67.309. UTILITY SERVICES, POLITICAL SUBDIVISIONS BARRED FROM PROHIBITING BASED ON TYPE OR SOURCE OF ENERGY. — **1. No political subdivision of this state, including any referenced in section 386.020, shall adopt an ordinance, resolution, regulation, code, or policy that prohibits, or has the effect of prohibiting, the connection or reconnection of a utility service based upon the type or source of energy to be delivered to an individual customer. Nothing in this section shall limit the ability of a political subdivision to choose utility services for properties owned by such political subdivision.**

91.025. DEFINITIONS — CONTINUATION OF EXISTING ELECTRICAL SERVICE — CHANGE OF SUPPLIER — COMMISSION JURISDICTION — NEW STRUCTURE BUILT, EFFECT OF. — 1. As used in this section, the following terms mean:

(1) "Municipally owned or operated electric power system", a system for the distribution of electrical power and energy to the inhabitants of a municipality which is owned and operated by the municipality itself, whether operated under authority pursuant to this chapter or under a charter form of government;

(2) "Permanent service", electrical service provided through facilities which have been permanently installed on a structure and which are designed to provide electric service for the structure's anticipated needs for the indefinite future, as contrasted with facilities installed temporarily to provide electrical service during construction. Service provided temporarily shall be at the risk of the electrical supplier and shall not be determinative of the rights of the provider or recipient of permanent service;

(3) "Structure" or "structures", an agricultural, residential, commercial, industrial or other building or a mechanical installation, machinery or apparatus at which retail electric energy is being delivered through a metering device which is located on or adjacent to the structure and connected to the lines of an electrical corporation, rural electric cooperative, municipally owned or operated electric power system, or joint municipal utility commission. Such terms shall include any contiguous or adjacent additions to or expansions of a particular structure. Nothing in this section shall be construed to confer any right on an electric supplier to serve new structures on a particular tract of land because it was serving an existing structure on that tract.

2. Once a municipally owned or operated electrical system, or its predecessor in interest, lawfully commences supplying retail electric energy to a structure through permanent service facilities, it shall have the right to continue serving such structure, and other suppliers of electrical energy shall not have the right to provide service to the structure except as might be otherwise permitted in the context of municipal annexation, pursuant to section 386.800 or pursuant to a territorial agreement approved under

section 394.312. The public service commission, upon application made by a customer, may order a change of suppliers on the basis that it is in the public interest for a reason other than a rate differential, and the commission is hereby given jurisdiction over municipally owned or operated electric systems to accomplish the purpose of this section. The commission's jurisdiction under this section is limited to public interest determinations and excludes questions as to the lawfulness of the provision of service, such questions being reserved to courts of competent jurisdiction. Except as provided in this section, nothing in this section shall be construed as otherwise conferring upon the commission jurisdiction over the service, rates, financing, accounting or management of any such municipally owned or operated electrical system, and nothing in this section, section 393.106, and section 394.315 shall affect the rights, privileges or duties of any municipality to form or operate municipally owned or operated electrical systems. Nothing in this section shall be construed to make lawful any provision of service which was unlawful prior to July 11, 1991. Nothing in this section shall be construed to make unlawful the continued lawful provision of service to any structure which may have had a different supplier in the past, if such a change in supplier was lawful at the time it occurred.

3. Notwithstanding the provisions of this section, section 393.106, section 394.080, and section 394.315 to the contrary, in the event that a retail electric supplier is providing service to a structure located within a city, town, or village that has ceased to be a rural area, and such structure is demolished and replaced by a new structure, such retail electric supplier may provide permanent service to the new structure upon the request of the owner of the new structure.

137.123. WIND ENERGY PROPERTY, TRUE VALUE CALCULATION FOR ASSESSMENT PURPOSES — ORIGINAL COSTS, HOW DETERMINED — ENTERPRISE ZONE AGREEMENTS ALLOWED.— 1. Such value shall begin the year immediately following the year of construction of the property. The original costs shall reflect either:

(1) The actual and documented original property cost to the taxpayer, as shall be provided by the taxpayer to the assessor; or

(2) In the absence of actual and documented original property cost to the taxpayer, the estimated cost of the property by the assessor, using an authoritative cost guide.

2. Nothing in this section shall be construed to prohibit a project from engaging in enhanced enterprise zone agreements under sections 135.950 to 135.973 or similar tax abatement agreements with state or local officials or to affect any existing enhanced enterprise zone agreements.

153.030. BRIDGE AND PUBLIC UTILITY COMPANIES, HOW TAXED — ANNUAL REPORT — MICROWAVE RELAY STATIONS, APPORTIONMENT — TELEPHONE COMPANY, ONE-TIME ELECTION ON ASSESSMENT, EFFECT OF — WIND ENERGY PROJECT PROPERTY, HOW TAXED — CERTAIN GENERATION PROJECT PROPERTY, HOW TAXED.— 1. All bridges over streams dividing this state from any other state owned, used, leased or otherwise controlled by any person, corporation, railroad company or joint stock company, and all bridges across or over navigable streams within this state, where the charge is made for crossing the same, which are now constructed, which are in the course of construction, or which shall hereafter be constructed, and all property, real and tangible personal, owned, used, leased or otherwise controlled by telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies and express companies shall be subject to taxation for state, county, municipal and other local purposes to the same extent as the property of private persons.

2. And taxes levied thereon shall be levied and collected in the manner as is now or may hereafter be provided by law for the taxation of railroad property in this state, and county commissions, county boards of equalization and the state tax commission are hereby required to perform the same duties and are given the same powers, including punitive powers, in assessing, equalizing and adjusting the taxes on the property set forth in this section as the county commissions and boards of equalization and state tax commission have or may hereafter be empowered with, in assessing, equalizing, and adjusting the taxes on railroad property; and an authorized officer of any such bridge, telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies, or express company or the owner of any such toll bridge, is hereby required to render reports of the property of such bridge, telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies, or express companies in like manner as the authorized officer of the railroad company is now or may hereafter be required to render for the taxation of railroad property.

3. On or before the fifteenth day of April in the year 1946 and each year thereafter an authorized officer of each such company shall furnish the state tax commission and county clerks a report, duly subscribed and sworn to by such authorized officer, which is like in nature and purpose to the reports required of railroads under chapter 151 showing the full amount of all real and tangible personal property owned, used, leased or otherwise controlled by each such company on January first of the year in which the report is due.

4. If any telephone company assessed pursuant to chapter 153 has a microwave relay station or stations in a county in which it has no wire mileage but has wire mileage in another county, then, for purposes of apportioning the assessed value of the distributable property of such companies, the straight line distance between such microwave relay stations shall constitute miles of wire. In the event that any public utility company assessed pursuant to this chapter has no distributable property which physically traverses the counties in which it operates, then the assessed value of the distributable property of such company shall be apportioned to the physical location of the distributable property.

5. (1) Notwithstanding any provision of law to the contrary, beginning January 1, 2019, a telephone company shall make a one-time election within the tax year to be assessed:

(a) Using the methodology for property tax purposes as provided under this section; or

(b) Using the methodology for property tax purposes as provided under this section for property consisting of land and buildings and be assessed for all other property exclusively using the methodology utilized under section 137.122.

If a telephone company begins operations, including a merger of multiple telephone companies, after August 28, 2018, it shall make its one-time election to be assessed using the methodology for property tax purposes as described under paragraph (b) of subdivision (1) of this subsection within the year in which the telephone company begins its operations. A telephone company that fails to make a timely election shall be deemed to have elected to be assessed using the methodology for property tax purposes as provided under subsections 1 to 4 of this section.

(2) The provisions of this subsection shall not be construed to change the original assessment jurisdiction of the state tax commission.

(3) Nothing in subdivision (1) of this subsection shall be construed as applying to any other utility.

(4) (a) The provisions of this subdivision shall ensure that school districts may avoid any fiscal impact as a result of a telephone company being assessed under the provisions of paragraph (b) of subdivision (1) of this subsection. If a school district's current operating levy is below the greater of its most recent voter-approved tax rate or the most recent voter-approved tax rate as adjusted under subdivision (2) of subsection 5 of section 137.073, it shall comply with section 137.073.

(b) Beginning January 1, 2019, any school district currently operating at a tax rate equal to the greater of the most recent voter-approved tax rate or the most recent voter-approved tax rate as adjusted under subdivision (2) of subsection 5 of section 137.073 that receives less tax revenue from a specific

telephone company under this subsection, on or before January thirty-first of the year following the tax year in which the school district received less revenue from a specific telephone company, may by resolution of the school board impose a fee, as determined under this subsection, in order to obtain such revenue. The resolution shall include all facts that support the imposition of the fee. If the school district receives voter approval to raise its tax rate, the district shall no longer impose the fee authorized in this paragraph.

(c) Any fee imposed under paragraph (b) of this subdivision shall be determined by taking the difference between the tax revenue the telephone company paid in the tax year in question and the tax revenue the telephone company would have paid in such year had it not made an election under subdivision (1) of this subsection, which shall be calculated by taking the telephone company valuations in the tax year in question, as determined by the state tax commission under paragraph (d) of this subdivision, and applying such valuations to the apportionment process in subsection 2 of section 151.150. The school district shall issue a billing, as provided in this subdivision, to any such telephone company. A telephone company shall have forty-five days after receipt of a billing to remit its payment of its portion of the fees to the school district. Notwithstanding any other provision of law, the issuance or receipt of such fee shall not be used:

- a. In determining the amount of state aid that a school district receives under section 163.031;
- b. In determining the amount that may be collected under a property tax levy by such district; or
- c. For any other purpose.

For the purposes of accounting, a telephone company that issues a payment to a school district under this subsection shall treat such payment as a tax.

(d) When establishing the valuation of a telephone company assessed under paragraph (b) of subdivision (1) of this subsection, the state tax commission shall also determine the difference between the assessed value of a telephone company if:

- a. Assessed under paragraph (b) of subdivision (1) of this subsection; and
- b. Assessed exclusively under subsections 1 to 4 of this section.

The state tax commission shall then apportion such amount to each county and provide such information to any school district making a request for such information.

(e) This subsection shall expire when no school district is eligible for a fee.

6. (1) If any public utility company assessed pursuant to this chapter has ownership of any real or personal property associated with a project which uses wind energy directly to generate electricity, such wind energy project property shall be valued and taxed by any local authorities having jurisdiction under the provisions of chapter 137 and other relevant provisions of the law.

(2) Notwithstanding any provision of law to the contrary, beginning January 1, 2020, for any public utility company assessed pursuant to this chapter which has a wind energy project, such wind energy project shall be assessed using the methodology for real and personal property as provided in this subsection:

(a) Any wind energy property of such company shall be assessed upon the county assessor's local tax rolls; **and**

(b) ~~Any property consisting of land and buildings related to the wind energy project shall be assessed under chapter 137; and~~

by any local authorities having jurisdiction under the provisions of chapter 137 and other relevant provisions of law.

(2) Notwithstanding any provision of law to the contrary, beginning January 1, 2022, for any public utility company assessed pursuant to this chapter which has ownership of any real or personal property associated with a generation project which was originally constructed utilizing financing authorized pursuant to chapter 100 for construction, upon the transfer of ownership of such property to the public utility company such property shall be assessed as follows:

(a) Any property associated with a generation project which was originally constructed utilizing financing authorized pursuant to chapter 100 for construction shall be assessed upon the county assessor's local tax rolls. The assessor shall rely on the public utility company for cost information of the generation portion of the property as found in the public utility company's Federal Energy Regulatory Commission Financial Report Form Number One at the time of transfer of ownership, and depreciate the costs provided in a manner similar to other commercial and industrial property.

(b) Any property consisting of land and buildings related to the generation property associated with a generation project which was originally constructed utilizing financing pursuant to chapter 100 for construction shall be assessed under chapter 137; and

(c) All other business or personal property related to a generation project which was originally constructed utilizing financing pursuant to chapter 100 for construction shall be assessed using the methodology provided under section 137.122.

Matter in bold-face type is proposed language.

5. In order to enable the commission to make the allocations and assessments herein provided for, each public utility subject to the jurisdiction of the commission as aforesaid shall file with the commission, within ten days after August 28, 1996, and thereafter on or before March thirty-first of each year, a statement under oath showing its gross intrastate operating revenues for the preceding calendar year, and if any public utility shall fail to file such statement within the time aforesaid the commission shall estimate such revenue which estimate shall be binding on such public utility for the purpose of this section.

386.800. MUNICIPALLY OWNED ELECTRICAL SUPPLIER, SERVICES OUTSIDE BOUNDARIES PROHIBITED, EXCEPTIONS — ANNEXATION — NEGOTIATIONS, TERRITORIAL AGREEMENTS, REGULATIONS, PROCEDURE — FAIR AND REASONABLE COMPENSATION DEFINED — ASSIGNMENT OF SOLE SERVICE TERRITORIES — COMMISSION JURISDICTION — RURAL ELECTRIC COOPERATIVES, SERVICE WITHIN MUNICIPALITY, WHEN. — 1. No municipally owned electric utility may provide electric energy at retail to any structure located outside the municipality's corporate boundaries after July 11, 1991, unless:

(1) The structure was lawfully receiving permanent service from the municipally owned electric utility prior to July 11, 1991; or

(2) The service is provided pursuant to an approved territorial agreement under section 394.312; **or**

(3) The service is provided pursuant to lawful municipal annexation and subject to the provisions of this section; or

(4) The structure is located in an area which was previously served by an electrical corporation regulated under chapter 386, and chapter 393, and the electrical corporation's authorized service territory was contiguous to or inclusive of the municipality's previous corporate boundaries, and the electrical corporation's ownership or operating rights within the area were acquired in total by the municipally owned electrical system prior to July 11, 1991. In the event that a municipally owned electric utility in a city with a population of more than one hundred twenty-five thousand located in a county of the first class not having a charter form of government and not adjacent to any other county of the first class desires to serve customers beyond the authorized service territory in an area which was previously served by an electrical corporation regulated under the provisions of chapter 386, and chapter 393, as provided in this subdivision, **in the absence of an approved territorial agreement under section 394.312, the municipally owned utility shall apply to the public service commission for an order assigning nonexclusive service territories and concurrently shall provide written notice of the application to other electric service suppliers with electric facilities located in or within one mile outside of the boundaries of the proposed expanded service territory.** The proposed service area shall be contiguous to the authorized service territory which was previously served by an electrical corporation regulated under the provisions of chapter 386, and chapter 393, as a condition precedent to the granting of the application. The commission shall have one hundred twenty days from the date of application to grant or deny the requested order. The commission **after a hearing** may grant the order upon a finding that granting of the applicant's request is not detrimental to the public interest. In granting the applicant's request the commission shall give due regard to territories previously granted to **or served by other electric service suppliers and the wasteful duplication of electric service facilities.**

2. Any municipally owned electric utility may extend, pursuant to lawful annexation, its electric service territory to include ~~any structure located within a newly annexed area which has not received permanent service from another supplier within ninety days prior to the effective date of the annexation~~ **areas where another electric supplier currently is not providing permanent service to a structure. If a rural electric cooperative has existing electric service facilities with adequate and necessary service capability located in or within one mile outside the boundaries of the area proposed to be annexed, a majority of the existing developers, landowners, or prospective electric customers in**

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

the area proposed to be annexed may, anytime within forty-five days prior to the effective date of the annexation, submit a written request to the governing body of the annexing municipality to invoke mandatory good faith negotiations under section 394.312 to determine which electric service supplier is best suited to serve all or portions of the newly annexed area. In such negotiations the following factors shall be considered, at a minimum:

- (1) The preference of landowners and prospective electric customers;
- (2) The rates, terms, and conditions of service of the electric service suppliers;
- (3) The economic impact on the electric service suppliers;
- (4) Each electric service supplier's operational ability to serve all or portions of the annexed area within three years of the date the annexation becomes effective;
- (5) Avoiding the wasteful duplication of electric facilities;
- (6) Minimizing unnecessary encumbrances on the property and landscape within the area to be annexed; and
- (7) Preventing the waste of materials and natural resources.

If the municipally owned electric utility and rural electric cooperative are unable to negotiate a territorial agreement pursuant to section 394.312 within forty-five days, then they may submit proposals to those submitting the original written request, whose preference shall control, section 394.080 to the contrary notwithstanding, and the governing body of the annexing municipality shall not reject the petition requesting annexation based on such preference. This subsection shall not apply to municipally-owned property in any newly annexed area.

3. In the event an electrical corporation rather than a municipally owned electric utility lawfully is providing electric service in the municipality, all the provisions of subsection 2 of this section shall apply equally as if the electrical corporation were a municipally owned electric utility, except that if the electrical corporation and the rural electric cooperative are unable to negotiate a territorial agreement pursuant to section 394.312 within forty-five days, then either electric service supplier may file an application with the commission for an order determining which electric service supplier should serve, in whole or in part, the area to be annexed. The application shall be made pursuant to the rules and regulations of the commission governing applications for certificates of public convenience and necessity. The commission after the opportunity for hearing shall make its determination after consideration of the factors set forth in subdivisions (1) through (7) of subsection 2 of this section, and section 394.080 to the contrary notwithstanding, may grant its order upon a finding that granting of the applicant's request is not detrimental to the public interest. The commission shall issue its decision by report and order no later than one hundred twenty days from the date of the application unless otherwise ordered by the commission for good cause shown. Review of such commission decisions shall be governed by sections 386.500 to 386.550. If the applicant is a rural electric cooperative, the commission shall charge to the rural electric cooperative the appropriate fees as set forth in subsection 9 of this section.

~~3.~~ 4. When a municipally owned electric utility desires to extend its service territory to include any structure located within a newly annexed area which has received permanent service from another **electric service** supplier within ninety days prior to the effective date of the annexation, it shall:

- (1) Notify by publication in a newspaper of general circulation the record owner of said structure, and notify in writing any affected electric **service** supplier and the public service commission, within sixty days after the effective date of the annexation its desire to extend its service territory to include said structure; and
- (2) Within six months after the effective date of the annexation receive the approval of the municipality's governing body to begin negotiations pursuant to section 394.312 with ~~any~~ **the** affected electric **service** supplier.

[4.] 5. Upon receiving approval from the municipality's governing body pursuant to subsection [3] 4 of this section, the municipally owned electric utility and the affected electric **service** supplier shall meet and negotiate in good faith the terms of the territorial agreement and any transfers or acquisitions, including, as an alternative, granting the affected electric **service** supplier a franchise or authority to continue providing service in the annexed area. In the event that the affected electric **service** supplier does not provide wholesale electric power to the municipality, if the affected electric **service** supplier so desires, the parties ~~[shall]~~ **may** also negotiate, consistent with applicable law, regulations and existing power supply agreements, for power contracts which would provide for the purchase of power by the municipality from the affected electric **service** supplier for an amount of power equivalent to the loss of any sales to customers receiving permanent service at structures within the annexed areas which are being sought by the municipally owned electric utility. The parties shall have no more than one hundred eighty days from the date of receiving approval from the municipality's governing body within which to conclude their negotiations and file their territorial agreement with the commission for approval under the provisions of section 394.312. The time period for negotiations allowed under this subsection may be extended for a period not to exceed one hundred eighty days by a mutual agreement of the parties and a written request with the public service commission.

[5.] 6. For purposes of this section, the term "fair and reasonable compensation" shall mean the following:

(1) The present-day reproduction cost, new, of the properties and facilities serving the annexed areas, less depreciation computed on a straight-line basis; and

(2) An amount equal to the reasonable and prudent cost of detaching the facilities in the annexed areas and the reasonable and prudent cost of constructing any necessary facilities to reintegrate the system of the affected electric **service** supplier outside the annexed area after detaching the portion to be transferred to the municipally owned electric utility; and

(3) ~~[Four]~~ **Two** hundred percent of gross revenues less gross receipts taxes received by the affected electric **service** supplier from the twelve-month period preceding the approval of the municipality's governing body under the provisions of subdivision (2) of subsection [3] 4 of this section, normalized to produce a representative usage from customers at the subject structures in the annexed area; and

(4) Any federal, state and local taxes which may be incurred as a result of the transaction, including the recapture of any deduction or credit; and

(5) Any other costs reasonably incurred by the affected electric supplier in connection with the transaction.

[6.] 7. In the event the parties are unable to reach an agreement under subsection [4] 5 of this section, within sixty days after the expiration of the time specified for negotiations, the municipally owned electric utility **or the affected electric service supplier** may apply to the commission for an order assigning exclusive service territories within the annexed area and a determination of the fair and reasonable compensation amount to be paid to the affected electric **service** supplier under subsection [5] 6 of this section. Applications shall be made and notice of such filing shall be given to all affected parties pursuant to the rules and regulations of the commission governing applications for certificates of public convenience and necessity. Unless otherwise ordered by the commission for good cause shown, the commission shall rule on such applications not later than one hundred twenty days after the application is properly filed with the secretary of the commission. The commission shall hold evidentiary hearings to assign service territory between **the** affected electric **service** suppliers inside the annexed area and to determine the amount of compensation due any affected electric **service** supplier for the transfer of plant, facilities or associated lost revenues between electric **service** suppliers in the annexed area. The commission shall make such determinations based on findings of what best serves the public interest and shall issue its decision by report and order. Review of such commission decisions shall be governed by sections 386.500 to 386.550. The payment of compensation and transfer of title

and operation of the facilities shall occur within ninety days after the order and any appeal therefrom becomes final unless the order provides otherwise.

[7-] **8.** In reaching its decision under subsection [6] 7 of this section, the commission shall consider the following factors:

(1) Whether the acquisition or transfers sought by the municipally owned electric utility within the annexed area from the affected electric **service** supplier are, in total, in the public interest, including **the preference of the owner of any affected structure**, consideration of rate disparities between the competing electric **service** suppliers, and issues of unjust rate discrimination among customers of a single electric **service** supplier if the rates to be charged in the annexed areas are lower than those charged to other system customers; and

(2) The fair and reasonable compensation to be paid by the municipally owned electric utility, to the affected electric **service** supplier with existing system operations within the annexed area, for any proposed acquisitions or transfers; and

(3) Any effect on system operation, including, but not limited to, loss of load and loss of revenue; and

(4) Any other issues upon which the municipally owned electric utility and the affected electric **service** supplier might otherwise agree, including, but not limited to, the valuation formulas and factors contained in subsections [4, ~~5 and 6~~] **5, 6, and 7**, of this section, even if the parties could not voluntarily reach an agreement thereon under those subsections.

[8-] **9.** The commission is hereby given all necessary jurisdiction over municipally owned electric utilities and rural electric cooperatives to carry out the purposes of this section consistent with other applicable law; provided, however, the commission shall not have jurisdiction to compel the transfer of customers or structures with a connected load greater than one thousand kilowatts. The commission shall by rule set appropriate fees to be charged on a case-by-case basis to municipally owned electric utilities and rural electric cooperatives to cover all necessary costs incurred by the commission in carrying out its duties under this section. **Nothing in this section shall be construed as otherwise conferring upon the public service commission jurisdiction over the service, rates, financing, accounting, or management of any rural electric cooperative or municipally owned electric utility, except as provided in this section.**

10. Notwithstanding sections 394.020 and 394.080 to the contrary, a rural electric cooperative may provide electric service within the corporate boundaries of a municipality if such service is provided:

(1) Pursuant to subsections 2 through 9 of this section; and

(2) **Such service is conditioned upon the execution of the appropriate territorial and municipal franchise agreements, which may include a nondiscriminatory requirement, consistent with other applicable law, that the rural electric cooperative collect and remit a sales tax based on the amount of electricity sold by the rural electric cooperative within the municipality.**

386.895. VOLUNTARY PROGRAM AUTHORIZED — DEFINITIONS — RULES — FILING, CONTENTS — AUTOMATIC RATE ADJUSTMENT, WHEN — REPORT, CONTENTS — RULEMAKING AUTHORITY — SUNSET PROVISION. — 1. As used in this section, the following terms shall mean:

(4) **"Qualified investment", any capital investment in renewable natural gas infrastructure incurred by a gas corporation for the purpose of providing natural gas service under a renewable natural gas program;**

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

(5) "Renewable energy sources", hydroelectric, geothermal, solar photovoltaic, wind, tidal, wave, biomass, or biogas energy sources;

(6) "Renewable natural gas", any of the following products processed to meet pipeline quality standards or transportation fuel grade requirements:

(a) Biogas that is upgraded to meet natural gas pipeline quality standards such that it may blend with, or substitute for, geologic natural gas;

(b) Hydrogen gas; or

(c) Methane gas derived from any combination of:

a. Biogas;

b. Hydrogen gas or carbon oxides derived from renewable energy sources; or

c. Waste carbon dioxide;

(7) "Renewable natural gas infrastructure", all equipment and facilities for the production, processing, pipeline interconnection, and distribution of renewable natural gas to be furnished to Missouri customers.

2. The commission shall adopt rules for gas corporations to offer a voluntary renewable natural gas program. Rules adopted by the commission under this section shall include:

(1) Rules for reporting requirements; and

(2) Rules for establishing a process for gas corporations to fully recover incurred costs that are prudent, just, and reasonable associated with a renewable natural gas program. Such recovery shall not be permitted until the project is operational and produces renewable natural gas for customer use.

3. A filing by a gas corporation pursuant to the renewable natural gas program created in subsection 2 of this section shall include, but is not limited to:

(1) A proposal to procure a total volume of renewable natural gas over a specific period; and

(2) Identification of the qualified investments that the gas corporation may make in renewable natural gas infrastructure.

4. A gas corporation may from time to time revise the filing submitted to the commission under this section no more than one time per year.

5. Any costs incurred by a gas corporation for a qualified investment that are prudent, just, and reasonable may be recovered by means of an automatic rate adjustment clause.

6. When a gas corporation makes a qualified investment in the production of renewable natural gas, the costs associated with such qualified investment shall include the cost of capital established by the commission in the gas corporation's most recent general rate case.

7. On or before January 1, 2023, the division of energy within the department of natural resources shall provide to the chair of the public service commission, the speaker of the house of representatives, the president pro tempore of the senate, the chair of the senate committee on commerce, consumer protection, energy, and the environment, and the chair of the house of representatives utility committee, a report on the renewable natural gas program established under this section. (4) The environmental benefits of renewable natural gas, including but not limited to greenhouse gas reduction as a result of the production of renewable natural gas;

(5) The economic benefits of the renewable natural gas program, including but not limited to local employment, value-added production for the agricultural sector, and other economic development; and

(6) Any economic benefits or other costs to ratepayers.

8. Rules adopted by the commission under this section shall not prohibit an affiliate of a gas corporation from making a capital investment in a biogas production project if the affiliate is not a public utility as defined in section 386.020.

9. The public service commission may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void.

Pursuant to section 23.253 of the Missouri sunset act, this section and any rules enacted under this section shall expire nine years from the date the renewable natural gas program is established, unless reauthorized by the general assembly; provided that any rate adjustment authorized by this section shall continue so long as the renewable natural gas program remains in operation and produces renewable natural gas for customer use.

393.106. DEFINITIONS — ELECTRIC POWER SUPPLIERS EXCLUSIVE RIGHT TO SERVE STRUCTURES, EXCEPTION — CHANGE OF SUPPLIERS, PROCEDURE — PURCHASE OF AUXILLARY POWER — PERMANENT SERVICE SUPPLIED TO NONRURAL AREA, WHEN. — 1. As used in this section, the following terms mean:

(1) "Auxiliary power", the energy used to operate equipment and other load that is directly related to the production of energy by an independent power producer or electrical corporation, obtained through generation at the site or through adjacent transformation and transmission interconnect, but does not include energy used for space heating, lighting, air conditioning, office needs of buildings, and other non-generating uses at the generation site;

(2) "Independent power producer" or "IPP", an entity that is also considered a non-utility power producer in the United States. IPPs are wholesale electricity producers that operate within the franchised service territories of host utilities and are usually authorized to sell at market-based rates. Unlike traditional electric utilities, IPPs do not possess transmission facilities or sell electricity in the retail market;

(3) "Permanent service", electrical service provided through facilities which have been permanently installed on a structure and which are designed to provide electric service for the structure's anticipated needs for the indefinite future, as contrasted with facilities installed temporarily to provide electrical service during construction. Service provided temporarily shall be at the risk of the electrical supplier and shall not be determinative of the rights of the provider or recipient of permanent service;

~~(2)~~ (4) "Structure" or "structures", an agricultural, residential, commercial, industrial or other building or a mechanical installation, machinery or apparatus at which retail electric energy is being delivered through a metering device which is located on or adjacent to the structure and connected to the lines of an electrical supplier. Such terms shall include any contiguous or adjacent additions to or expansions of a particular structure. Nothing in this section shall be construed to confer any right on an electric supplier to serve new structures on a particular tract of land because it was serving an existing structure on that tract.

2. Once an electrical corporation or joint municipal utility commission, or its predecessor in interest, lawfully commences supplying retail electric energy to a structure through permanent service facilities,

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

it shall have the right to continue serving such structure, and other suppliers of electrical energy shall not have the right to provide service to the structure except as might be otherwise permitted in the context of municipal annexation, pursuant to section 386.800 and section 394.080, or pursuant to a territorial agreement approved under section 394.312. The public service commission, upon application made by an affected party, may order a change of suppliers on the basis that it is in the public interest for a reason other than a rate differential. The commission's jurisdiction under this section is limited to public interest determinations and excludes questions as to the lawfulness of the provision of service, such questions being reserved to courts of competent jurisdiction. Except as provided in this section, nothing contained herein shall affect the rights, privileges or duties of existing corporations pursuant to this chapter. Nothing in this section shall be construed to make lawful any provision of service which was unlawful prior to July 11, 1991. Nothing in this section shall be construed to make unlawful the continued lawful provision of service to any structure which may have had a different supplier in the past, if such a change in supplier was lawful at the time it occurred. However, those customers who had cancelled service with their previous supplier or had requested cancellation by May 1, 1991, shall be eligible to change suppliers as per previous procedures. No customer shall be allowed to change electric suppliers by disconnecting service between May 1, 1991, and July 11, 1991.

3. Notwithstanding the provisions of subsection 2 of this section or any other provision of chapters 386 or 394 to the contrary, auxiliary power may be purchased on a wholesale basis, under the applicable federal tariffs of a regional transmission organization instead of under retail service tariffs filed with the public service commission by an electrical corporation, for use at an electric generation facility located in any county of the first classification with more than ninety-two thousand but fewer than one hundred one thousand inhabitants which commenced commercial operations prior to August 28, 2021, and which is operated as an independent power producer.

4. Notwithstanding the provisions of this section, section 91.025, section 394.080, and section 394.315 to the contrary, in the event that a retail electric supplier is providing service to a structure located within a city, town, or village that ceased to be a rural area, and such structure is demolished and replaced by a new structure, such retail electric service supplier may provide permanent service to the new structure upon the request of the owner of the new structure.

393.355. SPECIAL RATE FOR ELECTRICAL CORPORATIONS AUTHORIZED, WHEN — NET MARGIN TRACKING MECHANISM — LOWER RATE FOR FACILITY, WHEN, DURATION. — 1. As used in this section, the following terms shall mean:

- (1) "Electrical corporation", the same meaning given to the term in section 386.020, but shall not include an electrical corporation as described in subsection 2 of section 393.110;
- (2) "Facility", a:
 - (a) Facility whose primary industry is the **[smelting] processing of [aluminum and] primary metals**~~[- Standard Industrial Classification Code 3334]~~;
 - (b) Facility whose primary industry is the production or fabrication of steel, North American Industrial Classification System 331110; or
 - (c) Facility with a new or incremental increase in load equal to or in excess of a monthly demand of fifty megawatts.

2. Notwithstanding section 393.130 or any other provision of law to the contrary, the public service commission shall have the authority to approve a special rate, outside a general rate proceeding, that is not based on the electrical corporation's cost of service for a facility if:

- (1) The commission determines, but for the authorization of the special rate the facility would not commence operations, the special rate is in the interest of the state of Missouri when considering the interests of the customers of the electrical corporation serving the facility, considering the incremental cost of serving the facility to receive the special rate, and the interests of the citizens of the state generally

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

in promoting economic development, improving the tax base, providing employment opportunities in the state, and promoting such other benefits to the state as the commission may determine are created by approval of the special rate;

(2) After approval of the special rate, the commission allocates in each general rate proceeding of the electrical corporation serving the facility the reduced revenues from the special rate as compared to the revenues that would have been generated at the rate the facility would have paid without the special rate to the electrical corporation's other customers through a uniform percentage adjustment to all components of the base rates of all customer classes; and

(3) The commission approves a tracking mechanism meeting the requirements of subsection 3 of this section.

3. Any commission order approving a special rate authorized by this section to provide service to a facility in the manner specified under subsection 4 of this section shall establish, as part of the commission's approval of a special rate, a tracking mechanism to track changes in the net margin experienced by the electrical corporation serving the facility with the tracker to apply retroactively to the date the electrical corporation's base rates were last set in its last general rate proceeding concluded prior to June 14, 2017. The commission shall ensure that the changes in net margin experienced by the electrical corporation between the general rate proceedings as a result of serving the facility are calculated in such a manner that the electrical corporation's net income is neither increased nor decreased. The changes in net margin shall be deferred to a regulatory liability or regulatory asset, as applicable, with the balance of such regulatory asset or liability to be included in the revenue requirement of the electrical corporation in each of its general rate proceedings through an amortization of the balance over a reasonable period until fully returned to or collected from the electrical corporation's customers.

4. Notwithstanding the provisions of section 393.170, an electrical corporation is authorized to provide electric service to a facility at a special rate for the new or incremental load authorized by the commission:

(1) Under a rate schedule reflecting the special rate approved by the commission; or

(2) If the facility is located outside the electrical corporation's certificated service territory, the facility shall be treated as if it is in the electrical corporation's certified service territory, subject to a commission-approved rate schedule incorporating the special rate under the contract.

5. To receive a special rate, the electrical corporation serving the facility, or facility if the facility is located outside of the electrical corporation's certified service territory, shall file a written application with the commission specifying the requested special rate and any terms or conditions proposed by the facility respecting the requested special rate and provide information regarding how the requested special rate meets the criteria specified in subdivision (1) of subsection 2 of this section. A special rate provided for by this section shall be effective for no longer than ten years from the date such special rate is authorized. The commission may impose such conditions, including but not limited to any conditions in a memorandum of understanding between the facility and the electrical corporation, on the special rate as it deems appropriate so long as it otherwise complies with the provisions of this section.

6. Any entity which has been granted a special rate under this section may reapply to the commission for a special rate under this section.

393.1620. AVERAGE AND EXCESS METHOD, ALLOCATION OF COSTS — LIMITATION ON COMMISSION CONSIDERATION FOR GENERAL RATES — EXPIRATION DATE. — 1. For the purposes of this section, the following terms shall mean:

(1) "Average and excess method", a method for allocation of production plant costs using factors that consider the classes' average demands and excess demands, determined by subtracting the average demands from the non-coincident peak demands, for the four months with the highest system peak loads. The production plant costs are allocated using the class

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

average and excess demands proportionally based on the system load factor, where the system load factor determines the percentage of production plant costs allocated using the average demands, and the remainder of production plant costs are allocated using the excess demands;

(2) "Class cost of service study", a study designed to allocate a utility's costs to each customer class on the basis of which customer class causes the costs;

(3) "Commission", the Missouri public service commission;

(4) "Electrical corporation", the same as defined in section 386.020, but shall not include an electrical corporation as described in subsection 2 of section 393.110;

(5) "Production plant costs", fixed costs reflected on the electrical corporation's accounting books for the applicable test period, as updated or trued-up, associated with the production or purchase of electricity.

2. In determining the allocation of an electrical corporation's total revenue requirement in a general rate case, the commission shall only consider class cost of service study results that allocate the electrical corporation's production plant costs from nuclear and fossil generating units using the average and excess method or one of the methods of assignment or allocation contained within the National Association of Regulatory Utility Commissioners 1992 manual or subsequent manual.

3. This section shall expire on August 28, 2031.

costs, and expenses to modify existing debt agreements or for waivers or consents related to existing debt agreements;

(a) Interest and acquisition, defeasance, or redemption premiums payable on securitized utility tariff bonds;

(b) Any payment required under an ancillary agreement and any amount required to fund or replenish a reserve account or other accounts established under the terms of any indenture, ancillary agreement, or other financing documents pertaining to securitized utility tariff bonds;

(c) Any other cost related to issuing, supporting, repaying, refunding, and servicing securitized utility tariff bonds, including servicing fees, accounting and auditing fees, trustee fees, legal fees, consulting fees, structuring adviser fees, administrative fees, placement and underwriting fees, independent director and manager fees, capitalized interest, rating agency fees, stock exchange listing and compliance fees, security registration fees, filing fees, information technology programming costs, and any other costs necessary to otherwise ensure the timely payment of securitized utility tariff bonds or other amounts or charges payable in connection with the bonds, including costs related to obtaining the financing order;

(d) Any taxes and license fees or other fees imposed on the revenues generated from the collection of the securitized utility tariff charge or otherwise resulting from the collection of securitized utility tariff charges, in any such case whether paid, payable, or accrued;

(e) Any state and local taxes, franchise, gross receipts, and other taxes or similar charges, including commission assessment fees, whether paid, payable, or accrued;

(f) Any costs associated with performance of the commission's responsibilities under this section in connection with approving, approving subject to conditions, or rejecting a petition for a financing order, and in performing its duties in connection with the issuance advice letter process, including costs to retain counsel, one or more financial advisors, or other consultants as deemed appropriate by the commission and paid pursuant to this section;

(9) "Financing order", an order from the commission that authorizes the issuance of securitized utility tariff bonds; the imposition, collection, and periodic adjustments of a securitized utility tariff charge; the creation of securitized utility tariff property; and the sale, assignment, or transfer of securitized utility tariff property to an assignee;

(10) "Financing party", bondholders and trustees, collateral agents, any party under an ancillary agreement, or any other person acting for the benefit of bondholders;

(11) "Financing statement", the same as defined in article 9 of the code;

(12) "Pledgee", a financing party to which an electrical corporation or its successors or assignees mortgages, negotiates, pledges, or creates a security interest or lien on all or any portion of its interest in or right to securitized utility tariff property;

(13) "Qualified extraordinary costs", costs incurred prudently before, on, or after August 28, 2021, of an extraordinary nature which would cause extreme customer rate impacts if reflected in retail customer rates recovered through customary ratemaking, such as but not limited to those related to purchases of fuel or power, inclusive of carrying charges, during anomalous weather events;

(14) "Rate base cutoff date", the same as defined in subdivision (4) of subsection 1 of section 393.1400 as such term existed on August 28, 2021;

(15) "Securitized utility tariff bonds", bonds, debentures, notes, certificates of participation, certificates of beneficial interest, certificates of ownership, or other evidences of indebtedness or ownership that are issued by an electrical corporation or an assignee pursuant to a financing

order, the proceeds of which are used directly or indirectly to recover, finance, or refinance commission-approved securitized utility tariff costs and financing costs, and that are secured by or payable from securitized utility tariff property. If certificates of participation or ownership are issued, references in this section to principal, interest, or premium shall be construed to refer to comparable amounts under those certificates;

(16) "Securitized utility tariff charge", the amounts authorized by the commission to repay, finance, or refinance securitized utility tariff costs and financing costs and that are, except as otherwise provided for in this section, nonbypassable charges imposed on and part of all retail customer bills, collected by an electrical corporation or its successors or assignees, or a collection agent, in full, separate and apart from the electrical corporation's base rates, and paid by all existing or future retail customers receiving electrical service from the electrical corporation or its successors or assignees under commission-approved rate schedules, except for customers receiving electrical service under special contracts as of August 28, 2021, even if a retail customer elects to purchase electricity from an alternative electricity supplier following a fundamental change in regulation of public utilities in this state;

(17) "Securitized utility tariff costs", either energy transition costs or qualified extraordinary costs as the case may be;

(18) "Securitized utility tariff property", all of the following:

(a) All rights and interests of an electrical corporation or successor or assignee of the electrical corporation under a financing order, including the right to impose, bill, charge, collect, and receive securitized utility tariff charges authorized under the financing order and to obtain periodic adjustments to such charges as provided in the financing order;

(b) All revenues, collections, claims, rights to payments, payments, money, or proceeds arising from the rights and interests specified in the financing order, regardless of whether such revenues, collections, claims, rights to payment, payments, money, or proceeds are imposed, billed, received, collected, or maintained together with or commingled with other revenues, collections, rights to payment, payments, money, or proceeds;

(19) "Special contract", electrical service provided under the terms of a special incremental load rate schedule at a fixed price rate approved by the commission.

2. (1) An electrical corporation may petition the commission for a financing order to finance energy transition costs through an issuance of securitized utility tariff bonds. The petition shall include all of the following:

(a) A description of the electric generating facility or facilities that the electrical corporation has retired or abandoned, or proposes to retire or abandon, prior to the date that all undepreciated investment relating thereto has been recovered through rates and the reasons for undertaking such early retirement or abandonment, or if the electrical corporation is subject to a separate commission order or proceeding relating to such retirement or abandonment as contemplated by subdivision (2) of this subsection, and a description of the order or other proceeding;

(b) The energy transition costs;

(c) An indicator of whether the electrical corporation proposes to finance all or a portion of the energy transition costs using securitized utility tariff bonds. If the electrical corporation proposes to finance a portion of the costs, the electrical corporation shall identify the specific portion in the petition. By electing not to finance all or any portion of such energy transition costs using securitized utility tariff bonds, an electrical corporation shall not be deemed to waive its right to recover such costs pursuant to a separate proceeding with the commission;

(d) An estimate of the financing costs related to the securitized utility tariff bonds;

(e) An estimate of the securitized utility tariff charges necessary to recover the securitized utility tariff costs and financing costs and the period for recovery of such costs;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

(f) A comparison between the net present value of the costs to customers that are estimated to result from the issuance of securitized utility tariff bonds and the costs that would result from the application of the traditional method of financing and recovering the undepreciated investment of facilities that may become securitized utility tariff costs from customers. The comparison should demonstrate that the issuance of securitized utility tariff bonds and the imposition of securitized utility tariff charges are expected to provide quantifiable net present value benefits to customers;

(g) A proposed future ratemaking process to reconcile any differences between securitized utility tariff costs financed by securitized utility tariff bonds and the final securitized costs incurred by the electrical corporation or assignee provided that any such reconciliation shall not affect the amount of securitized utility tariff bonds or the associated securitized utility tariff charges paid by customers; and

(h) Direct testimony supporting the petition.

(2) An electrical corporation may petition the commission for a financing order to finance qualified extraordinary costs. The petition shall include all of the following:

(a) A description of the qualified extraordinary costs, including their magnitude, the reasons those costs were incurred by the electrical corporation and the retail customer rate impact that would result from customary ratemaking treatment of such costs;

(b) An indicator of whether the electrical corporation proposes to finance all or a portion of the qualified extraordinary costs using securitized utility tariff bonds. If the electrical corporation proposes to finance a portion of the costs, the electrical corporation shall identify the specific portion in the petition. By electing not to finance all or any portion of such qualified extraordinary costs using securitized utility tariff bonds, an electrical corporation shall not be deemed to waive its right to reflect such costs in its retail rates pursuant to a separate proceeding with the commission;

(c) An estimate of the financing costs related to the securitized utility tariff bonds;

(d) An estimate of the securitized utility tariff charges necessary to recover the qualified extraordinary costs and financing costs and the period for recovery of such costs;

(e) A comparison between the net present value of the costs to customers that are estimated to result from the issuance of securitized utility tariff bonds and the costs that would result from the application of the customary method of financing and reflecting the qualified extraordinary costs in retail customer rates. The comparison should demonstrate that the issuance of securitized utility tariff bonds and the imposition of securitized utility tariff charges are expected to provide quantifiable net present value benefits to retail customers;

(f) A proposed future ratemaking process to reconcile any differences between securitized utility tariff costs financed by securitized utility tariff bonds and the final securitized costs incurred by the electrical corporation or assignee provided that any such reconciliation shall not affect the amount of securitized utility tariff bonds or the associated securitized utility tariff charges paid by customers; and

(g) Direct testimony supporting the petition.

(3) (a) Proceedings on a petition submitted pursuant to this subsection begin with the petition by an electrical corporation and shall be disposed of in accordance with the requirements of this section and the rules of the commission, except as follows:

a. The commission shall establish a procedural schedule that permits a commission decision no later than two hundred fifteen days after the date the petition is filed;

b. No later than two hundred fifteen days after the date the petition is filed, the commission shall issue a financing order approving the petition, an order approving the petition subject to conditions, or an order rejecting the petition; provided, however, that the electrical corporation

shall provide notice of intent to file a petition for a financing order to the commission no less than sixty days in advance of such filing;

c. Judicial review of a financing order may be had only in accordance with sections 386.500 and 386.510.

(b) In performing its responsibilities under this section in approving, approving subject to conditions, or rejecting a petition for a financing order, the commission may retain counsel, one or more financial advisors, or other consultants as it deems appropriate. Such outside counsel, advisor or advisors, or consultants shall owe a duty of loyalty solely to the commission and shall have no interest in the proposed securitized utility tariff bonds. The costs associated with any such engagements shall be paid by the petitioning corporation and shall be included as financed costs in the securitized utility tariff charge and shall not be an obligation of the state and shall be assigned solely to the subject transaction.

(c) A financing order issued by the commission, after a hearing, to an electrical corporation shall include all of the following elements:

a. The amount of securitized utility tariff costs to be financed using securitized utility tariff bonds and a finding that recovery of such costs is just and reasonable and in the public interest. The commission shall describe and estimate the amount of financing costs that may be recovered through securitized utility tariff charges and specify the period over which securitized utility tariff costs and financing costs may be recovered;

b. A finding that the proposed issuance of securitized utility tariff bonds and the imposition and collection of a securitized utility tariff charge are just and reasonable and in the public interest and are expected to provide quantifiable net present value benefits to customers as compared to recovery of the components of securitized utility tariff costs that would have been incurred absent the issuance of securitized utility tariff bonds. Notwithstanding any provisions of this section to the contrary, in considering whether to find the proposed issuance of securitized utility tariff bonds and the imposition and collection of a securitized utility tariff charge are just and reasonable and in the public interest, the commission may consider previous instances where it has issued financing orders to the petitioning electrical corporation and such electrical corporation has previously issued securitized utility tariff bonds;

c. A finding that the proposed structuring and pricing of the securitized utility tariff bonds are reasonably expected to result in the lowest securitized utility tariff charges consistent with market conditions at the time the securitized utility tariff bonds are priced and the terms of the financing order;

d. A requirement that, for so long as the securitized utility tariff bonds are outstanding and until all financing costs have been paid in full, the imposition and collection of securitized utility tariff charges authorized under a financing order shall be nonbypassable and paid by all existing and future retail customers receiving electrical service from the electrical corporation or its successors or assignees under commission-approved rate schedules except for customers receiving electrical service under special contracts on August 28, 2021, even if a retail customer elects to purchase electricity from an alternative electric supplier following a fundamental change in regulation of public utilities in this state;

e. A formula-based true-up mechanism for making, at least annually, expeditious periodic adjustments in the securitized utility tariff charges that customers are required to pay pursuant to the financing order and for making any adjustments that are necessary to correct for any overcollection or undercollection of the charges or to otherwise ensure the timely payment of securitized utility tariff bonds and financing costs and other required amounts and charges payable under the securitized utility tariff bonds;

f. The securitized utility tariff property that is, or shall be, created in favor of an electrical corporation or its successors or assignees and that shall be used to pay or secure securitized utility tariff bonds and approved financing costs;

g. The degree of flexibility to be afforded to the electrical corporation in establishing the terms and conditions of the securitized utility tariff bonds, including, but not limited to, repayment schedules, expected interest rates, and other financing costs;

h. How securitized utility tariff charges will be allocated among retail customer classes. The initial allocation shall remain in effect until the electrical corporation completes a general rate proceeding, and once the commission's order from that general rate proceeding becomes final, all subsequent applications of an adjustment mechanism regarding securitized utility tariff charges shall incorporate changes in the allocation of costs to customers as detailed in the commission's order from the electrical corporation's most recent general rate proceeding;

i. A requirement that, after the final terms of an issuance of securitized utility tariff bonds have been established and before the issuance of securitized utility tariff bonds, the electrical corporation determines the resulting initial securitized utility tariff charge in accordance with the financing order, and that such initial securitized utility tariff charge be final and effective upon the issuance of such securitized utility tariff bonds with such charge to be reflected on a compliance tariff sheet bearing such charge;

j. A method of tracing funds collected as securitized utility tariff charges, or other proceeds of securitized utility tariff property, determining that such method shall be deemed the method of tracing such funds and determining the identifiable cash proceeds of any securitized utility tariff property subject to a financing order under applicable law;

k. A statement specifying a future ratemaking process to reconcile any differences between the actual securitized utility tariff costs financed by securitized utility tariff bonds and the final securitized utility tariff costs incurred by the electrical corporation or assignee provided that any such reconciliation shall not affect the amount of securitized utility tariff bonds or the associated securitized utility tariff charges paid by customers;

l. A procedure that shall allow the electrical corporation to earn a return, at the cost of capital authorized from time to time by the commission in the electrical corporation's rate proceedings, on any moneys advanced by the electrical corporation to fund reserves, if any, or capital accounts established under the terms of any indenture, ancillary agreement, or other financing documents pertaining to the securitized utility tariff bonds;

m. In a financing order granting authorization to securitize energy transition costs or in a financing order granting authorization to securitize qualified extraordinary costs that include retired or abandoned facility costs, a procedure for the treatment of accumulated deferred income taxes and excess deferred income taxes in connection with the retired or abandoned or to be retired or abandoned electric generating facility, or in connection with retired or abandoned facilities included in qualified extraordinary costs. The accumulated deferred income taxes, including excess deferred income taxes, shall be excluded from rate base in future general rate cases and the net tax benefits relating to amounts that will be recovered through the issuance of securitized utility tariff bonds shall be credited to retail customers by reducing the amount of such securitized utility tariff bonds that would otherwise be issued. The customer credit shall include the net present value of the tax benefits, calculated using a discount rate equal to the expected interest rate of the securitized utility tariff bonds, for the estimated accumulated and excess deferred income taxes at the time of securitization including timing differences created by the issuance of securitized utility tariff bonds amortized over the period of the bonds multiplied by the expected interest rate on such securitized utility tariff bonds;

n. An outside date, which shall not be earlier than one year after the date the financing order is no longer subject to appeal, when the authority to issue securitized utility tariff bonds granted in such financing order shall expire; and

o. Include any other conditions that the commission considers appropriate and that are not inconsistent with this section.

(d) A financing order issued to an electrical corporation may provide that creation of the electrical corporation's securitized utility tariff property is conditioned upon, and simultaneous with, the sale or other transfer of the securitized utility tariff property to an assignee and the pledge of the securitized utility tariff property to secure securitized utility tariff bonds.

(e) If the commission issues a financing order, the electrical corporation shall file with the commission at least annually a petition or a letter applying the formula-based true-up mechanism and, based on estimates of consumption for each rate class and other mathematical factors, requesting administrative approval to make the applicable adjustments. The review of the filing shall be limited to determining whether there are any mathematical or clerical errors in the application of the formula-based true-up mechanism relating to the appropriate amount of any overcollection or undercollection of securitized utility tariff charges and the amount of an adjustment. The adjustments shall ensure the recovery of revenues sufficient to provide for the payment of principal, interest, acquisition, defeasance, financing costs, or redemption premium and other fees, costs, and charges in respect of securitized utility tariff bonds approved under the financing order. Within thirty days after receiving an electrical corporation's request pursuant to this paragraph, the commission shall either approve the request or inform the electrical corporation of any mathematical or clerical errors in its calculation. If the commission informs the electrical corporation of mathematical or clerical errors in its calculation, the electrical corporation shall correct its error and refile its request. The time frames previously described in this paragraph shall apply to a refiled request.

(f) At the time of any transfer of securitized utility tariff property to an assignee or the issuance of securitized utility tariff bonds authorized thereby, whichever is earlier, a financing order is irrevocable and, except for changes made pursuant to the formula-based true-up mechanism authorized in this section, the commission may not amend, modify, or terminate the financing order by any subsequent action or reduce, impair, postpone, terminate, or otherwise adjust securitized utility tariff charges approved in the financing order. After the issuance of a financing order, the electrical corporation retains sole discretion regarding whether to assign, sell, or otherwise transfer securitized utility tariff property or to cause securitized utility tariff bonds to be issued, including the right to defer or postpone such assignment, sale, transfer, or issuance.

(g) The commission, in a financing order and subject to the issuance advice letter process under paragraph (h) of this subdivision, shall specify the degree of flexibility to be afforded the electrical corporation in establishing the terms and conditions for the securitized utility tariff bonds to accommodate changes in market conditions, including repayment schedules, interest rates, financing costs, collateral requirements, required debt service and other reserves and the ability of the electrical corporation, at its option, to effect a series of issuances of securitized utility tariff bonds and correlated assignments, sales, pledges, or other transfers of securitized utility tariff property. Any changes made under this paragraph to terms and conditions for the securitized utility tariff bonds shall be in conformance with the financing order.

(h) As the actual structure and pricing of the securitized utility tariff bonds will be unknown at the time the financing order is issued, prior to the issuance of each series of bonds, an issuance advice letter shall be provided to the commission by the electrical corporation following the determination of the final terms of such series of bonds no later than one day after the pricing of the securitized utility tariff bonds. The commission shall have the authority to designate a

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

representative or representatives from commission staff, who may be advised by a financial advisor or advisors contracted with the commission, to provide input to the electrical corporation and collaborate with the electrical corporation in all facets of the process undertaken by the electrical corporation to place the securitized utility tariff bonds to market so the commission's representative or representatives can provide the commission with an opinion on the reasonableness of the pricing, terms, and conditions of the securitized utility tariff bonds on an expedited basis. Neither the designated representative or representatives from the commission staff nor one or more financial advisors advising commission staff shall have authority to direct how the electrical corporation places the bonds to market although they shall be permitted to attend all meetings convened by the electrical corporation to address placement of the bonds to market. The form of such issuance advice letter shall be included in the financing order and shall indicate the final structure of the securitized utility tariff bonds and provide the best available estimate of total ongoing financing costs. The issuance advice letter shall report the initial securitized utility tariff charges and other information specific to the securitized utility tariff bonds to be issued, as the commission may require. Unless an earlier date is specified in the financing order, the electrical corporation may proceed with the issuance of the securitized utility tariff bonds unless, prior to noon on the fourth business day after the commission receives the issuance advice letter, the commission issues a disapproval letter directing that the bonds as proposed shall not be issued and the basis for that disapproval. The financing order may provide such additional provisions relating to the issuance advice letter process as the commission considers appropriate and as are not inconsistent with this section.

(4) (a) In performing the responsibilities of this section in connection with the issuance of a financing order, approving the petition, an order approving the petition subject to conditions, or an order rejecting the petition, the commission shall undertake due diligence as it deems appropriate prior to the issuance of the order regarding the petition pursuant to which the commission may request additional information from the electrical corporation and may engage one or more financial advisors, one or more consultants, and counsel as the commission deems necessary. Any financial advisor or advisors, counsel, and consultants engaged by the commission shall have a fiduciary duty with respect to the proposed issuance of securitized utility bonds solely to the commission. All expenses associated with such services shall be included as part of the financing costs of the securitized utility tariff bonds and shall be included in the securitized utility tariff charge.

(b) If an electrical corporation's petition for a financing order is denied or withdrawn, or for any reason securitized utility tariff bonds are not issued, any costs of retaining one or more financial advisors, one or more consultants, and counsel on behalf of the commission shall be paid by the petitioning electrical corporation and shall be eligible for full recovery, including carrying costs, if approved by the commission in the electrical corporation's future rates.

(5) At the request of an electrical corporation, the commission may commence a proceeding and issue a subsequent financing order that provides for refinancing, retiring, or refunding securitized utility tariff bonds issued pursuant to the original financing order if the commission finds that the subsequent financing order satisfies all of the criteria specified in this section for a financing order. Effective upon retirement of the refunded securitized utility tariff bonds and the issuance of new securitized utility tariff bonds, the commission shall adjust the related securitized utility tariff charges accordingly.

(6) (a) A financing order remains in effect and securitized utility tariff property under the financing order continues to exist until securitized utility tariff bonds issued pursuant to the financing order have been paid in full or defeased and, in each case, all commission-approved financing costs of such securitized utility tariff bonds have been recovered in full.

(b) A financing order issued to an electrical corporation remains in effect and unabated notwithstanding the reorganization, bankruptcy, or other insolvency proceedings, merger, or sale of the electrical corporation or its successors or assignees.

3. (1) The commission may not, in exercising its powers and carrying out its duties regarding any matter within its authority, consider the securitized utility tariff bonds issued pursuant to a financing order to be the debt of the electrical corporation other than for federal and state income tax purposes, consider the securitized utility tariff charges paid under the financing order to be the revenue of the electrical corporation for any purpose, consider the securitized utility tariff costs or financing costs specified in the financing order to be the costs of the electrical corporation, nor may the commission determine any action taken by an electrical corporation which is consistent with the financing order to be unjust or unreasonable, and section 386.300 shall not apply to the issuance of securitized utility tariff bonds.

(2) Securitized utility tariff charges shall not be utilized or accounted for in determining the electrical corporation's average overall rate, as defined in section 393.1655 and as used to determine the maximum retail rate impact limitations provided for by subsections 3 and 4 of section 393.1655.

(3) No electrical corporation is required to file a petition for a financing order under this section or otherwise utilize this section. An electrical corporation's decision not to file a petition for a financing order under this section shall not be admissible in any commission proceeding nor shall it be otherwise utilized or relied on by the commission in any proceeding respecting the electrical corporation's rates or its accounting, including, without limitation, any general rate proceeding, fuel adjustment clause docket, or proceedings relating to accounting authority, whether initiated by the electrical corporation or otherwise. The commission may not order or otherwise directly or indirectly require an electrical corporation to use securitized utility tariff bonds to recover securitized utility tariff costs or to finance any project, addition, plant, facility, extension, capital improvement, equipment, or any other expenditure.

(4) The commission may not refuse to allow an electrical corporation to recover securitized utility tariff costs in an otherwise permissible fashion, or refuse or condition authorization or approval of the issuance and sale by an electrical corporation of securities or the assumption by the electrical corporation of liabilities or obligations, because of the potential availability of securitized utility tariff bond financing.

(5) After the issuance of a financing order with or without conditions, the electrical corporation retains sole discretion regarding whether to cause the securitized utility tariff bonds to be issued, including the right to defer or postpone such sale, assignment, transfer, or issuance. Nothing shall prevent the electrical corporation from abandoning the issuance of securitized utility tariff bonds under the financing order by filing with the commission a statement of abandonment and the reasons therefor; provided, that the electrical corporation's abandonment decision shall not be deemed imprudent because of the potential availability of securitized utility tariff bond financing; and provided further, that an electrical corporation's decision to abandon issuance of such bonds may be raised by any party, including the commission, as a reason the commission should not authorize, or should modify, the rate-making treatment proposed by the electrical corporation of the costs associated with the electric generating facility that was the subject of a petition under this section that would have been securitized as energy transition costs had such abandonment decision not been made, but only if the electrical corporation requests non-standard plant retirement treatment of such costs for rate-making purposes.

(6) The commission may not, directly or indirectly, utilize or consider the debt reflected by the securitized utility tariff bonds in establishing the electrical corporation's capital structure used to determine any regulatory matter, including but not limited to the electrical corporation's revenue requirement used to set its rates.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

(7) The commission may not, directly or indirectly, consider the existence of securitized utility tariff bonds or the potential use of securitized utility tariff bond financing proceeds in determining the electrical corporation's authorized rate of return used to determine the electrical corporation's revenue requirement used to set its rates.

4. The electric bills of an electrical corporation that has obtained a financing order and caused securitized utility tariff bonds to be issued shall comply with the provisions of this subsection; however, the failure of an electrical corporation to comply with this subsection does not invalidate, impair, or affect any financing order, securitized utility tariff property, securitized utility tariff charge, or securitized utility tariff bonds. The electrical corporation shall do the following:

(1) Explicitly reflect that a portion of the charges on such bill represents securitized utility tariff charges approved in a financing order issued to the electrical corporation and, if the securitized utility tariff property has been transferred to an assignee, shall include a statement to the effect that the assignee is the owner of the rights to securitized utility tariff charges and that the electrical corporation or other entity, if applicable, is acting as a collection agent or servicer for the assignee. The tariff applicable to customers shall indicate the securitized utility tariff charge and the ownership of the charge;

(2) Include the securitized utility tariff charge on each customer's bill as a separate line item and include both the rate and the amount of the charge on each bill.

5. (1) (a) All securitized utility tariff property that is specified in a financing order constitutes an existing, present intangible property right or interest therein, notwithstanding that the imposition and collection of securitized utility tariff charges depends on the electrical corporation, to which the financing order is issued, performing its servicing functions relating to the collection of securitized utility tariff charges and on future electricity consumption. The property exists:

a. Regardless of whether or not the revenues or proceeds arising from the property have been billed, have accrued, or have been collected; and

b. Notwithstanding the fact that the value or amount of the property is dependent on the future provision of service to customers by the electrical corporation or its successors or assignees and the future consumption of electricity by customers.

(b) Securitised utility tariff property specified in a financing order exists until securitized utility tariff bonds issued pursuant to the financing order are paid in full and all financing costs and other costs of such securitized utility tariff bonds have been recovered in full.

(c) All or any portion of securitized utility tariff property specified in a financing order issued to an electrical corporation may be transferred, sold, conveyed, or assigned to a successor or assignee that is wholly owned, directly or indirectly, by the electrical corporation and created for the limited purpose of acquiring, owning, or administering securitized utility tariff property or issuing securitized utility tariff bonds under the financing order. All or any portion of securitized utility tariff property may be pledged to secure securitized utility tariff bonds issued pursuant to the financing order, amounts payable to financing parties and to counterparties under any ancillary agreements, and other financing costs. Any transfer, sale, conveyance, assignment, grant of a security interest in or pledge of securitized utility tariff property by an electrical corporation, or an affiliate of the electrical corporation, to an assignee, to the extent previously authorized in a financing order, does not require the prior consent and approval of the commission.

(d) If an electrical corporation defaults on any required remittance of securitized utility tariff charges arising from securitized utility tariff property specified in a financing order, a court, upon application by an interested party, and without limiting any other remedies available to the applying party, shall order the sequestration and payment of the revenues arising from the securitized utility tariff property to the financing parties or their assignees. Any such financing

order remains in full force and effect notwithstanding any reorganization, bankruptcy, or other insolvency proceedings with respect to the electrical corporation or its successors or assignees.

(e) The interest of a transferee, purchaser, acquirer, assignee, or pledgee in securitized utility tariff property specified in a financing order issued to an electrical corporation, and in the revenue and collections arising from that property, is not subject to setoff, counterclaim, surcharge, or defense by the electrical corporation or any other person or in connection with the reorganization, bankruptcy, or other insolvency of the electrical corporation or any other entity.

(f) Any successor to an electrical corporation, whether pursuant to any reorganization, bankruptcy, or other insolvency proceeding or whether pursuant to any merger or acquisition, sale, or other business combination, or transfer by operation of law, as a result of electrical corporation restructuring or otherwise, shall perform and satisfy all obligations of, and have the same rights under a financing order as, the electrical corporation under the financing order in the same manner and to the same extent as the electrical corporation, including collecting and paying to the person entitled to receive the revenues, collections, payments, or proceeds of the securitized utility tariff property. Nothing in this section is intended to limit or impair any authority of the commission concerning the transfer or succession of interests of public utilities.

(g) Securitized utility tariff bonds shall be nonrecourse to the credit or any assets of the electrical corporation other than the securitized utility tariff property as specified in the financing order and any rights under any ancillary agreement.

(2) (a) The creation, perfection, priority, and enforcement of any security interest in securitized utility tariff property to secure the repayment of the principal and interest and other amounts payable in respect of securitized utility tariff bonds, amounts payable under any ancillary agreement and other financing costs are governed by this section and not by the provisions of the code, except as otherwise provided in this section.

(b) A security interest in securitized utility tariff property is created, valid, and binding at the later of the time:

- a. The financing order is issued;
- b. A security agreement is executed and delivered by the debtor granting such security interest;
- c. The debtor has rights in such securitized utility tariff property or the power to transfer rights in such securitized utility tariff property; or
- d. Value is received for the securitized utility tariff property.

The description of securitized utility tariff property in a security agreement is sufficient if the description refers to this section and the financing order creating the securitized utility tariff property. A security interest shall attach as provided in this paragraph without any physical delivery of collateral or other act.

(c) Upon the filing of a financing statement with the office of the secretary of state as provided in this section, a security interest in securitized utility tariff property shall be perfected against all parties having claims of any kind in tort, contract, or otherwise against the person granting the security interest, and regardless of whether the parties have notice of the security interest. Without limiting the foregoing, upon such filing a security interest in securitized utility tariff property shall be perfected against all claims of lien creditors, and shall have priority over all competing security interests and other claims other than any security interest previously perfected in accordance with this section.

(d) The priority of a security interest in securitized utility tariff property is not affected by the commingling of securitized utility tariff charges with other amounts. Any pledgee or secured party shall have a perfected security interest in the amount of all securitized utility tariff charges that are deposited in any cash or deposit account of the qualifying electrical corporation in which

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

securitized utility tariff charges have been commingled with other funds and any other security interest that may apply to those funds shall be terminated when they are transferred to a segregated account for the assignee or a financing party.

(e) No application of the formula-based true-up mechanism as provided in this section will affect the validity, perfection, or priority of a security interest in or transfer of securitized utility tariff property.

(f) If a default occurs under the securitized utility tariff bonds that are secured by a security interest in securitized utility tariff property, the financing parties or their representatives may exercise the rights and remedies available to a secured party under the code, including the rights and remedies available under part 6 of article 9 of the code. The commission may also order amounts arising from securitized utility tariff charges be transferred to a separate account for the financing parties' benefit, to which their lien and security interest shall apply. On application by or on behalf of the financing parties, the circuit court for the county or city in which the electrical corporation's headquarters is located shall order the sequestration and payment to them of revenues arising from the securitized utility tariff charges.

(3) (a) Any sale, assignment, or other transfer of securitized utility tariff property shall be an absolute transfer and true sale of, and not a pledge of or secured transaction relating to, the seller's right, title, and interest in, to, and under the securitized utility tariff property if the documents governing the transaction expressly state that the transaction is a sale or other absolute transfer other than for federal and state income tax purposes. For all purposes other than federal and state income tax purposes, the parties' characterization of a transaction as a sale of an interest in securitized utility tariff property shall be conclusive that the transaction is a true sale and that ownership has passed to the party characterized as the purchaser, regardless of whether the purchaser has possession of any documents evidencing or pertaining to the interest. A sale or similar outright transfer of an interest in securitized utility tariff property may occur only when all of the following have occurred:

- a. The financing order creating the securitized utility tariff property has become effective;
- b. The documents evidencing the transfer of securitized utility tariff property have been executed by the assignor and delivered to the assignee; and
- c. Value is received for the securitized utility tariff property.

After such a transaction, the securitized utility tariff property is not subject to any claims of the transferor or the transferor's creditors, other than creditors holding a prior security interest in the securitized utility tariff property perfected in accordance with this section.

(b) The characterization of the sale, assignment, or other transfer as an absolute transfer and true sale and the corresponding characterization of the property interest of the purchaser, shall not be affected or impaired by the occurrence of any of the following factors:

- a. Commingling of securitized utility tariff charges with other amounts;
- b. The retention by the seller of (i) a partial or residual interest, including an equity interest, in the securitized utility tariff property, whether direct or indirect, or whether subordinate or otherwise, or (ii) the right to recover costs associated with taxes, franchise fees, or license fees imposed on the collection of securitized utility tariff charges;
- c. Any recourse that the purchaser may have against the seller;
- d. Any indemnification rights, obligations, or repurchase rights made or provided by the seller;
- e. The obligation of the seller to collect securitized utility tariff charges on behalf of an assignee;
- f. The transferor acting as the servicer of the securitized utility tariff charges or the existence of any contract that authorizes or requires the electrical corporation, to the extent that any

interest in securitized utility tariff property is sold or assigned, to contract with the assignee or any financing party that it will continue to operate its system to provide service to its customers, will collect amounts in respect of the securitized utility tariff charges for the benefit and account of such assignee or financing party, and will account for and remit such amounts to or for the account of such assignee or financing party;

g. The treatment of the sale, conveyance, assignment, or other transfer for tax, financial reporting, or other purposes;

h. The granting or providing to bondholders a preferred right to the securitized utility tariff property or credit enhancement by the electrical corporation or its affiliates with respect to such securitized utility tariff bonds;

i. Any application of the formula-based true-up mechanism as provided in this section.

(c) Any right that an electrical corporation has in the securitized utility tariff property before its pledge, sale, or transfer or any other right created under this section or created in the financing order and assignable under this section or assignable pursuant to a financing order is property in the form of a contract right or a chose in action. Transfer of an interest in securitized utility tariff property to an assignee is enforceable only upon the later of:

a. The issuance of a financing order;

b. The assignor having rights in such securitized utility tariff property or the power to transfer rights in such securitized utility tariff property to an assignee;

c. The execution and delivery by the assignor of transfer documents in connection with the issuance of securitized utility tariff bonds; and

d. The receipt of value for the securitized utility tariff property.

An enforceable transfer of an interest in securitized utility tariff property to an assignee is perfected against all third parties, including subsequent judicial or other lien creditors, when a notice of that transfer has been given by the filing of a financing statement in accordance with subsection 7 of this section. The transfer is perfected against third parties as of the date of filing.

(d) The priority of a transfer perfected under this section is not impaired by any later modification of the financing order or securitized utility tariff property or by the commingling of funds arising from securitized utility tariff property with other funds. Any other security interest that may apply to those funds, other than a security interest perfected under this section, is terminated when they are transferred to a segregated account for the assignee or a financing party. If securitized utility tariff property has been transferred to an assignee or financing party, any proceeds of that property shall be held in trust for the assignee or financing party.

(e) The priority of the conflicting interests of assignees in the same interest or rights in any securitized utility tariff property is determined as follows:

a. Conflicting perfected interests or rights of assignees rank according to priority in time of perfection. Priority dates from the time a filing covering the transfer is made in accordance with subsection 7 of this section;

b. A perfected interest or right of an assignee has priority over a conflicting unperfected interest or right of an assignee;

c. A perfected interest or right of an assignee has priority over a person who becomes a lien creditor after the perfection of such assignee's interest or right.

6. The description of securitized utility tariff property being transferred to an assignee in any sale agreement, purchase agreement, or other transfer agreement, granted or pledged to a pledgee in any security agreement, pledge agreement, or other security document, or indicated in any financing statement is only sufficient if such description or indication refers to the financing order that created the securitized utility tariff property and states that the agreement or financing statement covers all or part of the property described in the financing order. This section applies

to all purported transfers of, and all purported grants or liens or security interests in, securitized utility tariff property, regardless of whether the related sale agreement, purchase agreement, other transfer agreement, security agreement, pledge agreement, or other security document was entered into, or any financing statement was filed.

7. The secretary of state shall maintain any financing statement filed to perfect a sale or other transfer of securitized utility tariff property and any security interest in securitized utility tariff property under this section in the same manner that the secretary of state maintains financing statements filed under the code to perfect a security interest in collateral owned by a transmitting utility. Except as otherwise provided in this section, all financing statements filed pursuant to this section shall be governed by the provisions regarding financing statements and the filing thereof under the code, including part 5 of article 9 of the code. A security interest in securitized utility tariff property may be perfected only by the filing of a financing statement in accordance with this section, and no other method of perfection shall be effective. Notwithstanding any provision of the code to the contrary, a financing statement filed pursuant to this section is effective until a termination statement is filed under the code, and no continuation statement need be filed to maintain its effectiveness. A financing statement filed pursuant to this section may indicate that the debtor is a transmitting utility, and without regard to whether the debtor is an electrical corporation, an assignee or otherwise qualifies as a transmitting utility under the code, but the failure to make such indication shall not impair the duration and effectiveness of the financing statement.

8. The law governing the validity, enforceability, attachment, perfection, priority, and exercise of remedies with respect to the transfer of an interest or right or the pledge or creation of a security interest in any securitized utility tariff property shall be the laws of this state.

9. Neither the state nor its political subdivisions are liable on any securitized utility tariff bonds, and the bonds are not a debt or a general obligation of the state or any of its political subdivisions, agencies, or instrumentalities, nor are they special obligations or indebtedness of the state or any agency or political subdivision. An issue of securitized utility tariff bonds does not, directly, indirectly, or contingently, obligate the state or any agency, political subdivision, or instrumentality of the state to levy any tax or make any appropriation for payment of the securitized utility tariff bonds, other than in their capacity as consumers of electricity. All securitized utility tariff bonds shall contain on the face thereof a statement to the following effect: "Neither the full faith and credit nor the taxing power of the state of Missouri is pledged to the payment of the principal of, or interest on, this bond."

10. All of the following entities may legally invest any sinking funds, moneys, or other funds in securitized utility tariff bonds:

(1) Subject to applicable statutory restrictions on state or local investment authority, the state, units of local government, political subdivisions, public bodies, and public officers, except for members of the commission, the commission's technical advisory and other staff, or employees of the office of the public counsel;

(2) Banks and bankers, savings and loan associations, credit unions, trust companies, savings banks and institutions, investment companies, insurance companies, insurance associations, and other persons carrying on a banking or insurance business;

(3) Personal representatives, guardians, trustees, and other fiduciaries;

(4) All other persons authorized to invest in bonds or other obligations of a similar nature.

11. (1) The state and its agencies, including the commission, pledge and agree with bondholders, the owners of the securitized utility tariff property, and other financing parties that the state and its agencies will not take any action listed in this subdivision. This subdivision does not preclude limitation or alteration if full compensation is made by law for the full protection of the securitized utility tariff charges collected pursuant to a financing order and of the

bondholders and any assignee or financing party entering into a contract with the electrical corporation. The prohibited actions are as follows:

(a) Alter the provisions of this section, which authorize the commission to create an irrevocable contract right or chose in action by the issuance of a financing order, to create securitized utility tariff property, and make the securitized utility tariff charges imposed by a financing order irrevocable, binding, or nonbypassable charges for all existing and future retail customers of the electrical corporation except its existing special contract customers;

(b) Take or permit any action that impairs or would impair the value of securitized utility tariff property or the security for the securitized utility tariff bonds or revises the securitized utility tariff costs for which recovery is authorized;

(c) In any way impair the rights and remedies of the bondholders, assignees, and other financing parties;

(d) Except for changes made pursuant to the formula-based true-up mechanism authorized under this section, reduce, alter, or impair securitized utility tariff charges that are to be imposed, billed, charged, collected, and remitted for the benefit of the bondholders, any assignee, and any other financing parties until any and all principal, interest, premium, financing costs and other fees, expenses, or charges incurred, and any contracts to be performed, in connection with the related securitized utility tariff bonds have been paid and performed in full.

(2) Any person or entity that issues securitized utility tariff bonds may include the language specified in this subsection in the securitized utility tariff bonds and related documentation.

12. An assignee or financing party is not an electrical corporation or person providing electric service by virtue of engaging in the transactions described in this section.

13. If there is a conflict between this section and any other law regarding the attachment, assignment, or perfection, or the effect of perfection, or priority of, assignment or transfer of, or security interest in securitized utility tariff property, this section shall govern.

14. If any provision of this section is held invalid or is invalidated, superseded, replaced, repealed, or expires for any reason, that occurrence does not affect the validity of any action allowed under this section which is taken by an electrical corporation, an assignee, a financing party, a collection agent, or a party to an ancillary agreement; and any such action remains in full force and effect with respect to all securitized utility tariff bonds issued or authorized in a financing order issued under this section before the date that such provision is held invalid or is invalidated, superseded, replaced, or repealed, or expires for any reason.

393.1705. REPLACEMENT RESOURCES INVESTMENT — PETITION, APPROVAL, AMOUNT — BASE DETERMINATION — DEFERRALS — PETITION PROCEDURE. — 1. For purposes of this section, the term "replacement resources" shall mean:

(1) Renewable generation facilities which produce electric energy from wind, solar thermal sources, photovoltaic cells and panels, dedicated crops grown for energy production, cellulosic agricultural residues, plant residues, methane from landfills, from agricultural operations, or from wastewater treatment, thermal depolymerization or pyrolysis for converting waste material to energy, clean and untreated wood such as pallets, hydropower, not including pumped storage, that does not require a new diversion or impoundment of water and that has a nameplate rating of ten megawatts or less, and fuel cells using hydrogen produced by one of the above-named replacement sources;

(2) Generation facilities which produce electric energy from natural gas that enable the electrical corporation to:

(a) Provide electric energy when renewable generation facilities and energy storage facilities are insufficient to meet the needs of the electrical corporation's system;

(b) Meet requirements of the electrical corporation's regional transmission organization; or

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

- (c) Serve the objectives of both paragraphs (a) and (b) of this subdivision;
- (3) Energy storage facilities that enable the electrical corporation to:
 - (a) Provide electric energy when renewable generation facilities are not generating electric energy in sufficient quantities to meet the needs of the electrical corporation's system;
 - (b) Meet requirements of the electrical corporation's regional transmission organization; or
 - (c) Serve the objectives of both paragraphs (a) and (b) of this subdivision; and
 - (4) Transmission facilities that enable the delivery of electric energy from renewable generation facilities or energy storage facilities, including but not limited to, interconnection, network upgrades, voltage and reactive power support, and transmission facilities needed to maintain reliability as a result of the retirement of generation facilities.

2. If requested by an electrical corporation in a petition filed concurrently with a petition filed under subsection 2 of section 393.1700 to recover securitized utility tariff costs and notwithstanding any other provision of chapter 386 or 393 to the contrary, including section 393.170 which section shall not apply to the construction of replacement resources as defined in subsection 1 of this section:

(1) Except for electric generating facilities retired or abandoned prior to August 28, 2021, unless the commission issues an order rejecting a petition for a financing order filed under the provisions of section 393.1700 that was accompanied by a petition for approval of investment in replacement resources filed under the provisions of this section, the commission shall approve investment in replacement resources by the electrical corporation of an amount that is approximately equal to the undepreciated investment in the electric generating facilities covered by such petition to acquire or build an existing or new replacement resource to replace the retired or abandoned or to be retired or abandoned unit. There is no requirement that the replacement resource's capacity or energy production match the energy or capacity production of the retired or abandoned unit. Such approval shall constitute an affirmative and binding determination by the commission, to be applied in all subsequent proceedings respecting the rates of the electrical corporation, that such investment is prudent and reasonable, that the replacement resource is necessary for the electrical corporation's provision of electric service to its customers, and that such investment shall be reflected in the revenue requirement used to set the electrical corporation's base rates, subject only to the commission's authority to determine that the electrical corporation did not manage or execute the project in a reasonable and prudent manner in some respect and its authority to disallow for ratemaking purposes only that portion of the investment that would not have been incurred had the unreasonable or imprudent management or execution of the project not occurred; and

(2) The commission shall create a deferral mechanism by which the electrical corporation shall defer, to a regulatory asset or regulatory liability as appropriate, the changes in the electrical corporation's revenue requirement used to last set its base rates as specified in this subdivision. Such changes shall be deferred during the period starting on the date of retirement or abandonment of the subject unit and ending when the base rates of the electrical corporation that is the subject of the petition are changed as the result of a general rate proceeding where the rate base cutoff date in that general rate proceeding occurs on or after the retirement or abandonment. For purposes of this subdivision, the changes in the electrical corporation's revenue requirement that shall be deferred shall only consist of:

- (a) Changes in depreciation expense associated with the retired or abandoned unit;
- (b) Changes in labor and benefit costs for employees or contractors no longer employed or retained by the electrical corporation who formerly worked at the retired or abandoned unit, net of severance and relocation costs of the electrical corporation paid to such employees or contractors;

(c) Changes in nonlabor, nonfuel operations, and maintenance costs caused by the retirement or abandonment of the unit;

(d) The return on the retired or abandoned unit once it is removed from plant-in-service on the electrical corporation's books at the electrical corporation's weighted average cost of capital, plus applicable federal, state, and local income or excise taxes, used to establish the electrical corporation's revenue requirement last used to set its base rates;

(e) Depreciation expense on the replacement resources starting with the date it is recorded to plant-in-service on the electrical corporation's books;

(f) Labor and benefits costs for employees or contractors who work at the replacement resources;

(g) Nonlabor, nonfuel operations, and maintenance costs of the replacement resources; and

(h) The return on the replacement resources once they are recorded to plant-in-service on the electrical corporation's books at the electrical corporation's weighted average cost of capital, plus applicable federal, state, and local income or excise taxes, used to establish the electrical corporation's revenue requirement last used to set its base rates.

The base against which changes under paragraphs (a), (b), and (c) of this subdivision shall be the values of each such item used to set the electrical corporation's base electric rates in its last general rate proceeding concluded prior to the time the deferrals are made, provided, if the docketed record in such general rate proceeding does not specify one or more necessary revenue requirement parameters to establish the base for paragraphs (a) to (c) of this subdivision because of a "black box" settlement or otherwise, the commission shall, in the docket created by a petition filed under this section and based on the docketed record in such prior general rate proceeding, establish the missing parameters, which shall then be used to accomplish the deferrals. The base with respect to paragraphs (e), (f), and (g) of this subdivision shall be zero. Notwithstanding the foregoing provisions of this subdivision, deferrals created by this subdivision shall cease on the effective date of rates from a base rate case that shall be filed no later than one year after the subject electric generating unit was retired or abandoned. For purposes of this subdivision, the return in paragraphs (d) and (h) shall equal the weighted average cost of capital used to set the electrical corporation's base electrical rates in its last general rate proceeding concluded prior to the time the deferrals are made, provided, if the docketed record in such general rate proceeding does not specify one or more necessary revenue requirement parameters to establish the base for an item because of a "black box" settlement or otherwise, the commission shall, in the docket created by a petition filed under this section and based on the docketed record in such general rate proceeding, establish the missing parameters, which shall then be used to accomplish the deferrals.

(3) The commission shall also create a deferral mechanism by which the electrical corporation shall defer to a regulatory asset the changes in the electrical corporation's revenue requirement last used to set its base rates as specified in this subdivision. Such changes shall be deferred during the period beginning on the date deferrals cease under subdivision (2) of this subsection and ending when the electrical corporation's base rates are next changed as a result of a general rate proceeding. For purposes of this subdivision, such changes in the electrical corporation's revenue requirement that shall be deferred shall only consist of:

(a) Return on the replacement resources once they go into service on the electrical corporation's books at the electrical corporation's weighted average cost of capital, plus applicable federal, state, and local income or excise taxes, used to establish the electrical corporation's revenue requirement last used to set its base rates;

(b) Depreciation expense on the replacement resources starting with the date the replacement resource is recorded to plant in-service on the electrical corporation's books;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

(c) Increase in-labor and benefits costs for employees or contractors who work at the replacement resources; and

(d) Increase in nonlabor, nonfuel operations, and maintenance costs of the replacement resources.

Notwithstanding the foregoing provisions of this subdivision, deferrals to the regulatory asset created by this subdivision shall cease at the earlier of the date the electrical corporation's base rates are first changed after the replacement resource is recorded to plant in service on the electrical corporation's books where the rate base cutoff date in that general rate proceeding occurred on or after the retirement or abandonment, or the effective date of rates from a base rate case that shall be filed no later than one year after the unit was retired or abandoned. If there is more than one replacement resource for the retired or abandoned plant and if one or more such replacement resource is placed in service prior to the rate base cutoff date in the general rate proceeding described in subdivision (2) of this subsection, the deferrals called for under this subdivision shall be reduced as needed to reflect that event. The base with respect to paragraphs (b) and (c) of this subdivision shall be zero. For purposes of this subdivision, the return in paragraph (a) shall equal the weighted average cost of capital used to set the electrical corporation's base electric rates in its last general rate proceeding concluded prior to the time the deferrals are made, provided, if the docketed record in such general rate proceeding does not specify one or more necessary revenue requirement parameters to establish the base for an item because of a "black box" settlement or otherwise, the commission shall, in the docket created by a petition filed under this section and based on the docketed record in such prior general rate proceeding, establish the missing parameters, which shall then be used to accomplish the deferrals.

(4) Notwithstanding the provisions of section 393.1400 to the contrary, a replacement resource shall not constitute "qualifying electric plant" for purposes of section 393.1400, nor shall it constitute a renewable energy resource under section 393.1030, during the period when a deferral is occurring under subdivision (2) or (3) of this subsection. In addition, and notwithstanding the provisions of section 393.1400 to the contrary, deferrals required by this section relating to the electrical corporation's undepreciated investment in the retired or abandoned unit shall not constitute a change in accumulated depreciation when determining the return deferred on qualifying electric plant under section 393.1400.

(5) Parts of regulatory asset or liability balances created under this section that are not yet being recovered or returned through rates shall include carrying costs at the electrical corporation's weighted average cost of capital last used to set its base electric service rates or, if such cost of capital was not specified for the revenue requirement last used to set such electric service rates at the weighted average cost of capital determined by the commission under subdivision (3) of this subsection, in each case plus applicable federal, state, and local income or excise taxes. All regulatory asset or liability balances from deferrals under this subsection shall be recovered in base rates over a period equal to the remaining useful life of the replacement resource.

(6) In each general rate proceeding concluded after a deferral commences under subdivision (2) or (3) of this subsection, the regulatory asset or liability balances arising from such deferrals, as of the rate base cutoff date, shall be included in the electrical corporation's rate base without any offset, reduction, or adjustment based upon consideration of any other factor, other than to reflect any prudence disallowances ordered by the commission, with the regulatory asset balances arising from such deferrals that occur after the rate base cutoff date to be included in rate base in the next general rate proceeding. The provisions of this section shall not be construed to affect existing law respecting burdens of production and persuasion in general rate proceedings.

3. Proceedings on a petition submitted pursuant to this section begin with the filing of a petition by an electrical corporation under this section that is filed concurrently with a petition submitted under section 393.1700, and shall be disposed of in accordance with the requirements of chapters 386 and 393 and the rules of the commission, except as follows:

(1) The commission shall establish a procedural schedule that permits a commission decision no later than two hundred fifteen days after the date the petition is filed. Such procedural schedule adopted by the commission in connection with a petition filed under this section shall contain the same milestones and requirements as the procedural schedule adopted in a proceeding seeking approval of a financing order under section 393.1700 and shall run concurrently therewith;

(2) No later than two hundred fifteen days after the date the petition is filed, the commission shall issue an order approving the petition or, if it also rejects the accompanying petition for a financing order filed under section 393.1700, rejecting the petition. Judicial review may be had only in accordance with sections 386.500 and 386.510.

393.1715. RETIREMENT OF GENERATING FACILITIES, RATEMAKING PRINCIPLES AND TREATMENT AS APPLIED TO BASE RATES, RETIREMENT DATE, USEFUL LIFE, AND DEPRECIATION — PROCEDURE — MONITORING — RETIREMENT OF COAL-FIXED GENERATING ASSETS IN RATE BASE — RULEMAKING AUTHORITY. — 1. An electrical corporation may petition the commission for a determination of the ratemaking principles and treatment, as proposed by the electrical corporation, that will apply to the reflection in base rates of the electrical corporation's capital and noncapital costs associated with the proposed retirement of one or more of the electrical corporation's generating facilities. Without limiting the foregoing, such principles and treatment may also establish the retirement date and useful life parameters used to set depreciation rates for such facilities. Except as provided for in subsection 4 of this section, the ratemaking principles and treatment approved by the commission under this section for such facilities shall apply to the determination of the revenue requirement in each of the electrical corporation's post-determination general rate proceedings until such time as such facility is fully depreciated on the electrical corporation's books.

2. If the commission fails to issue a determination within two hundred fifteen days that a petition for determination of ratemaking principles and treatment is filed, the ratemaking principles and treatment proposed by the petitioning electrical corporation shall be deemed to have been approved by the commission.

3. Subject to the provisions of subsection 4 of this section, ratemaking principles and treatment approved by the commission, or deemed to have been approved under subsection 2 of this section, shall be binding for ratemaking purposes.

4. (1) An electrical corporation with ratemaking principles and treatment approved by the commission, or deemed to have been approved under subsection 2 of this section, shall monitor the major factors and circumstances relating to the facility to which such principles and treatment apply. Such factors and circumstances include, but are not limited to:

- (a) Terrorist activity or an act of God;
- (b) A significant change in federal or state tax laws;
- (c) A significant change in federal utility laws or regulations or a significant change in generally accepted accounting principles;
- (d) An unexpected, extended outage or shutdown of a major generating unit, other than any major generating unit shut down due to an extended outage at the time of the approval of the ratemaking principles and treatment;
- (e) A significant change in the cost or reliability of power generation technologies;
- (f) A significant change in fuel prices and wholesale electric market conditions;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

- (g) A significant change in the cost or effectiveness of emission control technologies;
- (h) A significant change in the price of emission allowances;
- (i) A significant change in the electrical corporation's load forecast;
- (j) A significant change in capital market conditions;
- (k) A significant change in the scope or effective dates of environmental regulations; or
- (l) A significant change in federal or state environmental laws.

(2) If the electrical corporation determines that one or more major factor or circumstance has changed in a manner that warrants a change in the approved ratemaking principles and treatment, then it shall file a notice in the docket in which the approved ratemaking principles and treatment were established within forty-five days of any such determination. In its notification, the electrical corporation shall:

(a) Explain and specify the changes it contends are appropriate to the ratemaking principles and treatment and the reasons for the proposed changes;

(b) Provide a description of the alternatives that it evaluated and the process that it went through in developing its proposed changes; and

(c) Provide detailed workpapers that support the evaluation and the process whereby proposed changes were developed.

(3) If a party has concerns regarding the proposed changes, that party shall file a notice of its concerns within thirty days of the electrical corporation's filing. If the parties agree on a resolution of the concerns, the agreement shall be submitted to the commission for approval. If the parties do not reach agreement on changes to the ratemaking principles and treatment within ninety days of the date the electrical corporation filed its notice, whether the previously approved ratemaking and treatment will be changed shall be determined by the commission. If a party to the docket in which the approved ratemaking principles and treatment were approved believes that one or more major factor or circumstance has changed in a manner that warrants a change in the approved ratemaking principles and treatment and if the electrical corporation does not agree the principles and treatment should be changed, such party shall file a notice in the docket in which the approved ratemaking principles and treatment were established within forty-five days of any such determination. In its notification, such party shall:

(a) Explain and specify the changes it contends are appropriate to the ratemaking principles and treatment and the reasons for the proposed changes;

(b) Provide a description of the alternatives that it evaluated and the process that it went through in developing its proposed changes; and

(c) Provide detailed workpapers that support the evaluation and the process whereby proposed changes were developed.

(4) If a party, including the electrical corporation, has concerns regarding the proposed changes, that party shall file a notice of its concerns within thirty days of the other party's filing. If the parties do not reach agreement on changes to the ratemaking principles and treatment within ninety days of the date the notice was filed, whether the previously approved ratemaking and treatment will be changed shall be determined by the commission.

5. A determination of ratemaking principles and treatment under this section does not preclude an electrical corporation from also petitioning the commission under either or both of sections 393.1700 and 393.1705, provided that any costs to which such ratemaking principles and treatment would have applied in the electrical corporation's general rate proceedings which become funded by securitized utility tariff bond proceeds from a securitized utility tariff bond issued under section 393.1700 shall not thereafter be reflected in the electrical corporation's base rates.

6. If determined by the commission to be just, reasonable, and necessary for the provision of safe and adequate service, the electrical corporation may be permitted to retain coal-fired

generating assets in rate base and recover costs associated with operating the coal-fired assets that remain in service to provide greater certainty that generating capacity will be available to provide essential service to customers, including during extreme weather events, and the commission shall not disallow any portion of such cost recovery on the basis that such coal-fired generating assets operate at a low capacity factor, or are off-line and providing capacity only, during normal operating conditions.

7. The commission may promulgate rules necessary to implement the provisions of sections 393.1700 to 393.1715. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void.

394.020. DEFINITIONS. — In this chapter, unless the context otherwise requires,

(1) "Member" means each incorporator of a cooperative and each person admitted to and retaining membership therein, and shall include a husband and wife admitted to joint membership;

(2) "Person" includes any natural person, firm, association, corporation, business trust, partnership, federal agency, state or political subdivision or agency thereof, or any body politic; and

(3) "Rural area" shall be deemed to mean any area of the United States not included within the boundaries of any city, town or village having a population in excess of ~~fifteen~~ **sixteen** hundred inhabitants, and such term shall be deemed to include both the farm and nonfarm population thereof.

The number of inhabitants specified in this subsection shall be increased by six percent every ten years after each decennial census beginning in 2030.

394.120. QUALIFICATIONS FOR MEMBERSHIP — MEETINGS — RULES — BOARD OF DIRECTORS AUTHORITY ON CERTAIN MATTERS, EXPIRES, WHEN. — 1. No person shall become a member of a cooperative unless such person shall agree to use electric energy furnished by the cooperative when such electric energy shall be available through its facilities. The bylaws of a cooperative may provide that any person, including an incorporator, shall cease to be a member thereof if he or she shall fail or refuse to use electric energy made available by the cooperative or if electric energy shall not be made available to such person by the cooperative within a specified time after such person shall have become a member thereof. Membership in the cooperative shall not be transferable, except as provided in the bylaws. The bylaws may prescribe additional qualifications and limitations in respect of membership.

(1) "Permanent service", electrical service provided through facilities which have been permanently installed on a structure and which are designed to provide electric service for the structure's anticipated needs for the indefinite future, as contrasted with facilities installed temporarily to provide electrical service during construction. Service provided temporarily shall be at the risk of the electrical supplier and shall not be determinative of the rights of the provider or recipient of permanent service;

(2) "Structure" or "structures", an agricultural, residential, commercial, industrial or other building or a mechanical installation, machinery or apparatus at which retail electric energy is being delivered through a metering device which is located on or adjacent to the structure and connected to the lines of an electrical supplier. Such terms shall include any contiguous or adjacent additions to or expansions of a particular structure. Nothing in this section shall be construed to confer any right on ~~a rural electric cooperative~~ **an electric supplier** to serve new structures on a particular tract of land because it was serving an existing structure on that tract.

2. Once a rural electric cooperative, or its predecessor in interest, lawfully commences supplying retail electric energy to a structure through permanent service facilities, it shall have the right to continue serving such structure, and other suppliers of electrical energy shall not have the right to provide service to the structure except as might be otherwise permitted in the context of municipal annexation, pursuant to section 386.800 and section 394.080, or pursuant to a territorial agreement approved under section 394.312. The public service commission, upon application made by an affected party, may order a change of suppliers on the basis that it is in the public interest for a reason other than a rate differential, and the commission is hereby given jurisdiction over rural electric cooperatives to accomplish the purpose of this section. The commission's jurisdiction under this section is limited to public interest determinations and excludes questions as to the lawfulness of the provision of service, such questions being reserved to courts of competent jurisdiction. Except as provided herein, nothing in this section shall be construed as otherwise conferring upon the commission jurisdiction over the service, rates, financing, accounting or management of any such cooperative, and except as provided in this section, nothing contained herein shall affect the rights, privileges or duties of existing cooperatives pursuant to this chapter. Nothing in this section shall be construed to make lawful any provision of service which was unlawful prior to July 11, 1991. Nothing in this section shall be construed to make unlawful the continued lawful provision of service to any structure which may have had a different supplier in the past, if such a change in supplier was lawful at the time it occurred. However, those customers who had

3. Notwithstanding the provisions of this section, section 91.025, section 393.106, and section 394.080 to the contrary, in the event that a retail electric supplier is providing service to a structure located within a city, town, or village that has ceased to be a rural area, and such structure is demolished and replaced by a new structure, such retail electric service supplier may provide permanent service to the new structure upon the request of the owner of the new structure.

620.2010. RETENTION OF WITHHOLDING TAX FOR NEW JOBS, WHEN — TAX CREDITS AUTHORIZED, REQUIREMENTS — ALTERNATE INCENTIVES. — 1. In exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created, a qualified company may, for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, retain an amount equal to the withholding tax as calculated under subdivision (38) of section 620.2005 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 if:

(1) The qualified company creates ten or more new jobs, and the average wage of the new payroll equals or exceeds ninety percent of the county average wage;

(2) The qualified company creates two or more new jobs at a project facility located in a rural area, the average wage of the new payroll equals or exceeds ninety percent of the county average wage, and the qualified company commits to making at least one hundred thousand dollars of new capital investment at the project facility within two years; or

(3) The qualified company creates two or more new jobs at a project facility located within a zone designated under sections 135.950 to 135.963, the average wage of the new payroll equals or exceeds eighty percent of the county average wage, and the qualified company commits to making at least one hundred thousand dollars in new capital investment at the project facility within two years of approval.

2. In addition to any benefits available under subsection 1 of this section, the department may award a qualified company that satisfies subdivision (1) of subsection 1 of this section additional tax credits, issued each year for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, in an amount equal to or less than six percent of new payroll; provided that in no event may the total amount of benefits awarded to a qualified company under this section exceed nine percent of new payroll in any calendar year. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection or a qualified manufacturing company under subsection 3 of this section, the department shall consider the following factors:

(1) The significance of the qualified company's need for program benefits;

(2) The amount of projected net fiscal benefit to the state of the project and the period in which the state would realize such net fiscal benefit;

(3) The overall size and quality of the proposed project, including the number of new jobs, new capital investment, manufacturing capital investment, proposed wages, growth potential of the qualified company, the potential multiplier effect of the project, and similar factors;

(4) The financial stability and creditworthiness of the qualified company;

(5) The level of economic distress in the area;

(6) An evaluation of the competitiveness of alternative locations for the project facility, as applicable; and

(7) The percent of local incentives committed.

3. (1) The department may award tax credits to a qualified manufacturing company that makes a manufacturing capital investment of at least five hundred million dollars not more than three years following the department's approval of a notice of intent and the execution of an agreement that meets the requirements of subsection 4 of this section. Such tax credits shall be issued no earlier than January 1, 2023, and may be issued each year for a period of five years. A qualified manufacturing company may qualify for an additional five-year period under this subsection if it makes an additional manufacturing capital investment of at least two hundred fifty million dollars within five years of the department's approval of the original notice of intent.

(2) The maximum amount of tax credits that any one qualified manufacturing company may receive under this subsection shall not exceed five million dollars per calendar year. The aggregate amount of tax credits awarded to all qualified manufacturing companies under this subsection shall not exceed ten million dollars per calendar year.

(3) If, at the project facility at any time during the project period, the qualified manufacturing company discontinues the manufacturing of the new product, or discontinues the modification or expansion of an existing product, and does not replace it with a subsequent or additional new product or with a modification or expansion of an existing product, the company shall immediately cease receiving any benefit awarded under this subsection for the remainder of the project period and shall forfeit all rights to retain or receive any benefit awarded under this subsection for the remainder of such period.

(4) Notwithstanding any other provision of law to the contrary, any qualified manufacturing company that is awarded benefits under this section shall not simultaneously receive tax credits or exemptions under sections 100.700 to 100.850 for the jobs created or retained or capital improvement that qualified for benefits under this section. The provisions of subsection 5 of section 285.530 shall not apply to a qualified manufacturing company that is awarded benefits under this section.

4. Upon approval of a notice of intent to receive tax credits under subsection 2, 3, 6, or 7 of this section, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

(1) The committed number of new jobs, new payroll, and new capital investment, or the manufacturing capital investment and committed percentage of retained jobs for each year during the project period;

(2) The date or time period during which the tax credits shall be issued, which may be immediately or over a period not to exceed two years from the date of approval of the notice of intent;

(3) Clawback provisions, as may be required by the department;

(4) Financial guarantee provisions as may be required by the department, provided that financial guarantee provisions shall be required by the department for tax credits awarded under subsection 7 of this section; and

(5) Any other provisions the department may require.

5. In lieu of the benefits available under sections 1 and 2 of this section, and in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may, for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified

company is an existing Missouri business, retain an amount equal to the withholding tax as calculated under subdivision (38) of section 620.2005 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 equal to:

(1) Six percent of new payroll for a period of five years from the date the required number of new jobs were created if the qualified company creates one hundred or more new jobs and the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage of the county in which the project facility is located; or

(2) Seven percent of new payroll for a period of five years from the date the required number of jobs were created if the qualified company creates one hundred or more new jobs and the average wage of the new payroll equals or exceeds one hundred forty percent of the county average wage of the county in which the project facility is located.

The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subsection and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subsection.

6. In addition to the benefits available under subsection 5 of this section, the department may award a qualified company that satisfies the provisions of subsection 5 of this section additional tax credits, issued each year for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, in an amount equal to or less than three percent of new payroll; provided that in no event may the total amount of benefits awarded to a qualified company under this section exceed nine percent of new payroll in any calendar year. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the factors provided under subsection 2 of this section.

7. In lieu of the benefits available under subsections 1, 2, 5, and 6 of this section, and in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs and new capital investment created by the program, the department may award a qualified company that satisfies the provisions of subdivision (1) of subsection 1 of this section tax credits, issued within one year following the qualified company's acceptance of the department's proposal for benefits, in an amount equal to or less than nine percent of new payroll. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the factors provided under subsection 2 of this section and the qualified company's commitment to new capital investment and new job creation within the state for a period of not less than ten years. For the purposes of this subsection, each qualified company shall have an average wage of the new payroll that equals or exceeds one hundred percent of the county average wage. Notwithstanding the provisions of section 620.2020 to the contrary, this subsection, shall expire on June 30, 2025.

8. No benefits shall be available under this section for any qualified company that has performed significant, project-specific site work at the project facility, purchased machinery or equipment related to the project, or has publicly announced its intention to make new capital investment or manufacturing capital investment at the project facility prior to receipt of a proposal for benefits under this section or approval of its notice of intent, whichever occurs first.

9. In lieu of any other benefits under this chapter, the department of economic development may award a tax credit to an industrial development authority for a qualified military project in an amount

equal to the estimated withholding taxes associated with the **part-time and full-time** civilian and military new jobs located at the facility and directly impacted by the project. The amount of the tax credit shall be calculated by multiplying:

- (1) The average percentage of tax withheld, as provided by the department of revenue to the department of economic development;
- (2) The average salaries of the jobs directly created by the qualified military project; and
- (3) The number of jobs directly created by the qualified military project.

If the amount of the tax credit represents the least amount necessary to accomplish the qualified military project, the tax credits may be issued, but no tax credits shall be issued for a term longer than fifteen years. No qualified military project shall be eligible for tax credits under this subsection unless the department of economic development determines the qualified military project shall achieve a net positive fiscal impact to the state.

SECTION B. EMERGENCY CLAUSE. — Because of the importance of military jobs to the state, section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section A of this act shall be in full force and effect upon its passage and approval.

(2) "County average wage", the average wage in each county as determined by the Missouri department of economic development for the most recently completed full calendar year. However, if the computed county average wage is above the statewide average wage, the statewide average wage shall be deemed the county average wage for such county for the purpose of determining eligibility;

(3) "New job", the number of full-time employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time employees at related facilities below the related facility base employment. No job that was created prior to the date of the notice of intent shall be deemed a new job. An employee that spends less than fifty percent of the employee's work time at the facility is still considered to be located at a facility if the employee receives his or her directions and control from that facility, is on the facility's payroll, one hundred percent of the employee's income from such employment is Missouri income, and the employee is paid at or above the county average wage;

(4) "Related facility", a facility operated by a company or a related company prior to the establishment of the AIM zone in question located within any port district, as defined under section 68.015, which is directly related to the operations of the facility within the new AIM zone.

Such zone may only include the area within the port authority's jurisdiction, ownership, or control, and may include any such area. The port authority shall determine the boundaries for each AIM zone, and more than one AIM zone may exist within the port authority's jurisdiction or under the port authority's ownership or control, and may be expanded or contracted by resolution of the port authority board of commissioners.

4. Fifty percent of the state tax withholdings imposed by sections 143.191 to 143.265 on new jobs within such zone after development or redevelopment has commenced shall not be remitted to the general revenue fund of the state of Missouri. Such moneys shall be deposited into the port authority AIM zone fund established under subsection 5 of this section for the purpose of continuing to expand, develop, and redevelop AIM zones identified by the port authority board of commissioners and may be used for managerial, engineering, legal, research, promotion, planning, satisfaction of bonds issued under section 68.040, and any other expenses.

5. There is hereby created in the state treasury the "Port Authority AIM Zone Fund", which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and shall approve disbursements from the fund in accordance with sections 30.170 and 30.180 to the port authorities from which the funds were collected, less the pro-rata portion appropriated by the general assembly to be used solely for the administration of this section which shall not exceed ten percent of the total amount collected within the zones of a port authority. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

6. The port authority shall approve any projects that begin construction and disperse any money collected under this section. The port authority shall submit an annual budget for the funds to the department of economic development explaining how and when such money will be spent.

7. The provisions of this section shall also apply to motor vehicles towed under section 304.155 or 304.157.

8. The provisions of this section shall not apply to counties of the third or fourth classification.

Current or former refinery sites or petroleum pipeline or marine terminals are not eligible for participation in the fund.

2. The board shall establish an advisory committee which shall be composed of insurers, owners and operators of petroleum storage tanks, and other interested parties. The advisory committee established pursuant to this subsection shall report to the board. The committee shall monitor the fund and recommend statutory and administrative changes as may be necessary to assure efficient operation of the fund. The committee, in consultation with the board and the department of commerce and insurance, shall report every two years to the general assembly on the availability and affordability of the private insurance market as a viable method of meeting the financial responsibilities required by state and federal law in lieu of the petroleum storage tank insurance fund.

3. (1) Except as otherwise provided by this section, any person seeking to participate in the insurance fund shall submit an application to the board of trustees and shall certify that the petroleum tanks meet or exceed and are in compliance with all technical standards established by the United States Environmental Protection Agency, except those standards and regulations pertaining to spill prevention control and counter-measure plans, and rules established by the Missouri department of natural resources and the Missouri department of agriculture. The applicant shall submit proof that the applicant has a reasonable assurance of the tank's integrity. for loans, guarantees or other credit, and which includes the debtor's aboveground storage tanks or underground storage tanks, or both such tanks shall provide notice to the fund of any transfer of creditor to subsidiary or affiliate. Liability pursuant to sections 319.100 to 319.137 shall be confined to such creditor or such creditor's subsidiary or affiliate. A creditor shall apply for a transfer of coverage and shall present evidence indicating a lien, contractual right, or operation of law permitting such transfer, and may utilize the creditor's affiliate or subsidiary to hold legal title to the specific real property taken in satisfaction of debts. Creditors may be listed as insured or additional insured on the insurance fund, and not merely as mortgagees, and may assign or otherwise transfer the debtor's rights in the insurance fund to the creditor's affiliate or subsidiary, notwithstanding any limitations in the insurance fund on assignments or transfer of the debtor's rights.

(3) Any person participating in the fund shall annually submit an amount established pursuant to subsection 1 of section 319.133 which shall be deposited to the credit of the petroleum storage tank insurance fund.

4. Any person making a claim pursuant to this section and sections 319.129 and 319.133 shall be liable for the first ten thousand dollars of the cost of cleanup associated with a release from a petroleum storage tank without reimbursement from the fund. The petroleum storage tank insurance fund shall assume all costs, except as provided in subsection 5 of this section, which are greater than ten thousand dollars but less than one million dollars per occurrence or two million dollars aggregate per year. The liability of the petroleum storage tank insurance fund is not the liability of the state of Missouri. The provisions of sections 319.100 to 319.137 shall not be construed to broaden the liability of the state of Missouri beyond the provisions of sections 537.600 to 537.610 nor to abolish or waive any defense which might otherwise be available to the state or to any person. The presence of existing contamination at a site where a person is seeking insurance in accordance with this section shall not affect that person's ability to participate in this program, provided the person meets all other requirements of this section. Any person who qualifies pursuant to sections 319.100 to 319.137 and who has requested approval of a project for remediation from the fund, which request has not yet been decided upon shall annually be sent a status report including an estimate of when the project may expect to be funded and other pertinent information regarding the request.

5. The fund shall provide coverage for third-party claims involving property damage or bodily injury caused by leaking petroleum storage tanks whose owner or operator is participating in the fund at the time the release occurs or is discovered. Coverage for third-party property damage or bodily injury shall be in addition to the coverage described in subsection 4 of this section but the total liability of the petroleum storage tank insurance fund for all cleanup costs, property damage, and bodily injury shall not exceed one million dollars per occurrence or two million dollars aggregate per year. The fund shall not compensate an owner or operator for repair of damages to property beyond that required to contain and clean up a release of a regulated substance or compensate an owner or operator or any third party for loss or damage to other property owned or belonging to the owner or operator, or for any loss or damage of an intangible nature, including, but not limited to, loss or interruption of business, pain and suffering of any person, lost income, mental distress, loss of use of any benefit, or punitive damages.

6. [The fund shall, within limits specified in this section, assume costs of third-party claims and cleanup of contamination caused by releases from petroleum storage tanks.] **In addition to other coverage limits in this section, the fund shall provide the defense of eligible third-party claims including the negotiations of any settlement and may specify a legal defense cost coverage limit.**

7. Nothing contained in sections 319.100 to 319.137 shall be construed to abrogate or limit any right, remedy, causes of action, or claim by any person sustaining personal injury or property damage as a result of any release from any type of petroleum storage tank, nor shall anything contained in sections 319.100 to 319.137 be construed to abrogate or limit any liability of any person in any way responsible for any release from a petroleum storage tank or any damages for personal injury or property damages caused by such a release.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

8. (1) The fund shall provide moneys for cleanup of contamination caused by releases from petroleum storage tanks, the owner or operator of which is participating in the fund or the owner or operator of which has made application for participation in the fund by December 31, 1997, regardless of when such release occurred, provided that those persons who have made application are ultimately accepted into the fund. Applicants shall not be eligible for fund benefits until they are accepted into the fund. This section shall not preclude the owner or operator of petroleum storage tanks coming into service after December 31, 1997, from making application to and participating in the petroleum storage tank insurance fund.

(2) Notwithstanding the provisions of section 319.100 and the provisions of subdivision (1) of this section, the fund shall provide moneys for cleanup of contamination caused by releases from petroleum storage tanks owned by school districts all or part of which are located in a county of the third classification without a township form of government and having a population of more than ten thousand seven hundred but less than eleven thousand inhabitants, and which make application for participation in the fund by August 28, 1999, regardless of when such release occurred. Applicants shall not be eligible for fund benefits until they are accepted into the fund, and costs incurred prior to that date shall not be eligible expenses.

9. (1) The fund shall provide moneys for cleanup of contamination caused by releases from underground storage tanks which contained petroleum and which have been taken out of use prior to December 31, 1997, provided such sites have been documented by or reported to the department of natural resources prior to December 31, 1997, and provided further that the fund shall make no reimbursements for expenses incurred prior to August 28, 1995. The fund shall also provide moneys for cleanup of contamination caused by releases from underground storage tanks which contained petroleum and which have been taken out of use prior to December 31, 1985, if the current owner of the real property where the tanks are located purchased such property before December 31, 1985, provided such sites are reported to the fund on or before June 30, 2000. The fund shall make no payment for expenses incurred at such sites prior to August 28, 1999. Nothing in sections 319.100 to 319.137 shall affect the validity of any underground storage tank fund insurance policy in effect on August 28, 1996.

(2) An owner or operator who submits a request as provided in this subsection is not required to bid the costs and expenses associated with professional environmental engineering services. The board may disapprove all or part of the costs and expenses associated with the environmental engineering services if the costs are excessive based upon comparable service costs or current market value of similar services. The owner or operator shall solicit bids for actual remediation and cleanup work as provided by rules of the board.

(3) After December 31, 2017, the current legal owner of the site shall be the responsible party for corrective action, pursuant to section 319.109, of any releases from underground storage tanks described in this subsection, provided the creditor, who is a successor in interest as provided in subdivision (2) of subsection 3 of this section, is subject to no greater or lesser responsibility for corrective action than such successor in interest would have on or before December 31, 2017. Nothing in this subdivision shall in any way be construed to alter, alleviate, or modify in any manner any liabilities that the fund has to pay for in cleaning up the site.

10. (1) The fund shall provide moneys for cleanup of contamination caused by releases from aboveground storage tanks utilized for the sale of products regulated by chapter 414 which have been taken out of use prior to December 31, 1997, provided such sites have been documented by or reported to the department of natural resources prior to December 31, 1997, and provided further that the fund shall make no reimbursements for expenses incurred prior to July 1, 1997.

(2) After December 31, 2017, the current legal owner of the site shall be the responsible party for corrective action of any releases from aboveground storage tanks described in this subsection, provided the creditor, who is a successor in interest as provided in subdivision (2) of subsection 3 of this section,

is subject to no greater or lesser responsibility for corrective action than such successor in interest would have on or before December 31, 2017. Nothing in this subdivision shall in any way be construed to alter, alleviate, or modify in any manner any liabilities that the fund has to pay for in cleaning up the site.

ISSUANCE OF PRODUCER'S LICENSE, DURATION — LINES OF AUTHORITY — BIENNIAL RENEWAL FEE FOR AGENTS, DUE WHEN — REINSTATEMENT OF LICENSE, WHEN — FAILURE TO COMPLY, EFFECT — RULEMAKING AUTHORITY. — 1. Unless denied licensure pursuant to section 375.141, persons who have met the requirements of sections 375.014, 375.015 and 375.016 shall be issued an insurance producer license for a term of two years. An insurance producer may qualify for a license in one or more of the following lines of authority:

(1) Life insurance coverage on human lives including benefits of endowment and annuities, and may include benefits in the event of death or dismemberment by accident and benefits for disability income;

(2) Accident and health or sickness insurance coverage for sickness, bodily injury or accidental death and may include benefits for disability income;

(3) Property insurance coverage for the direct or consequential loss or damage to property of every kind;

(6) Personal lines property and casualty insurance coverage sold to individuals and families for primarily noncommercial purposes;

(7) Credit-limited line credit insurance;

(8) Any other line of insurance permitted under state laws or regulations.

2. Any insurance producer who is certified by the Federal Crop Insurance Corporation on September 28, 1995, to write federal crop insurance shall not be required to have a property license for the purpose of writing federal crop insurance.

3. The biennial renewal fee for a producer's license is one hundred dollars for each license. A producer's license shall be renewed biennially on the [anniversary] **birth** date of [issuance] **the producer** and continue in effect until refused, revoked, or suspended by the director in accordance with section 375.141.

4. An individual insurance producer who allows his or her license to expire may, within twelve months from the due date of the renewal fee, reinstate the same license without the necessity of passing a written examination. The insurance producer seeking relicensing pursuant to this subsection shall provide proof that the continuing education requirements have been met and shall pay a penalty of twenty-five dollars per month that the license was expired in addition to the requisite renewal fees that would have been paid had the license been renewed in a timely manner. Nothing in this subsection shall require the director to relicense any insurance producer determined to have violated the provisions of section 375.141.

5. A business entity insurance producer that allows the license to expire may, within twelve months of the due date of the renewal, reinstate the license by paying the license fee that would have been paid had the license been renewed in a timely manner plus a penalty of twenty-five dollars per month that the license was expired.

6. The license shall contain the name, address, identification number of the insurance producer, the date of issuance, the lines of authority, the expiration date and any other information the director deems necessary.

7. Insurance producers shall inform the director by any means acceptable to the director of a change of address within thirty days of the change. Failure to timely inform the director of a change in legal name or address may result in a forfeiture not to exceed the sum of ten dollars per month.

8. In order to assist the director in the performance of his or her duties, the director may contract with nongovernmental entities, including the National Association of Insurance Commissioners or any affiliates or subsidiaries that the organization oversees or through any other method the director deems appropriate, to perform any ministerial functions, including the collection of fees, related to producer licensing that the director may deem appropriate.

9. Any bank or trust company in the sale or issuance of insurance products or services shall be subject to the insurance laws of this state and rules adopted by the department of commerce and insurance.

10. A licensed insurance producer who is unable to comply with license renewal procedures due to military service or some other extenuating circumstance, such as a long-term medical disability, may request a waiver of those procedures. The producer may also request a waiver of any other fine or sanction imposed for failure to comply with renewal procedures.

11. The director may promulgate rules using the authority granted under section 375.045 to assist in the implementation of this section, including prorating licensure periods so that all renewals after January 1, 2022, shall occur biennially on a licensee's birth date.

375.029. CONTINUING EDUCATION CREDIT, PARTICIPATION IN PROFESSIONAL INSURANCE ASSOCIATION QUALIFIES, WHEN, HOURS — RULEMAKING AUTHORITY. — 1. As used in this section, the following terms mean:

(1) "Director", the director of the department of commerce and insurance;

(2) "Insurance producer", a person required to be licensed under the laws of this state to sell, solicit, or negotiate insurance.

2. (1) Subject to approval by the director, an insurance producer's active participation as an individual member or employee of a business entity producer member of a local, regional, state, or national professional insurance association may be approved for up to four hours of continuing education credit per each biennial reporting period.

(2) An insurance producer shall not use continuing education credit granted under this section to satisfy continuing education hours required to be completed in a classroom or classroom-equivalent setting or to satisfy any continuing education ethics requirements.

(3) The continuing education hours referenced in subdivision (1) of subsection 2 of this section shall be credited upon the timely filing with the director by the insurance producer of an appropriate written statement in a form acceptable to the director or by a certification from the local, regional, state, or national professional insurance association through written form or electronic filing acceptable to the director.

3. The director may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void.

375.246. REINSURANCE, WHEN ALLOWED AS AN ASSET OR REDUCTION FROM LIABILITY.
— 1. Credit for reinsurance shall be allowed a domestic ceding insurer as either an asset or a reduction from liability on account of reinsurance ceded only when the reinsurer meets the requirements of

subdivisions (1) [to] , **(2), (3), (4), (5), (6), or (7)** of this subsection; **provided further, that the director may adopt by rule under subdivision (2) of subsection 4 of this section specific additional requirements relating to or setting forth the valuation of assets or reserve credits, the amount and forms of security supporting reinsurance arrangements described in subdivision (2) of subsection 4 of this section, or the circumstances under which credit will be reduced or eliminated.** Credit shall be allowed pursuant to subdivision (1), (2) or (3) of this subsection only as respects cessions of those kinds or classes of business which the assuming insurer is licensed or otherwise permitted to write or assume in its state of domicile or, in the case of a United States branch of an alien assuming insurer, in the state through which it is entered and licensed to transact insurance or reinsurance. Credit shall be allowed pursuant to subdivision (3), (4), or (5) of this subsection only if the applicable requirements of subdivision [(7)] **(8)** have been satisfied.

(1) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is licensed to transact insurance in this state;

(2) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is accredited by the director as a reinsurer in this state. In order to be eligible for accreditation, a reinsurer shall:

(a) File with the director evidence of its submission to this state's jurisdiction;

(b) Submit to the authority of the department of commerce and insurance to examine its books and records;

(c) Be licensed to transact insurance or reinsurance in at least one state, or in the case of a United States branch of an alien assuming insurer is entered through and licensed to transact insurance or reinsurance in at least one state;

(d) File annually with the director a copy of its annual statement filed with the insurance department of its state of domicile and a copy of its most recent audited financial statement; and

(e) Demonstrate to the satisfaction of the director that it has adequate financial capacity to meet its reinsurance obligations and is otherwise qualified to assume reinsurance from domestic insurers. An assuming insurer is deemed to meet such requirement as of the time of its application if it maintains a surplus regarding policyholders in an amount not less than twenty million dollars and its accreditation has not been denied by the director within ninety days after submission of its application;

(3) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is domiciled in, or in the case of a United States branch of an alien assuming insurer is entered through, a state that employs standards regarding credit for reinsurance substantially similar to those applicable under this statute and the assuming insurer or United States branch of an alien assuming insurer:

(a) Maintains a surplus as regards policyholders in an amount not less than twenty million dollars; except that this paragraph does not apply to reinsurance ceded and assumed pursuant to pooling arrangements among insurers in the same holding company system; and

(b) Submits to the authority of the department of commerce and insurance to examine its books and records;

(4) (a) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that maintains a trust fund in a qualified United States financial institution, as defined in subdivision (2) of subsection 3 of this section, for the payment of the valid claims of its United States ceding insurers, their assigns and successors in interest. To enable the director to determine the sufficiency of the trust fund, the assuming insurer shall report annually to the director information substantially the same as that required to be reported on the National Association of Insurance Commissioners' annual statement form by licensed insurers. The assuming insurer shall submit to examination of its books and records by the director.

(b) Credit for reinsurance shall not be granted pursuant to this subdivision unless the form of the trust and any amendments to the trust have been approved by:

a. The commissioner or director of the state agency regulating insurance in the state where the trust is domiciled; or

b. The commissioner or director of another state who, pursuant to the terms of the trust instrument, has accepted principal regulatory oversight of the trust.

(c) The form of the trust and any trust amendments shall also be filed with the commissioner or director in every state in which the ceding insurer beneficiaries of the trust are domiciled. The trust instrument shall provide that contested claims shall be valid and enforceable upon the final order of any court of competent jurisdiction in the United States. The trust shall vest legal title to its assets in its trustees for the benefit of the assuming insurer's United States ceding insurers, their assigns and successors in interest. The trust and the assuming insurer shall be subject to examination as determined by the director.

(d) The trust shall remain in effect for as long as the assuming insurer has outstanding obligations due under the reinsurance agreements subject to the trust. No later than February twenty-eighth of each year the trustees of the trust shall report to the director in writing the balance of the trust and listing the trust's investments at the preceding year end and shall certify the date of termination of the trust, if so planned, or certify that the trust will not expire prior to the next following December thirty-first.

(e) The following requirements apply to the following categories of assuming insurers:

a. The trust fund for a single assuming insurer shall consist of funds in trust in an amount not less than the assuming insurer's liabilities attributable to reinsurance ceded by the United States ceding insurers, and, in addition, the assuming insurer shall maintain a trustee surplus of not less than twenty million dollars, except as provided in subparagraph b. of this paragraph;

b. At any time after the assuming insurer has permanently discontinued underwriting new business secured by the trust for at least three full years, the director with principal regulator oversight of the trust may authorize a reduction in the required trustee surplus, but only after a finding based on an assessment of risk that the new required surplus level is adequate for the protection of United States ceding insurers, policyholders, and claimants in light of reasonably foreseeable adverse loss development. The risk assessment may involve an actuarial review, including an independent analysis of reserves and cash flows, and shall consider all material risk factors including, when applicable, the lines of business involved, the stability of the incurred loss estimates, and the effect of the surplus requirements on the assuming insurer's liquidity or solvency. The minimum required trustee surplus shall not be reduced to an amount less than thirty percent of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers covered by the trust;

c. In the case of a group of incorporated and individual unincorporated underwriters:

(i) For reinsurance ceded under reinsurance agreements with an inception, amendment or renewal date on or after January 1, 1993, the trust shall consist of a trustee account in an amount not less than the respective underwriter's several liabilities attributable to business ceded by United States domiciled ceding insurers to any underwriter of the group;

(ii) For reinsurance ceded under reinsurance agreements with an inception date on or before December 31, 1992, and not amended or renewed after that date, notwithstanding the other provisions of this section, the trust shall consist of a trustee account in an amount not less than the respective underwriter's several insurance and reinsurance liabilities attributable to business in the United States; and

(iii) In addition to these trusts, the group shall maintain in trust a trustee surplus of which one hundred million dollars shall be held jointly for the benefit of the United States domiciled ceding insurers of any member of the group for all years of account;

d. The incorporated members of the group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of regulation and solvency control by the group's domiciliary regulator as are the unincorporated members;

e. Within ninety days after its financial statements are due to be filed with the group's domiciliary regulator, the group shall provide to the director an annual certification by the group's domiciliary

regulator of the solvency of each underwriter member; or if a certification is unavailable, financial statements, prepared by independent public accountants, of each underwriter member of the group;

(5) (a) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that has been certified by the director as a reinsurer in this state and secures its obligations in accordance with the requirements of this subdivision.

(b) In order to be eligible for certification, the assuming insurer shall meet the following requirements:

a. The assuming insurer shall be domiciled and licensed to transact insurance or reinsurance in a qualified jurisdiction, as determined by the director under paragraph (d) of this subdivision;

b. The assuming insurer shall maintain minimum capital and surplus, or its equivalent, in an amount to be determined by the director by rule;

c. The assuming insurer shall maintain financial strength ratings from two or more rating agencies deemed acceptable by the director by rule;

d. The assuming insurer shall agree to submit to the jurisdiction of this state, appoint the director as its agent for service of process in this state, and agree to provide security for one hundred percent of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers if it resists enforcement of a final United States judgment;

e. The assuming insurer shall agree to meet applicable information filing requirements as determined by the director, both with respect to an initial application for certification and on an ongoing basis; and

f. The assuming insurer shall satisfy any other requirements for certification deemed relevant by the director.

(c) An association including incorporated and individual unincorporated underwriters may be a certified reinsurer. To be eligible for certification, in addition to satisfying requirements of paragraph (b) of this subdivision:

a. The association shall satisfy its minimum capital and surplus requirements through the capital and surplus equivalents (net of liabilities) of the association and its members, which shall include a joint central fund that may be applied to any unsatisfied obligation of the association or any of its members, in an amount determined by the director to provide adequate protection;

b. The incorporated members of the association shall not be engaged in any business other than underwriting as a member of the association and shall be subject to the same level of regulation and solvency control by the association's domiciliary regulator as are the unincorporated members; and

c. Within ninety days after its financial statements are due to be filed with the association's domiciliary regulator, the association shall provide to the director:

(i) An annual certification by the association's domiciliary regulator of the solvency of each underwriter member; or

(ii) If a certification is unavailable, financial statements prepared by independent public accountants of each underwriter member of the association.

(d) a. The director shall create and publish a list of qualified jurisdictions, under which an assuming insurer licensed and domiciled in such jurisdiction is eligible to be considered for certification by the director as a certified reinsurer.

b. To determine whether the domiciliary jurisdiction of a non-United States assuming insurer is eligible to be recognized as a qualified jurisdiction, the director shall evaluate the appropriateness and effectiveness of the reinsurance supervisory system of the jurisdiction, both initially and on an ongoing basis, and consider the rights, benefits, and extent of reciprocal recognition afforded by the non-United States jurisdiction to reinsurers licensed and domiciled in the United States. A qualified jurisdiction shall agree to share information and cooperate with the director with respect to all certified reinsurers domiciled within that jurisdiction. A jurisdiction shall not be recognized as a qualified jurisdiction if the director has determined that the jurisdiction does not adequately and promptly enforce final United

States judgments and arbitration awards. Additional factors may be considered at the discretion of the director.

c. The director may consider a list of qualified jurisdictions published by the National Association of Insurance Commissioners (NAIC) in determining qualified jurisdictions for the purposes of this section. If the director approves a jurisdiction as qualified that does not appear on the list of qualified jurisdictions, the director shall provide thoroughly documented justification in accordance with criteria to be developed by rule.

d. United States jurisdictions that meet the requirement for accreditation under the NAIC financial standards and accreditation program shall be recognized as qualified jurisdictions.

e. If a certified reinsurer's domiciliary jurisdiction ceases to be a qualified jurisdiction, the director has the discretion to suspend the reinsurer's certification indefinitely, in lieu of revocation.

(e) The director shall assign a rating to each certified reinsurer, giving due consideration to the financial strength ratings that have been assigned by rating agencies deemed acceptable to the director by rule. The director shall publish a list of all certified reinsurers and their ratings.

(f) a. A certified reinsurer shall secure obligations assumed from United States ceding insurers under this subdivision at a level consistent with its rating, as specified in regulations promulgated by the director.

b. For a domestic ceding insurer to qualify for full financial statement credit for reinsurance ceded to a certified reinsurer, the certified reinsurer shall maintain security in a form acceptable to the director and consistent with the provisions of this section or in a multibeneficiary trust in accordance with paragraph (e) of subdivision (4) of this subsection, except as otherwise provided in this subdivision.

c. If a certified reinsurer maintains a trust to fully secure its obligations under paragraph (d) of subdivision (4) of this subsection and chooses to secure its obligations incurred as a certified reinsurer in the form of a multibeneficiary trust, the certified reinsurer shall maintain separate trust accounts for its obligations incurred under reinsurance agreements issued or renewed as a certified reinsurer with reduced security as permitted by this subsection or comparable laws of other United States jurisdictions and for its obligations subject to paragraph (e) of subdivision (4) of this subsection. It shall be a condition to the grant of certification under this section that the certified reinsurer shall have bound itself, by the language of the trust and agreement with the director with principal regulatory oversight of each such trust account, to fund, upon termination of any such trust account, out of the remaining surplus of such trust any deficiency of any other such trust account.

d. The minimum trusteed surplus requirements provided in paragraph (e) of subdivision (4) of this subsection are not applicable with respect to a multibeneficiary trust maintained by a certified reinsurer for the purpose of securing obligations incurred under this paragraph, except that such trust shall maintain a minimum trusteed surplus of ten million dollars.

e. With respect to obligations incurred by a certified reinsurer under this paragraph, if the security is insufficient, the director shall order the certified reinsurer to provide sufficient security for such incurred obligations within thirty days. If a certified reinsurer does not provide sufficient security for its obligations incurred under this subsection within thirty days of being ordered to do so by the director, the director has the discretion to allow credit in the amount of the required security for one year. Following this one-year period, the director shall impose reductions in allowable credit upon finding that there is a material risk that the certified reinsurer's obligations will not be paid in full when due.

f. (i) For purposes of this paragraph, a certified reinsurer whose certification has been terminated for any reason shall be treated as a certified reinsurer required to secure one hundred percent of its obligations.

(ii) As used in this subparagraph, the term "terminated" refers to revocation, suspension, voluntary surrender, and inactive status.

(iii) If the director continues to assign a higher rating as permitted by other provisions of this subdivision, this requirement does not apply to a certified reinsurer in inactive status or to a reinsurer whose certification has been suspended.

g. If an applicant for certification has been certified as a reinsurer in an NAIC-accredited jurisdiction, the director has the discretion to defer to that jurisdiction's certification and to the rating assigned by that jurisdiction, and such assuming insurer shall be considered to be a certified reinsurer in this state.

h. A certified reinsurer that ceases to assume new business in this state may request to maintain its certification in inactive status in order to continue to qualify for a reduction in security for its in-force business. An inactive certified reinsurer shall continue to comply with all applicable requirements of this subsection, and the director shall assign a rating that takes into account, if relevant, the reasons why the reinsurer is not assuming new business.

(6) Credit:

(a) Shall be allowed when the reinsurance is ceded to an assuming insurer meeting each of the conditions set forth below:

a. The assuming insurer shall have its head office or be domiciled in, as applicable, and be licensed in a reciprocal jurisdiction. A "reciprocal jurisdiction" is a jurisdiction that meets one of the following:

(i) A non-United States jurisdiction that is subject to an in-force covered agreement with the United States, each within its legal authority, or, in the case of a covered agreement between the United States and European Union, is a member state of the European Union. For purposes of this subdivision, a "covered agreement" is an agreement entered into pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, 31 U.S.C. Sections 313 and 314, that is currently in effect or in a period of provisional application and addresses the elimination, under specified conditions, of collateral requirements as a condition for entering into any reinsurance agreement with a ceding insurer domiciled in this state or for allowing the ceding insurer to recognize credit for reinsurance;

(ii) A United States jurisdiction that meets the requirements for accreditation under the NAIC financial standards and accreditation program; or

(iii) A qualified jurisdiction, as determined by the director pursuant to paragraph (d) of subdivision (5) of this subsection, that is not otherwise described in item (i) or (ii) of this subparagraph and that meets certain additional requirements, consistent with the terms and conditions of in-force covered agreements, as specified by the director by rule;

b. The assuming insurer shall have and maintain, on an ongoing basis, minimum capital and surplus, or its equivalent, calculated according to the methodology of its domiciliary jurisdiction, in an amount to be set forth by rule. If the assuming insurer is an association, including incorporated and individual unincorporated underwriters, it shall have and maintain, on an ongoing basis, minimum capital and surplus equivalents, net of liabilities, calculated according to the methodology applicable to its domiciliary jurisdiction, and a central fund containing a balance in amounts to be set forth by rule;

c. The assuming insurer shall have and maintain, on an ongoing basis, a minimum solvency or capital ratio, as applicable, that shall be set forth by rule. If the assuming insurer is an association, including incorporated and individual unincorporated underwriters, it shall have and maintain, on an ongoing basis, a minimum solvency or capital ratio in the reciprocal jurisdiction where the assuming insurer has its head office or is domiciled, as applicable, and is also licensed;

d. The assuming insurer shall agree and provide adequate assurance to the director, in a form specified by the director by rule, as follows:

(i) The assuming insurer shall provide prompt written notice and explanation to the director if it falls below the minimum requirements set forth in subparagraphs b or c of this paragraph or if any regulatory action is taken against it for serious noncompliance with applicable law;

(ii) The assuming insurer shall consent in writing to the jurisdiction of the courts of this state and to the appointment of the director as agent for service of process. The director may require that consent for service of process be provided to the director and included in each reinsurance agreement. Nothing in this provision shall limit, or in any way alter, the capacity of parties to a reinsurance agreement to agree to alternative dispute resolution mechanisms, except to the extent such agreements are unenforceable under applicable insolvency or delinquency laws;

(iii) The assuming insurer shall consent in writing to pay all final judgments, wherever enforcement is sought, obtained by a ceding insurer or its legal successor, that has been declared enforceable in the jurisdiction where the judgment was obtained;

(iv) Each reinsurance agreement shall include a provision requiring the assuming insurer to provide security in an amount equal to one hundred percent of the assuming insurer's liabilities attributable to reinsurance ceded pursuant to that agreement if the assuming insurer resists enforcement of a final judgment that is enforceable under the law of the jurisdiction in which it was obtained or a properly enforceable arbitration award, whether obtained by the ceding insurer or by its legal successor on behalf of its resolution estate; and

(v) The assuming insurer shall confirm that it is not presently participating in any solvent scheme of arrangement that involves this state's ceding insurers and agree to notify the ceding insurer and the director and to provide security in an amount equal to one hundred percent of the assuming insurer's liabilities to the ceding insurer, should the assuming insurer enter into such a solvent scheme of arrangement. Such security shall be in a form consistent with the provisions of subdivision (5) of this subsection and subsection 2 of this section and as specified by the director by rule;

e. The assuming insurer or its legal successor shall provide, if requested by the director, on behalf of itself and any legal predecessors, certain documentation to the director, as specified by the director by rule;

f. The assuming insurer shall maintain a practice of prompt payment of claims under reinsurance agreements, pursuant to criteria set forth by rule;

g. The assuming insurer's supervisory authority shall confirm to the director on an annual basis, as of the preceding December thirty-first or at the annual date otherwise statutorily reported to the reciprocal jurisdiction that the assuming insurer complies with the requirements set forth in subparagraphs b. and c. of this paragraph;

h. Nothing in this subdivision precludes an assuming insurer from providing the director with information on a voluntary basis;

(b) The director shall timely create and publish a list of reciprocal jurisdictions;

a. A list of reciprocal jurisdictions is published through the NAIC committee process. The director's list shall include any reciprocal jurisdiction as defined under items (i) and (ii) of subparagraph a. of paragraph (a) of this subdivision and shall consider any other reciprocal jurisdiction included on the NAIC list. The director may approve a jurisdiction that does not appear on the NAIC list of reciprocal jurisdictions in accordance with criteria to be developed under rules promulgated by the director; and

b. The director may remove a jurisdiction from the list of reciprocal jurisdictions upon a determination that the jurisdiction no longer meets the requirements of a reciprocal jurisdiction, in accordance with a process set forth by rule promulgated by the director, except that the director shall not remove from the list a reciprocal jurisdiction as defined under item (i) and (ii) of subparagraph a. of paragraph (a) of this subdivision. Upon removal of a reciprocal jurisdiction

from this list credit for reinsurance ceded to an assuming insurer that has its home office or is domiciled in that jurisdiction shall be allowed, if otherwise allowed under this section;

(c) The director shall timely create and publish a list of assuming insurers that have satisfied the conditions set forth in this subdivision and to which cessions shall be granted credit in accordance with this subdivision. The director may add an assuming insurer to such list if an NAIC accredited jurisdiction has added such assuming insurer to a list of such assuming insurers or if, upon initial eligibility, the assuming insurer submits the information to the director as required under subparagraph d. of paragraph (a) of this subdivision and complies with any additional requirements that the director may adopt by rule, except to the extent that they conflict with an applicable covered agreement;

(d) If the director determines that an assuming insurer no longer meets one or more of the requirements under this subdivision, the director may revoke or suspend the eligibility of the assuming insurer for recognition under this subdivision in accordance with procedures set forth by rule;

a. While an assuming insurer's eligibility is suspended, no reinsurance agreement issued, amended, or renewed after the effective date of the suspension qualifies for credit, except to the extent that the assuming insurer's obligations under the contract are secured in accordance with subsection 2 of this section; and

b. If an assuming insurer's eligibility is revoked, no credit for reinsurance may be granted after the effective date of the revocation with respect to any reinsurance agreements entered into by the assuming insurer, including reinsurance agreements entered into prior to the date of revocation, except to the extent that the assuming insurer's obligations under the contract are secured in a form acceptable to the director and consistent with the provisions of subsection 2 of this section;

(e) If subject to a legal process of rehabilitation, liquidation, or conservation, as applicable, the ceding insurer, or its representative, may seek and, if determined appropriate by the court in which the proceedings are pending, may obtain an order requiring that the assuming insurer post security for all outstanding ceded liabilities;

(f) Nothing in this subdivision shall limit or in any way alter the capacity of parties to a reinsurance agreement to agree on requirements for security or other terms in that reinsurance agreement, except as expressly prohibited by this section or other applicable law or regulation;

(g) Credit may be taken under this subdivision only for reinsurance agreements entered into, amended, or renewed on or after December 31, 2021, and only with respect to losses incurred and reserves reported on or after the later of the date on which the assuming insurer has met all eligibility requirements under paragraph (a) of this subdivision; or the effective date of the new reinsurance agreement, amendment, or renewal;

a. This paragraph shall not alter or impair a ceding insurer's right to take credit for reinsurance, to the extent that credit is not available under this subdivision, as long as the reinsurance qualifies for credit under any other applicable provision of this section;

b. Nothing in this subdivision shall authorize an assuming insurer to withdraw or reduce the security provided under any reinsurance agreement, except as permitted by the terms of the agreement; and

c. Nothing in this subdivision shall limit, or in any way alter, the capacity of parties to any reinsurance agreement to renegotiate the agreement;

(7) Credit:

(a) Shall be allowed when the reinsurance is ceded to an assuming insurer not meeting the requirements of subdivision (1), (2), (3), (4), [or] (5), or (6) of this subsection, but only as to the insurance of risks located in a jurisdiction of the United States where the reinsurance is required by applicable law or regulation of that jurisdiction;

(b) May be allowed in the discretion of the director when the reinsurance is ceded to an assuming insurer not meeting the requirements of subdivision (1), (2), (3), (4), ~~or (5)~~, **or (6)** of this subsection, but only as to the insurance of risks located in a foreign country where the reinsurance is required by applicable law or regulation of that country;

~~[(7)]~~ **(8)** If the assuming insurer is not licensed, accredited, or certified to transact insurance or reinsurance in this state, the credit permitted by subdivisions (3) and (4) of this subsection shall not be allowed unless the assuming insurer agrees in the reinsurance agreements:

(a) That in the event of the failure of the assuming insurer to perform its obligations under the terms of the reinsurance agreement, the assuming insurer, at the request of the ceding insurer shall submit to the jurisdiction of the courts of this state, will comply with all requirements necessary to give such courts jurisdiction, and will abide by the final decisions of such courts or of any appellate courts in this state in the event of an appeal; and

(b) To designate the director or a designated attorney as its true and lawful attorney upon whom may be served any lawful process in any action, suit or proceeding instituted by or on behalf of the ceding insurer. This paragraph is not intended to conflict with or override the obligation of the parties to a reinsurance agreement to arbitrate their disputes, if this obligation is created in the agreement and the jurisdiction and situs of the arbitration is, with respect to any receivership of the ceding company, any jurisdiction of the United States;

~~[(8)]~~ **(9)** If the assuming insurer does not meet the requirements of subdivision (1), (2) or (3) of this subsection, the credit permitted by subdivision (4) or (5) of this subsection shall not be allowed unless the assuming insurer agrees in the trust agreements to the following conditions:

(a) Notwithstanding any other provisions in the trust instrument, if the trust fund is inadequate because it contains an amount less than the amount required by paragraph (e) of subdivision (4) of this subsection, or if the grantor of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation or similar proceedings under the laws of its state or country of domicile, the trustee shall comply with an order of the commissioner or director with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the commissioner or director with regulatory oversight all of the assets of the trust fund;

(b) The assets shall be distributed by and claims shall be filed with and valued by the commissioner or director with regulatory oversight in accordance with the laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic insurance companies;

(c) If the commissioner or director with regulatory oversight determines that the assets of the trust fund or any part thereof are not necessary to satisfy the claims of the United States ceding insurers of the grantor of the trust, the assets or part thereof shall be returned by the commissioner or director with regulatory oversight to the trustee for distribution in accordance with the trust agreement; and

(d) The grantor shall waive any right otherwise available to it under United States law that is inconsistent with this subsection.

~~[(9)]~~ **(10)** (a) If an accredited or certified reinsurer ceases to meet the requirements for accreditation or certification, the director may suspend or revoke the reinsurer's accreditation or certification.

(b) The director shall give the reinsurer notice and opportunity for a hearing. The suspension or revocation shall not take effect until after the director's order on hearing, unless:

a. The reinsurer waives its right to hearing;

b. The director's order is based on regulatory action by the reinsurer's domiciliary jurisdiction or the voluntary surrender or termination of the reinsurer's eligibility to transact insurance or reinsurance business in its domiciliary jurisdiction or in the primary certifying state of the reinsurer under subdivision (5) of this subsection; or

c. The director finds that an emergency requires immediate action, and a court of competent jurisdiction has not stayed the commissioner's action.

(c) While a reinsurer's accreditation or certification is suspended, no reinsurance contract issued or renewed after the effective date of the suspension qualifies for credit except to the extent that the reinsurer's obligations under the contract are secured in accordance with subdivision (5) of this subsection or subsection 2 of this section. If a reinsurer's accreditation or certification is revoked, no credit for reinsurance shall be granted after the effective date of the revocation except to the extent that the reinsurer's obligations under the contract are secured in accordance with subdivision (5) of this subsection or subsection 2 of this section.

[(10)] (11) (a) A ceding insurer shall take steps to manage its reinsurance recoverables proportionate to its own book of business. A domestic ceding insurer shall notify the director within thirty days after reinsurance recoverables from any single assuming insurer or group of affiliated assuming insurers exceeds fifty percent of the domestic ceding insurer's last reported surplus to policyholders or after it is determined that reinsurance recoverables from any single assuming insurer or group of affiliated assuming insurers is likely to exceed such limit. The notification shall demonstrate that the exposure is safely managed by the domestic ceding insurer.

(b) A ceding insurer shall take steps to diversify its reinsurance program. A domestic ceding insurer shall notify the director within thirty days after ceding to any single assuming insurer or group of affiliated assuming insurers more than twenty percent of the ceding insurer's gross written premium in the prior calendar year or after it has determined that the reinsurance ceded to any single assuming insurer or group of affiliated assuming insurers is likely to exceed such limit. The notification shall demonstrate that the exposure is safely managed by the domestic ceding insurer.

2. An asset or reduction from liability for the reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of subsection 1 of this section shall be allowed in an amount not exceeding the liabilities carried by the ceding insurer; **provided further, that the director may adopt by rule pursuant to subdivision (2) of subsection 4 of this section specific additional requirements relating to or setting forth the valuation of assets or reserve credits, the amount and forms of security supporting reinsurance arrangements described in subdivision (2) of subsection 4 of this section or the circumstances under which credit will be reduced or eliminated.** The reduction shall be in the amount of funds held by or on behalf of the ceding insurer, including funds held in trust for the ceding insurer, under a reinsurance contract with the assuming insurer as security for the payment of obligations thereunder, if the security is held in the United States subject to withdrawal solely by, and under the exclusive control of, the ceding insurer; or, in the case of a trust, held in a qualified United States financial institution, as defined in subdivision (2) of subsection 3 of this section. This security may be in the form of:

(1) Cash;

(2) Securities listed by the securities valuation office of the National Association of Insurance Commissioners, including those deemed exempt from filing as defined by the Purposes and Procedures Manual of the Securities Valuation Office, and qualifying as admitted assets;

(3) (a) Clean, irrevocable, unconditional letters of credit issued or confirmed by a qualified United States financial institution, as defined in subdivision (1) of subsection 3 of this section, no later than December thirty-first of the year for which filing is being made, and in the possession of, or in trust for, the ceding insurer on or before the filing date of its annual statement.

(b) Letters of credit meeting applicable standards of issuer acceptability as of the dates of their issuance or confirmation, notwithstanding the issuing or confirming institution's subsequent failure to meet applicable standards of issuer acceptability, shall continue to be acceptable as security until their expiration, extension, renewal, modification or amendment, whichever first occurs;

(4) Any other form of security acceptable to the director.

3. (1) For purposes of subdivision (3) of subsection 2 of this section, a "qualified United States financial institution" means an institution that:

(a) Is organized or, in the case of a United States office of a foreign banking organization, licensed under the laws of the United States or any state thereof;

(b) Is regulated, supervised and examined by federal or state authorities having regulatory authority over banks and trust companies; and

(c) Has been determined by either the director, or the securities valuation office of the National Association of Insurance Commissioners, to meet such standards of financial condition and standing as are considered necessary and appropriate to regulate the quality of financial institutions whose letters of credit will be acceptable to the director.

(2) A "qualified United States financial institution" means, for purposes of those provisions of this law specifying those institutions that are eligible to act as a fiduciary of a trust, an institution that:

(a) Is organized, or in the case of a United States branch or agency office of a foreign banking organization, licensed under the laws of the United States or any state thereof and has been granted authority to operate with fiduciary powers; and

(b) Is regulated, supervised and examined by federal or state authorities having regulatory authority over banks and trust companies.

4. (1) The director may adopt rules and regulations implementing the provisions of this section.

(2) **The director is further authorized to adopt rules and regulations applicable to reinsurance arrangements described in paragraph (a) of this subdivision.**

(a) **A rule adopted under this subdivision may apply only to reinsurance relating to:**

a. Life insurance policies with guaranteed nonlevel gross premiums or guaranteed nonlevel benefits;

b. Universal life insurance policies with provisions resulting in the ability of a policyholder to keep a policy in force over a secondary guarantee period;

c. Variable annuities with guaranteed death or living benefits;

d. Long-term care insurance policies; or

e. Such other life and health insurance and annuity products as to which the NAIC adopts model regulatory requirements with respect to credit for reinsurance.

(b) **A rule adopted under subparagraphs a. or b. of paragraph (a) of this subdivision may apply to any treaty containing policies issued on or after January 1, 2015, or policies issued prior to January 1, 2015, if risk pertaining to such pre-2015 policies is ceded in connection with the treaty, in whole or in part, on or after January 1, 2015.**

(c) **A rule adopted under this subdivision may require the ceding insurer, in calculating the amounts or forms of security required to be held under rules promulgated under this authority, to use the valuation manual adopted in accordance with subsection 6 of section 376.380, including all amendments adopted thereto and in effect on the date as of which the calculation is made, to the extent applicable.**

(d) **A regulation adopted under this subdivision shall not apply to cessions to an assuming insurer that:**

a. Meets the conditions set forth in subdivision (6) of subsection 1 of this section, or if this state has not fully implemented provisions substantially equivalent to subdivision (6) of subsection 1 of this section by rule or otherwise, the assuming insurer is operating in accordance with provisions substantially equivalent to subdivision (6) of subsection 1 of this section in a minimum of five other states;

b. Is certified in this state; or

c. Maintains at least two hundred fifty million dollars in capital and surplus when determined in accordance with the NAIC Accounting Practices and Procedures Manual, including all amendments thereto adopted by the NAIC, excluding the impact of any permitted or prescribed practices, and is:

(i) Licensed in at least twenty-six states; or

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

(ii) Licensed in at least ten states and licensed or accredited in a total of at least thirty-five states.

(e) The authority to adopt regulations under this subdivision does not limit the director's general authority to adopt regulations under subdivision (1) of this subsection.

5. (1) The director shall disallow any credit as an asset or as a deduction from liability for any reinsurance found by him to have been arranged for the purpose principally of deception as to the ceding company's financial condition as of the date of any financial statement of the company. Without limiting the general purport of this provision, reinsurance of any substantial part of the company's outstanding risks contracted for in fact within four months prior to the date of any such financial statement and cancelled in fact within four months after the date of such statement, or reinsurance under which the assuming insurer bears no substantial insurance risk or substantial risk of net loss to itself, shall prima facie be deemed to have been arranged for the purpose principally of deception within the intent of this provision.

(2) (a) The director shall also disallow as an asset or deduction from liability to any ceding insurer any credit for reinsurance unless the reinsurance is payable to the ceding company, and if it be insolvent to its receiver, by the assuming insurer on the basis of the liability of the ceding company under the contracts reinsured without diminution because of the insolvency of the ceding company.

(b) Such payments shall be made directly to the ceding insurer or to its domiciliary liquidator except:

a. Where the contract of insurance or reinsurance specifically provides for payment to the named insured, assignee or named beneficiary of the policy issued by the ceding insurer in the event of the insolvency of the ceding insurer; or

b. Where the assuming insurer, with the consent of it and the direct insured or insureds in an assumption reinsurance transaction subject to sections 375.1280 to 375.1295, has assumed such policy obligations of the ceding insurer as direct obligations of the assuming insurer to the payees under such policies and in substitution for the obligations of the ceding insurer to such payees.

(c) Notwithstanding paragraphs (a) and (b) of this subdivision, in the event that a life and health insurance guaranty association has made the election to succeed to the rights and obligations of the insolvent insurer under the contract of reinsurance, then the reinsurer's liability to pay covered reinsured claims shall continue under the contract of reinsurance, subject to the payment to the reinsurer of the reinsurance premiums for such coverage. Payment for such reinsured claims shall only be made by the reinsurer pursuant to the direction of the guaranty association or its designated successor. Any payment made at the direction of the guaranty association or its designated successor by the reinsurer will discharge the reinsurer of all further liability to any other party for such claim payment.

(d) The reinsurance agreement may provide that the domiciliary liquidator of an insolvent ceding insurer shall give written notice to the assuming insurer of the pendency of a claim against such ceding insurer on the contract reinsured within a reasonable time after such claim is filed in the liquidation proceeding. During the pendency of such claim, any assuming insurer may investigate such claim and interpose, at its own expense, in the proceeding where such claim is to be adjudicated any defenses which it deems available to the ceding insurer, or its liquidator. Such expense may be filed as a claim against the insolvent ceding insurer to the extent of a proportionate share of the benefit which may accrue to the ceding insurer solely as a result of the defense undertaken by the assuming insurer. Where two or more assuming insurers are involved in the same claim and a majority in interest elect to interpose a defense to such claim, the expense shall be apportioned in accordance with the terms of the reinsurance agreement as though such expense had been incurred by the ceding insurer.

6. To the extent that any reinsurer of an insurance company in liquidation would have been required under any agreement pertaining to reinsurance to post letters of credit or other security prior to an order of liquidation to cover such reserves reflected upon the last financial statement filed with a regulatory authority immediately prior to receivership, such reinsurer shall be required to post letters of credit or

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

other security to cover reserves after a company has been placed in liquidation or receivership. If a reinsurer shall fail to post letters of credit or other security as required by a reinsurance agreement or the provisions of this subsection, the director may consider disallowing as a credit or asset, in whole or in part, any future reinsurance ceded to such reinsurer by a ceding insurance company that is incorporated under the laws of the state of Missouri.

7. The provisions of section 375.420 shall not apply to any action, suit or proceeding by a ceding insurer against an assuming insurer arising out of a contract of reinsurance effectuated in accordance with the laws of Missouri.

8. Notwithstanding any other provision of this section, a domestic insurer may take credit for reinsurance ceded either as an asset or a reduction from liability only to the extent such credit is allowed by the consistent application of either applicable statutory accounting principles adopted by the NAIC or other accounting principles approved by the director.

9. The director may suspend the accreditation, approval, or certification under subsection 1 of this section of any reinsurer for failure to comply with the applicable requirements of subsection 1 of this section after providing the affected reinsurer with notice and opportunity for hearing.

The policy may provide that the term employees shall include the individual proprietor or partners if the employer is an individual proprietorship or partnership. The policy may provide that the term employees shall include retired employees, former employees and directors of a corporate employer. Except as provided in paragraph (c) of this subdivision, a policy on which no part of the premium is to be derived from funds contributed by the insured employees must insure all eligible employees, except those who reject such coverage in writing; and

(c) An insurer may exclude or limit the coverage on any person as to whom evidence of individual insurability is not satisfactory to the insurer in a policy insuring fewer than ten employees and in a policy insuring ten or more employees if:

- a. Application is not made within thirty-one days after the date of eligibility for insurance; or

(4) A policy issued to a trust, or to the trustee of a fund, established or adopted by two or more employers, or by one or more labor unions or similar employee organizations, or by one or more employers and one or more labor unions or similar employee organizations, which trust or trustee shall be deemed the policyholder, to insure employees of the employers or members of the unions or organizations for the benefit of persons other than the employers or the unions or organizations, subject to the following requirements:

(e) If the health benefit plan, as defined in section 376.1350, is delivered, issued for delivery, continued or renewed, is providing coverage to any resident of this state, and is providing coverage to sole proprietors, self-employed persons, small employers as defined in subsection 2 of section 379.930, and large employers, the insurer providing the coverage to the association or trust or trustees of a fund established, created, and maintained for the benefit of members of one or more associations may be exempt from subdivision (1) of subsection 1 of section 379.936 as it relates to the association plans established under this section. The director shall find that an exemption would be in the public interest and approved and that additional classes of business may be approved under subsection 4 of section 379.934 if the director determines that the health benefit plan:

- a. Is underwritten and rated as a single employer;
- b. Has a uniform health benefit plan design option or options for all participating association members or employers;

- and

(c) The benefits are reasonable in relation to the premiums charged;

except that, an insurer may offer a policy to an employer that charges a reduced premium rate or deductible for employees who do not smoke or use tobacco products as authorized under section 290.145, and such insurer shall not be considered to be in violation of any unfair trade practice, as defined in section 379.936, even if only some employers elect to purchase such a policy and other employers do not.

376.2080. FUNDING AGREEMENT DEFINED — AUTHORITY TO ISSUE — RULEMAKING AUTHORITY. — 1. As used in this chapter and chapter 375, the term "funding agreement" means an agreement for an insurer to accept and accumulate funds and to make one or more payments at future dates in amounts that are not based on mortality or morbidity contingencies of the person to whom the funding agreement is issued. A funding agreement shall not be deemed to constitute a security, as such term is defined in section 409.1-102.

2. A life insurance company formed under this chapter may issue funding agreements. The issuance of a funding agreement shall be deemed to be doing insurance business.

3. The director may promulgate rules as necessary for the implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void.

If any insurer refuses to write a policy of automobile insurance, it shall, within thirty days after such refusal, send a written explanation of such refusal to the applicant at his last known address. Notice shall be sent by United States Postal Service certified mail, certificate of mailing, first class mail using Intelligent Mail barcode (IMb), or another mail tracking method used, approved, or accepted by the United States Postal Service. The explanation shall state:

(1) The insurer's actual reason for refusing to write the policy, the statement of reason to be sufficiently clear and specific so that a person of average intelligence can identify the basis for the insurer's decision without further inquiry. Generalized terms such as "personal habits", "living conditions", "poor morals", or "violation or accident record" shall not suffice to meet the requirements of this subdivision;

(2) That the applicant may be eligible for insurance through the assigned risk plan if other insurance is not available.

2. An insurer shall be exempt from the requirements of subsection 1 of this section if the applicant is written on a policy of automobile insurance issued by an affiliate or subsidiary within the same insurance holding company system.

379.1800. DESCRIPTION OF AUTHORIZED GROUP PERSONAL LINES PROPERTY AND CASUALTY INSURANCE — REQUIREMENTS. — 1. A policy issued to insure the employees of a public body may provide that the term "employees" shall include elected or appointed officials; and

(b) The premium for the policy shall be paid either from the employer's funds or from funds contributed by the insured employees, or from both. A policy on which no part of the premium is to be derived from funds contributed by the insured employees shall insure all eligible employees, except those who reject such coverage in writing;

(2) A policy issued to a labor union or similar employee organization, which shall be deemed to be the policyholder, to insure members of the union or organization for the benefit of persons other than the union or organization or any of its officials, representatives or agents, subject to the following requirements:

The policy may provide that the term "employees" shall include the employees of one or more subsidiary corporations and the employees, individual proprietors, and partners of one or more affiliated corporations, proprietorships, or partnerships if the business of the employer and of such affiliated corporations, proprietorships, or partnerships is under common control. The policy may provide that the term "employees" shall include the individual proprietor or partners if the employer is an individual proprietorship or partnership. The policy may provide that the term "employees" shall include directors of a corporate employer and retired employees. The policy may provide that the term "employees" shall include the trustees or their employees, or both, if their duties are principally connected with such trusteeship; and

(b) The premium for the policy shall be paid from funds contributed by the employer or employers of the insured persons, by the union or unions or similar employee organizations, or by both; from funds contributed by the insured persons; from both the insured persons and the employers; or unions or similar employee organizations. A policy on which no part of the premium is to be derived from funds contributed by the insured persons specifically for their insurance shall insure all eligible persons, except those who reject such coverage in writing; and

- b. The premium for the policy shall be paid from funds contributed by the association or associations, by employer members, or by both; from funds contributed by the insured persons or from both the insured persons and the association; associations; or employer members. A policy on which no part of the premium is to be derived from funds contributed by the insured persons specifically for their insurance shall insure all eligible persons, except those who reject such coverage in writing; and
- c. If compensation of any kind will or may be paid to the policyholder in connection with the group policy, the insurer shall cause to be distributed to prospective insureds a written notice that compensation will or may be paid. Such notice shall be distributed:
 - (i) Whether compensation is direct or indirect; and
 - (ii) Whether such compensation is paid to or retained by the policyholder or paid to or retained by a third party at the direction of the policyholder or any entity affiliated with the policyholder by ownership, contract, or employment.

The notice required by this subparagraph shall be placed on or accompany any document designed for the enrollment of prospective insureds;

Under this subsection, the definition of an eligible employee or member may include the spouse of the eligible employee or member.

2. Group personal lines property and casualty insurance offered to a resident of this state under a group personal lines property and casualty insurance policy issued or delivered to a group other than one described in subsection 1 of this section shall be subject to the following requirements:

- (1) No such group personal lines property and casualty insurance policy shall be issued or delivered in this state unless the director finds that:

 - (b) The issuance of the group policy would result in economies of acquisition or administration; and
 - (c) The benefits are reasonable in relation to the premiums charged;
- (2) No group personal lines property and casualty insurance coverage shall be offered in this state by an insurer under a policy issued or delivered in another state unless this state or another state having requirements substantially similar to those contained in subdivision (1) of this subsection has made a determination that the requirements have been met;

(4) If compensation of any kind will or may be paid to the policyholder in connection with the group policy, the insurer shall cause to be distributed to prospective insureds a written notice that compensation will or may be paid. Notice shall be distributed:

(a) Whether compensation is direct or indirect; and

(b) Whether such compensation is paid to or retained by the policyholder or paid to or retained by a third party at the direction of the policyholder or any entity affiliated with the policyholder by ownership, contract, or employment.

The notice required by this subsection shall be placed on or accompany any document designed for the enrollment of prospective insureds.

379.1803. MASTER POLICY ISSUANCE, CERTIFICATES — CONTENT OF MASTER POLICY. —

1. A master policy shall be issued to the policyholder. Eligible employees or members insured under the master policy shall receive certificates of coverage setting forth a statement as to the insurance protection to which they are entitled.

2. No master policy or certificate of insurance shall be issued or delivered in this state unless the master policy form; together with all forms for riders, certificates, and endorsements to the master policy form; shall have met the applicable filing requirements in this state. No subsequent amendments to the master policy form or forms for riders, certificates, and endorsements to the master policy form shall be issued or delivered until they have met the applicable filing requirements in this state.

3. The master policy shall set forth the coverages, exclusions, and conditions of the insurance provided therein, together with the terms and conditions of the agreement between the policyholder and the insurer. The master policy shall make express provisions for the following:

(1) Methods of premium collection;

(2) Enrollment period, effective date provisions, and eligibility standards for employees or members;

(3) Termination of the master policy; and

(4) Conversion privileges of the employees or members.

4. If the master policy provides for remittance of premium by the policyholder, failure of the policyholder to remit premiums when due shall not be regarded as nonpayment of premium by the employee or member who has made his or her contribution on a timely basis.

379.1806. BASIC PACKAGE OF COVERAGES AND LIMITS, ADDITIONAL COVERAGES OR LIMITS — REDUCED COVERAGE, WHEN — COVERAGE TERMINATED, WHEN — OPTIONAL COVERAGES OR LIMITS — STACKING PROHIBITED. — 1. The master policy shall provide a basic package of coverages and limits that are available to all eligible employees or members. The package shall include at least the minimum coverages and limits of insurance as required by law in that employee's or member's state of residence or in the state where the subject property is located, if applicable. In addition, the master policy may provide additional coverages or limits to be available at an increased premium to employees or members who qualify under the terms of the master policy.

2. The master policy shall provide coverage for all eligible employees or members who elect coverage during their initial period of eligibility, which period shall not be less than thirty-one days. Employees or members who do not elect coverage during the initial period and later request coverage shall be subject to the insurer's underwriting standards.

3. Coverage under the master policy may be reduced only as to all members of a class and shall never be reduced to a level below the limits required by applicable law.

4. Coverage under the master policy may be terminated as to an employee or member only for:

- (1) Failure of the employee or member to make required premium contributions;
- (2) Termination of the master policy in its entirety or as to the class to which the employee or member belongs;
- (3) Discontinuance of the employee's or member's membership in a class eligible for coverage; or
- (4) Termination of employment or membership.

5. If optional coverages or limits are available by law in an employee's or member's state of residence, the policyholder's acceptance or rejection of the optional coverages or limits on behalf of the group shall be binding on the employees or members. If the policyholder rejects any coverages or limits that are required by law to be provided unless rejected by the named insured, notice of the rejection shall be given to the employees or members at or before the time their certificates of coverage are delivered.

6. Stacking of coverages or limits among separate certificates of insurance is prohibited under a master policy of group personal lines property and casualty insurance; except that, if separate certificates under the same master policy are issued to relatives living in the same household, the state law pertaining to stacking of individual policies shall apply to those certificates.

379.1809. RATING PLAN, MASTER POLICY PREMIUM — RATES NOT UNFAIRLY DISCRIMINATORY, WHEN — EXPERIENCE REFUNDS OR DIVIDENDS, WHEN. — 1. No master policy or certificate of insurance shall be issued or delivered in this state unless the rating plan and amendments thereto used in the determination of the master policy premium have met the applicable filing requirements in this state.

2. Group insurance premium rates shall not be deemed unfairly discriminatory if adjusted to reflect past and prospective loss experience or group expense factors or if averaged broadly among persons insured under the master policy. Nor shall such rates be deemed to be unfairly discriminatory if they do not reflect individual rating factors, including surcharges and discounts required for individual personal lines property and casualty insurance policies.

3. Experience refunds or dividends may be paid to the policyholder of a group personal lines property and casualty insurance policy if the insurer's experience under that policy justifies experience refunds or dividends. However, if an experience refund or dividend is declared, it shall be applied by the policyholder for the sole benefit of the insured employees or members to the extent that the experience refund or dividend exceeds the policyholder's contribution to premium for the period covered by such experience refund or dividend.

379.1812. LOSS AND EXPENSE EXPERIENCE STATISTICS — EMPLOYEE PURCHASE OF INSURANCE NOT REQUIRED — PREMIUM TAXES, ALLOCATION OF PREMIUMS. — 1. An insurer issuing or delivering group personal lines property and casualty insurance shall maintain separate statistics as to the loss and expense experience pertinent thereto.

2. No insurer shall issue or deliver a group personal lines property and casualty insurance policy if it is a condition of employment or of membership in a group that any employee or member purchase insurance pursuant to the policy or if any employee or member shall be subject to any penalty by reason of his or her non-participation.

3. (1) No insurer shall issue or deliver a group personal lines property and casualty insurance policy if:

(a) The purchase of insurance available under the policy is contingent upon the purchase of any other insurance, product, or service; or

(b) The purchase or price of any other insurance, product, or service is contingent upon the purchase of insurance available under the group personal lines property and casualty insurance policy.

(2) Subdivision (1) of this subsection shall not be deemed to prohibit the reasonable requirement of safety devices, such as heat detectors, lightning rods, theft prevention equipment and the like. Neither shall subdivision (1) of this subsection be deemed to prohibit the marketing of "package" or "combination" policies.

4. The insurer's experience from its group personal lines property and casualty insurance policies shall be included in the determination of the insurer's participation in the applicable residual market plans.

5. For purposes of premium taxes, the insurer shall allocate premiums in accordance with the rules applicable to individual personal lines property and casualty insurance policies, except that any required allocation may be based on an annual survey of insureds. Premiums shall be apportioned among states without differentiation between policyholder or employee or member contributions.

379.1815. LICENSURE REQUIRED FOR AGENT OR BROKER OF POLICIES — EXCEPTION FOR CERTAIN ACTIVITIES — COUNTERSIGNATURE REQUIREMENTS PROHIBITED. — 1. No person shall act in this state as an insurance agent or broker in connection with the solicitation, negotiation, or sale of a group personal lines property and casualty insurance policy unless the person is duly licensed under sections 375.012 to 375.146 as an insurance producer for the applicable lines of insurance. However, none of the following activities engaged in by the insurer or its employees, or the policyholder or its employees, shall require the licensing of such entities or persons as insurance producers:

(1) Endorsement or recommendation of the master policy to employees or members;

(2) Distribution to employees or members, by mail or otherwise, of information pertaining to the master policy;

(3) Collection of contributions toward premium through payroll deductions or other appropriate means and remittance of the premium to an insurer; or

(4) Receipt of reimbursement from an insurer for actual, reasonable expenses incurred for administrative services that would otherwise be performed by the insurer with respect to the master policy. However, nothing herein shall supersede any applicable law or regulation that prohibits or regulates splitting of commissions with unlicensed persons, or rebating commissions or premiums.

2. No countersignature requirements shall apply to a group personal lines property and casualty insurance policy that is issued or delivered in this state pursuant to the provisions of sections 379.1800 to 379.1824.

379.1818. NOTICE OF TERMINATION, CONTENTS — CONVERSION TO INDIVIDUAL POLICY, WHEN — INAPPLICABILITY. — 1. Each employee or member covered under the master policy whose coverage thereunder terminates for any reason other than the failure to make required contributions toward premiums or at the request of the employee or member, shall receive from the insurer thirty days prior written notice of termination or ineligibility. The notice shall state the reasons for discontinuance of coverage under the master policy and shall explain the employee's or member's options for conversion to an individual policy.

2. If, within thirty days after receipt of notice of termination or ineligibility, application is made and the first premium is paid to the insurer, the employee or member shall be entitled to have issued to him or her by the insurer, or an affiliate within the same group of insurers, an

individual policy, effective upon termination or ineligibility, with coverages and limits at least equal to the minimum coverages and limits of insurance as required by the applicable state law.

3. No individual notice of termination as provided in subsection 1 of this section and no conversion privilege as provided in subsection 2 of this section shall be required if the master policy is replaced by another master policy within thirty days. Coverage under the prior master policy shall terminate when the replacement master policy becomes effective.

379.1821. LICENSURE REQUIRED FOR ISSUANCE OF POLICIES — INAPPLICABILITY TO MASS MARKETING AND CERTAIN POLICIES — RULEMAKING AUTHORITY. — 1. No master policy or certificate of insurance shall be issued or delivered in this state unless issued or delivered by an insurer which is duly licensed in this state to write the lines of insurance covered by the master policy or is an eligible nonadmitted insurer pursuant to section 384.021.

2. The provisions of sections 379.1800 to 379.1824 shall not apply to the mass marketing or any other type of marketing of individual personal lines property and casualty insurance policies.

3. Sections 379.1800 to 379.1824 shall not apply to policies of credit property or credit casualty insurance that insure the debtors of a creditor or creditors with respect to their indebtedness.

4. Sections 379.1800 to 379.1824 shall not apply to policies of personal automobile insurance or personal motor vehicle liability insurance, nor shall such sections be construed as authorizing the sale or issuance of personal automobile insurance or personal motor vehicle liability insurance under a group or master policy within this state.

5. Sections 379.1800 to 379.1812 shall not apply to policies issued by a nonadmitted insurer pursuant to chapter 384.

6. Nothing in sections 379.1800 to 379.1824 shall limit the authority of the director with respect to complaints or disputes involving residents of this state arising out of a master policy that has been issued or delivered in another state.

7. The director may promulgate rules as necessary to implement and administer the provisions of sections 379.1800 to 379.1824. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void.

379.1824. EFFECTIVE DATE. — The provisions of sections 379.1800 to 379.1824 shall become effective January 1, 2022. No master policy or certificate of insurance shall be issued or delivered in this state after the effective date unless issued or delivered in compliance with sections 379.1800 to 379.1824. A master policy or certificate that is lawfully in effect on January 1, 2022, shall comply with the provisions of sections 379.1800 to 379.1824 within twelve months of such date.

Control shall be presumed to exist if any person, directly or indirectly, owns, controls, holds with power to vote, or holds proxies representing, ten percent or more of the voting securities of any other person. This presumption may be rebutted by a showing made in the manner provided by section 382.170 that control does not exist in fact. Financial statements may include, but are not limited to, annual audited financial statements filed with the United States Securities and Exchange Commission (SEC) under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended. An insurer required to file financial statements under this subdivision may satisfy such requirement by providing the director with the most recently filed parent corporation financial statements that have been filed with the SEC;

(6) Statements that the insurer's board of directors oversees corporate governance and internal controls and that the insurer's officers or senior management have approved, implemented, and continue to maintain and monitor corporate governance and internal control procedures;

382.176. GROUP CAPITAL CALCULATION, FILING OF REPORT — EXEMPTIONS — EXCEPTIONS TO THE EXEMPTION. — 1. Except as provided in subdivisions (1) to (7) of this section, the ultimate controlling person of every insurer subject to registration shall file an annual group capital calculation as directed by the lead state director. The report shall be completed in accordance with the NAIC group capital calculation instructions, which may permit the lead state director to allow a controlling person who is not the ultimate controlling person to file the group capital calculation. The report shall be filed with the lead state director of the insurance holding company system as determined by the director in accordance with the procedures within the Financial Analysis Handbook adopted by the NAIC. The following insurance holding company systems are exempt from filing the group capital calculation:

(1) An insurance holding company system that has only one insurer within its holding company structure, that only writes business and is only licensed in its domestic state, and assumes no business from any other insurer;

(2) An insurance holding company system that is required to perform a group capital calculation specified by the United States Federal Reserve Board. The lead state director shall request the calculation from the Federal Reserve Board under the terms of information sharing agreements in effect. If the Federal Reserve Board cannot share the calculation with the lead state director, the insurance holding company system is not exempt from the group capital calculation filing;

(3) An insurance holding company system whose non-U.S. group-wide supervisor is located within a reciprocal jurisdiction as described in section 375.246 that recognizes the U.S. state regulatory approach to group supervision and group capital; and

(4) An insurance holding company system:

(a) That provides information to the lead state that meets the requirements for accreditation under the NAIC financial standards and accreditation program, either directly or indirectly through the group-wide supervisor, who has determined such information is satisfactory to allow the lead state to comply with the NAIC group supervision approach, as detailed in the Financial Analysis Handbook adopted by the NAIC; and

(b) Whose non-U.S. group-wide supervisor who is not in a reciprocal jurisdiction recognizes and accepts, as specified by the director in regulation, the group capital calculation as the worldwide group capital assessment for U.S. insurance groups that operate in that jurisdiction.

2. Notwithstanding the provisions of subdivisions (3) and (4) of subsection 1 of this section, a lead state director shall require the group capital calculation for U.S. operations of any non-U.S. based insurance holding company system where, after any necessary consultation with other supervisors or officials, it is deemed appropriate by the lead state director for prudential

oversight and solvency monitoring purposes or for ensuring the competitiveness of the insurance marketplace.

3. Notwithstanding the exemptions from filing the group capital calculation stated in subdivisions (1) to (4) of subsection 1 of this section, the lead state director has the discretion to exempt the ultimate controlling person from filing the annual group capital calculation or to accept a limited group capital filing or report in accordance with criteria as specified in regulations promulgated by the director.

4. If the lead state director determines that an insurance holding company system no longer meets one or more of the requirements for an exemption from filing the group capital calculation under this section, the insurance holding company system shall file the group capital calculation at the next annual filing date unless given an extension by the lead state director based on reasonable grounds shown.

382.177. LIQUIDITY STRESS TEST, FILING OF — SCOPE CRITERIA — NAIC COMPLIANCE. — The ultimate controlling person of every insurer subject to registration and also scoped into the NAIC liquidity stress test framework shall file the results of a specific year's liquidity stress test. The filing shall be made to the lead state insurance director of the insurance holding company system as determined by the procedures within the Financial Analysis Handbook adopted by the NAIC:

(1) The NAIC liquidity stress test framework includes scope criteria applicable to a specific data year. These scope criteria are reviewed at least annually by the NAIC's financial stability task force or its successor. Any change to the NAIC liquidity stress test framework or to the data year for which the scope criteria are to be measured shall be effective on January first of the year following the calendar year in which such changes are adopted. Insurers meeting at least one threshold of the scope criteria are considered scoped into the NAIC liquidity stress test framework for the specified data year unless the lead state insurance director, in consultation with the NAIC financial stability task force or its successor, determines the insurer shall not be scoped into the framework for that data year. Similarly, insurers that do not trigger at least one threshold of the scope criteria are considered scoped out of the NAIC liquidity stress test framework for the specified data year unless the lead state insurance director, in consultation with the NAIC financial stability task force or its successor, determines the insurer shall be scoped into the framework for that data year. Regulators wish to avoid having insurers scoped into and out of the NAIC liquidity stress test framework on a frequent basis, the lead state insurance director, in consultation with the financial stability task force or its successor, shall assess this concern as part of the determination for an insurer.

(2) The performance of, and filing of the results from, a specific year's liquidity stress test shall comply with the NAIC liquidity stress test framework's instructions and reporting templates for that year and any lead state insurance director determinations, in conjunction with the financial stability task force or its successor, provided within the framework.

4. The sharing of information by the director under sections 382.010 to 382.300 shall not constitute a delegation of regulatory or rulemaking authority, and the director is solely responsible for the administration, execution, and enforcement of the provisions of sections 382.010 to 382.300.

5. No waiver of any applicable privilege or claim of confidentiality in the documents, materials, or other information shall occur as a result of disclosure of such documents, materials, or other information to the director under this section or as a result of sharing as authorized in sections 382.010 to 382.300.

Nothing in this section shall authorize the use of any other form of leave that may have been maintained by the board prior to July 1, 2000.

217.690. BOARD MAY ORDER RELEASE OR PAROLE — ASSESSMENT, PERSONAL HEARING — FEE — RULES — ELIGIBILITY FOR PAROLE, HOW CALCULATED — FIRST DEGREE MURDER, ELIGIBILITY FOR HEARING — HEARING PROCEDURE — NOTICE — SPECIAL CONDITIONS — EDUCATION REQUIREMENTS, EXCEPTIONS — RULEMAKING AUTHORITY. — 1. All releases or paroles shall issue upon order of the **parole** board, duly adopted.

2. Before ordering the parole of any offender, the **parole** board shall conduct a validated risk and needs assessment and evaluate the case under the rules governing parole that are promulgated by the **parole** board. The **parole** board shall then have the offender appear before a hearing panel and shall conduct a personal interview with him or her, unless waived by the offender, or if the guidelines indicate the offender may be paroled without need for an interview. The guidelines and rules shall not allow for the waiver of a hearing if a victim requests a hearing. The appearance or presence may occur by means of a videoconference at the discretion of the **parole** board. A parole may be ordered for the best interest of society when there is a reasonable probability, based on the risk assessment and indicators of release readiness, that the person can be supervised under parole supervision and successfully reintegrated into the community, not as an award of clemency; it shall not be considered a reduction of sentence or a pardon. Every offender while on parole shall remain in the legal custody of the department but shall be subject to the orders of the **parole** board.

3. The division of probation and parole has discretionary authority to require the payment of a fee, not to exceed sixty dollars per month, from every offender placed under division supervision on probation, parole, or conditional release, to waive all or part of any fee, to sanction offenders for willful nonpayment of fees, and to contract with a private entity for fee collections services. All fees collected shall be deposited in the inmate fund established in section 217.430. Fees collected may be used to pay the costs of contracted collections services. The fees collected may otherwise be used to provide community corrections and intervention services for offenders. Such services include substance abuse assessment and treatment, mental health assessment and treatment, electronic monitoring services, residential facilities services, employment placement services, and other offender community corrections or intervention services designated by the division of probation and parole to assist offenders to successfully complete probation, parole, or conditional release. The [board] **division of probation and parole** shall adopt rules not inconsistent with law, in accordance with section 217.040, with respect to sanctioning offenders and with respect to establishing, waiving, collecting, and using fees.

4. The **parole** board shall adopt rules not inconsistent with law, in accordance with section 217.040, with respect to the eligibility of offenders for parole, the conduct of parole hearings or conditions to be imposed upon paroled offenders. Whenever an order for parole is issued it shall recite the conditions of such parole.

5. When considering parole for an offender with consecutive sentences, the minimum term for eligibility for parole shall be calculated by adding the minimum terms for parole eligibility for each of the consecutive sentences, except the minimum term for parole eligibility shall not exceed the minimum term for parole eligibility for an ordinary life sentence.

6. Any offender sentenced to a term of imprisonment amounting to fifteen years or more or multiple terms of imprisonment that, taken together, amount to fifteen or more years who was under eighteen years of age at the time of the commission of the offense or offenses may be eligible for parole after serving fifteen years of incarceration, regardless of whether the case is final for the purposes of appeal, and may be eligible for reconsideration hearings in accordance with regulations promulgated by the parole board.

7. The provisions of subsection 6 of this section shall not apply to an offender found guilty of murder in the first degree or capital murder who was under eighteen years of age when the offender committed the offense or offenses who may be found ineligible for parole or whose parole eligibility may be controlled by section 558.047 or 565.033.

[6.] 8. Any offender under a sentence for first degree murder who has been denied release on parole after a parole hearing shall not be eligible for another parole hearing until at least three years from the month of the parole denial; however, this subsection shall not prevent a release pursuant to subsection 4 of section 558.011.

[7.] 9. A victim who has requested an opportunity to be heard shall receive notice that the parole board is conducting an assessment of the offender's risk and readiness for release and that the victim's input will be particularly helpful when it pertains to safety concerns and specific protective measures that may be beneficial to the victim should the offender be granted release.

[8.] 10. Parole hearings shall, at a minimum, contain the following procedures:

(1) The victim or person representing the victim who attends a hearing may be accompanied by one other person;

(2) The victim or person representing the victim who attends a hearing shall have the option of giving testimony in the presence of the inmate or to the hearing panel without the inmate being present;

(3) The victim or person representing the victim may call or write the parole board rather than attend the hearing;

(4) The victim or person representing the victim may have a personal meeting with a parole board member at the parole board's central office;

(5) The judge, prosecuting attorney or circuit attorney and a representative of the local law enforcement agency investigating the crime shall be allowed to attend the hearing or provide information to the hearing panel in regard to the parole consideration; and

(6) The parole board shall evaluate information listed in the juvenile sex offender registry pursuant to section 211.425, provided the offender is between the ages of seventeen and twenty-one, as it impacts the safety of the community.

[9.] 11. The parole board shall notify any person of the results of a parole eligibility hearing if the person indicates to the parole board a desire to be notified.

[10.] 12. The parole board may, at its discretion, require any offender seeking parole to meet certain conditions during the term of that parole so long as said conditions are not illegal or impossible for the offender to perform. These conditions may include an amount of restitution to the state for the cost of that offender's incarceration.

[11.] 13. Special parole conditions shall be responsive to the assessed risk and needs of the offender or the need for extraordinary supervision, such as electronic monitoring. The parole board shall adopt rules to minimize the conditions placed on low-risk cases, to frontload conditions upon release, and to require the modification and reduction of conditions based on the person's continuing stability in the community. Parole board rules shall permit parole conditions to be modified by parole officers with review and approval by supervisors.

[12.] 14. Nothing contained in this section shall be construed to require the release of an offender on parole nor to reduce the sentence of an offender heretofore committed.

[13.] 15. Beginning January 1, 2001, the parole board shall not order a parole unless the offender has obtained a high school diploma or its equivalent, or unless the parole board is satisfied that the

offender, while committed to the custody of the department, has made an honest good-faith effort to obtain a high school diploma or its equivalent; provided that the director may waive this requirement by certifying in writing to the **parole** board that the offender has actively participated in mandatory education programs or is academically unable to obtain a high school diploma or its equivalent.

[14.] **16.** Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

At the end of the **parole** board's review, the **parole** board shall provide the offender with a copy of a statement of reasons for its parole decision.

3. Any offender released under the provisions of this section shall be under the supervision of the [parole board] **division of probation and parole** for an amount of time to be determined by the **parole** board.

(16) [Excursion gambling boats shall cruise, unless the commission finds that the best interest of Missouri and the safety of the public indicate the need for continuous docking of the excursion gambling boat in any city or county authorized pursuant to subsection 10 of section 313.812.] The commission shall base its decision to [allow continuously docked] **license** excursion gambling boats on any of the following criteria: the docking location or the excursion cruise could cause danger to the boat's passengers, violate federal law or the law of another state, or cause disruption of interstate commerce or possible interference with railway or barge transportation. [In addition,] The commission shall consider economic feasibility or impact that would benefit land-based development and permanent job creation. The commission shall not discriminate among applicants for [continuous-docking] excursion gambling **boats** that are similarly situated with respect to the criteria set forth in this section;

(19) To take any other action as may be reasonable or appropriate to enforce sections 313.800 to 313.850 and the commission rules.

The commission shall decide the number, location and type of excursion gambling boat in a city or county under subsection 10 of this section. The license shall set forth the name of the licensee, the type of license granted, the place where the excursion gambling boat will operate [and] **or** dock, including the docking of an excursion gambling boat which is continuously docked, and other information the commission deems appropriate. The commission shall have the ultimate responsibility of deciding the number, location, and type of excursion gambling boats licensed in a city or county; however, any city or county which has complied with the provisions of subsection 10 of this section shall submit to the commission a plan outlining the following:

[(1)] **(a)** The recommended number of licensed excursion gambling boats operating in such city or county;

[(2)] **(b)** The recommended licensee or licensees operating in such city or county;

[(3)] **(c)** The community's economic development or impact and affirmative action plan concerning minorities' and women's ownership, contracting and employment for the waterfront development;

[(4)] **(d)** The city or county proposed sharing of revenue with any other municipality;

[(5)] **(e)** Any other information such city or county deems necessary; and

[(6)] **(f)** Any other information the commission may determine is necessary.

(2) The commission shall provide for due dates for receiving such plan from the city or county.

2. A license to operate an excursion gambling boat shall only be granted to an applicant upon the express conditions that:

(1) The applicant shall not, by a lease, contract, understanding, or arrangement of any kind, grant, assign, or turn over to a person the operation of an excursion gambling boat licensed under this section or of the system of wagering described in section 313.817. This section does not prohibit a management contract with a person licensed by the commission; and

(2) The applicant shall not in any manner permit a person other than the licensee and the management licensee to have a share, percentage, or proportion of the money received for admissions to the excursion gambling boat.

3. The commission shall require, as a condition of granting a license, that an applicant operate an excursion gambling boat which, as nearly as practicable, resembles or is a part of Missouri's or the home dock city's or county's riverboat history.

4. The commission shall encourage through its rules and regulations the use of Missouri resources, goods and services in the operation of any excursion gambling boat.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

5. The excursion gambling boat shall provide for nongaming areas, food service and a Missouri theme gift shop. The amount of space used for gaming shall be determined in accordance with all rules and regulations of the commission and, **if applicable**, the United States Coast Guard safety regulations.

6. A license to operate gambling games or to operate an excursion gambling boat shall not be granted unless the applicant has, through clear and convincing evidence, demonstrated financial responsibility sufficient to meet adequately the requirements of the proposed enterprise.

7. Each applicant shall establish by clear and convincing evidence its fitness to be licensed. Without limitation, the commission may deny a license based solely on the fact that there is evidence that any of the following apply:

- (1) The applicant has been suspended from operating an excursion gambling boat or a game of chance or gambling operation in another jurisdiction by a board or commission of that jurisdiction;
- (2) The applicant is not the true owner of the enterprise proposed;
- (3) The applicant is not the sole owner, and other persons have ownership in the enterprise, which fact has not been disclosed;
- (4) The applicant is a corporation that is not publicly traded and ten percent or more of the stock of the corporation is subject to a contract or option to purchase at any time during the period for which the license is to be issued unless the contract or option was disclosed to the commission and the commission approved the sale or transfer during the period of the license;
- (5) The applicant has knowingly made a false statement of a material fact to the commission; or
- (6) The applicant has failed to meet a valid, bona fide monetary obligation in connection with an excursion gambling boat.

8. A license shall not be granted if the applicant has not established the applicant's good repute and moral character or if the applicant has pled guilty to, or has been convicted of, a felony. No licensee shall employ or contract with any person who has pled guilty to, or has been convicted of, a felony to perform any duties directly connected with the licensee's privileges under a license granted pursuant to this section, except that employees performing nongaming related occupations as determined by the commission shall be exempt from the requirements of this subsection.

9. Except as provided in section 313.817, a licensee shall not lend to any person money or any other thing of value for the purpose of permitting that person to wager on any gambling game authorized by law. This does not prohibit credit card or debit card transactions or cashing of checks. Any check cashed, other than a credit instrument, **[must]** shall be deposited within twenty-four hours. Except for any credit instrument, the commission may require licensees to verify a sufficient account balance exists before cashing any check. Any licensee who violates the provisions of this subsection shall be subject to an administrative penalty of five thousand dollars for each violation. Such administrative penalties shall be assessed and collected by the commission.

10. **(1)** Gambling excursions including the operation of gambling games on an excursion gambling boat which is not continuously docked shall be allowed only on the Mississippi River and the Missouri River. No license to conduct gambling games on an excursion gambling boat in a city or county shall be issued unless and until the qualified voters of the city or county approve such activities pursuant to this subsection. The question shall be submitted to the qualified voters of the city or county at a general, primary or special election upon the motion of the governing body of the city or county or upon the petition of fifteen percent of the qualified voters of the city or county determined on the basis of the number of votes cast for governor in the city or county at the last election held prior to the filing of the petition.

(2) The question shall be submitted in substantially the following form:

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

(3) If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the commission may license excursion gambling boats in that city or county and such boats may operate on the Mississippi River and the Missouri River. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the commission shall not license such excursion gambling boats in such city or county unless and until the question is again submitted to and approved by a majority of the qualified voters of the city or county at a later election. Excursion gambling boats may only dock in a city or unincorporated area of a county which approves licensing of such excursion gambling boats pursuant to this subsection, but gambling operations may be conducted at any point on the Mississippi River or the Missouri River during an excursion. Those cities and counties which have approved by election pursuant to this subsection, except those cities or counties which have subsequently rejected by election, the licensing of any type of excursion gambling boats in the city or county prior to April 6, 1994, are exempt from any local election requirement of this section as such previous election shall have the same effect as if held after May 20, 1994.

13. An excursion gambling boat licensed by the state shall meet all of the requirements of chapter 306 and is subject to an inspection of its sanitary facilities to protect the environment and water quality by the commission or its designee before a license to operate an excursion gambling boat is issued by the commission. Licensed excursion gambling boats shall also be subject to such inspections during the period of the license as may be deemed necessary by the commission. The cost of such inspections shall be paid by the licensee.

14. A holder of any license shall be subject to imposition of penalties, suspension or revocation of such license, or if the person is an applicant for licensure, the denial of the application, for any act or failure to act by [himself] **such person** or [his] **such person's** agents or employees, that is injurious to the public health, safety, morals, good order and general welfare of the people of the state of Missouri, or that would discredit or tend to discredit the Missouri gaming industry or the state of Missouri unless the licensee proves by clear and convincing evidence that it is not guilty of such action. The commission shall take appropriate action against any licensee who violates the law or the rules and regulations of the commission. Without limiting other provisions of this subsection, the following acts or omissions may be grounds for such discipline:

(1) Failing to comply with or make provision for compliance with sections 313.800 to 313.850, the rules and regulations of the commission or any federal, state or local law or regulation;

(2) Failing to comply with any rule, order or ruling of the commission or its agents pertaining to gaming;

(6) For a class A misdemeanor, a term not to exceed one year;

(7) For a class B misdemeanor, a term not to exceed six months;

2. In cases of class D and E felonies, the court shall have discretion to imprison for a special term not to exceed one year in the county jail or other authorized penal institution, and the place of confinement shall be fixed by the court. If the court imposes a sentence of imprisonment for a term longer than one year upon a person convicted of a class D or E felony, it shall commit the person to the custody of the department of corrections.

(a) One-third for terms of nine years or less;

(2) "Conditional release" means the conditional discharge of an offender by the [board of probation and] parole **board**, subject to conditions of release that the **parole board** deems reasonable to assist the offender to lead a law-abiding life, and subject to the supervision under the [state board] **division** of probation and parole. The conditions of release shall include avoidance by the offender of any other offense, federal or state, and other conditions that the **parole board** in its discretion deems reasonably necessary to assist the releasee in avoiding further violation of the law.

5. The date of conditional release from the prison term may be extended up to a maximum of the entire sentence of imprisonment by the [board of probation and] parole **board**. The director of any division of the department of corrections except the [board] **division** of probation and parole may file with the [board of probation and] parole **board** a petition to extend the conditional release date when an offender fails to follow the rules and regulations of the division or commits an act in violation of such rules. Within ten working days of receipt of the petition to extend the conditional release date, the [board of probation and] parole **board** shall convene a hearing on the petition. The offender shall be present and may call witnesses in his or her behalf and cross-examine witnesses appearing against the offender. The hearing shall be conducted as provided in section 217.670. If the violation occurs in close proximity to the conditional release date, the conditional release may be held for a maximum of fifteen working days to permit necessary time for the division director to file a petition for an extension with the **parole board** and for the **parole board** to conduct a hearing, provided some affirmative manifestation of an intent to extend the conditional release has occurred prior to the conditional release date. If at the end of a fifteen-working-day period a **parole board** decision has not been reached, the offender shall be released conditionally. The decision of the **parole board** shall be final.

558.026. CONCURRENT AND CONSECUTIVE TERMS OF IMPRISONMENT. — 1. (2) Statutory rape in the first degree;
(3) Sodomy in the first degree, forcible sodomy, or sodomy;
(4) Statutory sodomy in the first degree; or
(5) An attempt to commit any of the felonies listed in this subsection. The sentences imposed for any other offense may run concurrently.

2. If a person who is on probation, parole or conditional release is sentenced to a term of imprisonment for an offense committed after the granting of probation or parole or after the start of his **or her** conditional release term, the court shall direct the manner in which the sentence or sentences imposed by the court shall run with respect to any resulting probation, parole or conditional release revocation term or terms. If the subsequent sentence to imprisonment is in another jurisdiction, the court

shall specify how any resulting probation, parole or conditional release revocation term or terms shall run with respect to the foreign sentence of imprisonment.

3. A court may cause any sentence it imposes to run concurrently with a sentence an individual is serving or is to serve in another state or in a federal correctional center. If the Missouri sentence is served in another state or in a federal correctional center, subsection 4 of section 558.011 and section 217.690 shall apply as if the individual were serving his **or her** sentence within the department of corrections of the state of Missouri, except that a personal hearing before the [board of probation and] parole **board** shall not be required for parole consideration.

558.031. CALCULATION OF TERMS OF IMPRISONMENT — CREDIT FOR JAIL TIME AWAITING TRIAL. — 1. A sentence of imprisonment shall commence when a person convicted of an offense in this state is received into the custody of the department of corrections or other place of confinement where the offender is sentenced.

2. Such person shall receive credit toward the service of a sentence of imprisonment for all time in prison, jail or custody after [the offense occurred] **conviction** and before the commencement of the sentence, when the time in custody was related to that offense, **and the circuit court may, when pronouncing sentence, award credit for time spent in prison, jail, or custody after the offense occurred and before conviction toward the service of the sentence of imprisonment**, except:

- (1) Such credit shall only be applied once when sentences are consecutive;
- (2) Such credit shall only be applied if the person convicted was in custody in the state of Missouri, unless such custody was compelled exclusively by the state of Missouri's action; and
- (3) As provided in section 559.100.

[2.] 3. The officer required by law to deliver a person convicted of an offense in this state to the department of corrections shall endorse upon the papers required by section 217.305 both the dates the offender was in custody and the period of time to be credited toward the service of the sentence of imprisonment, except as endorsed by such officer.

[3.] 4. If a person convicted of an offense escapes from custody, such escape shall interrupt the sentence. The interruption shall continue until such person is returned to the correctional center where the sentence was being served, or in the case of a person committed to the custody of the department of corrections, to any correctional center operated by the department of corrections. An escape shall also interrupt the jail time credit to be applied to a sentence which had not commenced when the escape occurred.

[4.] 5. If a sentence of imprisonment is vacated and a new sentence imposed upon the offender for that offense, all time served under the vacated sentence shall be credited against the new sentence, unless the time has already been credited to another sentence as provided in subsection 1 of this section.

[5.] 6. If a person released from imprisonment on parole or serving a conditional release term violates any of the conditions of his or her parole or release, he or she may be treated as a parole violator. If the [board of probation and] parole **board** revokes the parole or conditional release, the paroled person shall serve the remainder of the prison term and conditional release term, as an additional prison term, and the conditionally released person shall serve the remainder of the conditional release term as a prison term, unless released on parole.

7. **Subsection 2 of this section shall be applicable to offenses occurring on or after August 28, 2021.**

558.046. REDUCTION OF TERM OF SENTENCE, CONDITIONS. — The sentencing court may, upon petition, reduce any term of sentence or probation pronounced by the court or a term of conditional release or parole pronounced by the [state board of probation and] parole **board** if the court determines that:

Any person placed on probation in a county of the first class or second class or in any city with a population of five hundred thousand or more and detained as herein provided shall be subject to all provisions of section 221.170, even though he **or she** was not convicted and sentenced to a jail or workhouse.

(1) In misdemeanor cases, the period of detention under this section shall not exceed the shorter of thirty days or the maximum term of imprisonment authorized for the misdemeanor by chapter 558.

(2) In felony cases, the period of detention under this section shall not exceed one hundred twenty days.

(3) If probation is revoked and a term of imprisonment is served by reason thereof, the time spent in a jail, half-way house, honor center, workhouse or other institution as a detention condition of probation shall be credited against the prison or jail term served for the offense in connection with which the detention condition was imposed.

559.105. RESTITUTION MAY BE ORDERED, WHEN — LIMITATION ON RELEASE FROM PROBATION — AMOUNT OF RESTITUTION. — 1. Any person who has been found guilty of or has pled guilty to an offense may be ordered by the court to make restitution to the victim for the victim's losses due to such offense. Restitution pursuant to this section shall include, but not be limited to a victim's reasonable expenses to participate in the prosecution of the crime.

2. No person ordered by the court to pay restitution pursuant to this section shall be released from probation until such restitution is complete. If full restitution is not made within the original term of probation, the court shall order the maximum term of probation allowed for such offense.

3. Any person eligible to be released on parole shall be required, as a condition of parole, to make restitution pursuant to this section. The [board of probation and] parole **board** shall not release any person from any term of parole for such offense until the person has completed such restitution, or until the maximum term of parole for such offense has been served.

4. The court may set an amount of restitution to be paid by the defendant. Said amount may be taken from the inmate's account at the department of corrections while the defendant is incarcerated. Upon conditional release or parole, if any amount of such court-ordered restitution is unpaid, the payment of the unpaid balance may be collected as a condition of conditional release or parole by the prosecuting attorney or circuit attorney under section 559.100. The prosecuting attorney or circuit attorney may refer any failure to make such restitution as a condition of conditional release or parole to the parole board for enforcement.

559.106. LIFETIME SUPERVISION OF CERTAIN SEXUAL OFFENDERS — ELECTRONIC MONITORING — TERMINATION AT AGE SIXTY-FIVE PERMITTED, WHEN. — 1. Notwithstanding any statutory provision to the contrary, when a court grants probation to an offender who has been found guilty of an offense in:

(2) Section 566.068, 566.069, 566.210, 566.211, 573.200, or 573.205 based on an act committed on or after January 1, 2017, against a victim who was less than fourteen years of age and the offender is a prior sex offender as defined in subsection 2 of this section;

the court shall order that the offender be supervised by the [board] **division** of probation and parole for the duration of his or her natural life.

2. For the purpose of this section, a prior sex offender is a person who has previously been found guilty of an offense contained in chapter 566, or violating section 568.020, when the person had sexual intercourse or deviate sexual intercourse with the victim, or of violating subdivision (2) of subsection 1 of section 568.045.

3. When probation for the duration of the offender's natural life has been ordered, a mandatory condition of such probation is that the offender be electronically monitored. Electronic monitoring shall be based on a global positioning system or other technology that identifies and records the offender's location at all times.

4. In appropriate cases as determined by a risk assessment, the court may terminate the probation of an offender who is being supervised under this section when the offender is sixty-five years of age or older.

Neither probation nor parole shall be granted by the circuit court between the time the transcript on appeal from the offender's conviction has been filed in appellate court and the disposition of the appeal by such court.

2. Unless otherwise prohibited by subsection 8 of this section, a circuit court only upon its own motion and not that of the state or the offender shall have the power to grant probation to an offender anytime up to one hundred twenty days after such offender has been delivered to the department of corrections but not thereafter. The court may request information and a recommendation from the department concerning the offender and such offender's behavior during the period of incarceration. Except as provided in this section, the court may place the offender on probation in a program created pursuant to section 217.777, or may place the offender on probation with any other conditions authorized by law.

3. The court may recommend placement of an offender in a department of corrections one hundred twenty-day program under this subsection or order such placement under subsection 4 of section 559.036. Upon the recommendation or order of the court, the department of corrections shall assess each offender to determine the appropriate one hundred twenty-day program in which to place the offender, which may include placement in the shock incarceration program or institutional treatment program. When the court recommends and receives placement of an offender in a department of corrections one hundred twenty-day program, the offender shall be released on probation if the department of corrections determines that the offender has successfully completed the program except as follows. days prior to release. The court shall follow the recommendation of the department unless the court determines that probation is not appropriate. If the court determines that probation is not appropriate, the court may order the execution of the offender's sentence only after conducting a hearing on the matter within ninety to one hundred twenty days from the date the offender was delivered to the department of corrections. If the department determines the offender has not successfully completed a one hundred twenty-day program under this subsection, the offender shall be removed from the program and the court shall be advised of the removal. The department shall report on the offender's participation in the program and may provide recommendations for terms and conditions of an offender's probation. The court shall then have the power to grant probation or order the execution of the offender's sentence.

4. If the court is advised that an offender is not eligible for placement in a one hundred twenty-day program under subsection 3 of this section, the court shall consider other authorized dispositions. If the department of corrections one hundred twenty-day program under subsection 3 of this section is full, the court may place the offender in a private program approved by the department of corrections or the court, the expenses of such program to be paid by the offender, or in an available program offered by another organization. If the offender is convicted of a class C, class D, or class E nonviolent felony, the court may order probation while awaiting appointment to treatment.

5. Except when the offender has been found to be a predatory sexual offender pursuant to section 566.125, the court shall request the department of corrections to conduct a sexual offender assessment if the defendant has been found guilty of sexual abuse when classified as a class B felony. Upon completion of the assessment, the department shall provide to the court a report on the offender and may provide recommendations for terms and conditions of an offender's probation. The assessment shall not be considered a one hundred twenty-day program as provided under subsection 3 of this section. The process for granting probation to an offender who has completed the assessment shall be as provided under subsections 2 and 6 of this section.

6. Unless the offender is being granted probation pursuant to successful completion of a one hundred twenty-day program the circuit court shall notify the state in writing when the court intends to grant probation to the offender pursuant to the provisions of this section. The state may, in writing, request a hearing within ten days of receipt of the court's notification that the court intends to grant probation. Upon the state's request for a hearing, the court shall grant a hearing as soon as reasonably possible. If the state does not respond to the court's notice in writing within ten days, the court may proceed upon its own motion to grant probation.

7. An offender's first incarceration under this section prior to release on probation shall not be considered a previous prison commitment for the purpose of determining a minimum prison term under the provisions of section 558.019.

8. Notwithstanding any other provision of law, probation may not be granted pursuant to this section to offenders who have been convicted of murder in the second degree pursuant to section 565.021; forcible rape pursuant to section 566.030 as it existed prior to August 28, 2013; rape in the first degree under section 566.030; forcible sodomy pursuant to section 566.060 as it existed prior to August 28, 2013; sodomy in the first degree under section 566.060; statutory rape in the first degree pursuant to section 566.032; statutory sodomy in the first degree pursuant to section 566.062; child molestation in the first degree pursuant to section 566.067 when classified as a class A felony; abuse of a child pursuant to section 568.060 when classified as a class A felony; or an offender who has been found to be a predatory sexual offender pursuant to section 566.125; or any offense in which there exists a statutory prohibition against either probation or parole.

All court orders relating to any presentence investigation requested and probation or parole granted under the provisions of this chapter and sections 558.011 and 558.026 shall be kept in a like manner, and, if the defendant subject to any such order is subject to an investigation or is under the supervision of the [state board] **division of probation and parole**, a copy of the order shall be sent to the [board] **division of probation and parole**. In any county where a parole board ceases to exist, the clerk of the court shall preserve the records of that **parole board**.

2. Information and data obtained by a probation or parole officer shall be privileged information and shall not be receivable in any court. (4) Any interviews or questioning shall be conducted at a secure location at the agency that is conducting the investigation or at the place where the officer reports to work, unless the officer consents to another location;

(5) Law enforcement officers shall be questioned by up to two investigators and shall be informed of the name, rank, and command of the investigator or investigators conducting the investigation; except that, separate investigators shall be assigned to investigate alleged department policy violations and alleged criminal violations;

(6) Interview sessions shall be for a reasonable period of time. There shall be times provided for the officer to allow for such personal necessities and rest periods as are reasonably necessary;

(7) Prior to an interview session, the investigator or investigators conducting the investigation shall advise the law enforcement officer of the rule set out in *Garrity v. New Jersey*, 385 U.S. 493 (1967), specifically that the law enforcement officer is being ordered to answer questions under threat of disciplinary action and that the officer's answers to the questions will not be used against the officer in criminal proceedings;

(8) Law enforcement officers shall not be threatened, harassed, or promised rewards to induce them into answering any question; except that, law enforcement officers may be compelled by their employer to give protected Garrity statements to an investigator under the direct control of the employer, but such compelled statements shall not be used or derivatively used against the officer in any aspect of a criminal case brought against the officer;

(9) Law enforcement officers under investigation are entitled to have an attorney or any duly authorized representative present during any questioning that the law enforcement officer reasonably believes may result in disciplinary action. The attorney or representative shall be permitted to confer with the officer but shall not unduly disrupt or interfere with the interview. The questioning shall be suspended for a period of up to twenty-four hours if the officer requests representation;

(10) Prior to the law enforcement officer being interviewed, the officer and his or her attorney or representative shall have the opportunity to review the complaint;

(11) The law enforcement agency conducting the investigation shall have ninety days from receipt of a citizen complaint to complete such investigation. The agency shall determine the disposition of the complaint and render a disciplinary decision, if any, within ninety days. The agency may, for good cause, petition the administering authority overseeing the administration of discipline for an extension of time to complete the investigation. If the administering authority finds the agency has shown good cause for the granting of an extension of time to complete the investigation, the administering authority shall grant an extension of up to sixty days. The agency is limited to two extensions per investigation; except that, if there is an ongoing criminal investigation there shall be no limitation on the amount of sixty-day extensions. For good cause shown, the internal investigation may be tolled until the conclusion of a concurrent criminal investigation arising out of the same alleged conduct. Absent consent from the officer being investigated, the administering authority overseeing the administration of discipline shall set the matter for hearing and shall provide notice of the hearing to the law enforcement officer under investigation. The officer shall have the right to attend the hearing and to present evidence and arguments against extension;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

(12) Within five days of the conclusion of the administrative investigation, the investigator shall inform the officer, in writing, of the investigative findings and any recommendation for further action, including discipline;

(13) A complete record of the administrative investigation shall be kept by the law enforcement agency conducting such investigation. Upon completion of the investigation, a copy of the entire record, including, but not limited to, audio, video, and transcribed statements, shall be provided to the officer or the officer's representative within five business days of the officer's written request. The agency may request a protective order to redact all personal identifying witness information; and

(14) All records compiled as a result of any investigation subject to the provisions of this section shall be held confidential and shall not be subject to disclosure under chapter 610, except by lawful subpoena or court order, by release approved by the officer, or as provided in section 590.070.

3. Law enforcement officers who are suspended without pay, demoted, terminated, transferred, or placed on a status resulting in economic loss shall be entitled to a full due process hearing. However, nothing in this section shall prohibit a law enforcement agency and the authorized bargaining representative for a law enforcement officer employed by that agency from reaching written agreements providing disciplinary procedures more favorable than those provided for this section. The components of the hearing shall include, at a minimum:

(1) The right to be represented by an attorney or other individual of their choice during the hearing;

(2) Seven days' notice of the hearing date and time;

(3) An opportunity to access and review documents, at least seven days in advance of the hearing, that are in the employer's possession and that were used as a basis for the disciplinary action;

(4) The right to refuse to testify at the hearing if the officer is concurrently facing criminal charges in connection with the same incident. A law enforcement officer's decision not to testify shall not result in additional internal charges or discipline;

(5) A complete record of the hearing shall be kept by the agency for purposes of appeal. The record shall be provided to the officer or his or her attorney upon written request;

(6) The entire record of the hearing shall remain confidential and shall not be subject to disclosure under chapter 610, except by lawful subpoena or court order.

4. Any decision, order, or action taken following the hearing shall be in writing and shall be accompanied by findings of fact. The findings shall consist of a concise statement upon each issue in the case. A copy of the decision or order accompanying findings and conclusions along with the written action and right of appeal, if any, shall be delivered or mailed promptly to the law enforcement officer or to the officer's attorney or representative of record.

5. Law enforcement officers shall have the opportunity to provide a written response to any adverse materials placed in their personnel file, and such written response shall be permanently attached to the adverse material.

6. Law enforcement officers shall have the right to compensation for any economic loss incurred during an investigation if the officer is found to have committed no misconduct.

7. Employers shall defend and indemnify law enforcement officers from and against civil claims made against them in their official and individual capacities if the alleged conduct arose in the course and scope of their obligations and duties as law enforcement officers. This includes any actions taken off duty if such actions were taken under color of law. In the event the law enforcement officer is convicted of, or pleads guilty to, criminal charges arising out of the same conduct, the employer shall no longer be obligated to defend and indemnify the officer in connection with related civil claims.

8. Law enforcement officers shall not be disciplined, demoted, dismissed, transferred, or placed on a status resulting in economic loss as a result of the assertion of their constitutional rights in any judicial proceeding, unless the officer admits to wrong-doing, in which case the provisions of this section shall not apply.

9. Any aggrieved law enforcement officer or authorized representative may seek judicial enforcement of the requirements of this section. Suits to enforce this section shall be brought in the circuit court for the county in which the law enforcement agency or governmental body has its principal place of business.

10. Upon a finding by a preponderance of the evidence that a law enforcement agency, governmental body, or member of same has violated any provision of this section, a court shall void any action taken in violation of this section. The court may also award the law enforcement officer the costs of bringing the suit including, but not limited to, attorneys' fees. A lawsuit for enforcement shall be brought within one year from which the violation is ascertainable.

11. Nothing in this section shall apply to any investigation or other action by the director regarding a license issued by the director under this chapter.

12. A law enforcement agency that has substantially similar or greater procedures shall be deemed in compliance with this section.

The petition shall name as defendants all law enforcement agencies, courts, prosecuting or circuit attorneys, municipal prosecuting attorneys, central state repositories of criminal records, or others who the petitioner has reason to believe may possess the records subject to expungement for each of the offenses, violations, and infractions listed in the petition. The court's order of expungement shall not affect any person or entity not named as a defendant in the action.

4. The petition shall include the following information:

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

- (1) The petitioner's:
 - (a) Full name;
 - (b) Sex;
 - (c) Race;
 - (d) Driver's license number, if applicable; and
 - (e) Current address;
- (2) Each offense, violation, or infraction for which the petitioner is requesting expungement;
- (3) The approximate date the petitioner was charged for each offense, violation, or infraction; and
- (4) The name of the county where the petitioner was charged for each offense, violation, or infraction and if any of the offenses, violations, or infractions occurred in a municipality, the name of the municipality for each offense, violation, or infraction; and

5. The clerk of the court shall give notice of the filing of the petition to the office of the prosecuting attorney, circuit attorney, or municipal prosecuting attorney that prosecuted the offenses, violations, or infractions listed in the petition. If the prosecuting attorney, circuit attorney, or municipal prosecuting attorney objects to the petition for expungement, he or she shall do so in writing within thirty days after receipt of service. Unless otherwise agreed upon by the parties, the court shall hold a hearing within sixty days after any written objection is filed, giving reasonable notice of the hearing to the petitioner. If no objection has been filed within thirty days after receipt of service, the court may set a hearing on the matter and shall give reasonable notice of the hearing to each entity named in the petition. At any hearing, the court may accept evidence and hear testimony on, and may consider, the following criteria for each of the offenses, violations, or infractions listed in the petition for expungement:

- (1) At the time the petition is filed, it has been at least seven years if the offense is a felony, or at least three years if the offense is a misdemeanor, municipal offense, or infraction, from the date the petitioner completed any authorized disposition imposed under section 557.011 for each offense, violation, or infraction listed in the petition;
- (2) The person has not been found guilty of any other misdemeanor or felony, not including violations of the traffic regulations provided under chapters 304 and 307, during the time period specified for the underlying offense, violation, or infraction in subdivision (1) of this subsection;

- (5) The petitioner's habits and conduct demonstrate that the petitioner is not a threat to the public safety of the state; and
- (6) The expungement is consistent with the public welfare and the interests of justice warrant the expungement.

A pleading by the petitioner that such petitioner meets the requirements of subdivisions (5) and (6) of this subsection shall create a rebuttable presumption that the expungement is warranted so long as the criteria contained in subdivisions (1) to (4) of this subsection are otherwise satisfied. The burden shall shift to the prosecuting attorney, circuit attorney, or municipal prosecuting attorney to rebut the presumption. A victim of an offense, violation, or infraction listed in the petition shall have an opportunity to be heard at any hearing held under this section, and the court may make a determination based solely on such victim's testimony.

6. A petition to expunge records related to an arrest for an eligible offense, violation, or infraction may be made in accordance with the provisions of this section to a court of competent jurisdiction in the county where the petitioner was arrested no earlier than three years from the date of arrest; provided that, during such time, the petitioner has not been charged and the petitioner has not been found guilty of any misdemeanor or felony offense.

7. If the court determines that such person meets all the criteria set forth in subsection 5 of this section for each of the offenses, violations, or infractions listed in the petition for expungement, the court shall enter an order of expungement. In all cases under this section, the court shall issue an order of expungement or dismissal within six months of the filing of the petition. A copy of the order of expungement shall be provided to the petitioner and each entity possessing records subject to the order, and, upon receipt of the order, each entity shall close any record in its possession relating to any offense, violation, or infraction listed in the petition, in the manner established by section 610.120. The records and files maintained in any administrative or court proceeding in a municipal, associate, or circuit court for any offense, infraction, or violation ordered expunged under this section shall be confidential and only available to the parties or by order of the court for good cause shown. The central repository shall request the Federal Bureau of Investigation to expunge the records from its files.

8. The order shall not limit any of the petitioner's rights that were restricted as a collateral consequence of such person's criminal record, and such rights shall be restored upon issuance of the order of expungement. **For purposes of 18 U.S.C. 921(a)(3)(B)(ii), an order or expungement granted pursuant to this section shall be considered a complete removal of all effects of the expunged conviction.** Except as otherwise provided under this section, the effect of such order shall be to restore such person to the status he or she occupied prior to such arrests, pleas, trials, or convictions as if such events had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrests, pleas, trials, convictions, or expungement in response to an inquiry made of him or her and no such inquiry shall be made for information relating to an expungement, except the petitioner shall disclose the expunged offense, violation, or infraction to any court when asked or upon being charged with any subsequent offense, violation, or infraction. The expunged offense, violation, or infraction may be considered a prior offense in determining a sentence to be imposed for any subsequent offense that the person is found guilty of committing.

9. Notwithstanding the provisions of subsection 8 of this section to the contrary, a person granted an expungement shall disclose any expunged offense, violation, or infraction when the disclosure of such information is necessary to complete any application for:

- (1) A license, certificate, or permit issued by this state to practice such individual's profession;
- (2) Any license issued under chapter 313 or permit issued under chapter 571;
- (3) Paid or unpaid employment with an entity licensed under chapter 313, any state-operated lottery, or any emergency services provider, including any law enforcement agency;

- (5) Employment with any entity engaged in the business of insurance or any insurer for the purpose of complying with 18 U.S.C. Section 1033, 18 U.S.C. Section 1034, or other similar law which requires an employer engaged in the business of insurance to exclude applicants with certain criminal convictions from employment; or
- (6) Employment with any employer that is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

An employer shall notify an applicant of the requirements under subdivisions (4) to (6) of this subsection. Notwithstanding any provision of law to the contrary, an expunged offense, violation, or infraction shall not be grounds for automatic disqualification of an applicant, but may be a factor for denying employment, or a professional license, certificate, or permit; except that, an offense, violation, or infraction expunged under the provisions of this section may be grounds for automatic disqualification if the application is for employment under subdivisions (4) to (6) of this subsection.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

10. A person who has been granted an expungement of records pertaining to a misdemeanor or felony offense, an ordinance violation, or an infraction may answer "no" to an employer's inquiry into whether the person has ever been convicted of a crime if, after the granting of the expungement, the person has no public record of a misdemeanor or felony offense, an ordinance violation, or an infraction. The person, however, shall answer such an inquiry affirmatively and disclose his or her criminal convictions, including any offense or violation expunged under this section or similar law, if the employer is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

11. If the court determines that the petitioner has not met the criteria for any of the offenses, violations, or infractions listed in the petition for expungement or the petitioner has knowingly provided false information in the petition, the court shall enter an order dismissing the petition. Any person whose petition for expungement has been dismissed by the court for failure to meet the criteria set forth in subsection 5 of this section may not refile another petition until a year has passed since the date of filing for the previous petition.

12. A person may be granted more than one expungement under this section provided that during his or her lifetime, the total number of offenses, violations, or infractions for which orders of expungement are granted to the person shall not exceed the following limits:

- (1) Not more than two misdemeanor offenses or ordinance violations that have an authorized term of imprisonment; and
- (2) Not more than one felony offense.

A person may be granted expungement under this section for any number of infractions. Nothing in this section shall prevent the court from maintaining records to ensure that an individual has not exceeded the limitations of this subsection. Nothing in this section shall be construed to limit or impair in any way the subsequent use of any record expunged under this section of any arrests or findings of guilt by a law enforcement agency, criminal justice agency, prosecuting attorney, circuit attorney, or municipal prosecuting attorney, including its use as a prior offense, violation, or infraction.

13. The court shall make available a form for pro se petitioners seeking expungement, which shall include the following statement: "I declare under penalty of perjury that the statements made herein are true and correct to the best of my knowledge, information, and belief."

14. Nothing in this section shall be construed to limit or restrict the availability of expungement to any person under any other law.

(2) A person whose DNA record or DNA profile has been included in the state DNA database in accordance with this section and sections 650.050, 650.052, and 650.100 may request expungement on the grounds that the conviction has been reversed, the guilty plea on which the authority for including that person's DNA record or DNA profile was based has been set aside, or an expungement of all official records has been granted by the court under section 568.040.

(3) Upon receipt of a written request for expungement, a certified copy of the final court order reversing the conviction, setting aside the plea, or granting an expungement of all official records under section 568.040, and any other information necessary to ascertain the validity of the request, the Missouri state highway patrol crime laboratory shall expunge all DNA records and identifiable information in the state DNA database pertaining to the person and destroy the DNA sample of the person, unless the Missouri state highway patrol determines that the person is otherwise obligated to submit a DNA sample. Within thirty days after the receipt of the court order, the Missouri state highway patrol shall notify the individual that it has expunged his or her DNA sample and DNA profile, or the basis for its determination that the person is otherwise obligated to submit a DNA sample.

(4) The Missouri state highway patrol is not required to destroy any item of physical evidence obtained from a DNA sample if evidence relating to another person would thereby be destroyed.

(5) Any identification, warrant, arrest, or evidentiary use of a DNA match derived from the database shall not be excluded or suppressed from evidence, nor shall any conviction be invalidated or reversed or plea set aside due to the failure to expunge or a delay in expunging DNA records.

10. When a DNA sample is taken from an individual pursuant to subdivision (2) of subsection 1 of this section and the prosecutor declines prosecution and notifies the arresting agency of that decision, the arresting agency shall notify the Missouri state highway patrol crime laboratory within ninety days of receiving such notification. Within thirty days of being notified by the arresting agency that the prosecutor has declined prosecution, the Missouri state highway patrol crime laboratory shall determine whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken and retained. If the individual has no other qualifying offenses or arrests, the crime laboratory shall expunge all DNA records in the database taken at the arrest for which the prosecution was declined pertaining to the person and destroy the DNA sample of such person.

11. When a DNA sample is taken of an arrestee for any offense listed under subsection 1 of this section and charges are filed:

(1) If the charges are later withdrawn, the prosecutor shall notify the state highway patrol crime laboratory that such charges have been withdrawn;

(2) If the case is dismissed, the court shall notify the state highway patrol crime laboratory of such dismissal;

(3) If the court finds at the preliminary hearing that there is no probable cause that the defendant committed the offense, the court shall notify the state highway patrol crime laboratory of such finding;

(4) If the defendant is found not guilty, the court shall notify the state highway patrol crime laboratory of such verdict.

If the state highway patrol crime laboratory receives notice under this subsection, such crime laboratory shall determine, within thirty days, whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken. If the individual has no other qualifying arrests or offenses, the crime laboratory shall expunge all DNA records in the database pertaining to such person and destroy the person's DNA sample.

650.058. INDIVIDUALS WHO ARE ACTUALLY INNOCENT MAY RECEIVE RESTITUTION, AMOUNT, PETITION, DEFINITION, LIMITATIONS AND REQUIREMENTS — GUILT CONFIRMED BY DNA TESTING, PROCEDURES — PETITIONS FOR RESTITUTION — ORDER OF EXPUNGEMENT.

— 1. Notwithstanding the sovereign immunity of the state, any individual who was found guilty of a felony in a Missouri court and was later determined to be actually innocent of such crime solely as a result of DNA profiling analysis may be paid restitution. The individual may receive an amount of one hundred dollars per day for each day of postconviction incarceration for the crime for which the individual is determined to be actually innocent. The petition for the payment of said restitution shall be filed with the sentencing court. For the purposes of this section, the term "actually innocent" shall mean:

- (1) The individual was convicted of a felony for which a final order of release was entered by the court;
- (2) All appeals of the order of release have been exhausted;
- (3) The individual was not serving any term of a sentence for any other crime concurrently with the sentence for which he or she is determined to be actually innocent, unless such individual was serving another concurrent sentence because his or her parole was revoked by a court or the [board of probation and] parole **board** in connection with the crime for which the person has been exonerated. Regardless of whether any other basis may exist for the revocation of the person's probation or parole at the time of conviction for the crime for which the person is later determined to be actually innocent, when the court's or the [board of probation and parole's] **parole board's** sole stated reason for the revocation in its order is the conviction for the crime for which the person is later determined to be actually innocent, such order shall, for purposes of this section only, be conclusive evidence that their probation or parole was revoked in connection with the crime for which the person has been exonerated; and
- (4) Testing ordered under section 547.035, or testing by the order of any state or federal court, if such person was exonerated on or before August 28, 2004, or testing ordered under section 650.055, if such person was or is exonerated after August 28, 2004, demonstrates a person's innocence of the crime for which the person is in custody.

Any individual who receives restitution under this section shall be prohibited from seeking any civil redress from the state, its departments and agencies, or any employee thereof, or any political subdivision or its employees. This section shall not be construed as a waiver of sovereign immunity for any purposes other than the restitution provided for herein. The department of corrections shall determine the aggregate amount of restitution owed during a fiscal year. If insufficient moneys are appropriated each fiscal year to pay restitution to such persons, the department shall pay each individual who has received an order awarding restitution a pro rata share of the amount appropriated. Provided sufficient moneys are appropriated to the department, the amounts owed to such individual shall be paid on June thirtieth of each subsequent fiscal year, until such time as the restitution to the individual has been paid in full. However, no individual awarded restitution under this subsection shall receive more than thirty-six thousand five hundred dollars during each fiscal year. No interest on unpaid restitution shall be awarded to the individual. No individual who has been determined by the court to be actually innocent shall be responsible for the costs of care under section 217.831.

2. If the results of the DNA testing confirm the person's guilt, then the person filing for DNA testing under section 547.035, shall:

(1) Be liable for any reasonable costs incurred when conducting the DNA test, including but not limited to the cost of the test. Such costs shall be determined by the court and shall be included in the findings of fact and conclusions of law made by the court; and

(2) Be sanctioned under the provisions of section 217.262.

3. A petition for payment of restitution under this section may only be filed by the individual determined to be actually innocent or the individual's legal guardian. No claim or petition for restitution under this section may be filed by the individual's heirs or assigns. An individual's right to receive restitution under this section is not assignable or otherwise transferrable. The state's obligation to pay restitution under this section shall cease upon the individual's death. Any beneficiary designation that purports to bequeath, assign, or otherwise convey the right to receive such restitution shall be void and unenforceable.

4. An individual who is determined to be actually innocent of a crime under this chapter shall automatically be granted an order of expungement from the court in which he or she pled guilty or was sentenced to expunge from all official records all recordations of his or her arrest, plea, trial or conviction. Upon granting of the order of expungement, the records and files maintained in any administrative or court proceeding in an associate or circuit division of the court shall be confidential and only available to the parties or by order of the court for good cause shown. The effect of such order shall be to restore such person to the status he or she occupied prior to such arrest, plea or conviction and as if such event had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, plea, trial, conviction or expungement in response to any inquiry made of him or her for any purpose whatsoever and no such inquiry shall be made for information relating to an expungement under this section.

650.335. LOANS AND FINANCIAL ASSISTANCE FROM PREPAID WIRELESS EMERGENCY TELEPHONE CHARGES — APPLICATION, PROCEDURE, REQUIREMENTS. — 1. (1) Any county or any home rule city with more than fifteen thousand but fewer than seventeen thousand inhabitants and partially located in any county of the third classification without a township form of government and with more than thirty-seven thousand but fewer than forty-one thousand inhabitants, when the prepaid wireless emergency telephone service charge is collected in the county or city, may submit an application for loan funds or other financial assistance to the board for the purpose of financing all or a portion of the costs incurred in implementing a 911 communications service project. **If a county has an elected emergency services board, the elected emergency service board shall be eligible for loan funds or other financial assistance under this section.**

(2) The application shall be accompanied by a technical assistance report. The application and the technical assistance report shall be in such form and contain such information, financial or otherwise, as prescribed by the board.

(3) This section shall not preclude any applicant or borrower from joining in a cooperative project with any other political subdivision or with any state or federal agency or entity in a 911 communications service project, provided that all other requirements of this section have been met.

2. Applications may be approved for loans only in those instances where the applicant has furnished the board information satisfactory to assure that the project cost will be recovered during the repayment period of the loan. In no case shall a loan be made to an applicant unless the approval of the governing body of the applicant to the loan agreement is obtained and a written certification of such approval is provided, where applicable. Repayment periods are to be determined by the board.

3. The board shall approve or disapprove all applications for loans which are sent by certified or registered mail or hand delivered and received by the board upon a schedule as determined by the board.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

4. Each applicant to whom a loan has been made under this section shall repay such loan, with interest. The rate of interest shall be the rate required by the board. The number, amounts, and timing of the payments shall be as determined by the board.

5. Any applicant who receives a loan under this section shall annually budget an amount which is at least sufficient to make the payments required under this section.

6. Repayment of principal and interest on loans shall be credited to the Missouri 911 service trust fund established under section 190.420.

7. If a loan recipient fails to remit a payment to the board in accordance with this section within sixty days of the due date of such payment, the board shall notify the director of the department of revenue to deduct such payment amount from first, the prepaid wireless emergency telephone service charge remitted to the county or city under section 190.460; and if insufficient to affect repayment of the loan, next, the regular apportionment of local sales tax distributions to that county or city. Such amount shall then immediately be deposited in the Missouri 911 service trust fund and credited to the loan recipient.

8. All applicants having received loans under this section shall remit the payments required by subsection 4 of this section to the board or such other entity as may be directed by the board. The board or such other entity shall immediately deposit such payments in the Missouri 911 service trust fund.

9. Loans made under this section shall be used only for the purposes specified in an approved application or loan agreement. In the event the board determines that loan funds have been expended for purposes other than those specified in an approved application or loan agreement or any event of default of the loan agreement occurs without resolution, the board shall take appropriate actions to obtain the return of the full amount of the loan and all moneys duly owed or other available remedies.

10. Upon failure of a borrower to remit repayment to the board within sixty days of the date a payment is due, the board may initiate collection or other appropriate action through the provisions outlined in subsection 7 of this section, if applicable.

11. If the borrower is an entity not covered under the collection procedures established in this section, the board, with the advice and consent of the attorney general, may initiate collection procedures or other appropriate action pursuant to applicable law.

12. The board may, at its discretion, audit the expenditure of any loan, grant, or expenditure made or the computation of any payments made.

13. The board shall not approve any application made under this section if the applicant has failed to return the board's annual survey of public safety answering points as required by the board under section 650.330.

[217.660. CHAIRMAN OF THE BOARD TO BE DIRECTOR — ADDITIONAL COMPENSATION.

— 1. The chairman of the board of probation and parole shall be the director of the division.

2. In addition to the compensation as a member of the board, any chairman whose term of office began before August 28, 1999, shall receive three thousand eight hundred seventy-five dollars per year for duties as chairman.]

all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void.

12. Pursuant to section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall sunset automatically six years after August 28, 2021, unless reauthorized by an act of the general assembly;

(2) If such program is reauthorized, the program authorized under this section shall sunset automatically twelve years after August 28, 2021; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

No political subdivision of this state shall adopt an ordinance, resolution, regulation, code, or policy that prohibits, or has the effect of prohibiting, the connection or reconnection of a utility service based upon the type or source of energy to be delivered to an individual customer. Nothing in this section shall limit the ability of a political subdivision to choose utility services for properties owned by such political subdivision or limit a political subdivision's ability to ensure public safety.**

The public service commission, upon application made by a customer, may order a change of suppliers on the basis that it is in the public interest for a reason other than a rate differential, and the commission is hereby given jurisdiction over municipally owned or operated electric systems to accomplish the purpose of this section. The commission's jurisdiction under this section is limited to public interest determinations and excludes questions as to the lawfulness of the provision of service, such questions being reserved to courts of competent jurisdiction. Except as provided in this section, nothing in this section shall be construed as otherwise conferring upon the commission jurisdiction over the service, rates, financing, accounting or management of any such municipally owned or operated electrical system, and nothing in this section, section 393.106, and section 394.315 shall affect the rights, privileges or duties of any municipality to form or operate municipally owned or operated electrical systems. Nothing in this section shall be construed to make lawful any provision of service which was unlawful prior to July 11, 1991. Nothing in this section shall be construed to make unlawful the continued lawful provision of service to any structure which may have had a different supplier in the past, if such a change in supplier was lawful at the time it occurred.

3. Notwithstanding the provisions of this section and sections 393.106, 394.080, and 394.315 to the contrary, in the event that a retail electric supplier is providing service to a structure located within a city, town, or village that has ceased to be a rural area, and such structure is demolished and replaced by a new structure, such retail electric service supplier may provide permanent service to the new structure upon the request of the owner of the new structure.

153.030. BRIDGE AND PUBLIC UTILITY COMPANIES, HOW TAXED — ANNUAL REPORT — MICROWAVE RELAY STATIONS, APPORTIONMENT — TELEPHONE COMPANY, ONE-TIME ELECTION ON ASSESSMENT, EFFECT OF — WIND ENERGY PROJECT PROPERTY, HOW TAXED — CERTAIN GENERATION PROJECT PROPERTY, HOW TAXED. — 1. All bridges over streams dividing this state from any other state owned, used, leased or otherwise controlled by any person, corporation, railroad company or joint stock company, and all bridges across or over navigable streams within this state, where the charge is made for crossing the same, which are now constructed, which are in the course of construction, or which shall hereafter be constructed, and all property, real and tangible personal, owned, used, leased or otherwise controlled by telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies and express companies shall be subject to taxation for state, county, municipal and other local purposes to the same extent as the property of private persons.

2. And taxes levied thereon shall be levied and collected in the manner as is now or may hereafter be provided by law for the taxation of railroad property in this state, and county commissions, county boards of equalization and the state tax commission are hereby required to perform the same duties and are given the same powers, including punitive powers, in assessing, equalizing and adjusting the taxes on the property set forth in this section as the county commissions and boards of equalization and state tax commission have or may hereafter be empowered with, in assessing, equalizing, and adjusting the taxes on railroad property; and an authorized officer of any such bridge, telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies, or express company or the owner of any such toll bridge, is hereby required to render reports of the property of such bridge, telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies, or express companies in like manner as the authorized officer of the railroad company is now or may hereafter be required to render for the taxation of railroad property.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

3. On or before the fifteenth day of April in the year 1946 and each year thereafter an authorized officer of each such company shall furnish the state tax commission and county clerks a report, duly subscribed and sworn to by such authorized officer, which is like in nature and purpose to the reports required of railroads under chapter 151 showing the full amount of all real and tangible personal property owned, used, leased or otherwise controlled by each such company on January first of the year in which the report is due.

4. If any telephone company assessed pursuant to chapter 153 has a microwave relay station or stations in a county in which it has no wire mileage but has wire mileage in another county, then, for purposes of apportioning the assessed value of the distributable property of such companies, the straight line distance between such microwave relay stations shall constitute miles of wire. In the event that any public utility company assessed pursuant to this chapter has no distributable property which physically traverses the counties in which it operates, then the assessed value of the distributable property of such company shall be apportioned to the physical location of the distributable property.

5. (1) Notwithstanding any provision of law to the contrary, beginning January 1, 2019, a telephone company shall make a one-time election within the tax year to be assessed:

(a) Using the methodology for property tax purposes as provided under this section; or

(b) Using the methodology for property tax purposes as provided under this section for property consisting of land and buildings and be assessed for all other property exclusively using the methodology utilized under section 137.122.

If a telephone company begins operations, including a merger of multiple telephone companies, after August 28, 2018, it shall make its one-time election to be assessed using the methodology for property tax purposes as described under paragraph (b) of subdivision (1) of this subsection within the year in which the telephone company begins its operations. A telephone company that fails to make a timely election shall be deemed to have elected to be assessed using the methodology for property tax purposes as provided under subsections 1 to 4 of this section.

(2) The provisions of this subsection shall not be construed to change the original assessment jurisdiction of the state tax commission.

(3) Nothing in subdivision (1) of this subsection shall be construed as applying to any other utility.

(4) (a) The provisions of this subdivision shall ensure that school districts may avoid any fiscal impact as a result of a telephone company being assessed under the provisions of paragraph (b) of subdivision (1) of this subsection. If a school district's current operating levy is below the greater of its most recent voter-approved tax rate or the most recent voter-approved tax rate as adjusted under subdivision (2) of subsection 5 of section 137.073, it shall comply with section 137.073.

(b) Beginning January 1, 2019, any school district currently operating at a tax rate equal to the greater of the most recent voter-approved tax rate or the most recent voter-approved tax rate as adjusted under subdivision (2) of subsection 5 of section 137.073 that receives less tax revenue from a specific telephone company under this subsection, on or before January thirty-first of the year following the tax year in which the school district received less revenue from a specific telephone company, may by resolution of the school board impose a fee, as determined under this subsection, in order to obtain such revenue. The resolution shall include all facts that support the imposition of the fee. If the school district receives voter approval to raise its tax rate, the district shall no longer impose the fee authorized in this paragraph.

(c) Any fee imposed under paragraph (b) of this subdivision shall be determined by taking the difference between the tax revenue the telephone company paid in the tax year in question and the tax revenue the telephone company would have paid in such year had it not made an election under subdivision (1) of this subsection, which shall be calculated by taking the telephone company valuations in the tax year in question, as determined by the state tax commission under paragraph (d) of this subdivision, and applying such valuations to the apportionment process in subsection 2 of section

151.150. The school district shall issue a billing, as provided in this subdivision, to any such telephone company. A telephone company shall have forty-five days after receipt of a billing to remit its payment of its portion of the fees to the school district. Notwithstanding any other provision of law, the issuance or receipt of such fee shall not be used:

- a. In determining the amount of state aid that a school district receives under section 163.031;
- b. In determining the amount that may be collected under a property tax levy by such district; or
- c. For any other purpose.

For the purposes of accounting, a telephone company that issues a payment to a school district under this subsection shall treat such payment as a tax.

(d) When establishing the valuation of a telephone company assessed under paragraph (b) of subdivision (1) of this subsection, the state tax commission shall also determine the difference between the assessed value of a telephone company if:

- a. Assessed under paragraph (b) of subdivision (1) of this subsection; and
- b. Assessed exclusively under subsections 1 to 4 of this section.

The state tax commission shall then apportion such amount to each county and provide such information to any school district making a request for such information.

(e) This subsection shall expire when no school district is eligible for a fee.

6. (1) If any public utility company assessed pursuant to this chapter has ownership of any real or personal property associated with a project which uses wind energy directly to generate electricity, such wind energy project property shall be valued and taxed by any local authorities having jurisdiction under the provisions of chapter 137 and other relevant provisions of the law.

(2) Notwithstanding any provision of law to the contrary, beginning January 1, 2020, for any public utility company assessed pursuant to this chapter which has a wind energy project, such wind energy project shall be assessed using the methodology for real and personal property as provided in this subsection:

(a) Any wind energy property of such company shall be assessed upon the county assessor's local tax rolls;

(b) Any property consisting of land and buildings related to the wind energy project shall be assessed under chapter 137; and

(c) All other business or personal property related to the wind energy project shall be assessed using the methodology provided under section 137.122.

7. (1) If any public utility company assessed pursuant to this chapter has ownership of any real or personal property associated with a generation project which was originally constructed utilizing financing authorized pursuant to chapter 100 for construction, upon the transfer of ownership of such property to the public utility company such property shall be valued and taxed by any local authorities having jurisdiction under the provisions of chapter 137 and other relevant provisions of law.

(2) Notwithstanding any provision of law to the contrary, beginning January 1, 2022, for any public utility company assessed pursuant to this chapter which has ownership of any real or personal property associated with a generation project which was originally constructed utilizing financing authorized pursuant to chapter 100 for construction, upon the transfer of ownership of such property to the public utility company such property shall be assessed as follows:

(a) Any property associated with a generation project which was originally constructed utilizing financing authorized pursuant to chapter 100 for construction shall be assessed upon the county assessor's local tax rolls. The assessor shall rely on the public utility company for cost information of the generation portion of the property as found in the public utility company's Federal Energy Regulatory Commission Financial Report Form Number One at the time of

transfer of ownership and depreciate the costs provided in a manner similar to other commercial and industrial property;

(b) Any property consisting of land and buildings related to the generation property associated with a generation project which was originally constructed utilizing financing pursuant to chapter 100 for construction shall be assessed under chapter 137; and

(c) All other business or personal property related to a generation project which was originally constructed utilizing financing pursuant to chapter 100 for construction shall be assessed using the methodology provided under section 137.122.

Issuance of such bonds for the subdistrict shall require the assent only of four-sevenths of the voters of the subdistrict voting on the question[, and] **except that, as an alternative to such a vote, if the subdistrict is a part of a common sewer district located in whole or in part in any county of the first classification without a charter form of government adjacent to a county of the first classification with a charter form of government and a population of at least six hundred thousand and not more than seven hundred fifty thousand, bonds may be issued for such subdistrict if the question receives the written assent of three-quarters of the customers of the subdistrict in a manner consistent with section 204.370, where "customer", as used in this subdivision, means any political subdivision within the subdistrict that has a service or user agreement with the common sewer district.** The principal and interest of such bonds shall be payable only from the revenues of the subdistrict and not from any revenues of the common sewer district as a whole;

Matter in bold-face type is proposed language.

commencing on July 1, 1947, make an estimate of the expenses to be incurred by it during such fiscal year reasonably attributable to the regulation of public utilities as provided in chapters 386, 392 and 393 and shall also separately estimate the amount of such expenses directly attributable to such regulation of each of the following groups of public utilities: Electrical corporations, gas corporations, water corporations, heating companies and telephone corporations, telegraph corporations, sewer corporations, and any other public utility as defined in section 386.020, as well as the amount of such expenses not directly attributable to any such group. For purposes of this section, water corporations and sewer corporations will be combined and considered one group of public utilities.

2. The commission shall allocate to each such group of public utilities the estimated expenses directly attributable to the regulation of such group and an amount equal to such proportion of the estimated expenses not directly attributable to any group as the gross intrastate operating revenues of such group during the preceding calendar year bears to the total gross intrastate operating revenues of all public utilities subject to the jurisdiction of the commission, as aforesaid, during such calendar year. The commission shall then assess the amount so allocated to each group of public utilities, subject to reduction as herein provided, to the public utilities in such group in proportion to their respective gross intrastate operating revenues during the preceding calendar year, except that the total amount so assessed to all such public utilities shall not exceed [one-fourth] **three hundred fifteen thousandths** of one percent of the total gross intrastate operating revenues of all utilities subject to the jurisdiction of the commission.

3. The commission shall render a statement of such assessment to each such public utility on or before July first and the amount so assessed to each such public utility shall be paid by it to the director of revenue in full on or before July fifteenth next following the rendition of such statement, except that any such public utility may at its election pay such assessment in four equal installments not later than the following dates next following the rendition of said statement, to wit: July fifteenth, October fifteenth, January fifteenth and April fifteenth. The director of revenue shall remit such payments to the state treasurer.

4. The state treasurer shall credit such payments to a special fund, which is hereby created, to be known as "The Public Service Commission Fund", which fund, or its successor fund created pursuant to section 33.571, shall be devoted solely to the payment of expenditures actually incurred by the commission and attributable to the regulation of such public utilities subject to the jurisdiction of the commission, as aforesaid. Any amount remaining in such special fund or its successor fund at the end of any fiscal year shall not revert to the general revenue fund, but shall be applicable by appropriation of the general assembly to the payment of such expenditures of the commission in the succeeding fiscal year and shall be applied by the commission to the reduction of the amount to be assessed to such public utilities in such succeeding fiscal year, such reduction to be allocated to each group of public utilities in proportion to the respective gross intrastate operating revenues of the respective groups during the preceding calendar year.

5. In order to enable the commission to make the allocations and assessments herein provided for, each public utility subject to the jurisdiction of the commission as aforesaid shall file with the commission, within ten days after August 28, 1996, and thereafter on or before March thirty-first of each year, a statement under oath showing its gross intrastate operating revenues for the preceding calendar year, and if any public utility shall fail to file such statement within the time aforesaid the commission shall estimate such revenue which estimate shall be binding on such public utility for the purpose of this section.

386.800. MUNICIPALLY OWNED ELECTRICAL SUPPLIER, SERVICES OUTSIDE BOUNDARIES PROHIBITED, EXCEPTIONS — ANNEXATION — NEGOTIATIONS, TERRITORIAL AGREEMENTS, REGULATIONS, PROCEDURE — FAIR AND REASONABLE COMPENSATION DEFINED — ASSIGNMENT OF SOLE SERVICE TERRITORIES — COMMISSION JURISDICTION — RURAL

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

ELECTRIC COOPERATIVES, SERVICE WITHIN MUNICIPALITY, WHEN. — 1. No municipally owned electric utility may provide electric energy at retail to any structure located outside the municipality's corporate boundaries after July 11, 1991, unless:

(1) The structure was lawfully receiving permanent service from the municipally owned electric utility prior to July 11, 1991; [or]

(2) The service is provided pursuant to an approved territorial agreement under section 394.312;

(3) The service is provided pursuant to lawful municipal annexation and subject to the provisions of this section; or

(4) The structure is located in an area which was previously served by an electrical corporation regulated under chapter 386, and chapter 393, and the electrical corporation's authorized service territory was contiguous to or inclusive of the municipality's previous corporate boundaries, and the electrical corporation's ownership or operating rights within the area were acquired in total by the municipally owned electrical system prior to July 11, 1991. In the event that a municipally owned electric utility in a city with a population of more than one hundred twenty-five thousand located in a county of the first class not having a charter form of government and not adjacent to any other county of the first class desires to serve customers beyond the authorized service territory in an area which was previously served by an electrical corporation regulated under the provisions of chapter 386, and chapter 393, as provided in this subdivision, **in the absence of an approved territorial agreement under section 394.312**, the municipally owned utility shall apply to the public service commission for an order assigning nonexclusive service territories **and concurrently shall provide written notice of the application to other electric service suppliers with electric facilities located in or within one mile outside of the boundaries of the proposed expanded service territory.** The proposed service area shall be contiguous to the authorized service territory which was previously served by an electrical corporation regulated under the provisions of chapter 386, and chapter 393, as a condition precedent to the granting of the application. The commission shall have one hundred twenty days from the date of application to grant or deny the requested order. The commission, **after a hearing**, may grant the order upon a finding that granting of the applicant's request is not detrimental to the public interest. In granting the applicant's request the commission shall give due regard to territories previously granted to **or served by other electric service suppliers and the wasteful duplication of electric service facilities.**

2. Any municipally owned electric utility may extend, pursuant to lawful annexation, its **electric service territory to include [any structure located within a newly annexed area which has not received permanent service from another supplier within ninety days prior to the effective date of the annexation] areas where another electric supplier currently is not providing permanent service to a structure. If a rural electric cooperative has existing electric service facilities with adequate and necessary service capability located in or within one mile outside the boundaries of the area proposed to be annexed, a majority of the existing developers, landowners, or prospective electric customers in the area proposed to be annexed may, anytime within forty-five days prior to the effective date of the annexation, submit a written request to the governing body of the annexing municipality to invoke mandatory good faith negotiations under section 394.312 to determine which electric service supplier is best suited to serve all or portions of the newly annexed area. In such negotiations the following factors shall be considered, at a minimum:**

(1) The preference of landowners and prospective electric customers;

(2) The rates, terms, and conditions of service of the electric service suppliers;

(3) The economic impact on the electric service suppliers;

(4) Each electric service supplier's operational ability to serve all or portions of the annexed area within three years of the date the annexation becomes effective;

(5) Avoiding the wasteful duplication of electric facilities;

(6) Minimizing unnecessary encumbrances on the property and landscape within the area to be annexed; and

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

(7) Preventing the waste of materials and natural resources.

If the municipally owned electric utility and rural electric cooperative are unable to negotiate a territorial agreement pursuant to section 394.312 within forty-five days, then they may submit proposals to those submitting the original written request, whose preference shall control, section 394.080 to the contrary notwithstanding, and the governing body of the annexing municipality shall not reject the petition requesting annexation based on such preference. This subsection shall not apply to municipally-owned property in any newly annexed area.

3. In the event an electrical corporation rather than a municipally owned electric utility lawfully is providing electric service in the municipality, all the provisions of subsection 2 shall apply equally as if the electrical corporation were a municipally owned electric utility, except that if the electrical corporation and the rural electric cooperative are unable to negotiate a territorial agreement pursuant to section 394.312 within forty-five days, then either electric supplier may file an application with the commission for an order determining which electric supplier should serve, in whole or in part, the area to be annexed. The application shall be made pursuant to the rules and regulations of the commission governing applications for certificates of public convenience and necessity. The commission after the opportunity for hearing shall make its determination after consideration of the factors set forth in subdivisions (1) through (7) of subsection 2 of this section, and section 394.080 to the contrary notwithstanding, may grant its order upon a finding that granting of the applicant's request is not detrimental to the public interest. The commission shall issue its decision by report and order no later than one hundred twenty days from the date of the application unless otherwise ordered by the commission for good cause shown. Review of such commission decisions shall be governed by sections 386.500 to 386.550. If the applicant is a rural electric cooperative, the commission shall charge to the rural electric cooperative the appropriate fees as set forth in subsection 9 of this section.

[3.] 4. When a municipally owned electric utility desires to extend its service territory to include any structure located within a newly annexed area which has received permanent service from another electric service supplier within ninety days prior to the effective date of the annexation, it shall:

(1) Notify by publication in a newspaper of general circulation the record owner of said structure, and notify in writing any affected electric service supplier and the public service commission, within sixty days after the effective date of the annexation its desire to extend its service territory to include said structure; and

(2) Within six months after the effective date of the annexation receive the approval of the municipality's governing body to begin negotiations pursuant to section 394.312 with [any] the affected electric service supplier.

[4.] 5. Upon receiving approval from the municipality's governing body pursuant to subsection 3 of this section, the municipally owned electric utility and the affected electric service supplier shall meet and negotiate in good faith the terms of the territorial agreement and any transfers or acquisitions, including, as an alternative, granting the affected electric service supplier a franchise or authority to continue providing service in the annexed area. In the event that the affected electric service supplier does not provide wholesale electric power to the municipality, if the affected electric service supplier so desires, the parties [shall] may also negotiate, consistent with applicable law, regulations and existing power supply agreements, for power contracts which would provide for the purchase of power by the municipality from the affected electric service supplier for an amount of power equivalent to the loss of any sales to customers receiving permanent service at structures within the annexed areas which are being sought by the municipally owned electric utility. The parties shall have no more than one hundred eighty days from the date of receiving approval from the municipality's governing body within which to conclude their negotiations and file their territorial agreement with the commission for approval under the provisions of section 394.312. The time period for negotiations allowed under this subsection may

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

be extended for a period not to exceed one hundred eighty days by a mutual agreement of the parties and a written request with the public service commission.

[5.] **6.** For purposes of this section, the term "fair and reasonable compensation" shall mean the following:

(1) The present-day reproduction cost, new, of the properties and facilities serving the annexed areas, less depreciation computed on a straight-line basis; and

(2) An amount equal to the reasonable and prudent cost of detaching the facilities in the annexed areas and the reasonable and prudent cost of constructing any necessary facilities to reintegrate the system of the affected electric **service** supplier outside the annexed area after detaching the portion to be transferred to the municipally owned electric utility; and

(3) [Four] **Two** hundred percent of gross revenues less gross receipts taxes received by the affected electric **service** supplier from the twelve-month period preceding the approval of the municipality's governing body under the provisions of subdivision (2) of subsection [3] **4** of this section, normalized to produce a representative usage from customers at the subject structures in the annexed area; and

(4) Any federal, state and local taxes which may be incurred as a result of the transaction, including the recapture of any deduction or credit; and

(5) Any other costs reasonably incurred by the affected electric supplier in connection with the transaction.

[6.] **7.** In the event the parties are unable to reach an agreement under subsection [4] **5** of this section, within sixty days after the expiration of the time specified for negotiations, the municipally owned electric utility **or the affected electric service supplier** may apply to the commission for an order assigning exclusive service territories within the annexed area and a determination of the fair and reasonable compensation amount to be paid to the affected electric **service** supplier under subsection [5] **6** of this section. Applications shall be made and notice of such filing shall be given to all affected parties pursuant to the rules and regulations of the commission governing applications for certificates of public convenience and necessity. Unless otherwise ordered by the commission for good cause shown, the commission shall rule on such applications not later than one hundred twenty days after the application is properly filed with the secretary of the commission. The commission shall hold evidentiary hearings to assign service territory between **the** affected electric **service** suppliers inside the annexed area and to determine the amount of compensation due any affected electric **service** supplier for the transfer of plant, facilities or associated lost revenues between electric **service** suppliers in the annexed area. The commission shall make such determinations based on findings of what best serves the public interest and shall issue its decision by report and order. Review of such commission decisions shall be governed by sections 386.500 to 386.550. The payment of compensation and transfer of title and operation of the facilities shall occur within ninety days after the order and any appeal therefrom becomes final unless the order provides otherwise.

[7.] **8.** In reaching its decision under subsection [6] **7** of this section, the commission shall consider the following factors:

(1) Whether the acquisition or transfers sought by the municipally owned electric utility within the annexed area from the affected electric **service** supplier are, in total, in the public interest, including **the preference of the owner of any affected structure**, consideration of rate disparities between the competing electric **service** suppliers, and issues of unjust rate discrimination among customers of a single electric **service** supplier if the rates to be charged in the annexed areas are lower than those charged to other system customers; and

(2) The fair and reasonable compensation to be paid by the municipally owned electric utility, to the affected electric **service** supplier with existing system operations within the annexed area, for any proposed acquisitions or transfers; and

(3) Any effect on system operation, including, but not limited to, loss of load and loss of revenue; and

(4) Any other issues upon which the municipally owned electric utility and the affected electric service supplier might otherwise agree, including, but not limited to, the valuation formulas and factors contained in subsections [4,] 5, 6, and [6] 7, of this section, even if the parties could not voluntarily reach an agreement thereon under those subsections.

[8.] 9. The commission is hereby given all necessary jurisdiction over municipally owned electric utilities and rural electric cooperatives to carry out the purposes of this section consistent with other applicable law; provided, however, the commission shall not have jurisdiction to compel the transfer of customers or structures with a connected load greater than one thousand kilowatts. The commission shall by rule set appropriate fees to be charged on a case-by-case basis to municipally owned electric utilities and rural electric cooperatives to cover all necessary costs incurred by the commission in carrying out its duties under this section. **Nothing in this section shall be construed as otherwise conferring upon the public service commission jurisdiction over the service, rates, financing, accounting, or management of any rural electric cooperative or municipally-owned electric utility, except as provided in this section.**

10. Notwithstanding sections 394.020 and 394.080 to the contrary, a rural electric cooperative may provide electric service within the corporate boundaries of a municipality if such service is provided:

(1) Pursuant to subsections 2 through 9 of this section; and

(2) Such service is conditioned upon the execution of the appropriate territorial and municipal franchise agreements, which may include a nondiscriminatory requirement, consistent with other applicable law, that the rural electric cooperative collect and remit a sales tax based on the amount of electricity sold by the rural electric cooperative within the municipality.

393.106. DEFINITIONS — ELECTRIC POWER SUPPLIERS EXCLUSIVE RIGHT TO SERVE STRUCTURES, EXCEPTION — CHANGE OF SUPPLIERS, PROCEDURE — PURCHASE OF AUXILIARY POWER — PERMANENT SERVICE SUPPLIED TO NONRURAL AREA, WHEN. — 1. As used in this section, the following terms mean:

(1) "Permanent service", electrical service provided through facilities which have been permanently installed on a structure and which are designed to provide electric service for the structure's anticipated needs for the indefinite future, as contrasted with facilities installed temporarily to provide electrical service during construction. Service provided temporarily shall be at the risk of the electrical supplier and shall not be determinative of the rights of the provider or recipient of permanent service;

(2) "Structure" or "structures", an agricultural, residential, commercial, industrial or other building or a mechanical installation, machinery or apparatus at which retail electric energy is being delivered through a metering device which is located on or adjacent to the structure and connected to the lines of an electrical supplier. Such terms shall include any contiguous or adjacent additions to or expansions of a particular structure. Nothing in this section shall be construed to confer any right on an electric supplier to serve new structures on a particular tract of land because it was serving an existing structure on that tract.

2. Once an electrical corporation or joint municipal utility commission, or its predecessor in interest, lawfully commences supplying retail electric energy to a structure through permanent service facilities, it shall have the right to continue serving such structure, and other suppliers of electrical energy shall not have the right to provide service to the structure except as might be otherwise permitted in the context of municipal annexation, pursuant to section 386.800 and section 394.080, or pursuant to a territorial agreement approved under section 394.312. The public service commission, upon application made by an affected party, may order a change of suppliers on the basis that it is in the public interest for a reason other than a rate differential. The commission's jurisdiction under this section is limited to public interest determinations and excludes questions as to the lawfulness of the provision of service, such questions being reserved to courts of competent jurisdiction. Except as provided in this section,

nothing contained herein shall affect the rights, privileges or duties of existing corporations pursuant to this chapter. Nothing in this section shall be construed to make lawful any provision of service which was unlawful prior to July 11, 1991. Nothing in this section shall be construed to make unlawful the continued lawful provision of service to any structure which may have had a different supplier in the past, if such a change in supplier was lawful at the time it occurred. However, those customers who had cancelled service with their previous supplier or had requested cancellation by May 1, 1991, shall be eligible to change suppliers as per previous procedures. No customer shall be allowed to change electric suppliers by disconnecting service between May 1, 1991, and July 11, 1991.

3. Notwithstanding the provisions of this section and sections 91.025, 394.080, and 394.315 to the contrary, in the event that a retail electric supplier is providing service to a structure located within a city, town, or village that has ceased to be a rural area, and such structure is demolished and replaced by a new structure, such retail electric service supplier may provide permanent service to the new structure upon the request of the owner of the new structure.

393.358. PLANNED INFRASTRUCTURE PROJECTS, QUALIFICATION PROCESS FOR CONTRACTORS — DEFINITIONS — REQUIREMENTS — REPORT TO GENERAL ASSEMBLY. — 1. For purposes of this section, the following terms shall mean:

(1) "Commission", the Missouri public service commission established under section 386.040;

(2) "Water corporation", a corporation with more than one thousand Missouri customers that otherwise meets the definition of "water corporation" in section 386.020.

2. Water corporations shall develop a qualification process open to all contractors seeking to provide construction and construction-related services for planned infrastructure projects on the water corporation's distribution system. The water corporation shall specify qualification requirements and goals for contractors seeking to perform such work, including but not limited to experience, performance criteria, safety record and policies, technical expertise, scheduling needs and available resources, supplier diversity and insurance requirements. Contractors that meet the qualification requirements shall be eligible to participate in a competitive bidding process for providing construction and construction-related services for planned infrastructure projects on the water corporation's distribution system, and the contractor making the lowest and best bid shall be awarded such contract. For contractors not qualifying through the competitive bid process, the water corporation, upon request from the contractor, shall provide information from the process in which the contractor can be informed as to how to be better positioned to qualify for such bid opportunities in the future. Nothing in this section shall be construed as requiring any water corporation to use third parties instead of its own employees to perform such work, to use the contractor qualification or competitive bidding process in the case of an emergency project, or to terminate any existing contract with a contractor prior to its expiration.

3. Within thirty days after August 28, 2018, and with the filing of a general rate proceeding initiated by the water corporation, the water corporation shall file a statement with the commission confirming it has established a qualification process meeting the requirements of this section and that such process is used for no less than [ten] **twenty** percent of the corporation's external expenditures for planned infrastructure projects on the water corporation's distribution system. The commission shall have the authority to verify the statements to ensure compliance with this section.

4. By December 31, 2020, the commission shall submit a report to the general assembly on the effects of this section, including water corporation compliance, the costs of performing planned infrastructure projects prior to the implementation of this section compared to after the implementation of this section, and any other information regarding the process established under this section that the commission deems necessary.

393.1500. CITATION OF LAW. — Sections 393.1500 to 393.1509 shall be known and may be cited as the "Missouri Water and Sewer Infrastructure Act".

393.1503. DEFINITIONS. — As used in sections 393.1500 to 393.1509, the following terms shall mean:

(1) "Appropriate pretax revenues", the revenues necessary to produce net operating income equal to:

(a) The water or sewer corporation's pretax weighted cost of capital multiplied by the net original cost of eligible infrastructure system projects, including recognition of accumulated deferred income taxes and accumulated depreciation associated with eligible infrastructure system projects which are included in the petition to establish or change a WSIRA, plus accumulated deferred income taxes and accumulated depreciation associated with any eligible infrastructure system projects in a currently effective WSIRA implemented pursuant to sections 393.1506 and 393.1509;

(b) The state, federal, and local income or excise taxes applicable to such revenues;

(c) The depreciation expense applicable to the eligible infrastructure system project less annual depreciation expense associated with any related facility retirements; and

(d) The property taxes applicable to the eligible infrastructure that will be due within twelve months of the filing of a request to implement a water and sewer infrastructure rate adjustment pursuant to sections 393.1506 and 393.1509, less any property taxes associated with any related facility retirements;

(2) "Commission", the Missouri public service commission;

(3) "Eligible infrastructure system projects", water or sewer utility plant projects that:

(a) Replace or extend the useful life of existing infrastructure;

(b) Are in service and used and useful;

(c) Do not include projects intended solely for customer growth; and

(d) The costs of which were not recovered in the water or sewer corporation's base rates in its most recent general rate case;

(4) "Sewer corporation", the same as defined in section 386.020;

(5) "Water and sewer infrastructure rate adjustment" or "WSIRA", a separate line item rate on a customer's water or sewer bill designed to recover the appropriate pretax revenues associated with eligible infrastructure system projects implemented pursuant to sections 393.1500 to 393.1509;

(6) "Water corporation", the same as defined in section 386.020;

(7) "Water or sewer utility plant projects", shall consist of the following:

(d) Facilities relocations required due to construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain; provided that the costs related to such projects have not been reimbursed to the water or sewer corporation;

(e) Replacement of water and wastewater treatment mechanical equipment with equipment of similar capacity and operation, including well and intake pumps, transfer pumps, high service or discharge pumps, and metering pumps; and

(f) Replacement of Supervisory Control and Data Acquisition System (SCADA) components necessary for the operation and monitoring of remote installations including radio and cellular communication equipment, and programmable logic controllers;

(8) "WSIRA revenues", revenues produced through implementation of a WSIRA pursuant to sections 393.1500 to 393.1509, exclusive of revenues from all other rates and charges.

393.1506. ESTABLISHMENT OF OR CHANGE TO WSIRA FOR RECOVERY OF APPROPRIATE PRETAX REVENUES, WHEN, PROCEDURE. — 1. Notwithstanding any provisions of chapter 386 and this chapter to the contrary, a water or sewer corporation that provides water or sewer service to more than eight thousand customer connections may file a petition and proposed rate schedules with the commission to establish or change a WSIRA that will provide for the recovery of the appropriate pretax revenues associated with the eligible infrastructure system projects, less the appropriate pretax revenues associated with any retired utility plant that is being replaced by the eligible infrastructure system projects. The WSIRA shall not produce revenues in excess of fifteen percent of the water or sewer corporation's base revenue requirement approved by the commission in the water or sewer corporation's most recent general rate proceeding; provided, however, that neither WSIRA revenues attributable to replacement of customer-owned lead service lines, nor any reconciliation amounts described in subdivision (2) of subsection 5 of section 393.1509, shall count toward the program cap. The WSIRA and any future changes thereto shall be calculated and implemented in accordance with the provisions of sections 393.1503 to 393.1509. WSIRA revenues shall be subject to refund based upon a finding and order of the commission, to the extent provided in subsections 5 and 8 of section 393.1509.

2. The commission shall not approve a WSIRA for a water or sewer corporation that has not had a general rate proceeding decided or dismissed by issuance of a commission order within the past three years of the filing of a petition pursuant to this section unless the water or sewer corporation has filed for or is the subject of a new general rate proceeding.

3. In no event shall a water or sewer corporation collect a WSIRA for a period exceeding three years unless the water or sewer corporation has filed for or is the subject of a pending general rate proceeding; provided that the WSIRA may be collected until the effective date of new rate schedules established as a result of the new general rate proceeding or until the subject general rate proceeding is otherwise decided or dismissed by issuance of a commission order without new rates being established.

4. Except as provided in this subsection, in no event shall a water or sewer corporation collect a WSIRA if also collecting revenues from a commission approved infrastructure system replacement surcharge as provided in sections 393.1000 to 393.1006. In no event shall a customer be charged both an infrastructure system replacement surcharge as provided in sections 393.1000 to 393.1006 and a WSIRA. In the event a water or sewer corporation is collecting infrastructure system replacement surcharge revenues under sections 393.1000 to 393.1006, that was approved prior to August 28, 2021, when the initial WSIRA is filed, the approved infrastructure system replacement surcharge revenues shall be included in the new WSIRA filing.

393.1509. FILING OF WSIRA PETITION, PROCEDURE — PRETAX REVENUES, CONSIDERATIONS — CALCULATION OF WSIRA — REVISED SCHEDULE, WHEN — COMMISSION AUTHORITY — EXPIRATION DATE. — 1. (1) At the time that a water or sewer corporation files a petition with the commission seeking to establish or change a WSIRA, it shall submit proposed WSIRA rate schedules and supporting documentation regarding the calculation of the proposed WSIRA with the petition and shall serve the office of the public counsel with a copy of its petition, its proposed WSIRA rate schedules, and its supporting documentation.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

(2) Upon the filing of a petition and any associated WSIRA rate schedules, seeking to establish or change a WSIRA, the commission shall publish notice of the filing.

(3) Three months prior to a water or sewer corporation filing a petition to establish a WSIRA, it shall also file with the commission a five-year capital expenditure plan unless such a plan has already been submitted during the previous twelve months. Thereafter, the water or sewer corporation shall annually file with the commission a five-year capital expenditure plan by January thirty-first of each year the corporation is collecting revenues through a WSIRA. Nothing in this section shall be construed to prevent the water or sewer corporation from prioritizing eligible infrastructure projects that coincide with public works projects.

2. (1) When a petition, along with any associated proposed rate schedules, is filed pursuant to the provisions of sections 393.1503 to 393.1509, the commission shall conduct an examination of the proposed WSIRA.

(2) The staff of the commission may examine information of the water or sewer corporation to confirm that the underlying costs are in accordance with the provisions of sections 393.1503 to 393.1509, and to confirm proper calculation of the proposed WSIRA, and may submit a report regarding its examination to the commission not later than ninety days after the petition is filed. No other revenue requirement or ratemaking issues shall be examined in consideration of the petition or associated proposed WSIRA rate schedules filed pursuant to the provisions of sections 393.1503 to 393.1509.

(3) The commission may hold a hearing on the petition and any associated WSIRA rate schedule and shall issue an order to become effective not later than one hundred eighty days after the petition is filed.

(4) If the commission finds that a petition complies with the requirements of sections 393.1503 to 393.1509, the commission shall enter an order authorizing the water or sewer corporation to implement a WSIRA that is sufficient to recover appropriate pretax revenues, as determined by the commission pursuant to the provisions of sections 393.1503 to 393.1509.

3. A water or sewer corporation may effectuate a change in its WSIRA pursuant to this section no more often than two times in every twelve-month period.

4. In determining the appropriate pretax revenues, the commission shall consider only the following factors:

(1) The current state, federal, and local income or excise tax rates, including any income tax deductions;

(2) The water or sewer corporation's actual regulatory capital structure as determined during the most recent general rate proceeding of the water or sewer corporation;

(3) The actual cost rates for the water or sewer corporation's debt and preferred stock as determined during the most recent general rate proceeding of the water or sewer corporation;

(4) The water or sewer corporation's cost of common equity as determined during the most recent general rate proceeding of the water or sewer corporation;

(5) The current property tax rate or rates applicable to the eligible infrastructure system projects;

(6) The current depreciation rates applicable to the eligible infrastructure system projects;

(7) In the event information described in subdivisions (2), (3), and (4) of this subsection is unavailable and the commission is not provided with such information on an agreed-upon basis, the commission shall utilize the overall pretax weighted average cost of capital last authorized for the water or sewer corporation in a general rate proceeding regarding a WSIRA or an infrastructure system replacement surcharge under sections 393.1000 to 393.1006.

5. (1) A WSIRA shall be calculated based upon the amount of infrastructure system project costs that are eligible for recovery during the period in which the WSIRA will be in effect and upon the applicable tariff rate group billing determinants utilized in designing the water or sewer

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

corporation's customer rates in its most recent general rate proceeding and allocated in a manner consistent with the rate design methodology utilized to develop the water or sewer corporation's base rates resulting from its most recent general rate proceeding.

(2) At the end of each twelve-month calendar period that a WSIRA is in effect, the water or sewer corporation shall reconcile the differences between the revenues resulting from a WSIRA and the appropriate pretax revenues as found by the commission for that period and shall submit the reconciliation and a proposed WSIRA to the commission for approval to recover or credit the difference, as appropriate, through a WSIRA.

6. (1) A water or sewer corporation that has implemented a WSIRA pursuant to the provisions of sections 393.1503 to 393.1509 shall file revised WSIRA schedules to reset the WSIRA to zero when new base rates and charges become effective for the water or sewer corporation following a commission order establishing customer rates in a general rate proceeding that incorporates in the utility's base rates, subject to subsections 8 and 9 of this section, eligible costs previously reflected in a WSIRA.

(2) Upon the inclusion in a water or sewer corporation's base rates, subject to subsections 8 and 9 of this section, of eligible costs previously reflected in a WSIRA, the water or sewer corporation shall immediately thereafter reconcile any previously unreconciled WSIRA revenues as necessary to ensure that revenues resulting from the WSIRA match as closely as possible the appropriate pretax revenues as found by the commission for that period.

7. A water or sewer corporation's filing of a petition to establish or change a WSIRA pursuant to the provisions of sections 393.1503 to 393.1509 shall not be considered a request for a general increase in the water or sewer corporation's base rates and charges.

8. Commission approval of a petition, and any associated rate schedules, to establish or change a WSIRA pursuant to the provisions of sections 393.1503 to 393.1509 shall in no way be binding upon the commission in determining the ratemaking treatment to be applied to eligible infrastructure system projects during a subsequent general rate proceeding when the commission may undertake to review the prudence of such costs. In the event the commission disallows, during a subsequent general rate proceeding, recovery of costs associated with eligible infrastructure system projects previously included in a WSIRA, the water or sewer corporation shall offset its WSIRA in the future as necessary to recognize and account for any such overcollections.

9. Nothing contained in sections 393.1503 to 393.1509 shall be construed to impair in any way the authority of the commission to review the reasonableness of the rates or charges of a water or sewer corporation, including review of the prudence of eligible infrastructure system replacements made by a water or sewer corporation, pursuant to the provisions of section 386.390.

10. The commission may take into account any change in business risk to the water or sewer corporation resulting from implementation of the WSIRA in setting the corporation's allowed return in a general rate proceeding in addition to any other changes in business risk experienced by the corporation.

11. The commission shall have authority to promulgate rules for the implementation of sections 393.1503 to 393.1509, but only to the extent such rules are consistent with, and do not delay the implementation of, the provisions of sections 393.1503 to 393.1509. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional,

then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void.

12. The provisions of sections 393.1500 to 393.1509 shall expire on December 31, 2031.

394.020. DEFINITIONS. — In this chapter, unless the context otherwise requires,

(1) "Member" means each incorporator of a cooperative and each person admitted to and retaining membership therein, and shall include a husband and wife admitted to joint membership;

(2) "Person" includes any natural person, firm, association, corporation, business trust, partnership, federal agency, state or political subdivision or agency thereof, or any body politic; and

394.120. QUALIFICATIONS FOR MEMBERSHIP — MEETINGS — RULES — BOARD OF DIRECTORS AUTHORITY ON CERTAIN MATTERS, EXPIRES, WHEN. — 1. No person shall become a member of a cooperative unless such person shall agree to use electric energy furnished by the cooperative when such electric energy shall be available through its facilities. The bylaws of a cooperative may provide that any person, including an incorporator, shall cease to be a member thereof if he or she shall fail or refuse to use electric energy made available by the cooperative or if electric energy shall not be made available to such person by the cooperative within a specified time after such person shall have become a member thereof. Membership in the cooperative shall not be transferable, except as provided in the bylaws. The bylaws may prescribe additional qualifications and limitations in respect of membership.

2. An annual meeting of the members shall be held at such time as shall be provided in the bylaws.

3. Special meetings of the members may be called by the board of directors, by any three directors, by not less than ten percent of the members, or by the president.

4. Meetings of members shall be held at such place as may be provided in the bylaws. In the absence of any such provisions, all meetings shall be held in the city or town in which the principal office of the cooperative is located.

5. Except as herein otherwise provided, written or printed notice stating the time and place of each meeting of members and, in the case of a special meeting, the purpose or purposes for which the meeting is called, shall be given to each member, either personally or by mail, not less than ten nor more than twenty-five days before the date of the meeting.

6. Two percent of the first two thousand members and one percent of the remaining members, present in person, or if the bylaws so provide, participating electronically or by mail, shall constitute a quorum for the transaction of business at all meetings of the members, unless the bylaws prescribe the presence of a greater percentage of the members for a quorum. If less than a quorum is present at any meeting, a majority of those present in person may adjourn the meeting from time to time without further notice.

7. Each member shall be entitled to one vote on each matter submitted to a vote at a meeting. Voting shall be in person, but, if the bylaws so provide, may also be by proxy, by electronic means, by mail, or any combination thereof. If the bylaws provide for voting by proxy, by electronic means, or by mail, they shall also prescribe the conditions under which proxy, electronic, or mail voting shall be exercised. In any event, no person shall vote as proxy for more than two members at any meeting of the members.

8. Notwithstanding the provisions of subsections 2 and 7 of this section, the board of directors shall have the power to set the time and place of the annual meeting and also to provide for voting by proxy, electronic means, by mail, or any combination thereof, and to prescribe the conditions

Once a rural electric cooperative, or its predecessor in interest, lawfully commences supplying retail electric energy to a structure through permanent service facilities, it shall have the right to continue serving such structure, and other suppliers of electrical energy shall not have the right to provide service to the structure except as might be otherwise permitted in the context of municipal annexation, pursuant to section 386.800 and section 394.080, or pursuant to a territorial agreement approved under section 394.312. The public service commission, upon application made by an affected party, may order a change of suppliers on the basis that it is in the public interest for a reason other than a rate differential, and the commission is hereby given jurisdiction over rural electric cooperatives to accomplish the purpose of this section. The commission's jurisdiction under this section is limited to public interest determinations and excludes questions as to the lawfulness of the provision of service, such questions being reserved to courts of competent jurisdiction. Except as provided herein, nothing in this section shall be construed as otherwise conferring upon the commission jurisdiction over the service, rates, financing, accounting or management of any such cooperative, and except as provided in this section, nothing contained herein shall affect the rights, privileges or duties of existing cooperatives pursuant to this chapter. Nothing in this section shall be construed to make lawful any provision of service which was unlawful prior to July 11, 1991. An employer may make contributions into the voluntary firefighter cancer benefits pool established for the purpose of this section. The contribution levels and award levels shall be set by the board of trustees of the pool.

(2) For an employer that chooses to make contributions into the voluntary firefighter cancer benefits pool, the pool shall provide the minimum benefits specified by the board of trustees of the pool to covered individuals, based on the award level of the cancer at the time of diagnosis, after the employer becomes a participant.

(3) Benefit levels shall be established by the board of trustees of the pool based on the category and stage of the cancer.

(4) In addition to an award pursuant to subdivision (3) of this subsection:

(11) For purposes of all other employment policies and benefits that are not workers' compensation benefits payable under chapter 287, health insurance, and any benefits paid pursuant to chapter 208, a covered individual's cancer diagnosis shall be treated as an on-the-job injury or illness.

7. (1) This subsection shall not affect any determination as to whether a covered individual's cancer arose out of and in the course of employment and is a compensable injury pursuant to chapter 287. Receipt of benefits from the pool under this section shall not be considered competent evidence or proof by itself of a compensable injury under chapter 287.

(2) Should it be determined that a covered individual's cancer arose out of and in the course of employment and is a compensable injury under chapter 287, the compensation and death benefit provided under chapter 287 shall be reduced one hundred percent by any benefits received from the pool under this section.

(3) The employer in any claim made pursuant to chapter 287 shall be subrogated to the right of the employee or to the dependent or domestic partner to receive benefits from the pool and such employer may recover any amounts which such employee or the dependent or domestic partner would have been entitled to recover from the pool under this section. (6) Before sentencing, a defendant shall be assessed for placement in one or more community-based programs that provide counseling, supervision, and education and that offer reasonable opportunity for the defendant to provide redress to the person exposed.

10. (1) The funding for the network shall be subject to appropriations. TELEHEALTH NETWORK REQUIRED. — 1. Beginning January 1, 2023, **or no later than six months after the establishment of the statewide telehealth network under section 192.2520, whichever is later**, any hospital licensed under this chapter shall perform a forensic examination using an evidentiary collection kit upon the request and consent of the victim of a sexual offense, or the victim's guardian, when the victim is at least fourteen years of age. In the case of minor consent, the provisions of subsection 2 of section 595.220 shall apply. Victims under fourteen years of age shall be referred, **and victims fourteen years of age or older but less than eighteen years of age may be referred**, to a SAFE CARE provider, as such term is defined in section 334.950, for medical or forensic evaluation and case review. Nothing in this section shall be interpreted to preclude a hospital from performing a forensic examination for a victim under fourteen years of age upon the request and consent of the victim or victim's guardian, subject to the provisions of section 595.220 and the rules promulgated by the department of public safety.

2. **(1)** An appropriate medical provider, as such term is defined in section 595.220, shall perform the forensic examination of a victim of a sexual offense. The hospital shall ensure that any provider performing the examination has received training conducting such examinations that is, at a minimum, equivalent to the training offered by the statewide telehealth network under subsection 4 of section 192.2520. **Nothing in this section shall require providers to utilize the training offered by the statewide telehealth network, as long as the training utilized is, at a minimum, equivalent to the training offered by the statewide telehealth network.**

(2) If the provider is not a sexual assault nurse examiner (SANE), or another similarly trained physician or nurse, then the hospital shall utilize telehealth services during the examination, such as those provided by the statewide telehealth network, to provide guidance and support through a SANE, or other similarly trained physician or nurse, who may observe the live forensic examination and who shall communicate with and support the onsite provider with the examination, forensic evidence collection, and proper transmission and storage of the examination evidence.

3. The department of health and senior services may issue a waiver of the telehealth requirements of subsection 2 of this section if the hospital demonstrates to the department, in writing, a technological hardship in accessing telehealth services or a lack of access to adequate broadband services sufficient to access telehealth services. Such waivers shall be granted sparingly and for no more than a year in length at a time, with the opportunity for renewal at the department's discretion.

4. The department shall waive the requirements of this section if the statewide telehealth network established under section 192.2520 ceases operation, the director of the department of health and senior services has provided written notice to hospitals licensed under this chapter that the network has ceased operation, and the hospital cannot, in good faith, comply with the requirements of this section without assistance or resources of the statewide telehealth network. Such waiver shall remain in effect until such time as the statewide telehealth network resumes operation or until the hospital is able to demonstrate compliance with the provisions of this section without the assistance or resources of the statewide telehealth network.

5. The provisions of section 595.220 shall apply to the reimbursement of the reasonable costs of the examinations and the provision of the evidentiary collection kits.

6. No individual hospital shall be required to comply with the provisions of this section and section 192.2520 unless and until the department provides such hospital with access to the statewide telehealth network for the purposes of mentoring and training services required under section 192.2520 without charge to the hospital.

person shall not be considered a child if, at the time the alleged offense or violation was committed, the person was considered an adult according to then-existing law.

211.072. CERTIFICATION AS AN ADULT, PLACEMENT IN SECURE DETENTION FACILITY TO CONTINUE TRANSFER TO ADULT JAIL, WHEN, PROCEDURE — LIMITATION ON TIME IN ADULT JAIL — REQUIREMENTS FOR PRETRIAL-CERTIFIED JUVENILES — PER DIEM. — 1. A juvenile under eighteen years of age who has been certified to stand trial as an adult for offenses pursuant to section 211.071, if currently placed in a secure juvenile detention facility, shall remain in a secure juvenile detention facility pending finalization of the judgment and completion of appeal, if any, of the judgment dismissing the juvenile petition to allow for prosecution under the general law unless otherwise ordered by the juvenile court. Upon the judgment dismissing the petition to allow prosecution under the general laws becoming final and adult charges being filed, if the juvenile is currently in a secure juvenile detention facility, the juvenile shall remain in such facility unless the juvenile posts bond or the juvenile is transferred to an adult jail. If the juvenile officer does not believe juvenile detention would be the appropriate placement or would continue to serve as the appropriate placement, the juvenile officer may file a motion in the adult criminal case requesting that the juvenile be transferred from a secure juvenile detention facility to an adult jail. The court shall hear evidence relating to the appropriateness of the juvenile remaining in a secure juvenile detention facility or being transferred to an adult jail. At such hearing, the following shall have the right to be present and have the opportunity to present evidence and recommendations at such hearing: the juvenile; the juvenile's parents; the juvenile's counsel; the prosecuting attorney; the juvenile officer or his or her designee for the circuit in which the juvenile was certified; the juvenile officer or his or her designee for the circuit in which the pre-trial certified juvenile is proposed to be held, if different from the circuit in which the juvenile was certified; counsel for the juvenile officer; and representatives of the county proposed to have custody of the pre-trial certified juvenile.

2. Following the hearing, the court shall order that the juvenile continue to be held in a secure juvenile detention facility subject to all Missouri juvenile detention standards, or the court shall order that the pre-trial certified juvenile be held in an adult jail but only after the court has made findings that it would be in the best interest of justice to move the pre-trial certified juvenile to an adult jail. The court shall weigh the following factors when deciding whether to detain a certified juvenile in an adult facility:

- (1) The certified juvenile's age;
- (2) The certified juvenile's physical and mental maturity;
- (3) The certified juvenile's present mental state, including whether he or she presents an imminent risk of self-harm;
- (4) The nature and circumstances of the charges;
- (5) The certified juvenile's history of delinquency;
- (6) The relative ability of the available adult and juvenile facilities to both meet the needs of the certified juvenile and to protect the public and other youth in their custody;
- (7) The opinion of the juvenile officer in the circuit of the proposed placement as to the ability of that juvenile detention facility to provide for appropriate care, custody, and control of the pre-trial certified juvenile; and
- (8) Any other relevant factor.

3. In the event the court finds that it is in the best interest of justice to require the certified juvenile to be held in an adult jail, the court shall hold a hearing once every thirty days to determine whether the placement of the certified juvenile in an adult jail is still in the best interests of justice.

4. A certified juvenile cannot be held in an adult jail for more than one hundred eighty days unless the court finds, for good cause, that an extension is necessary or the juvenile, through counsel, waives the one hundred eighty day maximum period. If no extension is granted under this subsection, the certified juvenile shall be transferred from the adult jail to a secure juvenile detention facility.

5. Effective December 31, 2021, all previously pre-trial certified juveniles under eighteen years of age who had been certified prior to August 28, 2021, shall be transferred from adult jail to a secure juvenile detention facility, unless a hearing is held and the court finds, based upon the factors in subsection 2 of this section, that it would be in the best interest of justice to keep the juvenile in the adult jail.

6. All pre-trial certified juveniles under eighteen years of age who are held in adult jails pursuant to the best interest of justice exception shall continue to be subject to the protections of the Prison Rape Elimination Act (PREA) and shall be physically separated from adult inmates.

7. If the certified juvenile remains in juvenile detention, the juvenile officer may file a motion to reconsider placement. The court shall consider the factors set out in subsection 2 of this section and the individuals set forth in subsection 1 of this section shall have a right to be present and present evidence. The court may amend its earlier order in light of the evidence and arguments presented at the hearing if the court finds that it would not be in the best interest of justice for the juvenile to remain in a secure juvenile detention facility.

8. Issues related to the setting of, and posting of, bond along with any bond forfeiture proceedings shall be held in the pre-trial certified juvenile's adult criminal case.

9. Upon attaining eighteen years of age or upon conviction on the adult charges, the juvenile shall be transferred from juvenile detention to the appropriate adult facility.

10. Any responsibility for transportation of and contracted service for the certified juvenile who remains in a secure juvenile detention facility shall be handled in the same manner as in all other adult criminal cases where the defendant is in custody.

11. The per diem provisions as set forth in section 211.156 shall apply to certified juveniles who are being held in a secure juvenile detention facility.

(5) The court may order, pursuant to subsection 2 of section 211.081, that the child receive the necessary services in the least restrictive appropriate environment including home and community-based services, treatment and support, based on a coordinated, individualized treatment plan. The individualized treatment plan shall be approved by the court and developed by the applicable state agencies responsible for providing or paying for any and all appropriate and necessary services, subject to appropriation, and shall include which agencies are going to pay for and provide such services. Such plan must be submitted to the court within thirty days and the child's family shall actively participate in designing the service plan for the child;

(6) The department of social services, in conjunction with the department of mental health, shall apply to the United States Department of Health and Human Services for such federal waivers as required to provide services for such children, including the acquisition of community-based services waivers.

2. When a child is found by the court to come within the provisions of subdivision (2) of subsection 1 of section 211.031, the court shall so decree and upon making a finding of fact upon which it exercises its jurisdiction over the child, the court may, by order duly entered, proceed as follows:

(2) Commit the child to the custody of:

(a) A public agency or institution authorized by law to care for children or place them in family homes; except that, a child may be committed to the department of social services, division of youth services, only if he or she is presently under the court's supervision after an adjudication under the provisions of subdivision (2) or (3) of subsection 1 of section 211.031;

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive it in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(d) The juvenile officer;

(3) Place the child in a family home;

(4) Cause the child to be examined and treated by a physician, psychiatrist or psychologist and when the health or condition of the child requires it, cause the child to be placed in a public or private hospital, clinic or institution for treatment and care; except that, nothing contained herein authorizes any form of compulsory medical, surgical, or psychiatric treatment of a child whose parents or guardian in good faith are providing other remedial treatment recognized or permitted under the laws of this state;

(5) Assess an amount of up to ten dollars to be paid by the child to the clerk of the court.

Execution of any order entered by the court pursuant to this subsection, including a commitment to any state agency, may be suspended and the child placed on probation subject to such conditions as the court deems reasonable. After a hearing, probation may be revoked and the suspended order executed.

3. When a child is found by the court to come within the provisions of subdivision (3) of subsection 1 of section 211.031, the court shall so decree and make a finding of fact upon which it exercises its jurisdiction over the child, and the court may, by order duly entered, proceed as follows:

(1) Place the child under supervision in his or her own home or in custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require; provided that, no child who has been adjudicated a delinquent by a juvenile court for committing or attempting to commit a sex-related offense which if committed by an adult would be considered a felony offense pursuant to chapter 566, including but not limited to rape, forcible sodomy, child molestation, and sexual abuse, and in which the victim was a child, shall be placed in any residence within one thousand feet of the residence of the abused child of that offense until the abused child reaches the age of eighteen, and provided further that the provisions of this subdivision regarding placement within one thousand feet of the abused child shall not apply when the abusing child and the abused child are siblings or children living in the same home;

(2) Commit the child to the custody of:

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive it in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(6) Suspend or revoke a state or local license or authority of a child to operate a motor vehicle;

(7) Order the child to make restitution or reparation for the damage or loss caused by his or her offense. In determining the amount or extent of the damage, the court may order the juvenile officer to prepare a report and may receive other evidence necessary for such determination. The child and his or her attorney shall have access to any reports which may be prepared, and shall have the right to present evidence at any hearing held to ascertain the amount of damages. Any restitution or reparation ordered shall be reasonable in view of the child's ability to make payment or to perform the reparation. The court may require the clerk of the circuit court to act as receiving and disbursing agent for any payment ordered;

(8) Order the child to a term of community service under the supervision of the court or of an organization selected by the court. child ordered to perform services under this subdivision, or any person deriving a cause of action from such child, if such cause of action arises from the supervision of the child's performance of services under this subdivision and if such cause of action does not arise from an intentional tort. A child ordered to perform services under this subdivision shall not be deemed an employee within the meaning of the provisions of chapter 287, nor shall the services of such child be deemed employment within the meaning of the provisions of chapter 288. Execution of any order entered by the court, including a commitment to any state agency, may be suspended and the child placed on probation subject to such conditions as the court deems reasonable. In any order of commitment of a child to the custody of the division of youth services, the division shall determine the appropriate program or placement pursuant to subsection 3 of section 219.021. Beginning January 1, 1996, the department shall not discharge a child from the custody of the division of youth services before the child completes the length of stay determined by the court in the commitment order unless the committing court orders otherwise. The director of the division of youth services may at any time petition the court for a review of a child's length of stay commitment order, and the court may, upon a showing of good cause, order the early discharge of the child from the custody of the division of youth services. The division may discharge the child from the division of youth services without a further court order after the child completes the length of stay determined by the court or may retain the child for any period after the completion of the length of stay in accordance with the law.

5. When an assessment has been imposed under the provisions of subsection 2 or 3 of this section, the assessment shall be paid to the clerk of the court in the circuit where the assessment is imposed by court order, to be deposited in a fund established for the sole purpose of payment of judgments entered against children in accordance with section 211.185.

The division of probation and parole shall provide supervision to all persons referred by the circuit courts of the state as provided by sections 217.750 and 217.760. The **parole board** shall exercise independence in making decisions about individual cases, but operate cooperatively within the department and with other agencies, officials, courts, and stakeholders to achieve systemic improvement including the requirements of this section.

The **parole** board shall then have the offender appear before a hearing panel and shall conduct a personal interview with him **or her**, unless waived by the offender, or if the guidelines indicate the offender may be paroled without need for an interview. The guidelines and rules shall not allow for the waiver of a hearing if a victim requests a hearing. The appearance or presence may occur by means of a videoconference at the discretion of the **parole** board. A parole may be ordered for the best interest of society when there is a reasonable probability, based on the risk assessment and indicators of release readiness, that the person can be supervised under parole supervision and successfully reintegrated into the community, not as an award of clemency; it shall not be considered a reduction of sentence or a pardon. Every offender while on parole shall remain in the legal custody of the department but shall be subject to the orders of the **parole** board.

3. The division of probation and parole has discretionary authority to require the payment of a fee, not to exceed sixty dollars per month, from every offender placed under division supervision on probation, parole, or conditional release, to waive all or part of any fee, to sanction offenders for willful nonpayment of fees, and to contract with a private entity for fee collections services. All fees collected shall be deposited in the inmate fund established in section 217.430. Fees collected may be used to pay the costs of contracted collections services. The fees collected may otherwise be used to provide community corrections and intervention services for offenders. Such services include substance abuse assessment and treatment, mental health assessment and treatment, electronic monitoring services, residential facilities services, employment placement services, and other offender community corrections or intervention services designated by the division of probation and parole to assist offenders to successfully complete probation, parole, or conditional release. 4. The **parole** board shall adopt rules not inconsistent with law, in accordance with section 217.040, with respect to the eligibility of offenders for parole, the conduct of parole hearings or conditions to be imposed upon paroled offenders. Whenever an order for parole is issued it shall recite the conditions of such parole.

5. When considering parole for an offender with consecutive sentences, the minimum term for eligibility for parole shall be calculated by adding the minimum terms for parole eligibility for each of

the consecutive sentences, except the minimum term for parole eligibility shall not exceed the minimum term for parole eligibility for an ordinary life sentence.

6. Any offender under a sentence for first degree murder who has been denied release on parole after a parole hearing shall not be eligible for another parole hearing until at least three years from the month of the parole denial; however, this subsection shall not prevent a release pursuant to subsection 4 of section 558.011.

7. A victim who has requested an opportunity to be heard shall receive notice that the **parole** board is conducting an assessment of the offender's risk and readiness for release and that the victim's input will be particularly helpful when it pertains to safety concerns and specific protective measures that may be beneficial to the victim should the offender be granted release.

8. Parole hearings shall, at a minimum, contain the following procedures:

(1) The victim or person representing the victim who attends a hearing may be accompanied by one other person;

(3) The victim or person representing the victim may call or write the parole board rather than attend the hearing;

(4) The victim or person representing the victim may have a personal meeting with a **parole** board member at the **parole** board's central office;

(5) The judge, prosecuting attorney or circuit attorney and a representative of the local law enforcement agency investigating the crime shall be allowed to attend the hearing or provide information to the hearing panel in regard to the parole consideration; and

(6) The **parole** board shall evaluate information listed in the juvenile sex offender registry pursuant to section 211.425, provided the offender is between the ages of seventeen and twenty-one, as it impacts the safety of the community.

9. The **parole** board shall notify any person of the results of a parole eligibility hearing if the person indicates to the **parole** board a desire to be notified.

10. The **parole** board may, at its discretion, require any offender seeking parole to meet certain conditions during the term of that parole so long as said conditions are not illegal or impossible for the offender to perform. These conditions may include an amount of restitution to the state for the cost of that offender's incarceration.

11. Special parole conditions shall be responsive to the assessed risk and needs of the offender or the need for extraordinary supervision, such as electronic monitoring. The **parole** board shall adopt rules to minimize the conditions placed on low-risk cases, to frontload conditions upon release, and to require the modification and reduction of conditions based on the person's continuing stability in the community. **Parole** board rules shall permit parole conditions to be modified by parole officers with review and approval by supervisors.

12. Nothing contained in this section shall be construed to require the release of an offender on parole nor to reduce the sentence of an offender heretofore committed.

13. If any vehicle is witnessed by a peace officer or the driver of a school bus to have violated the provisions of this section and the identity of the operator is not otherwise apparent, it shall be a rebuttable presumption that the person in whose name such vehicle is registered committed the violation. In the event that charges are filed against multiple owners of a motor vehicle, only one of the owners may be convicted and court costs may be assessed against only one of the owners. If the vehicle which is involved in the violation is registered in the name of a rental or leasing company and the vehicle is rented or leased to another person at the time of the violation, the rental or leasing company may rebut the presumption by providing the peace officer or prosecuting authority with a copy of the rental or lease agreement in effect at the time of the violation. No prosecuting authority may bring any legal proceedings against a rental or leasing company under this section unless prior written notice of the violation has been given to that rental or leasing company by registered mail at the address appearing on the registration and the rental or leasing company has failed to provide the rental or lease agreement copy within fifteen days of receipt of such notice.

[8.] 9. Notwithstanding the provisions in section 301.130, every school bus shall be required to have two license plates.

As used in this paragraph, the term "utility worker" means any employee while in performance of his or her job duties, including any person employed under contract of a utility that provides gas, heat, electricity, water, steam, telecommunications or cable services, or sewer services, whether privately, municipally, or cooperatively owned.

3. Permits for the operation of such vehicles equipped with sirens or blue lights shall be in writing and shall be issued and may be revoked by the chief of an organized fire department, organized ambulance association, rescue squad, or the state highways and transportation commission and no person shall use or display a siren or blue lights on a motor vehicle, fire, ambulance, or rescue equipment without a valid permit authorizing the use. A permit to use a siren or lights as heretofore set out does not relieve the operator of the vehicle so equipped with complying with all other traffic laws and regulations. Violation of this section constitutes a class A misdemeanor.

(1) Not later than fifteen days after the filing of a petition that meets the requirements of section 455.020, a hearing shall be held unless the court deems, for good cause shown, that a continuance should be granted. EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

makes specific written findings that the respondent poses a serious danger to the physical or mental health of the petitioner or of a minor household member of the petitioner, [except that] the protective order shall be valid for at least one hundred eighty days and not more than one year. **If, after an evidentiary hearing, the court makes specific written findings that the respondent poses a serious danger to the physical or mental health of the petitioner or of a minor household member of the petitioner, the protective order shall be valid for at least two years and not more than ten years.**

(2) Upon motion by the petitioner, and after a hearing by the court, the full order of protection may be renewed **annually and** for a period of time the court deems appropriate, **and unless the court at an evidentiary hearing made specific written findings that the respondent poses a serious danger to the physical or mental health of the petitioner or of a minor household member of the petitioner,** [except that] the renewed protective order **may be renewed periodically and** shall be valid for at least one hundred eighty days and not more than one year from the expiration date of the [originally] previously issued full order of protection. **If the court has made specific written findings that the respondent poses a serious danger to the physical or mental health of the petitioner or of a minor household member of the petitioner, the renewed protective order may be renewed periodically and shall be valid for at least two years and up to the life of the respondent.**

(3) The court may, upon finding that it is in the best interest of the parties, include a provision that any full order of protection [for one year] shall be automatically [renew] **renewed for any term of renewal of a full order of protection as set forth in this section** unless the respondent requests a hearing by thirty days prior to the expiration of the order. If for good cause a hearing cannot be held on the motion to renew or the objection to an automatic renewal of the full order of protection prior to the expiration date of the originally issued full order of protection, an ex parte order of protection may be issued until a hearing is held on the motion. When an automatic renewal is not authorized, upon motion by the petitioner, and after a hearing by the court, the second full order of protection may be renewed for an additional period of time the court deems appropriate, except that the protective order shall be valid for [at least one hundred eighty days and not more than one year] **any term of renewal of a full order as set forth in this section.** For purposes of this subsection, a finding by the court of a subsequent act of domestic violence, stalking, or sexual assault is not required for a renewal order of protection.

- (c) The respondent's history of stalking or causing fear of physical harm, bodily injury, or assault on the petitioner or a minor household member of the petitioner;

(5) **If a court finds that a respondent poses a serious risk to the physical or mental health of the petitioner or of a minor household member of the petitioner, the court shall not modify such order until a period of at least two years from the date the original full order was issued and only after the court makes specific written findings after a hearing held that the respondent has shown**

proof of treatment and rehabilitation and that the respondent no longer poses a serious danger to the petitioner or to a minor household member of the petitioner.

2. The court shall cause a copy of the petition and notice of the date set for the hearing on such petition and any ex parte order of protection to be served upon the respondent as provided by law or by any sheriff or police officer at least three days prior to such hearing. The court shall cause a copy of any full order of protection to be served upon or mailed by certified mail to the respondent at the respondent's last known address. Notice of an ex parte or full order of protection shall be served at the earliest time, and service of such notice shall take priority over service in other actions, except those of a similar emergency nature. Failure to serve or mail a copy of the full order of protection to the respondent shall not affect the validity or enforceability of a full order of protection.

3. A copy of any order of protection granted pursuant to sections 455.010 to 455.085 shall be issued to the petitioner and to the local law enforcement agency in the jurisdiction where the petitioner resides. [The clerk shall also issue a copy of any order of protection to the local law enforcement agency responsible for maintaining the Missouri uniform law enforcement system or any other comparable law enforcement system the same day the order is granted. The law enforcement agency responsible for maintaining MULES shall, for purposes of verification, within twenty-four hours from the time the order is granted,] **The court shall provide all necessary information, including the respondent's relationship to the petitioner, for entry of the order of protection into the Missouri Uniform Law Enforcement System (MULES) and the National Crime Information Center (NCIC). Upon receiving the order under this subsection, the sheriff shall make the entry into MULES within twenty-four hours. MULES shall forward the order information to NCIC, which will in turn make the order viewable within the National Instant Criminal Background Check System (NICS). The sheriff shall** enter information contained in the order, including, but not limited to, any orders regarding child custody or visitation and all specifics as to times and dates of custody or visitation that are provided in the order. A notice of expiration or of termination of any order of protection or any change in child custody or visitation within that order shall be issued to the local law enforcement agency [and to the law enforcement agency responsible for maintaining] **for entry into MULES** or any other comparable law enforcement system. [The law enforcement agency responsible for maintaining the applicable law enforcement system shall enter such information in the system within twenty-four hours of receipt of information evidencing such expiration or termination.] The information contained in an order of protection may be entered [in the Missouri uniform law enforcement system] **into MULES or any other** comparable law enforcement system using a direct automated data transfer from the court automated system to the law enforcement system.

4. The court shall cause a copy of any objection filed by the respondent and notice of the date set for the hearing on such objection to an automatic renewal of a full order of protection for a period of one year to be personally served upon the petitioner by personal process server as provided by law or by a sheriff or police officer at least three days prior to such hearing. Such service of process shall be served at the earliest time and shall take priority over service in other actions except those of a similar emergency nature.

(3) Temporarily enjoining the respondent from communicating with the petitioner in any manner or through any medium.

2. Mutual orders of protection are prohibited unless both parties have properly filed written petitions and proper service has been made in accordance with sections 455.010 to 455.085.

3. When the court has, after a hearing for any full order of protection, issued an order of protection, it may, in addition:

(1) Award custody of any minor child born to or adopted by the parties when the court has jurisdiction over such child and no prior order regarding custody is pending or has been made, and the best interests of the child require such order be issued;

(2) Establish a visitation schedule that is in the best interests of the child;

5. In making an award of custody, the court shall consider all relevant factors including the presumption that the best interests of the child will be served by placing the child in the custody and care of the nonabusive parent, unless there is evidence that both parents have engaged in abusive behavior, in which case the court shall not consider this presumption but may appoint a guardian ad litem or a court-appointed special advocate to represent the children in accordance with chapter 452 and shall consider all other factors in accordance with chapter 452.

6. The court shall grant to the noncustodial parent rights to visitation with any minor child born to or adopted by the parties, unless the court finds, after hearing, that visitation would endanger the child's physical health, impair the child's emotional development or would otherwise conflict with the best interests of the child, or that no visitation can be arranged which would sufficiently protect the custodial parent from further domestic violence. The court may appoint a guardian ad litem or court-appointed special advocate to represent the minor child in accordance with chapter 452 whenever the custodial parent alleges that visitation with the noncustodial parent will damage the minor child.

7. The court shall make an order requiring the noncustodial party to pay an amount reasonable and necessary for the support of any child to whom the party owes a duty of support when no prior order of support is outstanding and after all relevant factors have been considered, in accordance with Missouri supreme court rule 88.01 and chapter 452.

8. The court may grant a maintenance order to a party for a period of time, not to exceed one hundred eighty days. Any maintenance ordered by the court shall be in accordance with chapter 452.

(2) (a) The order transferring billing responsibility for and rights to the wireless telephone number or numbers to the petitioner shall list the name and billing telephone number of the account holder, the name and contact information of the person to whom the telephone number or numbers will be transferred, and each telephone number to be transferred to that person. The court shall ensure that the contact information of the petitioner is not provided to the account holder in proceedings held under this chapter.

(b) Upon issuance, a copy of the full order of protection shall be transmitted, either electronically or by certified mail, to the wireless service provider's registered agent listed with the secretary of state, or electronically to the email address provided by the wireless service provider. Such transmittal shall constitute adequate notice for the wireless service provider acting under this section and section 455.523.

(c) If the wireless service provider cannot operationally or technically effectuate the order due to certain circumstances, the wireless service provider shall notify the petitioner within three business days. Such circumstances shall include, but not be limited to, the following:

(b) This section shall not preclude a wireless service provider from applying any routine and customary requirements for account establishment to the petitioner as part of this transfer of billing responsibility for a wireless telephone number or numbers and any devices attached to that number or numbers including, but not limited to, identification, financial information, and customer preferences.

(4) This section shall not affect the ability of the court to apportion the assets and debts of the parties as provided for in law, or the ability to determine the temporary use, possession, and control of personal property.

(5) No cause of action shall lie against any wireless service provider, its officers, employees, or agents, for actions taken in accordance with the terms of a court order issued under this section.

(6) As used in this section and section 455.523, a "wireless service provider" means a provider of commercial mobile service under Section 332(d) of the Federal Telecommunications Act of 1996 (47 U.S.C. Section 151, et seq.).

- (1) No prior order regarding custody involving the respondent and the child is pending or has been made; or
- (2) The respondent is less than seventeen years of age.

An immediate and present danger of domestic violence, **including danger to the child's pet**, stalking, or sexual assault to a child shall constitute good cause for purposes of this section. An ex parte order of protection entered by the court shall be in effect until the time of the hearing. The court shall deny the ex parte order and dismiss the petition if the petitioner is not authorized to seek relief pursuant to section 455.505.

2. Upon the entry of the ex parte order of protection, the court shall enter its order appointing a guardian ad litem or court-appointed special advocate to represent the child victim.

3. If the allegations in the petition would give rise to jurisdiction under section 211.031, the court may direct the children's division to conduct an investigation and to provide appropriate services. The division shall submit a written investigative report to the court and to the juvenile officer within thirty days of being ordered to do so. The report shall be made available to the parties and the guardian ad litem or court-appointed special advocate.

4. If the allegations in the petition would give rise to jurisdiction under section 211.031 because the respondent is less than seventeen years of age, the court may issue an ex parte order and shall transfer the case to juvenile court for a hearing on a full order of protection. Service of process shall be made pursuant to section 455.035.

455.520. TEMPORARY RELIEF AVAILABLE — EX PARTE ORDERS. — 1. - (4) A temporary order of custody of minor children;

2. No ex parte order of protection excluding the respondent from the family home shall be issued unless the court finds that:

- (1) The order is in the best interests of the child or children remaining in the home;
- (2) The verified allegations of domestic violence present a substantial risk to the child or children unless the respondent is excluded; and
- (3) A remaining adult family or household member is able to care adequately for the child or children in the absence of the excluded party.

455.523. FULL ORDER OF PROTECTION — RELIEF AVAILABLE. — 1. Any full order of protection granted under sections 455.500 to 455.538 shall be to protect the victim from domestic violence, **including danger to the child's pet**, stalking, and sexual assault may include such terms as the court reasonably deems necessary to ensure the petitioner's safety, including but not limited to:

2. Unless otherwise prohibited by subsection 8 of this section, a circuit court only upon its own motion and not that of the state or the offender shall have the power to grant probation to an offender anytime up to one hundred twenty days after such offender has been delivered to the department of corrections but not thereafter. The state may, in writing, request a hearing within ten days of receipt of the court's notification that the court intends to grant probation. Upon the state's request for a hearing, the court shall grant a hearing as soon as reasonably possible. If the state does not respond to the court's notice in writing within ten days, the court may proceed upon its own motion to grant probation.

8. The order shall not limit any of the petitioner's rights that were restricted as a collateral consequence of such person's criminal record, and such rights shall be restored upon issuance of the order of expungement. **For purposes of 18 U.S.C. 921(a)(3)(B)(ii), an order or expungement granted pursuant to this section shall be considered a complete removal of all effects of the expunged conviction.** Except as otherwise provided under this section, the effect of such order shall be to restore such person to the status he or she occupied prior to such arrests, pleas, trials, or convictions as if such events had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrests, pleas, trials, convictions, or expungement in response to an inquiry made of him or her and no such inquiry shall be made for information relating to an expungement, except the petitioner shall disclose the expunged offense, violation, or infraction to any court when asked or upon being charged with any subsequent offense, violation, or infraction. The expunged offense, violation, or infraction may be considered a prior offense in determining a sentence to be imposed for any subsequent offense that the person is found guilty of committing.

9. Notwithstanding the provisions of subsection 8 of this section to the contrary, a person granted an expungement shall disclose any expunged offense, violation, or infraction when the disclosure of such information is necessary to complete any application for:

- (1) A license, certificate, or permit issued by this state to practice such individual's profession;
- (2) Any license issued under chapter 313 or permit issued under chapter 571;
- (3) Paid or unpaid employment with an entity licensed under chapter 313, any state-operated lottery, or any emergency services provider, including any law enforcement agency;
- (4) Employment with any federally insured bank or savings institution or credit union or an affiliate of such institution or credit union for the purposes of compliance with 12 U.S.C. Section 1829 and 12 U.S.C. Section 1785;
- (5) Employment with any entity engaged in the business of insurance or any insurer for the purpose of complying with 18 U.S.C. Section 1033, 18 U.S.C. Section 1034, or other similar law which requires an employer engaged in the business of insurance to exclude applicants with certain criminal convictions from employment; or
- (6) Employment with any employer that is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

An employer shall notify an applicant of the requirements under subdivisions (4) to (6) of this subsection. Notwithstanding any provision of law to the contrary, an expunged offense, violation, or infraction shall not be grounds for automatic disqualification of an applicant, but may be a factor for denying employment, or a professional license, certificate, or permit; except that, an offense, violation, or infraction expunged under the provisions of this section may be grounds for automatic disqualification if the application is for employment under subdivisions (4) to (6) of this subsection.

10. A person who has been granted an expungement of records pertaining to a misdemeanor or felony offense, an ordinance violation, or an infraction may answer "no" to an employer's inquiry into whether the person has ever been convicted of a crime if, after the granting of the expungement, the person has no public record of a misdemeanor or felony offense, an ordinance violation, or an infraction. The person, however, shall answer such an inquiry affirmatively and disclose his or her criminal convictions, including any offense or violation expunged under this section or similar law, if the employer is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

11. If the court determines that the petitioner has not met the criteria for any of the offenses, violations, or infractions listed in the petition for expungement or the petitioner has knowingly provided false information in the petition, the court shall enter an order dismissing the petition. Any person whose petition for expungement has been dismissed by the court for failure to meet the criteria set forth in subsection 5 of this section may not refile another petition until a year has passed since the date of filing for the previous petition.

12. A person may be granted more than one expungement under this section provided that during his or her lifetime, the total number of offenses, violations, or infractions for which orders of expungement are granted to the person shall not exceed the following limits:

- (1) Not more than two misdemeanor offenses or ordinance violations that have an authorized term of imprisonment; and
- (2) Not more than one felony offense.

A person may be granted expungement under this section for any number of infractions. Nothing in this section shall prevent the court from maintaining records to ensure that an individual has not exceeded the limitations of this subsection. Nothing in this section shall be construed to limit or impair in any way the subsequent use of any record expunged under this section of any arrests or findings of guilt by a law enforcement agency, criminal justice agency, prosecuting attorney, circuit attorney, or municipal prosecuting attorney, including its use as a prior offense, violation, or infraction.

13. The court shall make available a form for pro se petitioners seeking expungement, which shall include the following statement: "I declare under penalty of perjury that the statements made herein are true and correct to the best of my knowledge, information, and belief."

14. Nothing in this section shall be construed to limit or restrict the availability of expungement to any person under any other law.

(4) When the state accepts a person from another state under any interstate compact, or under any other reciprocal agreement with any county, state, or federal agency, or any other provision of law, whether or not the person is confined or released, the acceptance is conditional on the person providing a DNA sample if the person was found guilty of a felony offense in any other jurisdiction; or

(5) If such individual is under the jurisdiction of the department of corrections. Such jurisdiction includes persons currently incarcerated, persons on probation, as defined in section 217.650, and on parole, as also defined in section 217.650; or

(6) At the time of registering as a sex offender under sections 589.400 to 589.425.

3. The Missouri state highway patrol and department of corrections shall be responsible for ensuring adherence to the law. Any person required to provide a DNA sample pursuant to this section shall be required to provide such sample, without the right of refusal, at a collection site designated by the Missouri state highway patrol and the department of corrections. Authorized personnel collecting or assisting in the collection of samples shall not be liable in any civil or criminal action when the act is performed in a reasonable manner. Such force may be used as necessary to the effectual carrying out and application of such processes and operations. The enforcement of these provisions by the authorities in charge of state correctional institutions and others having custody or jurisdiction over individuals included in subsection 1 of this section which shall not be set aside or reversed is hereby made mandatory. The [board] **division** of probation [or] **and** parole shall recommend that an individual on probation or parole who refuses to provide a DNA sample have his or her probation or parole revoked. In the event that a person's DNA sample is not adequate for any reason, the person shall provide another sample for analysis.

4. The procedure and rules for the collection, analysis, storage, expungement, use of DNA database records and privacy concerns shall not conflict with procedures and rules applicable to the Missouri DNA profiling system and the Federal Bureau of Investigation's DNA databank system.

5. Unauthorized use or dissemination of individually identifiable DNA information in a database for purposes other than criminal justice or law enforcement is a class A misdemeanor.

6. Implementation of sections 650.050 to 650.100 shall be subject to future appropriations to keep Missouri's DNA system compatible with the Federal Bureau of Investigation's DNA databank system.

7. All DNA records and biological materials retained in the DNA profiling system are considered closed records pursuant to chapter 610. All records containing any information held or maintained by any person or by any agency, department, or political subdivision of the state concerning an individual's DNA profile shall be strictly confidential and shall not be disclosed, except to:

(1) Peace officers, as defined in section 590.010, and other employees of law enforcement agencies who need to obtain such records to perform their public duties;

(2) The attorney general or any assistant attorneys general acting on his or her behalf, as defined in chapter 27;

(3) Prosecuting attorneys or circuit attorneys as defined in chapter 56, and their employees who need to obtain such records to perform their public duties;

(4) The individual whose DNA sample has been collected, or his or her attorney; or

(5) Associate circuit judges, circuit judges, judges of the courts of appeals, supreme court judges, and their employees who need to obtain such records to perform their public duties.

8. Any person who obtains records pursuant to the provisions of this section shall use such records only for investigative and prosecutorial purposes, including but not limited to use at any criminal trial, hearing, or proceeding; or for law enforcement identification purposes, including identification of human remains. Such records shall be considered strictly confidential and shall only be released as authorized by this section.

9. (1) An individual may request expungement of his or her DNA sample and DNA profile through the court issuing the reversal or dismissal, or through the court granting an expungement of all official records under section 568.040. A certified copy of the court order establishing that such conviction has been reversed, guilty plea has been set aside, or expungement has been granted under section 568.040 shall be sent to the Missouri state highway patrol crime laboratory. Upon receipt of the court order, the laboratory will determine that the requesting individual has no other qualifying offense as a result of any separate plea or conviction and no other qualifying arrest prior to expungement.

(2) A person whose DNA record or DNA profile has been included in the state DNA database in accordance with this section and sections 650.050, 650.052, and 650.100 may request expungement on the grounds that the conviction has been reversed, the guilty plea on which the authority for including that person's DNA record or DNA profile was based has been set aside, or an expungement of all official records has been granted by the court under section 568.040.

(3) Upon receipt of a written request for expungement, a certified copy of the final court order reversing the conviction, setting aside the plea, or granting an expungement of all official records under section 568.040, and any other information necessary to ascertain the validity of the request, the Missouri state highway patrol crime laboratory shall expunge all DNA records and identifiable information in the state DNA database pertaining to the person and destroy the DNA sample of the person, unless the Missouri state highway patrol determines that the person is otherwise obligated to submit a DNA sample. Within thirty days after the receipt of the court order, the Missouri state highway patrol shall notify the individual that it has expunged his or her DNA sample and DNA profile, or the basis for its determination that the person is otherwise obligated to submit a DNA sample.

(4) The Missouri state highway patrol is not required to destroy any item of physical evidence obtained from a DNA sample if evidence relating to another person would thereby be destroyed.

(5) Any identification, warrant, arrest, or evidentiary use of a DNA match derived from the database shall not be excluded or suppressed from evidence, nor shall any conviction be invalidated or reversed or plea set aside due to the failure to expunge or a delay in expunging DNA records.

10. When a DNA sample is taken from an individual pursuant to subdivision (2) of subsection 1 of this section and the prosecutor declines prosecution and notifies the arresting agency of that decision, the arresting agency shall notify the Missouri state highway patrol crime laboratory within ninety days of receiving such notification. Within thirty days of being notified by the arresting agency that the prosecutor has declined prosecution, the Missouri state highway patrol crime laboratory shall determine whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken and retained. If the individual has no other qualifying offenses or arrests, the crime laboratory shall expunge all DNA records in the database taken at the arrest for which the prosecution was declined pertaining to the person and destroy the DNA sample of such person.

11. When a DNA sample is taken of an arrestee for any offense listed under subsection 1 of this section and charges are filed:

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

- (1) If the charges are later withdrawn, the prosecutor shall notify the state highway patrol crime laboratory that such charges have been withdrawn;
- (2) If the case is dismissed, the court shall notify the state highway patrol crime laboratory of such dismissal;
- (3) If the court finds at the preliminary hearing that there is no probable cause that the defendant committed the offense, the court shall notify the state highway patrol crime laboratory of such finding;
- (4) If the defendant is found not guilty, the court shall notify the state highway patrol crime laboratory of such verdict.

If the state highway patrol crime laboratory receives notice under this subsection, such crime laboratory shall determine, within thirty days, whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken. If the individual has no other qualifying arrests or offenses, the crime laboratory shall expunge all DNA records in the database pertaining to such person and destroy the person's DNA sample.

650.058. INDIVIDUALS WHO ARE ACTUALLY INNOCENT MAY RECEIVE RESTITUTION, AMOUNT, PETITION, DEFINITION, LIMITATIONS AND REQUIREMENTS — GUILT CONFIRMED BY DNA TESTING, PROCEDURES — PETITIONS FOR RESTITUTION — ORDER OF EXPUNGEMENT.

— 1. Notwithstanding the sovereign immunity of the state, any individual who was found guilty of a felony in a Missouri court and was later determined to be actually innocent of such crime solely as a result of DNA profiling analysis may be paid restitution. The individual may receive an amount of one hundred dollars per day for each day of postconviction incarceration for the crime for which the individual is determined to be actually innocent. The petition for the payment of said restitution shall be filed with the sentencing court. For the purposes of this section, the term "actually innocent" shall mean:

- (1) The individual was convicted of a felony for which a final order of release was entered by the court;
- (2) All appeals of the order of release have been exhausted;
- (3) The individual was not serving any term of a sentence for any other crime concurrently with the sentence for which he or she is determined to be actually innocent, unless such individual was serving another concurrent sentence because his or her parole was revoked by a court or the [board of probation and] parole **board** in connection with the crime for which the person has been exonerated. Regardless of whether any other basis may exist for the revocation of the person's probation or parole at the time of conviction for the crime for which the person is later determined to be actually innocent, when the court's or the [board of probation and parole's] **parole board's** sole stated reason for the revocation in its order is the conviction for the crime for which the person is later determined to be actually innocent, such order shall, for purposes of this section only, be conclusive evidence that their probation or parole was revoked in connection with the crime for which the person has been exonerated; and
- (4) Testing ordered under section 547.035, or testing by the order of any state or federal court, if such person was exonerated on or before August 28, 2004, or testing ordered under section 650.055, if such person was or is exonerated after August 28, 2004, demonstrates a person's innocence of the crime for which the person is in custody.

Any individual who receives restitution under this section shall be prohibited from seeking any civil redress from the state, its departments and agencies, or any employee thereof, or any political subdivision or its employees. This section shall not be construed as a waiver of sovereign immunity for any purposes other than the restitution provided for herein. The department of corrections shall

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

determine the aggregate amount of restitution owed during a fiscal year. If insufficient moneys are appropriated each fiscal year to pay restitution to such persons, the department shall pay each individual who has received an order awarding restitution a pro rata share of the amount appropriated. Provided sufficient moneys are appropriated to the department, the amounts owed to such individual shall be paid on June thirtieth of each subsequent fiscal year, until such time as the restitution to the individual has been paid in full. However, no individual awarded restitution under this subsection shall receive more than thirty-six thousand five hundred dollars during each fiscal year. No interest on unpaid restitution shall be awarded to the individual. No individual who has been determined by the court to be actually innocent shall be responsible for the costs of care under section 217.831.

2. If the results of the DNA testing confirm the person's guilt, then the person filing for DNA testing under section 547.035, shall:

(1) Be liable for any reasonable costs incurred when conducting the DNA test, including but not limited to the cost of the test. Such costs shall be determined by the court and shall be included in the findings of fact and conclusions of law made by the court; and

(2) Be sanctioned under the provisions of section 217.262.

3. A petition for payment of restitution under this section may only be filed by the individual determined to be actually innocent or the individual's legal guardian. No claim or petition for restitution under this section may be filed by the individual's heirs or assigns. An individual's right to receive restitution under this section is not assignable or otherwise transferrable. The state's obligation to pay restitution under this section shall cease upon the individual's death. Any beneficiary designation that purports to bequeath, assign, or otherwise convey the right to receive such restitution shall be void and unenforceable.

4. An individual who is determined to be actually innocent of a crime under this chapter shall automatically be granted an order of expungement from the court in which he or she pled guilty or was sentenced to expunge from all official records all recordations of his or her arrest, plea, trial or conviction. Upon granting of the order of expungement, the records and files maintained in any administrative or court proceeding in an associate or circuit division of the court shall be confidential and only available to the parties or by order of the court for good cause shown. The effect of such order shall be to restore such person to the status he or she occupied prior to such arrest, plea or conviction and as if such event had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, plea, trial, conviction or expungement in response to any inquiry made of him or her for any purpose whatsoever and no such inquiry shall be made for information relating to an expungement under this section.

5. In making an award of custody, the court shall consider all relevant factors including the presumption that the best interests of the child will be served by placing the child in the custody and care of the nonabusive parent, unless there is evidence that both parents have engaged in abusive behavior, in which case the court shall not consider this presumption but may appoint a guardian ad litem or a court-appointed special advocate to represent the children in accordance with chapter 452 and shall consider all other factors in accordance with chapter 452.

6. The court shall grant to the noncustodial parent rights to visitation with any minor child born to or adopted by the parties, unless the court finds, after hearing, that visitation would endanger the child's physical health, impair the child's emotional development or would otherwise conflict with the best interests of the child, or that no visitation can be arranged which would sufficiently protect the custodial parent from further domestic violence. The court may appoint a guardian ad litem or court-appointed special advocate to represent the minor child in accordance with chapter 452 whenever the custodial parent alleges that visitation with the noncustodial parent will damage the minor child.

7. The court shall make an order requiring the noncustodial party to pay an amount reasonable and necessary for the support of any child to whom the party owes a duty of support when no prior order of support is outstanding and after all relevant factors have been considered, in accordance with Missouri supreme court rule 88.01 and chapter 452.

8. The court may grant a maintenance order to a party for a period of time, not to exceed one hundred eighty days. Any maintenance ordered by the court shall be in accordance with chapter 452.

(2) (a) The order transferring billing responsibility for and rights to the wireless telephone number or numbers to the petitioner shall list the name and billing telephone number of the account holder, the name and contact information of the person to whom the telephone number or numbers will be transferred, and each telephone number to be transferred to that person. The court shall ensure that the contact information of the petitioner is not provided to the account holder in proceedings held under this chapter.

(b) Upon issuance, a copy of the full order of protection shall be transmitted, either electronically or by certified mail, to the wireless service provider's registered agent listed with the secretary of state, or electronically to the email address provided by the wireless service provider. Such transmittal shall constitute adequate notice for the wireless service provider acting under this section and section 455.523.

(c) If the wireless service provider cannot operationally or technically effectuate the order due to certain circumstances, the wireless service provider shall notify the petitioner within three business days. Such circumstances shall include, but not be limited to, the following:

a. The account holder has already terminated the account;

(3) (a) Upon transfer of billing responsibility for and rights to a wireless telephone number or numbers to the petitioner under this subsection by a wireless service provider, the petitioner shall assume all financial responsibility for the transferred wireless telephone number or numbers, monthly service costs, and costs for any mobile device associated with the wireless telephone number or numbers.

(b) This section shall not preclude a wireless service provider from applying any routine and customary requirements for account establishment to the petitioner as part of this transfer of billing responsibility for a wireless telephone number or numbers and any devices attached to that number or numbers including, but not limited to, identification, financial information, and customer preferences.

(4) This section shall not affect the ability of the court to apportion the assets and debts of the parties as provided for in law, or the ability to determine the temporary use, possession, and control of personal property.

(5) No cause of action shall lie against any wireless service provider, its officers, employees, or agents, for actions taken in accordance with the terms of a court order issued under this section.

(6) As used in this section and section 455.523, a "wireless service provider" means a provider of commercial mobile service under Section 332(d) of the Federal Telecommunications Act of 1996 (47 U.S.C. Section 151, et seq.).

The division shall submit a written investigative report to the court and to the juvenile officer within thirty days of being ordered to do so. The report shall be made available to the parties and the guardian ad litem or court-appointed special advocate.

4. If the allegations in the petition would give rise to jurisdiction under section 211.031 because the respondent is less than seventeen years of age, the court may issue an ex parte order and shall transfer the case to juvenile court for a hearing on a full order of protection. Service of process shall be made pursuant to section 455.035.

455.520. TEMPORARY RELIEF AVAILABLE — EX PARTE ORDERS. — 1. Any ex parte order of protection granted under sections 455.500 to 455.538 shall be to protect the victim from domestic

- (2) Restraining the respondent from entering the family home of the victim except as specifically authorized by the court;

- (2) The verified allegations of domestic violence present a substantial risk to the child or children unless the respondent is excluded; and
- (3) A remaining adult family or household member is able to care adequately for the child or children in the absence of the excluded party.

455.523. FULL ORDER OF PROTECTION — RELIEF AVAILABLE. — 1. Any full order of protection granted under sections 455.500 to 455.538 shall be to protect the victim from domestic violence, **including danger to the child's pet**, stalking, and sexual assault may include such terms as the court reasonably deems necessary to ensure the petitioner's safety, including but not limited to:

- (4) Award maintenance to petitioner when petitioner and respondent are lawfully married in accordance with chapter 452;

(2) The maximum amount of tax credits that any one qualified manufacturing company may receive under this subsection shall not exceed five million dollars per calendar year. The aggregate

amount of tax credits awarded to all qualified manufacturing companies under this subsection shall not exceed ten million dollars per calendar year.

(3) If, at the project facility at any time during the project period, the qualified manufacturing company discontinues the manufacturing of the new product, or discontinues the modification or expansion of an existing product, and does not replace it with a subsequent or additional new product or with a modification or expansion of an existing product, the company shall immediately cease receiving any benefit awarded under this subsection for the remainder of the project period and shall forfeit all rights to retain or receive any benefit awarded under this subsection for the remainder of such period.

(4) Notwithstanding any other provision of law to the contrary, any qualified manufacturing company that is awarded benefits under this section shall not simultaneously receive tax credits or exemptions under sections 100.700 to 100.850 for the jobs created or retained or capital improvement that qualified for benefits under this section. The provisions of subsection 5 of section 285.530 shall not apply to a qualified manufacturing company that is awarded benefits under this section.

4. Upon approval of a notice of intent to receive tax credits under subsection 2, 3, 6, or 7 of this section, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

(1) The committed number of new jobs, new payroll, and new capital investment, or the manufacturing capital investment and committed percentage of retained jobs for each year during the project period;

5. In lieu of the benefits available under sections 1 and 2 of this section, and in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may, for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, retain an amount equal to the withholding tax as calculated under subdivision (38) of section 620.2005 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 equal to:

(1) Six percent of new payroll for a period of five years from the date the required number of new jobs were created if the qualified company creates one hundred or more new jobs and the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage of the county in which the project facility is located; or

(2) Seven percent of new payroll for a period of five years from the date the required number of jobs were created if the qualified company creates one hundred or more new jobs and the average wage of the new payroll equals or exceeds one hundred forty percent of the county average wage of the county in which the project facility is located.

The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subsection and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subsection.

6. In addition to the benefits available under subsection 5 of this section, the department may award a qualified company that satisfies the provisions of subsection 5 of this section additional tax credits, issued each year for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, in an amount equal to or less than three percent of new payroll; provided that in no event may the total amount of benefits awarded to a qualified company under this section exceed nine percent of new payroll in any calendar year. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the factors provided under subsection 2 of this section.

7. In lieu of the benefits available under subsections 1, 2, 5, and 6 of this section, and in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs and new capital investment created by the program, the department may award a qualified company that satisfies the provisions of subdivision (1) of subsection 1 of this section tax credits, issued within one year following the qualified company's acceptance of the department's proposal for benefits, in an amount equal to or less than nine percent of new payroll. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the factors provided under subsection 2 of this section and the qualified company's commitment to new capital investment and new job creation within the state for a period of not less than ten years. For the purposes of this subsection, each qualified company shall have an average wage of the new payroll that equals or exceeds one hundred percent of the county average wage. Notwithstanding the provisions of section 620.2020 to the contrary, this subsection, shall expire on June 30, 2025.

8. No benefits shall be available under this section for any qualified company that has performed significant, project-specific site work at the project facility, purchased machinery or equipment related to the project, or has publicly announced its intention to make new capital investment or manufacturing capital investment at the project facility prior to receipt of a proposal for benefits under this section or approval of its notice of intent, whichever occurs first.

9. In lieu of any other benefits under this chapter, the department of economic development may award a tax credit to an industrial development authority for a qualified military project in an amount equal to the estimated withholding taxes associated with the **part-time and full-time** civilian and military new jobs located at the facility and directly impacted by the project. The amount of the tax credit shall be calculated by multiplying:

- (1) The average percentage of tax withheld, as provided by the department of revenue to the department of economic development;
- (2) The average salaries of the jobs directly created by the qualified military project; and
- (3) The number of jobs directly created by the qualified military project.

If the amount of the tax credit represents the least amount necessary to accomplish the qualified military project, the tax credits may be issued, but no tax credits shall be issued for a term longer than fifteen years. No qualified military project shall be eligible for tax credits under this subsection unless the department of economic development determines the qualified military project shall achieve a net positive fiscal impact to the state.

Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than [fifty] **two hundred** hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (7) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

- (a) For real property in subclass (1), nineteen percent;
- (b) For real property in subclass (2), twelve percent; and
- (c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is **deemed to be** real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is **deemed to be** real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

14. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

15. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 14 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

16. Any portion of real property that is available as reserve for strip, surface, or coal mining for minerals for purposes of excavation for future use or sale to others that has not been bonded and permitted under chapter 444 shall be assessed based upon how the real property is currently being used.

144.608. SECURING PAYMENT AND ACCOUNTING FOR TAX COLLECTION, DEPARTMENT DUTIES — RULEMAKING AUTHORITY — SUNSET PROVISION. — 1. For the purpose of more efficiently securing the payment of and accounting for the tax collected and remitted by retailers and vendors, the department is hereby authorized:

(1) To consult, contract, and work jointly with the streamlined sales and use tax agreement's governing board to allow sellers to use the governing board's certified service providers and central registration system services; or

(2) To consult, contract, and work with certified service providers independently. The department is authorized to determine the method and amount of compensation to be provided to certified service providers by this state for the services of such certified service providers to certain sellers, provided that no certified service provider or seller utilizing a certified service provider shall be entitled to the deduction provided in subsection 1 of section 144.140.

2. The department is also hereby authorized to independently take such actions as may be reasonably necessary to secure the payment of and account for the tax collected and remitted by retailers and vendors. The department shall independently carry out any or all activities relating to the collection of online use tax if the department, in its own judgment, determines that independently carrying out such activities would promote cost-saving to the state.

3. The director of revenue shall make, promulgate, and enforce reasonable rules and regulations for the administration and enforcement of the provisions of this chapter relating to the collection and remittance of sales and use tax by certified service providers. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after January 1, 2023, shall be invalid and void.

4. The provisions of this section shall automatically sunset five years after the effective date of this section unless reauthorized by an act of the general assembly.

144.637. BOUNDARY CHANGE DATABASE FOR TAXING JURISDICTIONS, REQUIREMENTS— IMMUNITY FROM LIABILITY, WHEN. — 1. The director of revenue shall provide and maintain a database that describes boundary changes for all taxing jurisdictions and the effective dates of such changes for the use of vendors collecting the tax imposed under sections 144.600 to 144.746.

2. For the identification of counties and cities, codes corresponding to the rates shall be provided according to Federal Information Processing Standards (FIPS) as developed by the National Institute of Standards and Technology. For the identification of all other jurisdictions, codes corresponding to the rates shall be in a format determined by the director.

3. The director shall provide and maintain address-based boundary database records for assigning taxing jurisdictions and associated rates. The database records shall be in the same approved format as the database described under subsection 1 of this section and shall meet the requirements developed under the federal Mobile Telecommunications Sourcing Act, 4 U.S.C. Section 119(a). If a vendor is unable to determine the applicable rate and jurisdiction using an address-based database record after exercising due diligence, the vendor may apply the nine-digit zip code designation applicable to a purchase. If a nine-digit zip code designation is not available for a street address or if a vendor is unable to determine the nine-digit zip code designation

applicable to a purchase after exercising due diligence to determine the designation, the vendor may apply the rate for the five-digit zip code area. The lowest combined tax rate imposed in the zip code area shall apply if the area includes more than one tax rate in any level of taxing jurisdiction. For the purposes of this section, there shall be a rebuttable presumption that a vendor has exercised due diligence if the vendor has attempted to determine the tax rate and jurisdiction by utilizing software approved by the director and makes the assignment from the address and zip code information applicable to the purchase. If the director certifies an address-based database provided by a third party, a vendor may use such database in place of the database records provided for in this subsection.

4. The electronic databases provided for in subsections 1 and 3 of this section shall be in downloadable format as determined by the director. The databases may be directly provided by the director or provided by a third party as designated by the director. The databases shall be provided at no cost to the user of the database.

5. The provisions of subsection 3 of this section shall not apply if the purchased product is received by the purchaser at the business location of the vendor.

6. No vendor shall be liable for reliance upon erroneous data provided by the director on tax rates, boundaries, or taxing jurisdiction assignments.

144.638. TAXABILITY MATRIX, PRODUCTS AND SERVICES — PURCHASER NOT SUBJECT TO PENALTY FOR FAILURE TO REMIT PROPER AMOUNT OF TAX, WHEN. — 1. (2) The director shall provide reasonable notice of changes in the taxability of the products or services listed in the taxability matrix.

(3) A seller or CSP shall be relieved from liability to this state or any local taxing jurisdiction for having charged and collected the incorrect amount of state or local sales or use tax resulting from such seller's or CSP's reliance upon erroneous data provided or approved by the director in the taxability matrix, and a seller shall be relieved from liability for erroneous returns made by a CSP on behalf of the seller.

2. A purchaser shall be relieved from any additional tax, interest, additions, or penalties for failure to collect and remit the proper amount of tax owed on a purchase subject to sales tax under this chapter if:

(1) The purchaser's seller or a certified service provider relied on erroneous data provided by the director on tax rates, boundaries, taxing jurisdiction assignments, or in the taxability matrix created under subsection 1 of this section;

(2) A purchaser using a database created under subsection 1 of this section received erroneous data provided by the director on tax rates, boundaries, or taxing jurisdiction assignments; or

(b) Either directly or indirectly through agreements or arrangements with third parties collects payment from the purchaser and transmits all or part of the payment to the marketplace seller.

A marketplace facilitator is a seller and shall comply with the provisions of this chapter. A marketplace facilitator does not include a person who provides internet advertising services, or product listing, and does not collect payment from the purchaser and transmit payment to the marketplace seller; does not include a person with respect to the provision of travel agency services or the operation of a marketplace or that portion of a marketplace that enables consumers to receive travel agency services; and does not include a third party financial institution appointed by a merchant or a marketplace facilitator to handle various forms of payment transactions, such as processing credit cards and debit cards, and whose sole activity with respect to marketplace sales is to facilitate the payment transactions between two parties. For the purposes of this subdivision, "travel agency services" means facilitating, for a commission, fee, or other consideration, vacation or travel packages; rental car or other travel reservations; tickets for domestic or foreign travel by air, rail, ship, bus, or other medium of transportation; or hotel or other lodging accommodations;

2. (1) Beginning January 1, 2023, marketplace facilitators that engage in business activities within this state shall register with the department to collect and remit use tax, as applicable, on sales made through the marketplace facilitator's marketplace by or on behalf of a marketplace seller that are delivered into the state, whether by the marketplace facilitator or another person, and regardless of whether the marketplace seller for whom sales are facilitated possesses a retail sales license or would have been required to collect use tax had the sale not been facilitated by the marketplace facilitator. Such retail sales shall include those made directly by the marketplace facilitator and shall also include those retail sales made by marketplace sellers through the marketplace facilitator's marketplace. The collection and reporting requirements of this subsection shall not apply to retail sales other than those made through a marketplace facilitator's marketplace. Nothing in this section shall be construed to limit or prohibit the ability of a marketplace facilitator and a marketplace seller to enter into agreements regarding the fulfillment of the requirements of this chapter.

(2) All taxable sales made through a marketplace facilitator's marketplace by or on behalf of a marketplace seller shall be deemed to be consummated at the location in this state to which the item is shipped or delivered, or at which possession is taken by the purchaser.

3. Marketplace facilitators that are required to collect use tax under this section shall report and remit the tax separately from any sales and use tax collected by the marketplace facilitator, or by affiliates of the marketplace facilitator, that the marketplace facilitator would have been required to collect and remit under the provisions of this chapter prior to January 1, 2023. Such tax shall be reported and remitted as determined by the department. Marketplace facilitators shall maintain records of all sales delivered to a location in the state, including electronic or paper copies of invoices showing the purchaser, address, purchase amount, and use tax collected. Such records shall be made available for review and inspection upon request by the department.

4. Marketplace facilitators who properly collect and remit to the department in a timely manner use tax on sales in accordance with the provisions of this section by or on behalf of marketplace sellers shall be eligible for any discount provided under this chapter.

5. A marketplace facilitator shall separately state on an invoice provided to a purchaser the use tax collected and remitted on behalf of a marketplace seller.

6. Any taxpayer who remits use tax under this section shall be entitled to refunds or credits to the same extent and in the same manner provided for in section 144.190 for taxes collected and remitted under this section. Nothing in this section shall relieve a purchaser of the obligation to remit use tax for any retail sale taxable under this chapter for which a marketplace facilitator or marketplace seller does not collect and remit the use tax.

7. Except as provided under subsection 8 of this section, marketplace facilitators shall be subject to the penalty provisions, procedures, and reporting requirements provided under the provisions of this chapter.

8. No class action shall be brought against a marketplace facilitator in any court in this state on behalf of purchasers arising from or in any way related to an overpayment of use tax collected on retail sales facilitated by a marketplace facilitator, regardless of whether that claim is characterized as a tax refund claim. Nothing in this subsection shall affect a purchaser's right to seek a refund as provided under section 144.190.

9. The department may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after January 1, 2023, shall be invalid and void.

(a) Restricting variances between the state and local tax bases;

(b) Requiring states to administer any sales and use taxes levied by local jurisdictions within the state so that sellers collecting and remitting these taxes will not have to register or file returns with, remit funds to, or be subject to independent audits from local taxing jurisdictions;

(c) Restricting the frequency of changes in the local sales and use tax rates and setting effective dates for the application of local jurisdictional boundary changes to local sales and use taxes; and

(d) Providing notice of changes in local sales and use tax rates and of changes in the boundaries of local taxing jurisdictions;

The agreement must allow for a joint public and private sector study of the compliance cost on sellers and certified service providers to collect sales and use taxes for state and local governments under various levels of complexity to be completed by July 1, 2003;

(7) The agreement should require each state to certify compliance with the terms of the agreement prior to joining and to maintain compliance, under the laws of the member state, with all provisions of the agreement while a member, only if the agreement and any amendment thereto complies with the provisions of section 144.1012;

(8) The agreement should require each state to adopt a uniform policy for certified service providers that protects the privacy of consumers and maintains the confidentiality of tax information; and

(9) The agreement should provide for the appointment of an advisory council of private sector representatives and an advisory council of nonmember state representatives to consult with in the administration of the agreement.]

For the purposes of this section, a plug-in electric hybrid shall be any hybrid vehicle made by a manufacturer with a model year of 2018 or newer, that has not been modified from the original manufacturer specifications, with an internal combustion engine and batteries that can be recharged by connecting a plug to an electric power source.

2. **Beginning January 1, 2022, the fees in subsection 1 of this section shall be increased by twenty percent of the fee in effect on August 28, 2021, per year for a period of five years, except that the fee for motor vehicles with a licensed gross vehicle weight in excess of thirty-six thousand**

pounds shall be increased by ten percent of the fee in effect on August 28, 2021, per year for a period of five years.

3. Except interstate fuel users and vehicles licensed under a reciprocity agreement as defined in section 142.617, the tax imposed by section 142.803 shall not apply to motor vehicles registered outside this state which are powered by alternative fuel other than propane, compressed natural gas, and liquefied natural gas, and for which a valid temporary alternative fuel decal has been acquired as provided in this section. The owners or operators of such motor vehicles shall, in lieu of the tax imposed by section 142.803, pay a temporary alternative fuel decal fee of eight dollars on each such vehicle. Such decals shall be valid for a period of fifteen days from the date of issuance and shall be attached to the lower right-hand corner of the front windshield on the motor vehicle for which it was issued. Such decal and fee shall not be transferable. All proceeds from such decal fees shall be deposited as specified in section 142.345. Alternative fuel dealers selling such decals in accordance with rules and regulations prescribed by the director shall be allowed to retain fifty cents for each decal fee timely remitted to the director.

[3.] 4. Owners or operators of passenger motor vehicles, buses as defined in section 301.010, or commercial motor vehicles registered in this state which are powered by compressed natural gas or liquefied natural gas who have installed a compressed natural gas fueling station or liquefied natural gas fueling station used solely to fuel the motor vehicles they own or operate as of December 31, 2015, may continue to apply for and use the alternative fuel decal in lieu of paying the tax imposed under subdivisions (4) and (5) of subsection 1 of section 142.803. Owners or operators of compressed natural gas fueling stations or liquefied natural gas fueling stations whose vehicles bear an alternative fuel decal shall be prohibited from selling or providing compressed natural gas or liquefied natural gas to any motor vehicle they do not own or operate. Owners or operators of motor vehicles powered by compressed natural gas or liquefied natural gas bearing an alternative fuel decal after January 1, 2016, that decline to renew the alternative fuel decals for such motor vehicles shall no longer be eligible to apply for and use alternative fuel decals under this subsection. Any compressed natural gas or liquefied natural gas obtained at any fueling station not owned by the owner or operator of the motor vehicle bearing an alternative fuel decal shall be subject to the tax under subdivisions (4) and (5) of subsection 1 of section 142.803.

[4.] 5. An owner or operator of a motor vehicle powered by propane may continue to apply for and use the alternative fuel decal in lieu of paying the tax imposed under subdivision (6) of subsection 1 of section 142.803. If the appropriate motor fuel tax under subdivision (6) of subsection 1 of section 142.803 is collected at the time of fueling, an operator of a propane fueling station that uses quick-connect fueling nozzles may sell propane as a motor fuel without verifying the application of a valid Missouri alternative fuel decal. If an owner or operator of a motor vehicle powered by propane that bears an alternative fuel decal refuels at an unattended propane refueling station, such owner or operator shall not be eligible for a refund of the motor fuel tax paid at such refueling.

[5.] 6. The director shall annually, on or before January thirty-first of each year, collect or cause to be collected from owners or operators of the motor vehicles specified in subsection 1 of this section the annual decal fee. Applications for such decals shall be supplied by the department of revenue. In the case of a motor vehicle which is not in operation by January thirty-first of any year, a decal may be purchased for a fractional period of such year, and the amount of the decal fee shall be reduced by one-twelfth for each complete month which shall have elapsed since the beginning of such year. This subsection shall not apply to an owner or operator of a motor vehicle powered by propane who fuels such vehicle exclusively at unattended fueling stations that collect the motor fuel tax.

[6.] 7. Upon the payment of the fee required by subsection 1 of this section, the director shall issue a decal, which shall be valid for the current calendar year and shall be attached to the lower right-hand corner of the front windshield on the motor vehicle for which it was issued.

[7.] **8.** The decal fee paid pursuant to subsection 1 of this section for each motor vehicle shall be transferable upon a change of ownership of the motor vehicle and, if the LP gas or natural gas equipment is removed from a motor vehicle upon a change of ownership and is reinstalled in another motor vehicle, upon such reinstallation. Such transfers shall be accomplished in accordance with rules and regulations promulgated by the director.

[8.] **9.** It shall be unlawful for any person to operate a motor vehicle required to have an alternative fuel decal upon the highways of this state without a valid decal unless the motor vehicle is exclusively fueled at propane, compressed natural gas, or liquefied natural gas fueling stations that collect the motor fuel tax.

[9.] **10.** No person shall cause to be put, or put, any alternative fuel into the fuel supply receptacle or battery of a motor vehicle required to have an alternative fuel decal unless the motor vehicle either has a valid decal attached to it or the appropriate motor fuel tax is collected at the time of such fueling.

[10.] **11.** Any person violating any provision of this section is guilty of an infraction and shall, upon conviction thereof, be fined five hundred dollars.

[11.] **12.** Motor vehicles displaying a valid alternative fuel decal are exempt from the licensing and reporting requirements of this chapter.

A person commits the crime of odometer fraud in the third degree if, with the intent to defraud, he operates a motor vehicle less than [ten] **twenty** years old on any street or highway knowing that the odometer of the motor vehicle is disconnected or not functioning.

2. Odometer fraud in the third degree is a class C misdemeanor.

407.536. ODOMETER MILEAGE TO BE SHOWN ON TITLE, WHEN — INCORRECT MILEAGE ON ODOMETER, PROCEDURE — DUTIES OF DIRECTOR OF REVENUE — FALSIFYING ODOMETER READING, PENALTY — LIENS ON MOTOR VEHICLE, RELEASE OF, STATEMENT NOT REQUIRED — POWER OF ATTORNEY, WHEN. — 1. Any person transferring ownership of a motor vehicle previously titled in this or any other state shall do so by assignment of title and shall place the mileage registered on the odometer at the time of transfer above the signature of the transferor. The signature of the transferor below the mileage shall constitute an odometer mileage statement. The transferee shall sign such odometer mileage statement before an application for certificate of ownership may be made. If the true mileage is known to the transferor to be different from the number of miles shown on the odometer or the true mileage is unknown, a statement from the transferor shall accompany the assignment of title which shall contain all facts known by the transferor concerning the true mileage of the motor vehicle. That statement shall become a part of the permanent record of the motor vehicle with the Missouri department of revenue. The department of revenue shall place on all new titles issued after September 28, 1977, a box titled "mileage at the time of transfer".

2. Any person transferring the ownership of a motor vehicle previously untitled in this or any other state to another person shall give an odometer mileage statement to the transferee. The statement shall

include above the signature of the transferor and transferee the cumulative mileage registered on the odometer at the time of transfer. If the true mileage is known to the transferor to be different from the number of miles shown on the odometer or the true mileage is unknown, a statement from the transferor shall accompany the assignment of title which shall contain all facts known by the transferor concerning the true mileage of the motor vehicle. That statement shall become a permanent part of the records of the Missouri department of revenue.

3. If, upon receiving an application for registration or for a certificate of ownership of a motor vehicle, the director of revenue has credible evidence that the odometer reading provided by a transferor is materially inaccurate, he may place an asterisk on the face of the title document issued by the Missouri department of revenue, provided that the process required thereby does not interfere with his obligations under subdivision (2) of subsection 3 of section 301.190. The asterisk shall refer to a statement on the face and at the bottom of the title document which shall read as follows: "This may not be the true and accurate mileage of this motor vehicle. Consult the documents on file with the Missouri department of revenue for an explanation of the inaccuracy.". Nothing in this section shall prevent any person from challenging the determination by the director of revenue in the circuit courts of the state of Missouri. The burden of proof shall be on the director of the department of revenue in all such proceedings.

4. The mileage disclosed by the odometer mileage statement for a new or used motor vehicle as described in subsections 1 and 2 of this section shall be placed by the transferor on any title or document evidencing ownership. Additional statements shall be placed on the title document as follows:

(1) If the transferor states that to the best of his knowledge the mileage disclosed is the actual mileage of the motor vehicle, an asterisk shall follow the mileage on the face of the title or document of ownership issued by the Missouri department of revenue. The asterisk shall reference to a statement on the face and bottom of the title document which shall read as follows: "Actual Mileage";

(2) Where the transferor has submitted an explanation why this mileage is incorrect, an asterisk shall follow the mileage on the face of the title or document of ownership issued by the Missouri department of revenue. The asterisk shall reference to a statement on the face and at the bottom of the title document which shall read as follows: "This is not the true and accurate mileage of this motor vehicle. Consult the documents on file with the Missouri department of revenue for an explanation of the inaccuracy.". Further wording shall be included as follows:

(a) If the transferor states that the odometer reflects the amount of mileage in excess of the designed mechanical odometer limit, the above statement on the face of the title document shall be followed by the words: "Mileage exceeds the mechanical limits";

(b) If the transferor states that the odometer reading differs from the mileage and that the difference is greater than that caused by odometer calibration error and the odometer reading does not reflect the actual mileage and should not be relied upon, the above statement on the face of the title document shall be preceded by the words: "Warning Odometer Discrepancy".

5. The department of revenue shall notify all motor vehicle ownership transferees of the civil and criminal penalties involving odometer fraud.

6. Any person defacing or obscuring or otherwise falsifying any odometer reading on any document required by this section shall be guilty of a class E felony.

7. The granting or creation of a security interest or lien shall not be considered a change of ownership for the purpose of this section, and the grantor of such lien or security interest shall not be required to make an odometer mileage statement. The release of a lien by a mortgage holder shall not be considered a change of ownership of the motor vehicle for the purposes of this section. The mortgage holder or lienholder shall not be required to make an odometer disclosure statement or state the current odometer setting at the time of the release of the lien where there is no change of ownership.

8. For the purposes of the mileage disclosure requirements of this section, if a certificate of ownership is held by a lienholder, if the transferor makes application for a duplicate certificate of

ownership, or as otherwise provided in the federal Motor Vehicle Information and Cost Savings Act and related federal regulations, the transferor may execute a written power of attorney authorizing a transfer of ownership. The person granted such power of attorney shall restate exactly on the assignment of title the actual mileage disclosed at the time of transfer. The power of attorney shall accompany the certificate of ownership and the original power of attorney and a copy of the certificate of ownership shall be returned to the issuing state in the manner prescribed by the director of revenue, unless otherwise provided by federal law, rule or regulation. The department of revenue may prescribe a secure document for use in executing a written power of attorney, **and may allow electronic signatures on such document**. The department shall collect a fee for each form issued, not to exceed the cost of procuring the form.

407.556. DEALER OR MANUFACTURER IN VIOLATION SUBJECT TO REVOCATION OR SUSPENSION OF LICENSES — LAWS NOT APPLICABLE TO CERTAIN MOTOR VEHICLES. — 1. A violation of the provisions of sections 407.511 to 407.556 by any person licensed or registered as a manufacturer or dealer pursuant to the provisions of chapter 301, shall be considered a violation of the provisions of that chapter, subjecting that person to revocation or suspension of any license issued pursuant to the provisions of that chapter.

2. The provisions of sections 407.511 to 407.556 do not apply to the following motor vehicles:

- (1) Any motor vehicle having a gross vehicle weight rating of more than sixteen thousand pounds;
- (2) Any motor vehicle that is [ten] **twenty** years old or older;

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Sections 287.170, 287.180, 287.220, 287.280, 287.480, and 287.715, RSMo, are repealed and six new sections enacted in lieu thereof, to be known as sections 287.170, 287.180, 287.220, 287.280, 287.480, and 287.715, to read as follows:

287.170. TEMPORARY TOTAL DISABILITY, AMOUNT TO BE PAID — METHOD OF PAYMENT — DISQUALIFICATION, WHEN — POST INJURY MISCONDUCT DEFINED — BENEFITS NOT PAYABLE, WHEN. — 1. For temporary total disability the employer shall pay compensation for not more than four hundred weeks during the continuance of such disability at the weekly rate of compensation in effect under this section on the date of the injury for which compensation is being made. The amount of such compensation shall be computed as follows:

(1) For all injuries occurring on or after September 28, 1983, but before September 28, 1986, the weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the injured employee's average weekly earnings as of the date of the injury; provided that the weekly compensation paid under this subdivision shall not exceed an amount equal to seventy percent of the state average weekly wage, as such wage is determined by the division of employment security, as of the July first immediately preceding the date of injury;

(2) For all injuries occurring on or after September 28, 1986, but before August 28, 1990, the weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the injured employee's average weekly earnings as of the date of the injury; provided that the weekly compensation paid under this subdivision shall not exceed an amount equal to seventy-five percent of the state average weekly wage, as such wage is determined by the division of employment security, as of the July first immediately preceding the date of injury;

(3) For all injuries occurring on or after August 28, 1990, but before August 28, 1991, the weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the injured employee's average weekly earnings as of the date of the injury; provided that the weekly compensation paid under this subdivision shall not exceed an amount equal to one hundred percent of the state average weekly wage;

(4) For all injuries occurring on or after August 28, 1991, the weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the injured employee's average weekly earnings as of the date of the injury; provided that the weekly compensation paid under this subdivision shall not exceed an amount equal to one hundred five percent of the state average weekly wage;

(5) For all injuries occurring on or after September 28, 1981, the weekly compensation shall in no event be less than forty dollars per week.

2. Temporary total disability payments shall be made to the claimant by check or other negotiable [instruments approved by the director which will not result in delay in payment] **instrument, or by electronic transfer or other manner authorized by the claimant**, and shall be forwarded directly to the claimant without intervention, or, when requested, to claimant's attorney if represented, except as provided in section 454.517, by any other party except by order of the division of workers' compensation.

3. An employee is disqualified from receiving temporary total disability during any period of time in which the claimant applies and receives unemployment compensation.

4. If the employee is terminated from post-injury employment based upon the employee's post-injury misconduct, neither temporary total disability nor temporary partial disability benefits under this section or section 287.180 are payable. As used in this section, the phrase "post-injury misconduct"

shall not include absence from the workplace due to an injury unless the employee is capable of working with restrictions, as certified by a physician.

5. If an employee voluntarily separates from employment with an employer at a time when the employer had work available for the employee that was in compliance with any medical restriction imposed upon the employee within a reasonable degree of medical certainty as a result of the injury that is the subject of a claim for benefits under this chapter, neither temporary total disability nor temporary partial disability benefits available under this section or section 287.180 shall be payable.

287.180. TEMPORARY PARTIAL DISABILITY, AMOUNT TO BE PAID — METHOD OF PAYMENT. — 1. For temporary partial disability, compensation shall be paid during such disability but not for more than one hundred weeks, and shall be sixty-six and two-thirds percent of the difference between the average earnings prior to the accident and the amount which the employee, in the exercise of reasonable diligence, will be able to earn during the disability, to be determined in view of the nature and extent of the injury and the ability of the employee to compete in an open labor market. The amount of such compensation shall be computed as follows:

(1) For all injuries occurring on or after September 28, 1983, but before September 28, 1986, the weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the injured employee's average weekly earnings as of the date of injury; provided that the weekly compensation paid under this subdivision shall not exceed an amount equal to seventy percent of the state average weekly wage, as such wages are determined by the division of employment security, as of the July first immediately preceding the date of injury;

(2) For all injuries occurring on or after September 28, 1986, but before August 28, 1990, the weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the injured employee's average weekly earnings as of the date of the injury; provided that the weekly compensation paid under this subdivision shall not exceed an amount equal to seventy-five percent of the state average weekly wage, as such wage is determined by the division of employment security, as of the July first immediately preceding the date of injury;

(3) For all injuries occurring on or after August 28, 1990, but before August 28, 1991, the weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the injured employee's average weekly earnings as of the date of the injury; provided that the weekly compensation paid under this subdivision shall not exceed an amount equal to one hundred percent of the state average weekly wage;

(4) For all injuries occurring on or after August 28, 1991, the weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the injured employee's average weekly earnings as of the date of the injury; provided that the weekly compensation paid under this subdivision shall not exceed an amount equal to one hundred five percent of the state average weekly wage.

2. Temporary partial disability payments shall be made to the claimant by check, or other negotiable instrument [approved by the director which will not result in delay in payment], **or by electronic transfer or other manner authorized by the claimant.**

287.220. COMPENSATION AND PAYMENT OF COMPENSATION FOR DISABILITY — SECOND INJURY FUND CREATED, SERVICES COVERED, ACTUARIAL STUDIES REQUIRED — FAILURE OF EMPLOYER TO INSURE, PENALTY — RECORDS OPEN TO PUBLIC, WHEN — CONCURRENT EMPLOYERS, EFFECT — PRIORITY OF PAYMENT OF LIABILITIES OF FUND, EXCEPTIONS. — 1. There is hereby created in the state treasury a special fund to be known as the "Second Injury Fund" created exclusively for the purposes as in this section provided and for special weekly benefits in rehabilitation cases as provided in section 287.141. Maintenance of the second injury fund shall be as provided by section 287.710. The state treasurer shall be the custodian of the second injury fund which shall be deposited the same as are state funds and any interest accruing thereon shall be added thereto.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

The fund shall be subject to audit the same as state funds and accounts and shall be protected by the general bond given by the state treasurer. Upon the requisition of the director of the division of workers' compensation, warrants on the state treasurer for the payment of all amounts payable for compensation and benefits out of the second injury fund shall be issued.

2. All cases of permanent disability where there has been previous disability due to injuries occurring prior to January 1, 2014, shall be compensated as provided in this subsection. Compensation shall be computed on the basis of the average earnings at the time of the last injury. If any employee who has a preexisting permanent partial disability whether from compensable injury or otherwise, of such seriousness as to constitute a hindrance or obstacle to employment or to obtaining reemployment if the employee becomes unemployed, and the preexisting permanent partial disability, if a body as a whole injury, equals a minimum of fifty weeks of compensation or, if a major extremity injury only, equals a minimum of fifteen percent permanent partial disability, according to the medical standards that are used in determining such compensation, receives a subsequent compensable injury resulting in additional permanent partial disability so that the degree or percentage of disability, in an amount equal to a minimum of fifty weeks compensation, if a body as a whole injury or, if a major extremity injury only, equals a minimum of fifteen percent permanent partial disability, caused by the combined disabilities is substantially greater than that which would have resulted from the last injury, considered alone and of itself, and if the employee is entitled to receive compensation on the basis of the combined disabilities, the employer at the time of the last injury shall be liable only for the degree or percentage of disability which would have resulted from the last injury had there been no preexisting disability. After the compensation liability of the employer for the last injury, considered alone, has been determined by an administrative law judge or the commission, the degree or percentage of employee's disability that is attributable to all injuries or conditions existing at the time the last injury was sustained shall then be determined by that administrative law judge or by the commission and the degree or percentage of disability which existed prior to the last injury plus the disability resulting from the last injury, if any, considered alone, shall be deducted from the combined disability, and compensation for the balance, if any, shall be paid out of a special fund known as the second injury fund, hereinafter provided for. If the previous disability or disabilities, whether from compensable injury or otherwise, and the last injury together result in total and permanent disability, the minimum standards under this subsection for a body as a whole injury or a major extremity injury shall not apply and the employer at the time of the last injury shall be liable only for the disability resulting from the last injury considered alone and of itself; except that if the compensation for which the employer at the time of the last injury is liable is less than the compensation provided in this chapter for permanent total disability, then in addition to the compensation for which the employer is liable and after the completion of payment of the compensation by the employer, the employee shall be paid the remainder of the compensation that would be due for permanent total disability under section 287.200 out of the second injury fund.

3. (1) All claims against the second injury fund for injuries occurring after January 1, 2014, and all claims against the second injury fund involving a subsequent compensable injury which is an occupational disease filed after January 1, 2014, shall be compensated as provided in this subsection.

(2) No claims for permanent partial disability occurring after January 1, 2014, shall be filed against the second injury fund. Claims for permanent total disability under section 287.200 against the second injury fund shall be compensable only when the following conditions are met:

(a) a. An employee has a medically documented preexisting disability equaling a minimum of fifty weeks of permanent partial disability compensation according to the medical standards that are used in determining such compensation which is:

- (i) A direct result of active military duty in any branch of the United States Armed Forces; or
- (ii) A direct result of a compensable injury as defined in section 287.020; or

(iii) Not a compensable injury, but such preexisting disability directly and significantly aggravates or accelerates the subsequent work-related injury and shall not include unrelated preexisting injuries or conditions that do not aggravate or accelerate the subsequent work-related injury; or

(iv) A preexisting permanent partial disability of an extremity, loss of eyesight in one eye, or loss of hearing in one ear, when there is a subsequent compensable work-related injury as set forth in subparagraph b of the opposite extremity, loss of eyesight in the other eye, or loss of hearing in the other ear; and

b. Such employee thereafter sustains a subsequent compensable work-related injury that, when combined with the preexisting disability, as set forth in items (i), (ii), (iii), or (iv) of subparagraph a. of this paragraph, results in a permanent total disability as defined under this chapter; or

(b) An employee is employed in a sheltered workshop as established in sections 205.968 to 205.972 or sections 178.900 to 178.960 and such employee thereafter sustains a compensable work-related injury that, when combined with the preexisting disability, results in a permanent total disability as defined under this chapter.

(3) When an employee is entitled to compensation as provided in this subsection, the employer at the time of the last work-related injury shall only be liable for the disability resulting from the subsequent work-related injury considered alone and of itself.

(4) Compensation for benefits payable under this subsection shall be based on the employee's compensation rate calculated under section 287.250.

4. (1) In all cases in which a recovery against the second injury fund is sought for permanent partial disability, permanent total disability, or death, the state treasurer as custodian thereof shall be named as a party, and shall be entitled to defend against the claim.

(2) The state treasurer, with the advice and consent of the attorney general of Missouri, may enter into compromise settlements as contemplated by section 287.390, or agreed statements of fact that would affect the second injury fund. All awards for permanent partial disability, permanent total disability, or death affecting the second injury fund shall be subject to the provisions of this chapter governing review and appeal.

(3) For all claims filed against the second injury fund on or after July 1, 1994, the attorney general shall use assistant attorneys general except in circumstances where an actual or potential conflict of interest exists, to provide legal services as may be required in all claims made for recovery against the fund. Any legal expenses incurred by the attorney general's office in the handling of such claims, including, but not limited to, medical examination fees incurred under sections 287.210 and the expenses provided for under section 287.140, expert witness fees, court reporter expenses, travel costs, and related legal expenses shall be paid by the fund. Effective July 1, 1993, the payment of such legal expenses shall be contingent upon annual appropriations made by the general assembly, from the fund, to the attorney general's office for this specific purpose.

5. If more than one injury in the same employment causes concurrent temporary disabilities, compensation shall be payable only for the longest and largest paying disability.

6. If more than one injury in the same employment causes concurrent and consecutive permanent partial disability, compensation payments for each subsequent disability shall not begin until the end of the compensation period of the prior disability.

7. If an employer fails to insure or self-insure as required in section 287.280, funds from the second injury fund may be withdrawn to cover the fair, reasonable, and necessary expenses incurred relating to claims for injuries occurring prior to January 1, 2014, to cure and relieve the effects of the injury or disability of an injured employee in the employ of an uninsured employer consistent with subsection 3 of section 287.140, or in the case of death of an employee in the employ of an uninsured employer, funds from the second injury fund may be withdrawn to cover fair, reasonable, and necessary expenses incurred relating to a death occurring prior to January 1, 2014, in the manner required in sections 287.240 and 287.241. In defense of claims arising under this subsection, the treasurer of the state of

Missouri, as custodian of the second injury fund, shall have the same defenses to such claims as would the uninsured employer. Any funds received by the employee or the employee's dependents, through civil or other action, must go towards reimbursement of the second injury fund, for all payments made to the employee, the employee's dependents, or paid on the employee's behalf, from the second injury fund pursuant to this subsection. The office of the attorney general of the state of Missouri shall bring suit in the circuit court of the county in which the accident occurred against any employer not covered by this chapter as required in section 287.280.

8. Every year the second injury fund shall have an actuarial study made to determine the solvency of the fund taking into consideration any existing balance carried forward from a previous year, appropriate funding level of the fund, and forecasted expenditures from the fund. The first actuarial study shall be completed prior to July 1, 2014. The expenses of such actuarial studies shall be paid out of the fund for the support of the division of workers' compensation.

9. The director of the division of workers' compensation shall maintain the financial data and records concerning the fund for the support of the division of workers' compensation and the second injury fund. The division shall also compile and report data on claims made pursuant to subsection 11 of this section. The attorney general shall provide all necessary information to the division for this purpose.

10. All claims for fees and expenses filed against the second injury fund and all records pertaining thereto shall be open to the public.

11. Any employee who at the time a compensable work-related injury is sustained prior to January 1, 2014, is employed by more than one employer, the employer for whom the employee was working when the injury was sustained shall be responsible for wage loss benefits applicable only to the earnings in that employer's employment and the injured employee shall be entitled to file a claim against the second injury fund for any additional wage loss benefits attributed to loss of earnings from the employment or employments where the injury did not occur, up to the maximum weekly benefit less those benefits paid by the employer in whose employment the employee sustained the injury. The employee shall be entitled to a total benefit based on the total average weekly wage of such employee computed according to subsection 8 of section 287.250. The employee shall not be entitled to a greater rate of compensation than allowed by law on the date of the injury. The employer for whom the employee was working where the injury was sustained shall be responsible for all medical costs incurred in regard to that injury.

12. No compensation shall be payable from the second injury fund if the employee files a claim for compensation under the workers' compensation law of another state with jurisdiction over the employee's injury or accident or occupational disease.

13. Notwithstanding the requirements of section 287.470, the life payments to an injured employee made from the fund shall be suspended when the employee is able to obtain suitable gainful employment or be self-employed in view of the nature and severity of the injury. The division shall promulgate rules setting forth a reasonable standard means test to determine if such employment warrants the suspension of benefits.

14. All awards issued under this chapter affecting the second injury fund shall be subject to the provisions of this chapter governing review and appeal.

15. The division shall pay any liabilities of the fund in the following priority:

- (1) Expenses related to the legal defense of the fund under subsection 4 of this section;
- (2) Permanent total disability awards in the order in which claims are settled or finally adjudicated;
- (3) Permanent partial disability awards in the order in which such claims are settled or finally adjudicated;
- (4) Medical expenses incurred prior to July 1, 2012, under subsection 7 of this section; and
- (5) Interest on unpaid awards.

Such liabilities shall be paid to the extent the fund has a positive balance. Any unpaid amounts shall remain an ongoing liability of the fund until satisfied.

16. Post-award interest for the purpose of second injury fund claims shall be set at the adjusted rate of interest established by the director of revenue pursuant to section 32.065 or five percent, whichever is greater.

17. Notwithstanding the provisions of subsection 15 of this section to the contrary, the division may pay from the second injury fund any of the following second injury fund liabilities prior to those liabilities listed under subsection 15 of this section:

(1) All death benefits incurred under subsection 7 of this section relating to claims for deaths occurring prior to January 1, 2014, consistent with a temporary or final award; and

(2) Ongoing medical expenses, but not past medical expenses, under subsection 7 of this section relating to claims for injuries occurring prior to January 1, 2014, consistent with a temporary or final award that includes future medical benefits.

287.280. EMPLOYER'S ENTIRE LIABILITY TO BE COVERED, SELF-INSURER OR APPROVED CARRIER — EXCEPTION — GROUP OF EMPLOYERS MAY QUALIFY AS SELF-INSURERS, REQUIREMENTS — RULES — CONFIDENTIAL RECORDS. — 1. Every employer subject to the provisions of this chapter shall, on either an individual or group basis, insure their entire liability under the workers' compensation law; and may insure in whole or in part their employer liability, under a policy of insurance or a self-insurance plan, except as hereafter provided, with some insurance carrier authorized to insure such liability in this state, except that an employer or group of employers may themselves carry the whole or any part of the liability without insurance upon satisfying the division of their ability to do so. If an employer or group of employers have qualified to self-insure their liability under this chapter, the division of workers' compensation may, if it finds after a hearing that the employer or group of employers are willfully and intentionally violating the provisions of this chapter with intent to defraud their employees of their right to compensation, suspend or revoke the right of the employer or group of employers to self-insure their liability. If the employer or group of employers fail to comply with this section, an injured employee or his or her dependents may elect after the injury either to bring an action against such employer or group of employers to recover damages for personal injury or death and it shall not be a defense that the injury or death was caused by the negligence of a fellow servant, or that the employee had assumed the risk of the injury or death, or that the injury or death was caused to any degree by the negligence of the employee; or to recover under this chapter with the compensation payments commuted and immediately payable; or, if the employee elects to do so, he or she may file a request with the division for payment to be made for medical expenses out of the second injury fund as provided in subsection 7 of section 287.220. If the employer or group of employers are carrying their own insurance, on the application of any person entitled to compensation and on proof of default in the payment of any installment, the division shall require the employer or group of employers to furnish security for the payment of the compensation, and if not given, all other compensation shall be commuted and become immediately payable; provided, that employers engaged in the mining business shall be required to insure only their liability hereunder to the extent of the equivalent of the maximum liability under this chapter for ten deaths in any one accident, but the employer or group of employers may carry their own risk for any excess liability. When a group of employers enter into an agreement to pool their liabilities under this chapter, individual members will not be required to qualify as individual self-insurers.

2. Groups of employers qualified to insure their liability pursuant to chapter 537 or this chapter shall utilize a uniform experience rating plan promulgated by an approved advisory organization. Such groups shall develop experience ratings for their members based on the plan. Nothing in this section

shall relieve an employer from remitting, without any charge to the employer, the employer's claims history to an approved advisory organization.

3. For every entity qualified to group self-insure their liability pursuant to this chapter or chapter 537, each entity shall not authorize total discounts for any individual member exceeding twenty-five percent beginning January 1, 1999. All discounts shall be based on objective quantitative factors and applied uniformly to all trust members.

4. Any group of employers that have qualified to self-insure their liability pursuant to this chapter shall file with the division premium rates, based on pure premium rate data, adjusted for loss development and loss trending as filed by the advisory organization with the department of commerce and insurance pursuant to section 287.975, plus any estimated expenses and other factors or based on average rate classifications calculated by the department of commerce and insurance as taken from the premium rates filed by the twenty insurance companies providing the greatest volume of workers' compensation insurance coverage in this state. The rate is inadequate if funds equal to the full ultimate cost of anticipated losses and loss adjustment expenses are not produced when the prospective loss costs are applied to anticipated payrolls. The provisions of this subsection shall not apply to those political subdivisions of this state that have qualified to self-insure their liability pursuant to this chapter as authorized by section 537.620 on an assessment plan. Any such group may file with the division a composite rate for all coverages provided under that section.

5. When considering applications for new trust self-insurers, as described under 8 CSR 50- 3.010, the division shall require proof of payment by each member of not less than twenty-five percent of the estimated annual premium; except that, for new members who wish to join an existing trust self-insurer during the policy year rather than at the beginning of the policy year, the division shall require proof of payment of the lesser of the estimated premium of three months or the estimated premium for the balance of the policy year.

6. Self-insured trusts, as described under 8 CSR 50- 3.010, may invest surplus moneys from a prior trust year not needed for current obligations. Notwithstanding any provision of law to the contrary, upon approval by the division, a self-insured trust may invest up to one hundred percent of surplus moneys in securities designated by the state treasurer as acceptable collateral to secure state deposits under section 30.270.

7. Any finding or determination made by the division under this section may be reviewed as provided in sections 287.470 and 287.480.

8. If a group of employers who have been granted self-insurance authority under this chapter or chapter 537 or a public sector individual employer granted self-insurance authority under this chapter is deemed insolvent, determined to be insolvent, or files for bankruptcy, and fails to pay any of its obligations that are owed to an injured employee or an injured employee's dependent or dependents pursuant to this chapter, whether based upon a compromise settlement approved pursuant to section 287.390 or based upon an award issued pursuant to this chapter, the division shall call upon the entire security posted by the group of employers or public sector individual employer. The division may refer all known losses or cases of the group of employers or public sector individual employer to a third-party administrator or any such entity authorized in this state to administer the workers' compensation cases. The third-party administrator or entity to which the losses are transferred shall have the authority to receive the security proceeds from the division and use the proceeds, after deducting reasonable administrative expenses, to pay the compensation benefits owed pursuant to this chapter. The security proceeds shall not be considered state property and shall not be subject to appropriation by the general assembly. Any unused portion of the security proceeds shall be returned to the division. The group of employers or public sector individual employer may apply to the division for release of the unused portion of the security proceeds as set forth in rules promulgated by the division. Neither the division nor

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

any third-party administrator shall be obligated or required to pay any obligations or moneys in an amount in excess of the security proceeds, and neither the division nor any third-party administrator shall be liable for any interest or penalties. The joint and several liability of the members of a group that is deemed insolvent, that is determined to be insolvent, or that files for bankruptcy shall continue and shall not be terminated by payment of benefits under this subsection.

9. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

[9.] 10. Any records submitted pursuant to this section, and pursuant to any rule promulgated by the division pursuant to this section, shall be considered confidential and not subject to chapter 610. Any party to a workers' compensation case involving the party that submitted the records shall be able to subpoena the records for use in a workers' compensation case, if the information is otherwise relevant.

287.480. APPLICATION FOR REVIEW, TIME LIMIT — WHEN DEEMED FILED — BOND REQUIRED, WHEN. — 1. If an application for review is made to the commission within twenty days from the date of the award, the full commission, if the first hearing was not held before the full commission, shall review the evidence, or, if considered advisable, as soon as practicable hear the parties at issue, their representatives and witnesses and shall make an award and file it in like manner as specified in section 287.470. Any notice of appeal, application or other paper required under this law to be filed with the division or the commission shall, when mailed to or transmitted by electronic facsimile meeting the requirements of the division and received by the division or the commission, be deemed to be filed as of the date endorsed by the United States post office on the envelope or container in which such paper is received, or the date received if filed by facsimile. In instances where the last day for the filing of any such paper falls on a Sunday or legal holiday, the filing shall be deemed timely if accomplished on the next day subsequent which is neither a Sunday or a legal holiday. When filing by electronic facsimile meeting the requirements of the division, the parties shall, on the same date as the facsimile transmission, mail by the United States mail the original and the requisite number of copies to the commission. **In addition, the commission may allow filing of applications for review, briefs, motions, and other requests for relief with the commission by electronic means, in such manner as the commission may, by regulation, prescribe.**

2. An employer who has been determined by the division to be an employer subject to and operating pursuant to this chapter and has also been determined to be uninsured may file an application for review but such application for review shall be accompanied with and attached to the application for review a bond which shall be conditioned for the satisfaction of the award in full, and if for any reason the appeal is dismissed or if the award is affirmed or modified, to satisfy in full such modification of the award as the commission may award. The surety on such bond shall be a bank, savings and loan institution or an insurance company licensed to do business in the state of Missouri. No appeal to the commission shall be considered filed unless accompanied by such bond and such bond shall also be a prerequisite for appeal as provided in section 287.495 and such appeal pursuant to section 287.495 shall not be considered filed unless accompanied by such bond. If any other employer pursuant to section 287.040 would be liable, the employee shall be paid benefits from the bond until the bond is exhausted before the section 287.040 employer is required to pay.

287.715. ANNUAL SURCHARGE REQUIRED FOR SECOND INJURY FUND, AMOUNT, HOW COMPUTED, COLLECTION — VIOLATION, PENALTY — SUPPLEMENTAL SURCHARGE, AMOUNT. — 1. For the purpose of providing for revenue for the second injury fund, every authorized self-insurer, and every workers' compensation policyholder insured pursuant to the provisions of this chapter, shall be liable for payment of an annual surcharge in accordance with the provisions of this section. The annual surcharge imposed under this section shall apply to all workers' compensation

insurance policies and self-insurance coverages which are written or renewed on or after April 26, 1988, including the state of Missouri, including any of its departments, divisions, agencies, commissions, and boards or any political subdivisions of the state who self-insure or hold themselves out to be any part self-insured. Notwithstanding any law to the contrary, the surcharge imposed pursuant to this section shall not apply to any reinsurance or retrocessional transaction.

2. Beginning October 31, 2005, and each year thereafter, the director of the division of workers' compensation shall estimate the amount of benefits payable from the second injury fund during the following calendar year and shall calculate the total amount of the annual surcharge to be imposed during the following calendar year upon all workers' compensation policyholders and authorized self-insurers. The amount of the annual surcharge percentage to be imposed upon each policyholder and self-insured for the following calendar year commencing with the calendar year beginning on January 1, 2006, shall be set at and calculated against a percentage, not to exceed three percent, of the policyholder's or self-insured's workers' compensation net deposits, net premiums, or net assessments for the previous policy year, rounded up to the nearest one-half of a percentage point, that shall generate, as nearly as possible, one hundred ten percent of the moneys to be paid from the second injury fund in the following calendar year, less any moneys contained in the fund at the end of the previous calendar year. All policyholders and self-insurers shall be notified by the division of workers' compensation within ten calendar days of the determination of the surcharge percent to be imposed for, and paid in, the following calendar year. The net premium equivalent for individual self-insured employers shall be based on average rate classifications calculated by the department of commerce and insurance as taken from premium rates filed by the twenty insurance companies providing the greatest volume of workers' compensation insurance coverage in this state. For employers qualified to self-insure their liability pursuant to this chapter, the rates filed by such group of employers in accordance with subsection 4 of section 287.280 shall be the net premium equivalent. Any group of political subdivisions of this state qualified to self-insure their liability pursuant to this chapter as authorized by section 537.620 may choose either the average rate classification method or the filed rate method, provided that the method used may only be changed once without receiving the consent of the director of the division of workers' compensation. The director may advance funds from the workers' compensation fund to the second injury fund if surcharge collections prove to be insufficient. Any funds advanced from the workers' compensation fund to the second injury fund must be reimbursed by the second injury fund no later than December thirty-first of the year following the advance. The surcharge shall be collected from policyholders by each insurer at the same time and in the same manner that the premium is collected, but no insurer or its agent shall be entitled to any portion of the surcharge as a fee or commission for its collection. The surcharge is not subject to any taxes, licenses or fees.

3. All surcharge amounts imposed by this section shall be deposited to the credit of the second injury fund.

4. Such surcharge amounts shall be paid quarterly by insurers and self-insurers, and insurers shall pay the amounts not later than the thirtieth day of the month following the end of the quarter in which the amount is received from policyholders. If the director of the division of workers' compensation fails to calculate the surcharge by the thirty-first day of October of any year for the following year, any increase in the surcharge ultimately set by the director shall not be effective for any calendar quarter beginning less than sixty days from the date the director makes such determination.

5. If a policyholder or self-insured fails to make payment of the surcharge or an insurer fails to make timely transfer to the division of surcharges actually collected from policyholders, as required by this section, a penalty of one-half of one percent of the surcharge unpaid, or untransferred, shall be assessed against the liable policyholder, self-insured or insurer. Penalties assessed under this subsection shall be collected in a civil action by a summary proceeding brought by the director of the division of workers' compensation.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

6. Notwithstanding subsection 2 of this section to the contrary, the director of the division of workers' compensation shall collect a supplemental surcharge not to exceed three percent for calendar years 2014 to [2021] **2022** of the policyholder's or self-insured's workers' compensation net deposits, net premiums, or net assessments for the previous policy year, rounded up to the nearest one-half of a percentage point. **For calendar year 2023, the director of the division of workers' compensation shall collect a supplemental surcharge not to exceed two and one-half percent of the policyholder's or self-insured's workers' compensation net deposits, net premiums, or net assessments for the previous policy year, rounded up to the nearest one-half of a percentage point.** All policyholders and self-insurers shall be notified by the division of the supplemental surcharge percentage to be imposed for such period of time as part of the notice provided in subsection 2 of this section. The provisions of this subsection shall expire on December 31, [2021] **2023**.

7. Funds collected under the provisions of this chapter shall be the sole funding source of the second injury fund.

WHEREAS, St. Louis, being situated on the Mississippi River, was uniquely positioned to be a destination for the slave trade; and

WHEREAS, tensions of human inequality are profoundly apparent in the history of the state; and

WHEREAS, when persons with African ancestry in Missouri sued for their freedom, such freedom was sometimes granted, within the legal parameters allowed; and

WHEREAS, the tension in the nation over the issue of slavery and human inequality resulted in Dred and Harriet Scott, persons with African ancestry, being denied freedom in this state in a decision by the Missouri Supreme Court on March 22, 1852; and

WHEREAS, that 1852 Missouri Supreme Court decision deviated from Court precedent freeing former slaves and stated: "Times are not now as they once were when the former decisions on this subject were made. Since then not only individuals but States have been possessed with dark and fell spirit in relation to slavery ... the state of Missouri is willing to assume her full responsibility for the existence of slavery within her limits, nor does she seek to share or divide it with others,"; and

WHEREAS, after this decision, the Scotts persisted in their pursuit for freedom, ultimately resulting in the infamous decision by the Supreme Court of the United States on March 6, 1857, holding that as African Americans, Dred and Harriet Scott did not have the right to sue for their freedom, consigning African Americans to a permanent inferior status in this country; and

WHEREAS, the March 22, 1852, Dred Scott decision is a regrettable legacy for this state and antithetical to the nation's founding values, specifically the tenet that all men are created equal; and

WHEREAS, the 1852 Missouri Supreme Court Dred Scott decision opened the door for the 1857 United States Supreme Court's decision declaring that people of African ancestry "had for more than a century before been regarded as beings of an inferior order, and altogether unfit to associate with the white race, either in social or political relations; and so far inferior, that they had no rights which the white man was bound to respect; and that the negro might justly and lawfully be reduced to slavery for his benefit", an expression of racism and a precursor to Jim Crow laws, which perpetrated over a century of injustice; and

WHEREAS, it is time for these open doors to be unequivocally closed; and

WHEREAS, all political power is vested in and derived from the people; and

WHEREAS, all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole; and

WHEREAS, no person shall be deprived of life, liberty, or property without the due process of law; and

WHEREAS, all human beings are created equal and are entitled to equal rights and opportunity under the law; and

WHEREAS, two hundred years after this State's founding, during the bicentennial of this State's founding, it is time to draw a line between Missouri's history, which encompassed such inhumane and unfair treatment to our citizens, and the present and future Missouri, which aims to be a place of equal treatment for all:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the One Hundred First General Assembly, First Regular Session, the Senate concurring therein, that, as the 1852 Missouri Supreme Court decision recognized "times are not now as they once were when the former decisions on this subject were made"; and, that the times have once again changed and we declare the March 22, 1852, Missouri Supreme Court Dred Scott decision is fully and entirely renounced; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the Governor, the Clerk of the Supreme Court of Missouri, the justices of the Supreme Court of Missouri, and the members of the Missouri Congressional delegation.

SCR 4

Applies to Congress for the calling of an Article V convention of states to propose certain amendments to the United States Constitution.

Relating to an application to Congress for the calling of an Article V convention of states to propose certain amendments to the United States Constitution which place limits on the federal government.

Whereas, the Founders of our Constitution empowered state legislators to be guardians of liberty against future abuses of power by the federal government; and

Whereas, the federal government has created a crushing national debt through improper and imprudent spending; and

Whereas, the federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

Whereas, the federal government has ceased to live under a proper interpretation of the Constitution of the United States; and

Whereas, it is the solemn duty of the states to protect the liberty of our people - particularly for the generations to come - to propose amendments to the United States Constitution through a convention of states under Article V to place clear restraints on these and related abuses of power; and

Whereas, the Ninety-ninth General Assembly of Missouri, First Regular Session, adopted Senate Concurrent Resolution 4, which contained an application for an Article V Convention to propose constitutional amendments identical to those proposed in this resolution, but provided that the application would expire five years after the passage of Senate Concurrent Resolution 4:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, One Hundred First General Assembly, First Regular Session, the House of Representatives concurring therein, hereby apply to Congress, under the provisions of Article V of the United States Constitution, for the calling of a convention of the states limited to proposing amendments to the United States Constitution that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and members of Congress; and

Be It Further Resolved that the General Assembly adopts this application with the following understandings (as the term "understandings" is used within the context of "reservations, understandings, and declarations"):

(1) An application to Congress for an Article V convention confers no power on Congress other than to perform a ministerial function to "call" for a convention;

(2) This ministerial duty shall be performed by Congress only when Article V applications for substantially the same purpose are received from two-thirds of the legislatures of the several states;

(3) The power of Congress to "call" a convention solely consists of the authority to name a reasonable time and place for the initial meeting of the convention;

(4) Congress possesses no power whatsoever to name delegates to the convention, as this power remains exclusively within the authority of the legislatures of the several states;

(5) Congress possesses no power to set the number of delegates to be sent by any states;

(6) Congress possesses no power whatsoever to determine any rules for such convention;

(7) By definition, a Convention of States means that states vote on the basis of one state, one vote;

(8) A Convention of States convened pursuant to this application is limited to consideration of topics specified herein and no other;

(9) The General Assembly of Missouri may recall its delegates at any time for breach of their duties or violations of their instructions pursuant to the procedures adopted in this resolution;

(10) Pursuant to the text of Article V, Congress may determine whether proposed amendments shall be ratified by the legislatures of the several states or by special state ratification conventions. The General Assembly of Missouri recommends that Congress specify its choice on ratification methodology contemporaneously with the call for the convention;

(11) Congress possesses no power whatsoever with regard to the Article V convention beyond the two powers acknowledged herein;

(12) Missouri places express reliance on prior legal and judicial determinations that Congress possesses no power under Article I relative to the Article V process, and that Congress must act only as expressly specified in Article V; and

Be It Further Resolved that this application hereby repeals, rescinds, cancels, renders null and void, and supercedes the application to the Congress of the United States for a convention under Article V of the Constitution of the United States by this state in Senate Concurrent Resolution No. 4 as adopted by the Ninety-ninth General Assembly, First Regular Session; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the President and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives, each member of the Missouri Congressional delegation, and the presiding officers of each of the legislative houses in the several states requesting their cooperation.

SCR 6

WHEREAS, an independent United States Supreme Court is an essential element of America's system of checks and balances that protects our constitutional rights; and

WHEREAS, the United States Supreme Court has been composed of nine Justices for more than 150 years; and

WHEREAS, the President of the United States and Congress should be prohibited from undermining the independence of the Supreme Court by changing the number of Justices on the Supreme Court:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundred First General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the United States Congress to resist any attempt to increase the number of Justices on the United States Supreme Court; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for the President of the United States Senate, the Speaker of the United States House of Representatives and the members of the Missouri Congressional delegation.

SCR 7

Approves the new fees and taxes approved by the North Central Missouri Regional Water Commission.

Relating to the North Central Missouri Regional Water Commission.

Whereas, the General Assembly recognizes the need for all Missourians and all geographic areas of the state to have access to a reliable and safe water supply; and

Whereas, the Multipurpose Water Resource Act, set forth in Sections 256.435 to 256.445 of the Revised Statutes of Missouri, permits the Missouri Department of Natural Resources to participate in the development, construction, or renovation of approved water resource projects, which may include the use of money in the Multipurpose Water Resource Program Fund established in the state treasury to carry out approved water resource projects; and

Whereas, the North Central Missouri Regional Water Commission is sponsoring a project to develop a long-term water resource reservoir for a ten county area in north central Missouri - the reservoir to be located in Sullivan County; and

Whereas, the North Central Missouri Regional Water Commission's project has been approved in accordance with the Multipurpose Water Resource Act to receive funds from the Multipurpose Water Resource Program Fund; and

Whereas, the North Central Missouri Regional Water Commission expects the U.S. Army Corps of Engineers to issue a Record of Decision and permit the commencement of construction of the reservoir in the current calendar year (2021); and

Whereas, the North Central Missouri Regional Water Commission requires funding that exceeds the current balance in the Multipurpose Water Resource Program Fund. Therefore, once a Record of Decision is issued, the North Central Missouri Regional Water Commission intends to secure a loan and grant package from the United States Department of Agriculture - Rural Development. The funding package will consolidate the North Central Missouri Regional Water Commission's debt and provide funding for construction of the reservoir. The North Central Missouri Regional Water Commission's funding package could total 48.5 million dollars with a thirty five year repayment schedule; and

Whereas, as a stipulation of the Letter of Conditions between the United States Department of Agriculture - Rural Development and the North Central Missouri Regional Water Commission, it will be necessary for the state to enter into an agreement with the North Central Missouri Regional Water Commission for financial assurances associated with loans made from the United States Department of Agriculture - Rural Development and the North Central Missouri Regional Water Commission; and

Whereas, it may be additionally necessary for the state to annually appropriate, and for the Missouri Department of Natural Resources to allocate, funds from the Multipurpose Water Resource Program Fund over the thirty five year repayment term of the United States Department of Agriculture - Rural Development loan:

Now, Therefore Be It Resolved, that the members of the Missouri Senate of the One Hundred First General Assembly, First Regular Session, the House of Representatives concurring therein, hereby support the funding of the North Central Missouri Regional Water Commission project by the state entering into a long-term commitment of money in the Multipurpose Water Resource Program Fund, subject to appropriations; provided that the total annual cost does not exceed 1.5 million dollars, and the total cost over the life of the contract does not exceed 24 million dollars; and

Be It Further Resolved that the members of the General Assembly support the following:

1. The payment of debt service to the United States Department of Agriculture - Rural Development on behalf of the North Central Missouri Regional Water Commission, which shall be payable from future appropriations to be made by the General Assembly of General Revenue funds to the Multipurpose Water Resource Program Fund; and

2. Pursuant to Article IV, Section 28 of the Missouri Constitution, this resolution shall not bind future General Assemblies to make any appropriation for the purposes enumerated herein. It is the present intent of the General Assembly that during each of the fiscal years in which the state has entered into an agreement for long-term support of a project, General Revenue be appropriated to the Multipurpose Water Resource Program Fund in an amount sufficient to fulfill the obligations of the contract between the state and the North Central Missouri Regional Water Commission; and

Be It Further Resolved that this resolution shall be approved or rejected by the Governor pursuant to the Missouri Constitution.

**PROPOSED AMENDMENTS TO THE
CONSTITUTION OF MISSOURI
NOVEMBER 8, 2022 ELECTION**

HJR 35 [HCS HJR 35]

Proposes a constitutional amendment that modifies the State Treasurer's ability to invest

CONSTITUTIONAL AMENDMENT NO. 1. — (Proposed by the 101st General Assembly, First Regular Session, HJR 35)

Official Ballot Title:

Do you want to amend the Missouri Constitution to:

- allow the General Assembly to override the current constitutional restrictions of state investments by the state treasurer; and
- allow state investments in municipal securities possessing one of the top five highest long term ratings or the highest short term rating?

State governmental entities estimate no costs and increased interest revenue of \$2 million per year. Local governmental entities estimate no costs and increased interest revenue of at least \$34,000 per year.

Fair Ballot Language:

A **"yes"** vote will amend the Missouri Constitution to grant the General Assembly statutory authority to invest state funds and also expand the state treasurer's investment options. Currently the Constitution grants the General Assembly no statutory investment authority and limits the treasurer's investment options. This amendment will allow the General Assembly by statute to determine investment avenues for the state treasurer to invest state funds, as well as allow the state treasurer to invest in municipal securities.

A **"no"** vote will not amend the Missouri Constitution and limit the treasurer to investing state funds only in those currently approved by the Constitution.

If passed, this measure will have no impact on taxes.

Immediately upon receipt of state or United States funds the state treasurer shall deposit all moneys in the state treasury in banking institutions selected by him and approved by the governor and state auditor, and he shall hold them for the benefit of the respective funds to which they belong and disburse them as provided by law. Unless otherwise provided by law, all interest received on nonstate funds shall be credited to such funds. HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

(2) All outpatient hospital services, payments therefor to be in amounts which represent no more than eighty percent of the lesser of reasonable costs or customary charges for such services, determined in accordance with the principles set forth in Title XVIII A and B, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. Section 301, et seq.), but the MO HealthNet division may evaluate outpatient hospital services rendered under this section and deny payment for services which are determined by the MO HealthNet division not to be medically necessary, in accordance with federal law and regulations;

(3) Laboratory and X-ray services;

(4) Nursing home services for participants, except to persons with more than five hundred thousand dollars equity in their home or except for persons in an institution for mental diseases who are under the age of sixty-five years, when residing in a hospital licensed by the department of health and senior services or a nursing home licensed by the department of health and senior services or appropriate licensing authority of other states or government-owned and -operated institutions which are determined to conform to standards equivalent to licensing requirements in Title XIX of the federal Social Security Act (42 U.S.C. Section 301, et seq.), as amended, for nursing facilities. The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term "temporary leave of absence" shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or elsewhere;

(7) Subject to appropriation, up to twenty visits per year for services limited to examinations, diagnoses, adjustments, and manipulations and treatments of malpositioned articulations and structures of the body provided by licensed chiropractic physicians practicing within their scope of practice. Nothing in this subdivision shall be interpreted to otherwise expand MO HealthNet services;

(8) Drugs and medicines when prescribed by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

(9) Emergency ambulance services and, effective January 1, 1990, medically necessary transportation to scheduled, physician-prescribed nonelective treatments;

(10) Early and periodic screening and diagnosis of individuals who are under the age of twenty-one to ascertain their physical or mental defects, and health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby. Such services shall be provided in accordance with the provisions of Section 6403 of P.L. 101-239 and federal regulations promulgated thereunder;

(11) Home health care services;

(12) Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions **or any abortifacient drug or device that is used for the purpose of inducing an abortion** unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in the physician's professional judgment, the life of the mother would be endangered if the fetus were carried to term;

(13) Inpatient psychiatric hospital services for individuals under age twenty-one as defined in Title XIX of the federal Social Security Act (42 U.S.C. Section 1396d, et seq.);

(14) Outpatient surgical procedures, including presurgical diagnostic services performed in ambulatory surgical facilities which are licensed by the department of health and senior services of the state of Missouri; except, that such outpatient surgical services shall not include persons who are eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended, if exclusion of such persons is permitted under Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended;

(15) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the average statewide charge for care and treatment in an intermediate care facility for a comparable period of time. Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198 shall be authorized on a tier level based on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who qualifies for assistance under section 208.030 and meets the level of care required in this section shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if he or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

(16) Mental health services. The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. Section 301, as amended, shall include the following mental health services when such services are provided by community mental health facilities operated by the department of mental health or designated by the department of mental health as a community mental health facility or as an alcohol and drug abuse facility or as a child-serving agency within the comprehensive children's mental health service system established in section 630.097. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(c) Rehabilitative mental health and alcohol and drug abuse services including home and community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health or alcohol and drug abuse professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management. As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

(17) Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

(18) The services of an advanced practice registered nurse with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, and regulations promulgated thereunder;

(19) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

(20) Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(21) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(22) Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(23) Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(24) Blood clotting products-related services. For persons diagnosed with a bleeding disorder, as defined in section 338.400, reliant on blood clotting products, as defined in section 338.400, such services include:

(a) Home delivery of blood clotting products and ancillary infusion equipment and supplies, including the emergency deliveries of the product when medically necessary;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the blood clotting products; and

(c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home health care agency trained in bleeding disorders when deemed necessary by the participant's treating physician;

(25) The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Dental services;

(2) Services of podiatrists as defined in section 330.010;

(3) Optometric services as described in section 336.010;

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

(5) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The

program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (15) and (16) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

11. Any income earned by individuals eligible for certified extended employment at a sheltered workshop under chapter 178 shall not be considered as income for purposes of determining eligibility under this section.

12. If the Missouri Medicaid audit and compliance unit changes any interpretation or application of the requirements for reimbursement for MO HealthNet services from the interpretation or application that has been applied previously by the state in any audit of a MO HealthNet provider, the Missouri Medicaid audit and compliance unit shall notify all affected MO HealthNet providers five business days before such change shall take effect. Failure of the Missouri Medicaid audit and compliance unit to notify a provider of such change shall entitle the provider to continue to receive and retain reimbursement until such notification is provided and shall waive any liability of such provider for recoupment or other loss of any payments previously made prior to the five business days after such notice has been sent. Each provider shall provide the Missouri Medicaid audit and compliance unit a valid email address and shall agree to receive communications electronically. The notification required under this section shall be delivered in writing by the United States Postal Service or electronic mail to each provider.

13. Nothing in this section shall be construed to abrogate or limit the department's statutory requirement to promulgate rules under chapter 536.

14. Beginning July 1, 2016, and subject to appropriations, providers of behavioral, social, and psychophysiological services for the prevention, treatment, or management of physical health problems shall be reimbursed utilizing the behavior assessment and intervention reimbursement codes 96150 to 96154 or their successor codes under the Current Procedural Terminology (CPT) coding system. Providers eligible for such reimbursement shall include psychologists.

208.437. REIMBURSEMENT ALLOWANCE PERIOD — NOTIFICATION OF BALANCE DUE, WHEN — DELINQUENT PAYMENTS, PROCEDURE, BASIS FOR DENIAL OF LICENSURE — EXPIRATION DATE. — 1. A Medicaid managed care organization reimbursement allowance period as provided in sections 208.431 to 208.437 shall be from the first day of July to the thirtieth day of June. The department shall notify each Medicaid managed care organization with a balance due on the thirtieth day of June of each year the amount of such balance due. If any managed care organization fails to pay its managed care organization reimbursement allowance within thirty days of such notice, the reimbursement allowance shall be delinquent. The reimbursement allowance may remain unpaid during an appeal.

2. Except as otherwise provided in this section, if any reimbursement allowance imposed under the provisions of sections 208.431 to 208.437 is unpaid and delinquent, the department of social services may compel the payment of such reimbursement allowance in the circuit court having jurisdiction in the county where the main offices of the Medicaid managed care organization are located. In addition, the director of the department of social services or the director's designee may cancel or refuse to issue, extend or reinstate a Medicaid contract agreement to any Medicaid managed care organization which fails to pay such delinquent reimbursement allowance required by sections 208.431 to 208.437 unless under appeal.

3. Except as otherwise provided in this section, failure to pay a delinquent reimbursement allowance imposed under sections 208.431 to 208.437 shall be grounds for denial, suspension or revocation of a license granted by the department of commerce and insurance. The director of the department of commerce and insurance may deny, suspend or revoke the license of a Medicaid managed care organization with a contract under 42 U.S.C. Section 1396b(m) which fails to pay a managed care organization's delinquent reimbursement allowance unless under appeal.

4. Nothing in sections 208.431 to 208.437 shall be deemed to effect or in any way limit the tax-exempt or nonprofit status of any Medicaid managed care organization with a contract under 42 U.S.C. Section 1396b(m) granted by state law.

5. Sections 208.431 to 208.437 shall expire on September 30, [2021] **2024**.

208.480. FEDERAL REIMBURSEMENT ALLOWANCE EXPIRATION DATE. — Notwithstanding the provisions of section 208.471 to the contrary, sections 208.453 to 208.480 shall expire on September 30, [2021] **2024**.

338.550. EXPIRATION DATE OF TAX, WHEN. — 1. The pharmacy tax required by sections 338.500 to 338.550 shall expire ninety days after any one or more of the following conditions are met:

(1) The aggregate dispensing fee as appropriated by the general assembly paid to pharmacists per prescription is less than the fiscal year 2003 dispensing fees reimbursement amount; or

(2) The formula used to calculate the reimbursement as appropriated by the general assembly for products dispensed by pharmacies is changed resulting in lower reimbursement to the pharmacist in the aggregate than provided in fiscal year 2003; or

(3) September 30, [2021] **2024**.

The director of the department of social services shall notify the revisor of statutes of the expiration date as provided in this subsection. The provisions of sections 338.500 to 338.550 shall not apply to pharmacies domiciled or headquartered outside this state which are engaged in prescription drug sales that are delivered directly to patients within this state via common carrier, mail or a carrier service.

2. Sections 338.500 to 338.550 shall expire on September 30, [2021] **2024**.

633.401. DEFINITIONS — ASSESSMENT IMPOSED, FORMULA — RATES OF PAYMENT — FUND CREATED, USE OF MONEYS — RECORD-KEEPING REQUIREMENTS — REPORT — APPEAL PROCESS — RULEMAKING AUTHORITY — EXPIRATION DATE. — 1. For purposes of this section, the following terms mean:

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

(1) "Engaging in the business of providing health benefit services", accepting payment for health benefit services;

(2) "Intermediate care facility for the intellectually disabled", a private or department of mental health facility which admits persons who are intellectually disabled or developmentally disabled for residential habilitation and other services pursuant to chapter 630. Such term shall include habilitation centers and private or public intermediate care facilities for the intellectually disabled that have been certified to meet the conditions of participation under 42 CFR, Section 483, Subpart I;

(3) "Net operating revenues from providing services of intermediate care facilities for the intellectually disabled" shall include, without limitation, all moneys received on account of such services pursuant to rates of reimbursement established and paid by the department of social services, but shall not include charitable contributions, grants, donations, bequests and income from nonservice related fund-raising activities and government deficit financing, contractual allowance, discounts or bad debt;

(4) "Services of intermediate care facilities for the intellectually disabled" has the same meaning as the term services of intermediate care facilities for the mentally retarded, as used in Title 42 United States Code, Section 1396b(w)(7)(A)(iv), as amended, and as such qualifies as a class of health care services recognized in federal Public Law 102-234, the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991.

2. Beginning July 1, 2008, each provider of services of intermediate care facilities for the intellectually disabled shall, in addition to all other fees and taxes now required or paid, pay assessments on their net operating revenues for the privilege of engaging in the business of providing services of the intermediate care facilities for the intellectually disabled or developmentally disabled in this state.

3. Each facility's assessment shall be based on a formula set forth in rules and regulations promulgated by the department of mental health.

4. For purposes of determining rates of payment under the medical assistance program for providers of services of intermediate care facilities for the intellectually disabled, the assessment imposed pursuant to this section on net operating revenues shall be a reimbursable cost to be reflected as timely as practicable in rates of payment applicable within the assessment period, contingent, for payments by governmental agencies, on all federal approvals necessary by federal law and regulation for federal financial participation in payments made for beneficiaries eligible for medical assistance under Title XIX of the federal Social Security Act, 42 U.S.C. Section 1396, et seq., as amended.

5. Assessments shall be submitted by or on behalf of each provider of services of intermediate care facilities for the intellectually disabled on a monthly basis to the director of the department of mental health or his or her designee and shall be made payable to the director of the department of revenue.

6. In the alternative, a provider may direct that the director of the department of social services offset, from the amount of any payment to be made by the state to the provider, the amount of the assessment payment owed for any month.

7. Assessment payments shall be deposited in the state treasury to the credit of the "Intermediate Care Facility Intellectually Disabled Reimbursement Allowance Fund", which is hereby created in the state treasury. All investment earnings of this fund shall be credited to the fund. Notwithstanding the provisions of section 33.080 to the contrary, any unexpended balance in the intermediate care facility intellectually disabled reimbursement allowance fund at the end of the biennium shall not revert to the general revenue fund but shall accumulate from year to year. The state treasurer shall maintain records that show the amount of money in the fund at any time and the amount of any investment earnings on that amount.

8. Each provider of services of intermediate care facilities for the intellectually disabled shall keep such records as may be necessary to determine the amount of the assessment for which it is liable under this section. On or before the forty-fifth day after the end of each month commencing July 1, 2008, each provider of services of intermediate care facilities for the intellectually disabled shall submit to the department of social services a report on a cash basis that reflects such information as is necessary to determine the amount of the assessment payable for that month.

9. Every provider of services of intermediate care facilities for the intellectually disabled shall submit a certified annual report of net operating revenues from the furnishing of services of intermediate care facilities for the intellectually disabled. The reports shall be in such form as may be prescribed by rule by the director of the department of mental health. Final payments of the assessment for each year shall be due for all providers of services of intermediate care facilities for the intellectually disabled upon the due date for submission of the certified annual report.

10. The director of the department of mental health shall prescribe by rule the form and content of any document required to be filed pursuant to the provisions of this section.

11. Upon receipt of notification from the director of the department of mental health of a provider's delinquency in paying assessments required under this section, the director of the department of social services shall withhold, and shall remit to the director of the department of revenue, an assessment amount estimated by the director of the department of mental health from any payment to be made by the state to the provider.

12. In the event a provider objects to the estimate described in subsection 11 of this section, or any other decision of the department of mental health related to this section, the provider of services may request a hearing. If a hearing is requested, the director of the department of mental health shall provide the provider of services an opportunity to be heard and to present evidence bearing on the amount due for an assessment or other issue related to this section within thirty days after collection of an amount due or receipt of a request for a hearing, whichever is later. The director shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the assessment determination and a final decision by the director of the department of mental health, an intermediate care facility for the intellectually disabled provider's appeal of the director's final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055.

13. Notwithstanding any other provision of law to the contrary, appeals regarding this assessment shall be to the circuit court of Cole County or the circuit court in the county in which the facility is located. The circuit court shall hear the matter as the court of original jurisdiction.

14. Nothing in this section shall be deemed to affect or in any way limit the tax-exempt or nonprofit status of any intermediate care facility for the intellectually disabled granted by state law.

15. The director of the department of mental health shall promulgate rules and regulations to implement this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

16. The provisions of this section shall expire on September 30, [2021] **2024**.

SECTION B. SEVERABILITY CLAUSE. — If any provision of section A of this act or the application thereof to anyone or to any circumstance is held invalid, the remainder of those sections and the application of such provisions to others or other circumstances shall not be affected thereby.
