall be appropriated by the general assembly to the governing board of each public four-year institution of higher education which shall prepare expenditure budgets for the institution;

~~[(4)]~~ (5) No new state-supported senior colleges or residence centers shall be established except as provided by law and with approval of the coordinating board for higher education;

~~[(5)]~~ (6) The coordinating board for higher education shall establish admission guidelines consistent with institutional missions;

~~[(6)]~~ (7) The coordinating board for higher education shall require all public two-year and four-year higher education institutions to replicate best practices in remediation identified by the coordinating board and institutions from research undertaken by regional educational laboratories, higher education research organizations, and similar organizations with expertise in the subject, and identify and reduce methods that have been found to be ineffective in preparing or retaining students or that delay students from enrollment in college-level courses;

~~[(7)]~~ (8) The coordinating board shall establish policies and procedures for institutional decisions relating to the residence status of students;

~~[(8)]~~ (9) The coordinating board shall establish guidelines to promote and facilitate the transfer of students between institutions of higher education within the state and, with the assistance of the committee on transfer and articulation, shall require all public two-year and four-year higher education institutions to create by July 1, 2014, a statewide core transfer library of at least twenty-five lower division courses across all institutions that are transferable among all public higher education institutions. The coordinating board shall establish policies and procedures to ensure such courses are accepted in transfer among public institutions and treated as equivalent to similar courses at the receiving institutions. The coordinating board shall develop a policy to foster reverse transfer for any student who has accumulated enough hours in combination with at least one public higher education institution in Missouri that offers an associate degree and one public four-year higher education institution in the prescribed courses sufficient to meet the public higher education institution's requirements to be awarded an associate degree. The department of elementary and secondary education shall maintain the alignment of the assessments found in section 160.518 and successor assessments with the competencies previously established under this subdivision for entry-level collegiate courses in English, mathematics, foreign language, sciences, and social sciences associated with an institution's general education core;

~~[(9)]~~ (10) The coordinating board shall collect the necessary information and develop comparable data for all institutions of higher education in the state. The coordinating board shall use this information to delineate the areas of competence of each of these institutions and for any other purposes deemed appropriate by the coordinating board;

~~[(10)]~~ (11) Compliance with requests from the coordinating board for institutional information and the other powers, duties and responsibilities, herein assigned to the coordinating board, shall be a prerequisite to the receipt of any funds which the coordinating board is responsible for administering;

~~[(11)]~~ (12) If any institution of higher education in this state, public or private, willfully fails or refuses to follow any lawful guideline, policy or procedure established or prescribed by the coordinating board, or knowingly deviates from any such guideline, or knowingly acts without coordinating board approval where such approval is required, or willfully fails to comply with any other lawful order of the coordinating board, the coordinating board may, after a public hearing, withhold or direct to be withheld from that institution any funds the disbursement of which is subject to the control of the coordinating board, or may remove the approval of the institution as an approved institution within the meaning of section 173.1102. If any such public institution

willfully disregards board policy, the commissioner of higher education may order such institution to remit a fine in an amount not to exceed one percent of the institution's current fiscal year state operating appropriation to the board. The board shall hold such funds until such time that the institution, as determined by the commissioner of higher education, corrects the violation, at which time the board shall refund such amount to the institution. If the commissioner determines that the institution has not redressed the violation within one year, the fine amount shall be deposited into the general revenue fund, unless the institution appeals such decision to the full coordinating board, which shall have the authority to make a binding and final decision, by means of a majority vote, regarding the matter. However, nothing in this section shall prevent any institution of higher education in this state from presenting additional budget requests or from explaining or further clarifying its budget requests to the governor or the general assembly;

~~[(12)]~~ **(13)** In recognition of institutions that meet the requirements of subdivision (2), (3), or (4) of subsection 1 of section 173.616, are established by name as an educational institution in Missouri, and are authorized to operate programs beyond secondary education for purposes of authorization under 34 CFR 600.9, the coordinating board for higher education shall maintain and publish on its website a list of such postsecondary educational institutions; and

~~[(13)]~~ **(14)** (a) As used in this subdivision, the term "out-of-state public institution of higher education" shall mean an education institution located outside of Missouri that:

- a. Is controlled or administered directly by a public agency or political subdivision or is classified as a public institution by the state;
- b. Receives appropriations for operating expenses directly or indirectly from a state other than Missouri;
- c. Provides a postsecondary course of instruction at least six months in length leading to or directly creditable toward a degree or certificate;
- d. Meets the standards for accreditation by an accrediting body recognized by the United States Department of Education or any successor agency; and
- e. Permits faculty members to select textbooks without influence or pressure by any religious or sectarian source.

(b) No later than July 1, 2008, the coordinating board shall promulgate rules regarding:

a. The board's approval process of proposed new degree programs and course offerings by any out-of-state public institution of higher education seeking to offer degree programs or course work within the state of Missouri; and

b. The board's approval process of degree programs and courses offered by any out-of-state public institutions of higher education that, prior to July 1, 2008, were approved by the board to operate a school in compliance with the provisions of sections 173.600 to 173.618. The rules shall ensure that, as of July 1, 2008, all out-of-state public institutions seeking to offer degrees and courses within the state of Missouri are evaluated in a manner similar to Missouri public higher education institutions. Such out-of-state public institutions shall be held to standards no lower than the standards established by the coordinating board for program approval and the policy guidelines of the coordinating board for data collection, cooperation, and resolution of disputes between Missouri institutions of higher education under this section. Any such out-of-state public institutions of higher education wishing to continue operating within this state must be approved by the board under the rules promulgated under this subdivision. The coordinating board may charge and collect fees from out-of-state public institutions to cover the costs of reviewing and assuring the quality of programs offered by out-of-state public institutions. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of

chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

(c) Nothing in this subdivision or in section 173.616 shall be construed or interpreted so that students attending an out-of-state public institution are considered to be attending a Missouri public institution of higher education for purposes of obtaining student financial assistance.

3. The coordinating board shall meet at least four times annually with an advisory committee who shall be notified in advance of such meetings. The coordinating board shall have exclusive voting privileges. The advisory committee shall consist of thirty-two members, who shall be the president or other chief administrative officer of the University of Missouri; the chancellor of each campus of the University of Missouri; the president of each state-supported four-year college or university, including Harris-Stowe State University, Missouri Southern State University, Missouri Western State University, and Lincoln University; the president of State Technical College of Missouri; the president or chancellor of each public community college district; and representatives of each of five accredited private institutions selected biennially, under the supervision of the coordinating board, by the presidents of all of the state's privately supported institutions; but always to include at least one representative from one privately supported community college, one privately supported four-year college, and one privately supported university. The conferences shall enable the committee to advise the coordinating board of the views of the institutions on matters within the purview of the coordinating board.

The purpose of this section is to promote general welfare by establishing guidelines for the regulation of occupations and professions not regulated prior to January 1, 2019, and guidelines for combining any additional occupations or professions under a single license regulated by the state prior to January 1, 2019.

2. For purposes of this section, the following terms mean:

(1) "Applicant group", any occupational or professional group or organization, any individual, or any other interested party that seeks to be licensed or further regulated or supports any bill that proposes to combine any additional occupations or professions under a single license regulated by the state prior to January 1, 2019;

(2) "Certification", a program in which the government grants nontransferable recognition to an individual who meets personal qualifications established by a regulatory entity. Upon approval, the individual may use "certified" as a designated title. This term shall not be synonymous with an occupational license;

(4) "Director", the director of the division of professional registration;

(8) "Least restrictive type of occupational regulation", the regulation that is least restrictive, in which the following list of regulations in order from least to most restrictive is used to make such determination:

(a) Bonding or insurance;

(b) Registration;

(c) Certification;

(d) Occupational license;

(9) "Occupational license", a nontransferable authorization in law for an individual to perform a lawful occupation for compensation based on meeting personal qualifications established by a regulatory entity and that, if not possessed, prohibits the individual from performing the occupation for compensation;

3. All individuals may engage in the occupation of their choice, free from unreasonable government regulation. If such an interest exists, the regulation adopted by the state shall be the least restrictive type of occupational regulation consistent with the public interest to be protected.

- (1) If the threat to the general welfare resulting from the practitioner's services is easily predictable, the regulation shall implement a system of insurance, bonding, or registration;

6. After January 1, 2019, any relevant regulatory entity shall report, and the department shall make available to the general assembly, upon the filing of a bill that proposes additional regulation of a profession or occupation currently regulated by the regulatory entity, the following factors to the department:

(6) The extent to which expansion of regulation of the profession or occupation would increase or decrease the availability of services to the public;

(7) The extent to which existing legal remedies are inadequate to prevent or redress the kinds of harm potentially resulting from the lack of the requirements outlined in the bill;

(8) Why bonding and insurance, registration, certification, occupational license to practice, or another type of regulation is being proposed, why that regulatory alternative was chosen, and whether the proposed method of regulation is appropriate;

(8) Drugs and medicines when prescribed by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

~~[(10)]~~ (11) Home health care services;

~~[(11)]~~ (12) Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in the physician's professional judgment, the life of the mother would be endangered if the fetus were carried to term;

~~[(14)]~~ **(15)** Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the average statewide charge for care and treatment in an intermediate care facility for a comparable period of time. Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198 shall be authorized on a tier level based on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who qualifies for assistance under section 208.030 and meets the level of care required in this section shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if he or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(c) Rehabilitative mental health and alcohol and drug abuse services including home and community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health or alcohol and drug abuse professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management. As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

~~[(16)]~~ **(17)** Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

~~[(21)]~~ **(22)** Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

~~[(23)]~~ **(24)** Blood clotting products-related services. For persons diagnosed with a bleeding disorder, as defined in section 338.400, reliant on blood clotting products, as defined in section 338.400, such services include:

(a) Home delivery of blood clotting products and ancillary infusion equipment and supplies, including the emergency deliveries of the product when medically necessary;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the blood clotting products; and

(c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home health care agency trained in bleeding disorders when deemed necessary by the participant's treating physician;

~~[(24)]~~ **(25)** The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Dental services;

(2) Services of podiatrists as defined in section 330.010;

(3) Optometric services as described in section 336.010;

and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions [(14)] **(15)** and [(15)] **(16)** of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments,

the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

11. Any income earned by individuals eligible for certified extended employment at a sheltered workshop under chapter 178 shall not be considered as income for purposes of determining eligibility under this section.

12. If the Missouri Medicaid audit and compliance unit changes any interpretation or application of the requirements for reimbursement for MO HealthNet services from the interpretation or application that has been applied previously by the state in any audit of a MO HealthNet provider, the Missouri Medicaid audit and compliance unit shall notify all affected MO HealthNet providers five business days before such change shall take effect. Failure of the Missouri Medicaid audit and compliance unit to notify a provider of such change shall entitle the provider to continue to receive and retain reimbursement until such notification is provided and shall waive any liability of such provider for recoupment or other loss of any payments previously made prior to the five business days after such notice has been sent. Each provider shall provide the Missouri Medicaid audit and compliance unit a valid email address and shall agree to receive communications electronically. The notification required under this section shall be delivered in writing by the United States Postal Service or electronic mail to each provider.

13. Nothing in this section shall be construed to abrogate or limit the department's statutory requirement to promulgate rules under chapter 536.

14. Beginning July 1, 2016, and subject to appropriations, providers of behavioral, social, and psychophysiological services for the prevention, treatment, or management of physical health problems shall be reimbursed utilizing the behavior assessment and intervention reimbursement

The state shall not enter into a contingency fee contract with a private attorney unless the attorney general makes a written determination prior to entering into such a contract that contingency fee representation is both cost effective and in the public interest. 2. If the attorney general makes the determination described in subsection 1 of this section, the attorney general shall request written proposals from private attorneys to represent the state, unless the attorney general determines that requesting proposals is not feasible under the circumstances and sets forth the basis for this determination in writing. If a request for proposals is issued, the attorney general shall choose the lowest and best bid or request **that** the office of administration establish an independent panel to evaluate the proposals and choose the lowest and best bid.

3. The state shall not enter into a contract for contingency fee attorney services unless the following requirements are met throughout the contract period and any extensions to the contract:

5. Any payment of contingency fees shall be posted on the attorney general's website within fifteen days after the payment of such contingency fees to the private attorney and shall remain posted on the website for at least three hundred sixty-five days.

6. (4) Two percent of that portion of any amount recovered that is more than twenty million dollars.

8. **The total fee payable to all retained private attorneys in any matter that is the subject of a contingency fee contract shall not exceed ten million dollars, exclusive of any costs and expenses provided by the contract and actually incurred by the retained private attorneys, regardless of the number of actions or proceedings or the number of retained private attorneys involved in the matter.**

507.060. PERSONS HAVING CLAIMS AGAINST PLAINTIFF OR PLAINTIFF'S INSURED MAY BE JOINED AS DEFENDANTS AND REQUIRED TO INTERPLEAD, WHEN — LIMITATION ON LIABILITY, WHEN — DISMISSAL NOT REQUIRED, WHEN. — 1. Persons having claims against the plaintiff or plaintiff's insured may be joined as defendants and required to interplead when their claims are such that the plaintiff is or may be exposed to ~~[double or]~~ multiple liability, **including multiple claims against the same insurance coverage**. It is not ground for objection to the joinder that the claims of the several claimants or the titles on which their claims depend do not have a common origin or are not identical but are adverse to and independent of one another, or that the plaintiff avers that he is not liable in whole or in part to any or all of the claimants. A defendant exposed to similar liability may obtain such interpleader by way of cross-claim or counterclaim. The provisions of this section supplement and do not in any way limit the joinder of parties permitted in section 507.040.

2. For purposes of this subsections 2 to 5 of this section, the term "plaintiff" means the insurer, or any entity which is subject to sections 537.700 to 537.756 or which provides risk management services to any public or private entity, of an insured person or entity subject to more than one claim arising out of any one incident or occurrence, but only when such claims total an amount in excess of the plaintiff's total limits of coverage available for that one incident or occurrence.

3. For purposes of this subsections 2 to 5 of this section, the term "claim" means all actual or potential claims against a plaintiff or plaintiff's insured arising from the one incident or occurrence referred to in subsection 2 of this section.

4. If, within ninety days after receiving the first offer of settlement or demand for payment by a claimant, a plaintiff files an action for interpleader under this section and the plaintiff timely deposits all of its applicable limits of coverage into court within thirty days of the court's order granting interpleader, the plaintiff shall not be liable to any insured or defendant for any amount in excess of the plaintiff's contractual limits of coverage in the interpleader or any other action, so long as the plaintiff defends all of its insureds in good faith from any claims or lawsuits for damages allegedly caused by the incident or occurrence for which the limits of coverage were paid into court, even after depositing its limits of coverage into court notwithstanding any policy provision releasing the plaintiff of its duty to

defend any of the insureds. Any insured's refusal of the plaintiff's good faith defense shall not affect the plaintiff's rights under this section.

5. Nothing in this section shall require a release or dismissal of any claim for damages against any insured person or entity upon interpleader by an insurer of that person or entity.

6. Nothing in this section shall be construed, expressly or by implication, to amend, modify, or abrogate any insured's right to consent or control the defense or settlement of any claim as may be provided in any insurance contract.

and/or internet methods of communication. Any student under the age of twenty-one in grades kindergarten through twelve who resides in this state shall be eligible to enroll in the ~~[virtual public school regardless of the student's physical location]~~ **Missouri course access and virtual school program pursuant to subsection 3 of this section.**

2. For purposes of calculation and distribution of state school aid, students enrolled in ~~[a virtual public school]~~ **the Missouri course access and virtual school program** shall be included~~[- at the choice of the student's parent or guardian,]~~ in the student enrollment of the school district in which the student physically ~~[resides]~~ **is enrolled under subsection 3 of this section.** The ~~[virtual public school]~~ **Missouri course access and virtual school program** shall report to the district of residence the following information about each student served by the ~~[virtual public school]~~ **Missouri course access and virtual school program:** name, address, eligibility for free or reduced-price lunch, limited English proficiency status, special education needs, and the number of courses in which the student is enrolled. The ~~[virtual public school]~~ **Missouri course access and virtual school program** shall promptly notify the resident district when a student discontinues enrollment. A "full-time equivalent student" is a student who successfully has completed the instructional equivalent of six credits per regular term. Each ~~[virtual]~~ **Missouri course access and virtual school program** course shall count as one class and shall generate that portion of a full-time equivalent that a comparable course offered by the school district would generate. In no case shall more than the full-time equivalency of a regular term of attendance for a single student be used to claim state aid. Full-time equivalent student credit completed shall be reported to the department of elementary and secondary education in the manner prescribed by the department. Nothing in this section shall prohibit students from enrolling in additional courses under a separate agreement that includes terms for paying tuition or course fees.

3. ~~[When a school district has one or more resident students enrolled in a virtual public school program authorized by this section, whose parent or guardian has chosen to include such student in the district's enrollment, the department of elementary and secondary education shall disburse an amount corresponding to fifteen percent of the state aid under sections 163.031 and 163.043 attributable to such student to the resident district. Subject to an annual appropriation by the general assembly, the department shall disburse an amount corresponding to eighty five percent of the state adequacy target attributable to such student to the virtual public school.]~~

~~4-]~~ (1) A school district or charter school shall allow any eligible student who resides in such district to enroll in Missouri course access and virtual school program courses of his or her choice as a part of the student's annual course load each school year or a full-time virtual school option, with any costs associated with such course or courses to be paid by the school district or charter school if:

(a) The student is enrolled full-time in and has attended, for at least one semester immediately prior to enrolling in the Missouri course access and virtual school program, a public school, including any charter school; except that, no student seeking to enroll in Missouri course access and virtual school program courses under this subdivision shall be required to have attended a public school during the previous semester if the student has a documented medical or psychological diagnosis or condition that prevented the student from attending a school in the community during the previous semester; and

(b) Prior to enrolling in any Missouri course access and virtual school program course, a student has received approval from his or her school district or charter school through the procedure described under subdivision (2) of this subsection.

(2) Each school district or charter school shall adopt a policy that delineates the process by which a student may enroll in courses provided by the Missouri course access and virtual

school program that is substantially similar to the typical process by which a district student would enroll in courses offered by the school district and a charter school student would enroll in courses offered by the charter school. The policy may include consultation with the school's counselor and may include parental notification or authorization. School counselors shall not be required to approve or disapprove a student's enrollment in the Missouri course access and virtual school program. If the school district or charter school disapproves a student's request to enroll in a course or courses provided by the Missouri course access and virtual school program, including full-time enrollment in courses provided by the Missouri course access and virtual school program, the reason shall be provided in writing and it shall be for "good cause". "Good cause" justification to disapprove a student's request for enrollment in a course shall be a determination that doing so is not in the best educational interest of the student. In cases of denial by the school district or charter school, local education agencies shall inform the student and the student's family of their right to appeal any enrollment denial in the Missouri course access and virtual school program to the local school district board or charter school governing body where the family shall be given an opportunity to present their reasons for their child or children to enroll in the Missouri course access and virtual school program in an official school board meeting. In addition, the school district or charter school administration shall provide its "good cause" justification for denial at a school board meeting or governing body meeting. Both the family and school administration shall also provide their reasons in writing to the members of the school board or governing body and the documents shall be entered into the official board minutes. The members of the board or governing body shall issue their decision in writing within thirty calendar days, and then an appeal may be made to the department of elementary and secondary education, which shall provide a final enrollment decision within seven calendar days.

(3) For students enrolled in any Missouri course access and virtual school program course in which costs associated with such course are to be paid by the school district or charter school as described under subdivision (1) of this subsection, the school district or charter school shall pay the content provider directly on a pro rata monthly basis based on a student's completion of assignments and assessments. If a student discontinues enrollment, the district or charter school may stop making monthly payments to the content provider. No school district or charter school shall pay, for any one course for a student, more than the market necessary costs but in no case shall pay more than fourteen percent of the state adequacy target, as defined under section 163.011, as calculated at the end of the most recent school year for any single, year-long course and no more than seven percent of the state adequacy target as described above for any single semester equivalent course. Payment for a full-time virtual school student shall not exceed the state adequacy target, unless the student receives additional federal or state aid. Nothing in this subdivision shall prohibit a school district or charter school from negotiating lower costs directly with course or full-time virtual school providers, particularly in cases where several students enroll in a single course or full-time virtual school.

(4) In the case of a student who is a candidate for A+ tuition reimbursement and taking a virtual course under this section, the school shall attribute no less than ninety-five percent attendance to any such student who has completed such virtual course.

(5) The Missouri course access and virtual school program shall ensure that individual learning plans designed by certified teachers and professional staff are developed for all

students enrolled in more than two full-time course access program courses or a full-time virtual school.

(6) The department shall monitor student success and engagement of students enrolled in their program and report the information to the school district or charter school. Providers and the department may make recommendations to the school district or charter school regarding the student's continued enrollment in the program. The school district or charter school shall consider the recommendations and evaluate the progress and success of enrolled students that are enrolled in any course or full-time virtual school offered under this section and may terminate or alter the course offering if it is found the course or full-time virtual school is not meeting the educational needs of the students enrolled in the course.

(7) School districts and charter schools shall monitor student progress and success, and course or full-time virtual school quality, and annually provide feedback to the department of elementary and secondary education regarding course quality.

(8) Pursuant to rules to be promulgated by the department of elementary and secondary education, when a student transfers into a school district or charter school, credits previously gained through successful passage of approved courses under the Missouri course access and virtual school program shall be accepted by the school district or charter school.

(9) Pursuant to rules to be promulgated by the department of elementary and secondary education, if a student transfers into a school district or charter school while enrolled in a Missouri course access and virtual school program course or full-time virtual school, the student shall continue to be enrolled in such course or school.

(10) Nothing in this section shall prohibit home school students, private school students, or students wishing to take additional courses beyond their regular course load from enrolling in Missouri course access and virtual school program courses under an agreement that includes terms for paying tuition or course fees.

(11) Nothing in this subsection shall require any school district, charter school, or the state to provide computers, equipment, or internet access to any student unless required by an eligible student with a disability to comply with federal law.

(12) The authorization process shall provide for continuous monitoring of approved providers and courses. The department shall revoke or suspend or take other corrective action regarding the authorization of any course or provider no longer meeting the requirements of the program. Unless immediate action is necessary, prior to revocation or suspension, the department shall notify the provider and give the provider a reasonable time period to take corrective action to avoid revocation or suspension. The process shall provide for periodic renewal of authorization no less frequently than once every three years.

(13) Courses approved as of August 28, 2018, by the department to participate in the Missouri virtual instruction program shall be automatically approved to participate in the Missouri course access and virtual school program, but shall be subject to periodic renewal.

(14) Any online course or virtual program offered by a school district or charter school, including those offered prior to August 28, 2018, which meets the requirements of section 162.1250 shall be automatically approved to participate in the Missouri course access and virtual school program. Such course or program shall be subject to periodic renewal. A school district or charter school offering such a course or virtual school program shall be deemed an approved provider.

4. School districts or charter schools shall inform parents of their child's right to participate in the program. Availability of the program shall be made clear in the parent

handbook, registration documents, and featured on the home page of the school district or charter school's website.

5. The department shall:

(1) Establish an authorization process for course or full-time virtual school providers that includes multiple opportunities for submission each year;

(2) Pursuant to the time line established by the department, authorize course or full-time virtual school providers that:

(a) Submit all necessary information pursuant to the requirements of the process; and

(b) Meet the criteria described in subdivision (3) of this subsection;

(3) Review, pursuant to the authorization process, proposals from providers to provide a comprehensive, full-time equivalent course of study for students through the Missouri course access and virtual school program. The department shall ensure that these comprehensive courses of study align to state academic standards and that there is consistency and compatibility in the curriculum used by all providers from one grade level to the next grade level;

(4) Within thirty days of any denial, provide a written explanation to any course or full-time virtual school providers that are denied authorization.

6. If a course or full-time virtual school provider is denied authorization, the course provider may reapply at any point in the future.

7. The department shall publish the process established under this section, including any deadlines and any guidelines applicable to the submission and authorization process for course or full-time virtual school providers on its website.

8. If the department determines that there are insufficient funds available for evaluating and authorizing course or full-time virtual school providers, the department may charge applicant course or full-time virtual school providers a fee up to, but no greater than, the amount of the costs in order to ensure that evaluation occurs. The department shall establish and publish a fee schedule for purposes of this subsection.

9. Except as specified in this section and as may be specified by rule of the state board of education, the ~~virtual public school~~ **Missouri course access and virtual school program** shall comply with all state laws and regulations applicable to school districts, including but not limited to the Missouri school improvement program (MSIP), ~~adequate yearly progress (AYP),~~ annual performance report (APR), teacher certification, and curriculum standards.

~~5-]~~ 10. The department shall submit and publicly publish an annual report on the Missouri course access and virtual school program and the participation of entities to the governor, the chair and ranking member of the senate education committee, and the chair and ranking member of the house of representative elementary and secondary education committee. The report shall at a minimum include the following information:

(2) The number of authorized providers;

(3) The number of authorized courses and the number of students enrolled in each course;

(4) The number of courses available by subject and grade level;

(5) The number of students enrolled in courses broken down by subject and grade level;

(7) The costs per course;

(8) Evaluation of in-school course availability compared to course access availability to ensure gaps in course access are being addressed statewide.

11. The department shall be responsible for creating the Missouri course access and virtual school program catalog providing a listing of all courses authorized and available to students in the state, detailed information, including costs per course, about the courses to inform student enrollment decisions, and the ability for students to submit their course enrollments.

12. The state board of education through the rulemaking process and the department of elementary and secondary education in its policies and procedures shall ensure that multiple content providers and learning management systems are allowed, ensure digital content conforms to accessibility requirements, provide an easily accessible link for providers to submit courses or full-time virtual schools on the Missouri course access and virtual school program website, and allow any person, organization, or entity to submit courses or full-time virtual schools for approval. No content provider shall be allowed that is unwilling to accept payments in the amount and manner as described under subdivision (3) of subsection 3 of this section or does not meet performance or quality standards adopted by the state board of education.

[6.] 13. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void.

Districts shall determine a child is gifted only if the child meets the definition of gifted children as provided in section 162.675.

4. **Any district with a gifted education program approved under subsection 2 of this section shall have a policy, approved by the board of education of the district, that establishes a process that outlines the procedures and conditions under which parents or guardians may request a review of the decision that determined that their child did not qualify to receive services through the district's gifted education program.**

The total number of such pupils included in the district's or charter school's calculation of average daily attendance shall not exceed four percent of the total number

of pupils who are eligible for free and reduced price lunch between the ages of five and eighteen who are included in the district's or charter school's calculation of average daily attendance.

(2) If a pupil described under subdivision (1) of this subsection leaves an early childhood education program during the school year, a district or charter school shall be allowed to fill the vacant enrollment spot with another pupil between the ages of three and five who is eligible for free and reduced price lunch without affecting the district's or charter school's calculation of average daily attendance.

163.021. ELIGIBILITY FOR STATE AID, REQUIREMENTS — EVALUATION OF CORRELATION OF RATES AND ASSESSED VALUATION, REPORT, CALCULATION — FURTHER REQUIREMENTS — EXCEPTION — OPERATING LEVY LESS THAN PERFORMANCE LEVY, REQUIREMENTS. — 1. A school district shall receive state aid for its education program only if it:

(1) Provides for a minimum of one hundred seventy-four days and one thousand forty-four hours of actual pupil attendance in a term scheduled by the board pursuant to section 160.041 for each pupil or group of pupils, except that the board shall provide a minimum of one hundred seventy-four days and five hundred twenty-two hours of actual pupil attendance in a term for kindergarten pupils. If any school is dismissed because of inclement weather after school has been in session for three hours, that day shall count as a school day including afternoon session kindergarten students. When the aggregate hours lost in a term due to inclement weather decreases the total hours of the school term below the required minimum number of hours by more than twelve hours for all-day students or six hours for one-half-day kindergarten students, all such hours below the minimum must be made up in one-half day or full day additions to the term, except as provided in section 171.033. **In school year 2019-20 and subsequent years, one thousand forty-four hours of actual pupil attendance with no minimum number of school days shall**

be required for each pupil or group of pupils; except that, the board shall provide a minimum of five hundred twenty-two hours of actual pupil attendance in a term for kindergarten pupils with no minimum number of school days;

(2) Maintains adequate and accurate records of attendance, personnel and finances, as required by the state board of education, which shall include the preparation of a financial statement which shall be submitted to the state board of education the same as required by the provisions of section 165.111 for districts;

(4) Computes average daily attendance as defined in subdivision (2) of section 163.011 as modified by section 171.031. Whenever there has existed within the district an infectious disease, contagion, epidemic, plague or similar condition whereby the school attendance is substantially reduced for an extended period in any school year, the apportionment of school funds and all other distribution of school moneys shall be made on the basis of the school year next preceding the year in which such condition existed.

2. For the 2006-07 school year and thereafter, no school district shall receive more state aid, as calculated under subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, unless it has an operating levy for school purposes, as determined pursuant to section 163.011, of not less than two dollars and seventy-five cents after all adjustments and reductions. Any district which is required, pursuant to Article X, Section 22 of the Missouri Constitution, to reduce its operating levy below the minimum tax rate otherwise required under this subsection shall not be construed to be in violation of this subsection for making such tax rate reduction. Pursuant to Section 10(c) of Article X of the state constitution, a school district may levy the operating levy for school purposes required by this subsection less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution if such rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. Nothing in this section shall be construed to mean that a school district is guaranteed to receive an amount not less than the amount the school district received per eligible pupil for the school year 1990-91. The provisions of this subsection shall not apply to any school district located in a county of the second classification which has a nuclear power plant located in such district or to any school district located in a county of the third classification which has an electric power generation unit with a rated generating capacity of more than one hundred fifty megawatts which is owned or operated or both by a rural electric cooperative except that such school districts may levy for current school purposes and capital projects an operating levy not to exceed two dollars and seventy-five cents less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution.

3. No school district shall receive more state aid, as calculated in section 163.031, for its education program, exclusive of categorical add-ons, than it received per eligible pupil for the school year 1993-94, if the state board of education determines that the district was not in compliance in the preceding school year with the requirements of section 163.172, until such time as the board determines that the district is again in compliance with the requirements of section 163.172.

4. No school district shall receive state aid, pursuant to section 163.031, if such district was not in compliance, during the preceding school year, with the requirement, established pursuant to section 160.530 to allocate revenue to the professional development committee of the district.

5. No school district shall receive more state aid, as calculated in subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, if the district did not comply in the preceding school year with the requirements of subsection 5 of section 163.031.

6. Any school district that levies an operating levy for school purposes that is less than the performance levy, as such term is defined in section 163.011, shall provide written notice to the department of elementary and secondary education asserting that the district is providing an adequate education to the students of such district. If a school district asserts that it is not providing an adequate education to its students, such inadequacy shall be deemed to be a result of insufficient local effort. The provisions of this subsection shall not apply to any special district established under sections 162.815 to 162.940.

163.073. AID FOR PROGRAMS PROVIDED BY THE DIVISION OF YOUTH SERVICES — AMOUNT, HOW DETERMINED — PAYMENT BY DISTRICT OF DOMICILE OF THE CHILD, AMOUNT. — 1. When an education program, as approved under section 219.056, is provided for pupils by the division of youth services in one of the facilities operated by the division for children who have been assigned there by the courts, the division of youth services shall be entitled to state aid for pupils being educated by the division of youth services in an amount to be determined as follows: the total amount apportioned to the division of youth services shall be an amount equal to the average per weighted average daily attendance amount apportioned for the preceding school year under section 163.031, multiplied by the number of full-time equivalent students served by facilities operated by the division of youth services. The number of full-time equivalent students shall be determined by dividing by one hundred seventy-four days the number of student-days of education service provided by the division of youth services to elementary and secondary students who have been assigned to the division by the courts and who have been determined as inappropriate for attendance in a local public school. A student day shall mean one day of education services provided for one student. **In school year 2019-20 and subsequent years, the number of full-time equivalent students shall be the quotient of the number of student-hours of education service provided by the division of youth services to elementary and secondary students who have been assigned to the division by the courts, and who have been determined as inappropriate for attendance in a local public school, divided by one thousand forty-four hours. A student hour shall mean one hour of education services provided for one student.** In addition, other provisions of law notwithstanding, the division of youth services shall be entitled to funds under section 163.087. The number of full-time equivalent students as defined in this section shall be considered as "September membership" and as "average daily attendance" for the apportioning of funds under section 163.087.

2.
